PROF FRANDSEN GIVES ADDRESS

Selections on Phonograph
Were Rendered by
Prof. Lewers:

Professor Peter Frandsen delivered the General Assembly address last Friday on the subject of "Biology." In opening his address he spoke of the general tendency of the times in regard to the various studies. Anything that did not have a utilitarian value, or brings results in the future was laid aside. The existing evils of such a view was explained thoroughly.

He told how history had originally been divided into two classes, natural and civil. The marvelous strides of science made further subdivisions necessary. In 1802 biology, which had formerly included all branches of natural science, received its present meaning and referred to all living beings. The reason for the change was that the scope of the work had been enlarged. The large number of animals on which men could experiment were sufficient to take up all the time a person could devote to a profession.

The reasons why it was desirable to study biology, were given by the professor. He asserted that the social fabric was based on biology, that through it people could become acquainted with their makeup, and learn to combat many of the most terrible diseases that have afflicted mankind.

Professor Lewers rendered several beautiful selections on his phonograph at the opening and closing of assembly. The Star Spangled Banner, Home, Sweet Home and a song by Melba were the chief attractions of the day. The manner in which they were rendered proved that they were thoroughly appreciated by those present.

John M. Spencer '07 was given the Campus degree in the Sigma Alpha fraternity at general assembly Friday.

SUMMONS TO ETERNITY COMES TO AGNES LUCILE HARVEY

*Passes Away at The University Hospital Early
Saturday Morning While Father and
Mother Watch by Her Bedside*

Miss Agnes Lucile Harvey is dead. The summons came at eight o'clock Saturday morning, when in unflinching trust she bade her dear ones a last farewell; closed her eyes to the magnificent beauties of earthly things, and her spirit to that earthly mansion in the skies from whence no pilgrim returns.

Miss Harvey was born in Markleville, Cal., December 28, 1886, and was therefore 18 years of age at the time of her death. When she was a year old her parents moved to Diamond Valley near Woodford, where they have since resided. Her early school days were spent at Woodford and Gardneville. In 1897 she left for Lewiston, Idaho, and spent a year and a half visiting her sister at that place. While there she attended the public school. For the past two years she has been a student at the University, where she had attained the rank of Freshman. She enjoyed the respect and good will of all who were fortunate enough to become acquainted with her.

She leaves a grief-stricken father and mother, a sister, Mrs. G. G. Richards of Lewiston, Idaho, and three young brothers and a sister at Woodford to mourn her loss.

The great and profound mysteries on high, the unknown hand to which we owe all, now are to her an open book. She rests in peace eternal beyond the stars, amid the glory of angels and the omnipotent Father who saw fit to call her home.

Agnes Harvey was a favorite in the University of Nevada. Her charitable, kind and benevolent disposition supported by an indomitable will, which in the darkest hours and under the most trying conditions, never knew the word fail, won for her the confidence and esteem of every student in the University. Her cheerful disposition which reigned supreme in all her undertakings, and especially so in her victorious battle for an education was a sublime inspiration to her many associates.

Her noble life and effort while terminating at the noonday, in the sweetest hours of gracious womanhood, will ever remain branded upon the hearts of Nevada students as a sparkling fountain out of which flowed the elevating principles of determination, beneficence and all that stands for good and right. But a bright light, an associate and a friend has left us. All that now remains is the tenebrousment of clay, the earthly tabernacle, the forsaken home of a beautiful soul. The spirit has departed into the voiceless unseen eternities. That kind face has gone forever. The entire University mourns. Almost in her last hours and while in a state of semi-consciousness, she called her mother to her bedside and said: "Mother, there is beautiful music somewhere. I hear it." It was the music of the band at guardmount.

"Ye have no history. I ask in vain who planted on the slope that lofty group of ancient pear trees that with the springtime burst into such breadth of bloom.

"One bears a scar where the quick lightning scorched its trunk, yet still it feels the breath of spring, and every May is white with blossoms. Who was it laid their infant roots in in earth and tenderly cherished the delicate sprays? We ask in vain. Yet bless the unknown hand to which we owe the annual festivity of bees, the songs of birds within their leafy screen, the shouts of joy from children gathering up the fruit shaken in August from the willing boughs."

The students of the University of Nevada bow their heads and say in unity.

"Green be the turf above thee
Friend of our better days
To know thee was to love thee
To name thee was to praise."

Owing to the death of Miss Harvey, the baseball game which was to have taken place yesterday between the Varsity and Overland teams was postponed.

REGENTS WILL DECIDE ISSUE

New Phase of Uniform
Question to Be
Considered:

The widely discussed uniform question will come up before the regents for final consideration at their regular meeting March 13. Dr. Stubbs said yesterday that the regents would consider the phase of the question as it had been discussed in the Student Record of February 9, that the men of the Junior and Senior classes be exempt from the ruling. The President stated that he favored the new form of the question. "Freshmen students are on trial; Sophomores are always ready for a lark but a Junior or Senior is supposed to take care of himself. If a member of the upperclasses behaves in a manner unbecoming his rank he should wear the uniform."

He said also that the policy of the University is to show its confidence in the upperclass men and to treat them as men for it has been seen that this plan yields best results.

The reputation of Reno has been a serious injury to the attendance of the University. He knew of fifty students two years ago and at least fifty more last year that had been sent by their parents across the borders of the State to other institutions, this, notwithstanding the fact that order and discipline has been steadily growing better.

The recent action of the legislature, in regard to saloon and gambling will cause parents of students to be even more solicitous regarding the welfare of their children at Reno. The question of uniforms is therefore one of the stands that the University is compelled to take because of the reputation of Reno.

The RECORD since its editorial of February 9, has been interviewing students on the new form of the question, 9 out of 10 of the senior class favored the ruling, 75 percent of the juniors favored it. The Sophomores and the Freshmen however are strong against it.

Editor Today John S. Case

The attitude the Seniors have taken on the question of caps and gowns, deserves severe criticism. In deciding not to wear the insignia of the graduate they have thrown down a world wide university custom. They have shown not only a lack of respect for their prospective Alma Mater, but also it can truly be said a lack of self respect.

In order that our commencement visitors next June, are not impressed that the preparatory is holding "last day of school exercises", it might be well to announce that university trained men and women are receiving the degree of graduation.

It is with sincere regret that we are obliged to call the student's attention to the fact that there are a number of lawns on the campus and that they were never intended as footpaths. Can it be possible that the early education of many of the students has been sadly neglected? It would seem that such is the case, judging from the total disregard of the signs on the lawns that convey in a general manner the information that the lawns were originally intended to beautify the campus and not for the use of pedestrians. We hope that the bright students will so inform their more unfortunate friends.

It should be remembered that owing to climatic conditions in this State, the cultivation of lawns is at best an extremely difficult matter and that tramping on the grass is hardly congenial to its welfare.

SITE FOR DINING HALL CHOSEN

Dr. Stubbs and Superintendent Richard Brown selected the site for the new dining hall; the latter part of the week. It will be on the north end and adjoining Manzaita Hall. It is the intention of those in charge to begin the work of construction at once in order to have the building ready for use next September.

It will indeed be a pleasure to have a new dining hall and it should not make a great deal of difference where it is situated, but, as we understand it, the new building will be but one story high and being joined on to Manzanita Hall, a three story building, would it not spoil the appearance of the last named edifice?

LURID FLAMES SIGN OF IMPROVEMENT

What was once dense growths of dried and yellow vegetation are now black patches of dust and ashes. All this week smoke and lurid flames; to the north, east, west and south, proclaimed that man was aiding nature in returning to the elements the remains of last year's vegetation. The section of the quad between the gym and shop, Manzanita valley and the southern slope of the hill has been kindled to flames by the torch of improvement. Man made these black patches, but nature will soon transform them into velvety greens.

Agnes Harvey's Funeral

The funeral services will be held in the gymnasium at 10 o'clock this morning. The building will be suitably decorated for the occasion. The following is the program as it has been arranged by those who have charge of the affair:

Hymn Girl's Glee Club.

Prayer.

Solo Aileen Gulling

Hymn Girl's Glee Club.

Short Remarks Dr. J. E. Stubbs

After the conclusion of the ceremonies, the body will be escorted to the V and T train by twelve pallbearers among the Freshman class. The body will be taken to Woodfords, where it will be placed in its final resting place.

Resolutions

Whereas, The great and supreme Ruler of the universe, in his infinite wisdom, has seen fit to remove from our midst our beloved and esteemed classmate, Agnes L. Harvey; and whereas, the close relation held with her in this class makes it eminently fitting that we record our appreciation of her; therefore

Resolved, That the Freshman class of this university do extend to the bereaved family our heartfelt sympathy in this their hour of grief.

Resolved, That the sudden removal of such a life from our midst leaves a vacancy and a shadow that will be deeply realized by all the members of this class, and will prove a serious loss to the Student Body.

Resolved, That a copy of these resolutions be printed in the Student Record and that a copy be forwarded to the bereaved family.

FINE OPPORTUNITY FOR YOUNG MEN

Senator Francis G. Newlands submits to the young men of this State an opportunity to go to Annapolis as a Naval Cadet. He therefore has arranged a competitive examination to take place at the University in Reno Friday and Saturday, April 7 and 8.

Any young man from Nevada is eligible for appointment on the day he becomes sixteen and is ineligible on the day he becomes twenty years of age. He must be in good physical condition and deviation from the usual standard or weight will add materially to the consideration for rejection. Five feet will be the minimum height for the cadet.

Cadets will be examined mentally in reading, writing, punctuation, spelling, arithmetic, geography, English grammar, United States history, world's history, algebra, through quadratic equations, and plane geometry. The examination will be conducted by E. E. Winfrey, Robert Lewers, E. E. Caine, Orvis Ring and J. E. Bray.

All the papers in the State are requested to copy this notice and to urge upon the young men in their respective places to enter the examination.

Very respectfully yours,
J. E. STUBBS,
President.

HASTY ACTION RECONSIDERED

A large ripple of excitement was created the latter part of the week by a rumor which spread abroad to the effect, that the Freshmen had decided not to give their glee. Upon investigation it was learned that they had collected only \$125, and that they did not consider this amount sufficient to insure a successful culmination to their party. They soon discovered, however, that popular opinion expected them to provide entertainment for the college at least once a year, so on Friday afternoon a meeting of the class was called. Amid much weeping and lamentation, and gnashing of teeth they reconsidered their hasty action of the day before, and decided that money or no money they would give a dance. It developed later that the delinquents had come forth with their share of the general assessment and that the young financiers had nothing further to agitate their troubled minds than the entertainment of their guests.

The Record has the college news.
