## GAMBLING HIS THEME

Dr. Franck Delivers Interesting Address on Popular Subject

General Assembly was held Friday morning, Dr. Franck delivering the address on "The Ethics of Gambling." He defined gambling as taking a chance for fortune in the general sense of the term, but in the strict and evil sense of the term he considered gambling as taking chances for fortune based entirely on what is generally understood as luck. He also considered risking money that one could not afford to lose in any scheme, as gambling, but on the contrary if a man able to afford the money should risk it in the same scheme, it would not be gambling. He also maintained that a person who be trapped into buying stock in some salted mine or similiar schemes was not the victim of gambling fortune, but of trickery and deceit. In his closing remarks Dr. Franck showed the likelihood of falling into the many pitfalls that accompany gambling in its evil sense.

At the conclusion of the main address, Dr. Stubbs took up the remaining time with a general discussion of the legislature's action with respect to the University appropriations. He took some time also, with a few remarks relative to the new city charter, in the drafting of which he took a prominent part.

## GIRLS ASK THAT CHANGE BE MADE

The young ladies of Manzanita Hall have sent a petition to the faculty relative to the building of the new Dining Hall. The young ladies feel that by annexing the Dining Hall to Manzanita Hall, the appearance of the last named would be sadly infringed upon. That the sanitary conditions would be far from desirable and that the privacy of their life at Manzanita Hall would be materially affected. It is from the above that they are praying deliverance.

## FRESHMEN GLEE DECIDED SUCCESS

*Class of 1908 Demonstrate Their Ability as Entertainers at First Function*

The Freshman Glee of 1905, given by the class of 1908, will go down in the annals of the University as one of its most enjoyable and successful social functions. This being the first opportunity the Freshmen have had of displaying their talent as entertainers, it was expected that there might be some little mishap or blunder to mar the evenings pleasure and to judge any little faults which might arise with indulgence. However in spite of their youth and inexperience nothing of a disagreeable nature occurred and it is doubtful if the most severe critic will speak anything but words of praise for the efforts of the Freshmen.

The gym was artistically and tastefully decorated with the colors of the four classes and with those of the college. The latter feature being one that has been sadly lacking at the class dances for some previous time. The patronesses' corner instead of being decorated with the colors of the class entertaining, as heretofore, was decorated with those of the class entertained. This was by far the prettiest corner in the building. Another feature that was entirely new, was a large sign board, as it were, in the lower end of the gym which heralded to the assemblage that the class of 1908 was entertaining the class of 1907. The inscription '08 to '07 was carved out of the board and the numerals of the respective classes covered with their colors, light being allowed to shine through, '08 was displayed in orange on a black background, '07 in purple

on a green background, the combination harmonizing perfectly. The floor was in splendid condition in spite of the inclement weather. The music furnished by the Wheelman Orchestra, was all that could be desired, and the crowd, while not exceptionally large, was of the pleasure loving variety. The alumni were rather conspicuous by their absence, '01 and '04 being about the only graduate classes represented.

The programs were in the shape of a shamrock, being commemorative of the day of St. Patrick. They contained twenty dances, besides which, an extra-extra was danced.

Now comes the crowning joy of the evening, the refreshments. This fact does not occur so much in the quality of the refreshments themselves, as in the manner with which they were served. Many members of the class, entirely abandoning their own pleasure, arraying themselves in the characteristic garb of a waiter spent the whole evening in looking after the wants of their guests. It is safe to say that no one left the gym hungry.

It will be remembered that on the occasion of the Sophomore hop, the RECORD made the assertion that the Freshmen had a hard task before them when they showed attempt to eclipse the efforts of their more experienced rivals. We now yield the palm to the Freshmen in the matter of entertainment and further add that no matter what they may lack in other respects, their equals as entertainers are very seldom found among college classes.

## NEITHER WILL GO TO OXFORD

Candidates Fail in Their Efforts for the Coveted Prize

Dr. J. E. Stubbs received a communication yesterday from H. T. Gernans, secretary of the Board of Examiners at Oxford University, announcing that George W. Springmeyer '02 and James V. Comerford '04 had failed in their attempts to secure the coveted Rhodes Scholarship from Nevada. The examinations occurred on January 19 and 20. The papers were sent to Oxford University for correction. Two months are required before the result of the examination can be made public.

The letter sent to Dr. Stubbs was very brief, and did not state in what particulars the two applicants had failed to reach the required standard. It is expected that a detailed report of the examination will be forward later.

## STUDENTS HEAR WORTHY LECTURE

A large and appreciative audience listened to a lecture delivered by Captain Charles T. Boyd, last Thursday evening, in the Methodist church. The lecture was illustrated by several stereoptican views of scenes in the far east. These pictures greatly added to the interest in the lecture. He dwelt chiefly upon the military conditions existing along the Chinese border. He said that the Chinese troops were adapting the American methods of warfare and in many respects are the equals of our soldiers. The Captain related many little amusing incidents that he experienced during his trip. The Captain said that the Chinese do things exactly reverse to Americans and Europeans. The method they employ in shoeing horses is extremely novel. Instead of shoeing one foot at a time they tie a horse to a support so that it cannot move, and then go after all four feet at once. It is Captain Boyd's way of relating these little incidents at intervals that makes his lectures so very interesting.

The following candidates were ushered into the mysteries of the first degree of T. H. P. O. last night: E. C. Comerford '06 L. F. Kline '08 and J. M. Rhodes '08. At the conclusion of the initiatory ceremonies, refreshments were served.

Entered at the Reno Postoffice as second class mail matter.

Sunday, March 19, 1905

Editor Today J. M. Ezell

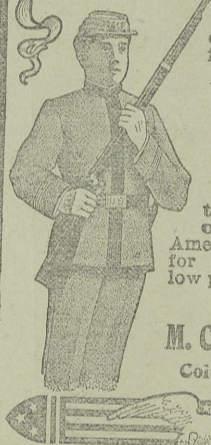

It is proposed to pass a regulation requiring the cadets to wear their uniforms at all times. The reason attributed for taking such a step is, that the attendance at the University has been falling off somewhat during the past few years and supposedly because of the very immoral conditions existing in the City of Reno. At the session of the legislature just ended, still more rope was given the festive tiger and the many vices accompanying his existence. As a result of this action it is now proposed to brand the students like convicts that they may not become the victims of the evils desired and sanctioned by the people of this State. "Coming events cast their shadows before." The shadows in this instance are extremely ominous and therefore worthy of careful consideration. It is the purpose of the RECORD at all times to express, as accurately as possible, the views of the students on all matters in which they are directly concerned and we believe in this instance that we are following that purpose very closely. In interviews, many of the students now in attendance at the University, have declared their determination to leave school if the uniform regulation goes into effect. Whether they will carry out this determination is, of course, only a matter of conjecture. It is safe to say, however, that in the event of their doing so, the number of new students that will enter as a result of the regulation will not equal the number who will leave for the same reason. Speaking with the best interest of the University at heart, the Record strongly urges

against the advisability of the uniform law.

**FRESHMEN SET A GOOD EXAMPLE**

The class of 1908 has made a record of which they can feel justly proud. The manner with which they conducted their class dance is certainly deserving of more than ordinary praise. Besides their utter unselfishness in the matter of serving refreshments and their consideration of the guests of the evening, they have given their dance and have paid all bills incurred by the event. This is something deserving of the highest praise. It is doubtful if any one of the other classes can say as much of themselves and it is certainly disgraceful to have the anxious creditors of certain classes send in their complaints to the President. Let the other classes model after the Freshmen when they give their class dances. Even if they are babies they have set an example worthy of copying.

## SEVERAL CHANGES ARE NOW NOTICED

Last Arbor Day the students of the University donned old clothes and enjoyed the day planting trees, in order to improve the appearance of the campus. It was thought this spring that our hard work had gone for nothing. But we were mistaken for the little grove to the east of the gymnasium, is now clean from stones and old rubbish collected during the winter, and shows decided improvement. We hope next to see the same experiment tried on the trees to the west of Lincoln Hall. No tree can grow, when its roots are deprived of sufficient nourishment, and this is the case when the young sprout is entwined with thrifty growths of alfalfa and weeds, and rubbish collected around them by the winds.

W. J. O'Brien, the porter at Manzanita Hall, has received a very stunning uniform befitting his rank. How he came into possession of it, has not been learned. His most intimate friends have endeavored to gain his confidence, but without avail. He refuses to divulge the secret to any of his friends. It has been rumored from an authoritative source that several of the co-eds at Manzanita have obtained the desired information. The Manzanita watchdog was not satisfied with condition, and determined to remedy the defect by purchasing a uniform. His identity cannot be concealed for M. H. is placed on both chevrons. He made several special trips to Manzanita for the purpose of exhibiting his new togs. He was the center of attraction among the girls, and was the recipient of comment for introducing the new idea.

### Dr. Stubbs

Now in California

Dr. J. E. Stubbs departed last Friday evening for a week's visit in the different cities on the coast. He will spend several days visiting friends in Los Angeles. On Thursday, March 23, he will be present at the Charter Day exercises of the University of California. The funeral of Mrs. Leland Stanford will occur on Friday, March 24, at Stanford University. He will take part in the funeral services, and pay his respects to the memory of one of the greatest benefactresses of mankind. It is his intention to spend a week in California, and he will return to Reno next Saturday.

**MEETING OF CLUB  
WAS POSTPONED**

Owing to the fact that nearly all the members of the Crescent Club desired to attend the Freshmen Glee last Friday evening, the regular meeting of the club did not occur. The program which had been prepared for the occasion will be rendered at the next regular gathering of the members. The president intends to make a few additions to the program. His chief purpose is to arrange programs of a literary nature. By the future work of the club he proposes to refute the assertion made several weeks ago that the Crescent Club had degenerated so far that amusement appeared to be its chief aim.

The criticism is sometimes heard that Dame Nature deserted Nevada, that in western blessings and bountes she forgot that arid state. This criticism, however, does not worry Nevadans. While Dame Nature may not have equally divided the moisture yet she dealt kindly with those parts of the country which fell short. The housewife in Nevada is ever ready to testify to the beneficence of the worthy Dame. Her children thrive in the healthiest climate in the world. She has no cyclone cellars and the sun shines all year round. Natural resources greet her on every hand. In many instances drug stores containing unlimited amounts of salt, soda, borax and Sulphur, are in her back yard. Dame Nature has made it so. She has but to take it and it is hers.

W. M. Kearney, '04 with two other mining men discovered an immensely rich ledge in the White Horse mining district, at Oling-House last Monday. This district is situated 9 miles north of Wadsworth and 30 miles east of Reno. The assays of the surface ore have gone \$18,000 in gold and \$6,000 in Silver. And the find has been stated by mining authorities to be the richest ever discovered in North Nevada.

The second regular meeting of the English Club will be held in Room 6, Morrill Hall Wednesday evening, March 22, 1905 at 7:30 o'clock. The following subjects will be discussed: Bacon's Life, Rev. C. L. Mears; Bacon's Outline of Universal Knowledge, Dr. L. W. Cushman. A discussion of University courses in English will follow, and will be participated in by the members of the club.
