ENTERTAINMENT FOR PEOPLE OF VERDI

The University Glee Club will invade the quiet town of Verdi tomorrow, and will make their initial appearance before an outside audience. The boys have been practicing faithfully for the past three weeks under the leadership of Lester R. Merrill. They are all acquainted with the various parts they are supposed to take, and can be expected to give a good account of themselves. The people of Verdi should not fail to attend as a real treat is promised them.

A glance at the program given below will indicate the great variety of the pieces that the club will give. The short intermission between the singing will be filled up by clever specialties of an original nature. The students who have consented to take part in these acts have provided themselves with suitable costumes.

The humorous department will not be neglected, for jokes calculated to cause a person of serious demeanor to burst into laughter have been prepared especially for this occasion.

In spite of the attempts made by students in past years to organize a glee club at the University, yet their efforts proved unavailing. A movement was started last year

with the same purpose in view, but it resulted in a failure. The success of the present club is due mainly to the efforts of Manager Curry Jameson and Instructor Lester Merrill.

The Glee Club expects to make a tour of the neighboring towns in the near future. Carson and Virginia City are the towns that are included on their list. Entertainments will be given at both of these towns.

The following program will be rendered:

"It Was a Dream" "Fishing"—the Glee Club.

Oration—Mr. Dooley.

"Lucky Jim"—Waite Borden and the Glee Club.

"The Three Crows"—The Glee Club.

Declamation—Mr. O'Dooley.

"Melodies" "In Zanzibar"—the Comedy Quartette.

Dissertation—Mr. Dooley Coley.

"The Owl and the Pussy Cat."

"Hi Jenny Johnson"—Lester Merrill and the Glee Club.

"Sweetest Girl in Dixie Land,"

"Good Bye My Lady Love"—Glee Club.

"April and November" "The College Song"—Glee Club.

PROGRAM ARRANGED FOR COMMENCEMENT

Professor Peter Frandsen, chairman of the committee which has charge of the Commencement week exercises, has completed the program with the exception of a few minor details. The selection of a suitable person to deliver the Commencement address is the only portion of the program that remains to be filled. Prof. Alvin W. Small, of the University of Chicago, was asked if he would be willing to be the Commencement speaker, and he declined to accept the position on account of pressing business which demanded his immediate attention. His colleague, Prof. Vincent, was not able to accept the invitation for similar reasons. Communications have been sent to other worthy men, and the professors expect to make a definite announcement next week. Rev. E. R. Dille, pastor of the First Methodist church at Oakland, Cal., has signified his willingness to deliver the Baccalaureate sermon, on Sunday May 28. He is recognized as one of the leading pastors of Oakland and is a very forcible speaker.

Monday is Thesis day, and the greater position of the time will be devoted to the different theses. An innovation has been provided for that day. Instead of having each person read a thesis, he will be compelled to give a concise summary of what the thesis contains. The introduction of this new idea is very commendable. The reading of the theses has usually been very tiresome to the audience, and

the change will probably be appreciated.

The alumni will hold sway on Tuesday, and the day has been called Alumni day in honor of them. A meeting of the two Alumni associations will be held in the morning, and several important questions will come up for consideration. The usual alumni banquet will be dispensed with, and a lunch will be served in Room 6, in the evening. It is expected that a larger number of the alumni will grace the occasion. Many toasts on various subjects will be responded to.

Probably the most interesting day of Commencement week is Senior Day, which occurs on Wednesday. The principal features of the day are the reading of the class history and the class prophecy. The burial of the Pipe of Peace will require the attention of the Seniors after the disposal of the exercises. The placing of all banners and trophies in Room 6 will be the next event on the program. The Senior luncheon will end the day's festivities.

Thursday will mark the close of Commencement week. In the morning the regular exercises will take place in the gymnasium. The delivery of the Commencement address and the presentation of diplomas to the graduates are the principal numbers on the program. The ball in the evening will be a fitting climax to a week of pleasure and festivity.

One Association

A project has been started by several of the alumni with the ostensible purpose of uniting the Normal and University Alumni associations. The idea has gained considerable ground among our old graduates, and has received such an impetus from those who have been agitating the change that the subject will be discussed at the joint session of the two associations on May 29. The proposed innovation possesses several commendable features. The confusion that arises from the two distinct organizations will be done away with. A graduate from any department can then feel that he is a member of the Nevada Alumni association.

The Maxine Elliott is a great favorite in millinery circles. Mrs. Sullivan has a fine display of this style.

Professor Entertained

Professor J. A. Reid entertained a few of the mining students in the Senior class at his home on Virginia street last evening. Various kinds of amusement were provided for the guests, and conversation was indulged in by those present. The fleeting hours passed quickly and a delightful repast was served as a fitting close to a delightful evening.

Last evening's affair was the third party given in honor of the Senior class, and the professor expects to continue the good work until all the class has been accounted for. The Seniors state that Prof. Reid has no peer in this line of work. The next party will be given May 12.

The editing of the Student Record next Sunday will be under the supervision of Miss Ada Morse '06.

Social Postponed

L. E. Elliott, the manager of the social club, has announced that the regular monthly social which was scheduled to take place tomorrow evening has been postponed until the Friday of the following week. The Boy's Glee Club will give an entertainment tomorrow evening in the little mountain town of Verdi, and, as this would seriously affect the attendance at the social, it was deemed best to give the lovers of the light fantastic an opportunity to display their abilities before a much larger audience at some future date.

Election of Officers,

Captain Charles T. Boyd has set aside Friday afternoon at 2:30 o'clock as the time for the selection of commissioned and non-commissioned officers of the Cadet Battalion for the ensuing year. The chemistry building will be the scene of activities, and all the cadet officers are expected to be present. The choosing of officers will occur in the following order, corporals, sergeants and commissioned officers. As soon as the balloting for a certain office has taken place, those who hold the same rank in the battalion, are supposed to withdraw from the meeting.

Editor Today D. M. McDonald

When the different branches of college activities which are an essential part of real college life do not exist in a university, can it claim to be a true representative of our American colleges? At our own institution of learning everything is quiet. All student activities are either dormant or show no signs of life. Is this condition of affairs desirable? The comments of old timers give sufficient proof that a change is necessary. In speaking of this subject, they will refer to the halcyon days when the spirit exhibited in the various college activities permeated the entire student body, and made college life what it ought to be. This statement did not originate in the minds of a pessimist, and is reiterated by citizens who have no connection with the university, but who seem to take considerable interest in our affairs. In the past few years we have been retrograding as far as college activities are concerned, and each year finds us miring further down the slough of despond. Is there a remedy for this condition? If some promising youth can solve this problem, he will be the hero of the hour.

LAWNS ARE SHAMPOOED

The torment experienced by the bald headed man cannot be compared to the worry which the barrenness of certain university lawns has caused the University authorities. After many trials of patent medicine to renew the foilage on his top piece and all to no success, the bald headed man generally resigns himself to his fate. But it is not so with those who want the grass

to grow on our piebald lawns. Failure in the past has served as added inducement to further effort. The latest treatment has been a severe one. A thorough shampoo followed by massage and vibrassage has been accorded to each bald lawn, and each has been treated to Filand charcoal saltpeper. In a few days it will be possible to determine whether the treatment has been a success.

James M. Ezell '07, who was detained at Gardnerville by the illness of his father, returned to Reno yesterday, and will resume his studies at the University. During his sojourn there he was editor of the Record-Courier.

—The faculty of the University of Oregon have changed their courses to conform to a more nearly elective basis.

—Pacific University has been offered \$20,000 by Andrew Carnegie for a library building, on condition that Pacific raise another \$20,000.

Yale defeated Columbia Saturday evening in wrestling.

REPAIRED NEW ENGINE

An employee of the Nevada Engineering Works has been engaged in tearing down the immense engine which the Mechanical department recently received from the Buffalo Forge Works. The Engine was considerably jarred by the long trip it had taken, and the experiments made by the students in this department proved that the difficulties they had to contend with, could not be removed until the engine had been taken apart. The students in the Engineering courses were not able to perform this work on account of the near approach of commencement week.

The work has been progressing favorably, and Professor Blessing thinks that the engine will be in working order by the end of the week. He expects to encounter no further obstacles in the repairing of the engine.

FRANK FRIZELL A STAR

Frank Frizell ex '06, who recently entered the University of Oregon, has made quite a reputation for himself in athletics at that place. In a recent track meet with Willamette University he scored 19 points, himself, for the Oregon university. He won three first places. He won the broad jump by a leap of 21 feet 3 1/2 inches. He also won the high and low hurdle races. He ran third in the 100 yd. dash and took second place in the 220.

Mr Frizell when a student at this University, won great honors in track and football. In a track meet with Utah, Frank was Nevada's chief man in the athletic circle, and broke several records.

—The University of Minnesota will not be represented on the baseball diamond this spring. There seems to be a general apathy among faculty and students toward this sport.

DR. STUBBS IS NO BETTER

Dr. J. E. Stubbs who was com-
pelled to forgo his proposed trip to
Lincoln county on account of ill-
ness, and who has been confined to
his bed for the past week by a
severe attack of la grippe, shows
but slight signs of improvement.
No one except the members of his
family are permitted to visit him,
and it will be several weeks before
he will be able to attend to the
duties of his office. All the stu-
dents sympathize with the doctor
in his present illness, and hope to
see him around again before many
days have passed.

The university debating team
composed of John Wright, Emily
Berry, M. Kennedy and George
Commons are practicing daily for
their meet with San Jose on the
20th. This debate will be more
evenly argued than the last con-
test with Stanford.

—The University of Michigan
has unusually good prospects for
a successful baseball season.
More than one hundred men have
turned out for practice.

—At Columbia University the
annual rush between the freshman
and sophomores will be supplanted
by a push-ball contest, with teams
of twenty men on each side. The
contest will be a public one.

—The Universities of Minnesota
and Iowa recently met in a debate
which was pronounced a tie by the
judges. There were but two judges
present and they could not come
to a decision.

—The team representing the
United States naval academy won
the intercollegiate fencing tourna-
ment held in the gymnasium of
the New York Athletic club last
week.

—At the University of Minneso-
ta the college band takes an
annual trip as well as the Glee
club. This year they will ride in
chartered Pullmans.

—The Harvard Varsity crews in
their daily practice on the Charles
river have been making unusually
fast time for so early in the season.

The University of Michigan has
a Jap candidate for pitcher in K.
S. Irmi. Coach McAllister declares
his speed is marvelous.

President Butler has announced
plans for a school of fine arts in Co-
lumbia University.

Mrs Sullivan will be pleased to
exhibit her Summer millinery this
week to all who desire to invest
igate the quality of her hats and
the bargains she has to offer.

**ANNUAL INSPECTION
SET FOR TOMORROW**

**The Cadets Will Display
Their Abilities on the
Drillground**

The annual inspection of the University battalion of cadets will occur tomorrow. Captain Frank L. Winn, who inspected the two companies last year, has been delegated by the War department to perform the same work this year. The companies will form on the parade ground at 8.45 A. M. and the real work of the day will begin fifteen minutes later. Battalion parade and review are the first events on the day's program, and an inspection of the companies will follow immediately after the battalion movements have been completed. When this work has been disposed of, the competitive drill between the companies will be next in order, and each company will go through a series of distinct movements. The competition is very keen, between them, and promises to be the most interesting feature of the day.

Captain G. Cox, First Lieutenant Walter Wright and Manager Bechtel, of the Nevada Power Light and Water Company, have been selected as judges of the competitive drill, and are competent to fill the positions. Messers Cox and Wright were members of the 1st Nevada cavalry, that did such good work in the Phillipines during the Spanish-American war. Mr. Bechtel is a veteran of the Civil War, and had attained the rank of sergeant major.

The companies will drill for a beautiful cup, which is now on exhibition at Herz's jewelry store. The trophy was given to the battalion four years ago by W. H. O. Martin and D. B. Lyman, and will become the property of the company that first has three victories to its credit. Company A has been engraved on the cup twice, while company B's name appears only once.

W. J. Moran '01 made a short visit to the campus yesterday. He has been employed for several years in Butte, Montano as a mining engineer for Harper & McDonald. He is on his way to Tonapah to look after some mining interests of Harper & McDonald. Mr. Moran has done some remarkable work while in the employ of the company, and is considered a most useful man. "Chuck" was a conscientious worker at the University, and took a prominent part in University affairs. He was major of the Cadet battalion in 1901.
