

Sophomores Are Royal Entertainers

The class of 1908 proved themselves royal entertainers at the Sophomore Hop last Friday evening in the University gymnasium. No hindrance served to deprive the lovers of the light fantaisies of any of their pleasures, and in every feature perfection had been attained. The largest gathering that was ever present at a class dance was eager to enjoy the great social treat provided by the hospitable entertainers of the Sophomore class. As one looked down upon the whirling mass of humanity it became evident that thoughts of pleasure were predominant in their minds.

The colors of the four college classes and the college were in evidence throughout the gymnasium. From each corner of the building were strung the different colors, and the termination at the center of the gym formed a canopy of colors over the floor. The inscription "08 to '09" in the colors of the two lower classes announced to the assembled multitude that the Freshmen were being entertained by the Sophomores.

Kiel's orchestra of Reno was secured for the occasion, and furnished a quality of music the like of which had never before been heard

in the gymnasium. Punch was served during the evening by the Sophomores, but so great was the demand for that liquid fluid, that it was soon disposed of by the guests.

At about 9 o'clock the sweet strains of the orchestra ushered in the beginning of one of the most successful dances ever given at the University. Hugh Gallagher, president of the class, and Miss Mabel Snapp led the grand march which was composed of one hundred and seventeen couples. While the grand march was in progress the programs were distributed among the dancers. They were neat and attractive, and on the back of the programs was a drawing by J. P. Arnot of a Sophomore wearing a white vest and a bene, and giving evidence of the prowess of the class in football. The twenty dances on the programs and the frequent encores were not completed until about 1 o'clock.

Light refreshments consisting of sherbert and fancy crackers were served during the evening by members of the class. The chief aim of the class was to satisfy the wants of their guests, and every indication goes to show that they had carried out their intentions.

Dean Wilson Joins T.H.P.O.

PROFESSOR N. E. Wilson, State College of Maine B. S. '88 and M. S. '93, for fifteen years head of the department of history at Nevada, and now Dean and acting president of the University, took the 3rd degree in the T. H. P. O. Thursday evening and joined the circle of fellowship in that fraternity.

Dean Wilson has always been an enthusiastic supporter of Fraternities in the University and has lent considerable assistance in the past to both the Sigma Alpha and T. H. P. O. fraternities, in their efforts to secure a national chapter. He is a member of the Knights of Pythias and D. O. K. K. and also of the National Phi Gamma Delta, having affiliated with the latter order in his undergraduate days in the State College of Maine. The entrance of Professor Wilson in the University and the inception of the T. H. P. O. Fraternity were in the same year.

During his connection with the University Professor Wilson has also been interested in municipal affairs in Reno, he was twice elected to the position of first Councilman, and at the death of Mayor O'Connor he has succeeded to the position of Mayor, pro tem of the city. The characteristics of the man which have endeared him to the hearts of the students are the same characteristics which have made him honored and respected among his associates in all walks of life.

Chester A. Hart Is Football Captain

C. A. Hart

Our New
Captain

Chester Arthur Hart '07 of Freeport, Michigan was elected captain of the University football team at a banquet held early this morning in the Arcade Hotel. There were two candidates for the position. James Hart, '07 who has played on the football team for five consecutive seasons was named to lead the gridiron heroes. The contest between the two players was close, the final result standing, C. A. Hart, 8; James Hart, 7.

The new football captain is a native of Michigan, and played tackle on the team at Olivet College before coming here. In the Fall of 1903 he entered the Freshman class and for the last three seasons he has held down the position of tackle. He was a member of the victorious team that de-

feated California by a score of 6 to 2. He is a member of the T. H. P. O. fraternity.

After the conclusion of the Senior-Junior debate the members of the football team and the substitutes together with Manager Taylor and Coach Rudolph gathered at the Arcade restaurant to participate in the annual football banquet. A bounteous spread had been arranged for by Manager Taylor, and the delicious viands were soon disposed of by the gridiron heroes. During the course of the repast each member of the team was called upon to give a toast, and each person present responded as his name was called. Shortly after the hour of midnight the pleasure seekers retired from the banquet table, and then the football banquet of 1905 was numbered among the events of the past.

The Consumer's League of New York has offered a prize of \$50 for the best essay on the principles, aims and methods of their organization. The contest is open to all the University students in the country, and all compositions must be submitted before October 15.

MANY BASKETBALL GAMES HAVE BEEN ARRANGED

Miss Bertha Knemeyer has received answers from all the basketball managers with which she has been corresponding except the Stockton High School, but from the trend of their remarks nothing definite can be gathered regarding the different games.

The letter received from the manager of the team at the Logan Agricultural college stated that a team had not yet been organized, but that they would be anxious to play Nevada provided a team could be gotten together. Salt Lake University does not permit the young ladies to play basket ball so a game with that institution is out of question.

Mills College would be willing to engage in a contest with Nevada providing Nevada could play Stanford, California and their own team during the trip to California. An additional proviso was added that each team should stand one-fourth of the expenses incurred by the games. The Chico Normal School is desirous of meeting Nevada this year in a basket ball contest, and the game will probably be played here.

Miss Clara Springmeyer, of Gardnerville, a sister of G. W. Springmeyer '02, is the guest of Miss Bertha Knemeyer at Manzanita Hall.

Treat for Record Readers

The readers of the Student Record will receive a treat along a journalistic line at the next issue. The management of the paper will place the editorial responsibilities upon the young ladies of the university.

Miss Ada Morse, who has been prominently identified with the Student Record for the past two years and who has otherwise achieved no little fame along a literary line will be editor. She will have several associates and has named Miss Rene Ross as society editor, who, by reason of her literary accomplishments, will contribute to the social columns, matter of much interest. Miss Isabel Miller, a member of the present Record Staff and a writer of much promise will keep the readers in touch with the Alumni. Miss Louise Bryant, Miss Ethel Marzen, Miss Emily Berry and Miss Beulah Hershizer will discuss general topics and otherwise lend their invaluable services.

Ill With La Grippe.

Commandant R. M. Brambila was confined to his home for several days last week by an attack of la grippe which threatened to develop into a case of pneumonia. The services of a physician was secured, and the dread disease was warded off. Capt. Brambila was able to be on the drill grounds last Friday morning.

JUNIORS WON FROM SENIORS IN CLASS DEBATE

By a vote of two to one the judges in the annual interclass debate between the Senior and Junior classes decided that the palm of victory remained with the Juniors. The question under discussion was "Resolved that in American education too much emphasis is placed upon the individual and not enough upon the States." The Juniors upheld the affirmative side, while the interests of the negative were defended by the Seniors. Dr. P. B. Kennedy was chairman of the contest were H. W. Husky, C. R. Lewers and H. R. Cooke.

M. B. Kennedy was the first speaker of the evening. His remarks were confined chiefly to a discussion of the fact that individual education should be for the benefit of the state. Miss Laura McDermott followed for the negative. The theme of her speech was that through individual education the highest ideals of the state could be attained.

Louis Goldstein then presented the views of the affirmative in a forcible manner. He argued that too much emphasis is placed upon the individual and too little upon the general welfare of the state and that the perils of the state were due to a predominance of personal interest. L. D. Skinner, the second speaker on the negative, maintained that the best results were obtained through individual education and that a man must know himself in order know others.

James M. Ezell for the affirmative held the spirit of money get-

Other Forms of Athletics May Flourish

The formation of the class in gymnastics will probably lead to the introduction of a number of other college sports in the University. An attempt will be made to have wrestling on the list of college sports this winter, and as contests with the Reno Wheelmen can be assured, it is probable that classes will be organized. Several indoor baseball enthusiasts will make an effort to have their favorite game played here during the winter. It is one of the most delightful of indoor sports, and interest in the sport can be kept at a high point by arranging a series of class contests. California and Stanford and a number of the smaller colleges in California have baseball teams of this character and no difficulty would be experienced in securing games with outside teams.

We furnish the finest Engraved Cards ever brought into the state and our prices are right. Best of printing. Barndollar & Durley.

ing in the United States and the graft and the corruption in public affairs were due to the fact that the education of the individual for the state was neglected. A. H. Hamlin, the closing speaker for the negative, proved in a logical manner by examples that education benefits the state as well as the individual. Louis Goldstein was given seven minutes for rebuttal work.

DIVISION OF FUNDS TO COLLEGE SPORTS

The Executive Committee of the Athletic Association met Wednesday afternoon in the seminary room of the library, and transacted considerable business. Bertha Knemeyer was instructed to secure figures for basket ball suits from a number of the local firms, and also to correspond with the Pfister company of San Francisco.

A division of funds of the treasury was ordered made to the different branches of athletics on the following basis: Football all the money received during the first semester which amounted to \$800; Basketball five-eighths of next semester's money; track three-eighths; baseball, two-sixteenths; debating, one-sixteenth.

Football Manager Taylor reported that the football suits would be stored away after the football picture had been taken. It was found that the association was about \$100 in arrears.

The following bills were allowed: Carr & Elliott for supplies, \$100; John Wright for loan, \$18.00; Fred Freeman for rubbing, \$32.00; Otto Hussman for rubbing \$8.00; Mrs. D. A. Elkin for drugs and dressing, \$17.50.

SUNDAY, DECEMBER 10, 1905

Calisthenics Class.

The class in calisthenics has been divided into two sections. Those who play basket ball meet at 11 o'clock Tuesday and Thursday. The younger students meet Monday, Wednesday and Friday. On account of the cold weather the later class will meet hereafter in Room 6 instead of in the gymnasium.

Delta Rhos Entertained

The old and new members of the Delta Rho sorority were entertained last Wednesday evening at the home of Miss Kate Rieglehuth. Five Hundred, Crockinole and other games served to pass away a most delightful evening. The refreshments served at the close of the party was a feature of the evening.

Received Fitting Title.

The walk from Manzanita to the Dining Hall was completed last week. It is a picturesque improvement and adds much to the appearance of the campus. It has received the name, of "Lovers Lane," a title fitting and appropriate.

Debating Pins.

J. D. Scott, Louis Goldstein '07 and D. M. McDonald '06, who represented the University in the debate with Stanford last year were awarded debating pins at a meeting of the Executive Committee. The pins have been ordered by Manager J. M. Ezell, but have not yet arrived.

Resolutions of Sympathy

Within the lapse of less than a month the divine decree of the Almighty has summoned from the land of the living both the father and mother of our brother, Stan Mitchell, and although we bow to the inevitable, yet by extending to our bereaved brother our love and sympathy do we the members of the T. H. P. O. Fraternity hope to lighten the sorrow which pervades our hearts and do by these resolutions extend to our brothers every sympathy which will tend to lighten the burden of their sorrow. It was also the pleasure of the Fraternity that a copy of these resolutions be printed in the two college publications and that a record of the same be stricken on the minutes of the order.

J. M. EZELL,
J. S. CASE,
G. E. HOFFMAN,
Committee.

Will Govern Future Debates.

Those who are endeavoring to foster and facilitate the practice of debating in the University have determined upon a set of by-laws which will govern all future debating contests in college. The rules as yet have not been officially adopted. Coaching will probably be prohibited except that a Senior may coach a Sophomore and a Junior a Freshman. In order to interest the scientific students in debating an effort will be made to abolish credits until the Faculty makes it possible for all students to profit equally. A suitable trophy on which will be inscribed the names of the victorious team will be given to the victors in the final debate. The class debates will be held annually during the first week of November.

Representing Y. M. C. A.

Mr. O. A. Hill, a representative of the Y. M. C. A. of Pacific Grove and a man who has taken extraordinary interest in Nevada, was at the University last Thursday and Friday. He and a number of students talked over the possibility of organizing an association at the University. No definite steps were taken, but it is thought that something will be accomplished in the near future.

No Assembly.

The regular assembly address was dispensed with last Friday morning, and the recitation periods were an hour in length.

Resolutions of Sympathy

Since it has pleased the will of the Omnipotent Father to remove from this life the beloved father of our brothers, G. A., E. I., and J. D. Leavitt. Therefore do we, the members of the T. H. P. O. Fraternity, openly express the sorrow which pervades our hearts and do by these resolutions extend to our brothers every sympathy which will tend to lighten the burden of their sorrow. It was also the pleasure of the Fraternity that a copy of these resolutions be printed in the two college publications and that a record of the same be stricken on the minutes of the order.

Will Discuss Famous Novelist

The meeting of the English club tomorrow evening will be devoted to a discussion of W. D. Howells, the great American novelist, H. J. White '08 will read a paper entitled "A Criticism of Howells' Works." The story of his life will be treated in an appropriate manner by Miss Bertha Knemever '06. The members will listen to a review of one of Howells' works by Miss Laura McDermid '06.

One of the chief features of the evening will be the election of the club's officers for the coming semester. The constitution provides that be an English major in the Senior class and an interesting contest is looked for.

May Be Represented.

Prof. J. A. Reid brought up the matter of having the young men send a representative to the annual conference of the Y. M. C. A. at Capitola, Cal., at the last meeting of the young men in Lincoln Hall. The gathering of all the students representing the colleges of the Pacific coast will be held during the Christmas holidays. Prof. Reid distributed a number of booklets among the students descriptive of Capitola and the conference, and an effort will be made to have the sagebrush state represented.

Illinois Man in Surveying

Horatio W. Baker took up his duties as head of the Civil Engineering department last Monday. Mr. Baker graduated from the University of Illinois in '01, since which time he has held many responsible positions, both as chief surveyor and as office draughtsman with several of the great railroad companies in the East. He comes highly recommended and being a man of much experience both in a practical and theoretical line will prove a valuable man in this department. His salary has been set at \$1800 a year.

Secured High Position.

Donald P. Stubbs '01, son of J. C. Stubbs, traffic manager of the Harriman lines, has been appointed District Freight and Passenger Agent of the Oregon and Short Line with headquarters at Boise, Idaho. Until the outbreak of the yellow fever in Louisiana he held a similar position with the company at Lafayette, La. Mr. Stubbs was manager of the football team that defeated Stanford several years ago by a score of 6 to 0.

Mother Died.

Arthur McCain received the sad formation last week that his mother, Mrs. Hamilton McCain, of Halleck, Nev., had died at her home from cancer of the stomach. In company with George Glasier, he left immediately for his home at Halleck to be present at the funeral.

Miss Lucy Brannin '05, who is teaching at Wadsworth, has been spending the Thanksgiving vacation with her parents at Sparks.

Constitution Was Found Faulty

At the last meeting of the congress club plans and means for increasing the usefulness of the club as a debating society was discussed. The members of the club decided that it would be advisable not to hold any more meetings this semester. It was believed that the present constitution was faulty in some particulars, and a committee, composed of J. M. Ezell, J. D. Scott, and Louis Goldstein, were appointed to draw up a new constitution embodying principles that would give the club new life. The committee will report the result of their labors at the beginning of next semester.

Shoe repairing of the best grade will be done at C. Berquist, opposite Homer's livery stable.

Gymnastics for College Students

A new idea was introduced into college life at the University last Tuesday evening when a class in gymnasium work was organized by Physical Director Rudolph. The new course will be given five evenings in the week from 6:30 to 8 o'clock, and all who enroll in the work are required to be present three evenings in the week.

At a meeting of the young men in Lincoln Hall last Monday evening for the purpose of forming the class in gymnastics, Coach Rudolph spoke in part as follows: "Gymnastics is the foundation of all branches of athletics' and it develops the weaker portions of the body. We will make much of this during the winter. I teach the Swedish system which is conducted by a series of commands. The system is one of progression and you can't afford to miss an evening. Class work will be given first, and then games and individual work will follow."

Copy Ready for Chuckawalla

James M. Ezell, editor of the Chuckawalla, has been collecting material for the first issue of the literary sheet, and reports that all copy will be turned into the hands of the printer tomorrow morning. This is sufficient assurance that the paper will appear on the scheduled date, December 15.

A number of new names have been added to the editorial staff of the magazine. L. D. Skinner '06, Louise Bryant '08 and Camille Hunnewill '08 compromise the additions to the staff. A permanent staff will not be selected until the editor has opportunity to judge of the literary abilities of the aspirants.
