UNIVERSITY OF NEVADA, RENO, NEVADA, SEPT. 5, 1911

Number II

OUR CAMPUS HAS MANY IMPROVEMENTS MANY CHANGES ARE MADE THIS SUMMER

In new countries and for new institutions the completion of twenty-five years is a very appreciable portion of time, and last commencement season we gathered together to congratulate the University of Nevada upon the excellent achievement of this first quarter century of its existence.

The silver wedding of an institution offers a vantage ground for looking forward as well as backward, for a prophecy of the future as well as an estimate of what it accomplished in the past. It has been especially fortunate to know that all our energy in the past has been spent in one direction, that of "forward, march," and this was most apparent to alumni of the older classes who came back last commencement. Some hardly knew the present University as the one they attended, when the college was little known, the buildings few and everybody knew each other.

Today, looking over the campus we feel that the University of Nevada has attained her majority, and has taken her place among the colleges of the world, and having faith in her accomplishments of the past is stepping more bravely into the future full of expectancy and hope.

Knowing that she must first be judged from her outward appearance come and see how she has improved this summer in this direction. As we approach the grounds we miss the little music building that stood in the hollow on Ninth street, between Virginia and Center. This has been moved to the east side of the campus, east of the Mechanical building, and will be used as a shop by Professor Brown. A dam is being built across the valley between Manzanita hall and Hatch station. This will make a very great improvement, enlarging the pond from two to three times its present size. The grounds from the University gates to Virginia street are being graded and will be put into lawn during the present fall. These rolling slopes with their lawns and the little lake will add greatly to the beauty of the surroundings. We come to believe that the power of a college to influence its students for good is vastly increased if it gathers them together in the midst of beautiful surroundings.

The roofs and cornices of nearly all the buildings have been painted. Inside of Hatch station Professor True's department has been fitted with first class office furniture, desks, filing apparatus, shelves, etc., all with a view of perfecting the keeping of the valuable experiment station records, and facilitating the work of this department. The driveway about Hatch station has been newly graveled.

New brick steps have been placed at the entrance of Stewart hall in place of the old wooden ones. The southeast room in this hall has been fitted up with a fine psychological laboratory.

The old plumbing in Lincoln hall has been taken out and new has been installed; the bath rooms have been refitted with new tubs, new tile floors and walls, and marble partitions, and the entire building thoroughly cleaned and renovated.

The walls of the inside of the gymnasium have been painted, and the inside woodwork of the roof oiled. The space for the physical culture classes has been enlarged. Curtains have been ordered for the skylights in the roof, and will be in place in a few days.

A cement wall has been erected on the north side of the Physics building. Curbing has been placed outside the windows of the library and the

space around the curbing graveled. The library has had the ceiling plastered, the floors painted, new shelves and stacks have been added, and during the summer about 400 new volumes have been received. The final removal of Morrill hall and its replacing with the new Administration and Library building is our outlook for the future.

The foundations for the new electrical building are under way and we hope to have this building by January, 1912.

The tower room of the Orvis Ring school has been completely fitted up by the University. This room is to be used as the office and library of the supervising teacher in the training department of the college of education.

Mr. Jos. Lynch has come to us from Menlo Park as gardener. Mr. Lynch is a man of rare taste in the artistic arrangement of trees, shrubbery and flowers, and we hope to see our grounds, which are capable of such great beauty, blossom under his hand.

Not only have we improved our outward appearance, but we have improved our inner life. We have added to the courses here and there. The course in German has been strengthened. In the College of Arts and Science the department of economics and sociology has been made a special feature, and in the hands of Dr. Romanzo Adams we expect it so grow to be one of our strengths.

The College of Education has been established, taking the place of the Normal department, with the best facilities for instruction and practice teaching. The Orvis Ring school is made the seat of the training in teaching.

To our faculty we have added Miss Grace A. Day, who comes to us from Columbia University with a valuable experience in her line of work, that of supervising teacher. Mr. Edward Von Janinski, from the Universities of Paris and Munich, who has charge of the college German department, and Mr. Wesley Lacey of the University of Kansas, in charge of the departments of history and English in the high school.

With these improvements at the outset of this present term for the benefit of our students, we now look forward to these students for improvements for the benefit of their University, that they may assimilate much of the training open to them, and make the opening years of the second quarter century of the University a pace to be followed by future classes.

NOTED GEOLIST VISITS MACKAY SCHOOL OF MINES

Professor Heinrich Reis, professor of Economic Geology at Cornell University, has been in town for the last week and took advantage of the opportunity to visit the School of Mines. Prof. Reis spoke very highly of our school and its equipment and of the thoroughness in which it went through the work. The Museum, he said, was exceptionally complete, in fact one of the finest he had encountered in his work all over the country.

Aside from being an instructor, Prof. Reis is the author of several well-known books on geology. His book on Economic Geology is used by our students as a text in that subject.

For the past several weeks, Prof. Reis has been visiting the mines in Tonopah, Goldfield and Virginia City, getting acquainted with the mines and country and gathering material for another book on geology.

FOOTBALL CAPTAIN ELECTED

(By The Prince)

Friday afternoon last, the members of last year's team, who have registered this year, met in the Mackay training quarters, for the purpose of electing a captain for this year's team, vice Harold A. Fletcher, who was compelled, through no fault of his, to register at the University of California this semester. There were six candidates who were eligible, viz., Raymond Spencer, Harold Layman, E. R. Mackay, W. M. Charles, Joe Wilson and the "Fighting Dutchman," known in private life as William Seltemeyer.

Of the six, the writer considers the only really eligible man was Mortimer Charles, who was elected. It does not matter how good a man may be, or how well he knows the game, or how good a general he is, he can not play a forward position and be the right man to guide his team. A three-quarter or the full back, is the logical man to direct a team, and if a three-quarter is to do the honors he had better hold the position of center.

Now that we have broken the ice, and once more elected a back as captain, let us hope that the practice will be continued.

If you can't figure out why a forward is not a good man for the position of leader of a team, try the job once, and see what you can do. A back can always take in the whole play, and can watch his scrum, but what can a forward do, particularly if he is a "hooker" or a "lock"? He has to work himself to death, and has no chance whatever of seeing what is going on in the backfield or elsewhere, except right under his feet.

Charles is out for his third season now, and will make good, and may have every confidence in himself when he knows that he will have the backing of every member of the team, and Coach Elly Bennett as well, in whatever he does.

Practice on the Mackay field is getting snappy nowadays, and it gives the men a new lease on their chances when President Stubbs honors the field with his presence. There is no need to overlook the fact that Prof. "Dick" Brown and the old sorrel mare take a look at an occasional practice too.

Of course there are other things that add to the enjoyment of the daily practices. A good many of us do not need any incentive put forth the best that is in us, as it is kind of natural to us, but there are more charming circumstances than the presence of Prof. Stubbs or Prof. Brown. I am not going to tell who it was, but as we were trailing up and down the field a few night ago, one of the squad, a junior forsooth, showed a sudden dash of speed. The affair caused no comment at the moment, but as it gained in consistency, Sherlock Lot took it on himself to make a few notes. Quite suddenly the light dawned. There, nestling against a pillar on the bleachers, the sun shining on her plumage, was a dainty little wren, but believe me, she was not the innocent cause of the added energy of one of the "Aggies."

Still, it merely goes to show, girls, that you are a very important factor in our daily practices. Don't think for a moment, that I have any personal interest in the matter, but it will help other members of the squad a great deal, if some of the heart breakers will detract from the dreariness of those unadorned bleachers, by putting an appearance daily.

A new ice cream parlor has just been installed at the Thomas Cafe.

U. of N. AGAIN TO THE FRONT IN AGRICULTURE TAKE PRIZES OVER ALL COMPETITORS

The Department of Agriculture and Animal Husbandry of the University of Nevada College of Agriculture made an exhibition of live stock at the recent California State Fair that called forth a great deal of favorable comment from the outside breeders of livestock, and from the people of California in general, as well as reflecting considerable credit on Prof. Gordon H. True, who was responsible for the show.

Last year the University of Nevada made a show against the various herds and flocks shown at the California State Fair and won 48 ribbons, one silver and eleven gold medals, and enough cash prizes to defray expenses. This showing on the part of Nevada last year woke up the California breeders to the fact they would have to mend their ways and hustle to meet the new competition. As a consequence many California breeders sent their herdsmen and shepherds east last fall to purchase stock good enough "to get those University of Nevada fellows." The Fair this year had double the number of animals entered in all the classes as a consequence. This year the University of Nevada entered seventy-five animals in sixty-nine classes and won sixty-nine ribbons, one silver and twelve gold medals and in addition another prize mentioned below.

As a consequence of the good showing made by Nevada last year and to encourage the competition the Directors of the State Fair this year offered a Special Grand Prize of \$100 for the educational institution making the best display of livestock. The University of Nevada entered this competition against the University of

California, Stanford University, and the California Polytechnic College. The judges of the college competition were Prof. J. C. Illings, Agriculture and Animal Husbandry, University of Idaho, and Mr. N. C. Maris of Portland, Oregon, Editor of Rural Spirit. These two men judged from two somewhat different methods of attack, all the animals were gone over closely and carefully, numbers were taken into consideration, finish and individual excellence of each noted, and by points. When the Judges announced their decision it was unanimous, and the Special Grand Prize of \$100 was awarded to the University of Nevada, College of Agriculture for having the best exhibit of livestock of an educational institution at the Fair. The winnings of this Special Prize of double importance in so far as the show made by the University of California was selected from stock inventoried at close to \$35,000 last winter, \$12,000 of which was allowed them this year, while the show from University of Nevada was selected from an inventory of \$9000 of which not a single red cent of support had been lent by the Legislature of the State. With this showing, what can be expected from Agriculture if the people of our own State get behind and give support to it in the same relative measure that they do mines and other industries.

The exhibition made by the University of Nevada was for two purposes; the show was made in competition with other herds and flocks in order to defray the expenses, and the second was to give the students in Agriculture an opportunity to see the handling of the various herds by ex-

perienced herdsmen and shepherds, to watch the judging at the ringside in the various classes, to compare the breeds of livestock that we are rather isolated from, in addition to gaining experience in the handling of our own show. This work at the State Fair is to the student in Agriculture what the courses in summer surveying and field geology is to the civil engineer or the student in mines. The students in attendance were Joseph Wilson, Mortimer Charles, Harold Manion, C. A. Milentz, Corliss Darling, S. Cazer, Lester Harriman, George F. Wendt, herdsman, was in direct charge of the dairy cattle, and Robert Fraser, shepherd, had the sheep and beef cattle, and Mr. E. F. Gritton had the swine.

The classes of livestock exhibited in consisted of Holstein-Friesian, Hereford and Aberdeen-Angus cattle, Berkshire and Poland-China hogs, Hampshire, Shropshire, Southdown, Dorset, Cheviot and Grade Shropshire sheep, fat steers, wethers and barrows. The following won gold medals in addition to being first in their class, cow and ram Hampshires, Southdowns, Cheviots and Dorsets. The Berkshire board Grand Master Lee weighing 900 pounds, was first in the three-year-old class and Grand Champion Board of the breed. Junior and Senior Champion Aberdeen-Angus cows. The fat steer Abelour 1600 pounds was first in his class and Sweepstakes Champion steer. In the sixty-nine ribbon awards thirty-one were firsts, seventeen seconds. In many classes our animals were first, second and third in the competition and with the classes shown it would have been difficult to have won much more.

A FEW NEVADA PRIZE WINNERS

STANFORD TRUSTEES PROHIBIT HAZING AT ENCINA

Faculty Puts All Tubbing and Other Like Pastimes Under the Ban

Hazing in all forms is to be strictly prohibited at Encina Hall this year, according to a rule passed by the board of trustees at its meeting last Friday.

The new law is stated in full as follows:

"Hazing in all forms, including tubbing and all other interference with personal liberties of fellow students, is strictly prohibited."

All the old rules which have been in vogue for a number of years will stand again this year with the edict concerning hazing as the only addition.

Each student living in the Hall is to be furnished with a printed copy of the rules, as before, and the following

agreement for him to sign is an innovation.

"As a resident of Encina Hall, I agree to observe and abide by the foregoing rules and regulations."

SOPHOMORE CLASS MEETS

The first regular meeting of the class of 1914 was held in room 6 on last Monday. The following officers were elected for this term:

President—Clarke Webster.
Vice President—Grace Mahon.
Secretary—Alice Van Lear.
Treasurer—Wm. Smyth.
Standard Bearer—Edwina O'Brien.
Sergeant-at-Arms—Earl Kelly.

TO ALL THE STUDENTS

We extend to all the students invitation to write articles for The Sagebrush. Write your own ideas and hand them to any member of the staff.

SENIORS ELECT OFFICERS

At a meeting of the class of 1912 last Wednesday evening the class officers for this semester were elected. They are:

President—Donald Cameron.
Vice-President—Mathilda Jepsen.
Secretary—Helen Hobbins.
Treasurer—Morris D. Anderson.

SOPHIS ORDER HATS

At a meeting of the Sophomore class last week the '14 men decided upon a white French felt hat with a blue band.

These hats are something new and will no doubt create no end of popular comment among the students in praise of the high class goods sold by Frank & Bane.

HERE'S TO YE NEW STUDES

The faculty and students extend a most hearty welcome to the large number of new students on "The Hill." We are glad to see you. We will be glad to help you in any way in the settling process. We want to get acquainted with you. We want you to lend your support to the various college activities. Come out for football, the band, the Glee club and help. You are welcome to our class rooms and student body. We want your help in making this the most successful year of the U. of N.'s history.

Y. M. C. A.

Next Sunday morning at 9:30 o'clock the Y. M. C. A. Bible study class will hold its first meeting of this year in the club room of the Mackay training quarters.

This class, or course of study, is under the direction of Dr. Hartman, and all men of the university are cordially invited to attend. The study of the Bible is being made principally along scientific lines, and no matter what views one may hold concerning the Bible, he will find the classes most interesting and instructive.

As Dr. Hartman stated before, the first general assembly this semester, no man of today can consider himself an educated man without a knowledge of the English Bible. Here, then, is an opportunity for an hour of interesting discussion and instruction. Come once and if you don't like it you are under no obligation to come again, but most cordially welcome should you choose to attend regularly.

DELTA RHO SORORITY PLEDGES MANY

Friday, week, there were flowers and flowers on the campus because that day the Delta Rho Sorority pledged ten of the most popular young ladies on the hill. The Sorority has been especially successful this year and is very proud of its members-to-be. The young ladies

who were honored are: Misses Ruth Stubbs, Clara O'Neill, Elsie Herz, Emma Munk, Eleanor Rodgers, Ada Hussman, Jessie Hylton, Edwina O'Brien, Laurena Marzen and Pearl Stinson.

There seems to be growing up in our school, especially among the older men, an increasing tendency towards the slighting of college activities generally. The first occasion where this was noticed this year was at the rally. The new men were out in force but the old men were sadly lacking in numbers.

Again we notice it every day when the team is out at practice. The people who are on the side lines and in the bleachers are not for the most part college men but the downtown high school people and college girls. The girls are showing the right idea and it might be well for every college man who possibly can to follow suit.

The coast colleges expect us to put out a strong team this year, and one way to help towards this end is side line interest shown by the students who are not on the squad.

MEN'S BIBLE CLASS MEETS

Sunday morning the Y. M. C. A. Bible Class was held in the club-room of the Mackay Training quarters. Though the attendance was comparatively small the meeting was a most interesting one.

The subject under discussion was the creation of mankind and the antiquity of man. Many eminent authorities on this subject were referred to and compared. Next meeting of the class will be held as usual, next unday, and the subject under discussion last Sunday will be again taken up.

While the attendance last Sunday was fair it is to be hoped that it will be larger by far next week. This course in Bible study is an opportunity which no one should neglect.

Mr. Thomas caters to the college public.

Fall Shoes for Men

The fall styles for men offered at our store now include such a wide range of models that every man's idea as to the kind of shoes he would like can be exactly carried out. There are the real new things for the young fellow who dresses right up to the minute. They cost the same but there are no question of their being the finest shoes for men made.

THE CADET BAND ORGANIZES

Many New Musicians Show Up

Although several of the members of last year's band have been away attending the California state fair and some others have not returned, Director C. L. Claffen has organized the band and has them hard at work every day from 12 to 1.

A lot of new and popular music has been ordered, together with some of the latest pieces from standard comic operas.

With the return of the men who are away, in addition to several new men who have registered this year, Nevada will retain its reputation as having one of the best college bands in the west.

FRESHMAN-JUNIOR HAYRIDE

The hayride and dance which the class of 1915 gave to the '13 class at Huffaker's on the night of September 3rd was in every way a success, and proved the newcomers to be real entertainers.

The ride to Huffaker's proved a delightful affair, but evidently the drivers mistrusted the appetites of the youthful strangers, for it was a noteworthy fact that the cushioning was anything but plentiful.

The hall was tastefully decorated for the occasion with Junior and Freshman colors. The floor, which was in splendid condition, was kept warm and the punch bowl busy by the merrymakers, numbering ninety-eight.

The members of the Sorority present were: Misses Meta Menardi, Lola Stoddard, Ione Talbot, Florence Reed, Lena Hauss, Vera Novacovitch, Bess Webster, Bess McCormick, Clara Smith, Alice Brennen, Alice Von Lier, Hazel Larcombe, Mabel Larcombe, Ethel Webster, Hazel, Ohmert, Audrey Ohmert, Martha Noble, Emily Coffen, Elda Orr, Lois McNeely, Dorothy Bird, Maude Price, Beatrice Rudowsky, Jeanetta Jones, Mrs. Charley Norcross, Mrs. Joe McCormick, Mrs. Dawson and Mrs. Sensensy.

U. of N. Man Has Fine Position

The many friends of "Senator" Creel will be pleased to know that he now has a fine position with the U. S. Dept. of Agriculture.

Creel graduated from the School of Agriculture with the class of 1911 and immediately went into the government service. His first work was in Utah, where, with others, he was en-

gaged in fighting the Alfalfa weevil.

A few weeks ago he was transferred from Utah to Purdue University at LaFayette, Indiana.

At Purdue Experiment Station he and two more government men are engaged in co-operative work with the university people. Mr. Creel writes that he expects to be at Purdue for a year or more.

THETA EPSILON ENTERTAIN

Luncheon Friday Afternoon

The most elaborate social event of the week was held at the home of Miss Elda Orr Friday afternoon, Aug. 25th, when the Theta Epsilon Sorority entertained the members of the Freshman class at a tea. The rooms were beautifully decorated in masses of golden glow and mangolds, carrying out the yellow color scheme which is the Sorority emblem.

Miss Marjorie Goodrich delighted all with several vocal selections and Gott's orchestra dispensed music all the afternoon. Besides the Freshman class the mothers of the members were present, including Mrs. Sardes Summerfield, Mrs. Menardi, Mrs. McNeely, Mrs. Bird, Mrs. Smith, Mrs. Webster, Mrs. Stoddard and Mrs. Orr.

The members of the Sorority present were: Misses Meta Menardi, Lola Stoddard, Ione Talbot, Florence Reed, Lena Hauss, Vera Novacovitch, Bess Webster, Bess McCormick, Clara Smith, Alice Brennen, Alice Von Lier, Hazel Larcombe, Mabel Larcombe, Ethel Webster, Hazel, Ohmert, Audrey Ohmert, Martha Noble, Emily Coffen, Elda Orr, Lois McNeely, Dorothy Bird, Maude Price, Beatrice Rudowsky, Jeanetta Jones, Mrs. Charley Norcross, Mrs. Joe McCormick, Mrs. Dawson and Mrs. Sensensy.

ON VALUE OF BLOODED SHEEP

"Doc" Manion has been caretaker of the prize sheep at Farm this summer. A few days ago a party of Freshmen were going through the stock pens and stopped to admire the sheep. One of them asked "Doc" what a certain one of the sheep was good for.

"Doc" looked at the youngster a minute and then replied: "Good for? Why, young fellow, we can trace the pedigree of that sheep back for over 125 years."

Students Tendered Reception

The Christian Endeavor Society of the Congregational Church entertained all the students of the University at an informal reception Thursday night. It was a regular get-acquainted social and certainly served its purpose—as proved by the number of names and hobbies each one succeeded in getting on his program.

Miss Isadore Dopson, B. A., '99, who has been teaching in the Reno schools for several years, was married recently to Dr. Fred J. Rulison of Reno.

ALUMNI NOTES

Miss Hattie Fransman, Ex. '14, was married in July to Mr. Harry Palmer. They are making their home in Santa Fe, N. M.

Miss Erma Warren, Ex. '12, is studying kindergarten training in San Francisco.

Miss Amy Thompson, ex-special, has announced her engagement to Mr. Lawrence Gulling of Fallon.

Professor Henry Thurtell, formerly professor of mathematics and dean of the University of Nevada, and now chairman of the fourth section board of the interstate commerce commission of Washington, D. C., paid the office a visit on Monday.

Miss Irene Petédson, who accompanying friends at Manzanita hall. Miss rBown will teach in the Verdi schools this year.

Mr. Albert M. Lewers, '92, of the U. of N., and later L.L.B. of George Washington University of Washington, D. C., was on the campus last week. Mr. Lewers is the brother of Professor Lewers, and is principal examiner of the Division of Chemistry of the United States Patent Office, Washington, D. C.

Miss Eliza H. Overman, M. S., '10, was married to Mr. Chester A. Hart, ex-Special, at Elko, Nevada, on July 19, 1911.

Miss Irene Peterson, who accompanied Miss Blum at Assembly on Friday, is now a member of the faculty of the Sherwood Music School in Chicago. She will leave Reno for that place sometime this fall.

Claude Schoer, B. A., '03, lately Principal of the Tonopah schools, was a visitor on the campus Friday, September 1.

Harold Fletcher, ex. '12, has registered as a limited senior in the U. of C. Medical School.

Miss Gertrude Pike, '11, left Saturday night for Fallon where she will teach the third and fourth grades in the city schools.

Miss Florence Bray, '11, has accepted a position as English and mathematical teacher in the Gardnerville High School.

JUNIOR CLASS ELECTS OFFICERS

At a meeting of the Juniors in room 6 Thursday the regular routine business was transacted and the following officers elected for this semester: President—Eunice R. Cogwin. Vice President—James G. Goldsworthy. Secretary—Harold A. Layman. Treasurer—Norman L. Dorn. Sergeant-at-Arms—Frank C. Gignoux. Yell Leader—D'Arcy Cashin.

RENO'S NEW STORE

On Saturday, Sept. 2, one of the largest lines of men's and boy's furnishings was displayed at The One Price Store. Messrs. Tranter, Habel and Staley have a full stock of "The Goods" and will gladly show them to any and all visitors at their new store on Second and Virginia.

Social Club Will Organize at U. of N. Next Friday night the U. of N. Gym will be the scene of the first social of this season. The Social Club of 1910 have elected Norman Dorn as manager of that organization.

BASKET BALL GIRLS MEET

Following the resignation of Miss May Porter as captain of the College Basket Ball team, a meeting of the members of last year's team was held and Martha Noble, '14, was elected to fill the vacancy.

Miss Noble was one of the star players on last year's team. She knows the game thoroughly and will make a good capable leader of this year's team.

"RICH MR. HOGGENHEIMER"
No comedian of Teutonic persuasion on the stage today has the following possessed by Max Dill. By the majority of critics he has been acclaimed the greatest portrayer of German musical comedie roles. His style is essentially distinctive. He does not strain to score laughs. He is hilariously funny through the use of quiet, repressive methods. His accent is delicious and unexaggerated, his short, choppy gestures bring a

laugh by their admirably simulated awkwardness and his famous goo-goo eyes are wonderfully expression full. In fact he is irresistible. In "The Rich Mr. Hoggenheimer" Mr. Dill makes the one biggest hit of his entire career. There are 50 people in the company for the requirements of the production are great. He will appear at the Majestic next Thursday night, Sept. 7th. The seat sale opens Tuesday morning at the Majestic box office.

Upper Class Women Make Rules

A meeting of the upper class girls was held on Friday, September 1, and the following rules were made for the guidance of all under-class women:

1. Corduroy skirts and near corduroy skirts are to be worn by Seniors and Juniors only.
2. The Sombrero is to be worn only by Seniors.
3. The Red Tam and caps resembling Red Tams are to be worn by upper class women only.
4. The under class girls are to sit behind the sixth row during assembly.
5. There shall be no running the full length of the quad, not even to get to the physical culture classes.
6. The under class girls are not to loiter in the stack room in the library and are not permitted to use the upper class tables.
7. Under-class girls shall not sit on the north steps of Morrill Hall.
8. No college insignia can be worn by a prep.
9. All college women are to attend all college functions such as football games, rallies, etc.
10. The above rules are to be followed and will be strictly enforced.

PERSONALS

"Bub Hix" Holmes writes that he will return about the 15th.

* * *

L. G. Chapman, '12, returned Sunday night after spending a successful summer in northern California.

* * *

L. E. DuBois, '12, will return about Christmas. His arm is gaining strength very slowly.

* * *

L. K. Finney is expected back about September 10.

* * *

Blair Menardi, '13, has returned from the east and will register in mines.

* * *

Miss Mildred Wheeler has been forced to leave college on account of ill health.

* * *

Elda (to "Pop" Anderson)—"Will you kindly help me a moment, 'Pop'?" After a moment a new student said, "Elda, please tell your father to help me when he comes again."

* * *

Emma Graham, ex. '11, is visiting in Reno on her way home to Ely.

* * *

Bertha Kneemeyer, '07, was seen on the campus Thursday. She and Miss May Schuler, '09, went on to Elko Friday night to take up their work in the Elko High School.

* * *

Cecyl Allen, ex. '12, was visiting on the campus Friday. Cecyl has been attending Summer School at U. of C. this summer and she was on her way now to her school at Fallon.

* * *

Miss Gertrude Pike, '11, left Thursday for Fallon where she goes to take charge of the third and fourth grades in the Fallon school.

* * *

Miss Sofena Jepsen visited with Tillie last Tuesday. Miss Jepsen is on her way home from San Francisco, where she spent her vacation.

* * *

Miss Mary Langvith, ex. '12, was on the campus Friday. She was renewing old acquaintances after an absence of three years.

* * *

Isabel Mirialdo, Normal '11, is teaching the primary grades in the public school at Eureka.

THETA EPSILON'S HOLD PLEDGE DAY

On Wednesday of last week the Theta Epsilon Sorority held their annual pledge day. The following coeds were pledged to the popular Sorority: Bee Rudawski, Maud Price, Lois McNeely, Dorothy Bird and Jeanetta Jones.

Society Programs and Invitations

Ninety per cent of the dance programs and invitations used in the city of Reno are made up in this plant. There's a reason.

HIGH SCHOOL

A special meeting of the U. N. H. S. was held last week. Announcements were made by Professor Thompson in regard to the vacancies of the President's and Vice-President's chair of the student body. It was decided to have elections for the above named officers on Thursday, September 7, 1911. Following is a list of those eligible for office:

Alvin Fuss, Claude Wheeler, Walter Jepsen, Alberto Axt, Grace Harris, Erma Keith, Alice Young. It was also announced that there will be a meeting of the two Literary Societies Friday evening, September 7. Everybody should be present as the program is very promising and a general good time is predicted for all.

At the last meeting a subject was brought up which should concern us all, and that was Mr. Stinbright's talk in regard to football. Mr. Stinbright, who is manager of the football team (which really does not exist), has absolutely refused to arrange any games unless the Preps get out and show what they can do. At present there are about seven or eight loyal Preps out training with the Varsity, no wit stands to reason that these few men cannot play against any organized team. There are about twenty others, though they could be out on the field, prefer to loaf around and try to queen.

The Constitution awards a ten-inch block P to every man playing on the Prep team. No wthis does not mean that you can get out about two days before the game and then expect to be awarded with a block P. As a matter of fact you, who want a P, better get out now before those who are already out become disgusted and quit for good. We have some splendid material this year and ought to produce a championship team, and furthermore we have a coach, who has already put more than one victorious team in the field. Now, fellows, be game and come and show your loyalty to your school and prove to every one and yourself that the Preps haven't that yellow streak they are said to have.

A new ice cream parlor has just been installed at the Thomas Cafe.
