## NEVADA VS. SANTA CLARA NEXT SATURDAY

### Plans for "Greater Nevada" Campus Complete

#### DR. STUBBS RECEIVES PLANS FROM ARCHITECTS MANY NEW BUILDINGS ARE PLANNED

President Stubbs has received the new plans for the buildings and grounds for the greater University of Nevada. The plans on the work of Architect Walter Bless of San Francisco and speak well of his ability. The big drawing shows the entire campus in prospective from Ninth street to the end of the Mackay field. All the new buildings are shown as they will be when built. The new Administration and Library building will be commenced next year. The Physics buildings and Stewart hall will be changed so that they face the quadrangle. The front of the buildings will be changed so that they match the front of the School of Mines. The Biology building will be erected in the space between the Physics and Mechanical buildings. A new building

is planned to go on each side of the Chemistry buildings, and a big auditorium is to be put on the west side of the driveway on the west side of the quad. The main entrance will be put in front of the Administration building on Lake street. A magnificent granite stairway will lead from the street to the level of the campus. The stone used in this stair is to be of the finest gray granite. The grounds in front of the dam and in front of Lincoln Hall are laid off in lawns and gardens. The work along these proposed lines will commence next summer when work is started on the Administration building. When the campus is finished as the plans now made it will be one of the finest in the country. It is a fitting goal toward which to work in improving our campus.

#### SOME OF THE LIVE ONES SELL TICKETS

Reuben lands Advertise Game Thursday noon there was some excitement down town. It was all over less than half a dozen live students out to advertise Saturday's game. They attracted all the attention that could be attracted. A couple of piccolos, a trombone, a sign and a drum or two made the racket and fantastic costumes made the show. They paraded the streets and set people to talking. Friday night the same crowd with reinforcements started out again. They ran opposition to anything that happened to be doing on the street. They went from one end of the business section to another. Not satisfied with this, they went to one of the theatre's and got in on the amateur night list of performances and when their turn came they made good the opportunity to announce that there was going to be a football game the next afternoon. The tickets sold realized quite a neat sum for the athletic fund. The spirit shown is the right sort and the example set is a good one.

#### TENNIS CLUB GIVES A JOLLY SOCIAL

Good music, a good floor, and a jolly crowd combined to make the Girl's Tennis club social in the gym last Saturday night one of the social successes of the season. It was a fit way in which to celebrate the victory of the afternoon and the football plays, including the husky heroes of old Nevada and the vanquished stars from Sacramento, were there in force. The good time began early and kept in full swing until the happy bunch unwillingly parted with the strains of "Home Sweet Home."

#### ONCE MORE

The management of the Sagebrush will be glad to send the paper to as many students as will drop their names and addresses in the mail box in Morrill Hall. Every student, old and new ought to read the Sagebrush. If you can't pay now we will wait for three weeks but no longer. Five cents per week will not break you. The paper needs your support. \$1.50 per year will not leave more than a tiny dent in your purse. Be patriotic to your college and

#### FRESHMEN WIN TANK FIGHT AT PURDUE

Sophomores Loose Annual Rush to First Year Men A score of students were hurt in the annual tank fight between the freshmen and the sophomores classes at Purdue university. Wagons were on hand to carry the injured to the fraternity houses, where they were cared for. Several were carried from the field unconscious. The freshmen had 550 in line, the sophomores 450. Several thousand persons watched the contest. When the second year men marched down the hill near the college they were caught by the freshmen, and after a hard battle that lasted nearly an hour were tied with ropes. The freshmen then placed their numerals on the big tank and the vanquished sophomores were marched back to Stuart field, where they were painted and made to perform for the amusement of the crowd. It was one of the most fiercely contested fights in the history of Purdue. The fight was the eighteenth "tank scrap" and the sophomores have taken 14 of the 18 fights.

#### SENIOR LATIN CLASS VISITS MOUNT ROSE

Go as Guests of Dr. Church Saturday morning a party consisting of Dr. J. E. Church, Mrs. Church, Miss Helen Hobbins, Miss Hazel Ohmert and Miss Mabel Lenahan left Reno for Mount Rose observatory. They went as far as Contact Pass on Saturday and Sunday morning climbed the remaining 3000 feet to the summit. The party returned Sunday evening. This is the regular outing on Mount Rose that Dr. Church and the senior Latin class has every year. It is an event that is looked forward to with a good deal of pleasure by the students.

Michigan has a wireless telegraph and telephone system. Its purpose is to answer experimentally many of the problems that have arisen in connection with wireless transmission since its use up on a commercial basis. The university aims to train engineers of wireless transmission. It will not train operators.

A new ice cream parlor has just been installed at the Thomas Cafe.

### NOTICE Big Doings Friday Night--Particulars at Yell Practice Wednesday

#### FIRST DOWN TOWN RALLY HELD LAST THURSDAY

Big Rally at Grand Success—Coach Bennett Given Ovation Last Thursday the first down town rally of this year was held at the Grand theatre. The serpentine dance started from the McKissick headed by the Cadet band. The march led through the streets and stopped in front of the theatre. Yell Leader Tyler had the bunch making things ring with yells and more yells. The big noise and the band attracted the crowd and by the time that the university people got inside the house standing room was at a premium. When Coach Bennett made his appearance it was the signal for continued cheering. Captain Charles soon made his appearance and a second demonstration was in order. After the regular show had been completed Coach Bennett was called upon to make a talk. His talk was a talk and it was pretty plain and straight to the point. He spoke of the efforts put forth by the college students and how the town people should support them in their athletics. Ex-coach F. B. Mayers was then introduced and gave us one of his fiery enthusiastic talks on the fighting spirit and concerning football generally. He said that he wanted to see the team fight and wanted to see the rooting section get in and fight too. Captain Charles was called but wanted to get out of saying anything. When they got him up, finally, all he had to say was "The team is going to fight." Charles never was much on the talk, he would rather play football. The rally ended with the band playing Boala as the crowd left the theatre.

#### PERSONALS

"Shorty" George, '08, was a visitor on the quad Friday. Miss Irene Brown, normal '09, was with us on Saturday. Miss Brown is teaching at Verdi. Students in C. E. 21 are requested to disturb the members of Miss Lewers' art classes by gazing at them through transits. Ray Mackay is off the squad for a few days nursing an injured leg. H. F. Percival is out on the field again after being laid up with a poisoned leg. Miss Carol Rising, ex-prep., was a visitor on the campus last week. Alice O'Brien, '10, was with us to see the game Saturday. Miss Mary "Bob" O'Neill is teacher of English in the Reno High School. Miss Vera Ross, ex-'12, was on the quad Friday. Miss May Porter, ex-'12, was seen on the campus last week. Miss Lucy Harris, ex-'09, was married Thursday to Eugene Husse of Denver, Colorado. Miss Elizabeth Goldsworthy spent the week's end with her brother Jas. G. Goldsworthy '13.

At Georgetown university last spring an edict was issued that there should be no organized rooting or yelling at the baseball games. This move, it is thought, marks the abandonment of all such vocal encouragement at Georgetown in the future. An exception may be made, however, in the case of football.

#### GET BUSY!

Sell tickets for the game Saturday.

#### SELL TICKETS FOR SATURDAY'S GAME

Special Offer to Hustlers Tickets for the Nevada-Santa Clara game may be had on application to Manager M. B. Kennedy. As a special inducement for students to sell tickets Manager Kennedy says that he will give ten per cent of the money received from the sale of tickets to students who sell tickets provided the money is handed in before the game Saturday. Here is a chance to boost the game and pick up a stray piece of money on the side during your spare time.

#### GIRLS TENNIS CLUB HAS BEEN ORGANIZED

To Give Cup for Inter-Class Championship With the receipts from the social last Saturday the Girls Tennis club will clear up all indebtedness and start out this year with a clean slate. At a meeting to be held soon the officers and executive committee for this year will be elected. The court is being put in condition for the use of the club members and must be kept up by the club. So far the expense of keeping the court up has been paid by a few of the energetic members. With the starting of the club this year it is hoped that more of the women students will take an active interest and help keep the club going. The dues are only fifty cents a month but that is small indeed when you consider the pleasure and benefit derived from the play on the court. Next spring the club plans to hold an inter-class tennis tournament. They will put up a silver cup as a trophy to go to the class carrying off the honors.

#### UNIVERSITY Y. M. C. A. ELECTS OFFICERS

D. C. Cameron Made President At a meeting of the University Y. M. C. A. held in Lincoln Hall parlor Sunday afternoon the following officers were elected for this year: President, Donald C. Cameron, '12; vice-president, Arthur R. Reynolds, '13; secretary-treasurer, Earl Pigott, '14. After the election the question of a constitution was discussed. The organization committee had prepared one and it was submitted to the meeting. It was read and discussed and after some changes was adopted. The appointments of the chairmen of the standing committees of the organization were not made Sunday. President Cameron will appoint these men and announce names at a later date.

#### COLLEGE WOMEN OUTLOOK CLUB TO ORGANIZE

Club to Begin Meetings Soon The College Women's Outlook club which was organized last year will soon resume its meetings. The club was started last year and held its meetings regularly throughout the college term. The subject discussed at the meetings was Women in History. The subject will be taken up again this year and promises to be very interesting and instructive. Club members are requested to watch the bulletin board for notice of the meeting.

### Football Score: Nevada 14, Sacramento 3

#### VARSITY WINS IN RAGGED GAME—MUCH CHANCE FOR IMPROVEMENT—FOOTBALL NOTES BY "THE PRINCE."

Saturday's game showed us two things, viz, that Nevada still has the fighting spirit, and that they are very ragged in their work. And yet, when one thinks the matter over, it is to accord a great deal of credit to Coach Elly Bennett, for what he has brought out in a very green bunch of men. Everything cannot be accomplished at once, and two men in particular, Rogers and Kniffen, who had never seen rugby until this season, showed that they had profited very much by coaching. The scrum work was rather raw, but as there were but three men in it who had played the game previous to this year, a creditable performance was put up. The backs were not up to standard, and will need to show marked improvement when they meet Santa Clara next Saturday. Had it not been for Menardi, the game would in all probability, have had a sad ending. Menardi has been playing a great game throughout and each time he eclipses his previous performance. Curtin at center three, was in fairly good form, and McPhail made use, as he always does, of every opportunity afforded him. He must have scored at one time, when he followed Curtin in the second half, but the "Goat" was ambling along, using his left hand to ward off prospective tucklers, and had the ball tucked snugly under his right wing, where it remained till he collided with the turf. Had he been carrying it with two hands, it would have been a simple matter to have passed it to McPhail, who would have crossed the line alone. The game was delayed a few minutes, in starting, owing to the fact that Referee Frank Mayers had dalled awhile, saying goodbye to the baby, but he soon had both teams together, and after explaining his interpretation of the rules, his whistle gave the signal for the kickoff. Sacramento sent the ball well down the field, but it was quickly returned, and it looked as though the varsity must score, but at this and many other times, when they had things much their own way, the seemed utterly unable to work with any system, and it was not until sixteen minutes after play started, that Blair Menardi by a clever dash through on the blind side of the scrum, outwitted and outpaced the Sacramento backs, and crossed the line for a try. Curtin took the kick, but it was a difficult one, and the wind was capricious, with the result that the score remained, Nevada 3, Sacramento 0. Dropped out, the ball was immediately returned to California territory, and the Native Sons were on the defensive all the time, it being just eight minutes after the last try, when Rogers measured his six feet add, which was sufficient to put the ball over the line again. Charles took the kick for goal, but failed to add any extra points. The ball was quickly returned after the drop out, but Sacramento skied it, and followed on, and it was at this juncture that Pennell lost his head and the ball went into touch. Nevada did not seem to be scrapping just at that moment, and Zimmermacker, of Sacramento, conceived the idea of scoring a try for his side. No one seemed in a great hurry to prevent him, and as he had but a few feet to go, it was duek soup. The kick at goal availed nothing. Dropped out, Sacramento fumbled, and play was near the Sacramento 25, when Menardi secured the ball from the scrum and with a fake pass and a dodgy run, eluded his

opponents and placed the ball so nearly under the goal that Charles had no difficulty in adding the extra points, making the score 11 to 3 in favor of Nevada. Kicked off the ball was returned, and it looked like another try when half time was called.

In the second half Wilson replaced Knight at second five and Cameron took Dorn's place in the scrum. The kickoff was well followed and it was more by bad luck that anything that a try was not scored. Despite the fact that the ball remained in Sacramento territory all the time, it was not until was in progress that Bringham on a fifteen minutes after the second half pass from Menardi took the ball over the line for a try. Charles made the attempt at goal, but failed. One of the prettiest and most exciting plays of the day was made by McPhail, who took the ball across the field for a good gain and had the misfortune to be thrown into touch in goal.

The game with the ball in neutral territory, but in reality, Nevada's all the way, though the California men had many opportunities, if they had been able to avail themselves of them. Their passing—of the job order—was poor and allowed the varsity men plenty of time to stop a rush.

The Nevada scrum is very weak, but there are several days in which it will be improved considerably and there will be more improvement noticed in next Saturday's game than there was in last. Frank Mayers, as referee, was impartial and thorough and for this reason there was a total lack of crabbing or argument. Both teams put up the best that was in them and the game was of the clean nature that it does one good to watch. A suggestion as to keeping spectators off the side lines is in order. Many times on Saturday and particularly towards the end of the game a number of people were in the middle of the field. The principal offender and the one who ought to set the example to be followed, was President Stubbs. I admire his spirit in the matter of football, but he evidently overlooks the ruling, should he obstruct the ball or a player. Time was when doubtless he could move as fast as the next man, but those days are past and he was very nearly the cause of the game being held up for awhile Saturday, through encroaching on the field. The final score of 14 to 3 was a satisfactory one, but it should have been considerably larger.

The lineup was follows:  
University of Nevada—Harriman, Settlemeyer, front rank; Holmes, lock; Rogers, Kniffen, side rank; Perkins, Dorn, Cameron, rear rank; Charles wing forward; Menardi half back; Bringham, first five-eights; Wilson, Knight, second five-eights; Curtin, center three-quarters; McPhail, Heinie, wing three-quarters; Pennell, full back; Pearson, Golden, Barton, Webster, Patrick, Ferris, Kelly, Evans, substitute.  
Sacramento Athletic club—Gannon, Blake, locks; Williams, Hart first rank; Schlasser Palm, center rank; Lobner, Perrington, side rank; McClatchey, Hicks, half backs; Zimmermacker, first five-eights; Dickson, second five-eights; Gaae, center three-quarters; Eldred, Starrett, wings; Platt, full back; Putman, Skinner, substitutes.

#### ABOUT THOSE YELLS

Some time ago a call was made for some new yells. As an extra inducement prizes were offered for the best ones handed in. So far no yells have made their appearance.

The new yells are needed and needed badly. The ones we have are good but we want a few more. There are members of the student body who can no doubt write some good yells. A few minutes time and thought would bring forth results of some kind anyway. Prior to the call for yells a call was made for a new song or two. These have materialized about as well as the yells. Get busy, we need them both.

#### THE OLD CHESTNUT AGAIN

At the rally last week there were a good many college men conspicuous by their absence. A count showed that a large portion of the absentees were new men, nevertheless they had some company from the older students. From the new men as well as the old men who were absent this is a bad showing of college spirit.

Rallies are intended for all the students to participate in and a serpentine needs a big bunch to make it good. Last Thursday there should have been twice as many men in the parade.

The next time a rally is called, let each student make himself a committee of one to see to it that he gets to the rally on time and takes as good a part in it as the next fellow. It may help the rally somewhat. Try it.

#### Why the University Needs the Lyceum

In view of the fact the second annual course of lyceum entertainments under the auspices of the Y. M. C. A. begins next week—the first attraction being at the Majestic theatre, October 3d—it is interesting to read the endorsement of the lyceum influence among college students given by the president of Mount Morris

College, Illinois, Mr. J. F. Miller, President Miller says:

"I am in favor of the lyceum for what it does for our students. School work, class work is pleasant for the student, but it becomes a drag, a grind at times. He needs to be lifted out of this. His teachers may be ever so good, as they are giving him the daily training. He needs a rest from this. The entertainment course with its varied attractions becomes his mental gymnasium. He forgets himself for a time. He lives in a new, a broader world. He sees and hears things, some of which he never dreamed of, others he had longed to attain, but he felt the ideal beyond his reach. The lecturer or the company of artists encourage him and he goes to work with renewed vigor.

"I like this inspiration that the platform furnishes. It seems to me that the students always work better after hearing and seeing a good attraction on the lyceum course. I know that the lyceum helps our young men and women. That is why I favor it."

#### NOTICE—GENERAL ASSEMBLY FRIDAY

Dinner Hour to Be Argued

On Friday there will be an assembly in the Gym at 10 o'clock. The hour will be given over to the discussion of the proposed changing the recitation schedule back to the one used last year. The present schedule has met with a good deal of complaint from the students who want the old schedule back with the lunch hour from 12 to 1.

Students are requested to be in their places promptly.

Get wise and eat at the Owl.

Old ox, old ox, how came you here, You roamed the fields for many a year.

They've marred you and scarred you with rough abuse And they've brought you here for table use.

**PROF. DINSMORE RETURNS FROM TRIP TO THE EAST**

Professor S. C. Dinsmore of the Experiment Station laboratory returned to the campus Wednesday after an extended trip east.

Prof. Dinsmore attended the congress of the pure food and drug inspectors in Milwaukee and from there he went to Washington, D. C. There he visited the government laboratories and studied their methods. From Washington he went to Bangor, Maine, to visit his parents. Professor Dinsmore expressed himself as having a most delightful trip.

**BOILERS FOR MECHANICAL DEPARTMENT ARE HERE**

To Be Put in Electrical Building

Wednesday the tubes for the ninety-horsepower boiler for the new Electrical building were brought in and Thursday the steam drum was hauled up from the cars. The boiler is the latest and most improved of the water tube type and is designed to use oil as fuel. It is the product of the factory of the Babcock-Wilcox Co. of New York. The work of putting the boiler together and setting it in place is in charge of one of the company's experts.

**AFTER TWO YEARS**

Now That New York Has Let "Alias Jimmy Valentine" Go, Other Cities Have a Chance

The first appearance here of H. B. Warner in "Alias Jimmy Valentine," a remarkable star in a famous play, is an announcement which will doubtless be received with favor by many playgoers of Reno. Mr. Warner comes to the Majestic theatre next Saturday night.

"Alias Jimmy Valentine," as many will remember, was written by Paul Armstrong, the theme being elaborated from a short story, "A Retrieved Reformation," by O. Henry. It enjoyed a run of two seasons at Wallack's, New York, and comes here with the cast which helped Mr. Warner create this much-talked-about success. Lieber & Co., Mr. Warner's managers, have staged the play with their usual care. The seat sale will open Thursday morning at the Majestic box office.

**Y. M. C. A. TO OFFER MANY ATTRACTIONS**

Many Good Programs Scheduled

In the first issue of the Sagebrush the announcement of the first of these attractions was made. Since then the program has been completed and remaining numbers are given below.

In October Senator Thomas P. Gore, the brilliant statesman and orator from Oklahoma, will give his masterful lecture on "Man's Social Obligation." Gore's speech at the Denver convention which caused the sixty-four minute Bryan demonstration was but one example of his powers as an orator.

The Boston Lyrics will come in November. Versatility, uniform excellence and artistic finish characterize the program given by this company. The entertainment will consist of songs, pastel readings, cartoons and musical selections of a type produced by no other company on the road.

The famous Strollers, a male quartet of great excellence, is booked for January. To state the fact that the Strollers excel the Dunbar company is sufficient to place them in the front rank of quartets.

The Ernest Gamble Concert party, a transcendent company of musical artists, will be the fifth number on the course. This is headed by Mr. Ernest Gamble, the distinguished basso cantate; Miss Verna Leone Page, concert violinist, and Mr. Edward Shonert, the celebrated Liszt pianist. Their programs have been described by one critic as the "accurate accentuation of merit." Fourteen years before the public have placed this company in the forefront of all similar companies.

The last of the series will be Mr. John B. Ratto, the Italian character artist. Mr. Ratto will present in impersonation his famous and immensely popular "Character Studies From Life," an evening's program unique and highly interesting.

The entire course is a strong one and will no doubt be well patronized by the people of Reno. Such entertainments will raise the standard of artistry and uplifting programs in this community.

**GET BUSY!**

**NOTED AGRICULTURIST VISITS SCHOOL**

Here Looking Up Nevada Range Forage

Last Monday Professor G. H. True of the College of Agriculture had as his guest Dr. E. V. Wilcox of Honolulu, H. I. Dr. Wilcox is the director of the agricultural experiment station at Honolulu. His object in coming to Reno was to get information about hardy range forage plants that might be found here. These plants Dr. Wilcox wants to try in the hot dry regions of the islands. Prof. Heller gave Dr. Wilcox all the information they had on the plants which flourish on the Nevada ranges.

Dr. Wilcox is quite a prominent man in agricultural circles. He was at one time the director of the Montana experiment station and is the author of many books on agricultural subjects. His book on farm animals is used by our students.

**FOOTBALL SCORE**

(Continued from page one)

Santa Clara. The best man on the team this year as he was last year, which was his first attempt at Rugby, is Ybarrando, and he will need a deal of watching.

\* \* \*

There was a Fletcher in the Olympic lineup on Saturday, playing at three-quarters and full. Well! There is only one Fletcher.

\* \* \*

"Micky" Dolan in the Cal-Barb game for a part of it, but did not do anything wonderful.

\* \* \*

Some difference in the score of Cal. versus Barbs. In Saturday's game and the first game of the season, which was won by the savages with a score of 11 to nil. Let's hope that Nevada will have improved to that extent on the Alumni showing when we meet Santa Clara.

\* \* \*

"Chump" Seitz is in hard luck, and for private reasons it is thought that he will not be seen in a game again this year. It is a great pity, as we need him very much.

\* \* \*

Reynolds, Layman and Mackay who were on vacation, owing to injuries, are out on the field, again.

**FACULTY SCIENCE CLUB MEETS TUESDAY**

Forests and Forestry to Be Subject of Lecture. Prof. A. A. Heller to Give Interesting Talk

On next Tuesday afternoon at 4:40 the second regular meeting of the U. of N. Faculty Science club will be held in the geology lecture room of the Mining building. The lecture will be given by Dr. A. A. Heller of the department of forestry. His subject will be Forests and Forestry.

Prof. Heller spent a good part of his summer vacation at the forestry school of the Pennsylvania state college. He studied the work of the forestry department there and in connection watched the work of the government foresters in that part of the country. The forestry work in those regions of Pennsylvania is probably brought to a finer point than anywhere in the forest regions by reason of the fact that the very last of the timber is being cut from the hills.

**A CHANCE FOR YELL WRITERS**

Prizes Offered for Best Yells

On last Wednesday night Yell Leader Tyler announced that a prize had been offered for the best yells handed in within the next two weeks. The instructions were to hand them to the editor of the Sagebrush.

As yet no yells have made their appearance. We have several good yells now, but we would like a few more. Some one has said that variety is the very spice of life, so let's have some variety.

Get your wits to working and when you get something that will go at all hand it in. Perhaps it can be changed and will make a first class noise maker.

For fine lunches call at the Thomas Cafe.

#### DRY FARM DIRECTORS MEET

Last week the board of directors of  
the state dry farm met at the farm  
near Elko. Professors True and  
Knight of the College of Agriculture  
were present as members of the  
board. Prof. Knight is still at the  
farm, having stayed to superintend  
the fall planting and the harvesting  
of crops now ready. The dry farm has  
proven quite a success and promises  
to do better now than ever before.

### MOVING PICTURES AT THE MAJESTIC

Starting Tonight Change of Films  
Will Be Presented Every  
Evening

Commencing tonight and contin-  
uing throughout the regular winter  
season, Manager Aylesworth has ar-  
ranged to present a new line of high  
class motion picture entertainment at  
the Majestic theatre on all night when  
there is no regular company booked  
to play.

Arrangements have been made for  
presenting one of the finest motion  
picture entertainments ever present-  
ed in Reno.

The show will be much longer  
than anything ever presented here.  
Five full reels of the very latest sub-  
jects from the Independent Motion  
Picture company will be presented at  
each performance, and an entire  
change of program will be given every  
night in the week. Under this policy  
patrons will never be forced to wit-  
ness any "repeaters," even if they  
should attend the Majestic every  
night in the week. An absolutely  
continuous performance will also be  
given without a single stop from 7.30  
to 10.30 p. m., and the tiresome waits  
that are generally in evidence at pic-  
ture shows in the changing of reels,  
etc., will be eliminated. In order to  
accomplish this two machines will be  
used, and will be operated automati-  
cally by electric motor attachments,  
and with new lighting system the the-  
ater will be sufficiently illuminated  
so as to enable people to enter and  
depart at any time without stopping  
the performance between the first and  
second shows, or at any other time  
during the evening. The admission  
will be 10c to any part of the house  
and the best picture show ever pre-  
sented for the money is guaranteed  
by the management.

Stop at the Owl Cafe on your way  
home.
