

Freshie Glee Big Success

The Freshmen Glee given in honor of the class of '11, was held in the gymnasium Friday night.

General Assembly Held Friday

General assembly was held in the gym at 11 o'clock last Friday morning.

Basketball Girls Elect Officers

The annual basketball banquet was held at the Thomas Cafe on the night of April 11th for the purpose of electing a captain for the ensuing year.

SCIENCE CLUB ELECTS NEW PRESIDENT

The faculty Science club of the University held its last meeting of the semester in the Mining building last week.

St. Mary's Meet This Week

Saturday of this week the varsity track team will go against the team that St. Mary's College is sending up to compete with us.

Coach Ross is kept pretty busy these days whipping the men into shape for the event.

All this week Ross will hold the final try outs for the places on the team. Monday and Tuesday there will be the finals for the entries in the half mile, the two mile and the hurdles and broad jump.

On Wednesday and Thursday nights the preps and the Reno High will hold a dual meet on the track.

The team that will go against the St. Marys next Saturday will be picked from the following:

Randall, Bransham, Hylton, Cowgill, Traheft, Ogilvie, Reynolds, Parsons, Kelly, McPhail, Pennell, Smyth, Bryant, Wilson, Ware, Bardner, Curlin, C. Hiltion and A. Holmes.

L. L. Gilcrease of the Junior class would have been on the list but for the fact that he hurt his back last week.

This team that will go onto the field to represent the university on Saturday is the first track team to be put out at the University of Nevada since 1904.

Those who have charge of the meet are working hard. The band will be on the job with the music. It is hoped that the students will be out in force and that a big rooting section will be in evidence.

INSPECTS CADETS ON NEXT THURSDAY

On Thursday of this week the regular yearly inspection of the cadet battalion will be held. The inspecting officer is Captain Simmons of the general staff U. S. A.

This is the big event of the year in the battalion. The orders for the week as regards to drill have been issued by the commandant and it is expected that every man who belongs to the battalion will heed them.

After the usual ceremonies there will be the competitive drill between the two companies. This will take place on the football field. This year there is quite a little rivalry between the companies.

This is the time when all the boys turn out and drill their best.

PROGRAM FOR THE TWENTY-SIXTH ANNUAL COMMENCEMENT, MAY 9TH TO 15, 1912

- The examinations for both University and University High School close at 4:30 p. m. Tuesday, May 14th. Senior examinations close Saturday, May 4th.

MANY COURSES ARE LISTED

The faculty have arranged to have many additional courses put on the lists for the students to choose from the coming year.

In the list that is given many will be of interest to the engineering students. A course in scientific German will be on the list.

Table with 3 columns: Title and Number of Course, Credits, and Subject. Lists various courses like Economics, Public Finance, Social Organ, etc.

AT LINCOLN COUNTY HIGH SCHOOL

The literary program on April 5th at the high school was as follows: Debate—Resolved, that the negro should vote, provided the fifteenth amendment and the statutes of the United States could be legally amended or repealed.

A fine program is arranged for April 26th, which has been set apart for the dedicatory exercises of our new high school building.

The different school boards and the trustees of the church together with the city hall trustees have agreed upon a plan of fencing and beautifying the public square upon which all the public buildings are erected and work will soon commence.

Next Thursday is the day when the battalion will show to the inspecting officer all that they know of the practical side of drill.

Students May Secure Rates

The Southern Pacific company makes a rate of one fare for the round trip to the students and teachers of the public schools of Nevada to attend the commencement and the academic field meet at the university of Nevada on May 10th and 11th.

How to Get Rates

It is to be carefully noticed, however, that a certificate must be obtained from the state superintendent of public instruction for each student and teacher by name who is going to attend the academic league meet.

Therefore, the principals are requested to instruct their teachers and students to send for these certificates to Superintendent John Edwards Bray, Carson City, Nevada.

The same method of procedure is required of students and teachers residing at points along the line of the Tonopah and Goldfield railroad.

The Virginia and Truckee railway has made an open rate of one fare for the round trip, tickets on sale May 9th and 10th, good returning until and including May 13th.

The N. C. O. railway will make a rate of one fare and a third from points on their line, good for five days at Reno.

The annual meeting of the league will be held at 9:30 a. m. Saturday, May 11th, in the training quarters on Mackay field.

Boys' contest commences at 3 p. m. and the girls' contest at 8 p. m. The trials in the 50, 100 and 220 yard dashes and for the broad and high jumps will be held at 10:30 a. m. Saturday, May 11th.

Cadet Officers Give Banquet

Last Thursday evening the Thomas Cafe was the scene of a banquet given by the commissioned officers of the university cadet battalion to Lieut. L. A. McClure.

The occasion was in the nature of a farewell to Lieutenant McClure who will end his duties as commandant at the university at the close of the school year.

Half after eight was the hour set for the banquet and the eight cadet officers and their guests, all in uniform, assembled at that time and sat down at a table beautifully decorated with red and white carnations and ferns, and spent a most enjoyable evening, and partook of an excellent repast.

The occasion is one that will live long in the memories of those present and Lieutenant McClure was eloquent in expressing the pleasure which it gave him to be the guest of the officers, and which he derived from the affair.

Lieutenant McClure told most interestingly of the life of a cadet at West Point, life in the army and in the Philippines. Major Bruce, Captain Anderson and Captain Pearson gave short talks on different subjects and after a toast to the health and success of Lieutenant McClure in the Philippines, the party left for their several homes, declaring it to have been one of the most enjoyable occasions since they had been connected with the university.

Those at the banquet were Lieutenant L. A. McClure, Major Bruce, Captain Anderson, Captain Pearson, Captain Robb, Lieutenant Seaton, Lieutenant Chapman, Lieutenant Pruett and Lieutenant Richardson.

When you want to eat, eat at the Owl.

Block "N" Does Something

Wednesday night the members of the Block N society met to perfect arrangements to handle the track meet with St. Mary's college, April 27th, and the academic field meet May 11th.

A committee consisting of Silas Ross, Elbert Stewart and Harvey McPhail was appointed to draw up a program and choose the officials for the academic meet, and their report was presented to and accepted by the academic council on Thursday.

The officials chosen are the right men in the right places and it is safe to assume that there will be no hitches at the meet. Neither will there be any infringement of rules. In past meets some of the principals of the high schools have assumed the right to come on to the track and do an unnecessary amount of crabbng.

There will be no opportunity to follow this plan as the N men have decided that there will be no one on the field with the exception of the contestants, the officials and a reporter of the newspapers.

Another matter taken up at the meeting was the purchasing of photographs of football teams from 1897 to 1910 inclusive.

The matter had been referred to the student body at its last meeting, but it being evident that the present executive committee would not take action the N society took the matter in hand and subscribed \$15 in the room.

Messrs. Holmes, Kniffen and Harriman were appointed to canvass the students and have met with considerable success.

Next fall, when students return to college they will feel that they have accomplished something worth while, when they notice their photographs in the training quarters or the library.

Election of officers for the ensuing year saw the re-election of Reay Mackay, Lester Harriman and "Bill" Sattlemeyer as president, vice president and treasurer respectively. Spike Henderson, who has so ably filled the berth of secretary, will not return to college and was not a candidate for re-election. His place will be taken by Harvey McPhail.

Freshies Win First Meet

Last Saturday morning under the worst of weather conditions the Freshman class won the first of the regular Freshman-Reno High track meets.

The official score at the end of the meet showed 77 1-2 points to the credit of the youngsters, while the High school had 30 1-2 points to show for their work.

Owing to the fact that it stormed nearly the whole time that the meet was in progress no very good time was made. The fifty yard dash, the 100 and the mile were all run in a snow storm. The falling snow and rain made the track very slow and hard to run on.

The following is the list of events that took place. In several of them all three places were taken by the Freshmen.

Fifty yard dash—Randall, F.; Hylton, F.; Brinkham, F.

Hundred yard dash—Randall, F.; Hylton, F.; Brinkham, F.

Shot put—McCubbin, R.; Abbott, F.; Patterson, F.

High hurdles—Laveago, R.; Bowler, F.; Burke, R. and Duddleson, F.

Broad jump—Randall, F.; Laveago, R.; Raines, R.

Two-hundred yard dash—Bringham, F.; Randall, F.; Hylton, F.

High jump—Bryant, F.; Laveago, R.

Eighty-eight yard dash—Trabert, F.; Ogilvie, F.; Chism, R.

Low hurdles—Laveago, R.; Hancock, F.; Burke, R.

Four-hundred yard dash—Bringham, F.; Hylton, F.; Martin, R.

The half mile relay race was won by the Freshmen "in a walk." Randall, Bryant, Hylton and Bringham were the entries for the relay for the Freshmen. Raines, Edsall, Martin and Laveago composed the High school team.

(F indicates a freshman, and R a Reno High school man.)

SENIOR CLASS MET THURSDAY

The Mackay Pioneers, in their meeting held Thursday in Miss DeLaguna's room, made their plans for the Senior ball. Carl Tibbals was elected floor manager, while Elda Barber was made chairman of the committee on refreshments, and Ethel Thompson chairman of the committee on music. Carl Tibbals, Dan Bruce and Helen Hobbins are getting up the programs. The decorating of the gym will be in the hands of the Juniors as usual.

Other plans for commencement week were discussed. Nat Wilson was elected junior marshal, and on him a great deal depends for the execution of the ceremonies.

Lloyd Chapman, manager for the senior farce, reported that things were looking very favorable for the play, the Majestic theater having been secured for the staging and prospects for a full house very good.

After the regular meeting the girls stayed and discussed plans for a class dinner to be given class day in the domestic science department.

BIG SHOW MAY 3d

The 101 Ranch Real Wild West Show is to be here May 3rd, and with it will be the greatest congress of Indians, cowboys, cowgirls and western people generally ever assembled. There is positively not the first thing about this show that is not typically western. When this gigantic aggregation entered the amusement field there were many so-called western shows, and for the purpose of distinguishing the real from the counterfeit the word "real" was incorporated in the title. The little word has fulfilled its mission and while comparisons are odious the many millions of patrons of the show have learned its fullest meaning and sanctioned its use. It is without fear of contradiction the only

COLLEGE WOMEN ARE FORMING SUFFRAGE CLUB

Friday afternoon the women of the university were addressed by Miss Whitney, who spoke before the assembly that morning. There were some twenty of the college women present. After Miss Whitney had finished her talk Miss Martin, president of the Nevada Equal Suffrage League, spoke of the cause for which she was working.

The young ladies decided that they would organize a university suffrage club and steps to that end were immediately taken. A temporary chairman and secretary were appointed and a committee selected to work on the organization of the club. The women will meet in room six on Thursday evening to elect all the permanent officers and adopt a constitution.

The main object of the Suffrage club will be to study the "votes for women" question in this and other states with a view of getting a clearer and better understanding of the subject. All the college women are invited to attend.

Typical Cowgirl With 101 Ranch Real Wild West Show

bona fide wild west show that has ever been conceived. Coming as it does right from the big 101 ranch at Bliss, Oklahoma, it could not well be otherwise. It is not the show that runs to long hair, Indian yells and pistol shots to be considered as a western show for its depictions are other than exclusive blood and thunder scenes.

The extended program is made up of historical events and western scenes that carry with them educational value as well as entertaining purposes. Scenes that all who have lived in the far west will recognize and those who have not lived there will appreciate are graphically portrayed. Daily scenes on the ranch; historical events which have made the far west historical and possible; western sports and pastimes; expert rifle and pistol shooting; astounding feats with ropes and lariats by the crack cowboys and cowgirls; also experts from Old Mexico; reproduction of some of the early struggles westward by the early settlers and in fact the perfect transplanting of the west to your very firesides. Not one feature that is of eastern origin is introduced but the most gigantic array of western life ever dreamed of is truthfully depicted.

Summer School Studies Given

The College of Education, University of Nevada, has arranged to hold a summer session for teachers. At the several Institutes held in the state during the year there was an expressed demand, on the part of teachers, for a summer school. In response to this demand the regents of the university have authorized the establishment of a summer school to be given under the direction of the college of education.

The courses offered in the summer school will comprise the following subjects:

Theory and Practice, Industrial Arts, Common School Subjects, General Methods, Psychology, Pedagogy, A Model School, Music, Physical Culture and Play.

The courses are open to all who register with but one restriction, viz: that no student shall be allowed to register in more than four subjects, numbered one to nine inclusive.

1. Educational Psychology—A study will be made of such psychological principles as are directly applicable in the teaching process, school management and school activities. Perception, attention, association, seasoning, will be taken up in their relation to learning and mastery of school subjects.

2. Child Study—This course is designed to present the facts so far as they are known concerning the nature and development of the mind during childhood and adolescence. Special attention is given to the interpretation of these facts with reference to their significance for the teacher.

Other courses in Pedagogy and Psychology may be offered if there is sufficient demand.

3. Theory and Practice of Teaching—On hour a day, devoted to the study of school problems, modern principles of method, discussion of the work observed in the domestic school and correlated readings.

One hour a day spent in observing the work in the model school under the guidance of specific principles and problems.

4. Reading and Language—A study of modern teaching, reading and language through the elementary school. A portion of the period each day will be spent reading orally to increase the student's power of expression. Practice in story-telling will also, be a part of this course.

5. Review Hand Methods in History—This course is a review of United States history and a study of the course in history for the elementary grades, from a teacher's point of view.

6. Review and Methods in Arithmetic—A review of the principles and processes of arithmetic and a study of special methods of teaching the subject throughout the grades.

7. Review and Methods in Geography—A study of the subject matter which is usually presented in an elementary course, together with a consideration of methods of teaching geography.

8. Drawing—This course includes work with water colors, pencil, crayons, and charcoal. The subjects studied are still-life, landscape, pose drawing, design, illustrative drawing, composition and principles of perspective. The object is to enable the students to teach this subject as required in the elementary schools in Nevada.

9. Industrial Arts—A study of industrial arts as taught in the first six grades of the elementary school. The work will include paper folding, construction work, and weaving for the first three grades, problems in paste-board, wood and textiles for the three succeeding grades.

10. Penmanship—Daily practice in writing to secure legibility, speed and muscular movement and a study of special methods of securing these in the public school.

11. Music—Choral singing and the learning of rote songs suitable for the grades will receive the main emphasis.

12. Games—A special course in school room and play ground games and folk dances will be offered if a sufficient number of students desire the work.

13. Physical culture—Rhythmic exercises suitable for rural and graded schools will be given for five minutes daily throughout the season.

Model School
A model school of mixed grades will be conducted in connection with the summer school. In this model school demonstration lessons will be given of how the psychology, theory and methods taught in the different courses actually work out in school room practice.

Lectures
A number of lectures will be given during the session by the state superintendents, also by other distinguished intendents of public instruction and educators of this state and others.

The session of the summer school will last for six weeks, June 24 to August 2, inclusive. Arrangements will be made to have accommodations in the dormitories for all those who wish to stay there. The dining hall will be run for those who room at the halls.

Plenty to eat and well cooked without Jap help, at the Owl.

Big Paper Next Week

The prep edition of the Sagebrush will be off the press on next Monday and it will be a real paper. The Sagebrush has been very fortunate in getting out extra editions and this one is the next that is to be issued for the inspection of the readers and the advertisers. There will be several special editions of the college weekly before this semester is over. The Field Day paper, the Aggie paper and the Commencement paper.

This prep edition will include nearly twenty half tones and photos of the different members of the classes. There will be several short stories and a general retrospect of the U. N. H. S. from its beginning in 1888 to the present time and the general outline that is to be followed to keep up the sub-freshman class of students at the U. of N.

The management of the prep paper has been placed in charge of Reginald Stenbit, and the editing is in the care of Varney. The success of their paper with this management is almost a certainty.

To those who have not paid their full year's subscription the "prep special" will not be sent unless paid for at the rate of ten cents per copy. Owing to the extra expense of publishing this paper it is necessary to raise as much as possible to offset the expense.

MILITARY SCHEDULE

The following schedule of drills is announced for the week commencing April 22nd:

Monday—Company A, extended order, platoon drill, bayonet exercise. Company B to clean rifles.

Tuesday—Same as for Monday except that the duties of Companies A and B are reversed.

Wednesday—All ceremonies and battalion drill.

Thursday—Inspection of battalion by Captain Simmons, general staff U. S. A. First call will be sounded at 8:50 a. m. and all cadets are requested to see that all oil, dust, etc., be cleaned from their equipment. Captains will make an inspection of their company as soon as formed.

Blue uniforms will be worn for inspection. All cadets should have black shoes, well polished; white gloves, clean and free from holes. The hair should be trimmed and faces freshly shaved. Neatness in appearance goes far towards obtaining a favorable report from the inspectors.

In order to permit uniforms to be cleaned and repaired, no uniforms will be worn until the day of inspection. By order of,

THE COMMANDANT.

RECEIVES NEW HEADLIGHT SET

Saturday morning Professor Scragham of the mechanical engineering school received a new headlight set for the new laboratory. The set is the product of the factory of the Pyle National Headlight company, and is the newest type that they are making.

The set consists of a steam turbine, electric generator, and one of their new patented electric headlights. It is of the same general type as those in use on the trains that pass through here but is the latest model that the company make.

The set is worth upwards of three hundred dollars, but is donated to the university by the manufacturers for use in the electrical laboratory.

FORESTRY CLASS GETS BUSY

Friday afternoon the class in forestry under the direction of Prof. F. B. Kennedy journeyed to the Orvis Ring school on Evans avenue. There they were met by the pupils of the school with rakes shovels and all the other necessities for good garden work. The youngsters were out to get some gardens planted around their school and the forestry class was there to direct their efforts in the right direction. The afternoon was spent very profitably by the class who report that they had a dandy time and that the school children made quite a lot of garden.

When you want to eat, eat at the Owl.

Fire Visits Campus Again

At about 2 p. m. Saturday a large amount of smoke and a considerable amount of heat was emitted from the base of the rear second story steps of Stewart Hall. The U. of N. volunteers against the fire and turned on a small supply of chemical "juice" that is conveyed from building to building by a cart. The response was so prompt that even the city department was amazed at the way the college men and a few of the professors (a very few) came to the fire and went at the work with a vengeance to quench the fire start it had already made in so short a time.

The cause is absolutely unknown and as there were no inflammables in the closets beneath the steps there is no way for such a fire to start. The city department responded with great speed and as the distance is a little over a mile they could hardly be expected to make much better than a mile in eight or ten minutes when the greater part of the distance is uphill.

There were several students who did not have time to attend the fire. They were too busy or else they could not make nice get aways from their lady friends.

This type of student (we hate to call them such) certainly needs a great deal of pity. They are unfortunate in their makeup.

Senior Farce Is Arranged

The Senior farce will be given in the Majestic theater Saturday night, May 11th. Owing to a misunderstanding concerning the date of the track meet the rumor is afloat that the date of the farce is May the 3rd and the Seniors take this means of correcting the error.

Rehearsals for the play are being held regularly, and the enthusiasm and hard work of the cast promises that this shall surpass any Senior farce given before.

The play is one that offers many opportunities for fun, and under Miss Howe's clever direction the Seniors are making the most of it.

The Senior farce is coming to be a regular part of the entertainment of the visitors who come from all parts of the state each year to witness the annual track meet. The pleasure that the plays have given in the past is proved by the letters already received asking that seats be reserved for a number of different delegates and visitors from several high schools.

The Mackay Pioneers intend to make for the annual Senior farce even a higher reputation that it enjoys at present.

"Business Colleges furnish their graduates a better education for practical purposes than either Princeton, Harvard or Yale."—Ex-President Garfield.

Cadet Band Visits Fallon

The university band spent Saturday in Fallon. They went down with the baseball team as the guests of the Fallon baseball club. After arriving there they played several tunes on the streets for the people.

In the evening the band furnished the music for the dance given by the local baseball club in the town hall. There was a good crowd out to the dance and they were loud in their praises of the music the band furnished for the dancing. Sunday was spent in having a good time with the Fallonites as entertainers. They visited the sugar factory where Prof. Knight is chief agriculturist.

The band returned Sunday night after having had a good time and a fine trip. It is not unlikely that the people of Fallon will try to get the band to come there again next fall when the annual county fair is held.

CALL FOR YOUR PAY CHECKS

Mr. C. H. Gorman, comptroller of the university, has several of this as well as last month's pay checks on hand and wishes that the parties to whom they are made out would come to the office for them. Under the present system of paying checks that they are using in the office pay day is the first of every month. There is no need to wait for the checks as has been the custom heretofore. Now all salary payments are made promptly on the first of the month.

DR. J. E. STUBBS IS GIVEN APPOINTMENT

President J. E. Stubbs has just received an appointment as a member of the national legislative committee of the International Dry Farming congress. This congress has for its aims the furtherance of dry farming throughout the country. Its headquarters are in Canada but its field is not limited to that country. The president of the organization is the head of the agricultural department of the University of Utah.

Dr. Stubbs has written to the congress accepting the appointment.

PERSONALS

The many friends of Frank C. Hobbs, '11, will be pleased to know that he is visiting in Reno for a few days and hopes to return to his mining work in a few days.

Mrs. B. D. Cardinal (nee Miss Talbot) was a visitor in Reno and of course on the campus the latter part of last week. She is now residing at Minden, Nevada, where Mr. Cardinal is manager of a large creamery.

Mr. Norman L. Dorn was a guest at Sunday afternoon tea at the home of Miss Helen Fulton.

Miss Coral Rising, ex-prep, spent the week end on the campus visiting her sister at Manzanita.

Boost the track meet that is to come off Saturday.

Archie Miller, '10, underwent an operation for appendicitis several days ago. He is improving rapidly and expects to be out of the hospital the early part of this week.

Dr. W. E. Mack was out of town several days last week on business of the Hygienic laboratory.

MEET COMMITTEES ARE APPOINTED

The committees that are to have charge of the Nevada academic meet that is held at the University on May 10th and 11th have been appointed by the league directors. They will have full charge of all things that come under their jurisdiction.

The committee that will have charge of the prizes, programs, printing and publicity are P. B. Kennedy, J. G. Scrughan, L. B. Patrick and C. M. Ogden

Entertainment—Lieutenant L. A. McClure, Prof. Haseman, R. Brown, Mrs. Kaye, and all the members of the Block N society.

Field arrangements—P. B. Kennedy, M. B. Kennedy, J. Lynch, S. E. Ross and E. R. Mackay.

Entries, ticket sales and finances—J. G. Scrughan, E. F. Pearson, M. E. Jepson, C. Haseman and W. E. Ferguson

Declamatory contest—D. B. Billingshurst, E. E. Winfrey and R. C. Thompson.

All matters that pertain to the academic league meet will be handled by these committees.

Any information will be furnished on application to any of the committees.

The entries for the field meet which will take place on Saturday, May 11, must be in by the first of May.

SENDING OUT A GREAT MANY INSTRUMENTS

Prof. J. E. Church of the department of climatology, has received a shipment of fine recording thermometers for the use of his department. The instruments are a French make and were purchased in Paris. There were about a dozen and a half in the shipment.

Those recording thermometers are used to get a continuous record of the temperature at any certain point. They are very useful in the work that Prof. Church and Mr. Ferguson are carrying on at the present time.
