

SUSANVILLE WINS ACADEMIC MEET

Lassen county, Cal., athletes captured the academic field meet yesterday afternoon at the Mackay athletic field, competing against ten Nevada high schools, and winning from the Reno high school, their nearest opponents, by 13 2-3 points. Lassen secured a total of 40 points, while Reno, as second, acquired 26 1-3 points. The Preps stood third with 13 1-3 points.

The meet was one of the most successful ever held under the auspices of the Nevada academic league and was witnessed by several thousand spectators.

The Mackay bleachers were comfortably filled and the crowd was enthusiastic, applause greeting the efforts of every deserving athlete, no matter what school he represented. The visitors were cheered as often as local entries and the band of Reno high school rooters had a cheer for every point winner.

The mile run, broad jump, 220, 440 and 880 yard dashes were the events in which new records were made.

Noyes of the Preps, Hunsinger of Lassen, Chism of Reno and Shanks of Lassen, the record breakers, were presented with gold medals for their efforts.

Noyes scored in the mile run, Hunsinger in the broad jump, Chism in the 880 yard race and Shanks broke both the 440 yard dash and the 220 yard dash records, thus earning two medals.

Laveago, the star entry of the Reno high school, captured the honors of the day and also several prizes by securing 18 of the 26 1-3 points won by Reno. Shanks, of Lassen, was second with 14 points, having scored in every event in which he was entered, as did Laveago.

The meet was carried out without a hitch and the credit of handling the affair successfully is due to the members of the Black N society who had complete charge of the contest. Not a solitary complaint was registered by the entrants and the practice of crabbing and kicking usually evident on such occasions was missing entirely.

The 220 yard hurdles was the first event on the program and was won handsily by Laveago of Reno in 28 1-5 seconds.

Curler of the university high was second and Hunsinger of Lassen was awarded third place.

Harriman of the Churchill county high school secured the first place in the 50 yard dash, with Peters of White Pine second and Bailey of Lassen third.

Noyes of the university high school broke the first record of the day when he galloped home in the lead in the mile run. His time was 4:56, while the old record established by Francis Cunningham of Sparks in 1907 was 5:07.

Noyes finished strong with Long second and Pengelly third.

Noyes lowered the old record by 11 seconds.

Shanks, the star performer of the Lassen school, broke the tape first in the 440 yard dash and annexed a gold medal for breaking the record. His time was 54 seconds.

Hovey of the university high school was second in this event and Odett of Lassen third.

Hunsinger of Lassen and Laveago and McCubbin, of Reno, tied for first place in the pole vault after the bar had been raised from the ten-foot mark to a point six inches higher. Freeman, the Lyon county entry, was forced to retire after the bar had been placed at 9 feet 6 inches.

Hunsinger, Laveago and McCubbin divided the points, each taking three. The boys pitched a coin to determine who should secure the athletic badge awarded by the academic committee, and the badge was secured by Laveago.

With but a few minutes' rest at the conclusion of the pole vault Laveago entered the 120 yard hurdles and won first place in this event. Time 17 4-5. Pinneo, of Lassen, was second and Curler, of university high, third. As in the 220 yard hurdles Laveago again displayed excellent form in clearing the obstructions, although his time was a trifle slow when compared to the record of 16 4-5 established in 1910 by Emerson of Lassen.

Henningson, of Douglas, walked away with the honors in the shot put when he heaved the weight for a distance of 40 feet and one-half inch. What he lacked in form he made up in strength.

Pinneo of Lassen was second and McCarthy of Reno third.

Reno won the 880 yard dash when Chism covered the half mile course in record breaking time and finished first with a lead of ten yards. His time was 2:11 1-5, while the standing record was 2:11 3-5.

Odett of Lassen was second and McCarthy of Reno third. McCarthy

ran a splendid race and secured the third place by outstripping Long of Lassen during the last few yards of the course. Chism finished the course fresh and the burst of speed he exhibited in covering the last half of the last lap was remarkable.

Pinneo, of Lassen, etched the meet for his team when he cleared 5 feet, 10 inches, in the high jump and secured first place in this event. Later he tried for a record with the bar placed at 5 feet, 8 inches, but was unable to clear that height.

Watson of the university high, Edsell of Reno and Gallagher of Yerington divided the points for second and third place, each securing 1 1-3 points.

Shanks of Lassen, who set a new record for the 440 yard dash was the first to breast the tape in the 220 yard dash and established a new record for that event.

Harrington, of Tonopah, kept the lead for over half the course and set a terrific pace. Shanks, however, steadily forged to the front and finished about a yard in the lead. Harrington and Peters of White Pine hotly contested the second place honors with Harrington winning by a small fraction.

The last event on the program was the relay race. Although five teams were entered, but Reno, university high appeared to take part, and through an accident the Lassen entry for the second lap failed to start and the event narrowed down to Reno and the university, with the Reno team winning. Curler, for the university, and Martin for Reno started the relay and at the end of the lap the university led by several yards. Laveago was the scratch man for Reno and Fogel took the last lap for the university. Laveago started out to overcome the distance between him and Fogel and when he crossed the finish line he won the event by a final spurt. The time was 1:40 2-5.

A relay race, not on the program started the meet. Teams were entered by the senior class, the faculty members and the state high school principals. The principals won the event in 3:45 4-5, and while the actions of the tutors in sprinting over the cinder path could not have been construed as being highly dignified, nevertheless they managed to wrest the victory from the college students and professors. Hendricks, of Susanville, Seitz of Goldfield, Jepson of Sparks, and Sullivan of Goldfield, composed the principals team. The seniors were made up by Henderson, Schrapps, Anderson and Cameron. Haseman, M. B. Kennedy, Ross and Powers represented the faculty.

The handsome silver trophy offered to the school winning the meet for two successive years, was awarded to the Lassen team, for that school won the 1911 meet.

The try-outs in the 50, 100 and 220 yard dashes, the high jump and the shot put were held in the morning. The meet was handled by the Big N society and went off without a hitch of any sort.

From the way that they handled the meet it is quite likely that from now on they will be given charge of the field. It looked good from the bleachers to see that the men on the track were wearing a big white Nevada N.

Teachers to Attend Eastern College

Two of the instructors of the University High School will go to college this fall to pursue their studies in higher institutions. The two are Miss Mack, instructor in mathematics, and Miss Kate Reigelheuth, of the department of English and German.

They will go east during the coming summer and will register in the Teachers' College at Columbia University in New York about the middle of September.

While there they will take up work in the university as well as in the teachers' course. Miss Mack and Miss Reigelheuth expect to be at Columbia for one college year if not longer, taking up work in their special lines. Miss Mack will specialize in the sciences and Miss Reigelheuth will take advanced work in English and German and their teaching.

The Sagebrush joins their many friends in the university in wishing them a pleasant journey and a successful year.

17,000 HOMELESS

EATON ROUGE, La., May 9.—Louisiana has approximately 17,000 persons made homeless by the crevasse in the Mississippi river levee at Torras alone. Of this number 12,000 are dependent upon the bounty of the United States government, according to figures in the governor's office here.

THE GLEE CLUB OF THE UNIVERSITY OF NEVADA

Left to right—Prof. C. Haseman, director; C. Melentz, T. Walker, V. Henderson, R. Penry, E. Piggott, C. Webster, E. Kelly, J. Kelly, L. Ferris.

The Glee club is the hardest working organization on the hill. If any of you fellows, who get out and run a couple of miles every morning, do not believe this, go up to room six some evening and watch the bunch sing to the empty chairs. There has not been a day this semester when there wasn't a notice on the bulletin board announcing a rehearsal, and there has not been a rehearsal that Prof. Haseman has not pounded notes and beats into the heads of the members until they (the heads, of course), were sore. This is the first year that the university has had a glee club and it might be interesting to note that this is the first year that all the commencement music was furnished by school talent. That is pleased and was in every particular thoroughly satisfactory is a certainty. The life of the

glee club has been one long series of engagements. Every prominent society in Reno has listened to them and has begged for a second appearance. The club have entertained various functions on the hill and every time they appeared they were more heartily cheered. Besides the various appearances at the university and down town the club has given three concerts. One in the university gymnasium, one at Virginia City and one at Carson City. We all know how well they did in the gymnasium. The concert at Carson City was a distinct triumph. Carson people announced it as the greatest social event of the year. There are already great plans for the Glee club for next year under consideration. The friends of the university will no doubt be able to listen to

one of the best glee clubs in the west by another year. The club has started a library and most of the old men are going to return next year, so things look very encouraging for them. Prof. Haseman intends to scour the school and even the state for good voices and to start in early next semester to work hard for a class A club. If sufficient backing can be obtained a concert tour will probably be undertaken in the interest of a larger enrollment for the university. We can think of no better way of coaxing the right kind of people to our school than through glee club advertising. Too much can not be said of the hard work Prof. Haseman has put in for the advancement of the club. With the scant material he has had, he has, through constant labor and

good head work, got out a club that can please. The university wishes also to extend to Raymond Penry its heartiest thanks for his efforts and valuable talent in the interest of the club. Mr. Penry is not a college man by attendance but he is a true one in spirit. Much of the success of the club is due to his effort and experience. How well he worked is evidenced by his efficient management of the Carson trip, the crowning feature of the year. Any one who thinks he can sing or know any one else who thinks he can sing make it a point to try out for the Glee club next year. Be one of the bunch that Virginia City so aptly called, "Nevada's greatest song-birds."

Mackay Pioneers Dedicate Tablet

Tuesday at 11:30 saw the placing of the entrance to the Mackay School of Mines the gift of the Mackay Pioneer class.

This gift took the form of a bronze tablet in which the words, "Mackay Pioneer Class," and the year "1912" are raised in letters that are as simple as they are beautiful.

The ceremony was brief but impressive. Edgar Pearson in a short speech gave the reasons for the class gift taking this particular form. His words were followed by the formal dedication of the tablet, the president of the class, to the University of Nevada, for now and all time, after of Nevada for now and all time.

After this Doctor Stubbs accepted the gift in the name of the university and the exercises were finished.

The Seniors had their gift take this form in honor of the Mackay Pioneers, and in a spirit of gratitude toward the institution, which the work of these study men helped so much to develop into further beauty and usefulness.

The tablet was placed directly in front of the entrance to the Mackay School of Mines, and on a line with the statue raised in honor of the Mackay Pioneers. Mr. Mackay, friend of the university, upon hearing of the plan of the class to further honor the men and the institution which he has done so much to honor, gave his hearty approval in the words, "Certainly, all good records should be preserved."

A tube containing a list of the names of all the students enrolled since the Freshman year in the Mackay Pioneer Class, a list of the class officers for each semester of the four years, and a record of all the triumphs, athletic and otherwise, celebrated by the class, was placed under the tablet.

THETA EPSILON SORORITY ENTERTAINS

Misses Elizabeth Evans and Catherine Hand entertained the Theta Epsilon sorority at a house party Tuesday evening. Singing and dancing made the evening pass all too quickly. At a late hour the guests sat down to a beautifully decorated table filled with all sorts of good things to eat. The members of the sorority who enjoyed the hospitality of Bess Evans and "Jack" Hand, were: Mrs. Senesey, Mrs. Scragham, Mrs. Dawson, Mrs. Sadler, Misses Lola Stoddard, Eva Sampbell, Mabel Larcombe, Elizabeth Webster, Ethel Webster, Florence Reed, Lena Hauss, Clara Smith, Hazel Ohmert, Lillian Davey, Martha Noble, Alice Brennen, Alice Van Leer, Maude Price, Dorothy Bird, Beatrice Rudawsky, Lois McNeilly, Margaret Hazlett, Josephine Williams, Juanita Jones, Leila White and Hazel Bacon.

Plenty to eat and well cooked without Jap help, at the Owl.

Prof. Brown Given Token

As this is the last commencement that Prof. Brown will hold for some time, the students and the faculty are going to take the liberty of thanking him for his services. Prof. Brown is now going to take a vacation and is going to leave the U. of N. for a whole year. To remember the university and students and the faculty as well as the regents, Prof. has a memento, a Waltham watch bearing this inscription:

"To Richard Brown, from the faculty and students of the University of Nevada."

This memento is to call back to memory the many deeds that have been so willingly done by the Prof. The university is more grateful than can be expressed by words no matter who says them. The students are now wishing for his return and the Freshmen are asking who will be around to advise them as to the best thing to do next.

There will be no underclass men to disturb the quiet slumbers next year, and the underclass men may expect to receive sad treatment from all concerned for they will never find another friend and guide like the Prof. is.

The very best wishes of the students go with Prof. Brown on his vacation and they are all anxious to see him return.

Honor Society Elects Students

The Phi Kappa Phi honor fraternity that was installed in the university a few weeks ago has elected five of the members of the graduating class to membership. Election to membership in this society is based almost wholly on the scholarship of the student elected, although other qualities are considered as well. To make the fraternity a person must give promise of making good in the world and making a good name for the university. The rule of the society provides that not more than one-third of the seniors for one year may be elected to the fraternity. This is to keep up the standard to a high mark and limit the membership to a more or less extent.

The lucky ones of the Mackay Pioneer class to be elected to Phi Kappa Phi are Dan Bruce, Donald C. Cameron, August J. Holmes, Ethel Thompson and Helen Hobbins.

These people have been on the honor roll all the four years that they have been in college and the election to the honor society comes at a fitting tribute to their efforts.

The Owl Cafe requests your appearance at meal time.

Theta Epsilons Hold Re-Union

Sunday morning at half past seven o'clock the members of the Theta Epsilon sorority gathered around their breakfast table on the veranda of the Riverside hotel.

The Theta breakfast is an annual reunion of the members of Theta Epsilon given in honor of the old members and departing seniors.

The table was beautifully decorated in yellow and white iris. The place cards were pretty and unique, in the corner of each, tied with a small black ribbon, was a glittered wish bone. At the place of each of the two seniors was a parting remembrance from their sorority—a spoon with the emblem of the sorority in the bowl.

After their breakfast the members went to the Baccalaureate sermon in a body.

The Thetas who enjoyed this happy reunion were: Misses Elizabeth Webster, Ethel Webster, Mabel Reed, Hazel Taylor, Florence Bray, Lola Stoddard, Elizabeth Evans, Eva Campbell, Catherine Hand, Florence Reed, Lena Hauss, Clara Smith, Hazel Ohmert, Lillian Davey, Martha Noble, Alice Brennen, Alice Van Leer, Maude Price, Juanita Jones, Beatrice Rudawsky, Josephine Williams, Dorothy Bird, Lois McNeilly and Mrs. Scragham.

Cadet Band Gives Concert

The concert given each year in front of the Mackay School of Mines came off as scheduled Sunday afternoon. The sides of the quadrangle were well lined with people from the town who came to hear the music. Programs were printed and distributed among the spectators.

The program began promptly at five and lasted somewhat over an hour. It was thoroughly enjoyed by all those present. It consisted of six numbers, as follows:

- March, "Firing Line" Reed
- Overture, "King Rose" Barnard
- Waltz, "Eusueno Seducer"
- Juv. Rosas
- Reverie, "Apple Blossoms" Boberts
- Selection, "Melodies From Faust" Gounod
- Star Spangled Banner Key

The band is one of the most popular institutions on the hill. It is called upon to take a hand in all the things that take place in connection with college affairs. The organization, this year, is under the able direction of C. L. Clarlin, who is a good musician as well as a competent leader.

The young man led for a heart, The maid for a diamond played. The old man came down with a club And the sexton used the spade.

When you are late, eat at the Owl.

Summer School at Ludwig Mine

The engineering classes in surveying and geology will take the field soon after the day of commencement. The scene of their activities will be at the Ludwig mine in the Yerington district. This will be just across the range from the Blue stone mine where last year's summer school was located.

The class will continue the map, started last year, across the range giving a complete topographic and geologic section including the principal producing mines in the district. In addition they will map a portion of the Ludwig mine and make a complete study of the origin of the ores.

Professor Boardman has issued his orders to the students who are to take his course in surveying. Here are his recommendations:

Redding, old clothes, strong boots or shoes loaded with hob nails; log tables (Vega 7 place preferred); computation book, new field book, pencils (4&6 H recommended); and a liberal supply of erasers, both pencil and ink.

Do not forget to see that your drafting instruments are in good order and bring some thumb tacks. Lastly, bring along a goodly supply of good nature and a willingness to work. Half rate ticket orders may be secured from the office.

The class in civil engineering will be composed of Morris Anderson, D. C. Cameron, Phil Cowgill, H. F. Perival, Bill Sottlemeyer and Tom Smith. They will work under the direction of Prof. Boardman and Carl Tibbals. Cameron and Schrapps will compose the class in geology which will be under Prof. Jones.

It is intended to publish the result of this summer's work as a bulletin of the school of mines.

SIAS ROSS IS RECIPIENT OF BEAUTIFUL GIFT

At a little meeting of the High school students the other evening, Prof. Ross was the proud recipient of a beautiful sterling silver fountain pen engraved with initials. The gift was the result of Mr. Ross' work in the athletics for the past few years with the high school students. Mr. Ross has instilled a fine spirit of athletics into the high school and has justly earned this little token.

With Si Ross at the head of the athletics of the A. S. U. N. next year the finances are almost certain of success. He has had considerable experience along these lines and he is going to do all that he can to make the athletics a success at the University of Nevada.

Maiden Aunt—So you have started to college! Spell kitten for me. Precious Freshman — Oh! I am farther advanced than that. Thy me on cat.

THE PIONEERS

The class that has gone into history is the largest and the best class that has ever left this university. To the members of that class we should like to offer some few suggestions. Your professors have told you what to do to keep up the credit of this university so far as scholarship is concerned and we are going to refer to the part that most concerns the advancement of this university so far as students are to be considered. You have been a source of expense to the state of Nevada for the past four years, of some \$60 per month. This amount you owe to the state, and above all to this university. Think one moment. You are in debt, all of you, to the state and to this university. You are in duty bound to repay it. You have gained your education honestly. You should repay

your obligations in the same way—honestly.

When the sheepskin that you received is hung on the wall or when you think of what it means you should at the same time think of how you are to repay that debt.

All that the Sagebrush is going to ask is that you send back other students to take your places. The state is only too willing to pay the bills that are incurred by increased numbers at the U. of N., and it will be more than glad to pay for the education of students who are graduates or who hope to become graduates and in that way to further the interests of this state and most of all the University of Nevada. Seniors, you are in debt, and you should begin working with all your energies to repay them. It does not require any capital. Try it.

SENIOR CLASS DINNER

The annual Senior Class dinner was held at 12 o'clock Tuesday in the domestic Science rooms. The dainty yellow sweet-pea place cards marked seats for twenty-two members of the Mackay Pioneer Class.

The long table was beautifully decorated with pear blossoms and gold daisy like flowers.

A delicious dinner, most of which the Senior girls, with the kind help of Miss Bardenwerper, had prepared themselves, was served by three of the Junior girls, Eunice Cagwin, Helen Higgins and Florence White.

In spite of the fact that this was their last dinner together the class made the meal a very merry one.

Toasts were made, stories told and experiences gone over from the Freshman days on through the Senior year.

Plans for the coming year were spoken of, and promised that the Mackay Pioneers shall be as active and useful as citizens as they have tried to be as students. The dinner ended with a rousing toast and cheer for Nevada and the Mackay Pioneers.

After the dinner the class went in a body to room six, Morrill hall, where the class banner and the basketball championship banner, won by the class in their Sophomore year, were hung in place.

You may eat at the Owl any time you please.

As a Student

You owe it to yourself to use every honorable and legitimate means at your command to develop your education.

Scholarships, Gifts and Prizes

The following scholarships and prizes are offered for the purpose of assisting deserving students and rewarding excellence in scholarship:

1. The F. O. Norton scholarship of fifty dollars to the most deserving student in the Mackay School of Mines.

2. A scholarship of one hundred dollars from a friend of the university. This scholarship is awarded at present to Robert Farrer, editor of the Sagebrush, of the College of Arts and Science, at the request of the donor.

3. Five regents' scholarships of fifty dollars each to students who show in highest degree the general qualities which go to make successful men and women. These scholarships are apportioned as follows: One to the most deserving student in the sub-Freshman year; one to the most deserving student in the College of Education; three to the most deserving students in the other colleges of the university.

4. The H. H. Howe scholarship of two hundred dollars payable annually, given by Mr. C. B. Zabriskie of New York, in loving memory of Principal H. H. Howe. This scholarship is awarded by Mrs. H. H. Howe and the president of the university.

5. A scholarship of one hundred dollars, the gift of Azro E. Cheney, LL.D., to be awarded to that student of the university who, in the opinion of the president and faculty, has made the most progress in scholarship and has been the best example of student conduct during the present college year.

6. A scholarship of one hundred dollars annually, given by Ralph S. Stubbs of New York. This scholarship is given to the most deserving student in the university and is to be used for his or her support while in college.

7. A scholarship of two hundred dollars, given each year for five years, the gift of George Wingfield of Reno. This scholarship will be given, one-half the first semester and one-half the second semester, to the most deserving student.

8. The Philo C. Bennett prizes, two of forty dollars each, for the best essay or essays on the principles of free government.

9. A gift of nine hundred dollars has been given by Mrs. George S. Nixon of Reno to the Young Women's Christian Association of the university for the support of a resident secretary for the year 1912-13.

10. In addition to the above is a gold medal awarded annually to the member of the graduating class who has attained the highest average grade in scholarship throughout his or her college course.

11. A prize of twenty dollars is offered for 1912-13 by a member of the Alumni Association to the undergraduate class in the university which excels in the singing of college songs. The contest is to be held in the spring under the direction of a committee appointed by the classes, judges to be appointed from town citizens not connected with the university.

12. A scholarship of \$200 for the year 1912-13 is given by a friend of the university to the most deserving student in the university, to be used for his support while in the university during 1912-13.

Captain Elected

Last Thursday the result of the baseball election was posted on the Associated Students' bulletin board by Graduate Manager Kennedy. The notice showed that the team had selected H. F. Percival of the sophomore class to be the leader of the varsity baseball team for the season of 1912 and 1913.

Percival entered here this year and has made good in athletics. He was one of the best fielders on the team this season and his selection for the position of captain is a good recognition of his ability as a player.

Bread Contest Shows Results

Here man proved his superiority over the weaker sex at the bread-judging contest at the university Saturday, when the second prize for the best bread submitted was awarded to Harold Manion of Portland, Ore., a sophomore in the agricultural school. Over sixty girls competed in the contest and offered loaves of the most tempting kind to the judges in an effort to secure the awards. Five boys likewise competed and out of the vast array of loaves of bread the judges selected the product of Manion as the second best. Indeed, it was declared that there was but little to choose from in choosing between the first and second honors, so expert was Manion in perfecting the composition of the various ingredients that go to make up a loaf of bread.

The judges were Mrs. Dickey, Mrs. Meffley and Mrs. O'Brien. The loaves were numbered and in the elimination of the less fortunate contenders, it was decided that Dorothy Bird be declared the best breadmaker, with Manion a close second. Margaret Hazlett was awarded the special prize offered by Mrs. T. R. Cheatham.

In addition to Manion, Lloyd B.

Patrick, manager of the Sagebrush, H. F. Percival, captain of the next year's college baseball team, Joe Wilson, a member of the Rugby team, and "Husky" Sinai participated and submitted loaves and near loaves of bread in the contest.

STUDENTS HAVE NEW STORE

With this issue of the Sagebrush the advertising columns contain the announcement that a certain firm is the state agent for uniforms and equipment. The students will do well to remember that this firm has only been established in their new store for a little over a week now and that they are prepared to meet the college man with the very first line of men's wearing apparel.

FRESHMEN ELECT FOR NEXT YEAR

The Freshman class, which has just finished its first year in the U. of N., held its final meeting as Freshmen Tuesday night, and elected officers for next year. Plans for drubbing next year's Freshmen were discussed, and as every member stated that he or she expected to return it is more than likely that there will be a lively time for the first few weeks at least. The officers elected were Joe McDonald, president; Ira Kent, vice president; Maude Price, secretary; Andrew Croft, treasurer; A. S. Boggs, yell leader.

Seniors Give Fine Play

The Mackay Pioneer class again made history Saturday evening when they staged the annual senior farce at the Majestic theater. They played to the biggest house that ever witnessed a college play put on by the students of the University of Nevada. To say that it was good would not begin to tell how good it was. The play was entitled "The Time of His Life," and the audience surely had the time of their lives laughing at the funny things that were brought out in the course of the performance.

Three evening started off with the presentation of the badges and medals to the winners of the events in the academic meet that was held that afternoon.

Professor P. B. Kennedy, chairman of the league committee, made a few well selected remarks and introduced Chairman A. A. Codd, of the board of regents of the university.

Regent Codd made a short talk that received a good round of applause. Professor Serugham read the names of the badge and medal winners and the lucky ones were given their prizes by Regent Codd.

Each of the five record breakers of the afternoon's meet was given a good reception. Noyes of the U. N. High was given the biggest send-off of the five.

After the giving out of the prizes and the medals Miss Morrison played a selection on the harp and then the play was on.

The play was fine and the way that the several people handled themselves showed how well they had been trained. The audience was in laughter the whole time. Each person played his or her part in the best manner possible.

Miss Maltilda Jepsen, as Mrs. Bob Grey, took the part of the leading lady. She was very dainty and made a splendid impression. Her portrayal of the part was excellent. Fred Arnold as Peter Wycombe, a pessimist, undertook a character role and really made good. Harold Hale as Mr. James London put plenty of spice into his part and obtained considerable applause and created his share of the laughter. Carl Tibbals and Morris D. Anderson deserve special mention. Their work was very good. Ethel Thompson was decidedly pretty and did all that could be expected of her in the part she essayed. Edgar Pearson and Norman L. Dorn took their parts well.

Between the first and second acts the ever popular Glee club sang several of its nicest songs. The Glee club is too well known to need say that they were encored several times. During the intermission between the second and last act Miss Morrison again favored the audience with selections on the harp and the Glee club sang a couple of songs.

It was nearly midnight when the last act was finished. The audience left well satisfied that they had seen a good show and had the time of their lives.

When you want to eat, eat at the Owl.

OFFERS PRIZE FOR CLASS SINGING

Next spring there will be a singing contest on the hill between the college classes. There has been a prize offered by an alumnae for this purpose and it amounts to twenty dollars. The conditions of the contest are that the classes must sing college songs and that the judges of the contest must be appointed from the people of the town who are in no way connected with the university. The party who is giving this prize says that the contest must be held in the spring semester of the college year.

This should prove to be quite an interesting event. It may be that some one will write some new college songs for the occasion. That might not be a bad idea for we need some new ones and need them badly.

When you want to eat, eat at the Owl.

Present Portrait to University

One of the important ceremonies is to be the presentation to the University of Nevada of a fine portrait of President J. E. Stubbs. The painting is the work of the brush of Mary Curtis Richardson. This artist is considered the very best on the Pacific coast. She has done portrait work for President David Starr Jordan of Stanford, Mrs. Mills and many others of note on the coast.

The portrait of President Stubbs was on exhibition at the art studio of Vickery, Torry & Atkins in San Francisco last fall, attracting a good deal of attention and a whole lot of favorable comment from the art critics there.

The portrait will be presented to the university as a gift from the faculty and alumni. It is the beginning of the art collection that is to be placed in the new administration building that will be erected in the near future.

FACULTY ARE AGAIN DEFEATED

Score is not an item in the faculty-senior baseball game. The game held on Mackay field yesterday gave the senior or in common parlance, the Mackay Pioneers, the decided advantage so far as the score is concerned. The absence of Farmer Knight in the faculty team made the game much less interesting than it has been usually. The score was a joke and as we go to press the exact score can not be obtained as the faculty did not keep track of their numerous points. The result was about 10-5 and the seniors held the heavy end.

Spike Henderson, the senior pitcher, was out of form and Charlie Haseman of the world beating faculty was in excellent form at the stick, and made a long drive to the hills north of the field. As the sun went down the score was almost completed and the seniors were still doing some heavy batting.
