DON'T MISS THE RALLY FRIDAY NIGHT

Football Prospects Are Very Bright

If football could be put on the stock market, the stock would be booming and would read at a premium, with all takers and no sellers. Not in the past four years has there been such enthusiasm as prevails at present, and that such a spirit will continue to reign is a conclusion that even the most skeptical must come to. It's a case of "Everybody's doin' it." What? Why, talking football.

Among the large bunch of freshmen there is a greater quantity of weight than we have registered in a number of years, and that some of the men who exhibit this avoirdupois will be seen in the big games this year is a natural conclusion. The spirit that the new men have is of the right kind. Yesterday Coach Buchanan was talking with several and his usual question of "Do you play football?" was invariably answered with "I have not played the new game, but am going to try for the team, having played the old game a lot. If I can't make the team this year, I will at least be able to help others make it by giving them practice, and as I hope to be here for a few years, my turn may come later." That was the line of talk that the coach heard all day, and to say that he was pleased over the outlook would be taking a very mild view of the affair.

The forward division is where the repairs are needed the most, and though there will probably be several changes in the back field, the material of the last couple of years cannot be improved upon. With their knowledge of the game needs touching up considerably, and with all due respect to Nevada's previous coaches, it is safe to say that Coach Buchanan will give them a better idea of "the inside workings" of a

back field than they have had heretofore.

Buchanan was raised on football, and was one of the best half backs that Australia boasts of. And though he did not make the All-Australian team, he was held in reserve, in '02, '03 and '04 being beaten out by Pat Higgins, now coaching Santa Clara College, and "Snowy" Baker, who twice represented his country at the Olympic games.

His record is a good one, and as his heart and soul are in athletics, there can be no doubt, but that we must look to a winning team for this season. And the way to help the most is for us all to get out for football, whether we have any chance to make the team or not.

When one considers what a difference there was in the University of California team after "Mother" Howe coached them, one has to recognize the fact that there is virtue in the services of a man (as coach) who has played the game from infancy.

Coach Buchanan gave up an important position as director of athletics at the Los Angeles Athletic club in order to come to Nevada, his one object being to coach a team that would play against Australia. And if we should get no game with the men from the land of the kangaroo, it will make no difference to Euchanan. Graduate Manager Ross has worked hard on the schedule, and should the Australian game fall through, it will be substituted for a game with Santa Clara, which will be a different kind to the one we have played with the Mexicans in the past. There is a lot of good natured rivalry between coaches in this game.

Pat Higgins was boys at school together and have "scrapped" for their positions since childhood. And incidentally it might be mentioned that Nevada owes a debt to Pat Higgins, due to the fact that he recommended Buchanan as coach.

Mackay Museum Has Gifts

The museum in the mining building has been enriched during the summer by two very valuable gifts. The first is a large panoramic view of Bingham canyon, Utah, showing the extensive mining operations being carried on there by the Utah Consolidated. Mr. Daniel E. Jackling of that company is responsible for this valuable addition to the museum display.

The other gift was made by Mr. Marion Foss, a graduate of the School of Mines of this institution. It consists of some very valuable specimens of native silver and nickle and cobalt ores from the Cobalt district, Ontario.

Summer School at U. of N.

The first summer session of the University of Nevada opened on June 24 with an attendance of eighty-seven teachers and would-be teachers from our own and neighboring states.

The faculty, composed of Dr. Ordahl and the Misses Abbie and Grace Day, though few in number, was very efficient. While Dr. Stubbs encouraged by his kindly presence and words of advice.

These excellent educators inspired us with an enthusiasm that carried us through six weeks of work that might otherwise have been rather arduous. No doubt the teachers who profited by the instruction will find their schools at the end of the year so much improved that they, as well as the school boards and superintendents, will petition for a summer session every year.

ONE OF THE TEACHERS.

Call at the Owl Cafe for a quick meal. Our customers never miss a street car.

Prof. Young Weds in Berkeley

Professor George Young of the University of Nevada was married July 22 to Miss Wayman Atterbury of Berkeley. The wedding was of a quiet nature and only a few intimate friends and relatives were present at the ceremony, which was solemnized at the bride's home, 2621 Le Conte avenue, Berkeley.

Professor Young has been connected with the mining department of the Nevada university for a number of years. He is a graduate of the University of California, as is also his bride, who was a graduate of the class of 1907.

ATHLETIC FEES

Treasurer Nat Wilson is on the job with his receipt book. Pay athletic fees either to the treasurer in person or to Mr. Gorman at the office as you register.

White help entirely at the Owl Cafe.

Miss Amy Edmunds, B. A. '97, and later of Columbia university, gave a lecture in Eagle hall, Reno, on July 24, 1912, on the subject, "White Slavery." Miss Edmunds' home is in Butte, Mont., where she has been since leaving Reno.

Miss Helen Ann Meighan has resigned from her position as physical culture director, consequently there will be no "torture" for the girls this year.

Rich Sheehy, Ex. '15, accompanied by his father, left the first part of the summer for Peterborough, Can. "Wits" will attend the University of Toronto this year.

The large man without a mustache is Vice President Lewers of the University of Nevada, and not the oft-defeated editor of the Commoner.

"Slatts" is there. Where? At the Owl Cafe.

New Profs In Agriculture

Under Prof. True in the department of agriculture have been added the three new professors, Howes, Sharp and Scott.

Mr. Ernest A. Howes, B. S. A., has been recommended to this institution from his work in the department of field husbandry at the Ontario Agricultural College at Guelph. Mr. Howes, in Ontario, made a great success of school garden work, was principal of the Macdonald Consolidated School at Guelph, has traveled throughout that district as seed inspector and has been in charge of the germination laboratory and trial plot tests conducted by the dominion department of agriculture at Ottawa. In addition to these recommendations Mr. Howes has had practical experience in farm work, has done special work in American schools and has studied at Cornell, Columbia and Clark Universities. Mr. Howes' work in Nevada will be largely concerned with the subject of agronomy and in practical experiments at the University dry farm near Elko. He brings with him his wife and two children who will reside in Reno.

L. T. Sharp has been in charge of soil investigations at the University of California and this work in connection with the experiment farm will occupy the great bulk of his time here. Mr. Sharp is a graduate of the University of California and comes to this institution highly recommended.

The position of instructor in dairying is to be filled by Mr. V. E. Scott of Menomonie, Wis. Mr. Scott comes to us from the Dunn County Agricultural School, where he was in charge of the creamery and animal husbandry branches.

Summer Jottings

Miss Gertrude O'Hara, sister of Earney and Phil O'Hara, was run over and killed on the Sierra-street crossing in Reno on the afternoon of July 12 by an eastbound fruit express. Miss O'Hara was well known in University circles and had been teaching in Paradise. She was spending her vacation with her family in Reno.

Mr. J. H. Cazier of Wells, Nev., presented to the agricultural college in June, 1912, the bull calf Rubbo, a brother of the Hereford bull Wilson, which was a prize winner at the Sacramento fair last year, and which was later sold to Bemmerly and Duke of Woodland, Cal., for \$400.

Carl Stoddard, ex-Mines 1900, was married at San Francisco, Cal., to Mrs. Mabel Pratt Lindsay, ex-Special 1900. They will live at Redding, where Mr. Stoddard is at present located in doing some work for the land department of the Southern Pacific company.

Bernard O'Hara, Mines '03, has gone from Mexico to South America. He will be located at Guayaquil, where there are several Nevada boys, among them Jerry Higgins, Ajax Wolf, Rush Hess, Mort Pratt and Arthur Kelly.

Miss Mary B. Vinton, teacher in the Reno schools and who was doing special work at the University, was married on June 12 to Mr. C. H. Bender, one of the instructors in the Reno high school.

Mr. Harold Fletcher, who graduated from the University of California B. S. (natural sciences), 1912, was a visitor on the campus during the summer. Mr. Fletcher is going back to U. of C.

Joe Wilson of Nordyke stopped over in Reno a few days the first week in July. Mr. Wilson was on his way to Davis, Cal., to take a position with Thornton Glide, a prominent stock man of that section.

Professor True went out to Yerington to speak at the commencement exercises of the Lyon county high school on June 7. He was accompanied by Dr. Stubbs.

We never close the doors of the Owl Cafe.

Glee Club to Organize

Encouraged by their great success of last year the U. of N. Glee club is to organize early this semester and attempt the best possible in the musical line. Since their triumphs at Carson, Virginia and Reno many invitations to appear have been received. A concert at each of the nearby cities is planned and for Christmas week a tour of the northern California counties is to be undertaken.

The prospect for new voices is mighty good. With the promise of a hundred and fifty entering students the percentage of talented ones should be high. Prof. Haseman has already peeled his weather eye and if a single promising voice gets past him it must be mighty slippery.

An organization meeting is scheduled for the early part of next week. All the old members are asked to watch the bulletin boards for particulars. If there is anyone among the new students who thinks he can sing or knows some one else who thinks he can sing he should watch carefully for the announcement, for he is expected to attend that meeting. If you have the least possible desire to enjoy the pleasure and fun of the Glee club this year you should see Prof. Haseman immediately to arrange for a tryout.

The membership this year will be limited to twelve, and these twelve are to be the cream of the school, for admittance is by tryout only. Get out for the Glee club fellows. It is a typical Nevada institution. For fun it can't be beat.

Y. W. C. A. Has New Arrival

A new arrival in Reno and one that promises to be of great advantage to the better element is Miss Winnifred Wygal, who comes from Springfield, Missouri, a graduate of the Young Woman's National Training School of New York. Miss Wygal comes to Reno to take the position of general secretary of the Young Woman's Christian association of the University of Nevada. The position has remained unfilled until now because of the earnest desire of the association to make the best possible choice, and by the generosity of Mrs. Senator Nixon, the present candidate has been secured and there is every prospect of making as fine a success with the young ladies as there has been with the boys. Success to both.

VARSITY EVENING AT THE BAPTIST CHURCH

Appropriate to the opening of the university for another year, Rev. Brewster Adams, pastor of the Baptist church, has arranged for a special "Varsity Evening" on Sunday, August 18, at 8 p. m. A feature of the service will be the singing by Master Roy Sheldon, who was the boy soloist for the famous boy choir of the Cathedral of St. John the Divine of New York city. The invitation includes an attractive program for our students and affords the new students an opportunity of getting acquainted with the Reno townspeople. Mr. Adams will speak on the "School of Life."

Brewster Adams, the pastor of the church, is a welcome visitor at the 'varsity and is himself a 'varsity man and has a great many interests in common with the students of a western university.

Dr. Stubbs left for Alturas and Cedarville on the morning of June 12. He spoke at the graduation exercises of the schools at both of these places.

Mr. A. E. Chandler, secretary of the American Engineering corporation, San Francisco, Cal., who was formerly associated with the experiment station, was a visitor at the University on July 8.

Hon. Jas. H. Kinkead of Virginia City, member of the honorary board of visitors of the University, died suddenly in Reno, June 9, 1912, of heart failure.

New Dining Hall Service

Sunday morning the dining hall was reopened after having been closed four days following the summer session.

E. L. McKeown, who managed it during the summer school, has been secured to serve temporarily, and Mrs. M. N. Cox has been doing the cooking pending the arrival of the new chef and his assistants.

The following rules, approved by the president on June 29, have been adopted for the government of the University dining hall:

1. Board is payable in advance.
2. Parties desiring to board regularly at the University dining hall will be required to register with the head waiter.
3. Registration at the dining hall will be made only upon presentation of comptroller's receipt for board paid or by authority of regular permit from the president of the University.
4. No rebate shall be made on board for less than one week's continuous absence. Due notice must be given of the intended absence or no rebate will be allowed.
5. Regular boarders having guests for extra meals, or parties, not regular boarders, taking meals at the dining hall must pay for same in advance.

The low rate at which board is furnished, viz., \$16 per month, makes it imperative that payments be made in advance, and no exception will be made to this rule except in the case of students who are employed on or about the campus and in those cases the board will be deducted from their monthly pay check.

In the matter of dining hall help students will be given preference in all cases, and will be employed where being the desire of

the Board of Regents to give deserving students every opportunity to make their expenses while attending the University.

The elimination of the Chinese cooks from the dining hall has met with the approbation of all concerned, and the present arrangement will undoubtedly prove highly satisfactory.

A COLLEGIATE SOLILOQUY

To flunk, or not to flunk, that is the question—
Whether 'tis better to prepare to answer
The ponderous quizzes of these fustil Prof's;
Or to neglect to cram for the exams,
and thus
Through non-resistance obviate suspense?
To flunk; yes, by this means at once to end
The heartache and the thousand natural shocks
'Twixt now and finals—'Tis a consummation
Devoutly to be wished. To flunk; or by
A shade to pass. To pass—Ay, there's the rub;
For in vacation days the things that come—
When we have shuffled off this college life—
Must give us pause. Ah, there's the awful phase
That makes a mockery of summer hours.
For who would bear the taunts—the gibes—
The barbed reproaches of the grinds who passed;
The scornful, sidelong glances of each peach
With whom one idly fussed through both semesters;
The old Prof's look of, "Ha!—I thought as much!"
And then the folk at home . . .
To say, "I flunked—"
Shades of Minerva! . . . None of that for me! . . . None of that for me!
Where is my Euclid? Where my calculus I'll cram!
—Satire.

Miss Mabel Reed, B. A., 1909, who has been teaching in Elko, was married on June 19 to Mr. Harry Robinson. They will live in Ruby valley.

"Kaiser Bill," Professor True's yard long dog, departed via the chloroform route June 7, as the result of a chicken massacre which he instigated and carried out alone.

Sophomore Surprised

Archie Trabert, '15, returned from Tonopah Monday night. There was a surprise party waiting for Archie. When the popular prelie went to bed he had the most peculiar dream. He dreamed of deserts and crawling things and the night seemed long and full of funny noises. With the first streak of dawn, Archie was awake and as he pulled himself from the coverlets a huge snake glided from its comfortable nest in the Soph's pillow and hissing past his ear made for the open country. Mr. Trabert had fully regained consciousness when last seen.

The Library This Year

The students this year will be greeted with very few changes in the library. Prof. Layman has moved the loaning desk nearer the door for greater convenience, and has so adjusted the other tables on the north side so as to allow more room for passage back and forth on that side. In the library every one will miss Miss Armstrong. At the end of the last college year Miss Armstrong accepted a most flattering position in Oakland, and in May commenced her duties in that city.

Prof. Layman will be assisted this year by Miss Pearl Stinson, who has been employed for the past year in the book room. Mr. McNeilly, upon his return to Reno, will resume his duties here and in addition, as student assistants, Prof. Layman's two sons, Harold and Oliver, will be employed.

The library staff is gradually catching up on the cataloging. Much of this work was done at odd moments during the summer by Miss Pearl Stinson.

About twenty-five have already registered in the chemistry department. Mr. E. E. Williams, '12, has been selected to fill the position of laboratory assistant, made vacant by the resignation of Pop Anderson. Mr. Bannigan, '15, will occupy his old place as storekeeper.

Miss Mabel Jones, the popular instructor of music, will not be on the campus this year. Miss Jones will remain in Reno in attendance upon her father, who is in ill health.

Misses De Laguna and Bardenwerper returned last week after a very pleasant vacation spent at Lake Tahoe, Oakland and Berkeley.

Dr. Stubbs' son John, who attended the prep school during the past year, will resume his studies at the Lomas school for boys at Port Deposit, Md.

Dan Bruce, Mines '12, and Paul Schrapps of the same class are employed in the West End mill in Tonopah.

Jimmy Goldsworthy, '13, is associated in business with Louis Leavitt '10, at Mason and will not return to college until after Christmas.

If you are out late call at the Owl for lunch.

STUDENT'S FRIEND AT GAZETTE

Mr. F. F. Runyon, the genial editor of the Journal for the past few years, has now taken a similar position with the Reno Evening Gazette and will be only too glad to welcome his friends there.

During Mr. Runyon's period of work at the Journal he made it a point to never miss any item of interest to the students or the University in general. During the past few days while the University has been opening there has been items of local interest in every Gazette and that is what makes the people think that the University is doing some good in the state. Publicity always helps and that is what Mr. Runyon is seeking to do for the U. of N., and his efforts to that end deserve the co-operation of all those connected with the University.

EDITORIAL

OUR POLICY

This is the first issue of the U. of N. Sagebrush for the year 1912-13. We place it in your hands with no boast and no apology. We ask you to accept it in the same spirit. We think that our University is beginning the banner year in her career. We are making every effort to hold its only student publication up to the same pace. Whether or not we succeed is in your hands.

We wish to say frankly and at the outset that this paper will be a "boosting" and not a "knocking" medium. When every knock is a boost we propose to knock. If at any time we think that publicity will work a hardship and will not be for the best interests of the institution, we intend to keep still. In short, the policy of this paper will be to run on honest, businesslike lines, always aiming and striving in the direction of a higher standard and a greater college.

As the "Sagebrush" is the college news distributor we ask you to use it as your advertising agency. If possible we should like to displace the bulletin boards. If there is anything of fun or general interest upon which you and we agree is good for all to know we shall always be glad to accept and print it.

In regard to college politics, fraternity prejudices and preferences, and gossip we wish to be understood as having nothing whatever to do. Our ambition is to publish an honest, frank and progressive paper, first, last and all the time devoted to a greater and a higher standard.

"KEEP YOUR STANDARD OF LIFE HIGH!"

In the doorway of the library of the Mackay School of Mines there

hangs a bronze tablet with perforated letters. These letters form the words of a simple command: "Keep your standard of life high!" and the date, May 15, 1912.

In this simple motto there is a sermon from Nevada's greatest friend directly to her students. In those six words may be found the secret of all that is good and noble in college and after life. In them is to be found the secret of showing our appreciation and our worthiness of a true friend's friendship. Let every one of us remember throughout this, Nevada's greatest year, the motto Clarence H. Mackay inscribed for us— "Keep your standard of life high!"

A HINT

In a friendly manner we wish to warn the incoming classes against any defacement of school property, either by numerals, names or otherwise. This procedure is always unpopular at Nevada and a hint is usually sufficient to check it.

SOMETHING FOR LADIES

For the lady that fully appreciates fascination and skill that develop with a little time spent at fancy work, embroidery and lace making there is a shop in Reno that teaches. Mrs. Calver, at the M. F. Goodwin Co., Masonic Temple, is daily receiving guests and showing them the finer arts of needle work. The materials she has for sale are reasonably priced. They include all the latest exclusive patterns and will surely warrant the attention of any lady that cares to call.

Call at the Owl Cafe for a quick meal. Our customers never miss a street car.

Reno, Nevada, August 12, 1912

DEAR STUDENT:

You are about to enter upon the studies for this semester, and it is of the greatest importance that you should be in best of condition to meet the many duties which require your full attention. To be able to cope with your fellow student it is essential that your physical condition is up to the highest standard, and every loss of vitality be wisely avoided. An unconscious waste through "EYE STRAIN" may cause you unnecessary trouble. I would be pleased to have you call and get a thorough scientific examination of your eyes FREE of charge. If you DO NOT need glasses I will frankly tell you so. I am a registered Optometrist, and passed the examination of the California State Board of Optometry, am a graduate with the highest honors of the Philadelphia Optical College, also of San Francisco and Los Angeles. You will get the benefit of my thirty years of experience in the Optical profession. All my work will be warranted and glasses furnished at most reasonable rates. I can duplicate any lens at short notice. Assuring you of a fair deal, permit me to remain,

Yours respectfully,

JOHN B. KOCH, O. D.

DRUGS, TOILET ARTICLES

Prof. Palmer New Benedict

The marriage of two well known young people of Reno took place in Oakland July 25, when Professor Walter S. Palmer of Reno took the vows that united their lives. The wedding occurred at the home of Mr. and Mrs. A. M. Ward, 632 East Seventeenth street, which had been beautifully decorated for the occasion. The bride wore a blue serge traveling gown. The impressive ring ceremony was used, Leslie M. Burwell, pastor of the Methodist church at Pacific Grove, officiating. Those present were Mrs. May Stanley Palmer, the mother of the groom, Mr. Lawrence Munk, the brother of the bride, Mr. and Mrs. A. M. Ward, Miss Dora Stanley, Mrs. Charles J. Eckstrom and her children, Frances and Ward, and Miss Katherine Anderson. A collation was served at the conclusion of the ceremony.

Professor Palmer has been brought up in Reno, and is known and respected for his sterling character and fine ability. A graduate of the University of Nevada, he later took a post graduate course at Columbia University, winning a higher degree and fitting himself for a splendid career. For some time after his work at Columbia he was in the employ of the United States government inspecting mineral lands over this state and California. Then came a call from the University of Nevada to enter its faculty, which he did, at present holding the position of instructor of mining and metallurgy in the Mackay school of mines.

The bride has a wide circle of friends in Reno and in other parts of the state. She is a member of the Delta Rho sorority. It was as a student in the university that she and her future husband met. Both are members of the First Methodist church of this city.

Professor and Mrs. Palmer have gone to Pacific Grove for a stay of a week or ten days, after which they will take up their residence at 204 Mill street, this city, where a new home is in process of erection to receive them.

DEATH OF BELOVED SORORITY GIRL

Nettie Elizabeth Newmarker, one of the most popular students in the class of 1915, died suddenly at her home, 607 North Virginia street, on May 28, 1912. Death came without warning, and the news of her sudden demise was a shock to her wide circle of friends.

Miss Newmarker was a native of Reno and aged 19 years. She graduated from the Reno high school with the class of 1911. Last year she entered the University of Nevada. She was a member of the Delta Rho and Omega Nu sororities, and of the Jolly Dozen club. She was indeed a character so full of love, loyalty and good fellowship that it is with deep sorrow her many friends pay tribute to her memory.

NOTICE TO STUDENTS AND FACULTY

The college weekly, The Sagebrush, is off the press today. Each and every member of the student body and the faculty will receive a gratis copy of the first issue.

The subscription price for the entire year is payable in advance for the 1912-1913 Sagebrush.

Any student who may wish to send the paper to outsiders may do so by leaving name and address with the manager.

Subscription (for full year) \$1 Absolutely in advance. There will be no exception to this rule, as it takes too much money to finance the paper and it certainly deserves the support of every person connected with the University.

Subscriptions may be paid to any of the following:

- L. B. Patrick, 1913.
- Joe McDonald, 1915.
- Miss Frances Smith, 1915.
- Robert P. Farrer, 1914.
- (Signed) L. B. PATRICK, '13. Business Manager.
- Office: Hatch Hall.

Do You Get This?

On all registration days athletic fees will be received by Registrar Gorman in the office or by Treasurer Nat Wilson on the campus.

A NEW REGISTRATION SYSTEM

A new system will be used this year in regard to registration. Hereafter when a student registers and pays his fee he will receive a comptroller's receipt, but in case of the student who is working his way through college or one who has not the money to pay his fee he will be given a card in lieu of the comptroller's receipt.

Popular Reno Couple Marry

One of the prettiest weddings of the season was that held at the residence of Mr. and Mrs. W. E. Otis, Jr., at 420 Thoma street, July 18, where amid a fragrant bower of sweet peas and the vivid green of wild asparagus Miss Alice Carey Wood was united in marriage to E. D. Mack, '09. The strains of Mendelssohn's wedding march ushered the bridal party, consisting of the bride and groom, L. C. Lonkey as best man, and Miss Frances O'Hara as bridesmaid, before the altar where Rev. W. D. Trout solemnized the tie that binds.

As the minister intoned the words that made them man and wife the soft melodies of "Hearts and Flowers" floated through the rooms from the violin played by Mr. R. Gott, who was accompanied by Mr. G. Williams at the piano.

The ceremony was witnessed by only a few of the closest friends of the young couple who are widely known in Reno and popular among the younger set. The bride is a niece of Mrs. Otis, and the groom a prominent young man of the city and son of Judge and Mrs. C. E. Mack.

Following the close of the ceremony and the felicitations incident upon the occasion, the wedding party adjourned to the Mack residence at 132 Island avenue, where an impromptu reception was held and light refreshments served. Many friends dropped in during the evening to convey congratulations. No honeymoon is planned at present as the young folks will be busy settling in their new home. The trip will be taken at a later date.

Among those present to witness the tying of the nuptial knot were Mr. and Mrs. C. E. Mack, Mr. and Mrs. B. F. Cunningham, Mr. and Mrs. R. C. Tarritt, Chas. W. Mack, Miss Ethel L. Walker, L. C. Lonkey, R. B. Ironside, Mr. and Mrs. Sam Frank, Miss Frances O'Hara, Miss Ruth Lissak, Mr. and Mrs. W. D. Trout.

MAJESTIC PRESENTS A FINE PROGRAM

If a seven piece orchestra, three high class acts, five reels of pictures and courteous treatment will attract students to the Majestic theater there is no doubt that there will be a goodly crowd at every show that the Majestic places on the stage this year. New management has taken over the house and the results are certainly gratifying to say the least.

The singing at the Majestic is far above the par of the average Orpheum shows in many of the larger cities of the west. The exclusive pictures shown in the Majestic only are the best that are shown on the coast anywhere. If the students will but note that the shows are to be popularly priced for the ensuing year they will appreciate the fact that the Reno play house is doing all in its power to make the shows attractive and that they will always greet students with the glad hand.

NEW JEWELRY STORE IN TOWN

The store which has been known as Frank Golden Sons, Inc., corner of Virginia and Second streets, hereafter will be Marymont's jewelry store. Negotiations looking toward this transfer have been in progress for some time and now have been concluded.

The new owner has now taken possession and announces quite elaborate plans for remodeling the store so that it will be a decided credit to Reno. Mr. Marymont states that an entirely new plate glass front will be installed just as rapidly as workmen can do it. An immense steel girder is now in front of the store ready to be placed as a support for the building above. Mr. Marymont also states that he has given orders for interior fixtures, which will make the store the finest in the state of Nevada. Orders already have been sent in for a large stock of diamonds, cut glass, latest designs of jewelry novelties, the best known lines of watches; that expert watchmakers and jewelers will be employed and it is the declaration of the owner that everything will be conducted on the best lines known to the jewelry trade.

During the progress of the remodeling and as the owner will not have the use of its show windows, the Marymont store will be put on a special reduction sale, offering goods at greatly reduced prices.

General assembly will be held Friday, August 16, at 11 o'clock, in the gym. Addresses will be delivered by the Rev. Dr. W. R. Jenvey, pastor of Trinity church, Hoboken, N. J., and by Dr. J. E. Church, Jr.

Dr. J. E. Stubbs, president of the university, accompanied by his family, will leave next Monday for his vacation. During his absence the president intends to make a trip around the world and expects to land in San Francisco August 10, 1913.

Personal Notes Of Interest

Floss Reed, '12, will teach in Clover Valley.

Helen Hobbins, '12, has a school near Austin.

Hazel Ohmert, '12, is to teach at Smith's Valley.

Carl Tibbals, '12, has a very good position in Vancouver.

"Muffet" Jones, Normal '12, is to teach at Derby this term.

Harry Scheeline is a freshman in the college of arts and sciences.

Prof. Boardman's headquarters have been moved to the new electrical building.

Miss Lois Benton of Reno high school is a member of the sub-freshman class.

Van Dalstrom, well remembered by some of the older Preps, is a freshman in mines.

Hazel Larcombe McKenzie, '10, took the summer school course this year at U. of N.

"Bee" Bray, '11, attended summer school at Nevada. "Bee" is to teach in Tonopah this year.

Ethel Thompson, '12, will be at Fallon next year, where she will teach a large class in music.

Miss Mary Rate, a graduate of Sparks high school, is one of the popular members of the freshman class.

Claude Teele, '12, is employed in the cyanide plant of the Standard Consolidated Mining company at Bodie, Cal.

Miss Mathilda Jepsen is to teach algebra, English and history in the Douglas county high school at Cedarville for the ensuing term.

Isabelle Schuler, '12, is traveling in the east this summer before taking up her work in pharmacy at Columbia University in the fall.

Miss Schuler, '09, who has taught successfully in the Elko high school for the past three years, is enjoying a trip to Europe, which will extend over the next two years.

greater and a h... ada. Prof. True and Prof. Howes left Saturday for the dry farm near Elko. Professor Howes is to have charge of this branch of the aggle equipment. They will return to Reno Tuesday.

The big storm of August 2 caused a flood at one of the north windows of the library and but for the timely arrival of Mr. Layman considerable damage might have been accomplished.

R. A. Allen, formerly a student at the University of Valparaiso and who has lately been employed in the mechanical department of the C. & C. in Virginia City, is one of the new mechanical students.

D. R. Fraser, for years the popular college janitor, spent a week in the Soster's hospital during the summer. The following two weeks were enjoyed in a visit with his mother and sister at Alameda and in swimming in the surf at Santa Cruz. D. R. has completely regained his health and is busy welcoming his old friends as they return to the campus.

Both of the Bennett boys spent several days in town during the summer.

Raymond Richardson, Ex. '13, will not return to college this year. He is at present working in Manhattan.

Mrs. M. E. Porter, the matron of the hospital, will not be with us this year.

Miss Alice Brennen, Ex. '14, is going to register at Sanford this year.

Chester C. Taylor of Silver City, ex-Mines, '05, was a visitor on the campus during the summer.

Fred Whitaker, Mines '03, has returned to the states from Mexico. Rumor has it that he is coming after a wife who was a former University girl.

L. Goldstein, '07, who is doing work in history and economics at Harvard, paid the University a visit on June 24.

If you are out late call at the Owl for lunch.

RULES MADE FOR NEW STUDENTS

Posters Appear Giving to Freshmen at the University

In accord with the usual custom the sophomores and the upperclassmen of the university have prepared a series of rules for the guidance of the freshmen. These rules appear every year and cover practically the same points but much toil is used in devising new phraseology.
The edict of the sophomores directed to the class of '16 is entitled "Sixteen systems to prove that water seeks its own level and that a freshman is below the level of water."
Rules concerning garb, conduct and the mental duties prescribed for the freshmen are picturesquely stated and with each is a plain threat of a ducking as a penalty.
The rules made by the sophomores were printed in gaudy colors on large posters and during the night several hundred of them were posted throughout the city.

Jos. Durkee, '95, Charles Magill, Mines '94, and Nott Leece, Ex. 1890, were on the campus on July 2 looking over changes.

Mr. Irving Henry Sanford, H. S. 1907, and Miss Lofthouse, both of Fallon, Nev., were married in Reno June, 1912.

Miss Della Skinner, ex-H. H. Com. 1906, was married in Reno on June 30, 1912, to Mr. John G. Coffman. Dr. Stubbs performed the ceremony.

Professor R. D. Jackson, formerly in charge of the mining school of the University, was a visitor in Reno in July.

Professor S. C. Dinsmore and S. E. Ross left July 5 for San Francisco, from which point they will sail for Seattle to attend the pure food and drugs convention.

Miss Gertrude Bonham, B. A. 1897, who is teaching in California, was a visitor on the campus in June.

Amy C. Doane, Normal '05, was married to Mr. George Elliot Verrill at Chico, Cal., on June 3, 1912.

Miss Elizabeth Rand, Normal 1907, was married on May 20, 1912, to Mr. Chas. Safford Walker at Pine Valley, Nev.
