

## Food and Drug Demonstration

Through the courtesy of the department of food and drug control of the university the Washoe Market was able to give a pure food demonstration to its customers a few days ago. Many samples of pure foods were shown, also many impure and adulterated products were exhibited. Upon request, Mr. Ross presided over the demonstration and through him the public received much valuable information relative to labeling by unscrupulous dealers, the real meaning of the label, the frauds practiced in building up jams and preserves, the methods used in adulterating rice, flour, extracts, spices, cereals, etc.

Among the interesting products shown were skimmed milk products, wheat products, breakfast foods, strawberry jam and extracts containing no strawberry. Infants white woolen stockings dyed red with coal tar color obtained from allday suckers, and woolen cloths dyed various colors from artificially colored foods. Other things too numerous to mention were shown by the food and drug commission and all proved to be interesting and instructive.

The officials in charge of the food work are doing everything in their power to enlighten the consuming public and state that their exhibit will be loaned to any person or concern desiring to use it for demonstration purposes. Professor Dinsmore, who has charge of the work, has agreed to write articles now and then for the Sagebrush on this all-important subject so our readers can look forward to good hints for the housewife through our columns.

## SOPHS WIN TUG OF WAR AT U. C.

Owing to the discovery at the last moment of a leak in the huge pushball at the University of California a tug of war contest was substituted. The Freshmen put up a game fight but in three and a half minutes the '15 men pulled the white handkerchief over the line and were given the decision.

## SPENCE IS HERE

Raymond Spencer, '12, a graduate of the School of Electrician Engineering, is spending the week on the hill. "Spence" has been spending the summer in San Francisco in the employ of the Pacific Gas and Electric company and is now on his way to New York, where he will enter Cornell University.

## Faculty and Seniors Tussle Saturday

The Freshman-Sophomore football game will by no means be the whole show on the Mackay athletic field next Saturday afternoon. The faculty and seniors have also decided to play off their annual match at soccer and will call for at least some notice. Both teams are planning regular training and hard practice all next week preparatory to this strenuous contest. The faculty are contemplating sending to the coast for an experienced trainer to care for their injuries. So they at least anticipate a contest in earnest. The faculty have won two of the three annual games in the three past years and have their honor to protect. Ross and Haseman are notifying all the teaching staff of the university who cannot present a doctor's certificate to appear in suits every night this week for practice and are overlooking nothing to insure the students and friends that the old plugs can "come back." A feature of the game will be the rooting section of the faculty enthusiasts. Seats will be reserved in the shady portion of the bleachers and the high brows will for once in the year cast their dignity aside, forget their differences and appear in a body to root for their warriors.

The seniors, too, are beginning to take a serious stand and are secretly planning methods of attack on their rivals. This is one time in the year when they have a chance to "get back" at their dignified elders.

The faculty line-up will probably be chosen from the following: P.

## Theta's Give Danby Party

The Freshmen girls of the university were entertained by the Theta's Friday afternoon at a tea at the home of Clara Smith. The rooms were decorated with baskets of golden glow, the sorority color. In the dining room the same flowers were used on the tea table, where Miss Novacovich and Miss Bess Webster presided. The Theta girls who helped make the affair a success were Misses Orr, Hauss, Davey, Smith, Van Leer, Noble, Birj, Rudawski, Price, Jones, Williams and Hazlett.

The Theta Epsilon sorority have pledged ten new girls to their list: Misses Lois Benton, Edith Mack, Gladys Hofer, Margurite Croity, Vivian Engle, Margaret Menardi, Grace Harris, Mary Raitt and Vera Lemmon.

Read the Sagebrush for all the college doings.

Kennedy, M. Kennedy, Ross, Powers, Scragham, Sharp, Jones, Haseman, Dinsmore, Thompson, Preston, Boardman, Young, Von Janinski. The seniors will present Charles, Dorn, Mackay, Wilson, Patrick, Chapman, Settemeyer, Layman, Gignoux, Anderson, Gilcrease, Milentz, Grayson, Dellahide.

## The A. S. U. N. Constitution Take Care of It

In order to have the constitution before every one of you the Sagebrush is beginning in this issue to publish it. Every one who has paid his four dollars athletic fee is a member of the Associated Students of this university. It is his duty always to take an active interest and in this way we are helping you to do it.

### Preamble

We, the students of the University of Nevada, in order to provide an organization for the promotion and settlement of all matters of student concern, do ordain and establish the following:

### CONSTITUTION AND BY-LAWS

#### Article I—Name

This organization shall be known as the Associated Students of the University of Nevada.

#### Article II—Membership

All students registered in the University, the University High School and the State Normal School connected with the University, who have paid the dues provided for in Article III of the by-laws shall be members of this Association.

#### Article III—Officers

The officers of this association shall be a President, Vice President, Secretary, Treasurer, Graduate Manager, and Women's Athletic Manager.

#### Article IV—Qualifications and Duties of Officers

Section 1. The President shall, at the time of his election, be a member of the Junior Class, except in such

cases as are provided for in Article 12, Section 2, and he shall have been a member of this Association for at least three semesters, counting the semester in which he is elected as a full semester, and two semesters shall have been consecutive prior to his election.

It shall be his duty to preside over the meetings of this association, to act as chairman of the Executive Committee, to enforce this Constitution and My-laws, to promote the welfare of this Association, and to perform such other duties as may devolve upon him.

Section 2. The Vice President shall have the same qualifications for office as the President. He shall, in the President's absence, perform the duties assigned to that office, and he shall be a member of the Executive Committee.

Section 3. The Secretary shall, at the time of his election, be a member of the Sophomore or Junior Classes, except in such cases as are provided for in Article 12, Section 2, and he shall have been a member of this Association for at least two consecutive semesters prior to his election, counting the semester in which he is elected as a full semester. He shall keep a record of the proceedings of, and shall perform all correspondence in the name and interests of this Association and the Executive Committee. He shall keep a list of the names and addresses of the members of this Association, which shall be the official list of members, and shall perform such other duties as may devolve upon him. He shall be a member of the Executive Committee.

Section 4. The Treasurer shall have the same qualifications for office as the Secretary.

He shall have charge of, and shall keep a record of all Association moneys. He shall render a report to the Executive Committee of all receipts of moneys at the next regular meeting after he receives them, and he shall make no disbursements without a written order from the Chairman of the Executive Committee countersigned by the Secretary of the same body. On or between the fifteenth and twentieth days of each month he shall submit a report of all matters pertaining to his office to the Executive Committee, who shall publish the same. His books shall at all times be open to inspection by any member of this Association. He

(Continued Next Week.)

# UNDERCLASS WOMEN!

## THESE REGULATIONS MUST BE OBEYED

- 1.—No red tams or red headgear of any description may be worn by any underclass girl on the campus or bleachers at any time.
- 2.—No underclass girl may at any time wear anything corduroy or imitation corduroy, such as hats, dresses, waists, skirts, suits, trimmings, etc.
- 3.—Absolutely no high school or other preparatory insignia may be worn.
- 4.—Positively no queening will be allowed on teh campus or bleachers.
- 5.—Only upperclass women will be permitted to take any short cuts, or walk, run, or SIT, upon the grass or terraces.
- 6.—Absolutely no underclassmen shall be allowed in the stack room.
- 7.—All underclass girls are positively required to be on the bleachers by 4:30 every Thursday at football practice.
- 8.—Underclass women must always occupy seats back of sixth row in the gym at all Student Body meetings and General Assemblies.

**IMPORTANT.**—A severe and embarrassing penalty will be imposed upon any violator of one or more of these rules.

(Signed) **UPPERCLASS WOMEN,**  
Per Committee.

**Clay Tallman Gives Interview to Sagebrush**

Father of Electrical Building Bill Is Interested in U. of N.

Hon. Clay Tallman of Tonopah, democratic candidate for representative in congress from Nevada, was in Reno Saturday as one of the speakers at the democratic meeting. During his stay here he was called on by a representative of the Sagebrush. Immediately Mr. Tallman's attention was called to the university, he evinced much interest and asked many questions as to the progress of the institution, and how the new college year was opening up, and appeared to be much gratified to know that the prospects of the head of Nevada's school system were so bright.

In the course of the conversation it was evident that Mr. Tallman had kept close tab on the larger affairs of the University, its policy and growth, during recent years. He called attention to the fact that he was chairman of the joint committee of the legislature of 1909 for the investigation of the university, and wrote the committee report, which was at that time quite widely published; also that the appropriation of ten thousand dollars at that session, exclusively for books for the library, was almost wholly at his instance. Mr. Tallman also fathered the bill in the last session that provided for the new electrical building now in course of construction, one of the most important and valuable additions to the university's equipment. Further conversation developed that Mr. Tallman is a college man himself, though he added that it was what a man could do, and not college degrees, that counted most in this western country.

The university has been most fortunate in recent years in having a "friend at court" who so thoroughly understood its needs and the obstacles to be overcome in the course of its growth.

Mr. Tallman expressed much surprise on being informed that there were over a hundred voters among the students, and on being pressed to say something for the Sagebrush relative to political questions of interest to the students he dictated the following:

"You can't get around the fact that in the long run it's brains and honest purpose that shape and control the nation's affairs for the good of the country. It is the young men and women being turned out by the colleges, upon whom will devolve the important duty of solving the great political, economic and social problems that it is perfectly apparent now confront the people of this country. This is a serious matter, which no college man or "first voter" should view lightly. The college man or woman is the last person on earth who should be of any particular political party or creed, simply because his grandfather belonged to that party. The college man, in the light of his training and equipment is best qualified, or ought to be, on the average, to think these things out for himself. Moreover, he is ordinarily untrammelled by private interests and prejudices that warp his judgment. To him we have a right to look for intelligent, impartial activity in political matters.

"To my mind the coming election is the most important since 1860. It marks the breaking up of an old party long in power; it records the passing of old practices, principles and beliefs that have long controlled; it heralds the birth of an entirely different attitude and viewpoint toward governmental matters; it is characterized by a general feeling of discontent with and protest against things as they are, all of which has taken definite form through political platforms and leaders, whereby the issues are defined with reasonable clearness. These new policies and principles are bound to be far-reaching and comprehensive in their effect on the country's welfare.

"Now as to the college man's viewpoint. A few college men are sons of wealthy parents, with little to worry about except to keep what they've got; but the great majority come out of college—as I did—with their head and hands their sole capital. The young American of the right sort only asks for a fair chance, and an even break with no handicaps. To him then that political party and those men who stand for policies and principles most conducive to equal

15c.—2 for 25c. Cluett, Peabody & Co., Makers

opportunity and fair justice should appeal most.

"What is the situation? Judged from its record, its leaders and its platform, the republican party in this campaign stands for the perpetuation, in all substantial respects, of things as they are; the same high tariff, the same rule by the bosses, the same trust control of the necessities of life, the same corporate influence in government, the same aversion of the people's rule, to all of which the democratic party and its principles and leaders are the direct antithesis, while presenting a comprehensive, constructive and progressive policy of reform, and led by men whose honesty of purpose cannot be questioned.

"The new progressive party also offers a reform program, but presents the spectacle of a national party organized to gratify the ambition of one man, whose record negatives his loud proclamations of sincerity. The socialist party presents its usual program demanding radical and fundamental changes in our whole economic system.

"If we assume that reforms and changes are desirable, and taking a practical view, which party, judged from its platform, record, leaders and prospects of success, is most likely to procure promptly the desired reforms; which party if placed in power will most nearly give our college men and women, and everybody else, the desired equal opportunity and justice, and that without imperiling the nation's general prosperity and welfare. To my mind the answer is too clear for argument, that in this year, 1912, the candidates of the party headed by Governor Wilson of New Jersey, are the ones who, for the reasons mentioned, should receive the undivided support of the great masses of the people, and college men in particular.

## Fine Time At Church Social

The Christian Endeavor Society of the Congregational Church extended its hospitality to the students of the University on Thursday evening. After informally receiving the visitors from the "Hill" there was a short musical program. Miss Helen Higgins and Miss Grace Harris gave two violin duets which were thoroughly appreciated and Miss Ruth Miller sang in her usual attractive manner. A very clever game in which the names of faculty members were to be guessed from sentiments arranged about the room resulted in the presentation of prize posters to Miss Gertrude Shade and Mr. Oliver Layman. Near the close of the evening delightful refreshments were served, after which the guests departed grateful for a very pleasant time.

## Nevada and Santa Clara Enter Four Year Contract

Through Graduate Manager Ross of Nevada and Athletic Moderator Ryan of the Santa Clara University the two universities have entered into a four year athletic agreement in football, basketball, baseball and track and field contests. The contract is modeled after those used by other Universities but modified to fit existing conditions. Everything connected with the time and place of the various contests have been purposely eliminated from the first draft of the contract until the managers meet in person on September 5th.

As arranged in the first copy of the contract the order of events in the track contests is to be: Mile run, 100 yard heats; 120 yard hurdles heats; 100 yard finals; 120 yard hurdle finals; 440 yard run; two mile run; 220 yard hurdle heats; 220 yard dash heats; half mile run; 220 yard hurdle finals; 220 yard dash finals; 880 yard relay race. In the field events the order is to be: 16 pound hammer throw; running high jump;

shot put; running broad jump, and pole vault. No more than six entries from each institution will be allowed to enter each event.

Superiority of baseball is to be determined by the best two games out of a series of three. One game each of football and basketball are to be played each year.

The usual rules of the A. A. U. will govern the contestants insofar as they do not conflict with the athletic requirements of the two Universities.

When asked by a representative of the Sagebrush what definite arrangement had been made as to the place of the meeting, the Graduate Manager stated: "Nothing definite as yet, but from correspondence with Mr. Ryan I believe that the football game this year will be played in San Francisco on either October 26th or November 9th. The branches of sport will then be played alternately in California and Nevada. However, this point will be definitely decided when Mr. Ryan and myself confer on September 5th."

Miss Ethel Thompson, '12, was on the campus Friday. Miss Thompson has been spending the summer vacation in California and will enjoy a short stay at her home in Reno before leaving for Fallon where she will fill the position of music instructor in the public schools.

Hoyt S. Gale, who is employed by the U. S. Geological Survey in a well boring work near Fallon, has been spending a few days here using the government laboratories in the mining building.

A letter from Don Cameron states that he and Spike Henderson are hitting the mining and milling game for all it is worth at Austin.

A letter from Miss Mabel A. Jones, ex-music instructor on the hill, announces that she is enjoying her stay in the old home in Chicago.

Miss Rowena Glass, '12, will leave in a few days for Carson City where she has accepted a position in the high school.

## EDITORIAL

### THE FOUR YEAR CONTRACT

The four year contract between the University of Santa Clara and the University of Nevada means more probably than the most of us realize. By bringing about this contract Graduate Manager Ross has established athletics on a firm footing at the university. Heretofore the athletic relations of our institution with the institutions on the coast have been intermittent and uncertain. Now we have an agreement with a university of our own calibre according to which regular contests every year in each of the principle branches of college sports shall take place. Football, basketball, baseball and track athletics are incorporated in the contract.

The games should feature as the big games of the season. The interest of the spectators and partisans should be vastly increased and the attend-

ance at games augmented, now that the games are recognized as the big contests of the year, and are covered by intercollegiate understanding and agreement.

### A BIG YES FOR

#### THE AMENDMENT

Friday in the student body meeting Lester Harriman proposed an amendment to the constitution by which men's basketball will be added to the list of sports supported by the A. S. N. N. This amendment has been taken under advisement by you. Think it over.

YoYuY have read about the four year's contract with Santa Clara. You have read the arguments for it. Without the passage of this little amendment that contract and all it means to us will be void. Be at that next student body meeting and give the amendment that great big two thirds that it deserves.

### COLLEGE SONG

A Song to U. of N.  
(Air, "Mandalay")

In our mountain-circled valley, where the silver Truckee flows,  
And our 'Varsity stands proudly 'neath the shadow of Mt. Rose,  
In the land of the Sierras, where the western breeze blows free,  
It is there we lift our voices, U. of N., in song to thee.  
Where the Indian war-whoop shrill Echoed sharp from hill to hill,  
Now the student voices mingle in the dear old College cheer.  
Where the silver Truckee flows,  
And the air of freedom blows,  
There to thee we lift our voices, U. of N., forever dear.

When before the breeze "Old Glory" flings the white and crimson bars,  
There the color of our College gleams, a setting for the stars,  
Sons and daughters of Nevada wear the patriot's royal blue.  
True to State and true to Nation, to their College spirit true.  
When the autumn days appear,  
Students come from far and near,  
Then they gird themselves for battle and win victories anew,  
And the Rah! Rah! Rah! rings out,  
A right royal, loyal shout,  
While the deep-arched sky above us spreads aloft the royal blue.

When the year of work and pleasure has slipped rapidly away,  
And the students bid farewell to each delightful college day,  
Seniors, Juniors, Sophomores, Freshmen, happy girls and earnest men,  
Gather in the "Gym" to sing a parting song of U. of N.  
When Commencement time draws near,  
The Alumni gather here,  
To recall their years together, tell the story o'er again,  
Where the silver Truckee flows,  
And the air of freedom blows,  
There we lift our hearts and voices in a song to U. of N. E.S.S. '99.

### MISS NELL MORROW

#### ENTERTAINS

Miss Nell Morrow was a dainty hostess Saturday afternoon when she entertained a bevy of girls at her home on Flint street. The hours were pleasantly spent with sewing and a sumptuous repast was enjoyed at five. Bidden were Miss Margaret Fulton, Miss Marie DeFlon, Miss Rowena Evans, Miss Milo Coffin, Miss Lucile Golden, Miss Lena Laden, Miss Margaret Prouty, Miss Gladys Jones, Miss Freddid Hilp, Miss Vera Lemmon and Misses Helen Hobbins.

## Special Attraction at the Grand

Excellent Bill to Interest Varsity Students

Beginning with the matinee Wednesday afternoon the Grand will present a big three part feature, "The Money Kings," or "A Mission of Diplomacy." A tale of how universal peace was declared, a great war averted, and the unprincipled schemes of greed and avarice defeated by a quick-witted young girl and a daring aviator in his hydro-aeroplane. A story of Wall street beaten at its own game. A modern drama of powerful and thrilling action. If you are a live one don't miss it. The Monday program at the Grand includes a very funny Bunny-graph featuring Bunny, the funny fat fellow. Tuesday Pathe Weekly and other features, including a Kalem photo play produced in Egypt. On Friday Maurice Costello will be featured and also a historical war drama, "The Relief of Lucknow." The show at the Grand for every day this week will be extra fine. If you wish to see all the features go to the Grand.

FOUND—Two good coats, one grey, one blue. Probably lost by hurrying Freshmen. Can be located by Don Frazer.

LOST—A gold signet ring on campus in front of Stewart hall. Return to F. Harvey, '15, for reward.

FOR SALE—Manly's English poetry. Well decorated. For reference work this book cannot be duplicated.

## Meeting Executive Committee A.S.U.N.

The first meeting of the executive committee of the A. S. U. N. was called to order in the lounging room of the training quarters on the evening of August 28th. Owing to the forced absence of Graduate Manager Ross no business of great importance was transacted.

The committee heard the minutes of the last meeting last year read and the report of the treasurer. Both were approved. After some discussion as to the merits of candidates for the position of yell leader the meeting adjourned.

### His Election Means Much to the University and the Whole State

The Sagebrush in an article several weeks ago strongly endorsed August C. Frohlich's splendid fitness for congress and showed how his election would result in great good for the university and the whole state of Nevada.

Now on the eve of the primary election we desire to remind the readers of this paper of that hearty endorsement and to express our sincere belief that any of us who get out and boost for Frohlich's nomination will be performing a real service for our state and alma mater.

August's friends will be glad to learn that his chances in the other counties of the state look very bright. He has put all the energy he possesses into his campaign, personally meeting the voters of outside districts and gaining their friendship and promise of support by his earnestness of manner and the honest expression of his convictions and high principles.

Eyes of black, of brown, of blue,  
Oh, I've suffered long for you!  
Eyes of blue, of brown, of black,  
Eyes—with hooks adown the back!  
—The Sun.

#### WHAT MINES YIELD

Mines of the United States last year yielded \$2,700 worth of diamonds, \$9,500 worth of emeralds and \$215,313 worth of sapphires.

A. C. FROHLICH

## Big Student Body Meeting

Friday morning the first meeting of the associated students for this term was held in the gym. After the meeting had been called to order by President Settlemyer and the minutes of the last meeting of last year read and approved the treasurer's report was called for. Treasurer Wilson rose to his feet, announced that the books showed a collection of \$828 up to date, and that the registrar's books showed a total registration of 240 students, thus leaving a total of 33 students who have failed to pay their athletic fees. In a few well chosen words Mr. Wilson criticised this attitude on the part of some of the students, explained the manner in which the money was spent, and gave figures and facts to show that the associated students needed every cent they could raise. The discussion was taken up by Captain Mackay of the football team and others, who had schemes by which these delinquent ones might be made to see their duty.

When new business had been called for Lester P. Harriman proposed an amendment to the constitution by which men's basketball would be added to the list of sports which are supported by the whole student body. The object of this amendment is closely bound up with the four year contract which the graduate manager is considering with Santa Clara college.

Some discussion as to the manager-ship of the U. of N. Social club and student control of the gym followed, but nothing definite was done in regard to them.

Applause followed the announcement of President Settlemyer of the appointment of "Senator" Boggs to the position of yell leader. The meeting closed with a snappy spell yell which Arthur led in his usual manner.

#### NEW STORE IN RENO

The perfectly good new store of the F. W. Woolworth Co. is to be opened for inspection on Friday next. Saturday the store will be open for business. There will be a concert by a full orchestra on Friday at 2:30, 5:30 and from 7:30 to 9:30 p. m. The intention of the management of this immense line of stores is to make their stores popular in every respect and they are working to that end in Reno. They will be very glad to receive any suggestions that may help them to give the public a better service at a minimum price. They handle all classes of notions, hardware, tinware, crockery, candy, glassware and toilet articles.

The fact that their store is a 5, 10 and 15 cent house makes it an excellent place to purchase notions of all kinds. They will have a large assortment of things specially inviting to students and their friends. They have placed several articles of much importance to the students on display and they will be very glad to show them to all comers.

They will make an announcement in these columns next week that will interest the 'varsity' people very much.

Mrs. Randall Layman, nee Gertrude Pike of Tonopah, is the guest of her mother, Mrs. W. H. A. Pike on south Virginia street.

"Say, Cub, when is Hank coming to college?"

"Slatts" is there. Where? At the Owl Cafe.

## PAT McCARRAN The Students Friend

### Short Story of Pat McCarran's Connection With U. of N.

To the faculty and student body of our university Pat McCarran requires no introduction. His early history was linked with this institution; he belongs to the famous class of 1901, of whose history there has added so many of the athletic laurels won by that class. Entering the institution in 1897, he took an active interest in athletics, winning a place on the first team that struggled for supremacy and for honors for our 'varsity. In '98 he was a member of the track team of the university, carrying off honors for himself and for the institution in the 100 and 220 yard dash. The football season of '98 found McCarran again a member of the college team, which position he also held in '99, the same year winning a position for himself in the college team.

In the first debate ever held between this university and an outside institution Pat McCarran was a mem-

ber of the debating team that went to Salt Lake to compete for supremacy against the University of Utah. In April of 1901 by reason of outside interests McCarran was called from his college work and never returned to receive his degree, but to the class of 1901 and to the university the name of Pat McCarran is recognized as one of that body and we mark with extreme interest his steps of progress and his achievements in the affairs of life.

That his heart is still with his Alma Mater is manifest from his interest taken in our athletic affairs during the past years; at every rally he is with us; on every occasion of importance we find his presence on the field; in other words he is always one of us.

His aspiration for justice of the supreme court of the state of Nevada is a laudable one and in that aspiration he has the heartfelt wishes of every student of our institution. May luck be with him.

## Things look good To Coach

By N. Buchanan

This year things are looking up for Nevada. We will put a far heavier and faster bunch of players into the field than we have had since '09, and we hope to give our opponents for this season a good run for first honors. The probable formation for the 'varsity being: Forwards, front rank, Kniffen, High, Settemeyer; second rank, Layman, Mackay (captain); third rank, Harriman, Gignoux, Henningson; halves, Menardi, McPhail; three-quarters, Curtin, Charles, Bringham, Randall; bullback, McCubbin.

In the forwards there are three Freshmen who look promising, being good fast men who are workers and although not experienced players are good men in the scrum and are keeping up their regular training with much vim and a lot is expected of them on account of their good condition. The other forwards are old players who are tried and true, Settemeyer and Harriman being the pick. The halfbacks are both old players and although light are very fast and good at getting out of a corner. The three-quarters backs are also old men but who have improved on their last year showing and should be dangerous, Curtin being the pick. He is a hard man to tackle and very fast. Randall is also very fast but is not so experienced, his chief asset being speed.

Emergencies—Forwards, Perkins and Patrick; back, Rose.

Captain Mackay is an Australian who played for Hawkesbury Agricultural College and is an old player.

Our full back, McCubbin, is a Freshman who learned the game at Reno high school and who is a good heady player who uses both feet to advantage in finding the line. Our annual Freshman vs. Sophomore match takes place on the 7th of September and a good game is expected, there being a bunch of huskies in the Freshmen team. The only thing giving the Sophomores a chance being their backs.

The alumni plays the 'varsity on the 14th of September, and lots of fun is expected. S. E. Ross or Professor Haseman will probably be candidates for captain. Haseman being an en-

# E. E. Roberts Your Representative in Congress

E. E. Roberts, for the past two years your representative in congress, has again announced himself a candidate for the republican nomination at the primaries on September 3rd. Mr. Roberts is distinctly a Nevada man and a western man, and the ideal representative from your state.

He has a wide circle of friends throughout the state, not held to him by the flimsy ties of politics but by that ideal and genuine attachment more often encountered in pretense than in fact. He is a man of pleasing yet striking personality, energetic, aggressive and as a campaigner has few equals. As an orator he rightly holds a place at the head of the Nevada bar, and his speeches are remembered by all who ever heard them.

Mr. Roberts is a man of family with property interests in this state. He has ever been a friend of education, having served as a superintendent of schools in Ormsby county for seven years, and it was largely due to his untiring efforts that the present high school building in Carson was erected. His parents crossed the plains by ox team in 1860. His father being a miner and having spent his boyhood days in the lead mines of Iowa, soon secured himself steady employment in the mining camps of California and Nevada. The son of a pioneer miner is but natural for the subject of this sketch to identify himself with the interests of this great mining state. He is strictly a self-made man, educated in the public schools and later becoming

himself a teacher, the last four years of which time he spent as principal of the Empire public schools, and like his predecessors in that school, Summerfield and Farrington, he spent his spare time studying law and was admitted to practice in the state and federal courts.

The republican party can find no stronger man to place on the ticket than Mr. Roberts, whose nomination and election will result in sending to congress a man who will be able to cope with the ablest representatives of the sister states.

Mr. Roberts is making this campaign standing squarely upon his previous career and asking you to investigate for yourself his record for the past two years in congress.

## COACH OPTIMISTIC

Continued from Page 6  
 enthusiast and a champion of the old game.

Si Ross is the graduate manager and is one of the best followers of the athletes here. He is a man liked by all. Our schedule for the season is:

'Varsity vs. Sacramento A. C., September 21.

'Varsity vs. University of Pacific, September 28.

'Varsity vs. St. Mary's College or Santa Clara, October 5.

'Varsity vs. Barbarians, October 12.

'Varsity vs. University of California, October 19.

'Varsity vs. Australians, November 8 (election day).

All these games will be played in Nevada with the exception of the U. C. game, which we are anxious to annex, as they are the hardest bunch of college men we meet. Stanford's schedule is so full that we won't meet them this season. Santa Clara having Pat Higgins as coach will probably be another hard nut to crack, as the U. S. C. coach was some exponent of the game, as I was in the second team that year, I remember him in the old North Sydney first district team in the Metropolitan competition in Sydney and I may say that when they met Globe in the final it would have been a cakewalk for us if Higgins, Pony Finlay and a few others had not gone out of the team to represent N. S. W. against Queensland. Pat is a versatile athlete, being some swimmer, runner and footballer, having represented in All-American vs Wallabies in '09.

### G. A. R. MEN VISIT CAMPUS.

George H. Meyers and William Hy Doane, old residents of the state of Nevada, spent Saturday in Reno on their way from Carson to the convention of the G. A. R. at Los Angeles. While in the city the gentlemen visited the campus and expressed themselves as highly elated with the progress of the institution as shown by its grounds and buildings.

Silas E. Ross and Sanford C. Dinsmore of the State Food and Drug Commission, have returned after an extended trip into southern Nevada on business connected with their department.

Call at the Owl Cafe for a quick meal. Our customers never miss a street car.

## Regent Codd again a Candidate

The Honorable A. A. Codd, regent of the University of Nevada, has again announced himself a candidate for the republican nomination to the office which he holds. In a short interview Mr. Codd discussed with a representative of this paper the improvements made on the grounds and the ideals toward which he with other

A. A. CODD  
Candidate for Long Term Regent of the U. of N.

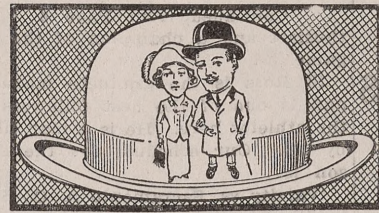

members of the board were working. In the course of his remarks, Mr. Codd said:

"There is no reason why there should not be at least five hundred students on the hill. We are putting forth every effort to have buildings, grounds and equipment up to the highest standard. You on the hill know that we have done a great deal—our efforts in the past are only introductory to those of the future. I believe that the matter of increasing the enrollment at the university is largely a matter of educating the people of our state that we have an up-to-date and well equipped college up there on the hill and are thoroughly competent to handle satisfactorily all that we advertise that we can. That the people of the state generally are recognizing this is best proved by the remarkable increase in the registration for the last two years."

Mr. Codd is a man thoroughly interested in this college and in its students. There are more than one of the fellows whom you see every day on the campus who owe their good cision to come to college to the good will and influence of Regent Codd.

### EX-GRADUATE MANAGER M. T. FARMER MARRIED

Milton T. Farmer, '09, was married to Miss Helen Young, '08, on Wednesday evening in St. Mark's church, Berkeley. William Hayes, '09, acted as best man and Miss Ethel Farmer attended as maid of honor. Up to May this year Farmer was graduate manager of athletics and alumni secretary at U. of C., but left at that time to become attorney for the state banking commissioner. Mr. and Mrs. Farmer will make their home in Berkeley.—Daily Californian.
