

## U. P. Game The Next One

On next Saturday the students and friends of the University will be given the opportunity of seeing the Nevada Varsity in action against the Rugby fifteen from the College of the Pacific. The game promises to be an interesting one from reports received concerning the U. P. team. A number of practice games have already been played at San Jose and resulting in our opponents' favor. This would indicate that the visitors know the Rugby game and will put up an interesting contest for the Varsity.

Nevada has not played U. P. since 1909, at which time the former defeated the latter by a small score.

## Cub Talks Again This Week

### CUB ON THE LINCOLN HALL ASSOCIATION

Buenos dias amigo. Chili con carne, frijoles, enchiladas, or in the language of Shakespeare and me, "greetings."

Say, Hanks, did you ever hear of the Lincoln Hall association I never did until last Tuesday night, and if I hadn't signed the book I'd never want to hear of it again.

The Lincoln Hall Association is a classic myth that the prime movers of the Junior class revive every year for the enjoyment of the old residents and mollification of the new. It fulfills its purpose grandly. For fun I think the initiation Tuesday night had it over anything this year—even that letter from Sheehy.

Mayor Milentz, as major domo, presided, with Dutch Dessar as chief assistant and lord high executioner. Bob Farrer played the part of chief scribe, and Sophs, Juniors and Seniors played the applause. The mayor's throne was the mantelpiece, his desk twotables placed one on the other. On his right sat Chief Scribble, on his left Koko—lord high executioner, etc. All had massive clubs, barbed, I believe, with electrified ten-penny nails. Chairs were ranged around the room for the three lucky upper classes.

At last the hour has arrived. Woe to the green and uninitiated. Their doom is sealed. See how they cower. Contrast them with those who are in on it. No more will the proud hold up his head, for tonight he is to be humiliated.

Allen and Thompson, new upper classmen, are called first. With confidence born of years, Thompson outlines his peculiar class as a hypnotist and while every one wonders, he beats it out of the door.

Allen quickly rests his feet upon a handkerchief on the floor and

## NEVADA 22; SACRAMENTO 0---NUF SED Nevada Wins

### At State Fair

SACRAMENTO, Sept. 20.—The University of Nevada exhibit continues to attract the interest of the crowds at the California state fair.

In the sheep classes every one of the forty or more animals has made a winning. Over thirty blue ribbons representing first prize awards hang over the center of the long row of pens occupied by the Nevada sheep. There are eight gold badges that indicate gold medal awards in the sheep classes.

In the beef classes all but two animals found their way into the money and winnings here include five championship medals.

One of the dairy cattle barns, the veteran show cow of the Nevada herd, Stafford Mercedes Aaggie Tuebie, is the center of attraction. A Hollander who manages one of the big creameries in the San Joaquin valley has offered \$300 for her three days' old calf and the old cow would have been a more popular grand champion of the breed than the cow selected for that honor by the judge.

A couple of stalls down the line from the old cow stands her senior yearling grand-daughter, Tuebie Priterje Carner Tidessa, overlooked by the judge in the show ring but making her presence known in the five days' butter fat contest in which she was entered, by leading her competitors at the end of the third day with a margin of nearly a half pound of butter fat. Thus far in this interesting contest this remarkable heifer, but twenty-one months old, and competing against cows three years old, has given just under fifty pounds of milk a day and 1.98 pounds of butter fat, equivalent to two and three-tenths pounds of butter a day. The contest closes on Friday night, and an interested crowd of spectators gathers in the model dairy farm three times a day to see the contestants milked. In the first ring judged on Monday, the Nevada three-year-old bull walked off with a blue ribbon and the Nevada boys are hoping that Tuebie Priterje Carner Tidessa may close the judging events by taking the silver cup offered by the Holstein Friesian Association of America.—Gazette.

### THE STUBBS TO SAIL SATURDAY

Dr. and Mrs. J. E. Stubbs and daughter, Miss Ruth, will sail from New York harbor on next Saturday on the steamship Minneapolis. The following telegram will be sent by the executive committee of the A. S. U. N. to wish them bon voyage: Dr. J. E. Stubbs, care Ralph S. Stubbs, 366 Broadway, New York:

Once more the students of the University of Nevada wish for you and yours a most enjoyable vacation. Signed: W. H. SETTLEMAYER, President.

EUNICE CAGWIN, Secretary.

THE SEASON OPENS

calmly sticks his fingers up to his nose at the bunch. Of course we laugh, even though the joke is on us.

Now for the class turn of the evening. Boyes and Bowen are called up. Hank—those boys can scrap. Not scared, either, uppercuts, hooks, counter hooks, buttonhooks and get the hooks, all in one galaxy of flying arms. "Goat did the referee stuff, and made himself mighty popular when he raised the hands of both men at the close.

Painter came up next. For a while he hemmed and hawed, and stuttered, and fussed. Pretty soon Agnes came in. Agnes saved the day for Painter, with Painter as a partner. Fat gave the prettiest exhibition of that classic dance, the Reno schottish that has been discovered on the hill.

Then followed a collection of songs, stories and musical selections that were for the most part bum. That's how the official scribe has recorded it, anyway—Bum, Rotten, Putrid. For instance, Krummes wrecked the college yell. Monk Ferris wrecked the singers' profession. Fake wrecked an antiquated guitar selection, and Hinckley wrecked the cook, the

captain and the captain's gig of the Good Ship Nancy Bell. Imagine how popular a plaintive piece entitled Freshmen days would be, or with how much applause a crying article like Class Spirit V. S. Gentlemanliness would be greeted. Two poor freshmen endeavored that, though, as strange as it may seem.

It pains me to write more, Hank. Spare me that, I pray. To think of some of those poor Frosh who had to get up in front of their superiors and endeavor to entertain is more than painful—it's death. While we're on the subject, Hank, I might mention to you that the Frosh have conceived a clever scheme that advertises their head as full of milk. Rather appropriate, isn't it?

There goes the bell! I'm off.  
CUB.

## The A. S. U. N. Constitution

Article VIII—Publications  
Section 1. The Associated Students shall publish a paper.

Section 2. The management of the paper shall be vested in an Editor-in-Chief and a Business Manager.

Section 3. The above mentioned officers shall be elected from the members of the Sophomore or Junior Classes, except in such cases as are provided for in Article 12, Section 2, at the same time and in the same manner as the officers of the association; and they shall take office at the beginning of the semester succeeding that in which they were elected, and hold office for one collegiate year.

Section 4. The size of the paper and its frequency of issue and general character shall be left to the discretion of the Editor-in-Chief and the Business Manager, subject to the approval of the Executive Committee; provided, that there shall be a regular time of issue, and that this shall be at least four times per month.

Section 5. The financial responsibility of the paper shall be assumed by the Business Manager. He shall on or between the fifteenth and twentieth days of each month, present tabulated statement of receipts and expenditures to the Executive Committee.

**Regular Meeting Executive Committee**

Regular meeting of the executive committee called to order by President Settlemeier. Minutes of the last meeting read and approved.

Treasurer's report, Aug 14 to Sept. 17, 1912, inclusive: Receipts from sale of two hundred twenty-four athletic cards, at \$4.00 each, \$896.00; Aug. 14, balance in F. and M. bank, \$0.03. Total, \$896.03.

**Disbursements**  
Aug. 17—White Printing Co...\$ 2.50  
Sept. 7—Eagle Express ..... 1.52  
Sept. 7—Spalding — Bros.... 30.00  
Sept 7—Bradley & Co. .... 1.00  
Sept. 7—Buchanan ..... 166.50

Total disbursements.....\$201.52  
Balance on hand September 17, 1912, \$694.51.

Treasurer's report accepted. The executive committee has no power of transferring money from one year to the next, or from semester to the next.

Therefore, Be It Resolved, That all students be required to pay their athletic dues each semester.

Moved, seconded and carried, that athletic cards Nos. 29, 144, 157 be cancelled on account of defacement.

Moved, seconded and carried that \$175.00 be drawn in favor of Mr. Ross for guarantee for Sacramento Athletic Football Team.

Moved, seconded and carried that a voucher be drawn for \$300 as a guarantee for the University of the Pacific.

Moved, seconded and carried that the graduate manager be instructed to write Santa Clara athletic manager that Messrs. Pomeroy and Bird are appointed by U. of N. Athletic Association as two members of the standing committee provided for in the athletic agreement between the University of Nevada and University of Santa Clara.

Moved, seconded and carried that the secretary be instructed to post a notice to the effect that athletic cards must be presented at the gate in order to gain admittance to any future athletic function.

Moved, seconded and carried that the president of Student Body be instructed to send out post cards to alumni of this university, outlining the football schedule and giving any other information he may deem fit, in order to impress on former students the necessity of their contributing a certain sum for the maintenance of the athletic association.

Moved, seconded and carried that the treasurer purchase a rubber stamp in order to stamp athletic cards, to be worded as he sees fit.

Meeting adjourned.  
WM. SETTLEMEIER, President.  
EUNICE CAGWIN, Secretary.

**HOWES ADVOCATES SEED CONTROL**

E. A. Howes, of the University, late of Guelph, Canada, is attempting to establish a seed testing department and subsequently a state law whereby only good seed is imported, or exported, from this state.

Prof. Howes believes that the noxious weeds of cereals and other seeds that are grown in Nevada, could be reduced to a minimum inside of two or three years.

He said:  
A. A seed control act can only be properly carried out by the inspection staff, who would visit the dealers and growers to advise and supervise the growth and sale of all seeds.

B. To collect samples from suspicious sources and submit these samples to careful test.

C. To instigate prosecutions for the infringement only when necessary.

D. A seed testing station testing could be accurately done for purity, vitality and germination. These samples could be submitted by farmers, dealers and inspectors.

**ENGINEERS' CLUB TO ORGANIZE**

The Engineers' Club will be organized for the 1912-1913 term on Wednesday, September 26th. The club affairs will be handled by the Junior and Senior engineering students, although all students in mechanical, electrical, civil and mining engineering are eligible for membership, as there are nearly one hundred engineering students in the institution this year, the club should prove very popular.

Pay that subscription NOW.

**Rousing, Racing, Roaring Rally**

There was surely a rousing rally Friday night. The parade started in front of Lincoln Hall promptly at seven thirty. There was roll call, too, on the steps, and there is likely to be lots of very cold water for the very few who did not have pep enough to show up.

The bunch marched down to the McKissick in good order and there there fun began. The largest crowd that ever assembled for a college rally in Reno was there to see it. The whole business section of the city was thronged with people waiting for the fun. These people were not disappointed, either. As the torch-lighted, pajama-attired band, led by a torch-lighted, pajama-attired donkey, marched through the streets to the tune of "And He Rambled" it was greeted with shrieks of laughter. The line, blocks long, of pajamed serpentina which wound through the streets behind it, also was appreciated, and when the line massed at the street corners for a huskey "N-E-V-A-D-A," everybody went wild with excitement.

Finally the parade headed for the big blazing bonfire on the Plaza and the crowd followed. Boxcars, the subway, and every point of vantage was secured by the anxious onlookers. The ralliers circled the fire a couple of times like a bunch of wild Indians on the warpath and then assembled for some yells. "Senator Arthur" led them with all the pep he had left—and they were good ones. Then Captain Mackay, standing on the shoulders of his men, told the crowd what they were there for and the crowd responded with cheers and clapping.

In the midst of this wild scene the Overland Limited pulled into Reno. The people on the train crowded to the rear platform of the observation car to see the rally. The train stopped for several minutes at the station and, as it pulled out, just as the rally was breaking up, the passengers waved their good wishes to the University of Nevada.

Through the columns of this paper the students of Nevada wish to thank the people of Reno for their enthusiasm and attendance at this initial rally of the season. Especially do they wish to thank Fire Chief Hawcroft for his courtesy and care in the matter of the bonfire.

## Australians to Land Oct. 3

On October 3rd the steamship *Morana* will arrive in San Francisco bearing the Australian Rugby team. The party consists of twenty-four playing members, thirteen forwards and eleven backs, Dr. Otto Bohrman, the manager, and Mr. W. W. Hill, the secretary of the New South Wales Rugby Union.

Much speculation has been aroused over the ability of these players to put up a game of rugby as superior to the local brand as was that of the famous Wallaby team. Such progress has been made here in the development of scientific rugby, since the visit of the Wallabies, that even the Australian critics admit the possibility of defeat of the present invading team. The work of the local forwards is causing the most anxiety to the Australians. On the visit of our men to that country such skill was shown that predictions of unqualified success were made. They said that if once the huddling of the scrum was thoroughly mastered, an American team would be hard to beat. The invaders will probably excel in the finer points of the game, which come as second nature to those who play it from boyhood up, as we play baseball, but the determination and fighting qualities of the local players will make a series of games, without doubt, the best ever seen in this country.

The Australians will play three games with the California Varsity. The first one on Saturday, October 25, then on Wednesday, October 30, and the final game on Saturday, November 2. The jersey worn by the visitors will be light blue, with the national flower, the waratah, on the left breast over the word Australia.

The team making the trip is as follows:

L. Dwyer (Orange) and A. R. Dunbar (Newton, full-backs; D. B. Carroll (St. George), H. Jones (Newcastle), R. J. Wilcox (Brisbane Grammar School), L. Meibusch (oowoomba), L. Wogan (Glebe), three-quarters; Ward Prentice (Western Suburbs) and W. G. Tasker (Newton), five-eighths; F. Wood (Glebe) and J. Flynn (Brisbane), half-backs; H. George (Eastern Suburbs), T. J. Griffen (Glebe), J. Clarken (Glebe), W. Watson (Newton) and A. Kent (Too-woomba), front rank forwards; E. Fahy (Eastern Suburbs), R. B. Hill (Newton), G. Pugh (Newton), J. Wylie (Glebe), M. Fraser (Glebe), A. Cunningham (Brisbane), T. J. Richards (Manly), and W. Murphy (Brisbane), forwards.

Of the above team, Wood, Prentice, Griffen, Carroll and Richards all were here with the Wallaby team, the others being high class men who have made their mark within the last two years on various Australian fields.—Daily Californian.

#### A SWEDISH CRUDE OIL ENGINE FOR MECHANICAL LAB.

The mechanical engineering laboratory will shortly receive a crude oil engine from Sweden. This is one of the first of its kind ever received in this country. The factory had so many orders ahead that delivery on the engine could not be made until a year after the order was placed.

The engine uses crude oil in the cylinders instead of gasoline. As crude oil can be purchased for four cents per gallon, as compared with thirty cents per gallon for gasoline, the fuel saving will be very great. The engine is claimed to operate more cheaply than any other type of engine before invented.

#### AMERICAN GEOGRAPHICAL SOCIETY FAILS TO STOP

The university had planned an official reception of the American Geographical Society, which passed through Reno Sunday morning on a special train. Owing to lack of time the society found that it was impossible to stay that long in Reno and sent the following telegram to Mr. S. P. Fergusson, chairman of the committee on arrangements:

"Impossible for our special train to stop for any trips or visit to your University. Thank you for your hospitable offer, which we cannot accept."

#### NEVADA SHOULD GO TO UTAH

During the first week in October three important events occur in Salt Lake City, the National Irrigation Congress, the Annual Conference of the Mormon Church and the Utah State Fair. It is needless to say that Salt Lake City will be full of people and that her visitors will hail from every state in the Union. To those who know at all of the interest that is being taken in the settlement of Nevada lands by Utah people, it seems that this week furnishes an unusual opportunity for the advertisement of Nevada's agricultural resources.

It has come to our attention that the agricultural department of the University, looking forward to this occasion, has for some months back been making every possible effort to take an exhibition of its livestock to the Utah State Fair. Unfortunately, competition is not open to public institutions at this fair and the possibility of paying the expenses of the trip by its winnings, as it has been able to do at California State Fairs in past years, is not open to the University in this case. The matter was taken up with the Utah Fair authorities last fall, with a view to securing a more liberal policy in this regard,

but without results. From the point of view of the agricultural school this trip is very much needed. The people of far eastern Nevada seldom get to Reno and there is evidence that some of them, who know Utah institutions better than those of their own State, have a notion that Utah is away in the lead. These people attend the Utah fair as the people of Western Nevada go to the California fair, and our agricultural school is eager to lock horns with the Utah school on their own grounds and give Eastern Nevadans an opportunity to size up the work of their own school on the basis of this important part of its agricultural equipment.

One man who is interested in the sale of Nevada lands, after looking over the University stock a few days ago, remarked that it should go to the Utah fair, that this would be the best possible kind of advertising for the state, and he backed this statement by later wiring that he would personally contribute \$200 toward the expense of making the show. It would seem that there should be other representatives of large interests in the state that would be glad to stand with this man and contribute the amount of money necessary for this bit of boosting for the interests of the state.

### High-Class Productions At the Grand

Programs of great quality at the Grand all this week. Some of the features booked are as follows. Beginning Tuesday will be presented the latest issue of the animated newspaper, Pathe Weekly, showing the news of the world as it happens. This is a feature that every student should see each week. Bunny, the funny fat fellow, and King of Komedians, will appear in a "corker," entitled "A Bogus Napoleon." Bunny tries to qualify as Napoleon, but meets his Waterloo. Can you imagine Bunny as Napoleon? Look him over. Another feature Tuesday is a fine dramatic subject by the Kalem company, "Jim Bludso of the Prairie Bell, from the famous poem by the late secretary of state, John Hay. Friday's program contains a Vitagraph film d'art, "the Higher Mercy," in which Mr. Ralph Ince, the famous double and impersonator of Lincoln, is featured. "Mr. Pickwick's Predicament," from Dicken's Pickwick Papers, is the comedy feature for Friday. A Biograph drama, also on Friday. Next Sunday another funny Bunny comedy, "Bunny and the Dogs." Bow, Wow. Watch Bunny. Also a foto comic illustrating the well known poem, "Mary Had a Little Lamb." A Biograph drama, a Kalem dramatic, "Kentucky Girl," a story of the race track and showing some speedy races will be presented Sunday, and also an educational feature, "The Ninth International Red Cross Conference," showing demonstrations of the work of this great society. Attend the Grand performances this week and enjoy yourself.

White help entirely at the Owl Cafe.

#### TRYING TO GET BRYAN

President Lewers is still making every endeavor to have William Jennings Bryan make an address at the University at some time during his visit here. The program, however, is so crowded that it seems hardly probable that the great orator will be able to make this, which would be his second appearance in the gym.

#### CONGRATULATIONS FROM U. OF N.

A wire to the University of Nevada Saturday announced the arrival in the home of Mr. and Mrs. Loring Kempe of Grass Valley, Cal., of a little daughter. The proud father was formerly a university student and starred in football in 1908-09, while the mother, nee Isable Miller, was a member of the Theta Epsilon Sorority. Congratulations are being showered upon the happy parents.

One-half spring chicken any style, 50 cents, at THE OWL.

#### PROF. L. T. SHARP RETURNS WITH BRIDE

Prof. L. T. Sharp has returned to Reno and the campus with a brand-new bride, after a honeymoon trip of several days on the coast. Prof. Sharp is one of the later additions to the faculty of the Agricultural college and has charge of the soil investigation work.

The Sagebrush joins with the many friends of Prof Sharp in wishing the college couple happiness.

#### SAM DOTEN ILL

Prof. Sammy Doten has found it necessary to return to the sick room, owing to a recurrence of his recent attack of ptomaine poisoning.

#### SOME MORE HAVE PAID UP

The following persons have joined the A. S. U. N. since the appearance of last week's Sagebrush: Sylvia Bower, Rowena Evans, Beatrice Radawski, Rachel Rand.

Open all night with plenty of good things to eat at THE OWL.

#### SHOW STOCK FOR FALLON FAIR

Prof. Gordon H. True returned Tuesday morning with the stock from the State Fair at Sacramento. The entire exhibit will be promptly shipped to Fallon, where it will be shown during the fair week in that town.

Professors Howes and Scott, of the agricultural department, will also go to Fallon in the fore part of the week, where they will act as judges. Prof. Howes is to act in the agronomy department of the fair exhibits, while Prof. Scott will have charge of the live stock judging.

The University is doing a great deal toward making the fair at Fallon a success.

#### SI AND DINNY GO TO FALLON

Professors Ross and Dinsmore of the state board of food and drug control left for Fallon Monday evening, where they will exhibit their food and drug display during fair week.

Read the Sagebrush for all the college doings.

### We are now showing the fall Models of Society Brand CLOTHES

### We Make the Pace That Others Follow

So fast is the pace we set in coat and suit values, that it has always been impossible for others to catch up with us, and this season our style and qualities are so high for the little prices asked, that every shipment is eagerly snapped up by discriminating buyers.

#### Special Prices on New Suits

Why send away for something you don't know anything about? When we can give you better value right here in your own city and guarantee a perfect fit! Here is a suit picked at random from our well-assorted stock.

All wool serge man-tailored suits for Misses' or Ladies' wear made in plain tailored style, small watch pocket in square cut coat, satin lined, high waist line skirts, panel back with kick pleats. The colors are black, navy and brown, the sizes are from 32 to 44 bust.

**Our Price \$15**

#### Special Prices on New Coats

Another shipment of those beautiful chinchilla coats, in navy blue, trimmed with grey, in all sizes.

**Our Price \$9.98**

### Palace Dry Goods House

# Reno High School Department

## ATHLETICS

The football team is rapidly getting into condition under the direction of Coach Bringham. The team is working hard and hopes to make a good showing this year. Strengthened by the appearance of Fogle, a last year's prep. man, and Hugh Raines, who are both fast men and will greatly help the back field.

Saturday morning the squad reported at the University, thinking to play the Outlaws, but as they failed to make an appearance the morning was turned over to practice.

Next Saturday morning the annual Reno High-U. of N. Freshmen game of the High School's schedule. The freshmen say that they will require an expert in addition to count their score, the High School cannot see it that way, as they always go in to win, regardless of the odds.

A meeting is to be held Monday evening and arrangements completed for the Alameda game here, which is to be held October 5.

The girls will soon start their basketball practice and a good team is expected, as most of last year's material is still at High School.

The students of the Reno High School wish to thank the University of Nevada for the use of the football field, and also for the reduction given to them at the football game Saturday.

## POLITICAL CONFLICT

While the "dads" of some of the students of Reno High were disputing the chances of the candidates in the coming election, their sons, who daily "wend their way" up Ralston hill, were also engaged in the question, and more strenuous in a way.

On Monday morning, September 16, a few students mounted the hill with the bull moose pin annexed to their coats. Political questions arose and soon a "free for all" began on the grass. The moose wearers being in the minority, were easily defeated. Tuesday the supporters of T. R. gained more ground and the anti-bull moosers met defeat. Wednesday the followers of Debs and Wilson appeared.

A battle-royal took place and many would-be politicians met their doom. The "bell," as in many other cases, saved others from the same fate. Now the young aspirants are willing to let their wise fathers decide all points on the question of the day. "Who will be our next President?"

## QUICK TO ACT

Presence of mind was shown by some of the candidates of the school team Friday night as they were returning from practice at the University.

Just after crossing Sierra street, between Ninth and Tenth, they were greeted by a little youngster who, with a smiling and gleaming face yelled, "Fire!" The fellows didn't pay any attention until they passed the rear of the house, where they saw the dry grass near the house was on fire. Quickly they drew off their sweaters and beat the fire out. Perhaps, if they had not have show up

at that time the house would have caught fire.

The little tad was "just havin' some fun with them lighters," but let us hope he changes his way o' having fun.

## SCHOOL NOTES

James Burke, now at Lovelock, Nevada, will not return this year to High School.

Elmer Boyne, also near Lovelock, will not be back for a few months.

Hugh Raines will soon resume his studies at school.

Fogle, a track man of last year's prep. team is now a member of the school.

Frank Harriman of Fallon will also soon be at the school.

Joe Hill is now attending Susanville High School, and was recently elected baseball captain.

Miss E. Evans, on account of sickness, has been unable to teach her classes.

There is some talk of starting a glee club at High School. We are all ready to boost it.

R. E. LAVEAGA,  
Editor. R. H. S. 1913.

# College Women's Outlook Club

Last Wednesday witnessed the re-organization of the College Women's Outlook Club. The election of officers for the school year of 1912 and 1913 was as follows:

President—Eunice Cagwin.  
Vice-President—Clara Smith.  
Secretary—Myrtle Neasham.  
Treasurer—Elda Orr.

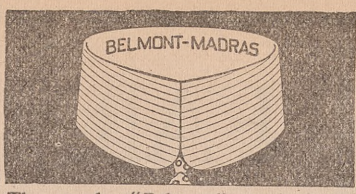

This club is composed of college women only, as it permits membership to only active students of the University and to alumae. The meetings are to be held once a month and are to be devoted to the study of the work and accomplishments of all great colleges. The first regular meeting will be held sometime this week. It is hoped that just as many college women will be present as can possibly do so. Watch for a notice on the bulletin board. It will soon be there.

## MISS PRICE RECOVERED

Miss Francis Price, if no further complications set in, will be seen on the campus this week. Miss Price, while preparing a cake for the Sophomore boys a couple of weeks ago, slipped and fell upon the kitchen floor. The fall was so severe as to cause injuries which resulted in the young lady being confined to her bed in the hospital for the past two weeks.

Where the bunch goes—to THE OWL Cafe where you get a good meal for your money.

The Sagebrush has the biggest circulation of any college paper in the west. Circulation counts.

## BUB HIX GOES TO JOHNS HOPKINS

August Holmes, '12, known to everybody on the campus as Bud Hix, leaves this week for Baltimore, where he will enter Johns Hopkins university. Bub is going to take up in the eastern college more math, and more physics, but the greater bulk of his work will be in physical chemistry.

Bub is the first man from the University of Nevada to enter Johns Hopkins and he is the third member of the class of 1912 to enter an eastern college—Miss Isabelle Schuler is entering Columbia this fall and Raymond Spencer will be at Cornell. The Sagebrush joins with the many friends of these old "grads" on the campus in wishing them the very greatest of success.

## MILITARY SCHEDULE FOR WEEK

Memorandum No. 7:

The following schedule of drills for the week commencing Monday, September 23, 1912, is hereby announced:

Monday, September 23: Both companies, extended order. Officers and non-commissioned officers see paragraphs 123-125 and 199-232, Infantry Drill Regulations.

Tuesday, September 24: Both companies, bayonet exercises.

Wednesday, September 25: Same as Monday.

Thursday, September 26: Same as Monday.

Band will practice daily.

By order of the commandant of cadets.

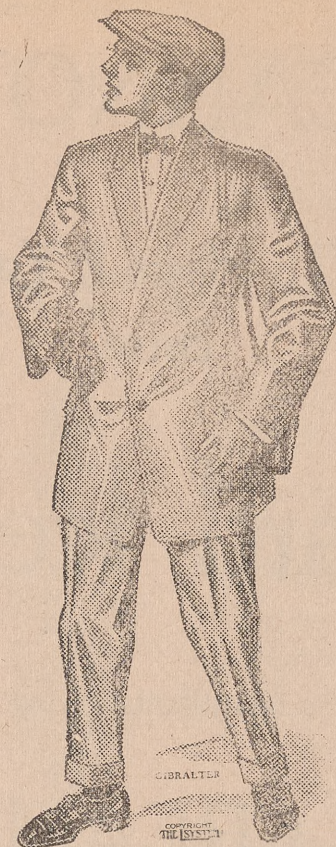

## Y. W. C. A. NOTICE

The regular meeting of the Y. W. C. A. will be held Wednesday at 4:30 in the association room. A large attendance is desired, as Mr. Brewster Adams will give an interesting talk. Everybody come!

If you are out late call at the Owl for lunch.

## Prof. Howes Returns From the Elko Dry Farm

"It is unfortunate that so many of our farmers have not seen the work that is being carried on at the dry farm at Elko. Visitors are always very much surprised when they see the products of the farm. Now that new areas are being put in shape for seeding the work is assuming more pretentious proportions. The fall seeding was all finished by September 1st and practically all the grain is up. This year's crop is harvested, but not threshed. The station suffers from the lack of a stationary grain separator, as it is almost impossible to keep varieties pure without it." Such, in effect, was the statement made by Prof. E. A. Howes, the superintendent of the Elko Dry Farm, who has just returned from a visit to that station. He speaks very highly of the work already accomplished there, of the high quality of the grain, potatoes, etc., grown under dry farm conditions, and feels much encouraged in carrying on the good work.

Prof. Howes thinks it is a serious handicap to the Elko station, as it is to the Reno Experiment station, that there is no provision for threshing varieties separately as they mature. It is practically impossible to keep varieties pure without such equipment, or to give an accurate report as to yield, and experiment stations are primarily supposed to send out pure seed and accurate reports.

Samples of grain in sheaf from the dry farm were on exhibition at Elko and these, by special request, have been sent to the fair at Sacramento. As soon as threshing is finished, samples of each of the different products will be sent to the Agricultural College at Reno and will be on exhibition in the Agronomy lecture room.

Contrary to generally accepted ideas, the spring crops have done much better than the autumn sown. Some of the spring wheats seem to be of superior quality. Seven varieties of potatoes were planted and promise a yield of fairly large tubers of good quality. Indeed, quality seems to be the outstanding feature.

Mr. and Mrs. Prince Catlin, who have been visiting in Reno and Sparks during the last couple of weeks, leave this week for Battle Mountain, where Mr. Catlin is interested in some valuable copper properties. Both Mr. and Mrs. Catlin are graduates of this institution.

If you are out late call at the Owl for lunch.

of all the Elko dry farm products. A detailed report will be published about the end of the year.

**THE MONROE HOUSE SERVES STUDENTS' LUNCH**  
Mrs. Davis, at the Monroe House, is now serving a students' lunch during the luncheon hour and is to continue to do so for the remainder of the year. The students that attended the U. of N. in years gone by will always remember that the Monroe House was a popular one and nearly always crowded with students and faculty members. The new proprietress is attempting to bring the house back to its former popularity and has taken the best method to gain a popular name by inaugurating strictly family cooking, whereby the guests do not know what they are to have set before them on the table for a week previous.

Mrs. Davis is anxious to meet all her old friends and will be glad to answer any inquiries regarding the rules and regulations of the boarding house, "just like home," that she is running.

### Delta Rho Dance Royal

Monday evening at Century Club Hall, the prettiest and jolliest event of college society yet occurring this year took place when the Delta Rho Sorority entertained in honor of its new fledglings.

The hall was artistically adorned with pretty autumn garlands and flowers of lavender, the sorority color. The punch table was bestrewn with russet leaves and here the refreshing beverage, together with dainty wafers, was served throughout the evening.

Those who enjoyed the pleasant affair were: Senator and Mrs. W. A. Massey, Mr. and Mrs. Walter Palmer, Misses Ruth Miller, Marguerite Crotty, Lena Laden, Pauline Jepsen, Dorothy Setinmetz, Emma Herz, Marie De Flon, Nell Morrow, Myrtle Neasham, Jessie Hylton, Laurena Marzen, Edwina O'Brien, Elsie Herz, Clara O'Neil, Pearl Stinson, Eunice Cagwin, Fan Pike, Margaret Fulton, Helen Fulton and Messrs. Nat Wilson, Harvey McPhail, Mortimer Charles, Bob Farrer, Alva Allen, Edwin Krall, Ira Kent, Alvin Fuss, Lloyd Patrick, Frank Golden, Jimmy Sullivan, Will Settemeyer, Melvin Jepsen, Dale Pruett, Tom Walker, James Steele, Wilfred Pike, Burke Healey, Bob Bringham.

The girls, who were honored by Delta Rho this year, are: Lena Laden, Polly Jepsen, Ruth Miller, Marguerite Crotty and Emma Herz.

The Aggies and their show stock have returned from that prize-winning trip to Sacramento.

If you are out late call at the Owl for lunch.
