ANOTHER ONE: NEVADA 15--BARBARIANS 3

BARBARIANS DINE WITH NEVADA

MGR. POMEROY EXPLAINS RUGBY UNION

Saturday evening after the game, the Barbarians became the guests of the A. S. U. N. at a dinner party in the Dining Hall. The event was a most pleasant one, both from the point of view of guests and hosts. The tables were so arranged as to allow the players of both teams to sit together, while the class tables were scattered about the room. Space was left in the center for a small table at which were seated Manager Pomeroy, of the Barbarians, Graduate Manager Ross and Captain Mackay. The large room had been tastefully decorated with many pennants; the tables were adorned with greens and flowers.

During the course of the dinner the diners were entertained with selections from the orchestra—Robert Ostroff and Gene Williams, who kindly donated their services for the evening. The music furnished by these two capable musicians was indeed a feature of the evening's entertainment.

Between courses, the Senator led the bunch in many good yells, and the note of victory rang in the voices as they were given. The only disappointment of the evening was the failure of the Barbarians to give their famous yell. As Mr. Pomeroy explained, there was no one present who was able to lead, and, as most of the players were new to the club, only a few present really knew it.

When everyone had had his fill of the good things which Mr. Jamison and his staff had provided in honor of the event, Mayor Milentz called upon Tom Walker for a solo. Although Tom had been "there" every minute in the rooting section during the afternoon, he "came back" with the required song, and it was a good one.

It then became the task of Mr. Pomeroy to make his annual speech—an annual event in the dining hall. Mr. Pomeroy chose as his subject the formation of the California Rugby Union and the Australian visit. In the course of his remarks, the speaker paid high tribute to the uphill fight Nevada has made for rugby. To the fact that this fight is being appreciated in California, we owe a great part of our success in securing the Australian game. That the California game Rugby Union does appreciate what Nevada has done for rugby is largely because of the rep-

(Continued on page eight.)

WHO ARE THE LUCKY FIFTY?

A musical club is being organized in the city. The purpose of the club is to bring several of the best musicians of the world to the city each year. The club members only will be admitted to these concerts; there will be no single admissions. The club

will guarantee at least four performances annually. The general membership fee is to be five dollars annually. But a special rate of three dollars will be given to the first fifty students registering in the club. Each member of the club will be al-

lowed to take a friend to each performance free. Of course, a student will be allowed to take only a student friend.

Students may register in the club with Prof. Haseman any day this week.

"Grand" Rally--Great Rally--Friday Night

There was a big rally at the Grand theater last Friday night. Everybody in town was there, except those who were turned away on account of the theater being filled chock full to the aisles. It was a noisy rally, too. The main rooting section occupied the first several rows clear across the house so that when there was nothing doing on the stage there was sure to be something doing in the audience. Then, way back—somewhere in the standing-room-only department—there was another rooting section. Between the two there was a good deal of joshing and yelling back and forth which added new life to this feature of the performance.

There was some program, too—the largest 15c's worth we ever got. Music by the band, and say—that band is there, too. There is going to be a parenthesis right here to boost that band. (Every time there is a rally, somebody mentions music—then somebody else says, "THE BAND." The band comes out without a word and furnishes the music and the rally is declared a success. There is a nice day for a football game and the sentiment creeps out that music on the bleachers would be nice; the bandmen don their pretty blue uniforms and we have some airs down there on the field that just throw the fight into those heroes out there in the scrum. It would be easy to say a whole lot more for that U. of N. Cadet band, but we must get back to the rally and, therefore, here is the other curve to that parenthesis.) The show proper opened with pictures—they were appropriate pic-

tures, too—none of those soul harrowing kind, but pictures right with the spirit of the evening. The curtain went up and Captain Mackay strode out upon the stage amid the thundering cheers of the multitude. In a few words he thanked the people for their attendance and enthusiasm, outlined the program, and boosted the game. Then, while the rooting sections were loudly performing their part, the captain surrendered the floor to Tom Walker.

Tom was surely there with the limerix Friday night. Every time he spoke the audience howled—and he spoke often. Every man on the team had his name mentioned in tuneful rhyme. The Barbs got theirs, and some guys who were not Barbs got theirs, at the will of the musical Sophomore.

After the audience had finally permitted Tom to retire, we had some more pictures, and—what do you think came next? The Sagebrush'll tell you: The U. of N. Glee Club made its first appearance for this year. Talk about your class, that Glee Club is certainly there. Doctor, or Director, Charlie has certainly a bunch to be proud of. They sang a good one and beat it; were called back and gave us another one, then retired again and were called back again. Each time the Senator and his bunch hollered, "We want more" until they got more and the Glee Club would have been singing down there yet if the crowd had had its way.

Some more pictures followed the Glee Club and then Captain Mackay

introduced the first speaker of the evening, Attorney Leonard B. Fowler. In a masterly address Mr. Fowler appealed to the people of Reno for their support at Saturdays' great game. It was several minutes after he had retired before the program could be continued, such was the enthusiasm that his speech had engendered.

Our friend, the Rev. Brewster Adams, was the next to speak, and for downright cleverness Mr. Adams took the cake. He told stories, made sharp allusions cracked jokes and talked seriously. When he finished, Senator Boggs gave him a great, big, long skyrocket—it was a peach and well; the crowd decided to go to the game.

The program was concluded by a couple of Freshmen boxing events. Budge were the principles in the first bout. After a lively go, the bout was declared a draw by the referee, Captain Mackay. Fallon Red Fancher and Jockey Haun, both of whom are go-getters, who hail from Modesto, made things interesting in the second. The referee and crowd agreed also to split the honors even in this mix.

The Athletic Association wishes to thank the management of the Grand Theater and every booster of the rally, in college and out, for his support and share in making the event of last Friday night the great success it was.

Read the Sagebrush for all the college doings.

BOILER TEST IN MECH. DEPT.

UNIVERSITY AIDS IN SOUTHERN PACIFIC TEST

The boiler of S. P. locomotive No. 2833 exploded at a point near Winnemucca about ten days ago. As the engine was a new one and the engine had been reported in good condition by the federal inspector, the failure was deemed worthy of a special investigation by engineering experts. Messrs. W. A. Martin and H. H. Matheson were sent by the interstate commerce commission from Washington, and Mr. Howard Stillman, chief mechanical engineer, and Mr. T. W. Heintzleman, superintendent of motive power, represented the Southern Pacific company. Prof. J. G. Scrugham of the University was called into consultation and a number of sections of the exploded boiler were tested at the University on Friday afternoon. The steel proved to be of best quality and all of the stay bolts and braces proved to be without flaws in the material. It was thus shown that the failure of the boiler was not due to mechanical defects in construction. Samples of the plate taken from the back of the boiler crown sheet show evidence of having been at nearly a white heat prior to the failure. The boiler safety valve and fusible plugs were also tested and found to be intact.

SOPHOMORE HOP, NOV. 8, 12

The first big dance of this year, "The Sophomore Hop," will be held in the gym Friday, November 8th. The plans for the affair have not yet been entirely completed, but it promises to be just as classy and as full of life as the Glee of last year. Music for the dance will be furnished by Bobbie Ostroff and his orchestra, which fact already assures every one who attends a good time. Bobbie Fringham will have charge of the floor. Miss Jessie Hylton, who so ably superintended the decorations last year, will again be given the chance to display her talents in that direction. Stork Pfdgling has already been surveying forms for programs, and promises something classy and original. All in all, the plans so far show that the Sophs are as live as ever and that their dance will be a great treat to all.

Where the bunch goes—to THE OWL Cafe where you get a good meal for your money.

ATHLETICS

Monday night started the three weeks of hard grind before the return Alameda game on the coast. Coach Bringham will be able to go on the trip with the Reno High, and this is surely good news, as he at first was unable to tell whether he could go. The back field is being strengthened by the appearance of Gibson, Harriman and Raines. The fellows are all working hard and promise Alameda no walk-over, such as they had on October 5th in our city.

At last the girls have started practice, and a fine team is looked for. Among the candidates for the team are Phyllis Davis, Agnes Constable, Ruth McKissick, Grace Leon, Bonnie Leon, Elsie Humphries and many others.

LITERARY

The two societies are now organized, but at present are at a standstill, as there will be no programs until the moving into the new Central High takes place. It is not known when that will be, but all hope it will be some time in the near future.

RAMBLER MEETING

On Saturday night at the home of Philip Brown the Rambler Club met. The meeting was called to order by President J. Lemberger, and a busy hour was put in discussing club topics. Basketball practice is to start soon and a good time is looked for. A challenge was sent to Susanville for a game at that place with the Susanville High School.

INDUSTRIOUS FELLOWS

It can not be said that there are not a bunch of industrious students in the High School. There is not much of an excuse for a boy to say that there is no chance to go to High School, or even college on account of funds. If a fellow wants to go to school, he has got to get in and dig for a job, no one is going to offer it to him.

Among our students are paper carriers, elevator boys, pin setters, ushers, drivers of grocery wagons, of milk wagons, night janitors and many others, but the two fellows to be most praised are Wallace McPhail and Bob Morrison, who are now successfully running the Majestic Confectionary store in the Majestic theater building. They started up a few weeks ago, "game" to take a chance, and they have won, from the busy

Mine Students Visit Comstock

Last Thursday morning the following students of the Junior and Senior classes in the School of Mines left on the V. & T. train for Virginia City: Boyes, Thompson, Bradner, Hoskings, Rowland, Grayson, Delahyde and Smythers. The trip to Virginia City is made every year and comprises part of the work in the practical line which is required of mining students.

The class this year will spend about a week on the Comstock and in its vicinity, making a special study of the mining operations and mill work. Trips will be made through the mines worked by the C. & C. shaft and other Comstock properties, The Puters plant, the Mexican and Yeloo Jacket mills also offer fields for practical observation for those interested in metallurgy.

Prof. George J. Young is personally conducting the excursion.

A Midnight Ditching Party

A lonely hat, a lot of automobile tracks, a broken fence, were the marks found on the campus Saturday morning—the mute evidences of a Friday night's joy ride. These signs were right near the main entrance, too; just above the bridge on the main driveway. These signs got the campus detectives to working and the following is what was discovered:

There were three men in an automobile out by themselves on a joy ride. They took in the campus, and what do you think they missed the bridge and drove into the drink. Two took a dive but got out alive, but the driver sat still in his seat. The names of these men we're not going to mention, but for cutting the campus they sure got a drenchin'.

AT THE HOSPITAL

The condition of Miss Frances Price still continues to improve, so that the young lady is able to be out in the sunshine for a little while each day.

Miss Edith Winter is rapidly convalescing from her attack of typhoid fever.

Glen Engle is out of the hospital, after a confinement of a few days on account of a very disagreeable bilious attack.

ENGINEER PLEASSED WITH U. OF N.

Howard Stillman, mechanical engineer and engineer of tests for the Harriman lines, spent last Tuesday looking over the University and its engineering and chemical equipment. He expressed himself as being much pleased with the work of the school and of those graduates with whom he had come in contact. He especially complimented some of the testing work which had been done by the chemical and mechanical departments.

A GREAT EPOCH IN NEVADA

Friday morning at the A. S. U. N. meeting a committee was appointed in the matter of the entertainment of the Australian team. Let everybody at Nevada get back of this committee and make this visit of the Australians one of the greatest epochs in the history of the University of Nevada. Make it another Mackay Day. Oh! If Clarence H. Mackay could only be here!

A great many were fortunate enough to hear Mr. Pomeroy's speech in the Dining Hall on last Saturday night. Those who didn't hear it have heard of it. Everybody knows that there were great difficulties to be overcome in the bringing of the Australians to Reno. Now it is up to us whether that visit is to one worth while or not. Everywhere the Australians have gone they have been welcomed royally—San Francisco went in for it strong. Don't let Reno and Nevada take a back seat for any of them.

Nevada is the farthest into the interior of the United States that the Australian team will penetrate. Upon their reception here will depend the impression of the interior of our

country which these visitors will carry with them back to their island home. While California has many large cities and colleges to aid in the maintenance of the coast's reputation for hospitality, Nevada must hold up the standard of the interior alone. Is she equal to the task?

Aside from these questions of the responsibility involved, there is the question of our own institutional advancement. Nevada is in the limelight. It is not whether we win or loose the game that counts; it is whether or not we make good in the entertainment of these visitors from another hemisphere. If we do make good, it will be the greatest advertisement the University of Nevada has ever had. An advertisement of this kind means students from every part of the United States. NOW is that long-sought opportunity for laying solidly the cornerstone of the Greater Nevada.

You see the responsibility and you see the advantages of this event. Let every man and woman on the Hill, let every citizen of the city of Reno boost, go down into his pocketbook, do anything he can do toward the making of this international affair—this, Nevada's reception to the Australians, a success.

Key Pittman's Campaign Is Clean Clear Through

The candidate for United States senator on the democratic ticket, Hon. Key Pittman, is making a clean, square, honest campaign. He is attacking the record of his opponent

but is not dealing in personalities. He is discussing the issues which are paramount today and making a campaign on the merits of his position and his

ability to represent the people. In speaking of his address at Las Vegas, the editor of the Clark County Review had this to say: "Mr. Pittman criticized freely the methods of his opponents, but not their motives; he criticized their records as public servants, but not their reputation as honorable men; he criticized their personal and party connection with interests prejudicial to the public welfare, but not their personal integrity; he condemned their manifest political principles, but not their manhood—in short, he spoke as a teacher rather than a judge, and with it all he carried a message of hope for the future rather than a budget of complaints for the past."

Mr. Pittman believes in the initiative and referendum, the recall of all elective officers, the election of United States senators by direct vote of the people, a tax on incomes, prohibition against use of money in campaigns by anyone except candidates and their committees, and a strict limitation as to amount, equal suffrage, protection of voters against intimidation and all other improper influence, by severest laws for the abolition of the iniquitous commerce court, and the elimination of back haul charges, and all the progressive principles of the democratic party. He is making his campaign upon these lines, which would place the power of this government in the hands of the people, where it rightfully belongs.

WHY BILL GOT IT

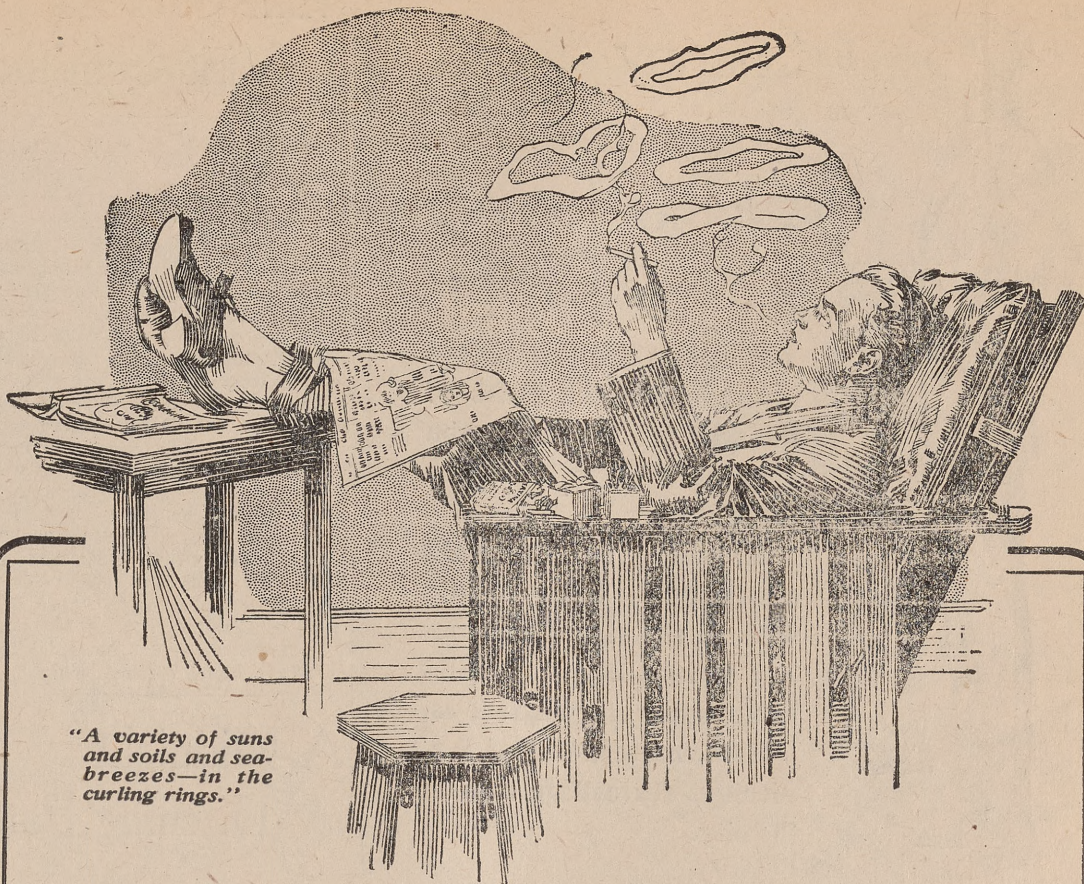

"How is it Bill Grubalong got a degree from Lehard University this year. Didn't know Bill was a college man."

"Yep. He got it for working his son's way through college."

A COLOR SCHEME

Madge—"Why are you going to change your shirt waist?"

Marjorie—"This one is too light colored. I'm going to sit in the hammock with Charlie this evening."

"A variety of suns and soils and sea-breezes—in the curling rings."

FATIMA

TURKISH BLEND CIGARETTES

"Smoke rings..... They set me dreaming and thinking.

"What work and care and pride have gone into the material from which that fragrant blue vapor comes! And what vastly different men have contributed to this delightful Fatima blend!.....

"From the shores of the Aegian Sea in far-off Asia comes that fragrance and palate-pleasing flavor—and dusky Turks have jealously nurtured the plants which have made them world-famous. But old Virginia's soil and climate, and staunch American pride are back of the rich body in Fatima....

"Then there is the skill—the art of the chef—which has been expended in the blending of these varying leaves—the veritable 'pick' of two continents.....

"....Thousands of miles of travel.....a variety of suns and soils and sea-breezes.....the skill and pride of white and brown men—all these things are in the curling smoke-rings of Fatima....

"Modest Fatima in your unassuming dress!—A wealth of genuine pleasure you bring us....No foppery about you, but merit through and through.

FREE PRESS COLUMN

"If we have the courage and are determined, we'll win." In this strain spoke a football enthusiast to his fellow players Saturday morning last. The same afternoon the U. of N. boys courageously entered the athletic field, showed the school that they HAD THE COURAGE AND WERE DETERMINED and won a strongly-contested game from the world-renowned Barbarians.

What these athletes did for the athletic department of the University, the literates would do for the literary side of the school, and "if we have the courage and determination, we'll win." When the football season is over, the promoters of the debating club should be ready to occupy the place vacated by the ball players and continue the show under a different name. To organize a literary society will require less time than to train a football team, and when once organized the debaters will have to do only what the athletes so gallantly did—practice.

Our gallant football heroes "had the courage," went to their training quarters "full of determination," plunged whole-souled into the game and came out victorious. If we would be as successful on the rostrum as these lovers of sport have been on the athletic grounds, we must acquire the same spirit that animated them, enter the contest with equal strong-heartedness, and play the game until we, too, defeat the barbarians.

Engineers Hold Large Meeting

The Engineers' Club of the U. of N. met last Wednesday evening in the lecture room of the Electrical Building and had the pleasure of listening to a lecture given by Mr. H. P. Gillette of Chicago. Mr. Gillette is one of the foremost authorities on the subject of costs and cost data and has made this subject his life study. At present he is actively engaged in an appraisal of the railroads and other public service corporations of the state of Washington, and is also making an appraisal of the properties and plants of the Reno, Water, Light and Power company.

Mr. Gillette is the proprietor and editor of the Engineering Contracting Magazine and is the author of several books dealing with the subject of costs and valuation of utilities. His address before the Engineers' Club was upon the subject of The Valuation of Public Service Corporations, and it was a most interesting and instructive one. At the close of the lecture an informal discussion took place and many interesting points were brought out.

Among the guests of the Engineers' Club on that evening were: Mr. Simmons of the Nevada Railroad Commission; G. A. Campbell, and E. D. Brown, of the Reno Power, Light and Water company; Messrs. Payne and Wentworth, electrical engineers of the Truckee River General Electrical company; D. W. Hayes, irrigation en-

GEORGE. A. BARTLETT

Independent Candidate for Justice of the Supreme Court of the State of Nevada.

George A. Bartlett, Democrat, born at San Francisco, November 30, 1869, of the marriage of Mason Brown Bartlett of Henry county, Kentucky, and Barbara Fleischmann of Bavaria, Germany. Educated in the common schools of Nevada; law degree from Georgetown University at Washington, D. C. Served as District Attorney of Eureka county, 1899-1900; two terms as Congressman from the State of Nevada, 1907 to 1911.

gineer, Reno; W. H. Martin and H. A. Mathewson, inspectors for the United States Interstate Commerce Commission; H. A. Lemmon, manager for the Truckee River General Electrical company, at Carson City.

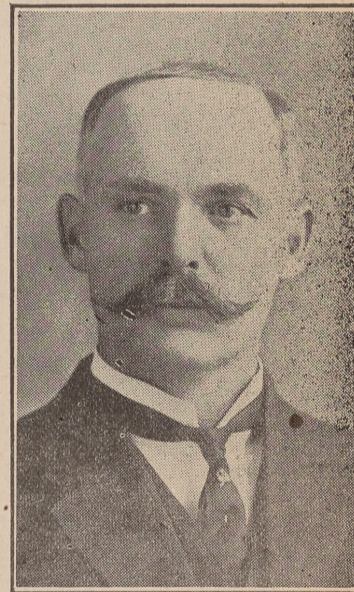

The next meeting of the Engineers' Club will be held on the first Wednesday evening of November, and the speaker and subject will be announced later.

THE JOURNAL HAS NEW EDITOR

Fred Goodcell, who has been employed on a number of the larger California daily newspapers, arrived in Reno Monday, and has assumed the editorship of the Nevada State Journal. The new editor comes to Reno direct from the staff of the Sacramento Bee.

Mr. Goodcell, after a visit to our campus, expressed himself as being much pleased with what he had seen. He is also an ardent supporter of all kinds of athletic sports.

A. A. BURKE

Probably no man is better fitted for the office of sheriff than former Chief of Police A. A. Burke. He is one of those officers who has ever been above reproach. His clean and admirable administration of the affairs of the police department proved his thorough honesty. He is a clear-headed, just and honorable citizen, and fearless in the discharge of his duty. He is making a clean campaign, relying upon his fitness for the position and the desire of the people for a man of unquestioned integrity to fill the office.

Mr. Burke has lived in Reno practically all his life. He is a man of family and one of the stalwart citizens of the community. To elect Mr. Burke sheriff would be rewarding an efficient officer, and paying a deserved tribute to a respected citizen, who is in every way fitted for the position. Mr. Burke is a massive man, standing over 6 feet in height and has the appearance of the rugged old time sheriffs of the frontier days. He is as honest as the day is long and his election would be the elevation of a thoroughly efficient man to a position which he would occupy creditably, having had the training to fit him for the office.

"A Friend of the Students"

Barbs Defeated Heavy Score

Beaten by the largest score that the Nevada team ever trimmed the Barbarians, the Nevada Varsity came back last Saturday and trimmed the black and white team by a score of 15-3. The Barbarians were very weak in team work and the Nevada team showed up fairly well in this part of the game. The forwards of the two teams played the majority of the game, and only when the Nevada forwards got together did they score. The first score was recorded after the Nevada team had played for nearly 15 minutes in their own 35 yards. Twice did the Barbs overkick into the Nevada goal line, and the Nevada backs saved by falling on the ball. Curtain caught the ball on a pass from Webster, after a scrum, and The Goat went "right away. He dodged directly through the entire backfield of the Frisco lads and scored from a run that covered the longest part of the turf. Bringham converted.

The Barbs came right back fighting the ball to our own danger zone, and after a number of scrums, where the ownership was doubtful, Davis, a forward, picked the ball and dodged through for a try just inside the touch line. Browne failed to convert a very difficult angle by about three feet. Score, 5-3.

The ball again went into the Barb field and for nearly ten minutes of the remaining period the ball was played in neutral territory. The half ended with the ball in the Barbs' territory.

Condition showed well in the Nevada team and the forwards dribbled well, but the Nevada backfield could not smother the fast breakaways and the wings of the visitors. The Barbs backs kicked to touch and gained yards every kick. Nevada's backs did not play their usual game in the first half and at numerous times the Barbs almost walked through them. The forwards on the other hand, were a bit weak in the heave, but showed in the lineouts and in the way in which they followed the ball. Henningsen was the star performer of the striped lads, and went through the line for several gains when several passengers were on his back. The dribbling and aggressive work of Harriman, Mackay and McDonald showed the game in its true shade.

The system of the Barbarians in dribbling through the pack by a shrewd system they have, was a puzzle to the Nevada boys, who could not cover up as they did in the California game a week ago.

Second Half Shows Backs

The second half saw the visitors again on the job and playing hard ball. The Nevada boys, however, played the ball all the time and with the assistance of a few long kicks to touch by the backs gained the advantage of keeping the ball in Barbarian territory nearly the whole time. From a scrum near the 10-yard line, Menardi played the blind side and sneaked through a hole for a clean score, directly under the goal post. Browne of the Barbs played the star defensive game and in this instance was mistaken as to the direction of Menardi's journey that ended in a gain of 5 points, when Bringham again converted. Score, 10-3.

The ball went back to midfield and was played for nearly 10 minutes, without any perceptible gains to either side. The Barbs got in a number of good kicks that registered them long gains and saved their tired forwards from extra runs. Curtain kicked a long punt into midfield and followed up to take the ball away from Browne and scored while the Barbarian captain looked on in wonderment. Bringham again converted. Score, 15-3.

The Barbs returned field kicks and gained well into Nevada territory. A dribbling rush in which the Nevada pack figured as a unit go to work and took the ball to the center of the field where a line out gave the ball to Nevada, and as Webster started to toss in, the time gun sounded the finish of a very good, fast game of the English sport, where dirt was neglected for the sport.

Doc Kennedy refereed. Halves—35 and 30 minutes, respectively. The line-up will be found on another page.

If you are out late call at the Owl for lunch.

Chrysanthemums Nev. Grown

J. B. Lynch, superintendent of buildings and grounds, has on display in the greenhouse the result of a pioneer attempt at the cultivation of the finer varieties of chrysanthemums in Nevada. That the attempt has been a success needs only a visit to the greenhouse to prove. All of the flowers on display are of the exhibition type, and each bloom is a perfect specimen of its kind. The flowers vary in size and color from the smaller ones of golden hue to those of purple color which have attained the size of from six to ten inches in diameter.

Mr. Lynch, in his cultivation of this year's crop, is largely experimenting and at the same time procuring the seeds for a larger production next year. His experiment and its success suggests a new field for local horticulturalists as chrysanthemums of this type are valuable and very much in demand.

Regent O'Brien of Sparks is at present in Indianapolis as a witness before the United States grand jury in regard to the Los Angeles Times dynamite case.

Miss Lewers will leave shortly for Honolulu, where she will visit for the next several months. Her position as head of the art department has been filled during her absence by Dan Bruce.

PART OF THE UNIVERSITY EXHIBIT SHOWN AT FALLON

Y. W. C. A. NOTICE

The regular meeting of the Y. W. C. A. will be held on Wednesday at 4:30 in the Association room. Mr. Cyril Thompson will give the address. It is sure to be a large meeting, since Mr. Thompson is well known to all the students.

PROF. HOWES TO VISIT CANADA

Prof. Howes leaves Tuesday for Lethbridge, Alberta, Canada, where he will represent the Nevada Experiment station in the International Dry Farming Congress.

Frank Breeding is visiting at the Sigma Alpha House for a few days.

Misses Marie De Flon, Polly Jepson and Ada Hussman spent the week end in Carson valley. The trip out was made by auto on Friday afternoon.

Frank Peterson has returned from the Irrigation Congress at Salt Lake City.

Cigarette brands come and go but Imperiales go on and on with an ever increasing number of smokers who know real quality and stick by the cigarette that gives it.

The popularity of Imperiales is due to two mighty important features:—

The expert Imperiales blend of high grade tobaccos cut into fine silky threads that burn evenly—

The modern mouthpiece that cools the smoke and gives you the rich flavor and fragrance of the blended leaves.

The smokers of Imperiales not only get a rich full-bodied cigarette of high quality, but in each package is a coupon, twenty-five of which can be exchanged for a beautiful felt pennant (size 12 x 32 inches).

In the selection are pennants of the colleges and universities and most of the fraternal orders.

You will find a partial list of the pennants on the reverse side of the coupon.

The pennants make very attractive room decorations, as they are in the regulation colors of the various colleges and universities.

IMPERIALES CIGARETTES

10 for 10c

PROGRESSIVE

National and State Ticket

For President—THEODORE ROOSEVELT.
 Vice-President—Hiram W. Johnson.
 United States Senator—Sardis Summerfield, Reno.
 Congress—Geo. Springmeyer, Carson City.
 Justice Supreme Court—W. R. Thomas, Las Vegas.
 University Regents—H. A. Comins, Ely; Peter Anker, Lovelock; L. W. Haworth, Austin.

Notes Taken in Student Body

Meeting called to order by the president. Minutes of the last meeting read and approved.

Gym committee reported in favor of having the University authorities keep charge of gymnasium. Report accepted and committee discharged.

It was unanimously decided to sustain Graduate Manager Ross' action in requesting the resignation of Coach H. Buchanan.

It was unanimously decided to charge students an admission of 50 cents to the Australian-Nevada football game on November 5th.

It was decided that the chair appoint a committee of five to arrange for entertainment of Australians. Mackay, Farrer, Chapman, Webster, McPhail, appointed.

Meeting adjourned. It is desired and expected that all the young ladies who have paid their athletic dues attend the meetings of the A. S. U. N. and not be conspicuous by their absence.

Senior Dinner Joyous Feast

A scene of much enjoyment took place Thursday evening in the Domestic Science Rooms, when the young women comprising the senior cooking class entertained at a banquet a number of their classmates. The decorations were fitting to the season, since autumn leaves and flowers were in great profusion.

Much of the success of the banquet was due to the following young ladies who assisted the hostesses by serving: Misses Frances Smith, Ethel Brown, Martha Noble and Alice Van Lear.

Hand painted cards marked places for Mina Smith, Elda Are, Eunice Cagwin, Lena Hauss, Helen Higgins, Milly Donahue, Bessie Winters and Florence White, and their guests, Norman Dorn, Frank Gignoux, Nat Wilson, Leonard Gilcrease, Morris Anderson, Harold Layman, Dale Pruett and Clyde Hamilton.

BORN

In Chico, California, on September 24th, 1912, to Mr. and Mrs. Charles Helpenstine, a son.

Charles Porter Herlpenstine is a mighty fine, big baby boy, and the friends of his father and mother on the Hill have been busy of late writing letters of congratulation.

AGGIES GET WISE

Another shipment of 15 carloads of steers was received by the V. & T. railroad at an early hour yesterday morning. They were shipped to Minden and from there will be driven to the Humphrey-Moffat ranges in Mono county, California. The steers will be fattened there for the coast markets.

Dinny Addresses Century Club

The ladies of the Century Club have listened to many learned and interesting lectures from men of note and ability, but never before have they heard a talk which applies so closely to their everyday lives as the address this afternoon on "Pure Food and Its Relation to the Housewife" by Professor S. C. Dinsmore.

Professor Dinsmore has often been referred to as the Dr. Wiley of Nevada, and the manner in which he handled his subject this afternoon goes to prove that he has not been misnamed. The speaker said in part:

"The subject of pure food is not a new one, but in my mind it is the greatest question before the American people today. We believe that education is half our battle, securing the proper legislation. When the people are awakened to some of the commoner forms of adulteration and realize that they, in a great part, are responsible for some of the practices, they will soon put an end to them."

Professor Dinsmore spoke of the adulteration of rice, considered one of the most wholesome food products, and one of the least liable to adulteration. Samples were shown and tests made to prove that the delicately white tinted rice is quoted with glucose and talc. This is because the housewife considers the dull-colored rice in its natural state as impure. If it were not for this misapprehension, the rice would not be thus treated before it is placed on sale.

Impure bread also was discussed and samples shown. The mother of the family demands that the flour from which she bakes the bread must be pearly white, not the somewhat creamy shade of purity. That is why

flour is bleached by the use of nitrates.

She also is laboring under the apprehension that canned salmon should always be pink. As a matter of fact, it usually is white when in a pure state, but the trade is accommodated by the use of aniline and vegetable dyes.

The professor displayed samples of vinegar, extracts, catsups, meat products and other food stuffs, making demonstrations to show how they were adulterated in order to meet the demands of the purchasers.

He said that a number of dealers at different times have determined to serve their patrons with only pure food stuffs, but they found the results disappointing, for the patrons continued to insist upon artificial coloring and flavoring.

The exhibit, which was very complete and carefully selected, was examined at length at the conclusion of the lecture and the ladies watched the tests with the greatest of interest.

Two violin solos by Mrs. J. B. Merardi and a piano solo by Miss Louise Lauzon were contributed to the program.

BARBARIANS DINE WITH NEVADA

(Continued from page one.)
resentation we have had at the union, in Mr. Pomeroy and our Barbarian friends.

There were other speeches. Captain Mackay spoke cleverly of the game, of the victory and of other topics. Graduate Manager Silas E. Ross told of the trials of a graduate manager in financially making both ends meet. So far this season, Mr. Ross explained, the gate at the various games had come up to his expectations, in that it had paid 50 percent of the guarantees in bringing the visiting teams to Nevada. The speaker also announced that seventy-five dollars had been turned into the treasury as the proceeds of the rally Friday night. Si Concluded his remarks with an appeal to every student of the University to do his share in the support of the team by turning out and selling tickets for the few remaining games of the season.

After some more yells and the singing of the Nevada song, the party broke up, to meet a little later at the social dance in the gym, which had been prepared in honor of the Barbarian visitors.

ST. MARY'S GAME SATURDAY

Next Saturday afternoon the team meets St. Mary's team from Oakland on the Mackay field. The game promises to be an exciting one, as both teams are in the prime of condition and have a long series of victories behind them.

The Four Year Contract

Athletic agreement between the University of Nevada and the University of Santa Clara:

Preamble

This agreement, entered into between the University of Nevada and the University of Santa Clara, is for the purpose of determining and regulating all athletic contests that shall take place between representatives of each of the parties of this agreement.

Article I.—Contests

Sec. 1. In all matters not covered by this agreement, the rules of the American Athletic Union shall govern. The points allowed for places in track and field contests shall be as follows: First place, five (5) points; second place, three (3) points; third place, one (1) point.

Sec. 2. The annual athletic contests shall be:

- (1) Football
- (2) Basketball
- (3) Baseball
- (4) Track and field contests.

Sec. 3. The order of events in track contests shall be:

- (1) One-mile run
- (2) 100-yard heats
- (3) 120-yard hurdle heats.
- (4) 100-yard final.
- (5) 120-yard hurdle final.
- (6) 440-yard run.
- (7) Two-mile run.
- (8) 220-yard hurdle heats.
- (9) 220-yard dash heats.
- (10) One-half miles run.
- (11) 220-yard hurdle final.
- (12) 220-yard dash final.
- (13) Mile relay race; teams to be composed of four men; provided that only first place shall count in the relay race.

Sec. 4. In the field events, the order shall be:

- (1) 16-pound hammer throw.
- (2) Running high jump.
- (3) Shot put.
- (4) Running broad jump.
- (5) Pole vault.

No more than three contestants from each institution shall be allowed to enter each event.

Sec. 5. The clerk of the course has full control of the track and field meet.

Article II.—Eligibility

Sec. 1. No student who does not maintain a passing average in at least ten hours of class work weekly in his studies, shall be eligible to compete. The General Director of Studies shall add his signed certification regarding these points to all lists of candidates entering for intercollegiate contests.

Sec. 2. No students shall be permitted to compete in any intercollegiate contest who has entered his college later than twenty-five calendar days from the date of the beginning of instruction to upper classmen of the semester in which the contest takes place. Absence from college work for a period of fifteen days for other causes than serious illness, which must be attested by a physician in writing, renders a student ineligible during the semester in which the absence occurs, and renders previous contests in which he has engaged during the same scholastic year, subject to protest.

Sec. 3. No person shall compete who is not an amateur.

Sec. 4. An amateur is defined as being one who has not entered in any open competition for a stake, public money, admission money, or entrance fee; or under a fictitious name; or has not competed with or against a professional for any prize, or where admission fee is charged; or who has not instructed, pursued or assisted in the pursuit of athletic exercises as a means of livelihood, or for gain or and emolument.

However, no person shall lose his amateur standing by playing against a professional for any prize or where admission is charged, if it is done under the auspices and bona fide control of the university to which he belongs.

Sec. 5. An exception to the rule contained in Section Four (4) may be made in the case of those who were in actual attendance at college up the close of the last semester, 1912, but who have played on athletic teams where admission fee was charged; providing those teams were not organized teams, according to the rules of the National Commission.

Provided a student may take part in athletic contests for emolument during the summer vacation months, namely between Commence and Registration days.

The above exception shall be null

and void as to any offense committed against said Section Four (4) of this agreement, from the date on which this agreement is signed by the parties thereto.

Sec. 6. No student leaving either University to enter the other shall be eligible to compete in any intercollegiate contest until the lapse of one entire year from the date of entering said other University.

Sec. 7. Graduate students and students holding University appointments for which compensation is received, must carry and be passing in at least ten hours' class work each week.

Sec. 8. No graduate student shall be eligible to compete for more than two years after graduation.

Article III.—List of Contestants

Sec. 1. The managers shall submit the names of their candidates (not exceeding fifty names in track and field contests, each to the Chairman of his own Faculty Committee on athletics. The names of the list, that are eligible according to the intercollegiate agreement shall then be certified to by the Faculty Athletic Director and five (5) weeks before the game or contest, transmitted to the Faculty Athletic Director at the other University, and by him transmitted to his manager.

The only objection to men whose names are not on this list that will be entertained will be in regard to the rules and spirit of this intercollegiate agreement.

In case such objection is made, the manager must put his objection in writing within one week after receiving the same, stating when, where, and how the rules and spirit of this agreement have been violated, and give this to his own Faculty Athletic Director for investigation and settlement. In case an understanding is not reached regarding the protest within five (5) days thereafter, it is to be presented to the standing committee who will render their decision within one (1) week after receiving the communication.

Article IV.—Standing Committee

Sec. 1. There shall be a standing committee, which must be selected within one (1) month after the signing of this agreement, and the names communicated as soon as possible to the athletic moderators of both institutions.

Sec. 2. The duty of the committee is to pass on points of dispute that may arise, on which decisions are to be rendered according to the rules and spirit of this agreement.

Sec. 3. The committee on disputed points shall consist of five (5) members, two (2) of whom shall be appointed by each institution and the fifth shall be chosen by these four.

Sec. 4. No compromise can be made in regard to the rules of this agreement without the consent of the standing committee. No such modifications shall be held as binding, unless they are in writing and copies thereof are signed and exchanged by the faculty athletic directors of both institutions.

Article V.—Place of Contests

Sec. 1. The football and baseball games shall be played in San Francisco; the basketball games and track and field contests shall be played at Reno on dates to be determined by the athletic managers.

Article VI.—Finances

Sec. 1. The net proceeds of each game shall be divided equally between the two Universities.

Sec. 2. In case the proceeds do not cover the traveling expenses, the deficit shall be shared equally by each University.

Sec. 3. Traveling expenses will be estimated on the following basis: In football not to exceed 23 men. In track and field athletics not to exceed 25 men; in baseball, not to exceed 16 men; and in basketball not to exceed 10 men.

Article VII.—Duration of Agreement

Sec. 1. This agreement is to go into effect immediately upon receiving the signature of the athletic director of each University.

Sec. 2. This agreement is to be in force until June 20, 1916, provided the whole agreement or any portion may be terminated by either University giving three months' notice in writing to the Faculty Athletic Director of each University.

Food and Drug Men Busy

Professors S. C. Dinsmore and S. E. Ross, who form the commission to enforce the weights and measures laws of the state, and who are joined by M. B. Kennedy in the enforcement of the national pure food and drug act, are most thoroughly attending to their duties.

The former commission has saved the entire amount of the appropriation in the matter of enforcing the law and prescribing full weight for butter alone. An instance may be quoted. There is one store in Elko which handles a ton of butter weekly. Prior to the enactment of the present law the rolls were from an ounce to 10 per cent short. They are now full weight. There are about 15 creameries in the state, and all are complying with the law.

The commission has completed the adjustment of scales in this city and is now inspecting measuring devices in dry goods stores, certifying to those that are exact and affixing the official seal. They will next turn their attention to the proper weights and measures in matters of coal, wood and hay.—Gazette.

GALE SEAMAN VISITS NEVADA Y. M. C. A.

Mr. Gale Seaman, national secretary of the Student Department of the Y. M. C. A., spent Saturday and Sunday in Reno, and spent most of his time at the U. N. Mr. Seaman has paid several visits to this college in years past and he is always a welcome visitor at this institution.

PACIFIC CREW CHAMPIONS BANQUETED

Three hundred oarsmen, representing the various rowing clubs of the bay last night dined and dined the victorious Alameda crew that won the championship of the mid-Pacific ocean at Honolulu last month.

The gathering was a most enthusiastic one and speeches were made by all the members of the victorious crew. Manager Bray Thorning of the crew that visited Honolulu gave a de-

scription of the race and said that in all probability the champion crew from the islands would be a competitor in the next Pacific coast championship regatta, to be rowed next July.

Thorning said that had it not been for Joe Lewis of Honolulu, an old Alameda enthusiast, it is doubtful if the Alameda crew would have won the great race.

Lewis provided outdoor sleeping quarters for the crew throughout the hot weather and this was the only thing that saved them from collapse.

The sentiment was expressed that it was up to the local crew to challenge Australia for the championship of the Pacific ocean, the rowers of the antipodes being conceded to be the only men that it was necessary to beat to bring home the title "champions of all the Pacific."—The Call.

Eastern College Football Notes

CAMBRIDGE, Oct. 12.—Harvard increased her last year's total in the annual game with Williams today, but the visitors had the satisfaction of being the first team this season to score against the Crimson, the fugures for the game standing 26 to 3. Last year's score was 18 to 0. The Harvard first string of backs punctured the Williams line for long gains during the first two periods, but the substitutes were not successful. Williams' field goal was the result of four forward passes, which brought the ball within Harvard's 25 yard line. There Michael sent it spinning across the bar for a place kick, standing on the Crimson 35 yard line.

Harvard was twice within Williams' three yard line, but lost the ball on fumbles.

Michigan 55, M. A. C. 7
ANN ARBOR, Oct. 12.—Michigan defeated M. A. C. team today by a score of 55 to 7. Every yard of ground was bitterly contested, despite the showing of the lopsided score.

Washburn 12, Denver 0
DENVER, Oct. 12.—Washburn's fast football team defeated Denver University here today by a score of 12 to 0. Washburn's scores were made in the last two quarters of the game.

Swarthmore 6, Pennsy 3
PHILADELPHIA, Oct. 12.—Sawthmore college sprung a big surprise on the University of Pennsylvania football team this afternoon, giving the Quakers their first defeat of the season, 6 to 3. There was no question about the better team winning. Swarthmore got the jump on Pennsylvania and in the first period carried the ball 80 yards for a touchdown.

Cornell 16, New York 6
ITHACA, N. Y., Oct. 12.—Cornell won its second football game this season, defeating the University of New York 14 to 6. Cornell showed some improvement, but the playing of the eleven was ragged in the first half.

Illinois 13, Washington 0
CHAMPAIGN, Ill., Oct. 12.—The University of Illinois defeated Washington University of St. Louis, 13 to 0. Illinois scored in the first period, when Dillon ran 30 yards for a touchdown, but Washington took the aggressive in the second period when Illinois was forced to fight for life on its own five yard line no less than four times.

Easy for Princeton
PRINCETON, N. J., Oct. 12.—Virginia Polytechnic Institute proved no match for Princeton, the Tigers winning 31 to 0. The defensive power of the southerners was practically all they had, with the result that the orange and black was on the attack almost throughout the contest.

Yale 16, Lafayette 0
NEW HAVEN, Oct. 16.—Effective line plunging and a goal from the field gave Yale the game with Lafayette, 16 to 0. Yale scored a touchdown in the final three minutes of play, when Flynn carried the ball 45 yards to Lafayette's five yard line, and Cornell was sent out for the score. Philbin kicked the goal.
