

## DELAHYDE, 1913 FOOTBALL CAPTAIN

### Complexion Regent Board

New Board of Regents Plan to Advance Efficiency of the College

In the re-election of A. A. Codd and J. W. O'Brien as regents of the University and with the election of Mr. Pratt as the new long-term member of the board, the people of Nevada have voiced their sentiments in regard to the University. They want it to advance. The old board will meet for probably its last session on the day after school closes for this semester, December 19th. After the first of January, 1913, the personnel of the board will be as follows: Charles H. Henderson (1911-1915), Hosea E. Reid (1911-1913), Arthur A. Codd (1913-1917), Walter A. Pratt (1913-1917), and James W. O'Brien (1913-1915).

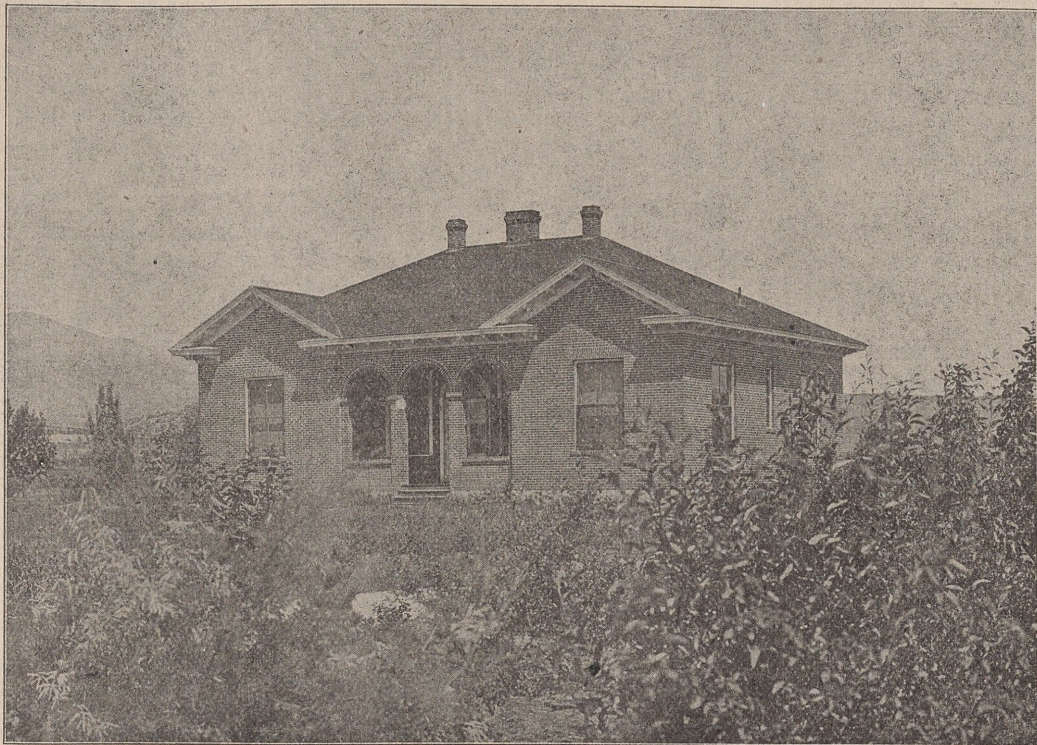

When seen by a Sagebrush representative a few days ago, Mr. Codd gave out some important facts in regard to the plans the regents had to put before the legislature at its session next February.

"Yes," said Mr. Codd, "the people have said that they wanted the State University to go ahead, and it our intention to have it go ahead. We want to be understood as being thoroughly in line with the spirit of retrenchment which the state officials have adopted. We will keep our list of wants down to the very lowest figure possible; but we do not believe that it is in accord either with the state's policy of retrenchment, or with wishes of the taxpayers of the state not to keep up the good work of advancement that has already been started. Bear in mind then, that everything your new board will do will be in the direction of advancing the institution, so that we can continue to increase our enrollment of students as each fall semester begins.

"In order to keep the ball of progress rolling, we must have money. The first thing we are going to ask for is money to renovate Lincoln hall from cellar to garret. The old beds and cast off furniture will be ditched, the walls refinished, the rooms made clean and comfortable, so that you old timers will hardly know the place.

"Another much-needed improvement, and one which we will make every effort to obtain is a dairy building for the Department of Agriculture. As yet we have not decided as to the exact location of this building, but it will probably be placed somewhere to the east of the

(Continued on page four.)

## OUR HAPPY AGGIES RETURN; U. N. ONE OF TWELVE AT SHOW

BY L. B. PATRICK, '13

Yes, we got back, all in one piece and tickled to death at the time we had. Some show, you ask? Well, you should have seen it to appreciate just what was there. All breeds and types of the very best livestock that could be had in the world, and almost as many different kinds and classes of people to see the "big show."

No, we did not get any prizes, but they all knew we were on the job, and as the old coon said, "Like a post in the way of a locomotive." Iowa Agricultural College got the prize for a team and for the highest individual man in any team. We got fourth and fifth on cattle and sheep (the two greatest industries of this state). That is not bad when one takes into consideration that the eastern colleges with which we competed had in several instances nearly twenty times the student body in the agricultural college as we have in the entire University.

The treatment accorded us was far from the western treatment—the glad hand and "How-do-you-do" whenever you meet a familiar face. The eastern people have yet to learn that spirit of hospitality and good-fellowship that characterizes the west. We were invited to a banquet given by the Iowa students the evening of the judging contest, but, owing to a date at the horse show, we could not attend.

The show itself was an education so that if all the team does get blue envelopes just after Mmas, we can say that we saw the best and biggest livestock show in the world, thus far. There were horses of one breed, Percherons, that the judges spent the most of two days in judging. One class, the 2-year-olds, included 206 entries. The judges were in all cases experienced men, professors, or stock men of the particular line.

In the judging of fat stock, Thos. R. Keene of London, a famous judge of England and Europe, was the man that attracted most attention and was not questioned in his judgment.

You say that you have read enough about the show and want more

students' interest. Well, the judging contest is a grand herding of sheep. This year there were 61 entries from twelve different colleges in the United States and Canada. Each man was given a number and was allotted to a certain squad that attacked the horses,

December 9, 1912.

The Regents, Faculty and Student Body of the University of Nevada extend to the family of the late Cleveland H. Baker, Attorney General of Nevada, deepest sympathy in the hour of their bereavement.

Grand  
Theatre

cattle, sheep and swine in order and then waited until there was something else offered for our faultless opinion. After all classes had been judged we assembled to receive instructions about the next division of the above mentioned classes. After receiving these instructions, we again proceeded to judge, handle, watch, test for thickness of flesh, and the regular routine work of judging.

After the whole program of judging had been completed, we were led into a room and allowed to await our turn to give reasons for the wise opinions offered in placing the various classes of stock. Here we sat until 8:30 p. m. that night, when all was completed and we all were allowed to partake of a bit of luncheon. I forgot to say that we received a small handout during the day, when Prof. True very kindly came to our rescue, else we should not have lived through the terrible time.)

Taken all in all, I actually believe that any student of any college anywhere cannot afford to miss the International Livestock show. It is there, better than anywhere else that he may learn the true types of livestock most sought after in the United States.

When we talk of climate and weather we cannot include the middle west. They have no climate. They have nothing to allure the

### OXFORD DELEGACY OF LOCAL EXAMINATIONS

Rhodes Scholarships, 1912  
Oxford, England,  
November 12, 1912.

The Chairman of the Committee of Selection, State of Nevada:

Dear Sir:—I have the honor to inform you that, as the result of the examination conducted by this delegacy on October 15 and 16 last, the following candidates from your state have been awarded exemption from responsions; Bryant, F. S.

Yours very truly,

J. N. Gerrans,  
Secretary of the Delegates of the Local Examinations, Oxford.

### Football Banquet Closes Season

Twenty-Three Heroes Gather at Thomas for Farewell Affair

With the banquet at the Thomas cafe Saturday night, the last chapter of the football season of 1912 was closed. The banquet was a joyous and a sad event. There were men there who had played on Nevada's football squad for their four years of college life and this was their opportunity of saying goodbye to the men by whose side they had fought against overwhelming odds, to an honorable defeat.

At the hour of 8:30, twenty-three Nevadans took their places at the board; good stories and good fellowship prevailed. When, finally, that time came, when every one reclined contentedly in his chair and toyed with his cigarette and small cup of black, Captain Mackay, who graced the head of the table, called on Bill Settlemeier for a speech.

Bill's speech was short and to the point. He urged unity and "pep" as qualities for next year's team. Bidding farewell and Godspeed to Nevada's rugby squad, Bill resumed his seat, amid a great big skrocket for the "Fighting Duchman."

Charles, Harriman, Delahyde, McPhail, Webster, Menardi, Bringham, Layman, Percival, McDonald, Curtin, Kniffen, Henningsen, McCubbin, Freeman, Sheehy, Perkins, Gignoux, Lake, Pennell and Hamilton each responded when called upon by the captain. The speeches were good and showed the proper spirit. We are sorry that space will not permit us to print them here. Through them all could be distinguished that same Nevada ring—"fight and keep on fighting." In the speeches the sentiment was for every man to bring back football material with him when the 1913 team begins, next August. In the speeches of all could be discerned only condemnation for that spirit of jealousy and party feeling which will go down into history as the one blot upon the football season of 1912.

When all had finished, Mackay arose, and the players rose, too, in three great big ones for their captain. Mackay reviewed, in his straightforward manner, this year's football season. He placed honor where it was due and dealt just as plainly when it came to blame. He thanked the men for the support they had given him, both in game

## Carson High School Notes

### TENNIS TOURNAMENT FINISHED FRIDAY

For some weeks past Carson High School has taken a great interest in the preliminaries of the tennis tournament. After weeks of hard playing, Beatrice Tremont won over all the other girls in the Junior and Senior classes, while Harry Day won first place among the boys in the same room. Those to hold first place in the Freshmen-Sophomore room were Ida Heitman and Herbert Heidenreich. Friday the two pairs of opposing champions met in mixed doubles to play for the championship pennant, after a hard game, in which much speed and skill was shown, the representatives of the upper classmen won out. Henceforward the pennant will adorn the walls of their room.

The score in the first set stood 6 to 2 in favor of the representatives of the Freshmen and Sophomores. In the second set the score was 8 to 10 in favor of the upper classmen. The last and deciding set was 11 to 9.

### SECOND MEETING OF PARENTS' AND TEACHERS' ASSOCIATION

For the second time, the parents and teachers met together this Friday afternoon. The purpose was to form the association previously discussed at the first meeting.

A nominating committee was chosen who should nominate permanent officers. A committee who shall arrange the program for the next meeting was also appointed. Another committee was chosen to draw up a constitution and by-laws. Miss Sperry read an account of what similar associations are accomplishing throughout the state.

## New Specimens Mining Museum

Within the last few weeks the great mineral collection of the Mackay museum has been augmented considerably. A few days ago Prof. Jones received from E. W. King and M. Scheeline, of the Nevada Mines company at Rawhide, some valuable high grade specimens. In these pieces of rock can be determined easily the hornsilver, silver sulphides and caronaceous matter they contain. In the same donation is a piece of rhyolite tuff, which is of interest because of the faulting. These people have previously given to the museum a couple of odd specimens, which illustrate concretion in the vein. Charles McGill and Joe Durkee, old grads. of the school of mines, also visited the campus a few days ago and left some interesting specimens for the museum, these consist of some pieces of varicite (a gem mineral, but the specimens are not of the gem variety) from property in which they are interested just over the line into Utah.

A few days ago, Mr. Murray, a Nevada mining man, who has recently returned from Korea, presented the Mackay museum with some beautiful specimens of solid copper ore from the Capsan district, Korea. He also donated some interesting fossil specimens from Plumas county, California.

Gustus Rapp, a mining man of Tonopah, has also donated generously to the collection. His latest gifts are some good specimens of Ely ore, a few pieces of wolframite from Tonopah and some tertiary fossils from Ray, Nevada.

All of these specimens are valuable as addition to the collection in the Mackay museum. The school of mines is certainly glad to get them. It is the generosity and interest, such as displayed by these Nevada mining men, which has made the famous collection of the Mackay School of Mines museum what it is.

## Artemisia Help Is Wanted

Realizing that the members of the University take an active interest in the welfare of the "Artemisia" the board wishes to keep them vitally informed as to the progress of the book.

The book is practically all planned. All departments are decided and the contents for every page is fixed. What remains to be done is the getting of advertisements and the contributions from the students.

The earlier that the material is in to the board, the greater attention it will receive and the more helpful it will be to us. Therefore we now call officially for stories, jokes, joshes or drawings for the book, and trust everyone will make an attempt to get in an early contribution. We need full page drawings for athletics, fraternities, sororities, clubs, colleges, frontispieces, joshes and classes. For the josh department, any little drawings for jokes or happenings will be considered. Any contribution can be given to the editors and we solicit your help. SO DO IT NOW. A. B.

## Provisional Game Next Semester

The following provisional schedule has been given out by Graduate Manager Ross for games of men's basketball after the holidays: Nevada vs. Sacramento Athletic Club, Reno, January 31; Nevada vs. St. Ignatius College, San Francisco, February 8; Nevada vs. Y. M. C. A., Reno, February 15; Nevada vs. St. Ignatius, Reno, February 22; Nevada vs. Santa Clara, Reno, March 1.

Two games of baseball with St. Ignatius have also been tentatively agreed upon. The first will probably be played in San Francisco about April 1st; the second, on the Mackay field about May 1st.

Games with teams from Reno and Fallon will also be played. The Santa Clara game will be played, according to contract, in San Francisco during the second week in May.

Although the graduate manager has written to the University of Utah in regard to baseball and track contests, nothing as yet has been heard. No definite date for the Santa Clara track meet has been set.

### G. E. PALMER

In his recent visit to San Francisco, Dr. J. E. Church met G. E. Palmer, an old Nevada graduate. Mr. Palmer is now division traffic supervisor of the Western Union Telegraph company, with headquarters at San Francisco. He was very much interested in his old college and sent many kind remembrances through Dr. Church to friends still upon the campus.

### BEGUN ON THE CAMPUS

Rev. Gunn, of Ely, who is attending the Episcopal Convocation in Reno, was a visitor upon the Campus Sunday afternoon. Mr. Gunn was being ably guided through the grounds and buildings by D. R. Frazier and Prof. P. R. Kennedy. Mr. Gunn is going back to Ely a Nevada convert, and will be a great big booster for the U. of N. in the big eastern mining camp.

### THOSE REGENT RULES

Elsewhere in this paper will be found a copy of the rules adopted by the Board of Regents at their last meeting. We have a few words to say in reference to that much-discussed notice.

This action was forced upon the Regents. Over in the comptroller's office there is a statement which shows that \$519.95 back board was due from student boarders at the dining hall on the first of December. The Regents have issued orders to those in charge to keep itemized daily statements of dining hall expenses—if they get any money ahead, use it. The comptroller is also getting a lower rate by paying cash for all goods. It can be easily seen, then, that a business which is run absolutely with a profit, and right up to the very margin,

cannot afford to have bills due amounting to \$519.95.

When everybody does not pay his board right up to the mark, it means that the dining hall must, in turn, "stand off" its bills. The result is a higher price for provisions. As we have said before, the business is run right up to the margin. Hence the burden of high prices and slow payments must fall somewhere, and it falls upon the innocent victims—those who do not pay are living on someone else.

The comptroller says he can give us good board for sixteen dollars per—if everybody pays promptly. The Regents are determined that we shall have good board—hence the rule. It is going to be enforced to the letter.

In the dictionary can be found the word, "parasite, one that lives on somebody else." Do not let the term fit you.

### COMPLEXION OF REGENT BOARD

(Continued from page one.)

quadrangle and at some little distance from it. The building will be constructed along the most modern and scientific lines and will be a credit to the institution. With the degree of prominence which our agricultural college has obtained, I think that it deserves this building.

"And then there is the library building. Mr. Layman is working at a tremendous disadvantage in that basement affair. This temporary building is something that we should have built two years ago, but we were waiting for Mr. Mackay to help us on the permanent structure, which will occupy the site of Morrill hall. At present Mr. Mackay cannot see his way clear in regard to the library and administration building and so we have deemed it expedient to ask the state for funds for a temporary library building.

"This new building will be placed on the terrace to the west of the quadrangle, between Stewart hall and the chemistry building. It will be nearer Stewart hall, however, so that the walk leading to the rear steps of Stewart hall will answer the purpose for both. Although complete plans for the building have not yet been made, we expect to put \$10,000 into it. It will be both serviceable and attractive. It will be high enough for double decking.

"Yes," Mr. Codd continued, "the governor accompanied the board on a tour of inspection of the University

a few weeks ago. The governor is highly in favor of the plans as I have outlined them to you. From the tone of the legislature, too, I think there will be little difficulty in getting the money. As I said in the beginning we are in line with the retrenchment policy, we are not going to be extravagant. These two buildings are all that we will ask for, but they are necessary for the advancement of the institution, and we are going to try our hardest to get them. As far as I know now, there will be no changes in the present faculty."

### BANQUET CLOSES SEASON

(Continued from page one.)

and in practice throughout the season. He urged all to pull together. "What is the difference," said the captain, "whether a man belongs to one thing or another? When you play football, play football for the University of Nevada, and forget those petty bickerings."

Mackay closed his speech by announcing the purpose of the banquet, i. e., to elect a football captain. He read off the list of eligible candidates. One ballot is all that was necessary. "John Delahyde is your captain for 1913," were Mackay's words of announcement. A scene of joy and congratulations, with the happy Delahyde as its nucleus, followed. The banquet adjourned.

Read every issue of the Sagebrush

## Southern Pacific Company and what it does

The Southern Pacific is glad to assist the Faculty and Students of the Nevada State University; also, teachers and students of the Public Schools. It gladly grants half-rates to all of the above from or to any point in Nevada when applied for by the President of the University, or the Superintendent of Public Instruction.

The Southern Pacific Railway is one of the best constructed and equipped railroads in the world. It has ninety pound steel rail, is stone ballasted, has steel bridges and electric block signals that protect every train for two miles in both directions. There has not been a passenger killed by the Southern Pacific Company for four years. This means that during that time 157,000,000 passengers were safely carried to their destinations on its lines. This is a record unequalled by any other railroad. \$6,000,000.00 have been expended within the past five years in installing Automatic Block Signals. Every mile of the Southern-Union Pacific Systems to Omaha, San Francisco, Los Angeles and Portland is now protected.

The same company is paying out monthly in Nevada millions of dollars in wages. Sparks pay-roll alone, the greater part of which money drifts to Reno, amounts to over \$100,000.00 per month. The Southern Pacific Company pays taxes in Nevada to the amount of thirteen hundred dollars per day, every day in the year. This includes Sundays and holidays.

The company grants to Clergymen reduced rates. They daily assist by charity rates, indigent, aged or helpless cases.

When this road was built from Reno, Nevada, to Corrinne, Utah, there were but seven white settlers found. There are more now. They produce cattle, sheep and crops. The Southern Pacific gives them a reliable line and helpful rates to market on everything they produce.

The Southern Pacific Company spent \$80,000.00 in advertising Nevada during 1910; \$85,000.00 during 1911. It is spending much this year in Germany, England, and in every foreign country, asking people to come to Nevada. All other interests combined within the state have not expended so much money for advertising Nevada as has the Southern Pacific.

We solicit the business and good will of the people of Nevada for the Southern-Union Pacific Companies.

# Reno High School Notes

On Friday afternoon and evening the new Reno High School will be open to the citizens of Reno. This event has been delayed on account of the unfinished science rooms.

Those who visit the school will undoubtedly spend a most pleasant afternoon or evening, as there will be a musical program, which alone will be worth while coming to hear. It will be advisable to those inspecting the building to take their time and see the building to the last detail.

On Monday, December 16th, the High School will close for the Xmas vacation, which will consist of three weeks. The school closes for three weeks on account of the Teachers' institute, which will be held in Reno next week.

\* \* \*

### ATHLETICS

On Thursday evening the High School met the University of Nevada Freshmen, for the first game to be played in the new High School. The

High School lost the game by a score of 34 to 48. The Freshmen surely have a strong team, and will make a strong bid for the state championship. Henningson, at center is the strongest man on the team, his jumping and goal throwing are fine. The forwards are also strong and the guards put up a good game. The High School lads put up a good game, and the team promises to give any High School in the state a run for the championship. Their team work was very good, but they fumbled considerable. Coach Bruner will remedy all the weak spots, so that in a short while the school will have a fast team.

On Thursday evening the team leaves for Elko, where they are to play two games, one with the Elko High and one with a town team. The team that will go will be picked on Wednesday evening after practice. At this time a captain will be elected.

On Tuesday evening the girls reported for practice and a good work out followed.

\* \* \*

Miss Davis is already able to handle the ball as when at her best last year; so she surely will be extra strong the coming season.

Miss Mary Means, formerly one of the Denver High School team will

probably play center; she handles the ball well and has her wits about her all the time.

Among the other veterans are the Misses Francovitch, Lean, Humphries, Constable, McKissick and Foxworthy. There is plenty of material so there will be a great deal of competition for the team this year.

If the present plans go through, the High School will meet the Berkeley High on Thursday, December 19, in the High School gym.

\* \* \*

### SCHOOL NOTES

Among the visitors to the school last week were Miss Vera Lemon, '12; Miss Zoe Genld, Miss Cordella Rennals, '12; Miss Gladys Hofer, '12; "Dad" Evans, '11; M. Charles, Walter Jepson, Elmer Howard, '12; Al Glass, '12, and Lloyd McCubbin, '12. "No more witnessing the girls' practice." Orders from "headquarters."

On Wednesday evening at the Y. M. C. A. the Ramblers defeated the Sparks High, 71-5.

Dr. J. E. Church has returned from the coast, where he attended a meeting of the Philological Association of the Pacific coast and read a paper on the "Relationship of the Greek Mother to Her Child,"

\* \* \*

Prof. Jones received a letter from Dean E. S. Moore of Pennsylvania State College a few days ago, asking for a photograph of the Mackay School of Mines. Dean Moore is an old college chum of Prof. Jones, and the photo will be used both for suggestion and argument in behalf of the new mining building which the Pennsylvania institution is making an effort to erect.

## Open Meeting Suffragettes

Tuesday, December 6th, the College Equal Franchise Chapter held its first open meeting. Everyone on the hill was invited. Needless to say, the young ladies, whether members or not, were present in full force. The men of the college are a little backward, as yet, about showing even a curious interest in the work which the women are doing toward the suffrage campaign in Nevada. Miss Neasham entertained for a part of the hour with "Word-Pictures from the Life of Susan B. Anthony."

Miss O'Brien concluded her series of talks upon the different "Phases of the Suffrage Movement." Delicious refreshments were served at the close of the meeting. Arrangements have been completed for a clever little farce sometime in January. The play, "How the Vote Was Won," is an English production; one of the cleverest which has been written on the subject. As the title indicates, the play pictures the unique way in which the women of Brixton secured equal franchise. They did more, in fact. They made it so impossible for their men to cope with the "woman question" that the men themselves marched in crowds to the House of Parliament, clamoring for and demanding that English women be given parliamentary rights. Mr. O'Sullivan is already closing the cast, that rehearsals may begin during the mid-year vacation. Everyone knows Jack O'Sullivan and everyone knows that to have secured him as coach is equivalent to having written "Success" all over the drop curtain.

## Apples Make Students Happy

Last Thursday Prof. P. B. Kennedy sent four boxes of apples each to Manzanita and Lincoln Halls. To say that the apples were appreciated is expressing it lightly, and the way they disappeared certainly wasn't slow. Prof. Kennedy is a popular man these days. A little note concerning these apples may be of interest. They are of the variety known as the "Rome Beauty," are grown at the experiment farm, and a total of thirty boxes were harvested this year from the four trees. These trees have produced apples for six years successively. In years in which the frost has caused all other crops at the farm to fail, these trees have produced. When it is taken into consideration that there are 150 varieties of apples at the farm, it can be seen that this is no mean record. The reason for the success of the "Rome Beauty" in this climate is due to the length of time taken in blossoming. "Rome Beauty" trees blossom for a period of three weeks, thus making it possible for at least some of the blossoms to escape the frost. Other varieties are through the blossoming stage within a period of ten days.

Cyrus (before the curtain rises)—Come on Mirandi, lets get our money back. We seen this goldurned asbestos show last year—Stanford Chaparral.

## IMPERIALES CIGARETTES

"Fellow Smokers:

"You smoke for pleasure—of course. The cigarette that can give you that pleasure interests you—naturally.

"Imperiales are better cigarettes than you can roll. They give you better tobacco. It's cut into long silky strands—not little pieces. The Imperiales blend is a mixture of high-grade seasoned leaves full in flavor, rich in fragrance.

"And in Imperiales you get the mouthpiece which cools the smoke—makes every puff a delight and means no stained fingers.

"My friends, Imperiales will capture you—buy a pack and you'll see.

### Sheridan At Engineers Club

Last Wednesday evening, E. W. Sheridan, superintendent of the S. P. company at Sacramento, delivered an interesting address before the Engineers' Club, in the lecture room of the electrical building. The meeting was well attended, both by students and engineers of Reno and elsewhere. Mr. Sheridan chose for his subject, "The Railroad Man, the Selected Servant of the Public." The following briefly notes some of the points made in this very eloquent address:

The lecture opened with an invitation to young men just starting out in life to enter the railroad service. The lecture pictured the difficulties to be overcome and the rewards of perseverance in this service. It is always by the man who is worthy that the position is filled in the railway system.

Mr. Sheridan compared the railroad system to a great army. He told of the generalship that the leaders of this great system must possess in such an emergency as the San Francisco fire, when thousands of extra trains had to be pressed into immediate service.

In his address Mr. Sheridan emphasized the selection of those who gain high rank in the service of the railroad in contrast to the election of many of our officials in other public service.

For the keynote of the lecture, we will quote from the speech itself: "During the year 1915, we may confidently expect ten to twelve millions of people at the Panama-Pacific Fair in San Francisco. Of this number, in all probability, 55 per cent will go and come over the Sierra Nevada mountains. Do you understand what this means? During the season now drawing to a close, we have handled twenty passenger trains and more than twenty freight trains per day over the Sierras, where we go from sea level to one and one-half miles in the air in sixty-seven miles. It means that to handle the greatly increased number we must have double track, better grades, easier curves and several times as much equipment. For this season twenty-five millions of dollars will be spent and an army of selected men for engineers, draughtsmen, bookkeepers, track foremen, agents, operators, bridge builders, enginemen, trainmen, dispatchers, roadmasters, trainmasters and other officials employed. It was to tell you of these opportunities and necessities that I responded to the invitation to meet with you tonight."

The next meeting of the Engineer's club will be held in January, when the subject will probably be, "The Potash and Nitrate Beds of Nevada."

### Students May Enter Y. M. C. A.

\$5.00 until commencement—think of it—and all the Y. M. C. A. privileges. Thus the Reno secretary has instructed the college members of the committee to notify the college so that they may enjoy the privileges of the local association.

The Y. M. C. A. is not a religious organization in any sense of the word. A young man that is a member is not by any means a spoiled boy. It means that the young man is attempting to build up the body as well as the intellect.

There are many athletic contests to be scheduled this winter at the Y and there are many of the fellows that are taking advantage of the building and all its equipment. There is only one thing necessary for a member would-be to do in order to gain admission and that is the recommendation of one of the membership committee. The college men that are on this board are Harry Scheeline, Lloyd Patrick, Richard Sheehy and Arthur Reynolds. Any of these men will sign your request for admission if you are a college student.

#### A GOOD BILL

A bill is now pending before the United States senate known as the Page Vocational Training bill, from which the agricultural and mechanical departments of the University will derive considerable benefit. It appropriates a considerable sum of money to each state for promotion of vocational education and the training of teachers in such branches. It will include instruction in the mechanical trades and all branches of agriculture. The bill will undoubtedly pass, as it is endorsed by all parties.

#### Y. W. C. A. NOTICE

The regular meeting of the Y. W. C. A. will be held Wednesday afternoon at 4:30 in the Association room in Stewart Hall. There will be a short song service, led by the Girl's Glee club. All the college women are cordially invited to come in and bring their friends to this last meeting of the semester.

Fresh—What's a water-work plant, sir?

Senior—A water-works plant, my boy, is a place where water is dispensed.

Fresh—Then, sir, what are bulwarks?

Senior—The literary societies, my son.—Wisconsin Sphinx.

### REGENT RULES

All Concerned:  
Beginning December 19th, 1912, the University Dining Hall will be run a strictly cash basis. Board will be payable in advance, and no credit will be extended under any circumstances. Students desiring to board at the Dining Hall will be required to register with the head waitress. Registration will be made only upon presentation of receipt from Comptroller's office, showing that board has been paid at least one month in advance.  
The Dining Hall will be kept open during the Christmas Holidays as an accommodation to those who wish to remain on the campus.  
Students desiring to remain at the Dining Hall after the evening of December 18th, must present a receipt for all board board, together with a receipt for board to January 1, 1913, or for the time they expect to remain at the Dining Hall during December.  
The necessary arrangements should be made to enable all concerned to meet the conditions of this ruling, as positively no exceptions will be made.

By order of the BOARD OF REGENTS.  
C. H. GORMAN, Comptroller.

**SOPH GIRLS**  
Sophomore election of officers Thursday, 4:30, Room 6. Be there.

### AGGIES RETURN TO U. OF N. FROM LIVE STOCK SHOW

(Continued from page one.)  
westerner in the way of climate. The city of Chicago is a great commercial city and in itself is an education to any student.  
Thanks.

On the square, I did not intend to make this story so long, but you know how it is when there is a lot to be said.

#### NEW CAFE TO OPEN

**Reno Is to Have Another Up-to-Date Cafe After December 15th**

The old Martin cafe, at 142 N. Virginia street, is being entirely remodeled, in preparation to opening up a first class cafe. December 15th is the day set for the big opening, and Mr. Kane, the proprietor, is assuring everybody a grand treat on that day. Mr. Kane is an old and experienced hand at the cafe business, and states that he is going to run a place where the varsity students will always be welcome and will be assured a good time. Remember the date of the opening Sunday, December 15th.
