

ENGLISH I-SECTION 1-2-3--THEME 29

SIXTEEN INVITES STUDENTS AND FACULTY TO THE GLEE

Our Big Day Is Mackay Day

Students, Faculty and Friends
Will Turn Out April 4
to Aid School

As a fitting token of the esteem and respect in which Clarence Mackay, our most generous benefactor, is held, a day, April 4th, is to be set aside for the purpose of honoring this loyal Nevadan. The plan advanced by Sol Cazier and agreed upon at the A. S. U. N. meeting of February 4th, is to become an annual event in the history of the Nevada institution. The first Mackay Day promises to be one of the most enjoyable and successful affairs held in recent years.

The program as finally agreed upon is as follows. On Friday morning, April 4th, the boys are to work in preparing the Mackay athletic track for the spring season. At noon the girls are to serve refreshments to their co-workers in the gymnasium. Friday afternoon the red-hot rivalry between the Freshmen-Juniors, and the Sophomore-Seniors is to be cooled by a track and field meet that promises to be a very exciting affair. Friday night a jolly-up and dance will be held in the gym, to which all students and townspeople are cordially invited.

Ways and means of arousing interest in the coming celebration are under discussion. A rally, presided over by Yell Leader Boggs, is to be held, probably at the Grand theatre, on Thursday eve. The track meet is being looked after by Bob Bringham, while the proposed lunch is being prepared by Lillian Davey and her assistants. The Block N society will attend the afternoon entertainment, and Harry McPhail will strive to make the dance a howling success. It is up to every student and every member of the faculty to help in making Mackay Day an event to be long remembered as the most enjoyable means of expressing our appreciation and the esteem in which we hold Clarence Mackay.

Miss Sissa spent a very pleasant Easter with her mother in Virginia City.

Miss W. C. Wygal spent Easter in Fallon.

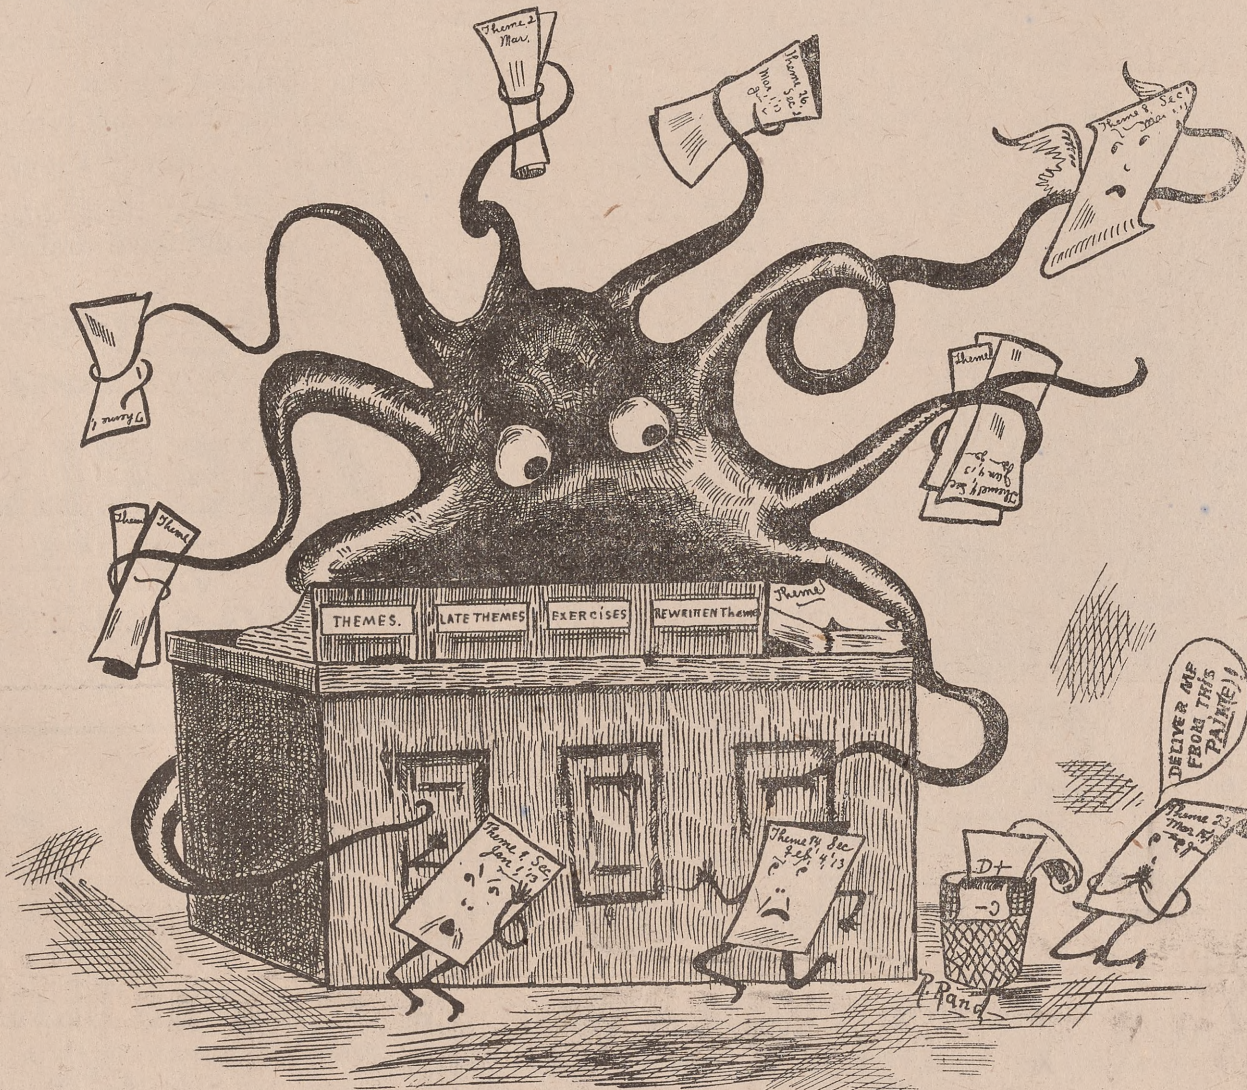

Mr. A. J. Price went to Fallon for the Easter vacation.

SIXTEEN'S FRESHMAN GLEE WILL BE NEXT FRIDAY EVE

The Glee—the Freshman Glee, to be exact—happens Friday night, and it's going to be one splendid dance! In spite of the fact that the class of '16 is large and rather unwieldy, everyone is coming through like a charm with cash, and work, and enthusiasm. Twice—much to the annoyance of the Sophomores—the Freshmen have met to plan and toil to make the dance a grand success.

The decorative scheme, which is the result of the mental efforts of several

class members, under the guidance of Committee Chairman Louis Rose, is unique and original in the extreme. The purple and gold of the '16 class will be the predominating colors; but each of the three upper classes will recognize in the corners its own banners.

From the flower-bedecked platform Bobby Ostroff's seven-piece orchestra

will furnish the latest and best of tantalizing ragtime strains with now and then a waltz and perhaps—just perhaps—a schottische.

There will be eatables and drinkables, too, served by smiling white-aproned darkies to the dancers as they pass.

Competent floor managers have also been elected, who guarantee a good time to everyone who comes to share the hospitality of the Class of 1916.

NEVADA GIRLS LOSE

The report comes to us that the girls' basketball team which left for the coast Friday night met defeat at the hands of both California and Stanford. California won by the score of 27-8, while the Stanford girls scored 20 to Nevada's 8. However, it was only a lack of team work that caused this defeat. The girls of the Sagebrush as individuals made a creditable showing by playing a fighting game. In spite of the one-sidedness of the score the game was fast and very interesting and the Nevada girls received much praise for their work.

The Phi Delta Tau Fraternity are planning a big dance for the evening of April 18th. The gym is to be transformed into—no one will know until the eventful night. No invitations have as yet been extended.

Oscar W. Griswold (ex.) '10, 2nd lieutenant 18th U. S. Infantry, is under Gen. W. H. Carter, with the army at Galveston and vicinity.

Mandolin Club At He-Jinks

It is not generally known that the University possesses a mandolin club, but it does. The club made its initial appearance and its bow to the public at the He-Jinks, where, by the charming influence of one mandolin, one guitar and one small instrument—nameless at present—it scored a big hit. That small unnamed instrument was played by Doc Milentz while Mitchell and Van Dalsem kept the mandolin and guitar in working order. This stringed trio deserves credit, not only because it had the nerve to face those present at the jinks, but because they have started something new. This move toward a much needed "newness" should be followed by a debating society, and a few stout hearts even hope for a dramatic club.

1913 He-Jinks Arouses "Pep"

Speeches, Music and Eats En-
joyed by Bunch Wednes-
day Night

The success of the "He Jinks" at the gymnasium on Wednesday night of the 19th exceeded the fondest expectations of even the most spirited Varsity man. Given primarily to stimulate enthusiasm over the coming baseball and track season, and incidentally to boost athletics in general, the "jinks" proved to be the biggest "pep occasion" of the year. Students and professors, collarless and in shirt sleeves, met on the same level, all dominated by the one idea—to promote the athletic interests of the U. of N., and in view of this fact it was fitting that the speakers of the evening deal exclusively with subjects pertaining to athletics.

The entertainment provided for by the committee on arrangements was above par and kept things lively from start to finish. Good fellowship dominated the gathering. Staid professors forgot their dignity, for the time being, and joined in the college songs and yells with boyish enthusiasm.

Of course the Glee Club was much in evidence and did its full share to liven things during the evening, as only Prof. Haseman and his fellows know how to do.

The Glee Club must, however, share honors with the mandolin club, which made its initial public appearance at the "jinks." Van Dalsem, Milentz and Mitchell proved to be efficient musicians and capable of providing entertainment of a high order. Many thanks are due both to the Glee and Mandolin clubs for their co-operation in making the occasion a success.

The most interesting event of the evening, however, was one not scheduled on the program. While the fellows were enjoying the entertainment and smokes—with which, by the way, they were plentifully provided—the "Inmates of Manzanita," bent on having a "jinks" of their own, gun-shoed quietly into the kitchen of the gym, where the "feed" was stored. Bundling up what they could carry the damsels started back to Mrs. Kaye's institution to complete their "jinks" with refreshments. The fellows discovered them in time, however, and after a strenuous chase, dragged the

Kolb and Dill at the Majestic Theatre Sunday

Wm. Kolb, who is "some" comedian, at the Majestic Sunday night.

The Hurst brothers announce as the next attraction at the Majestic theater the biggest musical comedy event of the season, Kolb and Dill, in a revival of their old-time success, "Hoity-Toity." They have just closed one of the most successful seasons of their career in San Francisco and will play Reno as the opening engagement on their tour of the Pacific states.

The famous Teutonic comedians were reunited in San Francisco last St. Patrick's day, after several years of starring in separate companies. For more than 30 weeks they have played to phenomenal business at the Savoy, reproducing on a much more elaborate scale all their old-time successes. They have surrounded themselves with one of the largest and most capable companies that ever played musical com-

edy in the west. The entire San Francisco company will play here—50 singers, dancers and comedians, a particularly winsome ballet and the augmented orchestra, coming to the Majestic next Sunday for matinee and night.

Nothing could be more appropriate for Kolb and Dill's road tour than a revival of "Hoity-Toity." It is a merry jumble of cheerful nonsense produced on an elaborate scale, and beside C. William Kolb and Max Dill, has four other well known stars in the persons of Wingfield Blake, Maud Amber, Harrison Green and Clarence Lydston.

The seat sale will open Thursday morning at the Majestic box office at 10 o'clock. Matinee prices will be from 25 cents to \$1.00 and evening scale will run from 50 cents to \$1.50.—Adv.

Aggie Actors' Minstrel Show

The Agricultural club, through its committee in charge, has the proposed minstrel show well under way. The Majestic theatre has been engaged for an April date and everything will soon be in readiness for rehearsals. The committee has been fortunate in having splendid material to pick from. University talent will be depended upon almost entirely, but outside talent will be used to round out the evening and make it one of success. Everyone on the hill has pledged their hearty co-operation so that a grand success can be looked forward to. The show itself, as planned, will differ from the regulation time-worn minstrel show, with the half circle arrangement. Plans are being made to have a specially written show, and, if all such can be done, the athletic fund of the University will swell to enviable proportions.

Alice Van Leer went to her home in Fallon for the Easter holidays.

Word has been received here that Robert M. Parks, formerly a student at the University of Nevada, has successfully passed his examinations for entrance to the United States Naval Academy. He will go to Annapolis to undergo physical examination for entrance to the academy in May.

Professor Lewers and Comptroller Gorman spent three days of last week in Carson for the interest of the University.

Notice "N" Men

In order to make complete arrangements for the academic meet to be held in May, the Book N society will hold a meeting and smoker in the training quarters Wednesday night. This meeting will be one of interest to all members of the society and should be well attended. Prof. Schrugham, president of the Academic Board, will outline the plans and will speak relative to the entertaining of the high schools when they arrive. Other members of the board will be present and ready with interesting and peppy talks.

Each and every member is urged to be present and bring any of your alumni friends who happen to be in town. Remember the date, Wednesday, March 26th, at 8 p. m. sharp.

The boys' and girls' Glee Clubs have begun practicing for their cantata, "The Rose Maiden," which is to be given the evening preceding Commencement Day. Miss Halleck has been chosen to sing the soprano solo.

Edith Hubbard spent the Easter vacation in Hazen.

Track Workers Improve Track

Saturday morning at the appointed hour of nine a goodly number of varsity men, together with a worthy representation from Reno High, appeared on Mackay athletic field and gave the tracts a few needed touches. The two twenty straightaway was thoroughly raked and rolled, while over half the quarter-mile was cleared of the large rocks on which one of our athletes might so easily strain a tendon.

However, there were not enough men out. At the He-Jinks when this was mentioned nearly everyone present promised to do his part in helping repair the track. Did you forget, fellows, or were you afraid you might catch cold? We naturally expect to have among us a few frail specimens who dare not expose themselves to the zephyrs, but we hoped that at Nevada the percentage was not so large. The spirit shown by Reno High is to be commended.

Hill Y. M. C. A. Starts Anew

The Y. M. C. A. at the University of Nevada is now meeting with much success. Many students have become members during the past few weeks, and many more are expected to apply for membership before the end of the college year.

The activities of the association have thus far been very limited and its functions have not served in any practical way to interest many men. Mr. Hagarman, the student secretary of the Y. M. C. A. at Stanford University, who was here last week, saw the exact situation of student affairs and has set plans on foot to make this organization a real part of the lives of the students.

The most important of the activities which the association advocates is an employment bureau to be installed in the near future. In charge of this department will be chairmen and several assistants who will seek employment for deserving students. A systematic canvass of the city will be made every two or three weeks, and all opportunities to suit the needs of the students will be recorded. The committee will correspond with various newspapers of the State and urge them to use their best influence through their columns to seek employment for students during the Christmas and summer vacations.

Until the present time there has for the studentsy, Do, c... on2f ,bao been no systematic means of providing for the students throughout the summer and during the midwinter vacation, but if the plans of the association are met with approval by the citizens of Nevada, undoubtedly the students can go directly to work instead of drifting from place to place.

Another committee will be in charge of the Bible study, which is conducted in the parlor of Lincoln hall every Sunday morning. The efforts of the committee will be to interest as many students as possible in this work for the purpose of becoming familiar with ancient history.

Prof. Howes of the Agricultural Department will assist the members in the study of civic and rural problems throughout the State. The object of this work is for the students to become familiar with different classes of people and their manner of developments, so that new systems of management and education can be advocated wherever needed.

A speaker committee which will consist of several members will have charge of securing speakers to address the students whenever possible. Many Y. M. C. A. organizers together with other prominent men throughout the state and country will participate in this movement.

These few activities mentioned do not include all of the work of the college Y. M. C. A., as there are many more important measures to be considered. But these will, however, be all the association will act upon until the movement has greater strength, and then much more can be done toward the upbuilding of a greater state.

Pay that subscription NOW.

Elsie Sameth Advises Mamas

Miss Sameth delivered a very interesting address to the Mothers' Club at the Orvis Ring School last Wednesday afternoon. The theme of her address was physical culture, its origin, advantages and disadvantages in the schools. During the speech Miss Sameth brought out the fact that physical training had long been neglected, indeed, as far back as the days when people first began to use other methods than movements to express their meanings.

Physical training has been divided into three separate divisions: formal gymnastics, games and folk dancing. The formal gymnastics bring about unison of movement and prompt obedience, without questioning the why and wherefore; which training is useful to one in a panic. Last of all, gymnastics is noted for the aid in the medical world, for the curing of deformity. Games, too, have their value even with the small children by developing courage, a love of fair play and quick and precise decision. There is a joy connected with the exercise which increases the respiration and circulation and aids the digestive system.

There are many precautions to be taken in the folk dances; one of which is the selection of the dances taught. All emotional and physical dances, such as the East Indian variety, are to be entirely avoided. Again there are others which children are not physically able to do. The greatest argument for the teaching of the folk dances, is that it brings into use those body muscles, especially the larger ones which die dormant, while the children are at school. Moreover, a larger number of little children can be handled in a small space in this manner than at any other sport.

In conclusion, Miss Sameth urged that the mothers demand shorter school hours and that physical culture should be one of the required subjects in the common schools' curriculum.

Josephine Williams accompanied the basketball team to the coast.

EDITORIAL

On account of the fact that an attempt to shift the responsibility for the contents of this issue upon the regular editorial staff would be rank injustice, we, the temporary editors, who represent the English class, wish to publicly announce that we will cheerfully shoulder all blame for the general unsuitability of the contents and that we will generously donate all praise to the student reporters of the English I class.

In case that some doubt might exist in the minds of some of our readers, we wish to emphatically, decisively, clearly—and yes—defiantly, state that this is the annual—the only one, thank you—English I edition of the U. of N. Sagebrush. Much profanity has been uttered and, so it has been whispered, many tears have been shed in the attempt to distort the principles of English composition to conform to those principles which are a standard of modern newspaper English. In some instances this transition from one to the other has been simple, but in others, alas, the least said the better. We have labored long and diligently—ahem—in the attempt to eradicate the amateurish tone of most of the articles, but we fear that we have succeeded in only increasing it.

With these few explanations we reluctantly allow the paper to go to press. We trust that our readers will consider our irresponsibility and speak softly when condemning this, our first and we trust, our last, English I edition of the U. of N. Sagebrush.

MR. GORMAN, THANK YOU

In another column of this issue will be found a brief resume of the new financial condition recently perfected for the University by the legislature just adjourned.

This condition is one of the most modern of the states in the United States and is the result of hard work by one man during the past few months against difficulties of the worst kind. The University has been forced heretofore to await the closing of the session before there was any money to pay the running expenses. This condition has been completely alleviated by the new "University tax law," which provides for an eight-cent tax on all the assessable property in the state.

Too much in praise of the work of Charles Gorman, comptroller of this institution along the lines above mentioned cannot be said. Mr. Gorman has been the butt of a great deal of unpleasant criticism and ridicule for his attempts to demonstrate the merit of this scheme. When allowed to address the legislature it was his arguments that put the bill through in the face of a black past history, and it was due to his arguments as much as any one's that the University of Nevada received such splendid support from the 26th legislature.

This paper takes especial pleasure in congratulating Mr. Gorman on his recent achievement and at the same time would suggest that there are several other state institutions that can receive an excellent lesson from investigating his method of handling the business affairs of this institution for the brief time that he has had charge.

Physical culture is beneficial when conducted according to hygienic principles, but if these principles are not observed it is more harmful than helpful. What good is exercise unless it

is taken under the proper conditions? To become overheated and then to have to subject yourself to a decided change in temperature without first having a shower is positively detrimental to general good health. This is what the girls in the University of Nevada have to do. There are no shower baths for the girls and yet they are compelled to take physical culture. Certainly a condition of this sort is barbarous and not worthy of an up-to-date University. The boys have their showers, why not give them to the girls?

Little "Doc" Kennedy is now the proud father of a bouncing baby girl.

Lincoln Hall To Be Improved

The twenty-sixth legislature, which has just completed its work for the session, was most liberal in its appropriations for the University. The funds which will be available for the use of the institution for the next two years are considerably larger than before.

The appropriations are as follows:
General maintenance \$30,500
New library building..... 10,000
New dairy building..... 4,800
Department of biology..... 10,000
Dept. of weights and measures 4,000
Experiment station 5,000
State analytical department... 4,100
Summer school 2,000

Aside from the foregoing items, the sum of four thousand dollars was provided for the university regents to expend as they may see fit for the general welfare of the institution.

Without a doubt the regents have for a long time recognized the chaotic condition of the rooms in Lincoln Hall, but the lack of funds has heretofore rendered improvements of the boys' dormitory impossible.

Next semester, however, when the old students take up their residence in the hall they will find the inventory of their quarters greatly varied from that of the previous year. The rooms will be completely renovated, papered and new and additional furniture installed.

Over Sunderland's

1913 He-Jinks Arouses "Pep"

(Continued from page one.)

fair maids, blushing and protesting, back into the gym and sat them on the platform. There they huddled like a bunch of sheep, cowering and embarrassed, knowing not which way to turn, waiting only for some brave one of their number to make a break and lead them to liberty. Lillian Davey finally mustering courage played the part of "Bill Nether" and led the flock in an assault upon "Mox" Charles, who was guarding the back door. Poor "Moxie" was nearly trampled to death before he was rescued. Foiled in this attempt at liberty, the fair ones were once more set upon the platform, where they were kept for half an hour, till the fellows finally took pity and let them escape. Nevertheless, everyone said, "Good for the girls," for, in addition to displaying a remarkable amount of "pep," they had furnished the best fun of the evening.

After all the stunts had been pulled off and the speeches ended, the fellows lined up for the "feed," which tasted doubly good because they had come so near to losing it. There was plenty to eat and the men showed their appreciation of that fact by cleaning up everything in sight.

Taken all in all, the "He Kings" was the most spirited and successful "pep" occasion of the year. As the president of the A. S. U. N. remarked afterward, "It was the best ever held at the U. of N."

The program for the evening's entertainment was:

1. Nevada song.....Glee Club
2. Speech.....Bill Settlemyer
3. Selection.....Mandolin Club
4. Speech.....President Lewers
5. Selection.....Glee Club
6. Speech.....Capt. Robt. Bringham
7. Speech.....Prof. Scrugham
8. Sparring match...Bowler-Fancher
9. Selection.....Mandolin Club
10. Speech.....Prof. Kennedy
11. Speech and recitation Prof. Howes
12. Speech.....Scott Jameson
13. Eats.....Everybody

The food for the "eats" and the excellent cigars and cigarettes which served to make the affair such an enjoyable one, were all donated by en-

merchants. Too many thinks cannot joyable one, were all donated by Reno generous business men who gave so willingly in order that the "Jinks" might be an unqualified success. Every student should remember these men and do all in his power to show U. of N.'s appreciation for their kindness.

The list of merchants who made donations is as follows:

1. American Cash Store.....Mustard
2. Coffin & Larcombs.....Pickels

WHAT THE GIRLS SAY

We have at the University of Nevada a crowd of boys who are profes-

sionals at "swiping eats." Whenever there is a party rumored these boys are always there and they generally get what they go for, "the eats." This little stunt appealed to some of the young ladies of Manzanita hall and they decided to adopt the accomplishment. They went to the he-jinks the other night. Did they get anything? If a boy were asked this question he would say no. But they really did get something. They got the leavings, and as the jinks was in the form of a smoker this year they were presented with cigarettes. The boys were very hospitable. They took the girls in and placed them on the platform before the august assemblage.

In concluding a suggestion might be appropriate. It is this, that the girls do not follow the boys' example in the future, but that they leave the stunt of "swiping eats" to the boys who are specializing along that line.

Announcement Extraordinary!!

Cleator-Dexter Company Retires From Business

Owing to poor health and other business interests we have decided to withdraw from the shoe business in Reno. During our 10 years' business career here we have tried to treat the buying public as fairly as possible, and we have reaped the reward by building up an excellent trade—the best shoe business in the State, we think! For this we are grateful to the people of this vicinity and will show our gratitude in a substantial form.

The best way to dispose of a stock as clean, up-to-date and of as high quality as ours is to retail it to the public at

GREATLY REDUCED PRICES

and this we intend to do. This will be a rare opportunity. The price of shoes is advancing every month in the wholesale centers, and as long as this extraordinary opportunity lasts every man, woman and child here would be justified in buying two or three pairs of shoes. It will mean dollars in your pocket. THIS IS NOT A SALE OF SHODDY, SECOND-CLASS SHOES—on the contrary, our new Spring stock is in place, and it is as beautiful and as extensive as we have ever bought, or even more so, if possible. It is unnecessary to add that our shoes are the very best it is possible to buy anywhere.

It would take too much space to describe our stock and the wonderful values we will give—watch the newspapers for more detailed description. No shoe values like these have ever been offered or ever will be offered again in Reno.

NOTHING WILL BE RESERVED

The entire stock will be sold as soon as we can dispose of it.

SALE BEGINS TUESDAY, MARCH 25TH

And lasts until stock is sold. Money refunded cheerfully on any unsatisfactory purchase.

Absolutely no Credit Given During This Sale

Cleator-Dexter Co.

Absolutely no Shoes Sent Out on Approval

Tennis Court Scheme Revived

Considerable interest lately has prevailed, both among the girls and boys, in tennis. It started last fall when a tennis club was organized among the boys, and the court was partly fixed up. Thus far nothing has been done toward rolling, but as soon as the weather permits it is the intention of the fellows to get it in good condition. Several fast tournaments are planned between the Century Club, Faculty, Carson and the Reno High School teachers, and it is supposed the club team will be hotly contested.

A petition, asking for the donation of a small sum to fix up the courts, was signed by all the students and presented to the Board of Regents this semester. It is earnestly hoped that the board will grant the petition because tennis is one of the finest exercises of all outdoor sports. The exhilarating effect of a good fast game cannot be overestimated.

The gymnasium has lately been marked off into a court by the physical director, who appreciates the value of the game. Now the girls can play tennis instead of the regular exercise if they desire. As spring approaches, though, the inside playing should be transferred to the outside courts in order to take advantage of the Nevada sunshine and fresh air, which are a requisite for any student's health.

There is no reason why Nevada should not have tennis teams that would compete favorably with those of California. Good material is plainly visible, both among the boys and the girls. The students are anxiously looking forward to the time when the regents will consider the improvement of the courts.

THE DESTRUCTION OF FAME

With humble apologies to Lord Byron The censor came down like a wolf on the fold,
A look on his face like the Spartan of old,
There'll be no more Tangos or Turkeys or Rags,
Or waltzes that look like incipient jags.

We went up to Carson resplendent and clean,
To learn to make laws, 'twas plain to be seen.
We took the bit in our teeth and kicked over the races
And danced like Bacchantes agoing the paces.

Madam K. and Miss S. looked like statues dismayed
The grief in their eyes put Niobe in the shade,
Our good reputation has crumbled to dust
And our dear Prexy's heart is nigh unto "bust."

MILITARY SCHEDULE

March 21, 1913.

Memorandum No. 15.

The following schedule of instruction for week commencing Monday, March 24, is hereby announced:

Monday, March 24—Both companies, company drill—instruction will be given in simulated loading and firing, in both close and extended order. At 11:30 the Freshman class will be excused and both companies will be consolidated for guard mount instruction. Those who have the 1904 I. D. R., look up this ceremony.

Tuesday, March 25—Both companies, company drill—platoon movements and extended order.

Wednesday, March 26—Battalion review and inspection, followed by battalion drill. Blue uniform.

Thursday, March 27—Both companies, bayonet exercises and Butts' rifle drill.

At company formations in the future, about five minutes each day will be devoted to the manual of arms. Captains will pay particular attention to execution of movements, that snap and precision are obtained.

By order of the commandant of cadets.

Lella White remained for the week end in San Francisco.

Reno High School Notes

ASSEMBLY

Friday afternoon an assembly was called. Mr. Ferguson spoke of the coming track meet, declamation contest and debates, urging all students to try for at least one of the events. Mr. Lyons then spoke of the good chances of the school in the coming meet, but said that a great deal of training was needed. Dean Bryant announced the Carson game in a short and interesting talk. Tickets for the play on Thursday eve were distributed among the students.

Carson and Alumni Fall

Again the high school proved victorious, ending their season with honor. The Carson All-Stars went to defeat before the Reno boys by a score of 24-43. The first half ended with a 17-9 score in Reno's favor, but the Reno team played the best combination game ever witnessed here, in the second half, and easily rolled up the score.

The Reno Hi girls also administered a defeat to the Alumni, 14-5. The high school girls kept the lead throughout the entire game. After the game a dance was held and all dancers spent a pleasant evening.

This game ended the season for the high school. In Nevada the team was only defeated once, winning seven games, thereby getting the scholastic championship of the State. In California and against California teams the Reno team was badly beaten, losing seven games and winning none. The team traveled about 1500 miles, another record established.

Next the Play

On Thursday eve the Reno High will present the three-act play, "College Chums." The cast has been working earnestly and faithfully, and all those who go can be assured of a pleasant evening. There will be no reserved seats, so the ones who come first will have the choice of the seats. The high school orchestra will furnish the music for the production.

Y. W. C. A. DINNER

Don't forget the Y. W. C. A. dinner on Tuesday evening at the Methodist church from four to eight o'clock. Come and bring your friends and 35 cents. We need the latter to help send a number of campus girls to the summer convention in August at Moss Beach, California.

Lester Harriman left for Fallon Thursday morning.

Regent Codd Explains Plan

Legislation passed at the session of the legislature just closed makes radical changes in finances for the University of Nevada, changes which it is believed will redound to the great benefit of the institution. The changes will result in permitting the University to conduct its business on a cash basis the year round and eliminate the embarrassing necessity of the past, of asking for credit.

A. A. Codd, a regent of the University, in explaining the new legislation last night, said:

On Cash Basis

"The 26th session of the Nevada legislature made radical changes in the method of making appropriations for the support and maintenance of the University of Nevada, whereby the board of regents is given entire control of all moneys provided for university purposes, and as a result the university will from now on be on a cash basis the year round.

"Heretofore it has been the custom for the legislature to make an appropriation of a lump sum for the support of the University, most of which has been provided from the general fund of the state, and for a biennial period ending on December 31, and as a result the University, has been without funds to purchase supplies or to pay the salaries of the instructors, during the January, February and March of each legislative year.

New Arrangement

"Under the new arrangement, when the legislature agrees on the amount that will be allowed the University for its support, the University apportionment of the tax levy is set so as to automatically provide the amount desired, and the money so raised is subject to the claims of the University without further appropriation when filed with the board of examiners in the same manner as other claims against the state.

"It has not only been a hardship on the merchants of the state to have to carry the University for three months every two years, but has also been a great drawback to the progress of the institution to have to practically suspend while awaiting an appropriation from the legislature.

"In its present action in this matter the legislature of Nevada has placed the state in line with the leading states of the Union in regard to financing its university and the benefits of the new system to the University cannot be overestimated. It is a step in the right direction and places the University on a sound financial basis.

Means a Saving

"Aside from placing the University on a modern business basis, it means quite a saving to the tax-payers. Two years ago the University apportionment of the state tax levy was placed at 5 cents. The legislature in making the appropriation for the support of the University at that time specified that the sum of \$70,000 was to be used from this 5 cent levy and that the balance of the appropriation was to come from the general fund.

"When the \$70,000 so specified was used the University of necessity depended on the general fund for all further support, notwithstanding the fact that there remained unexpended in the 5 cent levy some \$39,000 over and above the \$70,000 specified. In other words, the total tax levy from all sources, including the 5 cent levy and the general fund, for the University support for the two years just passed, was between 10 and 11 cents, whereas under the new arrangement the tax levy for University purposes has been set at 8 cents, which is adequate for the support and maintenance of the University for the ensuing two years, and in addition, by making these funds available at all times, relieves the University of the necessity of asking for credit during any period of the year.

"A precedent has been established that might well be followed by all state institutions."

Harry Lawrence Jones, a graduate with the civil engineering class of '06, is now second lieutenant 12th cavalry, stationed at Fort Robinson, Nebraska.

Miss Wier autoed to Carson last Wednesday to attend an evening session of the Nevada Historical Society.

Captain William T. Merry will be here the last week in April for inspection of the cadet battalion.

Another Trip Adds Laurels

Saturday night the Glee club gave Mason a musical treat such as was rendered to the people of Reno, Carson and Minden. The University boys were well received and entertained during their stay in the copper belt country.

The club was somewhat weakened by the absence of Rose, Penry and Prof. Corris. Milentz took the parts of Rose on the quartet. Tom Walker made the same hit with his songs and jokes as was accorded him in all the other towns that the Glee club has visited. Monk Ferris and Webster put on a coon temperance lecture as an extra at Mason. It is needless to say that they set the audience in an uproar.

On the long trip to Mason the time was passed away playing five hundred. Wheeler and Prof. Charlie were given the booby prize. Monk and Web were declared champions.

After the concert a dance was given by the X society of Mason. The floor was an excellent spring floor with the reputation of being the best in the State. As to the girls, ask Unc Pig-got. He knows.

THE SENIOR FARCE

A pleasant surprise is awaiting the University and townspeople on the evening of May 10th, when at the Majestic theatre the Senior play will be given. Director Fred P. Dann has already begun operations and the Seniors will be hard at work, during the next few weeks. It is the intention of the Senior class to give the best college play ever produced and with the present talent, many of whom have had previous experiences, this statement proves justifiable.

Read every issue of the Sagebrush.

Y. W. Lenten Series Good

The past two weeks have been enjoyable for the Y. W. C. A. A series of unusual events occurred week before last when four Lenten services, the first ever held on the campus, took place in Morrill hall and the Association room in Stewart hall. The Rev. Brewster Adams and Prof. Thompson each gave two greatly appreciated lectures, while Miss Blum, Miss Halleck and the Glee Club rendered several musical selections.

On Wednesday afternoon, the 19th, the stories of St. Patrick's life and that of the "Orange Men" were told to us by Miss Edwina O'Brien and Miss Clara Smith. Miss Ruth Miller generously sang one of her ever pretty songs so much enjoyed by everyone. After the program the meetings committee served refreshments.

Marguerite Crotty spent Easter with relatives in Lovelock.

Lena Hauss spent Easter at her home in San Francisco.

\$1,600.00

Will build you a home. If you save your small change, we can give you big values for your money. We shall try to get the local banks interested in our proposition, so they will stand back of us. If not, we shall bring in Kansas City and New York capital to build these homes.

We have built many homes in the east averaging, say \$12,000, but \$1,600 builds a home good enough for any young man to live in. Come in, let us discuss the subject.

Elevations, specifications and plans furnished for alterations or new work anywhere in this part of the state on jobs ranging from \$10.00 to \$100,000.00. Our specialty in Reno from now on will be remodeling and building fronts, small homes and business buildings.

The fact that we have so many small families on our books makes us believe that there are several hundred young men and married people in Reno who should own their own homes. You will be surprised at the beautiful homes we can furnish you on \$1,600.00. Say the lot costs \$400.00 and the house to cost \$1,200.00, a payment of \$300.00 to be made on the completion of work, and from 50 cents to \$1.00 per day until said home is fully paid for. Come in and let us show you some of the locations and plans for such homes.

Real state bought, sold, rented and exchanged; property cared for. Ranches and mining property for sale. Leases and loans. If you wish to sell your property, list it with us now.

Track Outlook Campus Talk

"To Beat Santa Clara" are the words that are constantly in the mind of every Nevada track and baseball man. It is perfectly correct that he should harbor such thoughts, together with a good store of confidence in this mountain institution of learning. Else why would Graduate Manager Ross and Manager Ryan of Santa Clara college have drawn up a four year contract covering all the important forms of athletic competition which could be carried on between the two colleges? This contract provides for a football game to be played in San Francisco every fall and for a basketball game, baseball series and track meet, each to be contested alternately after the football game. According to that arrangement the track meet will be held on Mackay athletic field. Such a contract is certainly to be considered important in view of the fact that the two schools are very evenly matched, if not in numbers, it is in material, training facilities and spirit. In competing against University of California and Stanford the odds are against Nevada, but since Santa Clara has no advantage, why should Nevada not beat her.

Of course the trials will give better results, but one only needs to be present at the daily maneuvers of our track men to tell that Nevada is going to be heard from in the athletic world this year. Captain Bringham is leading the work with the persistent energy and spirit which characterize an excellent track captain. He is constantly encouraging his men, both by words and by setting a good example, and if they don't all develop the best that is in them it will not be the fault of their captain. Another equally important figure in the fight for efficiency in our track men is Coach Holloway, a famous track man himself and a thorough coach. He carefully considers the merits and weaknesses of each individual and works constantly for the best that can be had. Among the men themselves there are many who competed last year and made very creditable showings and there are also many who have good high school recommendations and are promising better college records. Hylton, Cazier and Powers are all showing excellent form in the sprints and have revealed an enormous store of speed in the century and eighth. Captain Bringham and Hylton are clipping a few fifts at a time from their training trials of the quarter. In the half Hovey and Ogilvie are developing a good quarter pace for the two laps and Abel is not far behind. For the mile and two-mile Stebbings and Hecox are producing a wonderful amount of stride and endurance, while Reynolds promises much better than ever before in the two mile, with Whitmore close on his heels. In the hurdles the competition is exceeding strong between Pennel, Rose, McPhail and Hancock, all of whom have excellent past performances to their credit. The field events are all fully taken up by Pennel and Smythe in the high jump;

Smythe and McCubbin in the broad jump; McCubbin with a wonderful high school showing promises great things in the pole vault; High, whose interscholastic medal signifies something good for the Conference with Henningsen a close second in the shot put, and Henningsen shows excellent form in the hammer throw. Owing to the fact that basketball has just closed there promises to be a number more to "come out" for the track events.

The schedule of meets from now on shows that festivities will begin soon and will last until school is out. The trials are due to come off on March 22 and the meets will follow with the interclass meet on April 4; the Freshmen-Reno High meet on April 12, the contest with the University of Southern California on April 19, the Santa Clara contest on April 26, and the big conference at Berkeley on May 10. Parts of this schedule, with the exception of the Santa Clara meet and the Conference, may be changed but all indications are that the above schedule is correct.

NTW RULES ON BOXING

PITTSBURG, March 24.—New rules to govern boxing contests have been announced by Director of Public Safety Dailey. The regulation provides that all the preliminary entrants must pass a physical examination; the floor, ropes and posts must be padded. Boxers must be matched to weights and there must be no cutting short or extending the time of rounds.

Physicians arrived from the towns of Avocal and Syracuse, and the injured were given medical attention. The bodies of the victims were placed in the church, which is being used temporarily as a morgue.

The storm also did much damage in the country districts before and after it struck the village.
