

NEVADA ASKS HER HIGH SCHOOLS TO FEEL AT HOME AT NEVADA

"Rose Maiden" Com. Feature

Miss Halleck and Dr. Haseman Will Stage Clever Musical Sketch

Practice on the cantata "The Rose Maiden" has reached such a stage that a fair estimate can be made of its worth. That it will be the most successful musical event that the university has ever produced is almost an established fact.

"The Rose Maiden" is an adaption from a German poem, set to music by Frederic H. Cowden. It tells of the queen of the flower fairies coming to earth to find her lover, of her quest for him, her success, and finally her despair at his death. The music all the way through is exceedingly pretty—it's most catchy. Above all it's within the range of appreciation of any one who cares for music only casually, and comes well within the field of ability at U. of N.

There are 45 voices in the chorus, and every single one is a voice. The chorus have been practiced now until these 45 voices blend as a unit. The solo work is equally as well blended. Miss Halleck, musical instructor in the normal school, will give all the soprano solos. Ruth Miller does the contralto end of it, while Rose, Penry and Walker handle the parts for the men. Prof. W. E. Corris is the pianist for the production.

The cantata is more than an appropriate finale to a most successful year of music at the U. of N. During all this year Prof. Haseman has had under his care a girls' glee club, and a men's glee club. Both clubs have done well, the boys especially, in their trips throughout the state. The cantata comes now as one of the big events of commencement weeks.

Tuesday night has been set for the rendition, and the gym is the place. A large crowd is looked for from our friends down town. Later in the week it is very probable the cantata will be repeated at Carson.

ENGINEERS ELECT

After a spirited balloting contest at the Engineers' club last Wednesday evening, Philip Raymond was elected to fill the president's chair for the term 1913-14. He will be assisted in his duties in the executive committee of the club by Peter McKinley, who was elected to the office of secretary-treasurer. Morris Anderson, Tom Walker and J. G. Scrugham are the retiring board.

Professors True and Sharp made a trip to Lovelock last week, at the request of the farmers of that region, to inspect the alfalfa fields.

Two Big Rallies For The Meet

Aggie and Block N Rallies; Block N Men Meet at 4:30 Thursday

Two great big rallies are the program for the week—Thursday and Friday nights are the times set.

Thursday Night

That long-time-much-talked-about aggie-rally is at last going to happen and it is going to happen next Thursday night and there are going to be 50 autos and 150 students and more pep than Reno has seen since Mackay day.

The cause of it all is the Nevada academic meet and if the boys and girls of the silver and blue don't enthuse Reno on that night for that MEET it will be because there is no more enthusiasm left in the burg.

The big auto parade will start from the Mackay quad at 7:30 sharp. The machines, filled to the brim with noisy, yelling, horn tooting students, will proceed through the streets of Reno until 8 and then for a big show at the Grand.

Live speakers, Glee club, Tom Walker, Mandolin club, aggie stunts will succeed each other in rapid succession. Then there are the Grand's famous movies besides. Some big show and all for 15 cents.

The senator says, "be there at 7:30, everybody," and that means we'll be "there."

Friday Night

Friday night's rally will be something new. Reno people will come up to the U. for that one. It's all going to happen on the Mackay field and it will be all over before the declamation contest. That means things must start at 7 p. m. and again the senator says "BE THERE!" College songs, college yells, serpentine, talks from Pat McCarren and Stir Brew Adams are things that will entertain. Prof. Scrugham and the E. E.'s will have the place all lighted for us.

All the high school people will be on the bleachers and the rally will give these guests of U. of N. a chance to see some U. of N. spirit when U. of N. is in a bunch.

INSPECTORS RETURN

Si Ross and Miles B. Kennedy returned Friday night from a trip in which they covered all the main line towns between Reno and Wells. The trip was for the purpose of making inspections of food and drugs and small scales. This is the first inspection trip made by the food and drug department officials this year as their time has been taken up by analytical work upon samples voluntarily sent in to the laboratory here by merchants and consumers.

ALL ABOUT THE MEET

In the list of entries for next Saturday's state academic meet are found the names of many of the stars of recent years. In the 50-yard dash, Harriman, who won last year for Churchill county, is again entered this time, representing Reno High School. Peters, the speedy sprinter from White Pine county, has equaled the league record in practice and may carry off the honors. Gallagher of Lyon county was a point winner last year and should show up well. For the 220-yard hurdles Burke and Leveaga of Reno and Hunsinger and Bailey of Lassen county have all shown good form. The Las Vegas entries, Leavitt and Abbott, are said to be first class athletes.

In the mile run the only veteran entered is Flood of Tonopah, who has

been a point winner in previous years. Sullivan of Sparks, Decker of White Pine, Huntley of Goldfield, Syphus of Clark county and Melarkey of Reno have been specially mentioned as promising long distance runners.

The 100-yard dash will probably be the most hotly contested of the day. Harriman, last year's winner, is again entered. With Peters of Ely, Shanks of Lassen, McFarlane of Elko, Leavitt of Las Vegas, Bulfitt of Bishop, Hunt of Goldfield and other crack sprinters contesting, it looks to be anybody's race.

Hunsinger, winner of last year's broad jump, is the favorite for the 1913 meet, but Leavitt of Clark county is said to have equaled the league record. In the 440-yard dash Shanks of Lassen, who broke the rec-

ord last year, is again entered. However he will have to be in perfect form if he defeats the splendid aggregation of desert lads who will oppose him. McFarlane of Elko is one of the best of the field, but he is handicapped by lack of training. Harriman, Ronnow, Bryant and Barton will all prove strong contenders.

In the shot put, Friel of Lovelock and Leavitt of Las Vegas are especially well thought of. The half mile has 17 entries and is one of the most interesting events of the meet. On form, it should be won by Chism of Reno, holder of the state record. Flood of Tonopah should take second place on account of his experience and staying qualities. In the high jump Clifford of Reno has beaten the

Monthly Publication to Be Issued by Department to Aid the Farmers

Following the plan for broadening the scope of its agricultural work the University of Nevada will soon present the initial number of a monthly publication to be called "Better Farming." This publication will differ from the regular bulletins of the experiment station in that the aim will be to present to the people of the state through this medium, not the results of newly completed original investigations, but rather articles upon subjects bearing on the various phases of farm practice. An effort will be made to have the subjects timely in character and treated briefly in plain and direct language that will appeal to busy people.

The initial number will be a "Dry Farm" number. The advisability of this arrangement was suggested by the interest shown in dry farming in some parts of the state. An attempt will herein be made to outline at least, principles and methods of dry farming. This must not be read to mean that all a man has to do is to follow such directions. The prospective dry farmer will notice that the university, in this publication, urges caution in the selection of site, believing that one discouraged homesteader is one more than Nevada can afford. That Nevada has good dry farming areas is generally conceded; that enough is not known as yet as to their location must be admitted; and in the light of this the university feels it a duty to raise a warning against careless homesteading of non-irrigable land.

Reno High School Notes

On Monday eve after the school the 12 men to uphold the school in the coming meet were picked. Following are the men: Harriman, Raines, Hodgkinson, Martin, Chism, McCarthy, Melarkey, Franzman, Barker, D. Burke, Clifford and R. Laveaga (capt.). These students have worked hard and will put forth all their efforts Saturday to win the cup.

With D. Bryant and E. James in the declamation contest and "Tb" Risling and M. Means in the tennis tournament, the Reno Hi will be represented in all branches of the league.

All visitors are cordially invited to visit the new Reno Hi building and those that have the chance should see the structure.

The Minstrels

The minstrel show given on Friday eve was a success from all points, financial and otherwise. The gym was taxed to the limit for over one thousand people were present.

All solos were rendered in a pleasing manner to all and the chorus was always there with plenty of noise. All other features, as the farce, tableaux, cake walk and other numbers kept the crowd in a pleasant humor throughout the evening. The candy and ice cream booths were always doing a "rushing business" and netted a neat sum. The evening was ended by an informal dance.

J. Albert Rowe, ex '13, has been spending a few days in Reno visiting at the Sigma Alpha house and renewing old friendships on the campus. He left Sunday for Berkeley.

Luncheon For Visiting Peds.

Principals to Gather Friday Eve to Plan for Future Meets

In order to promote the academic meets of the future a luncheon is being planned for the visiting principals of the state when they gather here on next Friday and Saturday. This luncheon is to be held in the domestic science department at 5 o'clock next Friday evening and those present will avail themselves of the opportunity to discuss ways and means of promoting the future welfare of the Nevada Academic League. Prof. J. E. Bray, state superintendent of public instruction, will officiate as toastmaster at the affair and there will be a number of short speeches by the following educators:

Robert Lewers, acting president of the university; Bernard Street, principal of the Ely High School; T. A. Brandon of Winnemucca and the speaker of the twenty-sixth assembly of Nevada; B. D. Billingham, superintendent of the Reno schools; E. E. Winfrey, deputy state superintendent; and M. E. Howard, superintendent of the public schools at Bishop, California.

In addition to those already mentioned the following will be among those present at the luncheon:

J. F. Graham, Winnemucca; J. R. McKillopp, Lovelock; M. E. Jepson, Sparks; W. E. Ferguson, Reno; R. H. Fetter, Fallon; J. D. Scott, Tonopah; A. J. Sullivan, Goldfield; W. J. Huntington, Carson; E. O. Vaughn, Gardnerville; L. A. Bartlett, Yerington; H. E. Hendricks, Susanville; Captain Applewhite, J. G. Scrugham, M. Adams, George Ordahl, S. E. Ross, Charley Haseman, U. of N.

Mackay Museum Receives Gifts

Two valuable additions to the collection in the museum of the Mackay school of mines were received by Prof. George J. Young last week.

The first consists of four pieces of timber and is the gift of Supt. F. D. Black of the Crown Point Gold and Silver Mining company, Gold Hill. The timbers were taken from the old bonanza stopes of the Belcher and Crown Point on the 1400-foot level. They show the effects of the tremendous pressure to which they have been subjected. Supt. Black is a Nevada graduate.

The other gift is that of Albert Burch of the Goldfield Consolidated Mines company. It consists of some valuable ore and rock specimens which Mr. Burch has been getting for some time, and several petrographic microscope slides.

MILITARY SCHEDULE

May 2, 1913.

Memorandum No. 21

The following schedule of instruction for week commencing Monday, May 5, is hereby announced.

Monday, May 5—Company drill, close and extended order.

Tuesday, May 6—Battalion drill—establish outposts and close order.

Thursday, May 8—Company drill, close order.

In all close order drills, sergeants will be given an opportunity to command the companies, and corporals to act as guides.

In case notification is received from the inspector as to the date he will be here to inspect the battalion, the above schedule will be changed accordingly.

All cadets are reminded that our annual inspection has not been cancelled but merely postponed due to the unavoidable detention of our inspector. It is essential that the uniforms be kept in perfect condition, as well as the rifles and equipment, and that every cadet have every thing in such shape that he can turn out for inspection at a moment's notice. By order of the

BOOST

Every body has been talking a great deal lately about showing the high school people a good time. Manzanita and Lincoln halls have started to work already to provide for the housing of our visitors. Friday and Saturday will be everybody's chance to practice what all of us have preached. When college opens on September 2, 1913, the registration will tell the results of our efforts now. Again we say—BOOST!

Y. W. C. A.

Wednesday

The senior girls and those who are going out permanently will have charge of the Y. W. C. A. meeting on Wednesday at 4:30. This is the last meeting of the year and an especial program of music and talks has been planned. Come out and hear what the association seniors have to say.

Friday

The visiting contestants, high school girls, and chaperones will be entertained on Friday afternoon at Manzanita hall by the Y. W. C. A. Light refreshments and music will help to fill the time and an effort will be made to have all the visitors enjoy themselves and meet the campus girls.

Seniors Twice On Saturday

Tea

Miss Kate Bardenwerper entertained the senior girls and Mrs. Kaye, Mrs. Jameson, Miss Sameth, Miss Wygal and Miss Day at a tea on Saturday last at 5:30. The dining room was tastefully decorated in the class colors of green and white and all had a jolly time.

500

Mr. and Mrs. A. D. Bird entertained the members of the class of '13 last Saturday evening at their home on West Fourth street. Progressive 500 was enjoyed until a late hour and then after "some" refreshments the crowd, after voting the first senior party a good one, said good night to host and hostess. "Gig" won "Whispering Smith," the first prize and Mina won the "booby."

Great Chances For Students

A communication to Captain Applewhite from the office of chief of staff, U. S. army, advises him that during the coming summer vacation period two experimental military camps of instruction will be held for students of educational institutions. These camps will be held at Gettysburg, Pa., and at the Presidio of Monterey, Cal., the latter lasting from July 1 to August 29, inclusive.

The object of these camps is, primarily, to provide a trained class of men from whom, in time of a national emergency, a large portion of the commissioned officers will probably be drawn, and upon whose military judgment at such a time the lives of

many other men will in a measure depend.

The plan in brief is as follows: The student must be recommended by the officer detailed at the institution, or in case of non-military schools, by the president of the institution; their attendance must be for the entire period, unless prevented by actual necessity; the expense of transportation, uniforms (about \$7.50) and subsistence (about \$1.75 per week) will be borne by the student.

During the encampment, students will be under military discipline. The instruction and military exercises will be of a practical nature and will

Inter Company Rifle Match

The cadets of both companies and the band are busy every day on the range getting ready for the rifle match which will be held as soon as the government inspection is completed.

Teams from all organizations have been tentatively selected. The weather conditions for the past few days have been perfect, and every one is working hard to get in shape so that his name will be placed on the pennant which is to be awarded the winning team by Gray, Reid, Wright Co. Some good shots are developing, there have been one or two "finds," and no doubt some surprises will be sprung when the match is held.

include the actual handling of regular troops in the field under what simulates as nearly as possible war conditions.

The military work will, as far as possible, be confined to the morning hours, leaving the afternoons and evenings, under proper supervision, at the student's disposal.

It is believed that these camps will prove very popular, and will be of great benefit to those who attend. Aside from the military training, opportunity is offered for a summer vacation at a small cost on a military post, at one of the most popular resorts on the coast. The benefit received by meeting and mixing with students of other well known institutions, the ideas gained, and the opportunity for athletics will be of great value to any student who attends.

This is an opportunity which should be taken advantage of by any student of our university who is in a position to do so.

Year's Banquet Of Glee Club

By JOHN

Prof. Hasman's wearing a big, broad smile these days. Also he's wearing some other things, but above all please note the smile. He wears it just above the front collar button, in the region of the nose and chin. You who take no math will see it all the time; you who do—only when no one is tardy to math 7. But why speaks of math when it's not our story.

The Glee club entertained itself with a second annual banquet last Saturday night. The connection between these two paragraphs lies in the fact that it was at this second annual banquet that the prof. first wore the particular smile in question.

Now smiles are of various kinds and classes. There is, for instance, a breed which is common where puns prevail. It's an ugly little beast with a pitying sneer, and suggests a bad case of indigestion. Then there is that wide open, uncharitable smile that never fails to appear when some one spills soup in his lap, or lodges a fish bone horizontally in the thorax.

N. B. If you are to delve deeper into this phenomenon consult Piggott on "Says baths, and others."

Also we may in passing touch upon that large class of smiles that have the property of warming the heart. Of these the most popular is that of a kindly old gent to a chill he passes on the street, or the smile of a master on his faithful dog. Old Crow comes under this heading, too.

Let us put aside all these notions, however, and consider only that facial earthquake which disturbs the topography just east of the left ear, uncovering the pearly whites, and showing a bright light in the eye. From the description you readily recognize it as the smile in evidence when effort is well rewarded, or administration nicely demonstrated. It is such a smile that Haseman wears.

With five pages behind us we may now take up our story where we started it.

Promptly at 10 o'clock the Glee club went into session banquetier. Prof. Haseman presiding. Preliminaries consisted only in shooting an olive seed at Monk, thereby causing that gentleman pain. The little incident, however, served to start the party off with a laugh.

The songs over (or was it the salad?) an emissary from the large dining hall delivered a request for a song. Well, after the eighth song fish had been served, meaning, of course (not fish course), important business for the club.

We pause here to remark the breaking in the bud, as 'twere, of the smile on Haseman's face.

Just before the chicken was to have been brought forward, some one suggested a few words from Prof. Corris, the club's accompanist. In a few well chosen words (I believe that's the diction), Prof. Corris congratulated the club and its director, on a wonderfully successful season. Ray Penry then offered a pretty little toast for next year's club, to which Louis Rose responded with great warmth. Early in the evening, let it be said, Rosie was unanimously elected club jester. That the choice was not a bad one is acclaimed by all.

Peter McKinley then rose majestically to his feet, and with no invitation or encouragement, burst forth into oratory. As he waxed warm in his subject, the smile before mentioned was seen to slowly expand, until, with the climax—the handing over of a long slim leather case—it blossomed out in all its glory.

The case in question contained a leader's baton and a peach it was. All ebony, and ivory, and silver. Of course the prof. made an acceptance speech, and so ends the story that started the smile on Hasman's physiog.

There are smiles and smiles. There will be smiles, too, when the prof. leads out the math class some morning with his new baton. But you watch the real smile—the Sunny Jim smile. There's a reason.

C. W. O. C.

The following officers were elected for next year's Outlook club: President, Grace Mahan; vice president, Clara Smith; secretary, Veronica Dickey; chairman of refreshment committee, Myrtle Neasham; chairman of entertainment committee, Alice Van Leer.

Shoes for Summer wear must be comfortable, but also conventional. The Crispin is an English, outdoor model.

Here is an Oxford primarily designed for the young fellow who follows the newest fashion ideas—the round toe, broad, flat tread, broad shank and low heel that have come across the water from London. But so comfortable and sensible is this design that all sorts and conditions of men have adopted it. And it certainly has a grace and distinctiveness that you will not find in ordinary ready-made shoes. Every bit of material and workmanship used in it is absolutely first grade. It is a Regal leader—as advance sales already show.

**J. E. Church
From L. Tahoe**

Professor Returns from Mountain Trip of Mountain Snows

Dr. J. E. Church, who recently returned from a two weeks and a half stay at Lake Tahoe, reports that the outlook for water for this season is more favorable than that of last year. Dr. Church has been making a detailed snow survey of the mountains west of the lake to find out the amount of water we may expect from that region during the summer months.

His investigations include 750 separate measurements and he reports that, in comparison with last year, there is from 25 to 30 per cent more snow now on the ground than at this time last year. This is 81 per cent of the snow at this time of the year in 1910, which was a good average year. The increase over last year is in a great measure counterbalanced by the fact that Lake Tahoe is a foot lower than it was at that time and it therefore follows that the farmers of the Truckee meadows will have the same opportunity to share their water supply with the Fallon people that they availed themselves of last year. Owing to the approaching completion of the Lahontan dam, this is possibly the last year that such procedure will be found necessary.

**Hill Election
Very Peaceful**

Election this year was a quiet one. In three of the most important offices there was but one candidate in the race. The results show keenest competition in the fight for the offices of vice president, women's basketball manager and editor of the Sagebrush. The following is the list of officers who will take charge of the A. S. U. N. activities during the next term:
President, John I. Cazier; vice president, W. Clarke Webster; secretary, Maude Price; treasurer, William I. Smyth; executive committee, representative from class 1915, Elmore Abbott; executive committee representative from class 1916, Coin Cazier; women's athletic manager, Lysle Rushby; graduate manager, S. E. Ross; editor-in-chief of Sagebrush, Robert P. Farrer; business manager of Sagebrush, Joe McDonald.

Seniors Plan Special Music

When the dancers dance on commencement night at that great senior ball they will realize that they are being treated to something a little better than usual in the way of music.

Music is to be the big feature of this year's senior ball. Al Preston has this end of the affair in charge and through his efforts Prof. T. W. Ford, a violinist of considerable fame, has been secured as a leader of the orchestra on that evening. Prof. Ford was personally known to Mr. Preston in Utah where, for several years, he was the leader of the orchestra in the Cort theater in Ogden. From there Prof. Ford moved to Los Angeles, but on account of ill health he was forced to leave southern California, and so he has located in Reno where, assisted by his wife, he is conducting a violin studio in the Thoma Bigelow building. With an eight-piece orchestra led by this capable leader dancers at the 1913 commencement ball may expect great things in the way of music.

College Women's Suffrage Club

The last meeting of the Suffrage club was held April 29. Miss Anne Martin read a paper on the suffrage problem in the east and the accomplishments of the St. Louis convention. By a unanimous vote, the officers of this year were re-elected for next semester. Nell Morrow was appointed chairman of the membership committee. Edwina O'Brien and Liela White comprise the committee on entertainment and refreshments.

Plans were made whereby alumnae of the university may form a chapter auxiliary to the college league.

Delta Rho In Third Degree

Saturday night the Delta Rho sorority held its annual banquet to confer the third degree upon the two graduating members, Eunice Cagwin and Marie De Flon. The sorority at the same time made it an occasion to give a pleasant birthday surprise to Miss Delle Boyd, one of the 13 who made the chapter's charter.

The tables were decorated in lavender and gold; the center pieces being lavender sweet peas, the sorority's flower. Ice cream, candies and place cards all carried out the general color scheme.

Forty members gathered around the tables happily discussing plans, past and future. Mrs. Gordon H. True made an excellent toastmistress. The toasts responded to were: "The Phillistine," by Lillian Esden; "The Outlook," by Marie De Flon; "Current Literature," by Pearl Stinson; "Review of Reviews," by Eunice Cagwin; "The World's Work," by the sorority's guest of honor, Miss Martin; "Little Folks," by Paula Wright O'Brien; and "To Delle," by Helen Fulton.

The girls, loath to leave their last big function of the year, left the tables strong with Delta Rho spirit, shown by the lusty vigor of the voices singing the toast "To Delta Rho."

Prof. True left for Elko Sunday evening in order to attend a meeting of the board of control of the Elko dry farm.

Who's going to win prize and fame by writing that new college song?
