

Farmers Week Attracts Many

COMPREHENSIVE LIST OF LECTURES TO BE DELIVERED BY EXPERTS

LIVE STOCK DEMONSTRATIONS

USEFUL COURSES GIVEN UNDER THE DIRECTION OF DEAN KNIGHT

WEDNESDAY—2 P. M.

"Improved Seed Grain" Meeting.

J. R. Van Nagel, manager of the Riverside mill, Reno, will address the farmers on "The Most Desirable Wheat for Nevada From a Miller's Standpoint." He has made a very careful study of the wheats grown under irrigation and dry farming and has accumulated some very interesting data on the production of wheat by dry farming.

C. S. Knight, dean of the college of agriculture, will follow with a demonstration of "Improved Seed Grains" and will discuss in detail "the Co-operative Experimental Plan" with the farmers.

At 4:30 p. m., W. T. Ritch, Australian wool specialist, will give an illustrated lecture to the Agricultural club on "The Preparation of Wool for Market." Mr. Ritch has devoted his life to a practical study of the wool industry in all its phases. He spent 20 years in England, South Africa, India and South America, and is very familiar with the wool industry in all the leading sheep countries. This meeting will be held in the lecture room of the Mackay school of mines.

At 8 p. m., L. E. Cline, United States dairy expert, stationed on the Truckee-Carson irrigation project, will give a lantern slide lecture on "The Improvement of Dairy Cattle in Nevada."

W. T. Ritch will follow with an illustrated lecture on "The Cross-Breeding of Sheep."

THURSDAY—8:30 A. M.

Meeting of Nevada bee men. C. G. Swingle, Fernley; G. M. Bower, Lamoille; B. S. Bechtel, Lovelock; E. G. Norton, Fallon, and J. I. Earl, of Bunkerville, will take part in the meeting by short talks on the bee industry in their respective sections of the state. These men have been in the business for some time and have some very interesting data to present regarding the development of the bee industry in the various parts of Nevada. This meeting will be held in the agronomy laboratory.

At 10 a. m., live stock meeting. The feeding of live stock has become a very important field of agriculture. It has been demonstrated that concentrates of various kinds can be fed with profit in connection with alfalfa to the different breeds of stock. J. Clemmons, Reno; L. F. Washburn, Western

Porteous' Masonic Temple

Program State Welfare And Development Conference

FRIDAY, FEBRUARY 5, 1915—10 A. M.

UNIVERSITY GYMNASIUM

Presiding Officer, Governor E. D. Boyle.

Honorary Presiding Officers, Hon. J. H. Fulmer, East Ely; Hon. W. P. Harrington, Carson City.

1. The Manufacture of Nitrates by Electrical Methods, Professor Maxwell Adams, University of Nevada.

A new and important field is open to development along these lines. The utilization of Nevada's non-metallic mineral deposits, by Nevada power plants, is the theme of this address with special reference to the manufacture of nitrate and cyanide.

2. Electric Irrigation Pumping, H. A. Lemmon, Commercial Agent, Truckee River General Electric Company.

The work of Mr. Lemmon and the company he represents, in advancing irrigation methods in Western Nevada, is well known by those acquainted with this branch of work. The most advanced and efficient methods of irrigation pumping will be explained in Mr. Lemmon's talk.

3. Irrigation Pumping on the Prison Farm, Hon. D. S. Dickerson, ex-Governor of Nevada.

To those who saw the prison farm before Denver S. Dickerson took charge, its present changed appearance comes as a revelation. What was formerly a barren desert waste, has been transformed into productive farm land; the various problems encountered and their solutions which apply to most farming districts in Nevada, should be of especial interest, as presented by ex-Governor Dickerson.

4. Irrigation Pumping Opportunities in Elko County, B. G. McBride, Manager Elko Lamoille Power Company.

Elko county has been described as the richest district, in present wealth and future opportunities, in the West. B. G. McBride is peculiarly adapted to explain the opportunities in this district, which now has electric power available for all uses. The system of the Elko-Lamoille power was built by Mr. McBride and he has made a special study of the problems of the district. development of Underground Water Supplies in Southern Nevada, Hon. Peter Buol, Senator from Clark County.

The farming industry in Southern Nevada probably owes more to Senator Buol than any other one man, for the remarkable advances registered. Although Nevada's underground water supply is of very large extent, the problem of sufficient development is most important. Senator Buol is competent to treat the subject in a thorough manner from first hand information.

6. Costs of Irrigation Pumping, F. B. Meehling, Manager Nevada-California Power Co.

Mr. Meehling has been connected with power projects in Southern Nevada for many years, and is well posted on costs of electric power in irrigation work.

7. Formal Discussion, L. W. Crehore, City Engineer, Fallon, Nevada.

Mr. Crehore has been a close observer of irrigation developments in the Fallon district for many years, and should present a clear idea of the best irrigation methods for the different requirements. He is operating a large pumping plant.

8. Irrigation Pumping in Washoe Valley, Hon. P. L. Flanigan. Mr. Flanigan is handling a large pumping project in Washoe Valley and has had some interesting experiences.

9. Co-operation Between State Governments and State Universities, Dean F. L. Bishop, University of Pittsburg, Pittsburg, Pa. The University of Pittsburg was one of the first institutions in America to adopt the co-operative plan. Their laboratories for co-operative research are probably the finest in the world.

FRIDAY, FEBRUARY 5, 1915, 2 P. M.

UNIVERSITY GYMNASIUM.

Presiding Officer, Hon. Tasker L. Oddie.

Honorary Presiding Officer, Son Samuel Platt, Carson City; Hon. Martin Scanlon, Tonopah; Hon. A. J. Stinson, Carson City.

1. Perpetuation of the Safety First Movement, Hon. W. E. Wallace, Brotherhood of Railway Trainmen, a member of the State Industrial Commission.

Mr. Wallace has been one of the most active backers of the "Safety First" movement. Railroad men particularly appreciate the good results of his work.

2. Welfare Work of the Nevada Consolidated Copper Co., C. V. Jenkins, Business Manager, Nevada Consolidated Co.

As business head of the largest metal producer in the State, Mr. Jenkins has had a chance to introduce welfare measures for the workmen, which smaller plants could not handle. The general procedure of his company, as outlined in his talk, should prove of value, as showing the interest in the workers' welfare. Mr. Jenkins easily leads all others in the State in regard to results accomplished.

4. The Relation of Organized Labor to the State University, J. E. Taylor, Central Trades and Labor Council.

Mr. Taylor, a university graduate, will discuss the various points of contact between the university and organized labor, and show methods whereby both may be benefited.

5. Arbitration and Conciliation, Samuel Belford, Attorney-at-Law.

Mr. Belford has the distinction of having settled two great strikes and can speak from experience.

6. Accident Claims, Neil McGee, Western Wederation of Miners.

Mr. McGee is well qualified to speak, having served in almost every capacity in the mining category.

7. Electric Headlight Legislation. An open discussion will be held covering a year's experience with the nitrogen lamp.

8. The Federal Government and the Industrial Safety Movement, H. M. Wilson, United States Bureau of Mines.

9. The Relation of Organized Labor to the Welfare of the State, Frank Ingram, President Brotherhood of Locomotive Firemen and Engineers.

The importance of friendly relations between employer and employee cannot be overestimated when considering the development of state industries. Mr. Ingram understands the many problems, and can speak with authority on this important question.

10. Reports of Secretary and Treasurer, Nevada Industrial Association.

FRIDAY, FEBRUARY 5, 1915, 8 P. M.

UNIVERSITY GYMNASIUM.

Presiding Officer, Lieutenant Governor Maurice J. Sullivan.

(Continued on page 6)

Nevada Wins First Big Game

LIGHTNING TEAM WORK CAUSE
DEFEAT LAST YEAR'S
PENANT WINNERS

P. A. A. RECORD PERFECT

MID-SEASON FORM DISPLAYED
BY BOTH TEAMS IN
COMPETITION

In the first inter-collegiate game of the series for the P. A. A. championship, Nevada came through with flying colors, winning by the score of 27 to 23 over the strong St. Mary's team of Oakland, who last year won the pennant.

The game was admittedly one of the best and most closely contested ever played in the gym. As usual, the visitors jumped into an early lead of four or five points, but only kept it by the hardest kind of playing. Ferris played the best game he has yet exhibited at center, so that the loss of Henningsen was not felt so much as was first predicted. It is hoped for the good of the team, however, that "Hungry" soon returns to college, for his experience helps immensely.

During the first half the play alternately favored one side and then the other, with the brilliant team work by Sheehy and McCubbin of Nevada, and Moy and Hawley of St. Mary's, keeping the crowd on their feet.

During the first half, Nevada was fouled repeatedly, making quite a few points for the visitors. Most of the play was clean and fast however, with Referee Charles in command at all times.

Half time came with the score 17 to 12 in favor of St. Mary's; half a thousand wild-eyed spectators hanging on to the balcony railings wondering if they could stand another half of such excitement. Demon Glaam made his appearance when the correct score was announced, for at that stage of the game a lead of five points seemed hard to overcome. The rooters hid their feelings, however, and kept the gym roof vibrating with the volume of noise.

At the start of the second half, the style of play changed entirely. Nevada played an entirely offensive game and dazzled their opponents with displays of team work that would win from any team. An unfortunate accident occurred when Sheehy of Nevada and Till of St. Mary's met head-on while trying to scoop the ball, on the dead run. Atill was set slightly lower when the collision occurred, with the result that Sheehy catapulted over him, and hit the floor at full length. Both were unconscious for a few minutes after, and were replaced by Stewart for Sheehy and Dowden for Atill.

Stewart made his presence in the game felt almost immediately, with a lightning pass to McCubbin, directly under the basket, which McCubbin converted into a basket.

The hardest and most desperate kind of playing ensued, with both teams playing the cleverest they knew how. The defensive work of Nevada's guards cannot be raised too highly; in the last half only six points were made by St. Mary's, with the majority made by free throws.

Chances for the P. A. A. championship surely look bright; St. Mary's had four of last year's winning team here, while Nevada's team was the same as last year.

The line-up: St. Mary's, Prentice and Quinn, guards; Moy and Atill, forwards; Hanley, center. For Nevada: Sheehy, Stewart and McCubbin, forwards; Trabert and Painter, guards; Ferris, center. Referee, Charles. Umpire, Broderick.

Fox-Trot Sundae 15c, at the Fountain, Dalton, Clifford and Wilson Co.

EDITORIAL

OUR CRITICS

Everyone at heart is somewhat of a child; if such were not the truth, this old world would surely be most unpleasant. Just as surely every one of us have our little pet idea or ambition, which we privately enshrine and foster as best we know how.

Comes a party blithely ignorant of your aims, and attaches low motives to your chosen task. In personal matters one might justly resent such action; as editor of a college publication, a Billiken attitude is a prerequisite.

* * *
KEEP IT UP

Everyone who attended the gym last Saturday night can bear witness, as to the loyalty of the A. S. U. N.

The old gym was crowded to capacity, and everyone there was heart and soul behind the team. Visitors on the hill confess, that for splendid unity and cohesive fighting spirit, Nevada stands out conspicuously in the West. We are going to win that P. A. A. championship this year, and you can help with your support.

* * *
LEGISLATION

One thing which the welfare conference will prove, if nothing else, is the need of some organized means of assisting the pioneer small farmer throughout the state with his various irrigation problems.

Many a farmer wastes years of his life and countless dollars in retarded production, simply because he does not know the best methods of irrigation for his land. Our legislators are admittedly progressive, with the best of intentions along the lines of state development. What, then, could more immediately aid the thousands of small farmers in Nevada than a pumping experiment station, where all the problems of irrigation engineering could be worked out, at a minimum cost, and saving of years of experimentation by each individual. The University of Nevada offers splendid facilities for such a station; it is hoped our law-makers will consider this worthy idea, and give the farmers the benefit of their action.

FARMERS' WEEK

ATTRACTS MANY

(Continued from Page One)

Meat company, San Francisco; Peter Anker, Lovelock; E. T. Morgan, Northam, and J. S. Cazier, of Wells, will talk at this meeting on the feeding of grain, sugar beets, etc., in connection with alfalfa, and also on the improvements of livestock on the range.

At 2 to 4:30 p. m., W. T. Ritch will give a demonstration on the effect of crossing breeds of sheep for wool production.

F. W. Wilson will give a demonstration on judging different breeds of livestock.

At 4:30 p. m., I. D. O'Donnell, agriculturist for the United States reclamation service, will address the Agricultural club in the lecture room of the Mackay school of mines on "Successful Irrigation Farming." Mr. O'Donnell has made a success of irrigation farming in Montana and is being used on the reclamation projects to assist farmers in the use of modern methods of farm practice.

At 8 p. m., W. C. Pitt, of Lovelock, will preside at a special agricultural meeting.

C. A. Norcross, commissioner of agriculture, will address the farmers on "The Important Needs of Nevada for Development in Various Agricultural Lines."

Mr. I. D. O'Donnell will discuss the important problems of the farmers on the Truckee-Carson irrigation project and how these problems can be solved.

E. P. Osgood, irrigation engineer on the Truckee-Carson project, will discuss irrigation problems of the Nevada farmer. Mr. Osgood has been with the project from the beginning and will present some very interesting information for those practicing irrigation farming in Nevada.

FRIDAY—3:30 A. M.

Dairy meeting. J. W. Ferguson, Fallon; C. H. Henningsen, Gardnerville; L. E. Cline, Fallon; H. F. Dangberg, Minden, and C. J. Heisey, of Fallon, will prevent the various problems of the dairy industry in different parts of the State. H. F. Gangberg, president of the Minden Creamery company during the past several years, has made a very careful study of co-operative dairying and will confine his remarks to this phase of the work.

L. E. Cline will talk on co-operative experiments that are being conducted at the present time with the dairymen on the project.

C. J. Heisey, manager of the Churchill Creamery company, will explain how the company has built up the dairy industry on the Truckee-Carson project.

At 11 a. m., Charles Madison of the Washoe Market, will give a demonstration at the Nevada Packing company's establishment on East Fourth street, on the cuts of meat. This demonstration will be followed by a buffet luncheon by the Nevada Packing company. The demonstration by Mr. Madison will be given from the standpoint of the local shops and will be very valuable to the women of the state.

Mr. U. M. Slater, manager of the Nevada Packing company, has always shown a great interest in the development of agriculture in the state, especially in reference to the live stock industry, and this is one of several similar occasions where he has extended the hospitality of the company to the people of the state.

At 1 p. m., W. T. Ritch will give a demonstration in the university gymnasium and everyone should be interested in knowing what these new methods are and how they may be applied to the state of Nevada.

At 4:30 p. m., E. P. Hopson will address the Agricultural club in the lecture room of the Mackay school of Mines, on the possibilities of a home-steadier in an irrigation project.

At 8 p. m., Mr. Hopson will deliver

an illustrated lantern slide lecture in the lecture room of the Mackay school of mines on the development of irrigation projects in the west.

SATURDAY—8:30 A. M.

A general agricultural meeting will be held in the agronomy laboratory, Stewart hall. F. O. Stickney, Yerington; Edmond Dietz, Northam, and E. Peterson, of Metropolis, will discuss various phases of agricultural practices in Nevada. Dr. Dietz has made a careful study of the improvement of potatoes by hill selection. Mr. Peterson has made a success of dry farming in the eastern part of the state and will explain the methods of agriculture used. F. O. Stickney, an intensive farmer in Mason Valley, will preside at this meeting.

At 10 a. m., there will be a general agricultural meeting in the university gymnasium. I. H. Kent of Fallon, will preside at this meeting, and agricultural talks will be given by J. M. Fulton, W. T. Ritch, E. P. Hopson and William Kearney. Mr. Fulton will talk on the production of agricultural products and its relation to the state's welfare. Mr. Ritch will discuss the advantages of the Australian methods for market wool. Mr. Hopson will discuss the important problems of irrigation projects in the west. Mr. Kearney will give an address on irrigation in Nevada.

Eligibility.
1. All girls from third grade up are eligible to membership in a club. Girls over twelve must have physician's certificate to enter certain activities, indicated below.
2. All clubs eligible to membership in league, providing 80 per cent of the entire school are enrolled in athletic clubs.
3. All schools are eligible for an "all-round" athletic certificate if they complete season's required record, which calls for 24 sessions during school year, and an equal division of time among certain activities. Of these 24 sessions, 12 at least shall be out of doors. Each club must select three out of four groups given below, spending an equal amount of time on each one. A session in one group may be substituted for one in another, providing that in every case there be a minimum of six sessions of each group for which no substitution be made. There must be a certain standard of personal proficiency for each member of every group.

Girl's Athletic League Is Formed

Continued from page three

Group 2. Any or all, indoor baseball, basketball, captainball, punchball, field hockey, volleyball, endball, pinball.

Group 3. Folk dances, gymnastic games.

Group 4. Track and field athletics, simple relay, potato relay, basketball throw, shuttle relay, hurdle relay, baseball throw.

Field Day.

It is urged that each school have a field day out of doors during the first week in May in which the young people join with their elders in organized play. There might be alternating events for boys, girls and grown-ups. At this time clubs might compete for first place in all-round athletic standing. A good ending for the meet would be a May-pole dance in which all participate.

1. All competition must be in groups, none between individuals.
2. N. I. L. must be notified of proposed date of meet.
3. Each girl must have taken active part in at least 20 sessions of the club.
4. Each girl must have physician's certificate to enter contest.
5. Each girl must stand at least B in effort on her report card.
6. Each girl must stand at least B in posture.
7. Each team must compete in every event.
8. The personnel of the team may be changed for different events, provided that each girl taking part in the meet shall compete in at least three events.
9. The minimum number of girls on a team shall be eight.
10. The school also shall supply two judges and three inspectors to act under the referee; these officials may be teachers, but not those having charge of a club.
11. The official score shall be kept by the referee. The scorecard containing the final score, the names of the competing clubs, the points made, the principals' signature of approval as to eligibility and the official report and signature of the referee should be sent at once to the chairman of the Nevada Interscholastic league.
12. This meet should be held out of doors whenever possible.
13. The grounds should be plainly and accurately marked for the events before the hour of the meet.

Whenever possible it is preferable to have a woman in charge of the girls' activities.

Blanks and circulars giving further details concerning the activities in which any school wishes to take part will be furnished upon request. Address Miss Elsie Sameth, physical director of the University of Nevada, or Miss Effie Mack, Reno high school, Reno, Nevada. The blanks and circulars will also contain method of scoring for first place in all-round athletics.

All teams qualifying for all-round athletic standing will be granted the certificate, but on it will be indicated the place of the team. An excellent discussion of this play for girls' athletics will be found in the official handbook of the girls' branch of the Public Schools Athletic league of the city of New York, N. Y., 1914-1915, edited by Elsie Burchenal, published by American Sports Publishing company, 21 Warren street, New York.

IF YE ED HAD THE NERVE.

Last week we received an invitation to buy a bale of cotton. Say, Willibald, the way things are going we'll be lucky if we can buy a spool of cotton. Gee! If we only had the nerve! What we couldn't do! Had we been born with the rind of some people we know, here's what you would find on these pages from week to week:

"On account of the European war the subscription price of this paper has been raised to \$5 a year, cash in advance.

"On account of the loss from import duties, advertising rates will be increased to 50 cents an inch. Effective at once.

"We are pained to announce that, owing to the almost complete suspension of the importation of chemicals, obituary poems will cost 10 cents a line hereafter.

"It being impossible to export prunes to Przemysl, notices of church suppers will be charged for at the rate of \$2 each, and two tickets to the supper.

Welfare Workers Banquet in Gym

On Wednesday, from 2 to 4 p. m., there will be a demonstration in judging various types of beef and mutton on the hoof. Immediately after the animals have been judged, they will be slaughtered and dressed. An opportunity will be given visitors to see an up-to-date killing plant in full operation.

Carcass Demonstration at Packing Co.
 On Friday, February 5, from 11 a. m. to 1 p. m., there will be a carcass demonstration at the Nevada Packing company's establishment. Mr. Charles Madison, proprietor of the Washoe market, will cut up several carcasses of beef and mutton to show the various cuts of meat and the prices for each cut. Professor Wilson will explain the relative merits of the various cuts, while Mr. Madison is cutting the carcass. A side of beef will be hung in sight, with the cuts marked off, showing just where each piece is taken and the cut itself will be shown and weighed to indicate its place in the body.

Mr. Madison is a champion meat cutter and has won several medals in keen competition. His many years in the meat business have trained him in the practical side of meat cutting so that the demonstration will be practical rather than spectacular. The demonstration is of especial interest to the housewife and every lady in Reno is invited to be present.

Mr. U. M. Slater, proprietor of the Nevada Packing company, will serve a free buffet lunch during the carcass demonstration. This lunch will be a dandy, for Mr. Slater is a past master at serving a lunch, and, moreover, he is a rare host, for he delights in showing visitors his model plant.

Free autos and a four-horse stage will be provided to transport visitors from the university to the plant and return.

New Lace Boot

Several new effects in Lace Boots—black and gray cloth tops—very dressy and new. Also several new lasts in button boots, cloth tops, gray and black.

Program State Welfare and Development Conference

(Continued from page 1)

Honorary Presiding Officers, Hon. Al Blundell, Sparks; Hon. A. J. Walsh, Goldfield; Mayor Fred Shair, Reno.

1. Motion Pictures, Illustrating Mining Operations.
2. Illustrated Lecture, E. P. Hopson, Engineer United States Reclamation Service.
3. Demonstration of Discharges of High Potential Electricity, Professor L. W. Hartman, University of Nevada.

SATURDAY, FEBRUARY 6, 1915, 10 A. M.

Presiding Officer, Mr. I. H. Kent, Fallon.
Honorary Presiding Officers, Hon. A. W. Hesson, Elko; Hon. Wm. Hussman, Gardnerville.

1. The Wool Industry of Nevada, Mr. W. T. Ritch, Australian Wool Specialist.
2. Reclamation Problems, E. P. Hopson and E. P. Osgood, United States Reclamation Service.
3. The Adjudication of Water Rights, Hon. Wm. Kearney, State Engineer.

The initial importance of this subject is appreciated by all and Mr. Kearney is well qualified to handle the matter.

4. Agricultural Opportunities in Nevada, J. M. Fulton, Assistant General Freight and Passenger Agent, Southern Pacific Co., Reno.

Mr. Fulton knows more about what Nevada needs than any other man in the State, and tells it in an interesting manner.

5. The Development of Southern Nevada, H. C. Nutt, General Manager, San Pedro, Los Angeles & Salt Lake Railroad.

As well recognized, the railroads is the greatest single factor in developing a state. Mr. H. C. Nutt, who was formerly general manager of the Northern Pacific R. R., is recognized as the one man best fitted to speak of future development in Nevada, with the keen judgment of a railroad executive.

SATURDAY, FEBRUARY 6, 1915, 2 P. M.

UNIVERSITY GYMNASIUM.

Presiding Officer, Hon. A. G. McBride, Speaker, Nevada Assembly.

Honorary Presiding Officers, Hon. N. L. Chapin, Ely; Hon. Fred Balzar, Mina; Hon. George B. Thatcher, Carson City.

1. The State Government, Hon. E. D. Boyle Governor of Nevada.
2. The Commission Form of Government, Judge C. L. Harwood.
3. Relation of the State to National Legislation, Hon. Key Pittman, U. S. Senator from Nevada.
4. Rural Credits, Hon. Harris Weinstock, San Francisco, Cal.
5. The Control of Public Utilities, Hon. W. H. Simmons, State Railroad Commissioner.
6. Tax Equalization, Hon. J. F. Shaughnessy, Chairman, State Tax Commission.

SATURDAY, FEBRUARY 6, 1915, 6:30 P. M.

Banquet in Gymnasium.

(Invitations restricted to Legislators, Elective State Officers and those actively participating in program.)

1. Discussion on General Welfare, President A.W. Hendrick, University of Nevada.
2. Hon. Emmet D. Boyle, Governor of Nevada.
3. William Sproule, President Southern Pacific Company.
5. E. A. Forbes, Member California Development Company.
6. Harris Weinstock, of San Francisco.
7. John S. Drum, President, Pacific Gas and Electric Company.

Carl Henningsen Dies After Operation

BROTHER OF GEORGE HENNINGSEN SUCCUMBING TO ATTACK OF APPENDICITIS.

The home of George Henningsen of Gardnerville was saddened last Thursday, when his brother, Carl Henningsen, died, after an operation for appendicitis. Previously in the best of health, the attack came in a form so sudden and acute, that chances for recovery seemed slight from the start.

As an all-round athlete and whole-souled Nevada man, George Henningsen has won a place in the respect of everyone, so that this bereavement affects all alike with general sorrow.

Former Nevada Student Dies

SISTER OF ELSIE HUMPHREY PASSES AWAY AFTER DELICATE OPERATION.

Mrs. Byron Millner, a former student of the university high school and one of Reno's most popular young matrons, died at St. Mary's hospital last Saturday morning, following a Caesarean operation for the birth of her first child. The baby boy is doing well, and is being cared for at the home of the mother's parents, Mr. and Mrs. H. J. Humphrey.

Mrs. Millner will be remembered as a sister of Miss Elsie Humphreys, now attending the university. She was well and favorably known by many present Nevada students, who regard her demise with sorrow.

Mrs. Fred Norton and Miss Day entertained last Saturday afternoon at Mrs. Norton's home on Ralston street. It was the desire of the hostesses that the university girls of the college of education meet the grade school teachers of the Reno schools in a social way. These, and a few other friends, enjoyed the pink tea and the songs by Lysle Rushby, Doris Taylor and Liela White; also the recitations by Veronica Dickey and Agnes Duffy.

The T. H. P. O. fraternity entertained Friday evening at an informal dance at Maple Hall in honor of their pledges, Messrs. Francis Martin, Lavoy Davis and Rufus Ogilvie. All members of the fraternity, their ladies and a few guests were present and the evening was a round of pleasure. Enjoying the hospitality of the fraternity were:

Misses Ruth Pyle, Martha Folsom, Leola Lewis, Eva Walker, Fern Wright, Zelma Francis, Gladys Hofer, Helen Meyers, Erma Warren, Ailene Holesworth, Thelma Johnson, Bonnie Leon, Grace Leon, Alice Hobbins, Elsie Herz, Emma Herz, Josephine Williams, Dorothy Morrison, Ethel Walker, Mary Martin, Marion Week, Mrs. Charles, Messrs. Tom Walker, H. Barton, Joe McDonald, Dana King, Lavoy Davis, Mormon Parks, George Ogilvie, Earl Swain, Earl Hart, John Siani, Rufus Ogilvie, Tom Edsall, Wilson Malone, A. J. Quigley, F. C. Fake, W. Stickney, Ira Kent, H. T. McQuiston, Mox Charles, Chester Bacon, Bert Walker, Elwood Bane, R. A. Allen, E. Kearns, Francis Martin, Lloyd Root and E. Caffery.

Quite a party of University students attended the inaugural ball last Thursday, to help honor the first Nevada alumnus who has attained the gubernatorial chair. The whole affair took on the air of a university celebration after the first formal greetings were over, for all the Nevada yells were tried out, including some old ones that the present day students were not familiar with. All the Nevada songs were sung, with Emmet Boyle, '99, Pat McCarran, Jack O'Sullivan and many another loyal grad joining heartily in the refrain.

All the notables of the state were present, and it is more than probable that the University of Nevada denotes more to them now, after the exhibitions of loyalty to alma mater displayed by grads and undergraduates alike.

A band was first provided, which later was displaced by an orchestra on the stage overlooking the ballroom, about 12 o'clock, giving a pleasing sense of informality to proceedings. Among those attending were the Misses Adele Norcross, Edna Short, Jessie Hylton, Vera Lemmon, Vivian Engle, Grace Cox, Gladys Jones, Dorothy Bird, Vira Calhoun and Belle McMillan; Messrs. Sol Cazier, Pink Abbott, Jack Pearson, Bourke Healy, Lee Williams, Louis Vogt, Cy Young, Otto Hussman, Louis Rose and Charles Masters.

PROSPECTORS SIGN UP FOR GENERAL MINING LECTURES; FIRST DAY A SUCCESS

The first day of the prospectors' short course was devoted entirely to registering and cataloging the various applicants in their proper departments. Eighteen men were registered the first day, and at least ten more are expected as soon as lectures and laboratory work begins.

Every walk of life seems to be represented so far in the enrollment, from the out-and-out prospector to the business man seeking a little more useful knowledge.

An interesting item in connection with this course is the fact that the Golden school of mines is giving a course very similar in nature, starting practically at the same time.

William Faversham

Famous Actor, says

"A pipe of Tuxedo keeps me feeling physically fit and in good spirits, and, because it is mild and doesn't bite, it is pleasant to the throat and keeps my voice in good tone."

William Faversham

Tuxedo Keeps You Physically Fit

Every playgoer has remarked the virility and clean-cut vigor of William Faversham, both as an actor and as a man. No matter what part he is playing, he always presents a figure of alert strength and keen wits. His voice is especially engaging, clear, carrying and sonorous.

For Tuxedo tobacco to gain a testimonial from such a man, stating that it helps to keep him "physically fit and in good spirits" and keeps his voice "in good tone" goes far toward convincing you of Tuxedo's wholesome, all-round value to you.

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

Tuxedo will put snap and vim into your daily work. It's an inspiring tobacco that will keep you fit as a fiddle, full of zest, hearty and happy and hale. You can smoke it all day long, and each succeeding pipeful will glow with greater cheer.

The original, exclusive "Tuxedo Process" has many imitators—but no equal.

Try Tuxedo for a week, and you'll like it forever.
