FINAL EXAMS

Final examinations for the year of 1915 will begin Tuesday, May 4. Annual military inspection by Captain W. T. Merry of the general staff will take place Wednesday, May 5. Exams will then be resumed May 6.

Because of the interscholastic meet, exams will then be postponed till Monday and Tuesday of the week following, May 10 and 11. Commencement Day is May 12.

Glee Club to Sing At Majestic May 5

NEW STUNTS AND SONGS TO FEATURE PROGRAM OF VARSITY SONGSTERS

An entirely new program is to be presented by the Varsity Glee Club on Wednesday evening, May 5, according to Dr. Charles Haseman, the director and moving spirit in the club. Stunts that will be long remembered for their comedy and musical worth are to be staged, and local lovers of good music are promised a treat that will set a new standard for years to come.

In their recent trip through the eastern part of the state, the songsters met with enthusiastic receptions at each town visited. Return engagements were asked by many, but owing to the nearness of commencement, none can be made.

To those who expect to visit the university during the interscholastic meet, a special invitation is extended to come earlier and enjoy the annual commencement Glee Club concert.

Tennis Team Loses To U. C. Freshmen

BLUE AND GOLD FIRST YEAR MEN TOO STRONG FOR NEVADA—STRAIGHT SETS

In the tennis tournament, Nevada fared little better than the track men did in the afternoon. Neither Withers or Parks played up to form, though due credit must be given their opponents for playing a good steady game.

In the singles matches, which were played first, Parks lost to Holman in straight sets, 6-0, 6-1.

Withers lost to Godschall, 6-1, 7-5.

In the doubles, California was also victorious, winning three straight sets, 6-2, 6-2, 6-0.

Second Track Team Wins From R. H. S.

FAIR TIME IS RECORDED IN MOST EVENTS, IN SPITE OF HEAVY WIND

Last Saturday afternoon, while the first team was at Berkeley, the second track team met the high school on Mackay field. The score was 62½ to 49½ in favor of the second team. The meet was largely for the purpose of giving practice to the high school in preparation for the coming Academic meet. Reno high is developing some good distance men. Snare looks good for first place in the mile, Welty ran the half within five seconds of the record and Cunningham showed up well in the quarter. For the University, Kemper was the big point winner, taking thirteen points. Sather won the hundred yard dash in 10:3, "Hungry" Henningsen ran second to Henry in the fifty yard dash and North won the high hurdles. Few good times were made, for a high wind was blowing, but the meet was a success from the standpoint of developing high school material, and giving the stay-at-homes some exercise.

MISS VERA HASH MARRIED TO A NEVADA RANCHER

Miss Vera Hash, '12, and Budd Holcomb were married last night at the home of the bride, on South Virginia street. Miss Hash was one of the most popular girls in her class while on the hill. After graduation she attended Smith college for a year, after which she returned to Reno and took up teaching work at Huffakers. Mr. and Mrs. Holcomb are to live in Reno, in a home now being built on the Holcomb ranch.

Nevada Team Third In Berkely Meet Last Saturday

WEATHER CONDITIONS AND NEW TRACK PRECLUDE BEST OF PERFORMANCES

MELARKEY STRONG IN MILE

MEYER, HARDIN AND ROOT ARE AMONG NEVADA POINT WINNERS

Here are the points scored by the competing college track and field teams in the five-cornered meet held on the University of California Oval last Saturday:

Colleges	Points Scored
California Freshmen	81 1-3
Santa Clara	34 2-3
Nevada	22 2-3
St. Mary's	6 1-3
University Farm School	5

The University of California freshmen took points in every event on the program in the five-cornered meet at Berkeley last Saturday, and won the meet by a rather top-heavy score. Santa Clara cinched second place through the performances of her three stars, Kenneth Johnson, Hawkes and Jimmy Curtin, the old Nevada star.

Nevada was an easy third, though from the dope before the meet the Blue and White was figured as a first place contender. Few of the men came through with any kind of form in their respective events, most of them falling short of their previous performances.

The University of California freshman to Nevada rooters was the stellar performance of Bill Melarkey in the mile. This race started off like a half mile run, the first quarter going in something under 60 seconds, and the half in 2:06. Ogilvie led for the first half mile, being forced to go the limit by Hollister, the diminutive U. C. entry. In the third lap Ogilvie was forced to slow down, the rest of the entries, some five, closing up the distance that the early sprint had opened.

Going down the back stretch for the fourth and last lap, Melarkey started to move up on the leaders. From a fifth place he moved up to third on the last turn, and uncorked a sprint on the home stretch that brought him in an easy second. It was easily the best race of the day, and Melarkey was congratulated on his race, which was easily twenty seconds better than he had ever made before. Ogilvie did not finish the race, illness before the race and the speedy first half being the cause.

Hard luck seemed to trail the Nevada entries, especially in the hammer throw. Wolford made three heaves, all close to 140 feet, but each

A. S. U. N. Election To Be Held May 4

STUDENT BODY MEETING TO PRECEDE BALLOTING—SENIORS TO GIVE TALKS

Tuesday, May 4, is the date set for the election of A. S. U. N. officers. A meeting of the student body is to be held in the gym at eleven o'clock, at which time, President Walker has announced, five representative seniors will address the meeting. Views on various phases of their four years of college life at Nevada will be expressed, and bits of wisdom, gathered with the aid of Prof. Experience, will be dispensed to all. Memories of olden days will be told, and ideals, which have guided the present graduating class through college life, will be impressed on all the undergrads.

Following the meeting, the polls will be opened, and voting will continue until one o'clock, after which the ballots will be counted by a board to be appointed later.

The full list of nominees follows: Below is a list of all nominated to date for student offices:

Irrigation Expert Visits Dr. Church

NEVADA METEOROLOGIST CONSULTED BY AGENT IN REGARD TO RECLAMATION PROJECT

Mr. Stevens, of the United States reclamation service, is on the campus conferring with Dr. Church regarding snow evaporation and evaporation of water surfaces. Mr. Stevens has recently come from Spain, where he was working on a reclamation project on the Ebro river for English and French capitalists. The war has interfered with this work and now Mr. Stevens is working on a possible irrigation project in Nevada. One of the problems which he met in Spain was the measuring of the snow in the Yranean mountains after the spring floods instead of before, as in Nevada. Regarding this problem, members of the reclamation service referred him to Dr. Church, whom he has been consulting regarding the best methods of snow measurement.

GLASSCOCK RECOMMENDED TO REGENTS BY SOCIETY—NOMINATIONS MADE

At the last meeting of the Block N society, considerable business was transacted. Details previously overlooked in the arrangements for the interscholastic meet were completed, and all events were placed on a time schedule.

The much discussed resolution, recommending Coach Glasscock to the regents and president of the university for next year's athletic director, passed by a unanimous vote. Glasscock has proven himself capable in his position as coach, and will probably be retained.

After other business was completed, the following nominations were made for Block N officers next year. Time for elections has not yet been set.

INFORMAL DANCE TO FOLLOW RECITAL IN GYM—GOOD SHOW ASSURED BY MISS DENNY

The Girls' Glee Club recital on next Friday evening, in the gym, promises to be one of the peppy affairs of the season. The girls are practicing diligently at all odd moments on several beautiful new pieces. Tickets are being sold by all the Glee Club girls, so that you need not search very far to buy one. If you haven't one yet be sure to get it in time. Anyway, be there at eight o'clock, prepared to enjoy the evening with first a concert and then a social dance.

Miss Denny, director of music, is putting in her best efforts in preparing this show, which promises to be the best of the Girls' Glee Club entertainments.

INSPECTION

The annual inspection of cadets in the university battalion is scheduled for May 5, when Captain W. T. Merry, of the U. S. general staff, makes his official visit. Every man, private, non-com and officer should devote his best efforts to the making of a showing on inspection day that will be worthy of the high recommendation sought.

To do this every man must enter earnestly into the spirit of the drill. Privates should not depend on their corporals for each order; a spirit of responsibility and general co-operation with those in command should replace the present dependence on the "man higher up."

The man who knows his drill is the one who shows up best at inspection, helps the battalion most, and finally lands the official commissions.

THE LAST DAYS

Commencement! What a throng of happy memories that one word brings to the mind and heart of every true Nevada alumni! Thoughts of the college days, when work and play mingled together in a four year span of life, that ever seems the best. What wonder, then, if Commencement has the magnet power of attracting all to the university center?

From May 9 to 12, Nevada will celebrate or solemnize, according to the respective feelings, the last days of the class of 1915. To all the alumni we issue the appeal, to return to the old school at this time, to become acquainted with the ones who have followed in your footsteps, and fought for the same ideals and purposes you fought for.

Come back, you old time grads, and give us the grip of true Nevada fellowship. If we've changed tell us, and we'll take it to heart. At least, don't stand aloof, as if you don't desire our acquaintance. Drop us a line and we'll wager you'll feel better for it.

THE GLAD HAND

High school men from all over the state will be at the University during the coming Academic meet. They will be the pick of the high schools of the state. Some will come from eastern California. Here is an opportunity for university men to give them the glad hand and a royal welcome. Goodfellowship is not all of college life but it is one of the most enjoyable things and lingers longest in the memory. Here is an opportunity for university men to make evident the good friendship for which Nevada is known and to win students for the university. Let us give them a hearty reception and make them want to come again.

THIS ISSUE

The Sagebrush wishes to thank John Heard, '17, for collecting and writing up the major portion of the articles in this issue, during the absence of the editor on the Berkeley trip.

Lest some think that this means is taken to favor one of the candidates in the coming election for assistant editor, the other candidate, R. M.

Parks, will be given every opportunity to show his ability in next week's issue if he so desires.

OUR TICKET

Comes now the time when the merry candidate strolls pleasantly round the campus, exuding good cheer and a pleasant conversation. Far be it from the humble editor of this here sheet to suggest the slightest possibility of an opinion concerning any candidate, so worry not. When President Wilson scratched his lofty brow, and bethought himself of the best possible definition for neutrality, he described our position very neatly. We may have opinions, but we keep 'em buried way down deep, especially in these parlous times.

Just remember, though that a vote for the right man or woman, regardless of connections, is the most desirable expression of true Nevada Americanism that one can give.

NEVADA GRAD OBTAINS POSITION AT SEVEN TROUGH

Frank Gignoux, of the 1913 class, has recently been appointed master mechanic and chief electrician of the Seven Troughs Coalition Mining and Milling Co. He writes that they are preparing to install large machinery and run a high power plant.

Notice

The president's office requests that all students who intend to travel homeward on lines other than the Southern Pacific hand in their names in order that the office may have the rates ready when desired.

Frolics of 1915 Amuses Audiences

"MONK" FERRIS, MCCREERY AND CARNA DAMM STAR IN SENIOR CLASS PLAY

The senior play, presented last Friday evening at the Majestic, was a true and comical conception of the author's ideas of four years of college life. Throughout the play, the good sized audience was more than satisfied with the many comedy parts.

The scene of the skit was centered around the Nevada campus, and familiar scenes and faces were caricatured with a perfection that startled many.

"Monk" Ferris was doubtless the star of the show, though petite Husky Siani trailed close for second honors. As the overworked student, pursued by the wiles and witcheries of a none-too-fair damsel, Monk caused many a hearty laugh.

The fourth act was the best of the entire show. Tom Walker, in a big "N" sweater, sang his latest airs; Monk Ferris and Husky Siani starred in a brother and sister act, and then the "Phony Ballet" lumbered on the stage. Phil Cowgill looked stylish and vivacious, while Fay Baker, as end performer, tore off as graceful a little dance as has been seen on the Majestic stage since Pavlova performed.

From all reports the play was a financial success, all expenses being paid and a neat sum cleared for class expenses.

Reno High Notes

In the tryout for the Academic Declamation contest, held at the high school gym Friday night, Newton Jacobs won first place for the boys and Eleonore Turley for the girls. Both are excellent speakers, and Reno high should get both first places in the Declamation contest this year.

The high school track team met the second team of the University Saturday and were defeated by a small margin. These meets are of great value to the track men of the high school in preparing them for the big meet May 8, and every opportunity is taken by the high school to carry on these practice meets.

The managers of the Senior Annual report that their work is nearly finished, and that the book should be in the hands of the students in a few days.

**High School Meet
To Be Best Yet**

LARGEST ATTENDANCE ON RECORD ASSURED; TEAMS TO BE ENTERTAINED ROYALLY

The annual contests of the Inter-scholastic league of Nevada will take place on Friday and Saturday, May 7 and 8. The meet promises to be the biggest ever. Several new schools have been admitted, including Auburn in eastern California, and Panaca in the southern part of the state. In addition several other schools which heretofore have not sent teams will be represented. Interest in the eastern part of the state around Elko and Wells has been aroused by a preparatory meet and some strong teams are expected. Susanville will be ably represented as will also Tonopah and Goldfield. Some warm contests are looked for and records may be broken. Reno high, discouraged at the beginning of the season, has taken a new grip and is determined to be in the running. Altogether it looks as if the meet will bring together an unusually able group of athletes.

In addition, the girls' tennis tournament will be held on Saturday, May 8. A goodly representation of racket wielders will be on hand and a close contest is looked for.

The boys' and girls' declamation contests will take place on Friday, May 7. Reno high school recently held the last tryouts and the representatives were picked. No small amount of ability was shown and from reports from other sections a good number of speakers are expected.

The high schools entered so far are Tonopah, Goldfield, Elko, Wells, Winnemucca, Lovelock, Reno, Las Vegas, Ely, Gardnerville, Yerington and Bishop, Susanville and Auburn from California.

Interscholastic

IN ORDER THAT ALL MAY FULLY UNDERSTAND THE RULES ENFORCED BY THE BOARD OF CONTROL, THE FOLLOWING IMPORTANT EXCERPTS ARE PRINTED.

No person shall be eligible to participate in any of the contests held under the league unless he is a regularly enrolled student in the school he represents, and has been such at least three months prior to the contest. Two weeks of unbroken absence, unless for sickness, are sufficient to debar the contestant. Students over twenty-one years of age are not eligible to entry. A regularly enrolled student is defined as one who has carried at least 15 hours' work per week, with a grade of 75 per cent or higher, for a period of at least three months prior to the contest, who is not a post-graduate student, and who is not connected with the school in capacity of instructor or assistant instructor in any way.

5. Any person who has won first place in any event for two consecutive years is barred from entry in that event for the next succeeding year.

6. No person who has ever taken part in any intercollegiate contest between institutions granting collegiate degrees, shall be eligible to participate in contests held under the auspices of this league.

7. Not more than two representatives from any school shall be entered in any one event, and not more than twelve representatives from one school shall be entered in any field meet held under the auspices of the league.

MINES DEPT. SENDS TIMBER MODELS TO EXPO—PROF. LINCOLN WRITES FOR PRESS

The first of a series of three articles on the tin deposits of South America by Professor Lincoln, of the Mackay School of Mines, appeared in the last number of the Mining Press. Professor Lincoln spent several years in South America in the study of mines and acquired a great deal of first-hand information regarding the tin deposits. These articles are the first published for some time which contain specific information regarding the subject, revealing valuable information.

During the last week three models of mine timbering were sent from the University to the Nevada mining booth at the Panama-Pacific exposition. Two are models of stope timbering and one a model of a head frame. They show the methods used by the Nevada mines and duplicates may be seen at the Mackay mining building.

NOTICE

Reno, Nev., April 24, 1915.
To the Members of the Nevada Interscholastic League:

Reduced railroad rates for teachers and pupils residing in the State of Nevada only may be obtained by the following procedure:

Send request for reduced rate order to John E. Bray, Superintendent Public Instruction, Carson City, Nevada. When received from Mr. Bray this rate request must be sent to Mr. J. M. Fulton, Assistant General Freight and Passenger Agent, Southern Pacific Company, Reno, Nevada, who will in turn issue an order to the person named, entitling them to receive one-half rates from all parts of the state on Southern Pacific lines. For those who reside on the lines of the Tonopah and Goldfield, Nevada Northern and Las Vegas and Tonopah roads, additional requests for rate orders must be sent to the respective traffic managers. If for any reason rate request cannot be obtained through the State Superintendent of Public Instruction, they may be secured from A. W. Hendrick, president, University of Nevada.

It will be specially noted that these rate requests must be sent to J. M. Fulton, Reno, Nevada, to be exchanged for one-half rate orders.

The Interscholastic Meet will be held on May 7-8, 1915. No rates can be obtained for persons residing outside of the State of Nevada, unless by special arrangement on the part of the schools themselves.

TO THE MEMBERS OF THE NEVADA INTERSCHOLASTIC LEAGUE

Following is the program for the 1915 Interscholastic meet to be held at the University on May 7-8:

- Friday, May 7th, 10 a. m.—Boys' Declamation contests.

Maurice Costello

Famous Moving Picture Actor,
says:

"The great thing about Tuxedo is the fact that it gives full fragrance and flavor together with extreme mildness. I find Tuxedo not only the height of pipe enjoyment but a distinct benefit because it gives just the proper degree of relaxation. Tuxedo is undoubtedly an exceptional tobacco."

**"As Popular As The
Movies"—TUXEDO**

Tuxedo answers every smoke desire—every little palate craving, every longing for the one Perfect Pipe and Cigarette tobacco. No matter when or how you smoke Tuxedo it sends right into your heart a glimmer of Gladsome Sunshine. And you can just about hear the honeybees buzz in the far-off gardens.

Tuxedo
The Perfect Tobacco for Pipe and Cigarette

Sings into your system a song of keen delight. It spreads real happiness and cheer because it's smokable, lovable, all day, all night—no matter how the weather fits. Tuxedo's flavor is so enticingly mild and delicately fragrant it will not irritate the most sensitive throat.

Simply the choicest mild leaves of grand old Kentucky Burley—ripe, rich, fragrant and mellow—made into delicious tobacco that smokes as smooth as cream. That's Tuxedo.

time disqualified himself by stepping over the line.

The new track seemed to slow down the sprinters considerably, for though they qualified easily enough, they did not figure in the finals.

The 440 yard dash brought forth some good competition, though speed did not seem to be the main idea in the race. Going around the first turn, collisions seemed imminent, and one man was tripped slightly. Meyer was "boxed" on two separate occasions, only getting free on the home stretch, when he passed three men and won his second place.

Cloudy weather and a stiff breeze did not aid any of the record-breakers. There was little chance to keep warm between races, which hurt Nevadans especially.

Melarkey, Meyer, Kent, Hill, Hardin, Clifford and Root are the only men to win track letters this year. It is probable that Ogilvie, Hardin, Root and Meyer will be sent to the conference meet May 9 at Berkeley, though nothing definite has been decided on this point.

The results:

Senior to Assist In Experiments

ARCHIE TRABERT LEAVES FOR ELKO TO HELP INSTALL PUMPING PLANT

Archie Trabert, '15, is the first Nevada man to obtain a position installing the new pumping experiment plants. Trabert left for Elko Tuesday night, where he is to assist L. K. Finney, '12, in installing two experimental plants. The industrial school at Elko is to be the first site used under the new proposition.

The Sagebrush unites with many Nevada friends in wishing Trabert luck in his venture. He has made track, football and basketball teams, Block N society and is a member of Sigma Nu fraternity.

The idea of the pumping experiments, as explained by Dean J. G. Scrugham, the originator and sponsor of the plan, is to determine accurately the exact cost of a second foot of water, as obtained by pumping. After the cost is obtained, by co-operating with the various power companies, through higher efficiency and reduced power rates, the cost of the second foot of water is to be reduced to a point where the actual benefit will exceed the cost.

After some little difficulty, Dean Scrugham has arranged to employ half the men on these plants, the other half to come from Washington as federal employes. Needless to say, the half Dean Scrugham will secure will be University of Nevada men.

Chemical Club Hears Lecture

FRANK BANNIGAN, '15, ADDRESSES MEMBERS ON CHEMISTRY IN USEFUL MANUFACTURE

The Chemical club met last Thursday evening at 8 p. m. in the Mackay building. Frank Bannigan gave a lecture on "Hydrogenation of Oils." By this process hydrogen is combined with liquid oils, such as cottonseed oil, through the agency of colloidal nickel, and a fat useful for cooking purposes results. This process is used in the manufacture of crisco and like compounds.

The Chemical club was organized this semester and its members have instructed each other with a series of interesting and highly instructive lectures. On Wednesday evening, April 28, Albert Jackson will give a lecture on "Fixation of Atmospheric Nitrogen," the process by which nitrogen fertilizers are made. These lectures are open to the public. The Chemical club will conclude its activities for this year with a banquet on May 7.

Girls to Elect Next Year's Captain

GOLD INSIGIA TO BE AWARDED FOR MEMBERSHIP IN BASKETBALL TEAMS

The members of the girls' basketball team will meet in the mathematics room at 4:30 on Friday afternoon to elect a captain for next year. They will also decide who are eligible for German "N" pins and for gold "N"

pins. The first are given to those who have played one year and the gold emblems are given to those who have played three years. The meeting is important and all members of the team should be present.

HELP FOR STUDENTS

The following letter has been drawn up by the appointive committee of the faculty for the purpose of helping graduates of the University in securing positions in the State. The committee has exercised this function to some degree in past years but the work has not been organized and no definite instructions have been given. To Students and Graduates of the University:

The function of the Appointment Committee is to assist students and graduates of the University in securing the positions for which they are fitted by personality, training and experience. Its services are offered free of cost both to employes and to any one who has ever been enrolled as a student in the University. The Committee gives below the procedure which should ordinarily be followed by those wishing its assistance. Since the success of the Committee is largely dependent upon the number and the nature of opportunities for appointment brought to its notice, the hearty co-operation of every student, graduate and friend of the University is earnestly requested.

Blanks asking for certain information and for references will be sent to any student or graduate who wishes the services of the Committee. From the information given and the replies of the persons named as references, the credentials of each applicant are prepared in a number of copies ready to be sent out as suitable openings present themselves. The Committee will send such credentials on the request either of employers or of candidates for employment.

Applicants for positions should remember that much depends upon the nature of their credentials. The strongest recommendations can be won only by those who have done the most intelligent and successful work in their University courses or in their present positions. The only sure way for one to secure promotion is to make good in his previous work.

The Committee offers the following suggestions:

1. An applicant should keep the Committee informed of his address.
2. He should ask that his credentials be forwarded only to places where he knows there are vacancies to be filled which he will accept if they are offered him.
3. It is usually advisable for a candidate to write in his own hand a brief personal letter of application, stating such facts as are not contained in his credentials and which he regards as important for his candidacy.
4. If any student, graduate or friend of the University learns of a vacancy, he is urged to notify the Appointment Committee. If the informant wishes the appointment, the information given by him will be used for him alone. If he does not want the appointment, the Committee will appreciate any information about the position, the salary, the cost and availability of board and lodging, and anything else of importance.

Have You a Good Tailor?

Clothes shouldn't be bought in the same way as you buy a hat, a pair of shoes or a necktie. Clothes are personal. They reflect the wearer's individuality and ought always to come from a good tailor. You can tell a man with a tailor made suit the moment you lay eyes on him.

**THERE'S A SMARTNESS THERE
WHICH IS UNMISTAKABLE**

We can give you this smart appearance at no greater cost if you'll let us take your measurements and pick out the fabric and model you prefer. Our variety is large and you can thus satisfy yourself that the fabric is just the sort you've been looking for—reflecting your own taste in pattern and color harmony. And all you need pay is \$15, \$18, or \$20 for as fine a suit as a man would wish to wear. Try it. We have other prices for fabrics of superfine quality but \$20 gives you a suit that is really remarkable in workmanship and quality.
