

## First Varsity Wins Practice Game Great Improvement in Play Noted

The first real tryout of the American game this season was held last Saturday on Mackay field, at three p. m. Previous to the game the whole squad was put through a series of practice workouts, consisting of tackling, falling on the ball, blocking both on offensive and defensive, and various punt formations. According to Coach Glasscock, there is little to choose between the first and second teams. The men on both teams are showing up so well that a hard task is promised the one who makes the final selection. The final score was 7-0 in favor of the first team.

The men who lined up on the first team were as follows: Crowley, center; Tyler and Neasham, guards; Hill and Kniffen, tackles; Root and Harden, ends; Allanby and Jones, halfbacks; McCubbin, fullback; and Candland, quarter back.

The second team kicked off to the first, and the game was started in dead earnest. The firsts were held for their first three downs, and were forced to punt for safety. McCubbin made a fifty yard punt which was intercepted by Fake near the second goal line. On the first attempt the second team made a ten yard gain, Martin, with good interference, getting by the opposition for a good aim. On the next down, unable to make the necessary gain, Johnny Williams, for the seconds, punted into the opposition territory. Fake followed down fast, and securing the ball before it had been touched, raced over the

line for a touchdown. It was not allowed however, since a punt cannot be touched until an opposing player has again put the ball into play by touching it. The ball was taken out to the 25-yard line, and put into play by the first team.

The remainder of the first quarter was taken up by see-saw play in the middle of the field, first one team having the advantage and then the other. End runs and line bucks were used chiefly in an effort to perfect the simpler form of play first.

Only one forward pass was tried during the first half, resulting in the first and only touchdown of the game. It came after a series of line bucks, and was pulled off neatly. Jones, right half, and Hardin, left end, were the principals in the play, which resulted in the score.

The second half was a repetition of the first, except that it was scoreless. Allanby featured with a run of some thirty yards through a scattered field, after his interference had fallen by the wayside. The particular play was a cross buck, the interference opening up a hole through which Allanby slipped with ease. With more experience and more familiarity with the signal system used, the former half-miler should develop into a strong man.

Perhaps the strongest man on the team at the present time is Howard Candland, the former Salt Lake high man. At his position of quarterback, Continued on page 3

## Vivian Hickey Former U. N. Student Member of Class of '99 to Sing

Miss Vivian Kingston, or, as the Italians call her, "La Viviani," is to sing at the Majestic theater next Wednesday night. Vivian Kingston is her stage name. Her home name, and Reno is her home, is Vive Hickey and her many friends in Reno will be glad to welcome her again, and will appreciate the opportunity of being able to hear her.

Miss Hickey attended the University at a time when the finances of the students and the institution was at a low ebb. When the students decided they needed a gym, instead of looking elsewhere they decided to raise the money themselves. Prof. Hillman, then one of the faculty, took charge of the musical end of the money, raising plan and a series of concerts are given throughout the state which have never yet been equalled. Always Vivian Hickey and her sister, Loretta, were in the foreground, working with might and main for the University and student body they loved. Largely through their efforts the thousands of dollars were raised, which resulted in our present day gym, which we take so as a matter of course. The students raised every cent of the money to erect that building, the University regents later building in the balcony and adding minor improvements.

Eight years ago, after several years' study in San Francisco, Vivian Hickey went abroad and worked with the foremost masters of Europe, including Frau Nickolas-Kempner, of Berlin, and Juliani and Frank King Clark.

She made her debut at Turin, Italy, as Marguerite in "Faust" and so great was her success that she was obliged to repeat the performance eleven times within two weeks.

After singing at a number of the Italian opera houses, she determined to devote some months to the study of the dramatic side of her profession, so she went to Paris and studied dramatic art under Francesco Mottino, one of the most famous masters in Europe.

It was under Mottino that Victor Maurel, the famous baritone and greatest operatic actor the world has ever known, studied. So successful in her dramatic work was Miss Kingston that when she returned to Italy and re-entered her career, the critics hailed her as the "singing actress."

Like so many other great artists, Miss Kingston's work was practically stopped by the terrible war, so she determined to visit her home until things righted themselves in Europe.

Miss Kingston will give a concert at the Majestic Theatre Wednesday night, when she will sing a collection of operatic arias from her favorite roles, besides groups of songs in German, French, Italian and English. Mr. Uda Waldrop, one of the finest accompanists in the musical world, will appear with the young artist. Mr. Waldrop holds the position of organist at Mills College, at the leading churches in San Francisco and is also recognized as a splendid composer, having written the 1914 "jinks" music for the famous Bohemian Club's grove play.

Governor Boyle and other friends of Miss Hickey, dating from the "early days" at Empire, Carson City and Virginia City, are evincing a keen interest in the success of the concert and there is some considerable likelihood that a special train will be conducted from Carson City to accommodate those of that section who will be desirous of attending.

It is expected that a large part of the audience will be made up of University students, anxious to see and applaud the girl who was such an earnest worker for the University of Nevada when a student.

## CONTRACTS PROVIDE FOR ATHLETIC EXPANSION

### MANAGER ROSS PRESENTS PLANS FOR EXTENSION OF ATHLETICS TO UTAH AND THE SOUTH.

## ALL ATHLETICS INCLUDED TRACK, BASEBALL, FOOTBALL AND BASKETBALL COVERED IN NEW AGREEMENTS.

Manager Ross gave a report at the last executive committee meeting telling of his efforts to enlarge and extend Nevada's athletic schedules and to secure the competition which is needed to develop strong teams. Nevada's football team is to go east to play Utah Agricultural College this year. This is the first eastern trip in years and it is hoped that it will be the forerunner of more. Manager Ross is endeavoring to draw up a two-year contract with the Utah Aggies, including contests in track and field events as well as football. He has also had some correspondence with the University of Utah and negotiations may be begun with the athletic authorities of the state university. This would give the teams making the somewhat extended trip the opportunity of playing two games on the trip instead of one.

The graduate manager has also entered into negotiations with the University of Southern California involving a two-year contract in football and possibly track. Our teams now make the trip to Berkeley and a journey south to Los Angeles could be arranged, it is believed, with small additional expenses.

At present the student body has a one-year contract with Sacramento Athletic Club. Manager Ross is endeavoring to secure a two-year contract which will call for two football games, one in Reno and one in Sacramento. The trip to Sacramento could be used as a reward to the second team, many of whom never receive the gift of a short trip and vacation in return for their season's effort.

The Olympic Club is considering a proposal of the graduate manager in regard to a two-year contract calling for a football game each year. The Olympic Club is an old rival and it is hoped that the athletic relations with the California men will continue.

The agricultural college at Davis is also writing to the graduate manager regarding a two-year contract which will open the way for football and another track contest. If financial arrangements can be made the contract will be drawn up and signed in due time.

Manager Ross is endeavoring to arrange a game at Carson with the Stewart Indians for the second team. The Indian team will play the Uni-

**INVITATION**  
The Agricultural Club of the University of Nevada cordially invites all students and faculty to attend an informal dance to be given in the Gymnasium on Friday evening, September the 17th. Ladies without escorts are especially invited, because there are a great many new men on the campus.  
Gentlemen, \$1.00.  
\*\*\*\*\*

## BABY CLASS OF '19 RENO BUSINESS MEN HOLDS MEETING

### OFFICERS ELECTED, DATE FOR "N" PAINTING SET AND HAY-RIDE PLANNED.

At a meeting held by the members of the baby class, officers were elected for the administration of class affairs for the next semester, and various business details were discussed. The officers elected were: Jack Woods, president; E. Hawkins, secretary-treasurer; and Clem Caffrey, yell leader. It was decided that the class should paint the "N" the Sunday before the first game, which means next Sunday. The plan is to have a picnic, with the girls as much in evidence as the sterner sex. This departure will be rather different from the ceremony of previous years.

A committee was appointed to select suitable class colors, and report at the next meeting. A committee of three was also appointed to take down the thousand or more posters around town. The class approved of this action.

The hay-ride was taken up and fully discussed, but lack of space prevents the printing of all the details. "Huskey" Young was appointed chairman of the committee to arrange for it.

## OLD TRACK STAR RETURNS TO U. OF N.

### "BILL" PENNELL, OF '14 CLASS, IS BACK ON CAMPUS; IS ALL ROUND ATHLETE.

William L. Pennell, ex-'14, returned to Reno Sunday, and intends to register soon and obtain his degree in E. E. from Nevada. He left college some three years ago, going to Radersburg, Montana, where he has since engaged in the auto business. He now owns a garage and a number of cars in the Montana town.

While at Nevada previously, Pennell was a varsity rugby, basketball and track man, being captain of the track team in his last year. In the hurdles and broad jump he is especially strong and should prove of great value to next year's track team.

## TRYOUTS HELD FOR GLEE CLUB

### ALL PLACES WELL FILLED WITH EXCEPTION OF FIRST TENORS.

Preliminary tryouts for the Varsity Glee Club were held last Saturday, and a good deal of promising material was uncovered. According to Prof. Haseman, there is a shortage of songbirds in the first tenor division, caused by the absence of Louis Rose from college this semester. Anyone who knows the whereabouts of a good first tenor will earn the friendship of the club director by signing him up for a tryout. Otherwise the parts are well filled, so that a good series of concerts are to be expected. Regular practice will soon be started, in preparation for the concert tour of the following semester.

### NOTICE.

Hereafter the Sagebrush will be delivered to Manzanita and Lincoln hall subscribers at their rooms on the day of publication.

## COMMERCIAL CLUB OF CITY OFFERS USE OF CLUB ROOMS FOR MONTHLY MEETINGS. ENGINEERS TO SPEAK

### LINDSAY DUNCAN, VAN H. MANNING AND W. D. RYAN ON LIST OF NOTABLES.

Immediately following the student body meeting Friday, the engineers of the University met for the purpose of electing officers and inaugurating activities for the ensuing year. As temporary chairman, Glenn Engle explained the purpose and ideals of the Engineers' society, and then asked several members of the faculty who were present to express their views on the subject. Dean Scrogum was the first impromptu speaker. He outlined the advantages of a live organization, both to the college and to the individual, and expressed the wish that a powerful organization be perfected.

Prof. F. C. Lincoln and J. C. Jones, of the Mackay mines department, then addressed the meeting. Both were favorably impressed and strongly in favor of a combination of the engineering students.

After the talks were finished, nominations for the various officers was declared in order. Lloyd Root was elected president, Charles Masters vice president, and William Melarkey, secretary-treasurer. Because of the scarcity of time, the election of an executive committee was deferred to a later date.

During his talk, Dean Scrogum suggested that a somewhat different policy be followed in conducting meetings this year. Instead of the cut and dried meetings, with the presentation of a paper on some engineering subject, he suggested that a social meeting be held once a month, and announced that, if the club so desired, an evening should be arranged for in the rooms of the Commercial Club of Reno. Instead of meeting the prominent engineers in a class room, a sociable evening will be spent, and a much better understanding will be arrived at between the future men of affairs and the present.

According to Dean Scrogum, Lindsay Duncan, manager of the Nevada Consolidated, at McGill, Van H. Manning, and W. D. Ryan, are to be the guests of honor at the first meeting, if present plans are successful. All three men are eminent in their various professions, and would give a creditable account singly before a club.

Van H. Manning is now head of the U. S. Bureau of Mines, and is recognized as an authority on mining problems. To the miners, especially, the first should prove an interesting meeting.

W. D. Ryan will speak on Modern Illumination. Mr. Ryan designed all of the lighting effect at the Panama-Pacific exposition, and planned the famous "Tower of Jewels." He first came into fame with his illumination of Niagara Falls.

That these social meetings of the Engineers' Club should prove successful is the belief of all. The tie of social intimacy should be strengthened between the men who will in after years be working on the same problems.

Howard E. Browne of Reno, a sophomore in the college of arts and sciences, U. of N., who participated in the wrestling contest, 115 pound class, at the exposition this spring, yesterday received a gold medal bearing the inscription, "Pacific Association, Western Championship." Browne won the Pacific Association championship in straight falls from the former title holder. It was his first attempt at the wrestling game, so that he should develop into a national winner.

### THE ASSISTANT MANAGER.

According to a notice posted on the bulletin board, a junior class meeting was to be held in order "to elect an assistant manager to the Sagebrush," to assume office in the place of the late Dana King.

We do not doubt that the notice was posted in all good faith by the junior class president, in the belief that his action was justifiable. A little more time in studying the constitution of the A. S. U. N. would have brought to his surprised eyes the following clause, adopted as an amendment to the constitution.

"In case of vacancy in the office of assistant manager, the executive committee shall, upon the recommendation of the manager, select a student from the sophomore or junior classes to fill that vacancy."

The plan which the management of the Sagebrush believes fairest to all concerned, and surest to result in the selection of a capable man, is as follows: All who wish to try for the position shall notify the manager of his intention. Such work shall be given him as shall show his suitability for the position, and, when all have been given a chance, the business manager shall recommend to the executive committee the man who, in his opinion, is best fitted for the place.

### ENGINEERS' CLUB

The organization of the Engineers' Club, under the guidance of Dean Scrugham, is indeed an epoch in Nevada history. Not that the same thing has not been done before; it has, many times.

## A. S. U. N. MEETING HELD LAST FRIDAY

The first meeting of the A. S. U. N. occurred on Friday, September 10, in the gymnasium. President Hovey presided and called the assembly to order. The committee which was appointed late last year to draw up regulations regarding the scholarship of candidates for the A. S. U. N. offices reported that no conclusions had been reached. The committee appointed to arrange for the granting of circle "N's" for minor sports reported that it had not yet acted. Several announcements were made. It was announced that the Engineer's Club would meet directly after the student assembly. Announcement was also made of the concert to be given in the Majestic on September 15 by Miss Vive Kingston, prima donna, and former University student. President Hovey urged the purchase of athletic cards, stating that the schedule was heavy and that it would be necessary for all students to purchase cards in order that the large expenses might be met. Mention was made of the fact that the freshmen had failed to tear down the defamatory posters placed about the campus by the sophomores and the first year men were urged to show enough spirit to remove them. It was announced that a football game between the first and second teams would be played the afternoon of the following day and that previous to the game yell practice would be held and that candidates for the position

This year, however, the club is to work in a different direction. Cooperation is to be the watchword. The Commercial Club is the first organization to offer its aid, and it has the hearty thanks of the student body. Eminent engineers throughout the state are to be the guests of the Engineers Club, not to read a dry paper on some dryer subject in a classroom, but to exchange ideas in an intimate sort of a way at a smoker, or some get-together meeting where all may feel united in a common guest.

That this plan may be a success, the whole-hearted, enthusiastic backing of all the engineers in the University is absolutely necessary. With united work, the Engineers Club of the University will make its strength felt throughout the state.

### FRESHMEN.

To the freshmen class the Sagebrush wishes to address a few words. For the past two weeks you have been attending classes, going about your various duties, and from every wall and window, staring insultingly at you, the soph posters have remained unmolested! To the upper-classmen your actions are surprising; such a lack of spirit, even after a string of defeats, is to be condemned. Class of '19, your men lack initiative; it's time you stopped the tide of feeling, and show up now as fighting, live Nevadans.

Your turnout on the football field is creditable; you have many men of promise, but you must work and fight to get that indefinable thing called "class spirit" which makes for the best and truest of college life.

of varsity yell leader would be given a chance to show their ability. The Delta Rho dance was announced to begin at eight o'clock Friday evening and a cordial invitation was extended to all students to come and enjoy themselves at the first dance of the year. The matter of the removal of President Stubbs' picture from the administration office to a more public place where all could view it was discussed and a motion was put and carried that President Hendrick be asked to move the picture to a more fitting place, it being the consensus of opinion that the library would be a desirable place. The freshmen were notified that they must paint the "N" with a good coat of whitewash not later than September 25 and that they must meet the expense of painting with funds secured from their own class. President Neashum of the junior class announced that a meeting of the junior class would be held on Tuesday, September 14, to select candidates to be recommended to the executive committee for the position of assistant manager of the Sagebrush. Inasmuch as the constitution provides that the executive committee shall select from recommendations made by the business manager there is liable to be some confusion in the selection of candidates. There being no other business for consideration, a motion to adjourn was carried.

Miss ewers, head of the art department, also states that the students from the College of Engineering, who are taking free-hand drawing are showing unusual reasoning ability, as evidenced by their grasp and application of the fundamental principles of drawing.

## IRVING RIVETT IS NOW BENEDICK

FORMER ASSISTANT EDITOR OF SAGEBRUSH RECENTLY MARRIED IN CALIFORNIA.

News of the marriage of A. Irving Rivett and Miss Oro L. Lain was received on the campus during the past week with considerable surprise. Intimate friends of the groom were given no inkling of the trend of affairs until the ceremony had been performed. Rivett was a member of the class of '17, and was elected assistant editor of the Sagebrush the semester before he left college. He was registered in the department of E. E. and was very popular with the students on the hill. The following account of the marriage from an Oak Park, California, paper gives the details of the ceremony: Miss Oro L. Lain and A. Irving Rivett were married Saturday evening at a pretty home wedding at the resi-

dence of the bride's parents, Mr. and Mrs. A. M. Lain, 3310 East Avenue, by Rev. E. C. Philleo of the Fremont Park Presbyterian church.

The bridesmaid was Miss Alberta Lain, sister of the bride, and Charles Mack acted as best man. The family members of the contracting parties were the only guests.

Following the ceremony a reception was held and late in the evening the newly wedded couple left on their honeymoon trip, which will take them to various resorts along the coast. Upon their return, Mr. and Mrs. Rivett will reside here.

The bridegroom is the son of Mr. and Mrs. E. H. Rivett of Second Avenue, Curtis Oaks. He is employed as draftsman in the state highway commission.

GEORGE E. ANDERSON, FORMER NEVADA STUDENT, IS MARRIED.

George E. Anderson, M. E., '02, and Lillie G. Oliver of Tonopah were recently united in marriage in San Francisco. Mr. Anderson is the state superintendent of schools for the fifth district, which includes the counties of Nye, Esmeralda, Clark and Lincoln. He was formerly a resident of Elko and lived there for many years. He was principal of both the high and grammar grades there and until last spring was state superintendent for that district.

Students all feel at home at the fountain of D. C. and W. Co.

**NEVADA ALUMNI  
NEWS COLUMN**

**NEWS OF UNIVERSITY GRADS  
EAGERLY SOUGHT FOR MUTUAL BENEFIT.**

The last annual meeting of the Alumni Association was held during University commencement week. The gathering was a success from beginning to end, as everything went off in tip top shape. The good time started by a banquet which was served in the University dining hall. It certainly was an inspiration to see so many of the old students renewing friendships, and to listen to the tales of how they used to do it, when they were students at the U.

The speakers at the banquet were: Toastmaster, Frank H. Norcross; President Hendrick, E. E. Caine, Governor Boyle, J. J. Sullivan, P. A. McCarran and S. E. Ross.

In the evening of the same day the regular business meeting was held at the University library. It was the largest and most enthusiastic meeting ever held by the association. After the regular business was disposed of the following officers were elected to serve for the ensuing year:

President, M. E. Jepson; Vice President, Delle Boyd; Secretary and Treasurer, Louise Blaney; Members of the Executive Committee, E. E. Caine, J. J. Sullivan.

In order to keep up the interest of the alumni through the school year, notes of the coming and going and the whereabouts of the various members of the alumni association will be published in the Sagebrush, in an effort to keep the older men informed of each others progress.

A rather memorable detail of the alumni celebration last commencement was the rendering of the class yell by each class present, starting with '93 and going down through the list of years to the class of '16.

All news of the alumni, of any description whatever, will be gladly published in the columns of the Sagebrush, and it may be depended upon to reach many old time comrades and interested readers.

Following is the list of alumni who were present at the last annual meeting, arranged according to classes:

- 1891—Frank H. Norcross.
- 1893—E. E. Caine.
- 1894—Anne H. Wardin, Anne H. Martin.
- 1895—Joseph Durkee, Peter Frandsen.
- 1896—A. W. Cahlan.
- 1897—Kate Reigelhuth, Jay Clemons.
- 1898—Samuel B. Doten, Kate O'Sullivan, John J. O'Sullivan, Katherine Sunderland.
- 1899—Delle Boyd, Emmett Boyle, Isadore Dopson, Rullison, Louise Blaney.
- 1900—Scott Jameson, G. J. Sielaff.
- 1901—Joseph W. Hall, Alfred Sadlier, P. A. McCarran.
- 1902—Florence H. Church.
- 1903—Lillian Esden.
- 1904—William Kearney, Jeanette Cameron.
- 1905—Emily Berry, Lucy Brannin, H. B. Bulmer, Catherine Hand Luke, John W. Wright.
- 1906—Gus. E. Hoffman, Ethel McBride, Alwine Sielaff.
- 1907—Miles B. Kennedy.
- 1908—Anna Elam, Estella Prouty, Alberta Cowgill.
- 1909—S. E. Ross, Georgia McNair, S. G. Palmer.
- 1910—Margaret Mack, Alice O'Brien, Maude Sawin.
- 1911—Melvin Jepson.
- 1912—August Holmes, Elda Barber.
- 1913—Emma Frisch-Holmes, Lloyd Patrick, Eunice Cagwin, Leola Lewis.
- 1915—Gertrude Shade, Blanche Preston, Philip Cowgill, Elmer Wiley, Philip Raymond, Tom Walker, Geo. Latapie, Frank Bannigan, George Ogolive, George McCreery, Elmore Abbott, Jessie Hylton, T. L. Withers, A. Pflaging, Joe McDonald, John Cazier, Carina Damm, Gei Coe, H. C. Neeld, Marhorie Mead, Laurena Marzen.

In the art department, Miss Ola Harrison and Miss Rachel Rand are credited with doing exceptionally fine work. Miss Rand is the special drawing teacher in the Reno public school and is taking advanced work at the university.

Tango Sundae—made from Orange Pudding. D. C. and W. Co.

**CLASS GAMES DUE  
SAT. AFTERNOON**

**Lower and Upper Classes to Fight  
Out Preliminary  
Contests**

According to Coach Glasscock, the inter-class games are to be held next Saturday, when the two lower and upper classes will tangle in the annual massacre. In times past the class games are the hardest played of any throughout the season, and this year promises to be no exception.

Though the freshmen seem to have a strong team, the consensus of opinion seems to be that the seniors will walk away with the series, because of the accumulated years of wisdom resting on their lofty brows. Howsoever your opinion may be, come out next Saturday afternoon to Mackay field, and see the games decided.

The finals between the winners of the two games will probably be played the following Tuesday or Wednesday at 4:30 p. m.

**CADET BULLETIN**

September 10, 1915.

Bulletin No. 3.

The following schedule of instruction for week commencing Monday, September 13, is hereby announced:

Monday, September 13—Both companies, new cadets drill school of the squad—corporals and sergeants acting as instructors. The drill period will be devoted mainly to the squad movements of turning on a fixed and moving pivot. These movements must be perfected as described in the drill regulations.

Detail from privates of sophomore class will fire on range.

Band practice for old members of band.

Tuesday, September 14—Same as Monday.

Wednesday, September 15—Same as Monday.

Thursday, September 16—First part of drill will be devoted to squad movements, second part to company drill. By order of the Commandant of Cadets.

**PIUTE PAPOOSE WINS  
PRIZE IN BABY SHOW**

Mary Tom, the 13-months-old daughter of Mr. and Mrs. Jerry Tom, an enterprising Piute family of Elko, ranked among the prize winners in the baby contest held in Elko during rodeo week under the supervision of Norma J. Davis, state leader in home economics, extension division of the University of Nevada. The Piute papoose scored 97½. There were 31 babies entered in the better babies contest, ranging in age from 6 to 18 months. Reed Elizabeth Schrapps, 7 months, of Elko; Dorothy Ellen Eager, 12 months, of Lamolille, each scored 99 points and tied for first place as the most perfect babies.

Little Miss Schrapps is somewhat intimately connected with Nevada life, since both parents are Nevada grads. That she would win first prize was taken for granted when it was learned she was in the race.

**DELTA RHO INFORMAL.**

The old gym, which has been the scene of so many good times in the past, once again gave proof that it had not outlived its usefulness. On Friday evening all the students and many of the faculty, as guests of Delta Rho, gathered there for the first jolly-up dance of the season.

The floor and the music were excellent, therefore getting acquainted followed as a natural sequence. New faces smiled across to those of older students with an "I belong here" look, as they gathered between dances around the table where ice cold "Truckee river punch" was dispensed. Clever little programs, the design of Alice Hobbins, served as records of the dances.

Dancing began at eight and ended at eleven, giving just enough dancing to satisfy everyone.

Guests and patronesses of the evening were Mesdames Hendrick, Hawkins, Layman, Walker, Smith, Spencer and the Misses Brown, Mack and Riegelhuth.

**AGG CLUB.**

Dear Lizzie:

Say, Lizzie, what the gol hang is bothering your mentality or are your writin' limbs laid up for repair? Do you realize that you haven't answered my last letter about that thar dance them there so-called farmers up there at the college are givin on next Friday night? Here I been a waitin' patiently for an answer and you haven't even telephoned.

Ge, I been hearin' a lot of things about what a great big doin's it's goin' to be. They're goin' to have a lot of corn plastered around the sides of that thar old barn. Just imagine corn in this kind of a country. Besides that they have a crazy idea about hay on the floor, but then I heard that was tabooed. The music is goin' to be regular old time country dance tunes with lots of that stuff they call jazzor pep. I hear they got a real old Missourian to call the dances and you know what that'll be, cause I got a sneaking hunch you're from that thar famous state yourself. Besides all o' that they're goin' to feed 'em on some kinds of junk they make theirselves in the creamery. By golly, it's about all you can hear about up there on them old school grounds. Some of them new fellows are havin an awful time gettin' acquainted with the co-eds and makin' dates. But it don't make any difference tho' what girls they take cause some o' the fellars that's a runnin' it say the programs won't be worth a hang cause they're goin' to bust 'em up right off short.

Now say, Lizzie, if you don't make yourself conspicuous by lettin' me know about this here little party, if you can go or not, I'm a goin' to come around in the new Jeffrey and if you haven't got your toggs on I'm going to take you anyhow. Now don't forget.

Yours,  
BILLY.

## FIRST VARSITY WINS PRACTICE GAME

Continued from Page 1

he coached the men in their various positions, and played a heady game that won him much favorable comment. "Candy" handles himself well and is a strong tackler.

Lloyd Root, who played the old game at Grass Valley high also showed good promise. With a little more condition he should have little trouble holding his position at right end. He is one of the hardest tacklers seen in action on Mackay field for some time.

The accident to Captain McCubbin leaves the position of full back open to some half dozen aspirants. Jones, Williams, Young and Chism are the most promising to pick from at present.

Crowly, playing center for the first string men, played a smashing game. An eyebrow tackle, applied to Williams' neck just after he had caught a punt, laid the latter out, and was the only feature of his play criticised. The only other similar tackle during the game resulted in McCubbin's broken leg, so that it is to be hoped the players will avoid the "half-nelson" tackle in the future.

Bob Graham, who was displaced from his first team berth by Root, played a strong game at right end for the seconds. His tackling and interference work should make him a strong contender for a regular position. Patterson, at the other end position, also played a good game, his former experience with the game standing him in good stead.

Short practice games will probably be played during the week, if the men, in the opinion of Coach Glasscock, have sufficient knowledge of the signals and play. The class games, which are scheduled for the near future, should bring out a number of men who will later prove valuable additions to the team.

## Smart Clothes for the College Girl

We especially wish the young ladies attending the University to see our beautiful display of smart wearing apparel suitable both for wear in the classroom and at social activities of the college year.

### Hats

One of those new Tams which have become so popular for wear at the "big" game or for the many fall frolics. They come in all the colors and are extremely becoming.

We are also showing the soft crushable velvet hats, black with colored facings, just the thing for campus wear.

### Suits

School suits, walking suits, tailored suits—in fact suits for every occasion—are to be found in our vast stock. Every one is of the very latest models and of the wanted fall shades and materials. You'll be pleased with the smart styles we are showing, especially for college girls.

### Sweaters

Every girl desires to possess a sweater coat and we have the prettiest selection from which to choose. We have them in the Norfolk and belt back models as well.

### Dresses

The Betty Wales dress has already captured the fancy of the college girl in the east and we are now bringing it to Nevada for the first time. It is made of serge and in three styles—the middy effect, a straight line and a belted in model.

Our display containing a charming line of school dresses as well as party and evening frocks, in every conceivable material and at all prices.

### The Very Prettiest Fall Coats

are the corduroys, the plushes, and the fancy mixtures which we have just placed on display. Most of them are of the medium length, flaring models. The convertible collar is found on nearly every one and furs generally form the trimming.

Gray Reid Wright Co.

## GRADUATE MANAGER QUARTER CANDIDATE REPORTS SCHEDULE CRIPPLED BY PLANER

AT FIRST EXECUTIVE MEETING, ROSS OUTLINES RESULTS OF SUMMER'S WORK.

The executive committee of the A. S. U. N. held the first meeting of the year on Wednesday, September 8. Business of an important character was transacted and several motions of moment were passed. It was moved seconded and carried that the president and secretary of the committee be authorized to post notices on the bulletin boards instructing aspirants for the position of varsity yell leader to file applications with President Hovey not later than Friday, September 10, at 11 o'clock. A motion was carried to the effect that the president announce to the aspirants for yell leader that a tryout of those seeking the position would be held on Saturday, September 11, and Saturday, September 18. Manager Ross gave a report of his summer's work regarding efforts to arrange a larger schedule for the University teams. A motion was carried to the effect that Manager Ross continue his efforts to enlarge the schedule. It was moved, seconded and carried that \$18 be set aside to pay an assistant trainer to Coach Glascock for the football season and that the trainer be appointed by and under the direction of Coach Glascock and the graduate manager. A bill was drawn in favor of Glenn Engle for surveying Mackay field for the new game. Ways and means of selling tickets for the games of the coming season were discussed but no decision was reached and it was decided to lay over the discussion until the next meeting.

### AMERICAN GAME CHOSEN FOR RENO HIGH SCHOOL

American football was the choice of the committee appointed to make arrangements for the next football season at the high school. The recommendation has been referred to the student body and final action on the matter will be taken some time this week.

It is contended that since Rugby has been practically abolished in California outside of the Leland Stanford university the local team would have no one to play with if the American game is not chosen. It is reported that there will be a game early in the fall between the Reno and Auburn, Cal., high school elevens.

### DEAN OF WOMEN STUDENTS TO GIVE LECTURE SERIES

Miss Louise Fargo Brown, Ph. D., dean of women, is offering a course entitled "Studies in the Development of Thought," which will consist of a series of lectures which aim to give an understanding of the ideals, prejudices, convictions and tastes of the people of our modern world by tracing the development of these ideals, prejudices, convictions and tastes from the days of the Greeks to our own time.

DARRELL DUNKLE LOSES PORTION OF INDEX FINGER IN WOODSHOP MACHINE.

Last Saturday morning, while working in the woodshop, Darrell M. Dunkle, '18, met with a rather serious accident. While using the combined wood planer and shaper, the index finger of his right hand was caught in the planer device, and the inside flesh was stripped clear from the bone. An emergency dressing was applied, and later the finger was dressed by a downtown surgeon.

Dunkle was a strong candidate for the quarter back position on the football team, and the loss of some two weeks is liable to prove a serious handicap. He is a graduate of Reno high, and played sub on last year's rugby team.

### Contracts Provide for Athletic Expansion

Continued from page one

versity in the early part of the season and they promise to be no mean opponents.

The old contract with the University of California still holds and Nevada will contest with the Berkeley men this year in football, baseball, basketball, track and several minor sports.

The schedules this year will be all that could be desired and the teams only need the financial and moral support of the townspeople and University in order to make the season a splendid success.

### NOTICE.

Special meeting of the Agricultural Club called for Wednesday evening, September 15, at 7:30, in the Dairy building. Reports of committees in order. All new men especially requested to be present to arrange for membership.

### REGENTS IN SESSION.

At the meeting of the Board of University Regents, which is still in progress as we go to press, some interesting items of business were transacted. A fund was appropriated for the aid of the Artemisia and Sagebrush, and quite a considerable sum was set aside for carpets and interior furnishings for Lincoln hall.

### STUDENTS! NOTICE!
