

NEVADA WELCOMES MANY NEW STUDENTS
FIRST A. S. U. N. MEETING ON NEXT FRIDAY

FRESHMEN ARE WINNERS
IN ANNUAL CANE RUSH

FIRST YEAR MEN WIN FROM SOPHOMORES IN LONG DRAWN-OUT CONTEST—VICTORY UNUSUAL—SOPHS WIN EARLY MORNING DUMMY RUSH

For the first time since 1903 when the class of 1907 beat the second-year men in the annual cane rush the freshmen won the affair held on Mackay Field last Saturday morning after a gruelling contest of 20 minutes which after the first few seconds narrowed down into a rough and tumble wrestling fight in which endurance came out victorious. The victory of the freshmen was unusual, being the first of its kind in 13 years. The sophomores have the advantage in the contest inasmuch as they may conceal the cane after first exhibiting for a few seconds and with this in their favor the affair usually ends in a few minutes with the second year men as victors. But despite the fact that they were only slightly outnumbered the coph could do little but prevent the entire freshmen class from going on the cane and for a considerable length of time the cane was in the hands of the freshmen.

The first year men lined up at the south end of the field and Chairman Bill Melarkey of the upper class committee read the rules of the contest. The freshmen number 30 and when the formality of reading the rules to the sophomores had been completed they were found to number 33. The cane was passed to the sophomores and after it had been displayed according to rules the parting shot was fired. Evidently the intention of the second year men was to lead the freshmen to the west side of the field while a small band with Hawley who was carrying the cane sprinted toward the bleachers. But the plan failed to work and the cane was stopped about 30 yards from the goal line with a half dozen freshmen hands anchoring it to the spot. The sophomores made frantic efforts to clear the pile and break through to the goal line but the freshmen succeeded in keeping a pile of men on top of the cane and the second year men could do little more than hold a man apiece on the ground while the cane arrived no nearer its goal. As the end of the 20 minutes drew near the sophomores in their desperation succeeded in moving the pile slightly but the freshmen blocked the attempt and Bill Wylie held his gun in the air and fired the shot which pronounced victory for the frosh. A feature of the contest was the part played by several representatives from the Sunrise Kingdom who were members of the freshmen class and who created considerable respect in the minds of certain sophomores for their jui-jitsu holds and wiry perseverance. The freshmen were jubilant of their victory and their resounding yell echoed over the field and was re-echoed by the freshmen co-eds who had gathered on the bleachers in class hats of their own making bearing a "20" in blue letters. The sophs responded with a vim but the yell lack the victorious ring of former years.

Dr. Miner, acting professor of physics at Stanford University was a visitor on the university campus during the summer.

INITIAL ASSEMBLY IS
MEMORIAL SERVICE IN
HONOR CAPTAIN BOYD

HERO OF CARRIZAL AND FORMER COMMANDANT AT THE UNIVERSITY IS HONORED BY STUDENTS AND FACULTY IN FIRST ASSEMBLY OF THE YEAR

The first assembly of the year held last Friday morning took the form of memorial services in honor of the late Captain Boyd, who was killed last summer in the skirmish with Mexican troops at Carrizal and whose details as commandant for three years made him a highly respected and well-remembered faculty alumnus of the university. When the exuberance incident to meeting for the first time in several months and listening to the freshmen yell for the first time had died away President Hendrick announced that the assembly would be a memorial in honor of Captain Boyd and requested the audience of faculty and students to stand and sing America. When the last stanza of the hymn had died away the Rev. Father D. M. Tubman read fitting selections from the book of Ecclesiastes and the gospel according to St. John. Following the biblical readings a quartet consisting of Mr. Howard Frazee, Miss Ilene Gulling, Mrs. Ryan and Mr. Louis Boutin rendered the hymn "For All the Saints." Rev. Samuel Unsworth then read several prayers from the Book of Common

Prayer. Following the prayers Mr. Robert L. Fulton, an intimate friend of captain and Mrs. Boyd, read several papers setting forth in personal letters written by men at the scene of the action, the details of the battle and the bravery and skill with which Captain Boyd led his men together with written testimony concerning the high repute in which the deceased was held by his brother officers and General Pershing, the immediate commander of the punitive expedition. Mr. Fulton also read a noteworthy poem written in honor of Captain Boyd by the dean of the Portland Cathedral. Following the rendering of the hymn, "O God of Love" by the quartet, Supreme Justice McCarran, in an eloquent outburst paid high tribute to the life and character of the dead soldier and drew several pointed lessons for our national and civic life from the circumstances and detail incident to the life and death of Captain Boyd. Miss Ilene Gulling then sang with fitting emphasis Tennyson's hymn "Crossing the Bar" after which Father Tubman pronounced the apostolic benediction.

Large Freshmen
Class Registers

Number of Initial Applicants Shows Increase

The university opened on the last days of August to the largest crowd of new students which has yet applied for admission to the institution. The offices of the admission committee and the registrar were thronged with applicants and it was found impossible to register all new students some being forced to wait until the third day before they completed their registration. According to a member of the admission committee the freshmen class was one of the largest ever registered and at the close of the second day the number had risen to something over one hundred. The records of the registrar showed a total of more than fifty increase over any number registered at a similar time during previous years. A gratifying increase of nearly eighty per cent has taken place in the registration of the university during the last three years and it is hoped that this rate of growth may be continued and increased.

pointments for the two following years. This arrangement of appointment during two years with an interval of one year will continue.

Hitherto candidates from all universities throughout the country have been appointed during two years then followed an interval in which no representatives were sent. Under the new arrangement the states have been divided into three groups of sixteen each. Two groups send a student for two years then one of this two sends no representative while the third group sends a student. A system of rotation is thus achieved which results in a steady number of students arriving at Oxford each year instead of a larger number during two years and then none during a third year.

At present two candidates are eligible for appointment, William Fife and Stanley Pargellis. Fife is fully eligible while Pargellis must take the examination in Greek before unconditional admission is granted.

Manzanita Hall
Mistress Engaged

Miss Kempton of Connecticut to Conduct University Commons

Miss Elizabeth Kempton of Springfield, Mass., has been appointed to the position of mistress of Manzanita Hall and supervisor of the commons. Miss Kempton is a young woman of exceptional training and ability along housekeeping lines, having had a wide experience in the organization and conduct of the housekeeping of both boys' and girls' schools. Miss Kempton graduated from Taconic School in Connecticut and later spent five years as the housekeeper for this school. From 1914 to 1916 she was the housekeeper for Loomis Institute, Windsor, Conn. Miss Kempton will have full charge of the life in the girls' residence hall and of the University Commons, and is of such pleasing personality and sterling character and possessed of such organizing ability as to add very greatly to the attractiveness of college life for the young men and women who are resident students at the university.

Latin Professor
Accepts Position

Dr. Allen of University of Cincinnati Comes to Nevada

The faculty of the university has been lately enriched in securing the services of Dr. George H. Allen who for years was professor of Latin in the University of Cincinnati. Mr. Allen will act as assistant to Dr. Church. The new faculty member has studied at the University of Berlin and in Rome as a fellow of the American School of Classical Studies. He is welcomed as a strong addition to the university faculty.

Mr. Allen has traveled widely, is a charming lecturer and will create a new interest and source of enjoyment for both faculty member and student.

NEVADA'S SECOND SEASON
OF AMERICAN FOOTBALL

YEAR BEGINS WITH FIRST PRACTICE ON TUESDAY IN TACKLING AND BLOCKING—SUPPORT OF EVERY STUDENT NEEDED TO MAKE SEASON A SUCCESS

With reference to the coming football season which starts this week Graduate Manager Joe MacDonald expresses himself as follows:

"Nevada will begin her second season of American football on September 16 with a game with a local team and from present indications she will start the season with about 45 men trying out to replace on the team. About 20 of these men were members of last year's squad. I believe that the season will be a successful one from every standpoint.

"Practice started today with a large squad of likely looking candidates in suits. Several of the men have been working out since suits were given out Thursday and Friday and there has not been a season open here for the past seven years when more interest was displayed.

"The schedule for the season was kept down to games with coast teams that are considered in the same class with Nevada and the season will be somewhat shorter than it has been in the past. The present indebtedness of the associated students, amounting to nearly \$800, made it impossible to bring more teams from the coast to Reno and still allow enough funds to pay off some of the outstanding bills.

"That the season will be a successful one as far as the team is concerned is the firm belief of both Coach Glasscock and myself, but in order to make it a success financially the earnest and active support of every student and every member of the faculty is needed.

"An active campaign of advertising the games will be carried on but this is not enough to insure gate receipts that will pay the expenses of visiting teams. Without considering any incidental bills the schedule calls for an expenditure of \$1100 in bringing teams here. If the gate receipts for the season amount to \$1000, and there is no reason why they cannot reach that amount, it will be possible for the student body to pay off a large part of its indebtedness.

"Nothing will gain the support of the residents of Reno for the team quicker than enthusiasm displayed by the students in the team. Keep yourself posted on what is doing on Mackay field, attend all yell practices and spend one or two evenings on the field each week, if you are not trying for a place on the team, and see what is going on. When a friend in Reno asks you how the team is getting along be able to tell him who is playing and who is likely to make the team and all about the game. Show your enthusiasm and he will catch the spirit. There was a time in Reno when the whole town turned out to the football games. They will do it again if the students will take the initiative and show them that the games are worth seeing.

"Season tickets, good for seven games and costing only two dollars, will be put on sale in a few days. There are only 500 of these tickets for sale, and with the entire student body working and boosting these tickets will be sold in a few days."

NEVADA FOOTBALL SCHEDULE 1916

Date	Teams	Location
Sept. 16	Nevada vs. local team	At Nevada
Sept. 23	Nevada vs. Indians	At Nevada
Sept. 30	Nevada vs. Sacramento	At Nevada
Oct. 7	Nevada vs. Davis Farm	At Nevada
Oct. 14	Nevada vs. Olympic Club	At Nevada
Oct. 21	Open	
Oct. 28	Nevada vs. Utah Aggies	At Nevada
Nov. 4	Nevada vs. U. C. Freshmen	At Berkeley

Nov. 18	Nevada vs. U. C. Freshmen	At Nevada
Nov. 18	Nevada Second Team vs. Sacramento	At Sacramento

Political Science
Professor Engaged

New Faculty Member is Graduate of Stanford University

The department of history and political science has added to its forces Dr. Frank Marion Russell. Dr. Russell is an exceptionally able man and comes with strong recommendations from President Wilbur and the faculty of Stanford University where he has been teaching as an assistant in history and economics for the past three years.

Dr. Russell received his bachelors and masters degree from Stanford and was awarded the degree of doctor of philosophy by Columbia University in 1915. His work in the university will be particularly along the lines of political science and government and several entirely new courses will be offered to students during the coming year.

The following members of the student body have been appointed members of the upperclass committee of five:
 William Melarkey, chairman;
 Lee Scott, Wilfred Wylie, Edgar Caffery, Harry Moore.

Early Graduate
Dies at Home

After a sickness extending over a period of nearly two years John J. Bristol, '89, one of the first graduates of the Mackay School of Mines, died on August 29. The deceased was one of the prominent engineers and graduates of the university and spent much of his early life after graduation in the Gold Coast Colony where several Nevada engineers have done eminent work in the mining profession.

The deceased was a brother of Fred Bristol whose achievements in the discovery and development of mining properties made him, before his death at a comparatively early age, one of the prominent engineers of the profession. Another brother, Charles Bristol, now in Gold Coast Colony, survives the two who have passed away.

SUMMER SESSION HAS INCREASED ATTENDANCE

Additions to Faculty and Courses in Methods of Teaching Result in Large Registration

The university summer session held during the preceding summer was the most successful in the history of the university. The school was under the direction of Dean James and the attendance was nearly twice as large as that at any preceding session. The value of the school as an aid to the teaching forces in the primary and secondary schools of the state was fully demonstrated. Special courses were offered in the principles and practice of education and there were also opportunities to elect courses in collateral subjects. Professors Montrose and Miller from the faculty of the University of Utah were secured as assistants to the university faculty and their courses in the methods of teaching the rudimentary subjects given in the grammar and high school grades were highly appreciated. A feature of the session was the course of lectures given by Dr. Richard Burton of the English department of the University of Minnesota. The lectures took up several various phases of development in the literary life of the day and were highly appreciated. Another original feature of the session was the novel work done in molding concrete by Mr. Kenyon from Ely. Several unique designs were made and

the work attracted considerable attention. The work of peculiar value for educational conditions in Nevada inasmuch as it offers an unusual simple means of manual training which any school however small the equipment may take advantage of.

The increase in the enrollment of the summer session may be accredited in some considerable measure to the fine climatic conditions which exist in Reno during the summer months. Students and instructors from Nevada and outside states testified to the favorable opportunities for vacation studies and some declare that living conditions on the campus were not surpassed by many universities in the west.

Another fact gratifying to the department of education is the large increase of enrollment in the course of the State Normal School. The department was reorganized last year and in some instances attendance upon the courses doubled and tripled. The administration has adopted an attitude of encouragement toward pupils who are planning to teach in the elementary and high schools of the state and it is hoped before long that the slogan of "Nevada teachers for Nevada schools" may become an accomplished fact.

Shortly after the close of the spring semester Mrs. R. S. Armond, nee Reba Snare, died at Mason. The death was sudden and unexpected. Mrs. Armond was a graduate of the university in the class of 1909 and during her residence at college was a leader in class activities and literary studies.

Clayton A. Young (B. S. in Mines, 1910, married Miss Irene V. Brown, a normal graduate of 1909, in Goldfield, during the month of June.

News has reached the campus that Mr. Fred Bristol of the first graduating class died in March, 1913.

**Engineering Prof.
Plans Wireless**

Stations to Be Installed in State High Schools

If the plans of Mr. Henry Martin, the new assistant in electrical engineering materializes, a wireless station will be installed on the campus in the near future which will reach the high schools of the entire state.

Mr. Martin is a graduate of Brooklyn Polytechnic Institute and has spent several years in the research laboratories of the Western Electric Co., specializing in telephony and wireless telegraphy.

The project is receiving the co-operation of the high schools of the state and with the preliminary steps taken last year by Dean Scrumham which resulted in the raising of several sums of money by various high schools the project should result in the installation of several plants within a short time.

The plant at the university is nearly complete and with the additional apparatus secured late last semester communication with all points within the bounds of the state will be made possible.

Notice to High Schools

The university department of physical education wishes to strongly recommend to the girls of the various high schools of the state the practice of purchasing gymnasium suits similar in color and form to those used at the university. Uniformity is being adhered to in the suits worn by the university gymnasium classes and inasmuch as a suit will last for several years new students will be relieved of burden of purchasing a second time if they have purchased the proper material in the beginning. The department will be glad to furnish a description of the style and material required upon application.

**Awards Given
For Scholarship**

Prizes for High Scholastic Stand Are Given to Honor Students

In accordance with previous announcement the five regents scholarship amounting to \$50 each were announced at the close of last Friday morning's assembly. Those who received the prizes ranking in order of merit were: Magdalena Bertschy '18, Phoebe King '18, Thomas Edsal '19, Dorothy Hempton '18, and Leah Barker '17. The names of those who received honorable mention for high scholarship were also announced. Their names follow with the classes, number of credits secured, and general averages indicated:

Student	No. Credits	Pct.
Seniors—		
Ruth Miller	37	93.38
Ruth Murray	39	93.95
Ethel Winger	36	90.39
Juniors—		
Leah Barker	32	91.19
Mrs. A. W. Drummond	35	90.37
Helena Shade	36	90.89
Sophomores—		
Elizabeth Bailey	35	90.57
Magdalena Bertschy	34	94.71
