

VARSAITY TO MEET CARSON INDIAN TEAM NEXT SATURDAY

UNIVERSITY STUDENT IS KILLED BY THUGS ON RENO STREET

UNIVERSITY STUDENT SHOT BY COWARDLY BANDIT

VASILIPILIPENKO GIVES OWN LIFE IN AN ATTEMPT TO SAVE PEDESTRIAN FROM BEATING BY THUGS

MURDERERS STILL AT LARGE

RENO'S WIDE OPEN POLICY ATTRACTS HOLD-UP MEN TO RENO WHO ENFORCE REIGN OF TERROR WHICH CULMINATES IN TRAGEDY OF SATURDAY NIGHT

The tragic death of Vasili Pilipenko last Saturday night came as a shock to everyone that knew him and stirred the whole city of Reno as well. He met his death while performing a Christian act to an old man whom desperate thugs were beating and robbing, and for this valiant service at the cost of his life the people of Reno and the students of the University pay all honor.

Pilipenko was shot down by members of the gang of undesirable citizens attracted to Reno by the races, and his death was only the climax of a reign of terror inflicted upon the people by these same men last Saturday night.

He was coming home to Lincoln Hall alone and was just crossing the street at the corner of Sixth and Virginia about 8:50 p. m. when he noticed a struggle on the opposite corner and without hesitation ran across to be of what aid he could. Two highwaymen were beating an old man named Mr. F. B. Emerson with a stick and attempting to rob him when Pilipenko came up.

Without any warning one of the men turned and fired upon Pilipenko as he was a few feet away and the shot entered his body just below the heart. He turned and walked a few steps before he dropped unconscious in a pool of blood. The two murderers then fled the scene and Pilipenko was picked up a few minutes later by neighbors whom the shots aroused. He was rushed to the emergency hospital, but never regained consciousness and died from the hemorrhage caused by his wound.

No trace of the murderers has yet been found, but the police claim to be on the trail and speedy capture is promised. No punishment is too strong for such cowardly cutthroats when they are caught.

Pilipenko was well known on the hill and liked by all who knew him. He was quiet and unassuming and did not enter into student life very actively, because of a serious purpose of getting all the University had to offer in his chosen profession of mining engineer. But he was famed for his honesty and squareness and respected for his ability as a worker and student.

The deceased came from China seven years ago, although he was a Russian by birth. He attended Stanford University for a time and then came to Nevada, where he has studied for two years in the College of Mining. He would have graduated at Christmas time.

He has worked very hard for his education and had to borrow money from the student loan fund last year to finish the year on. This year he paid every cent back as soon as he arrived in Reno, although it was not due

until 1919. This summer he walked inot Reno from Packard to save car fare.

Pilipenko was 33 years old and as far as can be learned he had no relatives in this country. Vice President Lewers and Comptroller Gorman are making the funeral arrangements.

Funeral services will be held Wednesday afternoon at 2:30 on the quadrangle before the Mackay building. For this purpose there will be no school Wednesday afternoon. Rev. Mr. Lowther will give the funeral address and officiate, while the University Glee Club will sing at the services. Burial will be in the Odd Fellows' cemetery.

GIRLS DOING BIT AT RED CROSS WORK

Local Chapter of Red Cross Has Branch at U. of N. and Girls Are Busy Making Bandages and Comforts for the Soldiers

The headquarters of the local Red Cross are in the Y. M. C. A. building. The Red Cross work rooms are open on Monday, Wednesday and Friday from 2 o'clock until 4. In these quarters are all the materials necessary for making surgical dressings and bandages of every variety. On days when the work rooms are open there are perhaps fifty women working at one time, but there should be a hundred. For example, Washoe county by October 1 is supposed to turn out 500 knitted sets. These sets consist of a sweater, scarf, wristlets and a pair of socks. There are approximately 25 sets completed at the time of writing. The number of sets required from each county is in proportion to the population.

For the month of August \$675 was spent by local headquarters for materials, but twice that amount should be spent each month.

The facilities of the work rooms will be increased in proportion to the increase in workers.

The Red Cross wants members. It needs them and must have them. If its hopes are justified the Red Cross will have at least 5000 members in this city.

It costs but \$1 a year to become a member. Half of your dollar goes to the battle front to provide nurses, antiseptics, hospitals, ambulances, et cetera; the other half remains with the local chapter for the purchase of yarns and cloth to be made into necessities and then it goes to the front also.

Join the Red Cross and do your bit.

FIRST A. S. U. N. MEETING OF THE SCHOOL YEAR

President Rufus Ogilvie Presides for First and Last Time at Student Body meeting to Elect Officers; Little Business Transacted

President Rufus Ogilvie called his first meeting of the A. S. U. N. to order last Friday. There was little business brought up except the elections to be held next Wednesday. There are five offices to be filled on account of the men in these positions having enlisted or being drafted into the army. These are vice president, athletic manager, junior representative, assistant editor of the Sagebrush and Treasurer.

It is necessary that every man and woman at the University takes an active part in nominating and electing these officers, since with a smaller student body the same amount of work as last year falls on fewer shoulders. Those nominated for the officers are:

Vice president—Athletic manager—Brow Gooding. Junior representative—Ira Redfern. Assistant editor of Sagebrush—George Hopkins. Treasurer—William Stickney, Paul Barker.

VARSAITY TO MEET CARSON INDIANS IN FIRST BATTLE

COACH McNEAL WILL BRING A STRONG AGGREGATION OF REDSKINS TO PICK OUT VARSAITY'S WEAK SPOTS ON SATURDAY NEXT

VARSAITY IN GOOD TRIM

NEVADA WILL PRESENT A STRONG LINEUP; COACH WHISMAN IS OPTIMISTIC OVER THE OUTCOME OF THE INDIAN GAME; BACK FIELD WEAK PLACE; MACHINE IS PERFECTED

When the Carson Indians arrive on Mackay Field next Saturday afternoon Nevada's line will be ready for the first test of the season. The game will mean more to us this year than ever before, because it will indicate the amount of the loss to the team which was caused by the enlistment of last year's men. It will in a small measure also indicate with what success we may expect to pursue the rest of our schedule.

Very concise "dope" on the Indians is lacking, but there are several facts which point toward a strong fight by the Redskins. When they played Nevada's first team early last season they showed little real football knowledge or spirit. By the end of the season, however, when they played our second team they developed into a very strong team. Their coach, S. C. McNeal of Carlisle Institute, was

of Coach Whisman we can expect them to develop some new wrinkles which will baffle the defense of the Indians.

Nevada's rooting section was hit harder than her football team. To bring this up to anything like standard it will be absolutely necessary for every man not on the field to place himself at the disposal of the yell leader. Not only this first game will such action be necessary, but in every game this year, as we cannot afford to let this end of the work suffer from lack of numbers.

At this early date it is impossible to say which men will start the game for Nevada. It will probably be Coach Whisman's plan to give as many men as possible a chance to play. Though no definite lineup has been picked, it is probable that the men will line up about as follows:

VARSAITY IN ACTION

given credit for putting on Mackay Field the best interference that was seen there last year. As well as not losing any veterans, they have been fortunate enough to get several good players from eastern schools. With these men in the field the Indians will probably send the strongest team they have ever had.

The "dope," however, does not entirely favor Carson. To meet the Indian aggregation, Nevada will have the heaviest line that has ever been placed on the field. Moreover, all the linemen are veterans, several of them having played for Nevada last season. The back field men, though probably not as experienced as they might be, show as much speed as either of the teams that we have had in the past two seasons. With the able coaching

Kimmel will probably start the game at center, though he is being pressed by Boyle for that position. Of the men out for tackle Malone and Fairchild seem to be the favorites. Jensen, Reed and Summerfield are the candidates for guard. Summerfield, however, though still handicapped by inexperience, has the speed and weight for the position and will most likely play in the game. Of the candidates for end Martin is picked as best man, because of his ability to catch forward passes and to tackle. Bryan and Layman will supply the opposite end. The right combination for the back field has not yet been picked. Asher is showing up as quarter. The other men out for these positions are Ed Reed, Melarkey, Young, Sirkegian and McKenzie.

SCHEDULE OF THE SEASON'S GAMES

Team.	Time.	Place.
Carson Indians	September 22	Reno
St. Mary's College	September 29	Reno
Open date	October 6	
Davis Farm	October 13	Reno
U. C. Freshmen	October 20	Berkeley
U. C. Freshmen	October 27	Reno
Davis Farm	November 3	Davis

WALTER JEPSON WINS HONOR MEDAL IN FRANCE

Walter Jepson of the class of '19 recently won the "Croix de Guerre" for bravery on the French front. Jepson won the Rhodes scholarship at Nevada when a sophomore and had studied at Oxford for two years when the war broke out. He then enlisted as an ambulance driver and served so well that he was promoted to section commander of his ambulance division. Now comes the word that he has further distinguished himself.

MISS BROWN AT WASHINGTON

Miss Louise Fargo Brown, who was dean of women here last year, spent the summer at Cambridge. Miss Brown intends to pass the winter in Washington, working in conjunction with a friend on a book entitled "The Freedom of the Seas." They hope to publish it in the spring.

COKE-BLUMBERG

Among the summer marriages was that of Miss Pauline Coke, who was married to Mr. Jule F. Blumberg of Fresno. Miss Coke came here from the University of California and was last year one of the popular girls of the campus. She was a member of Delta Delta Delta. The groom has a good position with the United Tire Company of Fresno, where the young couple will make their home in the future.

DEATH OF NEALE TAYLOR

Neale Taylor, who was a sophomore at the University last year, died from typhoid fever this summer. Taylor was serving the colors in the navy when his death occurred. He is the first Nevada boy to die in the service.

His name was Willy Wood. Her name was Susie Glue. He pressed her to his heart and said: "My dear, I'm stuck on you."—Exchange.

REGENTS FINALLY SELECT MAN FOR THE PRESIDENCY

W. E. CLARK, PH. D. OF COLLEGE OF CITY OF NEW YORK IS CHOSEN BY UNANIMOUS VO TE OF BOARD OF REGENTS TO SUCCEED FORMER PRESIDENT HENDRICKS

TO TAKE OFFICE JANUARY 1, 1918

NEW PRESIDENT COMES TO NEVADA WITH AN ENVIABLE RECORD AND HIGH RECOMMENDATIONS FROM ALL ACCOUNTS; A SCHOLAR OF NATIONAL REPUTE AND AN AUTHOR

At the meeting of the Board of Regents last week the election of a new president to the University came as a surprise to most of us. And judging from what we know of the man and his record, the choice of the Regents seems very wise.

Dr. W. E. Clark is a scholar widely known in the economic field and is now at the head of the department of political economy at the College of the City of New York. He received his B. A. degree at Ohio Wesleyan University in 1896 and his M. A. at the same institution in 1898. In 1903 he took his Ph. D. at Columbia and since that time has been connected with the College of the City of New York. He has also contributed several books on economic subjects. Among these are "Josiah Tucker, Economist," and "The

Cost of Living." The new president certainly comes well recommended by noted men in the east with whom he has been associated. The faculty and President Hoffman of Ohio Wesleyan University gave him a hearty recommendation. The faculty and president of New York College also recommended him and President Nicholas of Columbia spoke very highly of him.

He is married and has four children. Although he is only 44 years old he has had wide experience as a teacher.

The regents have allowed the new president an increase in salary amounting to \$1500 more than that paid to Former President Hendrick, bringing the total up to \$7500. President Clark will assume the duties of his new office January 1, 1918.

WELL KNOWN SCIENTIST IS SECURED IN CHEM. DEPT.

Dr. Sears of Illinois Is Chosen to Succeed Prof. Mosier in Science Work

The chemistry department is fortunate in securing the services of Dr. Sears as a teacher in that department. Upon examination, his record certainly is brilliant and makes him one of the learned in his profession.

Dr. Sears is a graduate of Drury College, with the rank of B. S. from that college. After teaching in the Springfield high school for two years he pursued chemistry as a scholar and instructor at the University of Illinois. In 1911 he won his M. S. at Illinois and in 1914 received the degree of Ph. D.

He is a member of Kappa Alpha fraternity, the American Research society and the two honor societies, Phi Lambda Upsilon and Sigma Xi. He has won distinction as a research worker in the rarer metals, especially Tantalum and Columbium.

The new professor, while an eastern man, is not wholly a stranger to the west. He visited California a year or two ago, where one of his brothers is professor of education at Stanford University and another is city chemist at Berkeley.

JOHNNY MUTTERS

I do revere old Paul Revere
And I have always thought
I'd sooner be a guy like he
Than all this scholar junk.
If I were pard to that old card,
I'd can this bookish bunk.
He'd not be jarred by grammar mared,
And punctuation bunk.
—Cleveland Leader.

EDITORIAL

ARE YOU RECEIVING YOUR SAGEBRUSH?

In the hurry and bustle of getting things started and the first issues out, the Sagebrush staff has that uncomfortable feeling of forgetting somebody on the mailing list or sending the Sagebrush to the wrong address. We are working hard to see that everyone is satisfied, so if anyone is slighted let us know and we promise you that it won't happen again.

DOES IT PAY?

The death of Vasili Pilipenko occurred as a sacrifice to Reno's policy of a wide-open town and resultant race track crowd. As a peace-keeping people the citizens of Reno have been ideal, and it is only this transient population of worthless citizens that causes the trouble. Men of this type committed the crime of Saturday night, and Reno is holding out special inducements to just such people as these. How long will it take the people to realize that such tactics do not pay and that the whole program of racing is a hindrance and shame to any city?

RUFUS OGILVIE

With the departure of Rufus Ogilvie for American Lake Wednesday Nevada will lose a valuable man. Rufus has served his college well and gladly whenever the opportunity arose, and was to be this year's student body president when he decided to join the colors. "Ruf" was one of those along with Gilbert Bailey who volunteered to fill out the draft quota from Washoe county, and he will leave his duties here and take up the larger duties of fighting for Uncle Sam Wednesday. With sincere regret, we bid him God-speed and wish him the success in war that he has made in student body affairs.

THE RIGHT SPIRIT

The Sagebrush is very glad to be able to publish the following editorial from a prominent Nevada paper. It is a fair example of the new feeling of the newspapers of the state toward the University of Nevada. In the past this has not always been the case and the University has suffered accordingly. Judging from this, the selection of the president by the board of regents seems to meet with the approval of the people of the state.

SUPPORT THE UNIVERSITY (From the Elko Free Press)

The University is the most important institution in the state of Nevada today, and the fight it took last election to pry loose the hold of the politicians injured the university temporarily, as the record of attendance shows this year. It is hoped that the new president will be given the hearty support of the whole people and that the voice of the people as expressed in the last election will be heeded and politics rigidly excluded in the future.

HE GAINS MOST WHO GIVES MOST

The average college student comes to college with several purposes in mind, and these may be boiled down to one general purpose, which is the desire to gain something worth while to benefit him in later life. He gains an education or specialized training for some walk in life, but that is not all. The biggest benefit that a man derives from a college education is the human knowledge and real experience with men that he gains from close contact with all the complexities and activities of college life. In the school of life these will prove to be his trump card.

A man cannot profit by student life if he gives nothing in return. He will have missed the one essential factor in a college education if he has not entered into some line of activity that marks him as one of the workers. College life embraces a wide field of activities wherein there is plenty of room for all sorts of talents and ability.

Athletics, student body, entertainment, debating, Y. W. C. A. and indiscriminate boosting of every good idea afford great opportunities for the student who really wants to do something worth while and profit by it himself. Each student should find a place for himself in one of these lines and the school will honor him for his success. And new workers are badly needed, due to the requirements of war. Student body offices are going begging and every organization on the Hill is in crying need of new blood. Find your place and do your share.

Manzanita

"What are you going to do for a bathing suit?" This was a common query last week among the freshmen, for L. F. G. had planned an elaborate swimming party and bathing suits are scarce in this land, where water is at a premium. However, ingenuity is evidently a strong point in the makeup of this year's freshmen, for at 8 o'clock Friday evening each girl appeared ready for the beach. They all were given opportunity to air their accomplishments in the high dive, surf riding and breaker jumping. Several of the freshmen were at first very timid, but under the tutelage of the upper class girls they were soon the liveliest of bathers. The fun lasted for an hour, then the new girls were told what the letters L. F. G. stood for and some of them were surprised to know that they meant something more than a "lot of fool girls."

Have you seen our Red Cross cabinet? We are very proud of it, so proud that no more do we carry our friends and relatives off to admire our collections of campus views and our cretonne hangings, but insist that they examine carefully the neat piles of surgical dressings, which are rapidly

filling up the cabinet. Knitting has come to take the place of tatting and crocheting, and through the efforts of Mrs. Norcross and Mrs. Spencer Sunday afternoons have lost their dull, dreary atmosphere.

The Friday afternoon teas have commenced again. Miss Mack and Miss Kempton make delicious tea and their taste in cookies is excellent. All university women are welcome. We especially urge the downtown women to come and bring their knitting.

Y. W. C. A.

The Y. W. C. A. held its first meeting of this semester at the usual hour Wednesday afternoon, September 12. Jo Damm presided over the meeting and extended a cordial welcome to the new girls and explained briefly the meaning of Y. W. C. A. Kate Stroud then sang a pretty and appropriate solo. The new secretary, Helena Shade, gave an interesting talk on the relation of the local association to the national and world work.

A very clever diversion was afforded in the form of a membership skit. Dorothy Higgins auctioned off reasons why freshmen should not join Y. W.

IN APPRECIATION

Resolutions passed by the regents at their meeting September 12, on the death of Emeritus Professor Richard Brown:

The regents of the University of Nevada realize in the death of Richard Brown the loss of a faithful worker and close friend. The service he has rendered to the University of Nevada, especially during the constructive period of its growth and development, was in no sense limited to the daily tasks set for him; unselfishly and with unflagging zeal he gave of his time and energy. More than this, his high qualities of manhood and innate nobility of character have left a permanent impress on the faculty and student body of this University. To his wife and children in this time of sorrow the regents extend their sincere sympathy.

Resolution passed by the Lincoln Hall Association:

Whereas, in view of the loss we have sustained by the demise of our friend and former master of Lincoln Hall, Richard Brown, and of the still greater loss sustained by those who were nearest and dearest to him; therefore be it

"Resolved, that it is but a just tribute of the memory of the departed to say that in regretting his removal from our midst we mourn for one who was in every way worthy of our deepest love and respect.

"Resolved, that we sincerely condole with the family of our deceased friend in their hour of trial and affliction, and commend them to the keeping of him who orders all things for the best.

"Resolved, that this heartfelt testimonial of our sympathy and sorrow be spread upon the minutes of the Lincoln Hall Association and a copy thereof be forwarded to the family of our departed friend and to the college paper of the University of Nevada.

"E. W. KNIGHT,
"Mayor.

"H. M. ENGLE,
"Secretary-treasurer."

Resolutions adopted by the University Faculty on the death of Mr. Richard Brown:

Reno, Nevada, September 14, 1917.
Since an all wise Heavenly Father has called home Professor Richard Brown, and since a great heart and rugged personality, whose life spans that of the University and has left an impress upon students and faculty as has no other, has been taken from among us, we, the faculty of the University of Nevada, desire to express publicly our personal loss and to tender our sympathy to the bereaved family in its sorrow.

By the committee:
R. C. THOMPSON,
J. E. CHURCH, JR.,
ROBERT LEWERS.

Resolution passed by S. A. E. fraternity on death of Prof. Brown:

Since the will of our Benevolent Father called Prof. Richard Brown from among us, and has taken from our midst a heart full of sympathy and understanding for all his students, and because each and every one of us deeply feel the loss of so great a personal friend, we, the Nevada Alpha of Sigma Alpha Epsilon fraternity, desire to express publicly the loss of a great an adviser and brother and to tender our sincere sympathies to the bereaved family in its sorrow.

S. A. E. FRATERNITY.
TOM JONES, E. C.

Resolution passed by S. A. E. on death of Vasili Pilipenko:

Since God's holy word has decreed that our fellow student, Vasili Pilipenko, should give his life in a heroic attempt to save the life of a fellow man, and since we deeply feel the loss of our friend, he, the Nevada Alpha of Sigma Alpha Epsilon fraternity, desire to express publicly the personal bereavement we have suffered from his untimely end.

S. A. E. FRATERNITY.
TOM JONES, E. C.

Believe me, kid, you are some sight. I love to muss your wavy hair, By H262 made so fair. I'm glad my dear, you do not care. Methinks I hear your father's step. You know with him I have no rep, For to our mugging he is hep. Farewell! I swiftly glide from hence Before he makes me full of dents And kicks my carcass o'er the fence. Farewell! I love you well, lykell!

SOUND PROOF

He—I know you love me, dear. She—How do you know I love you? He—Because I love you, and all the world loves a lover. You are all the world to me, so therefore you love me.—Exchange.

C. A., but the seniors refuted all the points. The auctioneer decided that next year she would auction reasons why girls should join, for she can never make a living by working against Y. W. The association hopes to gain many members among the new girls.

The Asilomar club has charge of the next meeting and the delegates will tell us about their trip. Alice Boynton will lead.

DINKITIS ON CAMPUS

FROSH APPEAR IN REGALIA

SYMPTOMS ON FRIDAY

Most flowers and vegetables bloom in the spring, but the U. of N. Frosh always bloom at their brightest in the fall, and this season's crop has produced the greatest variety ever seen outside of a zoo.

Had an aeroplane circled over the campus Friday morn they would surely have noticed the polka dot effect of and wondered over its significance, or, rather, insignificance. But a closer inspection of this strange phenomena would have revealed a grand assortment of Frosh, each decorated with the glorious blue and white "dink," which reposed gracefully but unobtrusively upon the summit of their beans. Shaded beneath this wonderful creation of blue were many faces, each offering an original study in topography. Husky Hi school seniors sulkily slunk around the nearest corners when under observation. Prep school stars made vain attempts at carrying off their dignity and skyscrapers at least more than twice a minute. Fat Frosh at first gave the appearance of blue-topped toadstools, while red-haired Frosh successfully imitated the stars and stripes.

STRICTLY GERM PROOF

The antiseptic baby and the prophylactic pup
Were playing in the garden when the bunny gamboled up;
They looked upon the creature with a loathing undisguised;
It wasn't disinfected and it wasn't sterilized.

They said it was a microbe and a hotbed of disease,
They steamed it in a vapor of a thousand odd degrees;
They froze it in a freezer that was cold as banished hope
And washed it in permanganate with carbolated soap.

In sulphurated hydrogen they steeped its wiggly ears,
They trimmed its frisky whiskers with a pair of hard-boiled shears;
They donned their rubber mittens and they took it by the hand
And lected it a member of the fumigated band.

"There's not a micrococcus in the garden where they play;
They bathe in pure iodoform a dozen times a day,
And each imbibes his rations from a hygienic cup—
The bunny and the baby and the prophylactic pup." —Exchange.

NOTICE

There will be an election of officers for the following offices where vacancies now occur:

1. Vice president of A. S. N. U.
2. Treasurer of A. S. N. U.
3. Athletic manager.
4. Junior Representative.
5. Assistant editor of the Sagebrush.

The first three (1, 2, 3) must be seniors.
The last two (4, 5) must be juniors.
The election will be held Friday, September 21, from 8 a. m. to 1 p. m. in the Gym. Nominations must be posted forty-eight hours before election is held.

Committee in charge of the polls is: Lyle Kimmel, Harry Day, Joe Damm, Adele Norcross, Harry Stevens.

RUFUS OGILVIE,
President.

FUEL SHORTAGE WARNING

Order Your Winter's Fuel at Once
Advices reaching the railroad commission of Nevada point to the certainty of a serious fuel shortage during the coming winter months. There is, at the present time, an unprecedented production and use with an increasing demand for military, naval and industrial purposes due to war preparation. In various sections of the country there is an alarming shortage of coal and fuel oil at the present time. The capacity of practically all railroads serving fuel territory is at this time severely taxed with business—the heaviest in the history of the country—and during the winter months, when all communities are calling for fuel at the same time, the uncertainty of securing shipments will be greatly intensified because of car shortage, which is sure to take place.

As Nevada has no fuel that is accessible during severe winter weather, it behooves all who can do so to forthwith place their orders for winter fuel. The commission, for reasons given above, urgently requests that this action be taken promptly before winter sets in. In the event of delay to shipments ordered, notify the commission and it will lend assistance by taking up with railways for prompt delivery.

This warning is intended for dealers quite as much as for consumers. All dealers operating within the state are therefore urged to order in ample quantities to meet the prospective demand, and to press their orders strongly. This is of the utmost importance, because most consumers, and domestic consumers in particular, are wholly dependent upon the dealers for their supply.

THINGS DON'T "JUST HAPPEN"

You know there must be some one thing at the base of a continuous success. Customers who have had their portraits taken in my studio rarely go elsewhere thereafter. They appreciate my courteous treatment, the faithfulness of my likenesses, the beauty of the mountings. They appreciate my prices, and SO WILL YOU.

UNIVERSITY CADET BAND

A COMMON SIGHT THESE DAYS

MEMBERS DESIRED FOR CADET BAND

Opportunity Offered for Beginners to Learn to Play an Instrument in U. of N. Cadet Band

Director Al Preston is working to reorganize the Cadet band, which has suffered to a large extent in the general exodus of students. After training the last year's band to a state bordering perfection Director Preston has the disappointment of seeing only a very small portion of his old men return and must start at the beginning once more with a new set.

Berning, Hansen, Grant, Kimmel, Hauke and Cahlen are the old players back and about eight more have signed up to learn an instrument. Since Preston is willing to give individual lessons to those wishing to start with the rudiments, there is a good opportunity for new men to learn to play an instrument. The instruments most needed are trombones, clarinets and cornets. Preston desires to start about ten beginners as soon as possible.

Vice President Levers very much desires to have a good band this year and will lend every possible encouragement. The military department regards the band as an absolute necessity and will also offer special inducements to those who will sign up for the band.

Musicians are badly needed in the U. S. army and navy and after serving his apprenticeship in the University band a student is qualified for enlistment as a musician. Director Preston will be glad to talk the matter over with anyone wishing to take the opportunity of learning an instrument.

MONEY VALUE OF SCHOOLING

Every day spent in school pays the child \$9. Here is the proof. Uneducated laborers earn on the average \$500 per year for forty years, a total of \$20,000.

High school graduate earn on the average \$1000 per year for forty years, a total of \$40,000.

This education required 12 years of schooling of 180 days each, a total of 2160 days in school.

If 2160 days at school add \$20,000 to the income for life, then each day at school adds \$9.02.

The child that stays out of school to earn less than \$9.00 a day is losing money—not making money.

This comparison is taken from the United States Bureau of Education Exhibit, Panama-Pacific Exposition.

NOTICE

The Young Women's Christian Association conducts a second-hand book store in the library. If you have textbooks which are being used in this year's courses and wish to dispose of them hand them to one of the library assistants. The price of the books will be rated on their condition, and when sold the proceeds will be returned to owner, minus a 10-cent commission on each transaction.

Look over this stock of books before purchasing new ones.

THE AUTO SMILE

It's easy to smile all the while, When the auto's in perfect trim; But the man that's worth while, Is the one who can smile, When the auto comes in on the rim.

WATERMELON FEED AND RALLY HAS GOOD RESULTS

Men Students Get Together in a Big Pep Meeting and Enjoy Speaking, Watermelon and Smokes While Enthusiasm Is Raised for Football Season

The watermelon feed and football rally held last Friday evening in the gymnasium gave to this year's varsity football team the first impulse of, we hope, a series of boosts toward making for Nevada a successful season on the gridiron. Only two-thirds of the men students were there, a fact which proves that more interest must be taken by them. Nevada's problem this year is made doubly hard to solve by war conditions and the annual racing meet, which is held during the best part of our football season. Therefore the necessity for a strong drive to accomplish victory for our grid warriors.

The first course was watermelon, served by graceful Frosh waiters, after which followed smokes—long, black cheroots for the old men and strong, vile weeds for first year appetites, and talks by the football men. Mr. Ray Whisman, Nevada's new coach, urgently called for more men. He showed that twenty-five men cannot make a team. Forty members is the least number out of which it is possible to make a strong varsity. Many of the men are very light. Every man capable of moving about under his own steam must come out for practice. Nevada has poor equipment, so poor that any eastern college man would refuse to be knocked about should such an outfit be presented him for use on the field. But our boys are of different mettle. That is why more tickets must be sold, why students should talk football all over town and why these men out on the field need every ounce of spirit to properly equip them. Such were the main points of his talk. Unless we support his views the football season will go for naught.

The men who played football last year were given a chance to lend enthusiasm to the boys by impromptu orations when called to their feet by Student Body President Rufus Ogilvie. The fighting, tearing, fair playing spirit of all true Blue and White supporters and men o'battle came out. So thick was the smoke of urgency's fire that many men, who have never dreamed of ever booting the pigskin around made a silent resolution that, as they were slacking football, it was imperative for them to help the others along. Those who spoke were McKinley, Jensen, Hovey, Kimmel, Ma-

FINISH SCHOOL COURSE, GEN. WOOD'S ADVICE TO BOYS

Every boy should finish his school course. We shall secure more men under the draft than we can arm at the present time.

The individual obligation on the part of each and every citizen for service is manifest, but the boys should remember that they are now serving the best possible way by preparing themselves to serve more efficiently when the time comes. What we want now is for the boy in school or college to finish his education in order that we may have each year a dependable output of well-educated and well-trained young men.

It is a great mistake for elite educated young boys to rush to the colors now. We don't need them. It is very important they should finish their education. — Major General Leonard Wood in The American Boy.

FRIGHTFUL FRIENDS

The friend who welcomes you by creeping up behind you and knocking off your hat.

The friend who invites you to the theatre and only buys one ticket.

The friend who introduces you to Miss Wallflower and then disappears.

The friend who gives a card party for which you pay entirely.

The friend you ask to dinner on Saturday and who stays over the week end.

The friend who drops in to talk over "old times" and incidentally borrows all your spare cash.

The friend who insists that you visit him and continually quarrels with his wife.

The friend who greets you when you're with the "only girl" and refuses to be shaken.

The friend who telephones you in the middle of the night that he's been arrested.—Life.

lone, Kink Melarkey, Stickney, Stever, MacKenzie, Organ, Bryan, Opdal, Dennis, Badt and Olmstead.

What we must do to bring success to our campus: Talk football in class, out of class, on the campus, downtown—yes, even in our sleep; sell more tickets than can possibly be sold; yell beyond our capacity when the team is playing; force people to attend our games whether they will or no; and boost, push, shove, assist, advance, accelerate, etc., the progress of our future football machine over the trenches. If all this is done—then our problem will be Q. E. D.

COMPLETE FIGURES UPON REGISTRATION THIS YEAR

Figures Compiled Show That Men Outnumber the Women in Upper Classes, While Women Outnumber Men as a Whole

Following is a table showing the registration thus far at the University of Nevada. The total number is small, but no smaller than expected under the present conditions of war and unrest. They are still coming in at the rate of about a half a dozen a day, so we can expect about 180 altogether. It is interesting to note that there are more men registered in the upper classes than women, while in the two lower classes the converse is the case. Also the number of special students has dropped off considerably.

Students September 15, 1917:

Freshmen—	
Men	46
Women	59
Total	105
Sophomores—	
Men	26
Women	40

Grand total	267

FACULTY MEETING MAKES CHANGES IN ABSENCES

Only Seventeen Absences to Be Allowed Each Student a Semester and a Negative Credit Given for That Amount

At the faculty meeting last Friday the new method of allowing absences was explained. It is just the same as was printed in the last University catalogue, but is set forth below for all who failed to see the notice before.

All absences will henceforth be reported to the absence committee instead of to the deans as heretofore. Seventeen absences, corresponding to cutting one hour class every week of the semester, or an average of one cut per week of the semester, or an average of one cut per week gives the student a negative credit, which must be made up before graduation. Twenty-six cuts a year will also count as one negative credit.

Excuses for absences must be made to the absence committee and will be allowed for the three following causes:

1. Sickness for three days or more, accompanied by a doctor's certificate.
 2. Sickness or quarantine of an immediate relative.
 3. Death of a relative.
- The faculty also passed resolutions of regret concerning the death of Prof. Brown and commended him for his progressive work while a member of the faculty of this institution.

NOTICE

A large number of young men and women are registered with the University for work to assist them in meeting their expenses while at the University. If you know of any work that is obtainable in the city suited to these students please report to the president's office. Young women from Manzanita Hall will gladly help hostesses at afternoon or evening entertainments or will take care of children evenings. Please call on Miss Kampton at Manzanita for such help. A number of young women are prepared to do special stenographic or clerical work. Your co-operation in assisting these young people is desired.

L. BLANEY,
Secretary.

COLLEGE WIT

A Merry Call

Crash the cymbals, bang the lyre;
Here's a merry call.
In a girl's eye hangs fire,
Can a man but fall?
Knees are made to sit on,
Eyes are made to flirt,
Nab your manly mitt on
Some good-looking skirt.
Brunoian.

"Has your boy Josh a good disposition?"

"I dunno," replied Farmer Corntosel. "I allus thought so till I saw him the other day in a football game."

OGILVIE AND BAILEY TO LEAVE WED. FOR WASH.
Student Body President and Gilbert Bailey Among the Drafted Men to Leave Wednesday for American Lake Training Camp

Camp Kearney, Linda Vista, Cal
Care Fourth Engineers,
Sept. 2, 1917.

Dear Bill:
Well if you went back to the U. you will get this at the Hall. I wonder who you are rooming with and where. I am chief of party now, ahem! First class privates in the engineers are supposed to know something. Most of my work has been making topography—10-foot contours to a three-inch scale. Can you beat such a layout for rough country? We do our mapping in the field; parties consist of transit man, topographer, notekeeper and computer and rodmen as many as are available. I got two rodmen. You ought to see our quarters. We have a flag and everything. With cactus we made a castle on the ground (outline) and sodded it in between. Looks swell. Our flag is a red forked one with a white castle in the center. Today I am in charge of quarters. One of the fellows left camp without a pass, so now he is confined to quarters under arrest. Therefore I am a guard also. You can't buck Uncle Sam.

Well, give my regards to the fellows.
Yours truly,
H. H. HART.

Army and Navy,
Young Men's Christian Association,
August 31, 1917.

Dear Pal:
Well, I hope you are among those who are returning to U. of N. this semester and regret very much I can't be there to play alongside of you again, fighting for the silver and the blue. That old song about "U. of N. so gay" seems more than true right now, and I'll wager more than one U. of N. man now in Uncle Sam's service realizes it. Were pretty well represented, too, in every branch, army, navy and marines. Every time I go over to S. F. I almost always run across some familiar face in uniform. Last Sunday I went over to S. F. to the Presidio and visited Wooster. He is in the quartermaster's department of the army. Clive Leap is over there, too, but I didn't get to see him. Many of the boys are at Angel Island, so I don't get to see them except by chance in S. F. Wooster and I met Bob Donovan on Market street that day. He is in the marines. We talked for a while and it seemed like army and navy reunion, Wooster the army, Donovan the marines and myself the navy.

I trust the new coach will be successful. He certainly comes well recommended. We are going to have a football and basketball team here at the training station. Lots of material and experienced players in sight.
I want to subscribe to the Sagebrush and keep in touch with U. of N. Put me on the mailing list and I'll remit as soon as I receive it.
Give my best regards to Prof. Charlie, and I was going to say Jack, but he won't be there.
So long, and don't forget about the Sagebrush.

Sincerely,
TOM BUCKMAN.
U. S. Naval Training Station, S. F., Cal. Hospital School, Fifth Co.

AMERICAN ASSOCIATION OF ENGINEERS ORGANIZES THREE NEW CHAPTERS

The board of directors of the American Association of Engineers at their meeting on September 5 granted charters to the members in St. Paul, Indianapolis and Milwaukee. This makes a total of seven chapters which have been organized since the association was incorporated about two years ago. The total enrollment of the national organization is over twenty-two hundred different members.

A joint meeting of the association and the Detroit Engineering society was held in the Commerce building Thursday, August 13. It was the unanimous opinion of the engineers present that the Detroit society should form a working co-operation with the American association, as they have been carrying out a similar program locally for Detroit as the other organization has operated in a national way. The Detroit society has a total enrollment of about seven hundred members, and if this working co-operation is established it will mean the furthering of the work laid out by the committee on engineering co-operation.

Membership in the American Association of Engineers is being extended to all technical engineers in military service without payment of initiation fee or dues. This is part of the co-operative plan to keep them advised as to progress in the engineering field and to give them personal assistance upon their return to their professional work.

COMING CLOSE

Proud Mother of Freshman—My son, why to all the young men wear silk shirts?
Freshman (hesitating) — Why, mother, I really am not sure, but I think it is to distinguish them from the assistant professors.—Yale Record.

OGILVIE AND BAILEY TO LEAVE WED. FOR WASH.

Student Body President and Gilbert Bailey Among the Drafted Men to Leave Wednesday for American Lake Training Camp

Rufus Ogilvie and Gilbert Bailey will leave Wednesday for service at American Lake. These two volun-

"RUF"

teered to go Wednesday without the formality of appearing before the exemption board in order to fill out the quota from Washoe county.

Bailey is a sophomore in the School of Mechanical Engineering and Ogilvie is president of the student body and a senior in the College of Agriculture.

Rufus expected to be drafted and did not register at college, but has been spending the last week in organizing the student body and getting affairs into shape before his departure. His duty done, he was ready to enlist when the opportunity presented itself. Vice President Shearer will assume the duties of president and serve the year out and a new vice president will be elected Friday night to fill his place.

Saturday night a dance was given in honor of Ogilvie and Bailey, and Wednesday a big crowd will be down to see them off. Nevada is sorry to see them go.

THE FRESHMEN'S TOAST TO THE REST OF THE SCHOOL

Here's to you as wise as you are,
Here's to us as green as we are,
But as wise as you are,
And as green as we are,
We're as wise as you are,
As green as we are.
—F. MAN.

OGILVIE AND BAILEY HONORED

Saturday evening the men of the University gave an informal dance at the gym in honor of those who are soon to leave for training camp. Dr. Haseman and Prof. Turner, both of whom have been in close touch with the boys, bid them God speed. Rufus Ogilvie responded in behalf of the drafted men. The evening was closed with the singing of the "Star Spangled Banner," and everyone left feeling "sad but glad" that so many of the University men were going to serve their country and flag.

NOTICE

The University of Nevada will adjourn on Wednesday afternoon for the funeral of Mr. Vasili Ivanovitch Pilenko, which will be held on the lawn in front of the Mackay building, at 2:30. Reverend Mr. Lowther of the Methodist Episcopal church will officiate, and burial will be in the I. O. O. F. cemetery.

ROBERT LEWERS,
Acting President.

IT'S TIME

you got one or two new pairs of shoes.
To find the style you want at the price you want to pay is one thing. To get a quality that will give long-lasting service is another, and to get fitted absolutely right is most important of all.
We win on all counts!

MISS WYGAL PROVING A SUCCESS IN Y. W. C. A.

Former Y. W. C. A. Secretary at Nevada Is Enjoying Great Success at New Post in Junction City, Kansas

Miss Winnifred Wygal, who was Y. W. C. A. secretary here last year, is now at Junction City, Kansas, where she is doing war emergency work at Fort Riley. This fort at the present time holds forty-six thousand men and will soon be one of the largest camps in the country, since preparations are being made for the accommodation of twenty-five thousand more men.

A girls' league has been organized, a cafeteria established, a physical director put in charge of recreation, and a hostess house is being erected to accommodate the women relatives who visit the camp.

The overseeing of these activities constitutes one of the best positions the Y. W. C. A. has to confer, and Miss Wygal is proving herself entirely capable of handling it.

Twinkle, twinkle, senior stars! Freshies wonder what you are, Up above their world so high Like a beacon in the sky.

When this year's work is o'er And the juniors take your place, Then your clear and kindly light Will not seem to them so bright. Twinkle then, oh, seniors bright, Fool them while you may; For when they shall find you out, Then you lose your sway.
—M. S. S.

"Red" Girvin departed Friday night for a visit to his home in Oakland. He expects to return to the University in a week or two.
