

## ST. MARY'S WILL BE OUR NEXT OPPONENT STEWART INDIANS FAIL TO SCORE ON NEVADA VARSITY

### ELECTION OF A. S. U. N. OFFICERS POSTPONED

Date for Election of Officers to Fill Vacancies is Postponed Until Next Friday

Due to the fact that it was discovered that a president instead of a vice-president was to be elected last week and that no candidates were named for the job the election had to be postponed until this week from last Friday.

At a late moment an article was found by the campus constitutional lawyers which stated that all vacancies in any office in the student body should be filled by special election. Although this is plainly contrary to all rules of order when applied to the president the vice-president cannot occupy the president's chair and a new president must be elected instead of a vice-president.

Since nominations were only made for vice-president, these nominations are now cancelled and nominations are open for president. The following nominations for the vacant offices have been made:

Athletic Manager—Brow Gooding.  
Junior Representative—Ira Redfern.  
Assistant Editor of the Sagebrush—George Hopkins.  
Treasurer—William Stickney.

### GIRLS ANIMAL TRAINERS

### EDUCATED PUP MAKES HIT

### FOOTBALL HIS SPECIALTY

Manzanita Hall has again turned its versatile talents into use and the result is a trained pup. This clever little animal first made its debut upon the football field Saturday when it calmly wobbled forth upon the turf and tackled the football, affording the players and grandstand several minutes of merriment. Not satisfied with this victory the diminutive how-wow attacked Coach Whisman and did much damage to his shoestring. The dog shows a quick temper which speaks badly for his trainers, who either indulge him in too much teasing or lots of cake, both being bad for his disposition. A great storm appears to be brewing over this pup as the varsity boys desire to make him their mascot and the Manzanita girls wish to keep him for a watch dog and train him to chase burglars away from the hall.

### JOE HAUKE LEAVES FOR AMERICAN LAKE

Joe Hauke, prominent member of the class of '20, left Tuesday night for Winnemucca where he joined the Humboldt county contingent for American Lake. Joe was among the first to pass the examination from that county and was expecting to be called at any minute.

He—Why didn't you speak to that man? He may not be a social butterfly, but he's all right. He is a diamond in the rough.

She—In that case a cutting is just what he needs.

### FROSH PULL HAY RIDE

### TOMATOES

### AND EGGS

### HOME

The annual Frosh hayride, the last actual combat between the Sophomores and the first-year lads, was unexpectedly pulled off last Saturday evening. It proved to be a struggle between the deceptive powers of the Frosh dome and the X-ray qualities claimed to be possessed by Sophomore optics. Until five o'clock in the afternoon of the selected day not a breath of wind stirred to betray the first year boys' plans. Three or four rumors to the effect that "this is the night for the hayride" stirred the Sophomores into action. Upper classmen were the bearers of the good news.

Two Sophs, scouting around the downtown garages, learned of the rental of two powerful auto trucks by a group of college fellows. The deal was jinxed right there. The Frosh collected their forces quietly. One by one they drifted away from the campus into the darkness. Nobody knew where the party was to be held. Meanwhile the second-year crowd collected on the business streets of Reno.

An exploring party of eight Sophs in a machine piloted by Bartlett, accidentally made a discovery of a darkened motor car standing on the corner of Eighth and Virginia streets. In this car was Reed, president of the Freshmen. The Sophomores jumped out, gave chase to the Frosh who streaked it for Lincoln Hall and captured him within a block of the starting point and locked him up in a house on the south side of the city. That killed the Frosh goat. No one but Reed knew where the party was to go. The musicians for the dance were likewise cut off from the Frosh as it was they for whom Reed was waiting.

It was now "just like shooting fish" for '20. The auto trucks were discovered on the south side by the same party of Sophomores. Purchases of over-ripe tomatoes and eggs in an advanced stage of decomposition, were then in order. Another car filled with Frosh was stopped by a band of second-year boys. The babies in the car deserted their wagon which proved to be a large factor in their defeat.

Bartlett and his party, loaded to the fenders with ammunition, pursued the loaded trucks and pelted the joy riders with mushy vegetables on the road out to Huffakers, the evident place to which the gang was traveling. The Frosh entrenched themselves in their dance hall. Then twenty heavily armed Sophomores swooped down on them from out the darkness, smashed their way into the hall, decorated their younger opponents with red splashes. The babes, however, were handicapped by absence of a large part of their fighting men. Only one light was burning and an over anxious Soph had savagely swung at and demolished the others during the fray.

Here's the rub. Upon the arrival of the Sophomores the upper classmen present for the occasion, hungrily appropriated the Frosh eats for satisfying their own stomachs. It was a clever and a cunning maneuver on their part. After consuming their plunder they returned to the dance and spread the word around that the Sophomores had made off with the feed.

The dance, with no lights, no eats, and no music, was somewhat handicapped. After doing their best to dance under these trying conditions for half the night, hosts and invited guests alike gave up the struggle and returned to Reno.

### HOWARD CANDLAND COMPILES MANUAL

Miss Blaney is in receipt of a neat little booklet entitled "The Gunners' Manual." The author of this is none other than Corporal H. C. Candland, alias "Candy" of the class of '18 but now a corporal in the First Utah Field Artillery. It describes the duties of the gunner and the use of the different types of field artillery from A to Z, and is really a complete treatise upon the whole subject of light artillery. We never knew "Candy" was so learned upon the subject.

Carma Damm '15 has a position in the Lovelock grammar school.

Marguerite CroTTY of the class of '17 is teaching at Lovelock.

## NEVADA VARSITY RUNS UP BIG SCORE ON REDSKINS

FIRST FOOTBALL BATTLE ENDS WITH NEVADA ON THE LONG END OF A 50 TO 0 SCORE—INDIANS NEVER REACHED NEVADA'S TWENTY-YARD LINE.

### SEASON LOOKS PROMISING

EVERY MAN ON NEVADA'S LINE-UP SHOWED UP GOOD IN SATURDAY'S GAME AND INDIANS HOPELESSLY OUTCLASSED IN ALL BRANCHES OF GAME

In a hard fought but one sided game last Saturday Nevada prepared the Indians for a defeated return to Carson. The game, though not very spectacular, was neither slow nor devoid of interest. From the first kickoff the game belonged to Nevada. The Indians, though game fighters and hard tacklers, could neither stop the Nevada backs nor hold the line. Nevada scored in the first five minutes of play and in nearly every five-minute period thereafter. By the time the game was over the Indians had but a goose egg to compare to our unusually large score.

The day was the coldest that we have had this season. An icy wind which blew throughout the game made accurate kicking impossible and chilled the men to such an extent that they were unable to do their best work. However everyone was well pleased with the consistent machine like work of the team and especially with the kicking and tackling. After a showing like this, with only a week's practice, this season's outlook for Coach Whisman's squad of huskies is certainly bright.

McKenzie kicked off for Nevada with the team defending the north goal. The Bucks failed to make a pass and punted for a small gain. Nevada bucked the line for a small gain and then attempted to pass but failed. McKenzie punted and the ball was downed almost on the Indian line. In the next play the Indians attempted an end run but were forced over their line for a touchback. Nevada 2, Indians 0.

The Bucks kicked from the ten-yard line, Nevada returning it to the thirty-yard line. After a penalty against the Indians of five yards Young took the ball on an end run for a touchdown. Nevada failed to convert the goal leaving the score at 8 to 0 for the first five minutes' play.

McKenzie again kicked off, the Indians returning the ball to their 30-yard line. After two failures at forward passing they punted for a gain of twenty yards. After Nevada had returned the ball several yards by end runs Melarkey scored on a forward pass. The goal was not converted.

On the next kickoff the Indians returned the ball to the center of the field but failed to gain on a punt and the quarter ended with the ball in the center of the field.

Nevada opened the second quarter with a punt. The Indians lost the ball on the first down and Nevada was penalized for offside play. McKenzie made a long punt and the Indians returned the ball the same way. Fairchild made ten yards on the first successful forward pass of the game. Nevada lost the ball on the Indians' five-yard line and the Bucks punted. Nevada lost the ball on the first down

### WHAT SHOULD YOU GET FROM COLLEGE

What are the things most worth while in a student's life? What experiences will be most valuable to him? What habits should be formed? Wherein lies success? Over half of the applicants for commissions at the Reserve Officers Training Camp at the Presidio, San Francisco, found that they did not possess sufficient of the essentials of success to secure an office in the army of the United States. The reasons being behind the failure of this large percentage are conceived by one applicant as admirably set forth in the following communication issued by Adjutant General McCain:

### SCHEDULE OF THE SEASON'S GAMES

Davis Farm	November 3	Davis

### HELP THE RED CROSS DROP NICKELS INTO BOX BE A CARNEGIE

The next time you step into Miss Sissa's office take a slant at the box that is right beside the case where the centennials and hazelnut bars are displayed. Observe the little box closely. It has a slit in the top of it. It looks as if it were intended to hold money. Buy your chocolate and put the nickel that Miss Sissa gives you in change in the box. You are a public benefactor just like Carnegie or Rockefeller. Your nickel will send five magazines to five men at the front. Five men, perhaps boys from our university, will have a little pleasure from these magazines which your five cents will have sent them. The girls of Tri Delta have taken up as a branch of Red Cross work the collection of current magazines. They ask the students to assist them by putting anything in the shape of coin from a penny to a twenty-dollar gold piece in the box in the registrar's office. Information as to where magazines may be obtained will also be appreciated. Every little bit helps so drop your "bit" in the box.

in our school system sufficient emphasis is not placed upon the avoidance of this mental and physical handicap. In the work of the better government military schools of the world this slowness in thought, presentation and bearing is not tolerated, because the aim of all military training is accuracy. At military camps throughout the country mental alertness, accuracy in thinking and acting, clearness in enunciation, sureness and ease of carriage and bearing must be insisted upon, for two reasons: That success may be assured as nearly as human effort can guarantee it with the material means at hand, and that priceless human lives may not be criminally sacrificed. Only by the possession of the qualities referred to does one become a natural leader.

A great number of men have failed at camp because of inability to articulate clearly. A man who cannot impart his idea to his command in clear, distinct language, and with sufficient volume of voice to be heard reasonably far, is not qualified to give commands upon which human life will depend. Many men disqualified by this handicap might have become officers under their country's flag had they been properly trained in school and college. It is to be hoped therefore that more emphasis will be placed upon the basic principles of elocution in the training of our youth. Even without prescribed training in elocution a great improvement could be wrought by the instructors in our schools and colleges, regardless of the subject, insisting that all answers be given in a loud, clear, well-rounded voice; which, of course, necessitates the opening of the mouth and free movement of the lips. It is remarkable how many excellent men suffer from this handicap, and how almost impossible it is to correct this after the formative years of life.

In addition to this physical disability and slouchiness is what might be termed the slouchiness of mental attitude. Many men fail to measure up to the requirements set for our Officers Reserve because they have not been trained to appreciate the importance of accuracy in thinking. Too many schools are satisfied with an approximate answer to a question. Little or no incentive is given increased mental effort to co-ordinate one's ideas and present them clearly and unequivocally. Insistence upon decision in thought and expression must never be lost sight of. This requires eternal vigilance on the part of every teacher. It is next to impossible for military instructors to do much to counteract the negligence of schools in this regard. This again has cost many men their commissions at camp. Three months is too short a time in which to teach an incorrigible "beater-about-the-bush" that there is but one way to answer a question oral or written, and that is positively, clearly and accurately. The form of the oral answer in our schools should be made an important consideration of instruction. I have further noted at camp that even some of our better military schools have turned out products that while many of them may have the bearing of a soldier in ranks, yet their carriage is totally different as soon as they "fall out." Schools, military and non-military, should place more insistence upon the bearing of pupils all the

### U. OF N. MAY LOSE O. R. T. C. BRANCH

Unless Enough Men Volunteer to Bring Number Up to 100, the Branch Will Be Discontinued

The university will lose its unit of the Reserve Officers Training Corps unless a hundred or more Nevada men turn out for drill in the near future. This information was given out by Major Ryan before a meeting of the men of the Junior and Senior classes last Tuesday.

The major made it plain however that the university would neither stop drill or lose its appropriation if the desired number of men was not raised.

An R. O. T. C. is a good thing for the university to have at this time. Through it the men who wish to become regular officers may do so. While taking this training third and fourth year men will receive \$125 per year, which will materially help a student through school. As long as we have the corps all cadets will receive their uniforms free which will not be the case if the unit is withdrawn.

The retention of the corps lies mainly with the Seniors. If enough volunteer for service in the next few days the university will not lose this branch of the military department.

### YELL LEADER APPOINTED

At the last meeting of the executive committee, Clem Caffery was appointed yell leader. In due course he was on the job at Saturday's game and showed that the committee made no mistake in picking him as the man for the job.

Ina Powers '16 is now a member of Reno's corps of teachers.

time. It should become a second nature with them to walk and carry themselves with the bearing of an officer and a gentleman. This again is a characteristic that cannot be acquired in a short time and, when coupled with other disqualifying elements, has mitigated against the success of men in training camps.

As a last important element that seems to me has been lacking in the moral and mental makeup of some of our students here is the characteristic of grit. Not that they would have proved cowardly in battle, necessarily, but some have exhibited a tendency to throw up the sponge upon the administration of a severe rebuke or criticism. Their "feelings have been hurt" and they resign. They are not ready for the rough edges of life. The true training school should endeavor to inculcate that indomitable spirit that enables one to get out of self, to keep one's eyes fixed upon the goal rather than upon the roughness of the path, to realize that one unable to rise above the hard knocks of discipline cannot hope to face with equanimity the tremendous responsibilities of the officer under modern conditions of warfare. This ideal of grit belongs in the school room as well as upon the campus.

Very respectfully,  
H. P. MCCAIN,  
The Adjutant General.

Overheard in Butcher Shop Butcher Charlie is busy now; break the bones in Mr. Johnson's chops and put Mr. Jones' ribs in the basket for him.

Communicated

September 9, 1917. Dear Friend: Take a look at the sign on the top of this sheet. Well, they were not going to let me in here, but when I explained to them that I was a member of the "quarry league" and a member of the "bankers' association they gave me permission to stay long enough to write this letter and said that I must hurry, so it is not going to be much of a letter.

Well, how's things at the hall? I suppose they are the same as ever. It seems kind of peculiar not to be coming back. Say, if you see a "vege" laying around the hall any place with "L. O. Meyer, 1917" on the end of it send it to me, will you.

Tell the manager of the Sagebrush that I will subscribe for the paper if he will send it to me. Well, my time in this place is about up. Some guy just yelled "All those who wish to go to prayer meeting please step forward." Pa, say hello to the boys for me and write me on Sept. 23, 1917 at 10:30 a. m., telling me anything you know that don't happen to be confidential.

"BANKER MEYER." Here I am known as Lieut. L. A. Meyer, Ft. Scott, Cal., Care 10th Co. Barracks, Reno. Remember me to Ruff, Baudly, Hunyawk, Nit and all the rest of 'em.

Presidio of San Francisco, Cal. 2nd Co., Sept. 11, 1917. From Wm. E. Melarkey, 2nd Co., P. O. Co. to Charles Gooding, Reno. Subject: Conditions at University. Well, Charley, I want to congratulate you and wish you every success. And you line up everything and write me and tell me if you don't understand anything I have lined up. I hope you will have the men play in varsity colors for all games as I had lined out.

We are in for real work here and we get it too. This Friday we have a four-hour march with a full kit weighing 39 lbs., so that's not so bad. We had a physical examination yesterday so suppose that in a few days some will be getting "passports" to American Lake. I hope I have luck. There are 144 men in this camp and have 111 men in our company. I'm drilling, millionaires, lawyers, etc.

Manzanita Hall hopelessly out-classed Lincoln Hall and fraternity men. Also strange to say the men taken as a whole gained a little the second semester while the women made a big drop from 84.26 to 82.57. As it is the women of the university beat them by two points while the table shows that fraternity men were the least the semester before. Sorority girls proved to be the better of non-sorority girls by a good margin in both semesters.

Bill E. Melarkey, Presidio Training Camp, 2nd Co. Infantry, Presidio of San Francisco, Cal. Somewhere in America, Sunday, September 16, 1917. Dear Al: If I ever get back to Reno and the U. S. I'll be tickled as well, you know how well I use to like to go marching around the football field, doing squads, right and so forth, and when I get my feet under the old man's table they are there for life. I have just been in the army for six weeks. But I expect to talk my sleep about 10 days K. R. for the rest of my life, as that is all our five-foot sergeant with a voice like a Key-Roye in the process of making coffee out of the grounds that were left from the day before. To say nothing of making hash for one hundred men out of a quarter's worth of steak. But strange as it may seem, most of us regard it as a vacation instead of punishment to get elected to K. P. Because otherwise we get marched around the back pasture until I feel like I am an old friend of every chuckhole in the place. But men that know say the first six years are the worst, and as I have only 5 years 10 months and 14 days left before I get to like it I feel better.

Overheard in Butcher Shop Butcher Charlie is busy now; break the bones in Mr. Johnson's chops and put Mr. Jones' ribs in the basket for him. Charlie—All right, sir; just as soon as I have sawed off Mrs. O'Brien's leg. "Are you the assistant in this art alive. It is about the world known to give a cigarette paper away, and for a man to be caught with a bottle opener in his possession is almost a hanging offense. But yesterday Bob and I blew our-

WHAT THE WOMEN GRADUATES ARE DOING TO REST WEDNESDAY

Following is a list of where they are and what they are doing. Teaching is the choice profession of most: Laura Amber, teaching, Fernley, Nev.

Last Wednesday afternoon the university adjourned to honor the memory of Vasili Pilipenko, who lost his life in a heroic attempt to save that of another. The services were held on the quadrangle before the Mackay building.

With members of Lincoln Hall Association acting as pall bearers, burial took place in the L. O. O. F. cemetery. Here the last rites were pronounced over the remains of Vasili Pilipenko who had lived up to the words "For greater love hath no man than this; that he give up his life for his fellow man."

Dorothy Morrison, teaching, Smith, Nev. Mrs. Ruth Mason, teaching, Lella McCain, Ogden, Utah. Hazel Murray, teaching, Mills District, Nev.

Hazel Seely, teaching, Inlay, Nev. Doris Taylor, teaching, Yerington. Edith Taylor, Oakland, Cal. Ida Van Tynes, Syracuse, N. Y.

WHERE THEY ARE. The Sagebrush will publish the following Roll of Honor in every issue until it is fully corrected and complete. We will make an effort to keep track of the enlisted men in this way and thank anyone who discovers omissions or mistakes in the list.

Table listing names, services, and ranks of graduates. Columns include Name, Service, Rank, and Where Stationed.

MU ALPHA MU Humoresque

Two K. U. girls met today and the following reaction occurred: "Whose colors you wearing, dearie?" "Why, honey, those are the red, white and blue."

**At the Theatres**

**GOOD VAUDEVILLE AT MAJESTIC**

The vaudeville program at the Majestic has a most excellent animal act this week. The Strasslers Seals are possessed of almost human intelligence and one of them performs on a slack wire or rope juggling large rubber balls perfectly, also juggling while riding a pony. Buster, the musical seal, handles the various instruments in a truly wonderful manner.

The Arleys, a sensational perch act, display remarkable control of equilibrium and indulge in hoop rolling and club juggling quite extraordinary.

Mary Billingsbury sings popular songs in a pleasing manner.

Poshay & While imitate birds and animals.

Charles Hoyt's "A Day and a Night" is the comedy film feature for Friday and Saturday.

The Majestic management announce the coming of a number of feature acts direct from the Casino and Hippodrome, San Francisco, and state that while the vaudeville features in the past few weeks have been of a high standard even better ones will follow.

Several big pictures have been contracted as well as single and double reel comedies and another educational subject. The Current Events run each Sunday, Monday and Tuesday which is most interesting and instructive, giving the latest in war events. The Selig World Library shows customs of the people as well as industries of foreign countries and is a worthy offering. Extremely low prices at the Majestic offers a whale of a show.

**BIG PICTURES AT GRAND**

Beginning Tuesday for three days, the Grand will present the darling of the stage and more recently of the screen, Billie Burke, in a five-act Paramount program and "The Mysterious Miss Terry," her initial offering, is said to be a winner.

Friday and Saturday the famous Japanese star, Sessue Hayakawa, will be featured in a Paramount dramatization of Wallace Irwin's well-known story "Hashimura Togo," one of the stories of the "Japanese School Boy" series which gained such widespread popularity for the author when they ran in several magazines of national circulation. Sessue Hayakawa is said to lend to the character of Togo all the charm and humor of his great genius. Sunday's attraction will be a melodrama, "Haters of Men," with Bessie Bariscale in the leading role. The Hearst-Pathe News Pictures with its timely and interesting news events is shown at the Grand on Sunday and Monday and also on Friday and Saturday.

**NEVADA STATE LIBRARY**

Sept. 18, 1917.

U. of N. Sagebrush, Reno, Nev.

Dear Editor:

Will you give space in your paper in your editorial and news columns, information regarding the raising of \$1,000,000 to provide libraries for soldiers and sailors in the different cantonments and naval training stations in the United States?

The Secretary of War has appointed the American Library Association to take charge of the campaign, under the leadership of some of the most prominent men in the United States.

The campaign was started to raise \$1,000,000 for books for the different cantonments, and training stations in the United States, then to transfer the books to the camps in France and at the end of the war to place the books in the permanent barracks and forts in this country and its possessions. The Carnegie Endowment Fund has donated \$350,000 to build thirty-two library buildings, 100x40 feet, in each one of the cantonments. The American Library Association and the big libraries in the east will donate the services of trained librarians to catalogue and take care of the books and the United States government will clothe, feed and provide sleeping quarters for the latter.

The governor will issue a proclamation designating the week beginning Sept. 24th as Library War Fund Campaign Week and the amount apportioned for Nevada is \$1,000. We have sent to the different cantonments fifteen hundred and five men, which means about 75 cents for each man enlisted.

The books for these cantonments have already been purchased to the amount of 600,000 by a force of expert librarians and professors at a great discount from the different publishers in the country. These books relate to study, reference and pleasure, so that the young man entering the army can keep up with his studies while learning to defend his country.

An appealing news story and an editorial emphasizing the duty and necessity of a thorough canvas will enable our state to contribute its share to the national fund.

With appreciation for the part you will take in this movement, I remain,

Very truly yours,

FRANK J. PYNE,

State Director for Library War Council.

AT THE GRAND THEATRE THIS WEEK

**Manzanita**

Miss Mack has been spending the week end in San Francisco with her brother who is recuperating from an operation.

Manzanita attractions proved too much for Lela Halsell. She returned to us Saturday night in spite of her resolutions to the contrary.

The Frosh girls have found a good field for extra gym work. The trip from the basement wood box to the drawing room is a long one and the fireplace needs constant replenishing these last few days.

Petitions have been offered by members of the football team for the use of some of the Red Cross bandages made by Manzanita girls. Judging by the black eyes, skinned faces and lameness exhibited after the Indian game this would be very much in order.

A large contingent of men visited Manzanita Sunday night. All of two men comprised the aforesaid aggregation, one being the editor of the Sagebrush, who came for Manzanita notes, the other Carl Horn, dean of plumbing, who came to fix a busted water pipe.

At the rate that the men are leaving college, Mills College will have nothing on us as an exclusive school for young ladies.

As these notes are being compiled, Old Black Joe, Massa's in the Cold, Cold Ground, Down Hawaii Way, Where I Chance to Stray With La Poloma and Oh Johnny, Oh Johnny How You Can Love, That Little Brown Jug of Long Ago, and many other celebrated hymns, anthems and songs are sung by our impromptu orchestra which accompany one another at spare moments.

Manzanitaites got into an argument after Saturday's game and decided that whereas, A touchdown in previous years counted five points, it now counts six points, whether this is due to the war or not they are unable to decide. Coach Whisman might enlighten us on this point.

If the war keeps on much longer we will be able to see the "Stern Sex" only in the movies.

A modern love affair. (Not at Manzanita).

Scenes 1, 2, 3, 4, 5. Time, modern.

Location, A Country Hamlet.

She made excellent pies,

He had wonderful eyes.

He said—I love your pies.

She said—I love your eyes.

Dan Cupid's decree,

Found such odd agreements,

Made a perfect bliss;

All ends in a kiss.

—Sims.

Manzanita enters a suit against the joint conspirators, the S. A. E.s and Phi Delta Taus, for the abduction of one "Al," a pup, highly treasured as a pet nuisance in the Hall.

**Baseball in the Bible**

Where are the nine. Luke, xxi:17.

And they say one to another, let us make a captain. Numbers, xiv:4.

Search you out a place to pitch. Deuteronomy, iv:39.

They shall run like mighty men. Joel, ii:7.

And the bases which Solomon had made. II Kings, xxv:16.

Now the men did diligently observe whether anything did come from him and did catch it. I Kings, xx:33.

Ang gave judgment upon him. II Kings, xxv:6.—Boston Transcript.

**SOPHOMORES ELECT PRESIDENT**

At a meeting of the Sophomore class last Tuesday night, Albert Cahlan was elected president to take the place of Pat O'Rourke who enlisted in the army this summer.

**FROSH ELECT OFFICERS**

At a meeting of the freshman class last week the following officers were elected:  
President—Ed Reed.  
Vice-President—Ileene Grenough.  
Secretary—Miss Hazel Hall.  
Treasurer—Bobby Griffith.

**Society**

**HAY RIDE**

The Freshman hayride was plotted and planned with the greatest of secrecy for Saturday night, but in spite of the fact that the boys were the only ones having full particulars, the girls were too apt to shout it all over the campus, the hayride did not remain as much a secret as was desired. The night was dark and gloomy and so fitted well with the deed. The favorite exits at Manzanita were the windows and fire escapes. Spice was added to the mysterious proceedings by various Sophs who thought it was their duty to trail all Freshmen little or big. Finally after wildly chasing all over town to ditch Sophomores who would fain be guests and who had already helped themselves to one of the Freshman cars by removing the Freshmen, the packed cars started for Huffakers.

A car of Sophs passed the trucks at various intervals and hurled bombs of eggs and ripe tomatoes but did not cause much damage. Everyone got to the hall safely except the president and the musicians who were tied up in some unknown place. However, the dance was not stopped by lack of music as the Freshmen outdid themselves in entertaining and making the trip enjoyable to all present.

**PHI SIGMA KAPPA**

Sunday morning the inhabitants of the farms between here and Bower's reaped a rich harvest when thirty-two picnics wended their way toward the mansion. The appetites of the aforementioned picnics were primed for apples, plums and cider, so a liberal supper of each was consumed.

When they reached Bower's everybody swam until they were tired and then went gold fishing. None of the gold fish seemed inclined to bite, so they gave up in despair and refreshments were served under the trees. When these had been damaged beyond despair the entire party adjourned to the mansion which they explored from top to bottom, some even venturing into the haunted room, but no ghosts were forthcoming.

At a quarter of eight they returned to town and sought further adventure in the line of refreshments at the tamale parlor, but the man in charge would "shtand no back talk" so they went to the Bonboniere, thence to the picture show and from there home, tired but happy, after the manner of all picnics.

**PI BETA PI**

At the regular Pi Beta Pi meeting Monday night at the home of Alice Hobbins Margaret MacMasters was initiated into the sorority. After the initiation ceremony a social evening was spent with music and Red Cross work. At 10 o'clock refreshments were served. Those present were Faith Maris, Hilda Herz, Alice Hobbins, Myrtle Cameron, Lola Hanna, Daoust, Isabelle Slavin, Dorothy Higgins, Helen Cahill, Josephine Legate, Alice Boynton, Edna Short, Margaret MasMasters, Delle Boyd, Lillian Esden, Edwina O'Brien, Pearl Stinson, Eunice Cagivin, Katherine Piegelhuth, Margaret Mack and Ruth Cannon.

**WHO?**

I've heard of much college nonsense, Such as Co-eds who sit on a fence, And are heard to declare In a headlight's bright glare, That the moon is simply immense, Oh, splash!!

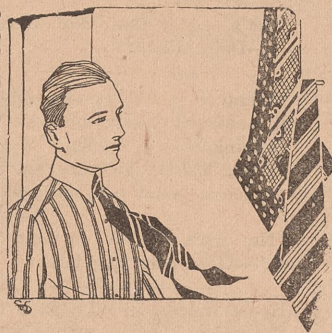

It is rumored that Manzanita Co-eds have refused to sign a petition that a light be installed at Sixth and Virginia streets, on the ground that Virginia street has too many lights now. The Sagebrush suggests that some of these girls use the alley route home if they prefer darkness.

A prominent Freshman on the varsity football squad recently endeavored to operate a jitney bus line without a license, between Reno and one of its flourishing sub-berbs. We understand that the police department seriously objected.
