

Men Students and Faculty Members Be At He-Jinks

A. S. U. N. DECIDE MATTER OF DIVISION OF DUES

Student Body Meeting Hears Report of Treasurer and Decides on Cutting of Melon

The regular meeting of the Student Body was called last Friday morning and several important matters were settled. Treasurer Stickney read a report of the finances of the students and showed a favorable balance in the treasury. The following figures were given:

Balance at beginning of semester	\$1,160.00
Football season expenses	929.24
Balance November 1	\$ 240.76
Additional receipts	33.21
Balance	\$ 273.97
Graduate manager's salary	35.50
Balance	\$ 238.47

An additional \$145 is in the comptroller's office to be divided as class dues bringing the total up to \$383.47. After the classes have received their apportionment there will be a clear balance of \$238.47 in the treasury to start next semester on. This is the first time in many years that the football season has ended with a surplus.

The amendment concerning the vice-president and making him the successor to the presidency in case of a vacancy was read and passed with no discussion.

The most important discussion arose over the division of class apportionments. The executive committee hit several difficulties in the intent of the resolution adopted last year and was uncertain as to how the money should be divided. There were several conflicting opinions as to how it should be done and therefore the executive committee submitted the matter to the student body with two tentative amendments to the resolution to remove the difficulty.

One amendment proposed an equal division among the classes regardless of membership and the other proposed a division each semester among the four classes according to membership. Each class will receive 50 cents each semester for each member in the class as a basis of class assessments.

A motion was also passed to have a committee appointed to confer with Major Ryan about obtaining uniforms for cadets. The matter seems to have been neglected this year and only the older men have uniforms.

An amendment to Article III, Section 3, was proposed as follows:

"Not later than thirty days after they take office the treasurer and business manager of the Sagebrush shall furnish a bond of \$200 each as guarantee of the faithful performance of their duties. The bond shall be approved by the executive committee and the expense of procuring the bond met by the association."

DISAPPOINTED IN NON-FLYING MACHINES AT CALIFORNIA

Aviators training at the University of California were disappointed to learn that the three new machines recently received were of the non-flying variety. These machines are of the modern type that have been used by the flying men but have outgrown their usefulness. One of the machines is called the "hoodoo" because it has never made a successful flight.

COLLEGE MEN ASSURED PREFERENCE IN DRAFT

Secretary of War Authorizes New Order Giving Drafted College Men Same Preference as Enlisted Men

Technical students throughout the United States will be allowed preference in their work if they are drafted into the new national army, Secretary of War Baker announced today.

The secretary has given Dr. Hollis Godfrey, chairman of the advisory committee on engineering and education of the Council of National Defense, authority to send the following telegram to 129 engineering and technical schools:

"I have just been authorized by the Secretary of War to request you to inform all your technical students that if they wait until called under the selective service law they can, upon summons to the cantonments, take with them letters from you stating their special qualifications. Such letters are to be filed with the occupational questionnaire of the war department under authority of this authorized telegram.

"The Secretary of War also authorized me to say every effort will be made to use each student's special training in connection with specialized occupations in the army so as to afford technical students of army age as great an opportunity through the national army as if they enlisted now."

PAY THOSE PLEDGES

The Students' Friendship War Fund Committee has sent word that it is very imperative that the pledges to the fund be paid at once or before the fifteenth of this month. The latest date is January 1 but the money is needed in the war zone as soon as it can be collected.

CALIFORNIA WILL NOT MEET NEVADA VARSITY

California Basketball Season to Include Only Teams Around the Bay Region

The lack of good material and the war time retrenchment policy has led Manager Stroud of California to announce that California's quintet of basket shooters will compete with only the teams near at hand and that both Nevada and the teams from the North will not be played.

Competition however will be furnished by the soldier teams at the training camps and the sailors at Mare Island. The enlisted men have several organizations composed of old college stars and will be worthy opponents. The regular California-Stanford series will be held as usual and will be run on the two-out-of-three plan to decide the winner.

In addition to the military teams California will play St. Marys, St. Ignatius and the Olympic Club. Neither Nevada or University of Southern California will be considered.

MANDOLIN CLUB NEXT SEMESTER MEETINGS TILL NEXT SEMESTER

At the last regular business meeting the Mandolin Club suspended activities until after the holidays. The extra amount of school work which developed as examination time approached made practice impossible. The next meeting will be called on the second Thursday after the opening of school next semester.

The club now has twelve members, Erastus Hansen joining at the last meeting.

Harvard Trains Officers
The Harvard University unit of R. O. T. C. consists of 1050, making up a regiment of three battalions and twelve companies.

INTERCLASS BASKETBALL STARTS WITH THIS WEEK

FROSH DEFEAT RENO HIGH AND SOPHS WALLOP SPARKS HIGH IN PRELIMINARY CLASS SEASON GAMES

SENIORS vs. JUNIORS WEDNESDAY NIGHT

GAME TOMORROW NIGHT TO START INTERCLASS SERIES FOR THE CHAMPIONSHIP--FRESHMEN AND SOPH GAME THURSDAY

Class basketball has already begun in Nevada. The Freshmen have twice played Reno High and the Sophs have had a game with Sparks High.

In the first Freshmen game the Frosh nipped Reno to the tune of 49 to 25 on the High School court. In the second game on Monday night they stepped on Reno again. The game was slow and ragged and both teams showed poor class. Martin at guard probably did the best work for the Frosh. The final score was: Frosh 51, Reno 12. The line-up was: Egan, center; Latin and Waite, forwards; Warren and Martin, guards.

The Sophs found Sparks an easy team to beat. The game was played at Robinson Hall last Saturday night. Capt. Pat O'Brien said that both teams played good clean ball. Gooding proved to be the star forward although all members of the team made goals. The final score was Sophs 38, Sparks 30. The Sophs lined up as follows: Corbett, center; Frost and Moody, guards; Gooding and O'Brien, forwards and Berning referee.

The Interclass series will be played off this week. Tuesday night the Juniors and the Seniors will tangle for the first game of the series. As the two classes have so far played as one, little can be said regarding the teams. Both teams have some good men but while the Seniors have eight to pick from the Juniors will have to select a team from four possibilities. Stever is the Senior captain and Cessna leads the Juniors.

Thursday night Lattin's university chlorophy will give the Sophs a run for the Interclass pennant. The Frosh are well organized and have a good team. They trimmed Fallon High and have twice put the crusher on Reno. Waite is their strong point and he will probably cause the second year men some anxiety as he is a sure shot and covers the floor well. The Sophs are not lacking in material either. They have already demonstrated their ability by trimming Sparks. They are handicapped, however, by the lack of a tall center. Corbett, who has been holding that job, is the shortest man in school to try stretching for the high ones. The advantage that the Sophs lose of height and basket shooters they hope to make up with speed. The teams will line up as follows: Sophs--Corbett, center; Moody and Frost, guards; O'Brien (Capt.) and Gooding, forwards. Frosh--Egan, center; Waite and Lattin, forwards; Warren, Quilici, Martin, guards. Seniors--Stever, center; Holcomb, Pargellis and McCarty, forwards; Malone, Melarkey, guards. Juniors--Cessna, center; Allaniva and

FRAT HOUSE NEARLY RUINED

A lighted bomb was thrown into the second story window of the Phi Kappa Sigma fraternity house at the University of Wisconsin last week, early in the morning, but was put out before any damage could result. An investigation was held and the police declared there was enough explosive in the bomb to wreck the house. The bomb consisted of several sticks of dynamite and a bottle of acid.

DOROTHY PATTERSON ON STAFF OF BIG COLLEGE PAPER

Dorothy Patterson ex-'18 is a member of the staff of the Michigan Daily and has won fame as a writer of ability on that paper. The Michigan daily is about the biggest and best college paper in the United States.

"HE-JINKS" SCHEDULED FOR NEXT FRIDAY NIGHT

Men Students and Faculty to Make Merry in Annual Stunt Night and Smoker

It will be the men's turn next Friday night to hold an exclusive party and let off a little steam and enthusiasm in a big good time. If present plans are any indication, there will be some side-splitting original stunts pulled off. Good clean comedy will be on tap for the major part of the evening and refreshments and a few serious talks by interested faculty members and business men from down town will round out the program.

President Harriman called a meeting of the committee in charge Monday night and full plans were discussed and arrangements completed for something good in the way of entertainment. Redfern, Caffery, Melarkey, Gooding, Knight, Kimmel, Prof. Jones, Prof. Haseman and Prof. Wilson are the members of the committee on arrangements.

Among other things there will be a basketball game between the Faculty and the Seniors in which the Faculty will wear bloomers and the Seniors dresses. Prof. Haseman as guard promises to keep Bill Holcomb to a scoreless game. Dean Knight ought to make a shifty little forward as opposed to "Pinkie" Brown also.

Every man in college is liable to draft and must take his chances with the draft board and examining physicians borrowed for the occasion. Come and see the boards in session and find out whether the government will accept you for service. This is promised as one of the special features.

Festivities commence Friday evening at eight o'clock and the prevailing mode of dress will be soft shirts and old clothes. There will be something good to eat and drink and smokes. A special invitation is extended to faculty members and old alumni to be present. Men students of the University cannot afford to miss it.

RED CROSS BENEFIT STAGED TO BIG HOUSE

Physical Education Department Under Direction of Miss Sameth Gives Successful Production

"The Awakening" was given last Tuesday night at the Rialto theater under the direction of Miss Elsie Sameth by the university, high school and grade girls, to a well-filled house. The play was given for the benefit of the Reno Red Cross chapter, the net receipts amounting to about \$300.

The curtain rose at eight o'clock, showing a scene in fairyland, with all the nymphs of the queen's garden lying gracefully about the stage. So still were they that they all appeared to be asleep and would not have stirred had not Man (Professor Turner) who, seeking contentment in the woods, and unable to find it, disconsolately sighed and disturbed all but a few elves. In an effort to make him happy, many fairies swarmed forth and danced, while the Girls Glee Club sang. This failed to quiet him so their Queen (Emma Lou Singer), with her maids (Marjorie Cowgill, Donna Dyke and Alice Hobbins), came out and danced. But still weary, Man fell asleep on the fairies' knoll and there the Queen found him and called a council of Father of the Winds (Pauline Bull), Love (Ruth Wilson) and Mother Moon (Mrs. Forest Whiting). Then Man awoke and the little fairies merry and happy, circled around and again the Girls' Glee Club sang. Love then appeared and quiet reigned, while Love sang contentment to all of the fairies. There was a stir, then quiet and the Queen gracefully appeared before her little subjects to dance for them and make them happy. As their Queen withdrew, the little fairies circled around Man, but soon broke apart to allow Mother Moon to come out and sing to them. When she disappeared, Sunshine burst forth with songs and greetings of the morning and all the little sunbeams danced and were merry until the curtain dropped on the first act.

Act two opened with Man still gloomy. Truth, wishing to befriend Man, was struck by him and ran away. Then Nature, in her anger, sent flashes of lightning and peels of thunder and all was confusion. The tumult was hushed and the winds and waves danced and in turn the little brown elves, the fairies and the flowers all danced, for Joy. The curtain then went down on the last act and Man was finally happy, for he had found Love, Truth and Faith.

The play was staged to a very pretty setting and the acting and dancing, so far as it went, was very well carried out. But there was something which left you wondering what it was all about. There seemed to be a mechanical air about the whole affair which took away the true meaning that the idea was meant to imply. Every person in the audience felt this, for they all remained seated and did not move until the girls of the Glee Club and others who had been taking part began to leave. If there had been more acting along with the dancing, together with some kind of a climax, the play would have been even more of a success.

Some are sorry that the three cent letter rate goes into effect. But consider the other side—it now costs your creditors a higher amount as a gentle reminder.

MANZANITA RED CROSS WORK SHOWING RESULTS

Girls Making Bandages at Rate of 2500 a Month Besides Knitted Goods

When the girls of the college expressed a desire to help in the world war and a branch of the Red Cross was established at Manzanita Hall all had great expectations of work from the University.

These expectations were fulfilled for the first two months of the semester, for in those months over 5000 surgical dressings in addition to twelve scarfs and two sweaters, while work was well started on several other scarfs and sweaters. This shows that 2500 surgical dressings were made per month.

From November 15 to December 5 only 800 dressings have been made. There are only a few days left to bring the number up to the 2500 mark.

It takes only three minutes to make a surgical dressing. If each girl in the university gave six minutes of her time each day to this work it would be possible to hand in many times 2500 dressings to the Red Cross.

The Red Cross room is in Manzanita Hall but the work goes out in the name of the University so all university women are again invited to spend their spare time in Manzanita's Red Cross room folding bandages for the soldiers of America.

Bob Donovan ex-'18 is in Reno taking examinations for the next R. O. T. C. Bob enlisted in the Marine corps and served three months when he was discharged to take the draft examination. He was exempted from draft and therefore decided to try for appointment to the next training camp. He was a member of the football team for two years and is a Phi Sigma Kappa.

PROF. TURNER DIRECTS PAGEANT AT MAJESTIC

Prof. Turner of the English department has won a great deal of favorable comment by the way in which he directed the "living pictures" at the Majestic theatre last week. Prof. Turner arranged the tableaux, to the number of about twenty, in a representation of the greatest events in American history and the skill with which he succeeded was evidenced by the crowds that came to every production. Prominent parts in the tableaux were taken by Adele Norcross and Eleanor Turley. The proceeds went to a war fund.

The fewer words it takes to tell your story the bigger type you can afford to advertise it in.

PREPARATORY COURSE GIVEN TO AVIATORS

Courses in Mathematics, Wireless and Gas Engines to Aid Expectant Aviators

Faculty members at the University of Nevada aim to do their best to win the war if it is only teaching others to win. The opinion has been expressed that college courses are not useful enough to the soldier in actual experience in the field and that the future aviator and officer is really wasting time by marking time in college until his call comes.

Realizing that certain courses have no immediate advantage to the enlisted man waiting for the call, certain members of the faculty are trying to solve the problem by giving a few subjects that are actually required of the men in the training schools and allowing the students to drop the others. No credit towards graduation will be given for those taking the courses and they are given entirely on the volition of the instructors. In regard to the subject matter and further plans, Prof. Haseman who is the originator of the idea, has the following to say:

"The work in Berkeley is rather difficult since so much material has to be learned in a short time. It is the purpose of the courses we are giving the boys to cover some points in the various subjects they will have to have in Berkeley so when they are called there, they will have no trouble in making good. I am giving special aid to the boys who haven't had much mathematics, as a good knowledge of mechanics and mathematics will make their ground work easier."

"I am giving the mathematics required including mechanics. Then we will take up the theory of the airplane insofar as determining stability, air pressure on wings, shape of wings, stresses in the various members of the machine, horsepower required to produce flight and climbing power."

"Also there will be some work in astronomy, insofar as learning the motions of the solar system, interpretation of direction and time are concerned. Certain important stars, planets and constellations are useful in locating directions for a flyer, especially if his compass has gone wrong."

"Prof. Hartman expects to give a series of general talks to the boys upon wireless that will help them in their ground work at Berkeley. Also

WOMENS' LEAGUE TO SEND XMAS BOXES TO NEV. MEN

Each Nevada Man In Service of Country to Receive a Box From Girls

At the last meeting of the Women's League it was decided to send Christmas packages to all U. of N. men enlisted in any branch of the service. A box was set up in Miss Sissa's office filled with slips of paper on which the names of all enlisted men were written. Each girl drew a name by lot. There was supposed to be no choice about the matter but a great deal of trading must have been indulged in because everyone seems satisfied with the names drawn.

The girls have been very busy the past few days making candy and various other dainties to put in the boxes. The contents of these packages will consist mostly of eatables and according to a ruling of the league must not cost over a dollar. The league has had some Christmas cards printed which will be enclosed in the box as well as the card of the sender.

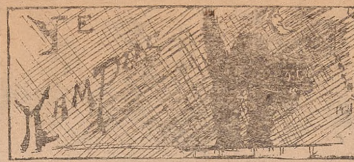

The Y. W. C. A. has voted \$13.79, the proceeds of the sale of chocolates in Miss Sissa's office from November 1 to December 1, to the fund. This money will be used to defray the expense of mailing.

The packages are all supposed to be in the hands of the mailing committee by the tenth of December because some of them have a long distance to go and must be sent early in order to reach their destination by Christmas. The mailing committee is composed of Phyllis Brown, Marguerite Drumm and Alice Kincaid.

Mr. Robt. Allen plans on giving a course in the theory of the gas engine. In addition, the boys will learn the wireless code and have that much less to worry about when the time comes to go to the training school.

"The boys are all going into aviation with all their might and mean business. They are determined to make good and some of us want to make it easier for them."

About ten men are now enrolled in the classes and work was started this week. The only difficulty is in the periods for lectures and they have to come at odd hours. Any other students who would like to enroll in the courses may do so by seeing either Prof. Haseman or Hartman.

BOY SCOUTS WILL GIVE EXHIBITION AT RIALTO

Feature Boy Scout Picture and Several Stunts by Local Troop--Rev. Brewster Adams to Talk

One of the most interesting programs of the season will be given Friday evening at the Rialto Theater. The exhibition will be given by the troop of Boy Scouts which made such an excellent showing in the last liberty loan.

The program will consist of a feature picture showing the boys in action. This picture tells the story of a group of Boy Scouts on a camping trip who come in contact with a gang of boy thieves. The encounter between these groups furnishes many thrilling incidents and make up an intensely interesting picture.

Rev. Brewster Adams, who is well known and well liked on the hill, will make a short address on the boy problem and Boy Scout work in Reno. The boys will also put on a snappy exhibition which they entitle "A Day in Camp."

Things that never happen: A musical dancing show directed by Miss Sameth in which the directress never once ventures forth into the glare of footlights to proclaim her importance in the play but calmly views the spectacle from "nigger heaven." So all the credit for success does not rest upon her head.

Society editors grow more popular as the seconds tick by. Sorority girls on the hill have a new fad. A great effect is accomplished by ringing up the Journal or the Gazette to report every little doing of the Women's Safety League or some like organization to which they belong. The editors have pictures of practically every sorority girl on the hill who wishes to "burst out into print" by sending in her picture thus proclaiming her to be an all important being. It's a great scheme, girls! Self-advertisement is the first law of your college education!

Miss Phillips of the comptroller's office and Miss Blaney of the president's office showed forth during the week in dashing, awning-colored, new dresses. For their benefit we must make a new ruling in the prize man-hunt contest. Only ladies under thirty years old are eligible to trap the bashful trio of Lincoln Hall.

One day last week Manzanita Hall was the scene of a very delightful and most charming tea. The affair was given in honor of Mr. George Luke-warm Peart upon the completion of his thousandth visit to the hall. Some two-score of young ladies attended and assisted in pouring tea for their guest.

It seems that the Sagebrush staff is having difficulties of its own during the past two weeks. Last week the editor thought he was in a pickle because the business manager had been having a time of his own. This week the business manager is in a worse pickle because if developments get much worse on the part of the editor, he may be mistaken for the house pet of Manzanita some fine large evening, and be locked on the inside instead of the out. This would result in no news for the publication and again I say, "Something ought to be done, alright."

Yes, it is possible to over advertise. The mistake is made once is 13,270 times.

**PANORAMIC DANCE
BLACKSHEEP HOSTS
SOME TANGLE**

(We sent one of our newest and greenest cub reporters down to report on the Maple Hall dance and this is the result of his efforts).

University Boys vs. Down-town Girls.--15 min. quarters.

Girls had the form but the boys had the condition and condition always wins, therefore the dance was a rousing success from the first going to the last.

Tonoy Bascas kept time and ground out wop music and we're for him.

The dance was enjoyed by about thirty of the chosen deciples who arrived periodically between the hours of 9 and 12 G. M. The boys were somewhat erratic at the start, but soon settled down and were going strong at the finish.

In sympathy with the strenuous times, "Hooverized" refreshments were used, which is latin for condensed, however, this arrangement seemed to be entirely satisfactory as

**25,000 BASEBALLS ORDERED BY
Y. M. C. A.**

What is said to be the largest single order of baseballs ever issued was recently placed by the Y. M. C. A. with a sporting goods manufacturer for use behind the battle front in Europe. It calls for 25,000 baseballs. Baseball is said to be a very effective and beneficial sport for soldiers when resting from the severe strain in the trenches.

**PROF. MOSIER IN
"GAS AND FLAME"**

Prof. Mosier, former instructor in the chemistry department at the University, has enlisted in the gas and flame service as a skilled chemist. He expects to see service in France immediately.

one of the boys was caught tipping the "wop" four bits for a fourth encore.

So here's to our girls,
Oh, how we love 'em;
But if they won't come to our dance,
We'll dance without 'em.
P. S.--About three of our ambitious brothers failed to show at the last minute, due we are told to the women's rights club.

COWLES-JEPSON WEDDING

At a military wedding last Thursday evening Miss Dorothy Cowles became the bride of Lieut. Melvin Jepson. The ceremony was performed by Rev. T. L. Bellam of the Sparks Episcopal church at the home of the bride's parents on Mill street. Miss Gladys Dunkle was maid of honor while Lieut. Frank Hobbins attended the groom. A short reception followed the wedding after which Lieut. and Mrs. Jepson departed for Washington, D. C.

Mrs. Jepson is a member of Omega Nu and attended the university for a short time. Lieut. Jepson graduated from the College of Engineering of the University in 1911 and during the next three years he acted as superintendent of the Sparks schools. He was then appointed secretary to one of Senator Pittman's committees but gave up this position when he received his commission as lieutenant in the regular army.

ALUMNI ENTERTAINS

The Association of Collegiate Alumni entertained Miss Ethel Moore of Oakland Saturday afternoon at a luncheon given at the home of Mrs. Phillip Wentworth. Covers were laid for Miss Moore, Mrs. John Fulton, Miss Margaret Fulton, Miss Margaret Mack, Mrs. Cole Harwood, Mrs. Steinway, Mrs. L. W. Hartman, Mrs. Steinway, Mrs. A. E. Hill, Miss Holstetter, Mrs. Charles Haseman, Miss Effie Mack, Mrs. Robert Price, Miss Pope, Mrs. Silas Ross, Miss Katherine Rigelhuth, Mrs. Lester Summerfield, Miss Elsie Sameth, Miss Linn, Mrs. McNair, Miss Sears, Miss R. G. Hilters, Mrs. A. E. Turner, Mrs. Fuller, Mrs. F. Trainot, Mrs. Woodward, Miss Mills, Miss Denny, Mrs. J. R. Young, Miss Mila Coffin and Mrs. Phillip Wentworth.

PAN-HELLENIC DANCE

That men are not the essential component of a good time was fully proved at the formal dance given Friday night by the University of Nevada Pan-Hellenic Association which is composed of Delta Delta Delta, Pi Beta Phi, I. O. A. O. and D. K. T. sororities.

The dance was held in the gymnasium which according to the custom instituted since the war, was decorated only with greens upon the platform.

The attendance was limited to the women of the University but a casual observer would never have been aware of it, as the sorority members were attired either in full dress suits or cadet uniforms while their guests, the non-sorority girls, the mothers of the members and their patronesses were in evening gowns. Excellent music was furnished by a four-piece orchestra.

During the evening ginger snaps and Truckee river punch, a form of refreshment highly approved by Hoover, were served.

All had a most enjoyable time and the girls are hoping that the first will not be the last of the "manless dances" to be held upon the hill.

SIGMA NU BANQUET

The annual banquet of Sigma Nu fraternity was held on the Riverside Lanai Saturday evening. During the banquet entertainers played and sang. The banquet was followed by a dance. Those present were: Dean and Mrs. Knight, the Misses Riley, Jansen, MacMasters, Garrison, Norcross, Cox, Winters, Wilkie and Messrs. Cessna, Fraley, Frank Warren, Gordon Harris, Harden, Scoular, Manson, E. A. Brown and Boyle.

The fascination of jazz music is our idea of the "call of the wild."

PAULINE FREDERICK in "The Hungry Heart" A Paramount Picture

GRAND THEATRE

The Grand have some attractive programs booked for this week and the following week. Today, tomorrow and Thursday Pauline Frederick, the supreme dramatic artiste of the screen, will be featured in a strong Paramount drama, "The Hungry Heart." On the same program will be a Burton Holmes Travelogue, "Manchuria" and an added attraction, "Over There," an interesting picture showing the construction of the huge government

**DOUGLAS FAIRBANKS
AT MAJESTIC**

Next Friday and Saturday the inimitable Doug will again be seen in one of his action pictures, this time it is comedy drama, although Doug again has a real scrap with a bunch of hold-up men. "The Habit of Happiness" is the title of this vehicle and the athletic star is quite happy when he takes two down and outs to his room and to bed but the awakening reveals considerable unhappiness to Douglas.

An interesting vaudeville olio is included in the program including Hannah & Pardner, Belle Neustead in a novel change act. Best, Morton and Kerr are three clever musicians who extract harmony from various instruments.

Wednesday the change of program will have the Two Carltons, billed as the silent humorists, Sigmund and Manning, serenaders, who introduce odds and ends in musical comedy, while Miss Neustead will be seen and heard in novel and pleasing musical features. Harry Morey is the feature picture part of the bill in "Who Goes There," a story of the great war of nations. The scenes are laid in Belgium and is based on an actual incident. A Selig World Library, an educational subject, and a one-part slap stick comedy picture "Chumps and Chances" round out a big comedy program. Wm. S. Hart is due next week in a big story of Wall Street in which Bill has a big fight. Taylor Holmes

training camps. Friday and Saturday popular Harold Lockwood will be seen in an eight-part drama "Under Handicap" which is said to be one of his best productions. The Hearst-Pathe News-pictures will also be shown. Next Sunday the celebrated star, Jane Cowl, will be featured in her first motion picture production, "Spreading Dawn." As an added attraction Sunday Fatty Arbuckle will be seen in a side-splitting comedy, "His Wedding Night." Mary Pickford comes to the Grand for the midweek program next week.

in "A Small Town Guy" and Earle Williams in "The Love Doctor" are film features of more than ordinary merit.

At last Wednesday's meeting of the Y. W. C. A. the work of that organization in the army contentments was graphically represented by a one-act play. The scene was the Hostess House at Camp Funston with Miss Shade as hostess. The part of a mother who had come to visit her son was taken by Mary Browder. Faith Maris represented the busy Y. W. C. A. secretary. Freda Daust, a society girl anxious to assist in the work. Jo Damm was a club woman interested in raising funds. Dorothy Higgins was a country girl who had come to the camp because her best beau was there and Evelyn LaKamp was a soldier's sister anxious to be near her brother. Nellie McWilliams contributed music during the program. At the end of the performance the audience had a fuller realization of the tremendous work that the Y. W. C. A. is dealing with so successfully.

Harold Bauer is not the only musical attraction scheduled in Reno this week. The Girls' Glee Club is to have complete charge of the next Y. W. C. A. program which is to be devoted to Christmas music. The meeting will be held in the music room on the third floor of Morrill Hall. All music lovers are invited to attend.

Manzanita

Jo Damm—Gee whiz! I'm just worn out. I've been writing a theme all morning to the tune of "Over There."

Mary B.—Why the idea! What professor on this hill requires you to write a theme in poetry?

Miss Dixie Coke who has been attending U. C. this semester is spending a week with Miss Marian Weck. After returning to California she will attend Munsen's school in San Francisco.

Wanted—A thought. What about? About anything from the psychology of the soul to the conditions of the roads in Chancers' time. Anyone having the same deliver at Manzanita before Friday.

Ruth Miller '16, assistant in Dr. Mack's office, has been ill for the past week and unable to fulfill her duties.

ARTEMISIA MANAGERS WISH PICTURES TAKEN

Individual Senior and Junior Pictures Should be Taken Before End of Semester

Plans for the Artemisia are maturing rapidly and the staff is going to finish every part of it at the earliest possible moment so that the book will be printed several weeks before the end of next semester. To carry out this plan it is important that all individual pictures be taken this semester. Goodner, the photographer for the last four annuals, has been selected to do the work. He will be in his studio up to three o'clock every day until the end of the semester.

All members of the Junior and Senior classes and all others who are going to have individual pictures made should do so before the end of the semester. Group pictures will be made next semester. The photographer has made special rates on panels and anyone wanting a panel of his club or fraternity can get it at a reasonable rate.

"BIG TEN" FOOTBALL SEASON GIVES OHIO CHAMPIONSHIP

The "Big Ten" Conference came to an end a week ago after a season of ups and downs for every team. The teams that were picked to be the strongest turned out to be the weakest and vice versa.

The final standing of the teams are as follows:

	Pct.
Ohio State	1000
Minnesota	.750
Northwestern	.600
Wisconsin	.600
Chicago	.500
Illinois	.500
Indiana	.333
Michigan	.000
Iowa	.000
Purdue	.000

With the exception of Michigan which played only one game, each team played four games.
 Mrs. Blaney, secretary to the president, is looking forward to the return of her talented daughter, Dorothy Blaney, for the Xmas vacation. Dorothy is a senior at Dominican College and is specializing in music. She is well known in Reno for her ability as a musician.

Rarified
 "So your son's in college, eh? Burning the midnight oil, I s'pose?"
 "Well—er—yes; but I've an idea—er—that it's gasoline."—St. Patrick's Monthly Calendar.

PRES. CLARK TO BE HERE BY DECEMBER 21

New President Leaves Position in New York Next Week and Will Arrive at Nevada Before Xmas

President Clark has sent word that he will assume his duties as President of the University of Nevada before Xmas. He promises to be here before December 21 and may arrive earlier.

His family will accompany him and to receive them the president's house is being renovated and repaired. President Clark is very anxious to commence his labors at Nevada and will put the Xmas vacation to good advantage in familiarizing himself with conditions.

He will bring with him the new "Service Flag" which is planned for the enlisted men of Nevada. The flag was so large that it had to be specially made in the East and President Clark was commissioned to attend to it. The flag will have a star for every Nevada man in service and will contain about 130 stars.

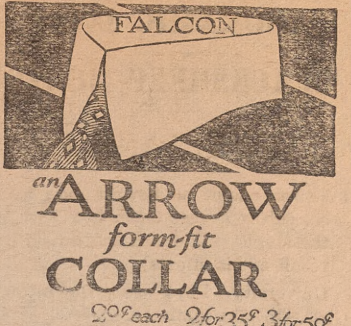

TIME TO HUNT UP OLD SKATES DRAWING NEAR

Ice skating began Sunday morning on the N. C. O. pond. If the cold weather holds the ice on, the University Lake will be strong enough to use by Wednesday. Every effort will be made to keep everybody off the lake until that time in order to keep the ice in good condition as long as possible. Playing of hockey will not be allowed because the game cuts the ice up and no one besides the players can skate without danger of being hit while the games are going on. If everyone will comply with these rules the Hall men will keep the ice in the best possible condition while the season lasts.

LADIES, DON'T READ THIS!

—Ex.—
 If she had to stand on her head, 'how',
 But we know she'd get at em some-
 If these lines never be read,
 ing,
 Now we'd say something real shock-
 If she gets the least sign of a show,
 By golly she'll find it out some how,
 It's something she oughtn't know,
 If there's anything worries a woman,

"Building a Car for the Millions"

It is not enough for the CHEVROLET MOTOR COMPANY that their car is used by thousands of owners in the United States. Always it has been their ambition that they should number their owners by the million.

These shrewd business men know that only in one way can this be attained. THE CAR MUST BE RIGHT.

It MUST be right in every way. It MUST first of all be economical. This is imperative to the man of modest means. It MUST operate with the lowest minimum cost of upkeep. It MUST have good looks to insure pride of ownership, and it MUST have a dollar-for-dollar value through and through.

These demands have been in the minds of the Chevrolet engineers when building the Chevrolet "Forty-Ninety." It is the lowest priced electrically equipped full sized automobile in the world today.

We can arrange terms to suit you. The price of the Chevrolet "Forty-Ninety" five-passenger cars is

\$715.00
