Manzanita Hall Girls to Be Entertained Sumptuously by Lincoln Hall Hosts.

The annual Lincoln Hall party or 'open-house" to the girls of Manzanita Hall will be held next Friday night. All the rooms in the hall will receive the cleaning of their lives so that the girls cannot see how a man lives when he is left alone. After a tour of inspection, dancing and stunts will take up the evening until the big banquet

During supper talks will be made to the assembly by several students and faculty members. This party is always one of the big events of the year and is looked forward to with pleasure by the inhabitants of both halls.

The United States government has sent out bulletins asking women, and particularly college women, to enlist in the service as tractor drivers to work on the farms. According to these bulletins, women are especially adapted to that work.

NEVADA FINISHES IN FOURTH PLACE

Varsity Scores 186 Points to 137 of Opponents.

As far as Nevada is concerned, the season is now finished and the results surmised. Four more games remain to be played in the California-Nevada league but they will merely decide the cellar positions. Davis plays College of Pacific February 22, College of Pacific and St. Ignatius tangle February 22, St. Mary's meets College of Pacific March 1, and St. Ignatius and St. Mary's finish the season March 9.

St. Mary's is without a doubt the winner and will finish the season with a perfect score. Stanford lost the game to St. Mary's and comes second; California was defeated by St. Mary's and Stanford and will come third, while Nevada was defeated by these teams and will come fourth. It remains with St. Ignatius, Pacific and Davis to find out who comes last.

Nevada, however, scored 186 points during the season to her opponents' 134. This is probably larger than that made by any other team in the league. Following is the table:

ONE THING OVERLOOKED

We are always trying to develop and improve but there is one thing that the university has overlooked. That is a fire brigade.

How many men are there on the hill at present who, if one of the buildings here should catch afire, would know where to find the fire apparatus with which to fight and put it out? How many students are there here who know where the nearest fire alarm box is and the nearest hydrants? How many are there who would know how to connect and use the apparatus after once found? All who can do this can be counted on the fingers of one hand.

Because of this we should take action and believe in preparedness although we might never have cause to profit by our organization. Why not have a fire brigade composed of men students whose business it would be to know where this apparatus is? Let us think about this, discuss it, and then get together and take action.

The University expects the team to go down on the business of winning and anything that sets a handicap on the fulfillment of that purpose should not be tolerated by the University. As stated before, this is not a reflection on the present team any more than in teams of other years, but it is easily demonstrated by the results of last week's games.
