COFFIN AND KEYS RUNNING STAGED NEXT THURSDAY

FIVE CANDIDATES SELECTED BY HONOR FRATERNITY TO TAKE FIRST DEGREE IN FIRST PUBLIC RUNNING ON THURSDAY.

GOOD ENTERTAINMENT PROMISED

IMPROMPTU STUNTS TO BE PULLED OFF BETWEEN CLASSES BY COSTUMED NOVITIATES WITH SPECIAL RENDERING AFTER LUNCH AT "GOW HOUSE."

The first public running of the Coffin and Keys honor fraternity is scheduled to take place next Thursday. This is the first time that the initiation ceremonies have been made partly public and a rare treat is promised in the way of entertainment of a humorous nature when the initiates step into the public eye on Thursday.

Five men have been chosen by Coffin and Keys as worthy candidates. They are: Ira Redfern, Clem Caffrey, Harold O'Brien, Harry Day, and Tom Jones.

Harry Day is a senior and one of the live wires of Lincoln Hall. Ira Redfern, Clem Caffrey and Harold O'Brien are juniors and the most prominent men of their class. Redfern is a member of Phi Delta Tau fraternity, Caffrey is an S. A. E., and O'Brien is a Sigma Nu man. Tom Jones will be a junior next year and is one of the strong men of the S. A. E. fraternity also. All these men

were picked as leaders in student affairs and have a record of achievement to recommend them.

Coffin and Keys fraternity has been organized on the Hill for two years and has played a prominent part in setting the aim for student achievement. It has as its primary purpose the betterment and upbuilding of the University of Nevada, and through its organization of representative men from every group of student sentiment, and the faculty is in a position to accomplish a great service.

The student membership is restricted to upperclassmen, but sophomores are elected the last semester of their sophomore year so that they are upperclassmen the following semester. The present membership is as follows: Charlie Gooding, Prof. Jones, Lyle Kimmel, Coach Whisman, Will Sweeney, Harry Stephens, Mark Cessna, Clinton Melarkey, and George Hopkins.

MACKAY DAY COMING TWELFTH OF APRIL

Debate and Hard Times Dance to Be Attractions of Evening.

Two big events are coming off the night of Mackay Day, which comes on April 12th. First there will be a debate between Nevada's team of debaters and the team from Brigham Young college from 7:30 until 9 o'clock. Nevada is well represented and should get the best of the argument.

Then the floor will be cleared for dancing and a rare variety of a hard-times dance will follow under the auspices of the Gothic N Society. Rumor has it, and the rumors are growing stronger, that the girls are going to dazzle the boys with some camouflaged costumes that have never before been seen outside the Hall.

Both attractions will be handled in conjunction and one ticket will admit the purchaser to both. Seventy-five cents will be charged a couple to gain entrance, which means that fifty cents can be saved on the debate admission and at least twenty-five on the dance. This should draw a large crowd.

Gothic N Society is to receive two-thirds of the proceeds and Clionia the remaining. The Gothic N Society will devote its share towards buying pins for the girls winning their letters while Clionia will pay the expense of bringing the Brigham Young debaters here with its share.

DRAMATIC CLUB TO PRESENT IRISH PLAY AT CENTURY CLUB

With a cast of more than usual ability the Girls' Dramatic Club is rehearsing for "The Riders to the Sea," by Synge. Faith Maris as Maurya plays the leading role, aided supported by Eva Hale as Bartley, Zelma Francis as Nora, and Adele Norcross as Cathleen. This play will be given at the Century Club Friday, April 5, at three o'clock. The admission will be twenty-five cents and a good attendance is desired. Tickets may be purchased from any of the Dramatic Society girls.

Now that the weather is moderating, what is a fellow going to talk about?—Red and Black.

FIGHT GROWING HOT FOR BASEBALL PLAYERS

GODDESS OF FORTUNE PROVING FICKLE IN DISTRIBUTION OF HONORS WITH FATE OF TEAMS SHIFTING FROM GAME TO GAME.

LADIES INVITED TO WITNESS

HOPKINS' HOBOES EMERGE FROM WEEK'S STRUGGLE WITH BEST CHANCE FOR LEAGUE PENNANT BUT LAW OF AVERAGES FORETELLS A FALL. FACULTY RECEIVES HUMILIATING WALLOPING.

Baseball is not only holding its own in the University but is gaining in strength at every game. The league is playing its eight games weekly and several outside games are pulled off each week-end. Through the week the S. A. E. fraternity defeated the Phi Sigs at the indoor game and the town men lost to the Lincoln Hall sluggers in regular baseball.

On Tuesday of last week Kimmel's Kommerz walloped the faculty in the most one-sided game of the series. The score was 15 to 2, which makes the faculty's chance of winning the pennant look doubtful. In the evening game the Stickers lived up to their name and put one over on Melarkey's Muddlers. In the game on Wednesday afternoon the Goofs brought Cessna's Sissies to grief. Thursday afternoon the Muddlers sent Jones' Jokes one notch further down the list. The game belonged to the faculty most of the time, but Melarkey overcame the lead in the last two innings and came out ahead. In the first evening game the Kommerz were stopped coming by Gooding's Goofs with a score of 19 to 6.

The second game of Thursday evening was won by the Hoboes from Stephens' Steppers by the score of 13 to 9. The Friday afternoon game was the closest of the series. The Hobo bat-slingers squeezed nine runs out of Stickey's Stickers while allowing only seven runs. A feature of the game was the artistic throwing of the bats, in which one was broken and the piano received another scratch. In the evening game Cessna's Sissies won their first game from Stephens' Steppers. The game was a merry-go-round for both sides, the Sissies scoring 20 times to the Steppers' 17 circles.

The Faculty came back last night and defeated Stephens' Steppers in a hard fought game by a score of five to three. It was a totally unexpected comeback, as the dopesters had the Faculty scheduled for an easy cellar position.

After a mushroom growth the league is proving itself to be made of solid material and is creating an interest in baseball that has never before been known in the University of Nevada. Practically every man in school is playing, and a peculiar fact, brought out by Coach Whisman's figures on the standings of the men and teams, is that many of the top-notchers of the league are men who have never played any amount of ball before. Not only the students are taking to it but the faculty are also on the dot for their games, and several who were never suspected of being followers of the national game have proven themselves to be stars. The men are not the only ones interested.

WORKERS NEEDED IN Y.W.C.A. WAR WORK PROJECTS

The Y. W. C. A. is in need of workers to carry out its war program. The trained women are the only ones who are desirable in these critical times. Special information courses are being arranged for the spring and summer for women who have already had a certain amount of experience which can be made available for these positions of leadership among girls. The leaders most in demand are those who have had the longer courses at the national training school in New York City. Details about all these forms of training and the first year work carried on by the field committees may be had by addressing Secretarial Department, 600 Lexington avenue, New York City.

NOTICE TO OUTSIDE SUBSCRIBERS

The Commencement Number of the Sagebrush, which will be a twelve-page edition of the year's record to take the place of the annual Artemisia, will appear on or before April 19th.

The cost of a large number of engravings and extra press work has made it necessary for the management to charge an extra price to subscribers for this number, and twenty-five cents will be charged for each copy sent out.

SEND YOUR TWO-BITS IN BEFORE THAT TIME.

The paper will be worth many times that amount to you with the service pictures of Nevada's patriots as the attractive feature and four pages devoted to plates of the members of the sororities, fraternities, and of the Senior and Junior classes.

SEVENTY HIGH SCHOOL BOYS REPORT FOR AGGIE COURSE

DEAN KNIGHT AND REV. BREWSTER ADAMS ATTRACT ENTHUSIASTIC CROWD OF BOYS FROM ENTIRE STATE TO TAKE AGRICULTURAL SHORT COURSE.

GIRLS SHOW UP STRONG

TWENTY UNIVERSITY GIRLS ON HAND TO TAKE FIRST LESSON WITH TRACTORS AND MORE EXPECTED TO REGISTER THIS WEEK. DEAN KNIGHT'S EXPECTATIONS FAR EXCEEDED BY RESPONSE OF REGISTRATION.

Dean Knight's great coup reached its climax yesterday and the agricultural short course became a reality with a bang. Seventy bright, expectant, ambitious boys from 15 years old to 20 years old appeared at the agricultural college ready to commence work for the four weeks' course. Of this number 35 will live at Lincoln Hall and come from outlying districts, while the rest come from Reno and will be at home. The number is growing as each train comes in and Lincoln Hall is now taxed to capacity.

The larger part of yesterday was spent in getting the boys settled in Lincoln Hall and getting acquainted. The first class period in the electrical building was taken up by short talks by the agricultural college faculty and the tractor demonstrators who are to instruct the boys. Then the whole crew spent an hour in the charge of Major Ryan, who formed several squads and gave them the rudiments of military drill. This drill will be an important part of the work and should prove of immense value.

The afternoon was mainly spent in tours of inspection of the farm under the supervision of upperclass agricultural students. The tractors were brought out and a short demonstration

made, during which some of the new students had the opportunity of driving them around the field.

The girls turned out in the afternoon twenty strong to take the first lesson in tractor driving. After a few words of instruction each girl was given an opportunity to take a turn around the lot. They were as excited as the boys over the sensation of handling the big iron horses and dirt and grease did not bother them at all. Dean Knight advises a costume of khaki overalls for the course but the sentiment seems to be in favor of keeping to skirts.

A dozen girls were on hand to take the gardening and poultry raising courses and work was started there also. It is expected that there will be that many more registered by the next class period.

The registration in all the courses is far beyond that expected and Dean Knight and his staff will be kept busy to handle the bunch. All regular agricultural classes have been excused and the advanced students are in charge of classes and acting as assistants to the faculty. Each farm tractor company has also sent a demonstrator and they are also lending their aid. It promises to be the biggest thing ever seen on the Hill.

BIG EDITION WILL BE READY BY APRIL 19TH

Plates Nearly All Completed, With Four Pages Ready for the Press.

Four pages of the Commencement Edition of the Sagebrush are now completed and ready to go on the press the end of this week. The following week, four more pages will be run off and then the last section, with the Service Flag cover, will be finished up and the edition ready to be distributed by the 19th of April.

The plates of the members of the Senior class have been received from the engravers and, judging from their appearance, the edition will be artistically perfect. The greater part of the space will be taken up by engravings and the edition will be printed upon the finest kind of white, glossy paper so that if desired the reproductions can be cut out and framed.

A page each will be devoted to panels of the seniors, the juniors, the sororities, fraternities, honor fraternities, athletic organizations, and the men in the service. One page will be filled by departmental write-ups on the University, with a special article by President Clark. The best feature, however, will be the big Service Flag cover and the service roll in three colors.

The printing bill and the cost of engraving will be heavy, and since an effort is being made to compile all the activities of the college year into a small compass, little space can be devoted to advertising. At first it was hoped that no charge would be made for the extra edition, but it has developed that to pay the costs a small charge must be made for copies. The management will therefore place the copies on sale for twenty-five cents a copy.

HOLIDAY DECLARED FOR THIRD LIBERTY LOAN

Governor Declares April 6th a Legal Holiday in Order That People May Participate in Liberty Loan Drive.

In conformity with the request of the Federal government and in unison with the plans formulated throughout the nation, Governor Boyle has issued a proclamation declaring April 6th a legal holiday throughout the State of Nevada.

Saturday will be called the Third Liberty Loan Day and a great celebration is being planned by the local committee in Reno in which the University students will take part. The Third Liberty Loan was authorized by congress the latter part of last week, and as passed gives Secretary McAdoo the power to issue \$8,000,000,000 in certificates of indebtedness, to issue \$4,500,000,000 more of Liberty Bonds in addition to the \$3,666,000,000 now authorized but unissued, to fix the interest rate on the third bond issue at 4 1/2 per cent and to make the loan of an additional \$1,500,000,000 to the allies.

NEVADA A MEMBER OF UNIVERSITY UNION

Organization of American Colleges to Provide Accommodations for College Men in Paris.

The University of Nevada is fortunate in being numbered among the leading universities of the United States in a patriotic intercollegiate organization, beneficial to those college men who are now or eventually may be in the foreign service. This institution is known as the American University Union, and its aim is to meet the needs of American university college men in Europe for military or other services in the cause of the allies, through club houses in London and Paris for the accommodation of its members.

The purpose of the Union, as stated in its constitution, is:

1. To provide at moderate cost a home with the privileges of a simple club for American college men and their friends passing through Paris or London or on furlough; the privileges to include information bureau, library, dining room, bedroom, social features.
2. To provide a headquarters for the various bureaus already established or to be established in France by representatives of American universities, colleges and technical schools.
3. To co-operate with these bureaus when established, and in their absence to aid institutions, parents or friends in securing information about college men in all forms of war service, reporting on casualties, visiting the sick and wounded, giving advice, serving as a means of communication with them.

Robert Scouler, ex-'20, visited the campus a few days last week on a leave of absence from Mare Island, where he has been in the service as an expert radio operator.

COMPULSORY PHYSICAL EDUCATION

Compulsory physical education for men is nothing new and has been in force in a majority of the universities of the country for a number of years. Nevada, however, has never recognized the advantages and need for such a system.

The resolution adopted by the student body last Friday marks the first step towards the adoption of such a system and puts the matter squarely up to the faculty. The students are to be commended for taking the initiative in imposing the extra duty upon themselves.

According to the plan proposed by the A. S. U. N., three hours of some form of physical exercise shall be taken by each man of the two lower classes a week for which a credit of one semester unit shall be granted. Men engaged in athletics are to be excused from other forms of exercise for the period of the sport and will receive the same credit. The other exercise will probably consist in gymnasium work, boxing, wrestling, indoor baseball, or pre-season basketball work. Classes can be arranged so that one physical director can instruct every class and the plan will not involve any extra expense.

The advantages that should accrue from the system are many and need only enumeration: First, compulsory physical education will build up the physical standard of the entire body of men and give exercise and instruction where it is most needed instead of to a picked body of men as in the intercollegiate athletic system; second, it will afford an opportunity for developing men for the intercollegiate sports and be instrumental in getting better material out for these sports which is now overlooked; third, it will provide recreation and development for the physically misfit who through unfortunate disabilities are barred from participation in the recognized sports; and fourth, such a system will develop the body and minds of men needed by the government for service and make better soldiers of them through physical perfection.

In adopting the resolution the faculty will not only be following the precedent set by practically every college of note in the United States but it will also be profiting by the requests and desire of the Federal government which has expressed itself through the Defense Committee as in favor of compulsory physical education.

The students passed the resolution unanimously. Will the faculty do the same?

AN A. S. U. N. YEARBOOK

Discussion on the proposition of placing the annual Artemisia under student body control instead of under junior class control was crystallized by the presentation of a new plan to the students at the last meeting. The salient feature of a new plan is that the A. S. U. N. shall be made responsible for the success of the book instead of the junior class. Editor and business manager are to be elected from the student body and are to be made responsible to the supervision of the A. S. U. N. Executive Committee.

There are a good many considerations to recommend the scheme, and the more we think of past experiences the more attractive it seems. It is hard to make the book a success, even more so with only the weak-kneed support of one class behind it. Student body responsibility gives the resources of the whole body, and in case of a deficit the loss can be readily made up. For a class to involve any appreciable debt means practical bankruptcy.

The staffs are selected by the students at large and chosen from the entire membership, and in this manner more capable men are selected to handle the book. At the same time the Executive Committee can keep check upon the management and prevent any miscarriage of the work.

It is a solution of a hard problem and by its application should eliminate the trials and disappointments of the distracting class annual.

SECOND ACT

PHI SIGS GIVE HOT-DOGS

Last Saturday afternoon the S. A. E. fans played the Phi Sigma Kappa bunch a fast and furious game of indoor baseball, with the result that the latter organization last night had to dig down in their jeans and set up a feed of hot dogs and coffee for all of the pill jurglers.

The game was hotly contested by both sides, and due to the large stakes involved, Mayor Knight, of Lincoln Hall, who umpired the game, was at several times in jeopardy of his life as the result of several decisions which were claimed unfair by one side or the other, and it was only through the boots of the lucky side that he was not made a subject of foul play. The winning side is feeling very cocky over the results of the game and they now feel that they are able to put a crimp in any bunch of hitters on the Hill. The score of last Saturday's game was 9 to 6.

SHORT COURSE MEN NOTICE

The following rules and regulations are to be observed by the men registered in the agricultural short course:

1. Only Seniors are allowed to sit upon the bench in front of the Library.
2. No person is allowed to cut across the campus but must stay on the sidewalks.
3. Smoking is absolutely prohibited on the campus.
4. Freshmen are not allowed to queen on the campus.
5. On any course of conduct when in doubt ask an upperclassman.

HOME ECONOMICS TO HOLD DEMONSTRATION

Samples of Work in Millinery Department to Be Exhibited and Culinary Samples to Be Eaten.

On Thursday the Department of Home Economics, under the direction of Miss Sears, will hold an open afternoon. There will be an exhibition of new spring hats made by the students of the millinery class and dresses made by the sewing department will also be displayed.

Tea will be served from 2 until 4 by the cooking classes. All who are interested in this branch of college work are invited to attend.

A new plan is to be pursued at Washington State in semester examinations. One half of the exam is to be written one day and the other half the next day, provided the course is for three or more than three hours credit.—Ex.

PEPPY STUDENT MEETING TRYS OUT NEW PLANS

Prearranged Program Brings Forth Large Attendance and Some Lively Discussions.

The student body meeting Friday morning opened with the singing of the college song, and after that good start the meeting proved to be the best of the year. It was the first opportunity for putting the new plan of organized programs into operation and the result was a large attendance and considerable discussion upon the scheduled business.

Coach Whisman addressed the student body on the advantages of compulsory physical education for the men students of the University. That most of the other universities of our country had some system of physical education, and that our armies must be made up of all of the physically fit men within the age limits and not merely a few athletes of our country, was emphasized by the coach, and as a result the following resolutions were adopted by the student body:

Resolved, That the student body of the University of Nevada go on record as favoring a system of compulsory physical education for men under the following provisions:

1. Each man must devote at least three (3) hours work a week to some forms of physical education exercise, for which credit of one semester unit shall be granted.

2. Any man on a varsity squad shall be excused from other physical exercise during the extent of the season of said sport.

3. These provisions apply only to members of the two lower classes. Due to the war and the financial failures of the past two years of the junior year book the following resolution was offered as an amendment to the constitution:

Resolved, That the University Year Book, known as the Artemisia, and heretofore published by the junior class of the University, shall hereafter be published under the following plan:

1. The name of the year book shall continue to be the Artemisia.
2. The year printed on the book shall be the year of its publication.
3. The management of the year book shall be vested in an editor-in-chief and a business manager.
4. The editor-in-chief and the business manager shall be elected by the A. S. U. N. at the regular spring election. To be eligible for election to either of these offices a student at the time of his election must be a member in good standing of either the sophomore or junior classes of the University of Nevada.
5. As many other members of the staff as may be needed to carry on the work shall be appointed by the Executive Committee of the A. S. U. N. with the approval of the editor-in-chief and the business manager. Any vacancies in the staff throughout the year shall be filled through appointment by the Executive Committee of the A. S. U. N.
6. On or before the first of February of the following year the business manager shall furnish a bond of \$500 to insure the faithful performance of his duties. The expense of this bond shall be met from the Artemisia fund.
7. The editor and business manager shall report their progress once a month to the Executive Committee.
8. After all bills are paid if there are any profits they are to be divided equally between the editor and business manager.

The following amendments were also offered to the constitution, Article 9, Section 1, paragraph 2:

The candidate in football must have participated in at least half of the scheduled games, of which one shall be designated as the big game by the Executive Committee upon the recommendation of the coach.

The candidate in baseball must participate in two thirds of the innings played. Pitchers must have pitched in half of the innings played.

In basketball the candidate must have played in at least half of the scheduled games played, two of which shall be known as the big games. These games shall be designated by the Executive Committee upon recommendation of the coach.

The candidate in track must win a first place in a scheduled dual meet, or one point in the big five-cornered meet.

Should any player on the original team be kept from playing the required time, due to injury, then the player shall be granted an N.

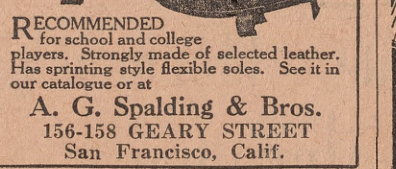

All N's granted shall be given upon recommendation of the coach.

BE THRIFTY
If you're feeling kind o' drifty
When you should be feeling nifty,
I'll tell you one good thrifty thing to do:

Go collar every dollar
That your squeaking caused to holler,
And buy Thrift Stamps that make the kaiser blue.

ANNE MARTIN

A graduate of the University of Nevada, who is a candidate for United States Senator from Nevada.

At the outbreak of the war, English medical students quite generally enlisted in the army as common soldiers. At the end of the first year the British authorities found they had no medical graduates to accept positions in the expanding hospital service. They were forced to withdraw these medical students from the line and send them back to England to complete their medical courses. This fact emphasizes the wisdom of our authorities in recommending that technical students remain in school until drawn for service by the government.

THE GRAND

The Grand
CHARLES RAY
The Son of His Father
A Paramount Picture

Five years ago Charles Ray, who will be seen at the Grand theatre tonight, Wednesday and Thursday in "The Son of His Father," a Paramount production, was a member of an unimportant musical comedy in the far west. Today he is one of the recognized stars of the cinema world.

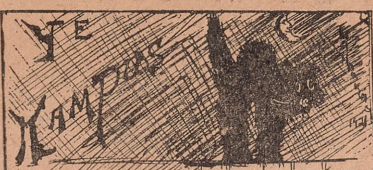

His newest photodrama gives to this young actor splendid opportunities for effective portrayal of an interesting character. He is seen as the son of a New York railroad magnate, who, with five thousand dollars, sets out to prove to his father that he possesses enough inherent business ability to make a hundred thousand dollars in six months. He makes good, defeating his father in a contest of business wits, and finding happiness in the love of a very charming girl of the west. In fact, he proves in every way that he is the "son of his father."

It is a role very much to Ray's liking, and he brings to it the pleasing personality, the boyish enthusiasm, and the recognized genius for screen acting that have made him a favorite everywhere.

"LONG TOM BUCKMAN"
PLAYING ON CHAMPIONSHIP TEAM

Tom Buckman, ex-'19 and former basketball star, is a member of the Harvard radio school basketball team, which has won fame in eastern circles through the prowess of its members. At present the team holds the championship of the army and navy teams of New England. Buckman is playing at right guard.

Ask for hot soups. 10c at the fountain of N. E. Wilson, Inc.

Dean Knight came in for his share of naughty cuss-words Saturday night when a squad of high school boys arrived in the hall to find no blankets or even sheets to snuggle into. According to Dean Knight's instructions, they thought they wouldn't need them and came totally unprepared. Hence the cussing.

One of the new short course students ran up against a real problem yesterday when he attempted to use the phone and found that it was not like the one down "hum on the farm." It was only after a wise one heard him remark, "Where is that goddamned crank?" that some advice was handed him.

Beau Brummel again seeks the limelight. After many attempts to gain the graces of the fair ones without success, and having seen the remarkably rapid strides of Dr. Olmsted not long since, he decided to follow in this worthy's footsteps. Accordingly, Tuesday afternoon found him in the hospital with an illness which baffled the doctors. He seemed to have neither the measles nor mumps and the heart beat seemed to be normal, with the exception, perhaps, of an occasional flutter when one of the Manzanitaites passed by the window. But, alas! none would enter to relieve his watchful waiting.

PI BETA PHI

The Pi Beta Phi sorority members met at the home of Miss Dorothy Higgins for a social meeting last Monday night. The freshmen were in charge of the entertainment.

Miss Phyllis Brown entertained at her home Friday evening with a bean supper. Those present were: Hulda Shartel, Donna Dyke, Salome Riley, Mildred Griswold, Leila Halsell, Jennie Howson, Lessie Wardle, Lavina Shields, Leila Sloane and Mildred Brainard.

Eva Hale and Marian Lombard went to Virginia City Sunday, where they went down in the mines and visited other places of historic interest. They took pictures of the Enterprise printing office where Mark Twain used to work and also of the house where he lived.

Subscribe for the Sagebrush.

The meeting of last week was led by the president, Georgia Damm. Gertrude Knapp sang a vocal solo, "Hosanna." The report of the advisory board was submitted and approved unanimously. The ladies appointed to the board for next year are Mrs. Howe, Mrs. Troner, Mrs. Dondoro, and Mrs. Fargellis. There were four new members to be selected instead of three as usual on account of the resignation of Florence White.

The nominating committee presented its report, which was also unanimously accepted. Those elected were: President, Dorothy Higgins; vice-president, Gertrude Webb; treasurer, Mary Browder; secretary, Eva Hale.

The president then gave her report of the Y. W. C. A. work for the year. She explained the organization of the association, which is divided into four parts, the advisory board, which gives its support to the association; the general secretary, who spends all of her time in the interest of the Y. W. C. A.; the cabinet, which is composed of the officers and committee chairmen. Miss Damm defined the cabinet as the "dynamo of the social, personal and religious life of the association," and the last division, that of the general membership, each member being on one of the nine committees.

The year's work was reviewed and the following events were mentioned: During the first week the membership committee met all the girls and asked them to join Y. W. C. A.; the social committee gave a lawn party for the new girls the same week; the recognition service was held October 17, at which 42 new girls were recognized, making a total membership of 104; the Bible Study committee had its campaign, enrolling 35 girls in four classes; in November the extension committee gave a social service tea at the home of Mrs. Humphries. With the proceeds Christmas cheer and comfort were given to five families. The meeting of November 13 was in World Week of Prayer and the World Outlook Committee presented the work of the foreign associations; November 23 the girls explained the world work of the association to the Century Club in the form of a play; the drive on the Student Friendship Fund was the first semester, Nevada raising \$2,280; Y. W. C. A. day came in the first part of the semester and was celebrated by a luncheon in the gym for all the girls. President Clark spoke at the meeting in the afternoon. Lillie Margaret Sherman, the general secretary of U. C., visited the association in February to present the Northfield plan; Helen Fulton came to promote the Northfield plan and as a result of her visit 74 girls joined Bible classes. This work of the officers of

THE MAJESTIC

CONSTANCE TALMADGE

Wednesday and Thursday this week the Majestic offers as the stellar feature on the midweek change Constance Talmadge in her second picture, "Scandal," visualized from the story in the Green Book. The story deals with the dangers attendant on bucking the old conventional standards of society and shows how one small lie begets thousands. Intrigued by his lurid reputation with women, Beatrice enters into a flirtation with Yorke, a fashionable portrait painter. After she learns about his true character she lies about her marriage to one of the most eligible young catches of the season, and he as a gentleman acknowledged her declaration. The outcome, on board the honeymoon yacht, is decidedly humorous and interesting. Little Sylvia Yaffe is the headline feature in the olio, a truly remarkable six-year-old artist. Mac O'Neil, Scotch minstrel, and Senza and Weber, comedy team; also South American travelogue, and Guns and Greasers, comedy picture. Wm. S. Hart in "The Patriot" is the feature picture for Friday and Saturday. Pading Local Color, the educational, and Nearly a Papa, the comedy subject. Lovet and Dale, singing comedians, Joe Burns, the eccentric politician, and Baby Yaffe held over for the week-end. Sunday the Randall Parrish book, "Keith of the Border," is the feature film, with Roy Stewart in the stellar role.

ALUMNI ASSOCIATION
HAVING ELECTION
OF OFFICERS

Mrs. Blaney, secretary of the Alumni association, University of Nevada, is sending out ballots for the annual alumni election of officers. F. J. Delonchamps and Joseph W. Hall of Reno are candidates for president. Mrs. Florence Church and Helen Hobbins of Reno are out for the vice-presidency and Mrs. Blaney is unchallenged as secretary. Four candidates are in the race for positions on the alumni senate: Alfred Sadler, Bertha Knemeyer, Jay H. Clemons, and Alice O'Brien.

Go to the Mineral Cafe if you wish good service.

this year will be finished after the party which is to be given Friday night at Mrs. Layman's.

At the next meeting the new officers and other members of the cabinet will be installed.

THREE YEARS TO A DEGREE

According to late reports, the death knell has been sounded to those college youths who devote a large part of their time to the other than study side of college life. At a meeting recently held at the Association of American Colleges a three-year course was advocated instead of the present four-year one. The president of Clark College is a strong supporter of the proposed concentration of the college work. He said: "After the war education will become intensified, partially due to the inauguration of universal military training which will take up one year of college life."

By recommendation of the faculty, the spring holidays and the semester examination period at Amherst has been discontinued this year and college will close on June 5 instead of June 19. The object of this action is to release the men early in June for public service and to give those who will be called into service as much uninterrupted college work as possible.

Gillette Safety Razor

Have You Seen the New Gillette Specially designed for the Fighting Man?

THESE models were designed by members of the Gillette Organization who have seen service with the Colors and know what the soldier is up against. Hundreds of officers and men are buying them—the U. S. Service Set in metal case, and the new Khaki-covered sets for Uncle Sam's soldiers and officers. The Gillette is the one razor for the man who is doing things—the one razor with world-wide use and reputation. When a man wants new Blades he can get them at any Post Exchange or Y. M. C. A. Hut—here in America or Overseas. Our Paris Office carries stocks—is constantly supplying the American Expeditionary Forces. Gillette Safety Razors and Blades on sale everywhere in France, England, Italy and the Eastern battle fronts.

Only One Razor Measures Up to The Soldier's Needs

THE first thing a man learns in the Service is the meaning of the word "Attention!" Snap, precision—doing things on the jump—clean and right the first time. Everything in his life brings him to the Gillette. There are more Gillettes in the packs and pockets of Uncle Sam's Boys than of all other razors put together. And this holds good for all the Allied Armies and Navies on all the battle fronts of Europe and the East, from the first gun fired in the World War. It's not alone the quality of the Gillette Shave—the Gillette service whether the water is hot or cold—the way it has solved thousands of times every shaving problem that any man can put up to it—its soothing, bracing effect on the sunburned or wind-sore skin. There's the simplicity of it. Its freedom from strops, hones, clutter and mess. The saving of time and motion. Blades always sharp, always ready. No strops or hones to clutter up the kit. Everything a man needs for his shaving complete in one compact little unit that tucks away in his kit or his pocket—and No Stropping, No Honing.

BOB CARTER DIES FROM FATAL ILLNESS

Spinal Meningitis Takes Former Student of the University and Well Known Young Man of Reno.

After lingering for a long period with a hopeless case of spinal meningitis, Robert Carter, former member of the class of '20, died last Wednesday night in San Francisco.

Carter left Reno sometime in February to go to San Francisco, where he intended to take the examinations for admittance to the navy. Poor eyesight had caused him to be rejected on several previous attempts to enter the service, but after having his eyes treated by an oculist he expected to pass successfully. In a preliminary examination he was accepted upon probation, but while waiting at the Y. M. C. A. in San Francisco became suddenly ill.

Not realizing the seriousness of his condition, he refused medical attention, and for fear of causing anxiety to his parents did not inform anyone of his condition. The malady developed into spinal meningitis, and it was only after he became dangerously sick that his friends and parents in Reno learned of his condition. Constant nursing did not bring relief and after almost two months of suffering he passed away.

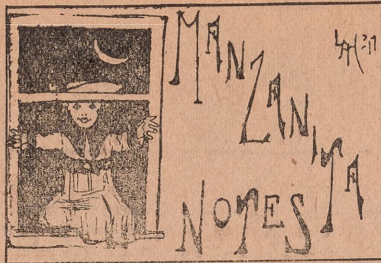

Robert Carter was a member of Phi Delta Tau fraternity and well liked on the Hill. Everyone who was fortunate enough to be numbered among his friends spoke well of his qualities as a man and classmate. He was a good student, with a high character and a purpose in life which was only set aside by his desire to serve the nation.

The body was brought to Reno for burial and interred Sunday afternoon with impressive services. Rev. Brewster Adams officiated in the Baptist church, while old schoolboy friends and fraternity brothers acted as pallbearers. Burial took place in the Mountain View cemetery.

Resolution passed by Phi Delta Tau fraternity:

"It is with the deepest respect and keenest sympathy for our deceased brother, Robert Carter, that his brothers in Phi Delta Tau offer the following resolution:

"We realize in the death of Robert Carter the loss of a faithful friend

Mrs. Wall is spending a few days at the Hall with her daughter Alice.

Lois and Billy went out on a hike Sunday afternoon. Edna and Hop went with them to help them over the big rocks and keep them from getting lost in the sagebrush.

The terms "aura" and a "light man" and a "dark man" secure a considerable amount of attention in Manzanita these days. It seems that some members of the Hall have been frequenting the abode of the fortune teller in Sparks. It's a fine way to find out about a future occupation, they say, especially if the seeker after knowledge is graduating.

Friday afternoon Mrs. A. E. Kaye was the guest of honor at the Manzanita tea. Mrs. Kaye was matron of the hall for several years and the girls who knew her are glad to see her again and are glad to meet her.

Miss Delia Albersson has come from Winnemucca to take the tractor course.

Miss Helena Shade spent Easter at her home in Virginia City.

Margaret McMasters went to Sacramento for the week-end.

Lela Ogilvie spent the week-end in Dayton as the guest of Rose Harris.

Mary Belli went to Carson City for Easter.

Georgia Damm and Faith Maris visited in Virginia City over the week-end.

Blanche Garrison spent Easter at Roseville.

"WAR CHEST" AT OHIO

A "war chest" which will contain all the donations of the University of Ohio to war charities, is the latest thing inaugurated at that university. The capacity of the chest is \$50,000, of which \$4,000 has already been pledged.

whose high qualities of manhood and innate nobility of character have left their impress upon those of us who have been fortunate enough to have been associated with him.

"We tender all honor to one who in his persistent efforts to serve the nation contracted the illness that took his spirit from us before the fulfillment of his mission, and by this token desire to express our personal loss and to tender our sympathy to the bereaved family in its sorrow."
PHI DELTA TAU.

LONG EXPECTED CALL COMES FROM BERKELEY

Gooding, Weede and Harriman Receive Notice to Report at Ground School at Berkeley.

After awaiting impatiently for over four months three of the five Nevada men who passed the aviation examination successfully last fall received their call last week to report at Berkeley next Saturday. Rhodes and Fairchilds are still on the waiting list but expect word next week.

All three men are members of the S. A. E. fraternity. Bob Weede was a student in the College of Arts and Science and a '20 man. He abandoned his course last fall, however, to take the aviation short course and has been awaiting his call ever since.

"BROW" GOODING

Harriman was A. S. U. N. president last semester but left recently to register in the radio school in San Francisco. "Brow" Gooding has been acting in the capacity of athletic manager this year and is a prominent student of the class of '18. Both Gooding and Harriman are members of Coffin and Keys.

EVOLUTION

Out of chaos, dust and flame,
Out of dust and planet came.
On the planet, sea and land,
Joined together hand in hand,
In the sea a tiny cell
Changes to a crimped shell.
Fish and reptile, bird and beast,
Nature's progress never ceased.
Till through countless ages span,
Out of monkey came a man,
Jimber-jawed and pigeon-toes,
Bushy brows above his nose,
Proned to petulance and strife,
Shambling sullenly through life.
When the first of us lay dead,
Nature gazed on him and said,
"What was all the fuss about?"
Look at how the thing turned out."
—The Laurentian.

SWINGING THE LEAD

Now isn't it funny there are more words than money,
We are learning to use every day,
We "camouflage" and also "barrage,"
These are out of date, by the way.
We must "Hooverize" is what every-one cries,
We go "over the top" so they say,
But "swinging the lead" is how poor fish are fed,
Men do it for pastime each day.
—E. E. R.
