

**THE MAJESTIC**

The Majestic presents Wednesday and Thursday this week the patriotic spectacle, "Womanhood, the Glory of the Nation," a film offering most timely. The picture is said to create more patriotic interest than the first one turned out by the same company, "The Battle Cry of Peace." The cast of Womanhood is a prime feature; Alice Joyce, Harry Morey, Peggy Hyland, Joseph Kilgour, James Morrison, Tempier Saxe and Bobby Connelly. Thousands appear in the picture and the wonderful scenes of warfare, showing New York bombed from the sky, a naval fleet being wiped out in a sea of burning oil, terrific gas attacks and trench scenes. A heart interesting love theme is carried throughout the picture. The Aim of Womanhood is the exaltation of patriotism, the necessity for immediate action, the compelling power of self-sacrifice, especially among the women of America in this troubled and anxious time. The educational picture shows the third tour of Peru, South America. La Dean, novelty dancer, Brown, Newman and Brown, trio of singers and comedians, and Ray Dorn, comedian, are the vaudeville features. Friday and Saturday the feature picture is "A Mormon Maid," with Mae Murray and Hobart Bosworth in the principal roles. The story is of unusual interest, dealing with conditions which the average American is unfamiliar. The Night Riders, garbed in the flowing robes of the Ku Klux Klan, is a striking feature of this picture. The Tivoli Theatre, San Francisco, released the picture in the west, running it for two weeks. The Borzago trio of instrumentalists are the headliners in the olio. Chas. Edenbury, former sparring partner of Battling Nelson, presents a difficult equilibrium act, and Foreman and Clark, a comedy team in a novel offering. Sunday Pauline Starke is the screen feature in the "Shoes That Danced," taken from the popular story published in the Saturday Evening Post.

**INEVITABLE**

According to an exchange, Edward N. Hurley, the chairman of the shipping board, said at a luncheon in Chicago: "Germany, when defeat rolls her armies back over her frontiers, will democratize herself. Her democratization is inevitable." "It reminds me of a lady who said to a captain of a liner: "Oh, captain, I'm so afraid I'm going to be seasick! Can you tell me what to do in case an attack comes on?" "It ain't necessary to tell you, ma'am," said the captain. "You'll do it."

**MARY'S LITTLE LAMB**

Mary had a little lamb,  
Its fleece was quite expensive,  
It followed her in school one day  
And came home feeling pensive.  
The little ones at school that day  
Forgot their sums and letters,  
They pulled the wool off its back  
And knit it into sweaters.—Life.

**THE GERMANS AS THE CHOSEN PEOPLE**

ARTICLE BY PROF. R. C. THOMPSON OF DEPARTMENT OF PHILOSOPHY SHOWS DESIGNS OF GERMAN KULTUR IN THEIR OWN WORDS.

The fundamental cause of this war is Germany's conviction that she is the chosen people. This conviction, originating with a few, has been so assiduously fostered by education, political and social organization, economic, militaristic and religious propaganda that it has given birth to the whole brood of devil-principles that are back of this war. Because Germany is convinced that she is the chosen people, she is also convinced that she has a right to impose her will upon other peoples, and to exploit them for her own purposes; that the enhancement of German power is her supreme duty; that the common principles of morality, individual and national, are not applicable to her when her power is in question. From such devil-principles have flowed the devil-practices which have turned Europe into a shambles, made a mockery of international law and international good faith, outraged women and murdered children, and made Germany a pariah among all nations that cherish a sense of decency, honor and self-respect.

But what evidence is there that Germany believes herself the chosen people? It shall be stated in the words of her own spokesmen: "It may sound proud—but we are conscious that it is also inhumbleness that we say it; the German soul is God's soul; it shall and will rule over mankind" (a) "Oon us Germans the eye of God must especially rest in this war; we must be His ultimate purpose" (b) "As was Israel among the heathen, so is Germany among the modern nations—the pious heart of Europe" (c) "Germany is the center of God's plans for the world" (d) "The soldier who spat in the face of the thorn-crowned saviour did not act more shamelessly than does England now—is not Germany herself transformed into a suffering Christ" (e) "Germany is our existence, our faith, the meaning and depth of the world" (f) "Germany is precisely—the representative of the highest morality, of the purest humanity, of the most chastened Christianity" (g) "He who in this war sets forth to defend the German hearth, sets forth in holy fight—in which one stakes life itself—for the life of a whole nation, a nation which is God's seed corn for the future" (h) "A single highly cultured German warrior—represents a higher intellectual and moral life-value than hundreds of the raw children of nature which England and France, Russia and Italy oppose to them" (i) "The German people is always right because it is the German people, and numbers 87,000,000 souls" (j) "The fate that Belgium has called down upon herself is hard for the individual, but not too hard for the political structure, for the destinies of the immortal great nations stand so high that they cannot but have the right, in case of need, to stride over existences that cannot defend themselves, but live as parasites

upon the rivalries of the great" (k) "Remember, you are the chosen people. The spirit of the Lord has descended on me because I am the emperor of the Germans, I am the instrument of the Almighty. I am His sword, His agent. Let them perish, let all the enemies of the German people perish. God demands this, God who by mouth bids you do His will" (l). These are but a few of the many quotations that might be cited. They speak for themselves. Briefly, their meaning is this: So far as earthly affairs are concerned, Germany is God and God is Germany. Bow ye other peoples of the earth before the chastening of the Almighty! Kiss the hand of your oppressor for it is His glory! Ye have but one goal, but one religious duty, to serve the King of Kings and the Lord of Lords—the German kaiser. And this God, whose chosen the German people are, what is his character? It is well expressed in the diary of a German soldier, who, after speaking of the shooting of 110 persons at Liege and the demolishing of 15 houses, makes this entry: "Aug. 24th. At noon, with 36 men on sentry duty. Sentry duty is A1, no post allotted me. Our occupation, apart from bathing, is eating and drinking. We live like God in Belgium." No sympathy, no mercy, no love, no decency, no justice, but unrestrained, irresponsible power, and lust vented to reptation! What do Americans think of this theory of "the chosen people"? We deny it flatly. We assert that there is no one chosen people, but that all peoples are chosen to make their own contributions to humanity's civilization by working out their own particular problems; that the liberty necessary for this purpose is the God-given right of every nation; and that this liberty of each nation involves the duty to respect the like liberty of every other nation. American stands for a democracy of self-determining peoples. Germany's attempt to apply her theory of a nation dominant by divine right has set the issue for the world. The conflict of ideals, by her choice, has been committed to the gauge of war. America and her allies must prevail. To fail means death to the hard-won liberties of all peoples. "It is not for glory, or for riches, or for honor that we fight, but for liberty alone, which no good man loses but with his life."

The true measure of a man's greatness and culture is not the institutions from which he has graduated or the books which he has read, but the things which he has accomplished for the uplifting of humanity and the influence which the force and power of his personality and character have exercised upon his fellowmen.—Thomas E. Finegan, Deputy Commissioner of Education, New York State.

In the spring a young man's fancy—Heaven knows where it turns, but it has been noticed that in the spring a young lady's fancy turns to thoughts of housecleaning. One frosh girl in particular who has watched others wield the broom all year with a sort of awed interest actually tried it herself the other day. The sight brought an admiring audience, for although we have often seen a broom and have often seen this particular frosh, we have never before seen them together working in such harmony. Her roommate heartily hopes that this spring fever will last.

What's the matter with this year's frosh? Must be the war. In the past years frosh have wandered reluctantly home at sundown—or later. This year the grown-ups of the institution, watching the dozens of sandwiches being made and hearing about the quantities of punch and other fixings, felt that these frosh would play at the N even longer, but no! At one o'clock they all came home and walked into the dining hall with a most serious air. They seemed to have a good appetite and what they did with all the eats is still a question.

There are two new girls in Manzanita now who are here taking the war courses. They are Delia Alberson, from Winnemucca, and May Lampe, from Lakeview, Oregon.

Thursday evening the Manzanita Hall Association held its regular monthly meeting, at which there was election of officers. Edna Greenough was elected house president for the following year, Mildred Griswold vice-president, Marguerite Drumm treasurer, and Lois Smythe secretary. The old officers were Faith Maris, president; Edna Greenough, vice-president; Emma Lou Singer, treasurer; and Myrtle Brown, secretary.

On Field Marshal von Hindenburg's birthday small busts of the general were placed on the street corners in nearly all German towns. In most places the people had hurled these to the ground before noon.

**FASHION SHOW DRAWS LARGE CROWD TO HOME ECONOMICS DEPARTMENT**  
Thursday afternoon the Department of Home Economics held a spring opening under the direction of Miss Sears. The hats and dresses made by the girls were displayed to a large group of admiring friends and the work done by the department was declared most creditable. Luella Murray's hat and dress were judged best by the teacher of millinery at the high school.

## FULL PROGRAM FIXED FOR ANNUAL MACKAY DAY

(Continued from Page One)

men will act as judges.

All events except the mile run and the hurdle races will be standard distances and a man is limited to four events. The following events will be fought out: 50-yard dash, 100-yard dash, 220-yard dash, 440-yard dash, 880-yard run, high jump, broad jump, pole vault, shot put, hammer throw, 100-yard low hurdles, 50-yard high hurdles, and a one-half mile relay race.

A unique race will be engaged in by the three fire companies of Lincoln Hall. Each team will consist of ten men and they will pull the hose cart the length of the straight-away to the fire hydrant, connect up the hose and get a stream of water through it against time. The team making the best time will be decorated with a wreath of rubber hose.

Three teams are in the race: Co. A, under Captain Hal Engle; Co. B, with Benson in charge; and Co. C, with Melvin Sanders as captain.

It is also rumored that the frosh girls will challenge the sophomore girls to a game of indoor baseball played on Mackay field. This event can be played during the track meet and should stir up some hot competition.

### Debate and Dance in Evening at 7:20

In the evening a gas attack will be launched in the gymnasium against the debaters from Brigham Young University. It is an intercollegiate debate of importance and should be largely attended. Stephens and Pargellis will lead the attack for Nevada.

Following the debate the Gothic N Society will entertain with a dance to top off the pleasures of the day. The money derived from the dance will be devoted towards buying Gothic N pins for the basketball girls, so the cause is good.

### Following is the meet schedule:

- 9:00 a. m.—Men meet on Mackay field.
- 12:00 a. m.—Lunch in gymnasium.
- 1:30 p. m.—Faculty-Upperclass baseball game.
- 2:00 p. m.—Interclass track meet begins.
- 2:30 p. m.—Girls' baseball game.
- 3:00 p. m.—Hose cart race.
- 7:20 p. m.—Intercollegiate debate.
- 9:00 p. m.—Gothic N dance.

## OLD BRIDGE TO BE REPLACED BY CONCRETE

The old bridge across the ditch on Virginia street and in front of Manzanita, which for years has been an eyesore land mark in the community, is now being replaced by an ornamental concrete structure.

For over a week workmen have been tearing out the old wooden framework and getting the forms ready for the new crossing over the canal which leads past the girls' dormitory. This new bridge will be quite an acquisition, not only to the immediate neighborhood but also to the general appearance of the whole campus. Workmen are also at work cleaning out the ditch while the water is shut off during the construction of the bridge.

### EVIDENCE OF FOUL WORK FOUND WHEN LEAGUE UMPIRE TAKES NIGHT OFF AND TEN INNING GAME PLAYED TO SETTLE DISPUTE. FACULTY STAGES COME-BACK.

Enthusiasm for indoor baseball has been greater than ever this last week. Being near the end of the season has made every team play its best. While some of them have no chance for the pennant now, they have fought hard to keep out of the cellar. The posting of both the teams' and the individual players' batting averages on the bulletin board has urged the players on. Some of the fair maidens from Manzanita have been looking over the lists. There was a good laugh when they saw some of the Faculty's all-stars with three zeros beside their names. They were probably thinking of the zeros that these same stars had placed beside the students' names, and were delighted to see the tables turned for once.

On Monday, at 4:30 p. m., the Faculty All-Stars played Stephens' Steppers. The Faculty trounced the Steppers for the score of 7-3. Prof. Palmer felt rather strong and was letting off some of his stored-up energy by breaking a bat on a fast curve. The Steppers will have to change their name to Walkers, with a big "slow" in front of it if they continue at this pace.

On Tuesday afternoon Hopkins' Hoboes handed Kimmel's Kommers a good wallop to the tune of 10-1. Quite a lot of interest was centered in this game, as the other teams relied on the Kommers to stop the fast-stepping Hoboes, but alas! the Kommers didn't come through. Tuesday night at 7 o'clock Gooding's Goofs won their second game of the season by walking over Stickney's Stickers for five runs to the Stickers' two. The game was a fast game at the start, but the Stickers were outclassed and unable to go around the circuit for more than two runs. The name Stickers sounds all right but they didn't live up to it. Cessna's Sissies ran all over Melarkey's Muddlers and fat-battering the Muddlers 22-13 at the eighth o'clock game.

On Wednesday at 4:30 Gooding's Goofs defeated the once all-star Faculty team. The stars of the Faculty team all see to have fallen. The several "black horses" that were said to be on the team have not as yet shown anything. It is about time that they were brought forth. At 7 o'clock Stickney's Stickers clashed with Stephens' Steppers. Both teams put up a stiff fight but the Stickers came out on top with the score of 5-3. In the 8 o'clock game between Cessna's Sissies and Kimmel's Kommers there was a talking festival every inning. The former beat the latter 10-9.

Mayor Knight umpired this game and gave a good exhibition of umpiring while under fire from both sides. He declared after the game that he would give up umpiring unless furnished with a suit of armor and a life insurance policy. But the Mayor has plenty of courage, as was shown by his appearing at several other games as umpire.

On Friday at 4:45 Hopkins' fast-stepping Hoboes defeated Melarkey's Muddlers 5-1 in a fast five-inning game. The Hoboes are going so fast that none of the other teams have seemed to be able to stop them. This makes Hopkins' Hoboes fifth straight victory without a defeat.

Friday morning at 11 o'clock the fast S. A. E. fraternity team ripped through the Faculty team for the score of 10-5. There was a large attendance of female fans in the balcony. This is the S. A. E.'s third victory, which proves that they have a team of real ball players.

### Standing of Teams

Team	Won	Lost	PerC
Hopkins' Hoboes	5	0	1000
Cessna's Sissies	4	1	800
Faculty	2	2	500
Gooding's Goofs	2	2	500
Stickney's Stickers	2	3	400
Kimmel's Kommers	2	3	400
Stephens' Steppers	1	4	200
Melarkey's Muddlers	1	4	200

The batting averages have all received a slight impetus, with Hancock leading the league with an average of 500 per cent.

### Schedule for This Week

Tuesday, 4:45, Faculty vs. Gooding; 7:00, Stickney vs. Cessna; 7:45, Melarkey vs. Stephens.  
Wednesday, 4:45, Faculty vs. Cessna; 7:00, Stickney vs. Kimmel; 7:45, Melarkey vs. Gooding.  
Thursday, 4:45, Faculty vs. Hopkins.
