

MEN GO UNDER MILITARY RULE NEXT WEEK

QUARTERS ON THE CAMPUS FOR THE FIRST TWO WEEKS ARE ARRANGED

PHYSICAL EXAMINATIONS HAVE BEGUN

ALL STUDENTS MUST PASS RIGID TESTS BEFORE THEY CAN BE INDUCTED INTO SERVICE

A meeting of the prospective members of the new S. A. T. C. unit was held yesterday. The latest regulations of the unit were explained by Major Ryan who will be in command of the entire unit. The men were divided into two classes, those who registered on September 12 and those who registered before.

The men who registered on the 12th of last month will all be examined this week. They will have to undergo the regular army examination and will not be allowed to enter if they do not successfully pass all requirements. These men will be inducted into the unit before the end of the week and will become full fledged members of the S. A. T. C. On next Tuesday they will be required to cut loose from home ties and go actively into the service. They will be quartered on the campus and will be under full military regulations and will start the prescribed military courses. Until the present detachment leaves Lincoln Hall these new men are to be quartered in one or more of the other buildings on the campus. Major Ryan stated that the first issue of goods would include a cot, bed sack, some straw and blankets. These men will also be measured up for uniforms which will be gotten as soon as possible.

The men who registered prior to September 12 will have to be inducted through their local boards which will take a somewhat longer time. Their examinations have to be authorized by the local boards also. Until such time as they become regular members of the unit they are to carry on the regular work of the unit but will not be under military regulations. During this time they may live about town and come and go as usual.

At the close of the meeting Major Ryan read a telegram from Washington which provided that the men of the S. A. T. C. were to help with the construction of the new barrack if necessary. He explained that some of the men might be called on for this duty but that no definite arrangements had yet been made. It was also brought out that the largest part of the fees and deposits of the men entering the unit would be returned. This provision is made because the government is to stand all the expense of the education of the men.

A committee of the Faculty has been working for some time on a special course in war training for women. This course is designed to prepare women for war work of various kinds. The details of the course will be announced in a later issue.

REGULATIONS ON PACKAGES TO FRANCE

The government has sent out regulations concerning the Christmas remembrances that may be sent to the soldiers overseas and has placed the matter in the hands of the Red Cross. Each man may receive one package nine inches long, four inches wide, and three inches high. These standard containers will be distributed by the Red Cross. In order that there may be no duplicates General Pershing will issue one tag for each man to be used on his package and this tag will be sent to the nearest relative. Every package intended for the American Expeditionary Forces must be mailed by the 15th of November.

It would be a good idea for friends and relatives of the boys to confer with them as to their needs and wishes as in many instances this will be the only opportunity to send anything larger than a letter across the ocean.

MORE NEVADANS GET COMMISSIONS

Jones, Foulkes and Dodson Awarded With Lieutenants' Commissions

The first S. A. T. C. which opened at the Presidio found eleven Nevada men on its roster, being Dodson, Bryan, Belford, Patterson, Foulkes, O'Brien, Spring, Cunningham, Caffrey, Manson and Jones. The camp consisted of University men from all sections of the country, there being only two similar S. A. T. C. camps in the United States. When the second camp opened some two weeks after the first closed, all returned with the exception of Spring and Bryan. The camp opened July 18th and closed September 14th. Of those attending, Jones received a commission of second lieutenant in the infantry and Foulkes the same commission in the personnel. Caffrey was sent to a school in Ohio where he is studying in a machine gun school while the others have returned to Nevada and will, no doubt, receive prominent places in the S. A. T. C., which will organize October 1.

Although subjected to rigorous training, the boys say that it is the only life and are looking forward to being actively engaged in the service within a short while.

Wear your old clothes and buy Liberty Bonds.

A. S. U. N. HOLDS FIRST MEETING

Student Body Decides that all Classes Shall Paint the "N"

The first student body meeting of the year was called to order on the bleachers by President Redfern Friday morning. The meeting was well attended by the upper classes and there was a good percentage of Sophomores present but the Freshmen were lacking. Both Senior men giving their class yell in unison started the ball rolling. After all the yells had been given "U. of N. so Gay" was sung by the body in a manner most fitting to the last meeting which the largest part of the men will ever attend.

After the reading of the minutes the President announced that the following appointments had been made: Vice-president, Harold Engle; treasurer, Alice Boynton. A motion was passed delaying the elections for these offices till after the new S. A. T. C. went into effect.

A motion was passed to have all classes paint the block "N" on Saturday, September 28th. President Clark was asked to make that day a holiday and the request has since been granted. It is probable that the girls will provide a lunch either on the hillside or in the gym. after the job has been finished. In the evening the Sophomores have announced that they will give their hop which will put a fitting end on the last big holiday which the University may enjoy for some time.

The matter of money owed by student organizations to the firms in town was taken up. A motion was passed providing that the executive committee of the student body look up all these accounts and attempt to get the various organizations to pay them.

"Deacon" Hanson announced that a class was being organized by Professor Turner for the training of four minute speakers. Those becoming proficient in the art to be given a chance to speak in Reno. The class will be open to everyone.

At the close of the meeting Redfern announced that at all future meetings there would be a Freshman roll call.

FROSH AND SOPHS BURY THE HATCHET

Class Matters Diplomatically Settled and Not Fought Out

Wednesday evening the Sophomore and Freshman classes held a joint meeting where all strained diplomatic relations were adjusted and all matters of importance were settled in very amicable terms. Both classes joined in removing the posters from the campus which were sent out by the Sophs about two weeks before, being the first instance in the history of the college that the Sophs ever helped remove their own posters.

The controversies of both classes were taken up and manifestations of brotherly love were evident on every hand. Tradition was laid on the shelf to some extent and the august bounds of the two classes seemed to have been laid aside.

In culmination of the happy event the Freshmen entertained the Sophomores and the rest of the school at a dance given in the gymnasium Saturday evening.

PI PHIS GET HIGHEST AVERAGE FOUR TIMES

PHI SIGMA KAPPAS LEAD MEN WHILE THE PI BETA PHIS HEAD WOMEN

WOMEN'S GRADES DROP, MEN'S RAISE

SECOND SEMESTER LAST YEAR HAS REDUCED WOMEN'S LEAD OVER MEN

The scholarship situation of last semester presents some interesting figures. The general average of the total men and women's organizations for both semesters is about the same. A gain of about one per cent over the first semester is shown in the figures of the men's organizations while the women have come within two-hun-

dredths per cent of the first semester record.

With but one exception the men's organizations have shown improvement while only two women's organizations improved.

Pi Beta Phi leads the general list for the fourth consecutive time but falls nearly a point below the first semester of the year.

Organization—	First Semester		Second Semester	
	Students	Average	Students	Average

WORK ON BLOCK N DAY IS UNDERWAY

Big Letter to Receive Its Last Coat of Paint; Holiday Declared for Event

Plans for the block N day are progressing rapidly. What may be the last N painting day till after the war will be turned into a final celebration before the induction of the men into service next week if the present plans carry the following order of activity will be put into effect.

The morning will be given to the painting of the big letter by all classes together. The Freshmen are to provide lime and other necessities but aside from that there will be no more required of them than from any one else.

After the job is done on the hill all will return to the gym. and a lunch will be served by the girls. The afternoon will be given over to stunts on the field which will include a "hick" track meet. Elegant prizes are to be awarded to all successful entrants in the events.

The evening was to have been given over to the Sophomore hop but on account of the scarcity of music it may have to be advanced to Friday night.

The success of the day depends on the number of students who attend and as a holiday has been granted for the painting, everyone should be there.

The committee in charge are: Painting—Bryan, Badt, Warren and Moffit.

Eats—Eva Hale, Phyllis Brown,

Let all get on the bond wagon.

LIEUTENANT ORGAN VISITS CAMPUS

Vernon Organ, '18, now second lieutenant of the aero forces, was on the campus during the early part of the week. "Pipe" has just returned from Virginia where he has been teaching acrobatics. He will be here but a few days and will go to Louisiana to study bombing. Up to the time he enlisted last fall he was one of the most active men in student affairs on the hill.

"Remember, my son, when you get to camp try to be punctual in the mornings, so as not to keep breakfast waiting."

Ruth Billingham, June Harriman and Harry Stephens.

Entertainment—M. T. Smith, Harvey Sewell, Rose Harris, Lavina Shields and Coach Whisman.

BOOST THE DRIVERS

It would be well for every individual and organization on the Hill to consider what part they will play in the forthcoming Liberty Loan and Welfare Merger campaigns. Two of the greatest movements to collect money that the world has ever known are soon to be launched and the defeat of Germany depends in large measure on the success of the drives. The Fourth Liberty Loan drive will begin the twenty-eighth of September and the University should from the first day be prepared to do its share in helping the state raise its quota. It is possible that many students will not be able to buy a bond but this will not prevent them from assisting some one of the many organizations to buy one. Every fraternity and sorority, the Student Association and Manzanita Hall should lay plans to buy at least one bond before the drive begins and carry out the plans accordingly. A great deal of money is spent on unnecessary items and with a little careful planning and saving every organization should have the first payment made on its bond by the nineteenth of October, when the drive closes.

SHALL THE TRADITIONS GO?

This school year is still very young but in spite of that fact it has probably already witnessed a greater change in the traditions of the University than any other year since the school was organized. In some cases the traditions were worn out and outdone and have died a natural death while others have been dropped because of the war.

The last feeble struggle of the night rush was probably witnessed this year. Nor was there any Dummy Rush and it is to be hoped that neither will ever be reviewed again. The poster custom seems to be about worked out and may follow them.

Perpetual class struggles and Frosh hay rides have gone because of the war conditions. The Frosh and Sophs seem ready to meet on a friendly basis and to co-operate. The war has caused the whole school to agree that the block "N" on the mountain shall

be painted by all classes. The painting of the "N" will always be kept up and the duty of painting it will no doubt go to the Freshmen again after the war. Those questions, however, will be solved as they come up. The question to take up now is what customs shall those people who remain regular students observe on the campus.

There is no more reason for the men not in training after the first of the month to smoke on the quad or to cut campus than there ever was and there has never been any excuse for such action. If the campus cutting rule is removed it will take but a short time for the quad to be sectioned by trails from one building to the other. There is no such reason for the smoking rule but it is one of the nicest of our traditions and should always be observed and probably will by all men who have been in school any length of time.

FEW CHANGES IN FACULTY

The fall registration finds only one of Nevada's faculty missing, Miss Ova Lee Risk, assistant in the department of physics. Miss Risk returned to her home in Chicago where she will pursue her studies previous to a higher degree at the University of Chicago, and do war work in physics.

However, the engineering students are welcoming Prof. Boardman back as the dean of their college. Prof. Boardman was called away the fore part of last semester, having been engaged in construction work relative to the war for the government in West Virginia.

Since it has been officially pronounced patriotic to wear short skirts and low shoes, we may as well prepare for a sandles-and-kilt combination.

Teacher (during a Natural History recitation): "Can anyone tell me where the home of the swallow is?"
Silence, and then came the response: "The home of the swallow is in the stummick."

WOMEN'S LEAGUE MEETING

Friday at 11 O'clock
All Women Please Be There
Freshmen MUST Be There

SOCIETY

A pleasant afternoon and evening was spent by the members of Phi Delta Tau Fraternity and their guests and pledges Sunday. The afternoon was devoted to a theater party. Following that, the party gathered together those things that go to make a picnic party a success and consisting mainly of hot dogs, and gathered around a bonfire a short distance up the river to roast them on willow sticks. Songs and storry telling filled out the evening. The guests were the Misses Salome Riley, June Harriman, Phyllis Brown, Laura Shurtliff, Hulda Shartel, Lavina Shields, Jennie Howson, Norma Brown, Emily Burke, Georgia Money; Messrs. Monahan, Burke, Forester, Moffat, Brown and Waite. The members of the fraternity are: Harry Stephens, Bob Griffith, Lyle Kimmel, Ira Redfern and John Douglas.

FACULTY WOMEN ENTERTAIN

The women of the Faculty Club entertained the soldiers at an enjoyable dance in the gymnasium Thursday evening. A good jazz orchestra furnished the music and everyone just had to dance. Those present say that it was the best dance given so far this year.

S. A. E.

The S. A. E.'s gave a delightful dancing party at Maple Hall on Friday evening. There was lots of real old-time pep and the S. A. E. boys certainly showed that they could still keep up their reputation for being splendid hosts in spite of their depleted numbers. Those present were Eva Hale, Marie Pohle, Isabelle Slavin, Dorothy Paquette, Shirley Stewart, Editha Brown, Georgia Money, Lavina Shields, Georgianna Steiner, Agnes Jensen, Edna Clausen, Helen Cahill, Orva Clark, Dorothy Percival, Louise Adams, Gertrude Harris, Thelma Brown, Velma Truett, Louise Sullivan, Marion Fike, Leila Ogelvie, June Harriman, Arvella Coffin, Ruth Pilkington, Ruth Billinghurst, Edna Greenough, Carol Seabury; Dick Bryan, August Berning, Harry Stephens, Leland Peart, Morris Smith, Ira Redfern, George Hopkins, Noble Waite, Donald Hancock, John Belford, Lieutenant Tom Jones, Morris Badt, Kenyon Olmsted, Tom Middleton, Harvey Sewell, Herbert Bruce, Hugo Quilici, Edgar Marker, Harold Whalman, Andrew McCleary, Sutton, Orr, Eearl, Sullivan, McCormack, Wilson, Bunker, Mr. and Mrs. Whisman, Mr. and Mrs. Hill, Mr. and Mrs. Hoseman and Mr. and Mrs. Nyswander.

FROSH HAYRIDE

To take the place of the annual freshman hay ride, the Frosh entertained at a dance in the gym. Saturday evening. The dance was given to the Sophomores but all students of the University were invited. The students are all taking advantage of these last days before the boys have to go into intensive training and at the dance Saturday night everyone joined in the real old U. of N. spirit which makes these class dances stand for so much to every student who really appreciates the joys of college life.

LOMBARD-HOOTON

Miss Marian Lombard and Mr. W. A. Hooton were married in Fresno May ninth, with Miss Eva Hale acting as bridesmaid. Mrs. Hooton is a member of the class of '20 and belongs to Tri Delta and Delta Alpha Epsilon sororities. Her husband is a civil engineer and is at present engaged in metallurgical work at Emigrant Gap, Cal. The many friends of Mrs. Hooton are rejoiced that she has returned to college to finish her course this year.

KIMMEL-MEACHAM

Miss Lois Kimmel and Mr. George Meacham were married at a quiet home wedding in Sparks May twelfth. The bride is the daughter of Mr. and Harris became the bride of Mr. Ford Harvey the nineteenth of June. The wedding took place in the beautiful rose garden at the home of the bride's parents, Mr. and Mrs. Walter J. Harris. Mrs. Harvey is a member of the Mrs. H. A. Kimmel and a member of the I. O. A. O. sorority. Mr. Meacham

is in the employ of the government at Mare Island Navy Yard. The young couple reside at Vallejo.

HARRIS-HARVEY

One of the prettiest weddings of the summer occurred when Miss Elaine class of '19 and also of Delta Delta Delta sorority. Mr. Harvey attended the University and is now in the employ of the Union Land and Cattle Company. The Harveys have made their home in Reno.

MORRISON-GIBSON

Miss Dorothy Morrison, daughter of Mr. and Mrs. C. D. Morrison, became the bride of Robert L. Gibson July third. Miss Myrtle Cameron was bridesmaid. Mrs. Gibson graduated from the University in 197 and taught the past year in Smith Valley. She is a member of Pi Beta Phi and Omega Nu sororities. Mr. Gibson is connected with the Washoe County Bank and is a member of Pi Delta Kappa fraternity.

TAYLOR-ROBERTSON

Miss Glen Taylor, a former member of the class of 1920, and Mr. A. Robertson of McGill were married at Ely in the later part of August. Mrs. Robertson is a graduate of Ely High School and attended the University two years before taking a responsible position in McGill.

YOUNG-CLEMONS

Miss Juanita Young of Lovelock and Mr. Ray Clemons were married June third at Lovelock. The bride attended Reno High and graduated from the University Normal. The groom is a mining man of Mill City.

WHEELER-O'DOWDA

Miss Ruth Wheeler and Lieut. John O'Dowda were married in Dallas, Tex., July seventeenth. Mrs. O'Dowda is the popular daughter of Mr. and Mrs. S. H. Wheeler of Reno, and Lieut. O'Dowda is the son of Mr. and Mrs. O'Dowda of Honolulu. The young couple will reside in Dallas until Lieut. O'Dowda is transferred overseas.

CAT COLUMN

St. Peter lectured Jennie in a most outrageous way, When that maiden went before him On the resurrection day.

"You looka' here, young lady," Peter simply, sternly said, "In the light of circumstances You're responsible for Red."

"You did make him sad at college, You did make him singly roam On his journeys round the campus When that Freshman came from home"

"Now he's married to an actress And the blame is on your head. You were wrong but I'll forgive you Imitating poor old Red."

HOFER-HEIDTMAN

Miss Gladys Hofer of Reno and Mr. Otto Heidtman of Gardnerville were united in marriage at the home of the bride's parents June twenty-sixth. Only relatives were present at the ceremony. Mrs. Heidtman is a member of the Normal Class of 1916 and taught last year in Carson Valley where she and her husband became acquainted. She is a member of Delta Delta Delta sorority.

PURE WHEAT BREAD FOR THE ARMY

The American Army in France is getting bread made from pure wheat flour. There are several reasons why it is not advisable to carry out the wheat-saving-substitute rule in bread making overseas. Field bakers must work swiftly, and can not afford to experiment with new flour mixtures. Every effort is made by the Quartermaster Corps to give these bakers the best material possible and to make the baking process simple and standard.

Our troops in the United States have been getting the prescribed amount of substitutes in their bread, and it has proved satisfactory. Here, bakers are definitely located and can easily work out mixtures that will produce good bread. The daily ration for soldiers of the American expeditionary forces is 18 ounces of wheat flour for soft bread. This has proved to be more than enough, and a reduction to 16 ounces per day is now under consideration.

The army supply of flour at this time is 100 per cent abundant at every place along the line, from the mills to the battle lines in France. Every requirement for flour, both for domestic and over-seas consumption, is being met.

TRAINING DETACHMENT PUBLISHES A PAPER

The University of Nevada Training Detachment has been publishing a weekly paper since the first detachment arrived on the Campus. The paper is a neat three-column, four-page publication edited by Sergeant Conley. It is issued every Saturday and can be found in the Gow House on those days.

During the period of the first detachment the paper was edited by Frank Walker, formerly of the class of Nineteen. The name of the paper, "The Fighting Mechanic," is the name given to the men of the detachment.

Seniors were born for great deeds,
Juniors were born for small,
But some one has to tell us
Why Sophs were born at all.

Voice from Doorway: "Mary, what are you doing out there?"

Mary: "I'm looking at the moon."

Voice from Doorway: "Well, tell the moon to go home and you come into the house. It's half past eleven."

NEVADA'S SECONDARY MINING SCHOOLS

Nevada was the first state to introduce a system of secondary mining education for the men employed in its metal mines and mills. Beginning with a single school operated as an extension department of the University of Nevada, the system has grown until it now consists of five distinct schools.

Four of these are permanently located at Virginia City, Tonopah, Goldfield and Ely; while the fifth is a moving school which is at present in session at Yerington, but is free to go to any camp in Nevada where the demand is sufficient.

The object of Nevada's secondary mining schools is to enable working miners and millmen to fit themselves for higher positions without stopping work. Positions for which training is given are such as foreman, sampler assayer, surveyor, and prospector. No attempt is made to train mining engineers and metallurgists, but young men doing well in the secondary schools are encouraged to go to the Mackay School of Mines at the University of Nevada for engineering training. Thus these schools fulfill the two-fold purpose of enabling men at work to study mining subjects and of supplying trained men for minor positions about the mines and mills.

The only requirement for entrance into these schools is the ability to talk and read English, and the instruction is elementary and practical in character. The regular class work consists of two hours daily, excepting Saturdays and Sundays, divided between two subjects. Instruction is given at two different two-hour periods to accommodate men working on different shifts. The laboratories are open throughout these days, and also on Saturday mornings.

Thirty-seven courses are offered, and suggestions are made for the grouping of these courses to train for different positions. Courses and groupings are on file in this office where they can be seen by anyone interested, or copies may be obtained by writing to the Director of the Mackay School of Mines at Reno, Nevada.

The Seniors are some students;
The Juniors, too—perhaps;
The Sophs—they get by somehow,
But the Freshmen—gee! what saps!

The past week in Manzanita has been very calm—a very unusual thing at Manzanita. The only excitement has occurred after 8 o'clock in the evening—just when it shouldn't, of course. Consequently the quiet committee has had to show its authority but it really was a great shock to find that members of the committee were sometimes found to be the greatest offenders. We are hoping for more peaceful evenings from now on.

Mrs. Browder was visiting her daughter, Mary, for a few days this week.

Helen Shade spent last week-end with her parents in Virginia City.

Our new outdoor clothes lines are quite an acquisition. It is a great relief to be able to hang things out in the sunshine and let them blow in the breeze. The fact that the lines are always crowded with dainty feminine apparel is evidence of the thrift of Manzanita girls.

At last! Manzanita has a telephone booth, thanks to the skilled soldiers of our training department. Now is the time to have private conversations over the 'phone, but—the time limit is three minutes, please do not forget it—someone else may be waiting for the 'phone. It really is too bad that we are limited to so short a time for there is a wonderful little three-cornered stool and a nice table and the booth is comfortable as well as private. So if you can't say all you want to in three minutes, have him come up and sit on the front porch.

RED CROSS NOTES

This week Manzanita Hall is to have a drive all its own. All the cast-off clothing in the hall which can be of use to the Belgian refugees is to be collected and turned in to the central committee.

The poet muses and produces song on what interesting history would be told "If the Waters Could Speak as They Flow." But if Co-ed's frocks could whisper, the waters would rave to an empty house and incidentally the inhabitants of Belgium would be less warmly clothed this winter.

Imagine a Belgian youngster making mud pies in the dress that made Lee say that she looked like a fairy, or playing marbles in a frock in which Mary made her summer campaign. It does require imagination, doesn't it?—and yet it is very probable that this is exactly what will happen.

A committee appointed by the house president, namely, Mary Browder, Mary Belli and Lois Smythe, is busily engaged collecting clothes from Manzanita-ites. And though as before intimated, some dresses on account of associations will be very hard to part from, there will be no slackers for every girl is only too willing to help in the work of relieving the suffering of Belgium.

The clothes will not be given unsuitable for wear. On the contrary, the frocks, blouses and coats will be just as dainty, chic and serviceable as Manzanita girls can make them.

The fact that, with each stitch of the needle, some girl heaves a regretful sigh or blushes in sweet confusion at some memory will not detract from the wearing qualities of the garment.

CARL HORN DESERTS THE BACHELORS

Carl Horn, who is so well known by all the students on the campus, was married August fifteenth to Mrs. Phyllis Wilson, daughter of Captain and Mrs. Herman Davis. The wedding was a quiet home affair at the home of the bride and immediately after the ceremony the Horns departed on an auto tour through California. The bride was raised in Reno and was for three years captain of Reno High School women's basket ball team. Carl has lived with the boys of Lincoln Hall for several years where he was ranked as an upper classman.

ATHLETIC SITUATION IS STILL UNSETTLED

Girls Will Hold Intercollegiate Contests But the Men Will Not

The Athletic situation at Nevada is still unsettled as far as the men go and will undoubtedly remain so until the S. A. T. C. formally opens up. It is certain, however, there will be no intercollegiate contests for men, though the women will probably continue their regular basketball schedule with various coast teams, Mills, California, College of the Pacific, Stanford, etc. Just how the question of giving the men in the S. A. T. C. some form of athletics will be settled, it is hard to decide. Word comes from Washington saying that there can be no regular football team from the S. A. T. C., but that the men may play football. This will probably mean that several teams will be organized within the unit and games will be played among themselves but not with outside teams. In this way a large number of men could take part.

It is likely that basketball will be handled in the same way. A league of six or eight teams could be formed which would develop considerable competition.

A letter from the Stewart Indian School was received last week with regard to arranging one or two football games before the S. A. T. C. goes into effect. Coach Whisman has the matter under consideration and it is quite possible that there may be a game arranged to be played in about two weeks if enough football material can be found at the college.

STATEMENT OF OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACT OF CONGRESS OF AUGUST 24, 1912.

Of the University of Nevada Sagebrush, published weekly at Reno, Nevada, for October-April, 1918-19: State of Nevada, County of Washoe, ss.

Before me, a notary public, in and for the state and county aforesaid, personally appeared Harry W. Stephens, who, having been duly sworn according to law, deposes and says that he is the Business Manager of the University of Nevada Sagebrush, and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management (and if a daily paper, the circulation), etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 443, Postal Laws and Regulations, printed on the reverse of this form, to-wit:

1. That the names and addresses of the publisher, editor, managing editor and business managers are:
 Publisher, Associated Students of University of Nevada.
 Editor, George Hopkins.
 Business Manager, Harry W. Stephens.

2. That the owners are: Associated Students of the University of Nevada.
 HARRY W. STEPHENS,
 Business Manager.

Sworn to and subscribed before me this 22nd day of September, 1918.

LOUISE BLANEY,
 Notary Public.
 (My commission expires April 7, 1918)

Liberty Bonds or German bondage. The soldier gives; you must lend. Liberty Bonds or German taxes. It's billions for defense or billions for indemnity.

UNIVERSITY ORGANIZES FOUR MINUTE CLASS

Bronze Buttons Will be Awarded to the Members

The University, through a request from the government, and under the direction of Professor A. E. Turner, has organized the "Four Minute Men" for the purpose of delivering four minute talks at functions and assemblages which may be held on the hill.

These talks are to be given by different students and will be on some topic of allied propaganda, which the government will send out. This movement of the "Four-Minute Men" has proven a wonderful success among the business men in the different cities and it is now established in every town over the United States. In order to further this work, the government has asked all colleges to assist, by delivering lectures at the meetings which may be held by students and faculties. Our university has expressed its willingness to aid in this matter, and already several of the students have come to the front and offered their services. However, there is still room for more red-blooded men and women to come forward and give their assistance.

All students who care to take up this work are requested to see Professor Turner at once. The men who take part, and do it efficiently, will be awarded with a bronze button by the government, while the women will have the honor of being a member.

RENO COMPANY DRILLS BY NIGHT

Flood Lights Installed on Mackay Field

The time will soon come for changing the clocks again and the days will be an hour shorter and the nights an hour longer. This will put an end to much of the daylight activity but it will not cause any difference in the work on the Mackay field which is at present carried on there. Early last summer a group of men of draft age organized a military body which is known as the Reno Military Training Company. This company proposed to drill three times a week, on Tuesday, Thursday and Friday nights under the leadership of Captain Myers, Sergeant Kester and Harry Stevens. The company had at first about fifty members but at present there are seventy-five with prospects of more in a short time. When the days were long it was an easy matter to get in a good drill before dark but as the days became shorter it was apparent that the company would have to discontinue drill or, like Joshua, command the sun to stand still. Instead of interfering with the celestial scheme in this rather inconvenient manner the training company installed powerful searchlights on the Mackay training quarters so that the field is now brightly lighted by the three great lights. The training company will be able to continue drill and the men of the S. A. T. C. will play football on the field after dark. These activities will continue until the weather gets too cold and it is said that some genius in the company will devise a method of covering the field to keep out the snow and wind.

For Foch and freedom; buy bonds.

BOB BRINGHAM IS RECOVERING

The many friends of Lieutenant Robert Bringham will be glad to hear that he is recovering rapidly and will soon be out of the hospital. Lieutenant Bringham was for some time believed to have lost his life on the battlefield but a few days after the first reports reached this country word came that he was severely wounded in a French hospital.

In one of the first letters written since he was wounded he says:

"On the afternoon of July 20 my presence on active duty on the front line ceased and I thank God I am well on the way toward good health with nothing missing except by left hand, the part of my body I can best afford to miss. This may sound pretty bad to you folks but if you could see some things here and realize that I was chosen to live as one of the two out of six officers in my company you would say that a left hand is nothing and if you could see what I have seen you would all be fatalists. I was hit by a German high explosive which splattered most everything above my stomach. I have pretty bad wounds in my back, chest and upper left arm, but they were not deep enough to do any permanent damage. Everything is feeling fine and after three weeks in bed I am now walking around sunning myself every day. This week sometime I am going to Chateau-Rue to an orthopedic hospital where another little operation will be performed on my wrist. There they are doing wonderful work with artificial limbs and I will have a hand that you will not be able to tell from the old one. What will become of me after that I don't know. I shall either be put on some light job here or in the States and I am pulling for the States as long as I can't go back to the front."

REAGEN IS INJURED BY FALL

An unfortunate accident occurred last Monday noon when Charles Reagen, well known member of the Freshman class, was thrown from his bicycle and badly injured.

Reagen was leaving the campus at a good clip on his wheel and when about fifty yards from the gate he was suddenly thrown into the street head first. He was rendered unconscious for some time and was sent to Mt. Rose Hospital for examination and treatment. The situation seemed extremely serious at first, but Reagen is recovering completely from the concussion sustained and will probably be back on the hill in a few days.

The cause of the accident is still in doubt, but probably resulted from a tire blowout.

Small Frosh—"How did you become become such a wonderful orator?"

Deacon Hansen—"I began by addressing envelopes."

BRIGHTON SLEEPING WEAR FOR STYLE AND COMFORT

You get the utmost value and comfort in Brighton-Carlsbad sleeping garments, for they are cut on scientific patterns—are LARGE, ROOMY and WELL MADE to withstand wear and laundry.

There is an actual difference between sizes (a 36 is really larger than a 34; not just marked larger). Each size is correctly proportioned—not skimped anywhere—and the many styles and trims are carefully designed to delight the wearer.

Note the style, fullness, twin-needled seams, buttons, buttonholes and attention to detail throughout. We know you will be pleased with it.

Ask to see the Brighton line. It includes Night Shirts, Night Robes, Pajamas, Pajuniors (the one-piece pajamas), and Fresh Air Sleeping Garments with hoods and foot-pockets or sox, all for men and women; Night Gowns and one-piece Sleepers for Children.
