I. O. A. O. TAKES LEAD IN SCHOLASTIC STANDING

SORORITY TAKES LEAD FOR FIRST TIME FROM PHI PHIS WHO HELD IT FOUR CONSECUTIVE SEMESTERS

In spite of the unsettled conditions which existed at the University last semester, due very largely to the quarantine, the general averages for the semester were considerably higher than the preceding one. The men showed an improvement of 4.0 per cent and the women 0.4 per cent. However the average number of credits earned by each student were much lower, than previously. In figuring the averages, ten hours was taken as a basis instead of fifteen hours as formerly. Incompletes did not figure in so far as to exclude a student from the honor roll, provided he had completed ten hours work.

Among the women's organization, the I. O. A. O. sorority with an aver-

age of 87.28, captured first place from the Phi Phis who had held it for four consecutive semesters. On account of the majority of the men being in the S. A. T. C. and the necessity of strict adherence to the military schedule, it was impossible for the men's organizations to carry on their work as before. For this reason, their averages have not been computed with the others.

Leslie Bruce won the individual honors with an average of 93.0 per cent in thirteen hours. Three men in the S. A. T. C., Harvey Sewell, Harold Engle, and Herbert Bruce, also won places in the honor roll, which is quite a performance.

	First Semester This Year	Second Semester Last Year
I. O. A. O.	87.28	84.12
Pi Beta Phi	87.04	85.39
Delta Delta Delta	86.52	83.45
D. K. T.	85.3	84.63
Manzanita Hall	84.6	83.5
Men	82.44	78.46
Women	84.6	84.22
Total enrollment for the Semester		241
Total receiving credit		161
Total receiving more than 10 hours credit		71

The following is the honor roll for the semester ending December, 1918:

NAME—	No. Hours Credit	Average Grade
Leslie Bruce	13	93.0
Ruth Billinghamurst	12	92.7
Ileene Greenough	12	92.2
Harvey Sewell	12	91.9
Harold Engle	14	91.5
Dorothy Higgins	14	91.5
Herbert Bruce	13	91.1
Bois Smyth	16	90.9
W. Hawkins		90.3

ARTEMESIA QUESTION UP FOR DECISION

Complete Staff Has Not Yet Been Appointed

The question of whether or not an "Artemesia" can be published this year is still undecided. If the financial end can satisfactorily be settled the book will be published. It can only be with the individual support of the University as a whole and with the backing of the business men of Reno that it will be possible to publish a standard year book. While it will take some time to determine how large a book it will be possible to put out the staff is going ahead on the proposition that a large book will be printed. All available material is being collected and the students are requested to hand in all snapshots, jokes and cartoons to the editor.

The value of publishing the "Artemesia" at this time cannot be underestimated. Next year will probably see the largest registration that the University has ever had and nothing will serve more in attracting prospective students to Nevada than a good year book.

The editor has not yet appointed a complete staff.

DATE FOR FARMER'S WEEK IS POSTPONED

Spanish Influenza and Unsettled Conditions Cause Delay in Many Colleges

The annual farmers' week which was scheduled for January 20 to 25, has been indefinitely postponed. This action was taken after a conference of Directors Norcross and Doten and Dean Knight of the Agricultural College. The influenza is still prevalent in many of the districts from which we would come. This would cause more or less danger of spreading the epidemic. Other colleges have taken the same step.

Notice has been sent out to all the papers of the state of the action and unless the situation changes there will be no farmers' week this year.

U. C. OCCIDENT HAS WOMAN MANAGER

Miss Isabelle Anderson of U. C. "Occident" Overcomes Handicap of War Conditions

To Miss Isabelle Anderson falls the honor of being the first woman manager of the first University of California "Occident" since that paper started forty years ago.

Upon assuming charge of the paper Miss Anderson was confronted with conditions brought on by a world war, when advertising was very much in doubt and when there was lack of special writers on the campus.

The circulation has, however, increased 300 per cent and the advertising has been large from the first issue in October. In addition to her duties with the "Occident," Miss Anderson is an active Senior and is one of the managers of the Parthenia to be given in the spring. She also managed the tennis team and is herself champion of the college in this sport. She is a member of the Chi Omega Sorority.

INFLUENZA CLAIMS MRS. OTTO HEITMAN

Mrs. Otto Heitman died at the home of her parents in Reno last Saturday morning, following a week's illness with influenza-pneumonia. Mrs. Heitman will be remembered as Gladys Hofer, a popular leader in social and student affairs. She attended grammar school in Reno, graduated from the Reno High School in 1912 and from the University in 1916. She was a member of the C. C. Club and of Delta Delta Delta sorority. She was married to Otto Heitman and since then has resided on one of his ranches in the Carson valley.

Funeral services were held in Carson City Monday afternoon, the Rev. Samuel Unsworth officiating.

Mrs. Heitman's lovable disposition and charming personality won for her a host of friends who will feel her absence keenly and who will sympathize most sincerely with her bereaved relatives in their great loss.

AL REED VISITS UNIVERSITY UNION

Paris, Dec. 10, 1918.
Dear Old Friend:

I was down at the American University Union today. It was like a breath from home. I went over all the "Sagebrushes" for the past year and it certainly seemed fine.

There are still enough of you older ones left to make the old page seem as it did years and years ago.

I can't tell you with what sorrow I read of Coach Whisman's death. It was unbelievable at first. I had a very high personal respect for him as a man. It was only some two weeks ago that I was praising our coach to John Heard. A coach is everything to a U. and ours was a man to be proud of.

I saw John several times. He came over in July and never got to the front. His regiment is in the army of occupation and that may be my fate next.

I've been to Alsace-Lorraine and need no further introduction. I would prefer to en route the God's country.

I have been over a year now and have been in every American drive except St. Mihiel, where we were held in reserve.

I was wounded at Chateau Thierry and again in the Argonne forest. I am on my way back to the regiment now from Marseilles and Nice where I've been recuperating. Both are beautiful places.

I saw in the Herald that I had been awarded a D. S. C. from some service in the Soissons action. Every man over here should be awarded one. They all fought like veritable demons. Still we say we hadn't started to really fight yet. We picked up many new wrinkles which we were about to try out on the boche.

Seventeen men have registered at the Union.

Sgt. W. Bannigan, 803 Aero Squad.
Ensign R. Clegg, U. S. N.
Lt. John Collins, 116th Engrs.
Capt. Delwyn Dessar, 5th Corps Art. Park.

Corp. Edwin Murray, 85th Aero Squad.

R. Graham, 18th Eng Co. D.
Capt. W. C. Jepson.

Sgt. L. Jones, 85th Aero Squad.
Lt. B. L. McCubbin, 27th Aero Squad.

Lt. R. Ogilvie, 2nd A. I. C.
Capt. F. Peterson, Hdqs. Tractor Art. School.

Sgt. Dale Pruett, 86th Aero Squad.
Phyllips Raymond, 69th Engrs.

Lt. T. P. Walker, 2nd Bri. Sig. Corps.

Lt. Chas. Williams, Co. D, 1st Gas Regt.

Lt. D. W. Woodhouse, 57th British Aero Squad.

Corp. A. J. Reed, Hdqs. 147 F. A.

I saw Williams at Nice. Jones and Pruett there, too. I saw Wayne Adams near the Argonne. They all wish to be remembered.

The University Union are offering some work in the colleges here—I may take up some of it. See first how the Col. feels. He might think "Dough-boy Reed (as he calls me) is alright for liaison and observation but no student of French literature.

Ed has been stationed at camps in Texas and is beside himself to get over. He is first sergeant down there. Too late for him to figure on going to Berlin now. His big brother spoiled the war for him. I wouldn't worry much about that part if I were him.

Well, remember me to all my friends. I would like to be with you—that being impossible—remember my good wishes are R. O. R.

AL REED.

AGRICULTURISTS FORM SOCIETY

New Organization Will Meet Today in Aggie Building

The newly formed Agricultural Society was organized for the promotion of agricultural interests of Nevada and to keep its members in touch with the most recent advances of that science. It is composed of faculty members and prominent farmers only.

Officers elector December 1st, 1918:
President—C. S. Knight.
Vice-President—F. L. Bixby.
Secretary-Treasurer—M. D. Collins.
Program Committee—C. S. Knight, C. A. Norcross, S. B. Doten.

Members—C. S. Knight, F. L. Bixby, M. D. Collins, C. A. Norcross, C. E. Fleming, V. E. Scott, Dr. L. H. Wright, Geo. Hardman, M. B. Kennedy, Dr. Stephen Lockett, M. R. Miller, G. L. Morrison, Nels F. Peterson, Dr. Edward Records, F. W. Wilson, Peter Frandsen, Dr. Lauck, Dr. U. B. Earl, Dr. S. B. Doten, C. L. Brown.

The University Agricultural Society will meet on the first Tuesday of each month at 7:30 p. m. in the Agricultural Building. The present officers are elected to hold office until July 1st, 1919. The program committee consisting of the heads of the three agricultural divisions of the University, will arrange for some important agricultural subject to be taken up for discussion at each meeting. The principal talk at each meeting is limited to twenty minutes, followed by informal discussion for the remainder of the evening. In planning the program the committee will confer with the members of their respective divisions prior to each meeting and include in the talks and discussions all late happenings at the University and in the field. In this way the members will be in constant touch with current events along agricultural lines. The Faculty of the University and agricultural students are invited to attend the meetings of the University Agricultural Society. The meetings are to be strictly informal and no papers are to be presented. Members will be notified in advance of each meeting. Special meetings may be called as occasions demand, for instance to meet visiting agricultural workers.

PROSPECTORS SHORT COURSE OPENS

Ten Miners Register for Four Weeks Work

The fifth annual session of the prospectors' short course started Monday, January 6, and will continue until February 1st.

The work includes lectures on geology, prospecting, mining law, assaying, surveying, first aid to the injured, mineralogy, gas engines and chemistry. It is impossible to cover the details of any one of these subjects but an effort is made to discuss the practical side of mining as far as possible and to allow the miner to present any problems or questions which are not clear to him.

This short course has proved to be very popular in the last few years and this year's enrollment indicates that it still remains so. Seventeen men were registered last year while ten have registered so far this year although they are coming in every day and it is expected that last year's mark will be reached before the week is out. Some of the men enrolled this year have taken this course before but realizing that it is impossible to learn all about mining in a few weeks, they have returned to avail themselves of the fine opportunity which the state has offered them. The man who takes advantage of the chance to learn and improve his line of work is the kind of a man Nevada is proud of for he is the type of man who will help develop the resources of this great state. Particular attention is being called to the first aid course. This has been given for the past two years by Dr.

(Continued on page three)

BELGIAN BABY BECOMES A FAMILY

Physical Education Department Now Has Two Responsibilities

Belgian babies! You have all heard much about them, and it is hoped many of your pennies have helped fill the wee bottles for the relief of Belgian babies.

Two babies were adopted by the Physical Education Department of the University of Nevada. The department thought that it had one baby, but lo! it finds that it has twins. This is the story:

Many, many days ago the department sent money to France for the support of a little Belgian. Soon afterwards a letter came back across the seas from the little girl's mother thanking the girls for their kindness.

Today another letter arrived from France from an entirely different family and after deciphering the French it was found that another child has been thrust upon the department—a boy, whose father was killed early in the war. Perhaps the letter was translated wrong, but probably not. However, if the money sent for one baby can support two, the girls are only that much more happy. The mystery must remain unsolved until some further information.

REGISTRATION PROVES TO BE LIGHT

The registration for the semester is low but some cards are still out and when turned in will raise the total slightly. Disregarding men who were here for the S. A. T. C. last semester, the registration is only slightly under that of last September. However, the fact that men have already returned from military camps all over the country looks as though next year may see the largest registration that the University has so far experienced.

The figures on the registration to date are:

Women	
Freshmen	50
Sophomores	38
Juniors	13
Seniors	12
Post Grads	3
Specials	8
Visitors	2
Total	126
Men	
Freshmen	13

ATHLETICS ?

With the coming of the new semester the question of athletics naturally arises. The solution as applied to this semester is no simple matter to be taken lightly.

The report calling for the most immediate attention is basket ball. This is a sport in which Nevada has always excelled and should make every effort to continue to do so. There is a fair amount of good basket ball material in school at present and it should not be allowed to go to waste. However, the future of basket ball is to be considered first and the best preparation for seasons to come is a team this year. The old Nevada-California League provided the best schedule Nevada could hope to get. Besides this it serves to keep Nevada in contact with schools on the coast which would otherwise never meet a Nevada team. Men should be called out for practice immediately and the athletic manager with a team back of his can bid for the awakening of the apparently dominant league. With the excellent coach who is available for basket ball it only remains for someone to start the ball rolling and give Nevada a chance to add another successful season to her already large number.

GET BUSY!

CHAIRMAN ABEL OF REGENTS RESIGNS

New and Old Boards Meet for Purpose of Organization

On Monday morning the old Board of Regents met at the University and closed up its affairs. The new board had dinner with President and Mrs. Clark after which it met for the purpose of organization.

J. F. Abel, former chairman of the board, resigned. At the present time he is acting commissioner of education at Washington and consequently was unable to carry on his duty as regent. Judge Cheney was appointed to fill the position.

The following committees were appointed:

- Executive—Judge Cheney, chairman; Mrs. Hood and Mr. North.
- Finance—Mr. North, chairman, Mrs. Hood and Judge Cheney.
- Library—Mr. Hood.
- Properties—Mr. Curler.
- Student Welfare—Mr. North.
- Instruction—Mr. Pratt.

The board decided to no longer require the visitors to pay the student fee of five dollars. This action was taken so people from Reno could take a single course without excessive cost.

The Bolsheviks, it appears, believe in free love as well as free murder. But they draw the line at free soap.

OH SAY, CAN YOU?

O say, can you sing, from the start to the end,
 What so proudly you stand for when orchestras play it;
 When the whole congregation, in voices that blend,
 Strike up the grand tune and then torture and slay it?
 How valiant they shout when they're first starting out;
 But "the dawn's early light" finds them flourishing about.
 'Tis "The Star-Spangled Banner" they're trying to sing,
 But they don't know the words of the precious, brave thing.

Hark, "the twilight's last gleaming" has some of them stopped,
 But the valiant survivors press forward serenely
 To "the ramparts we watched," when some others are dropped,
 And the loss of the leaders is manifest keenly.
 Then "the rocket's red glare" gives the bravest a scare,
 And there's a few left to face "the bombs bursting in the air;"
 'Tis a thin line of heroes that manage to save
 The last of the verse, and "the home of the brave."
 —From the Chicago Standard.

The colors in Germany's flag are to be changed from black, white and red to black, red and yellow. Why not, more appropriately, "black and blue?"

 OUR
 ADVERTISERS

MILITARY DEPARTMENT MARKS TIME

At the present moment the military department of the University is not carrying on its usual activity. It has been established that the old R. O. T. C. will be the style of the new organization. Whether or not the four hours granted to S. A. T. C. men will complete their University military education has not yet been settled.

At present the government has appointed no one to take charge of this unit and has given notice that there is to be no military activity till the position is filled.

DR. ROMANZO ADAMS' COURSES TO BE DROPPED

The courses which were being conducted by Dr. Romanzo Adams will be dropped until next year. Dr. Adams has been granted leave till next semester with pay.

If Dr. Adams is unable to return at that time someone else will continue with his work. In the meantime students will have to take other courses and resume their regular work next year. Those who need economics to graduate in June will be allowed to take work under Professor Thompson instead.

As a Souvenir King a chap in X. Battalion reigns supreme. He seemed to have the idea that the war was being run for the sole purpose of providing him with Fritz automatic revolvers, field glasses and watches. Recently one of our 'planes brought down a Fritz in flames. When about a thousand feet from the ground, Fritz decided that it was better to smash than to fry, and jumped out. As he fell rapidly earthwards, face downwards and arms and legs outstretched froglike, the Monarch of the Souvenir-dancers danced about with anxiety. "Hey!" he yelled, indignantly, "turn on your back, you silly gazob—turn on your back, man, or you'll break your watch!"—"Aussie," The Australian Soldiers' Magazine.

DELTA DELTA DELTA
Thursday evening, January 2nd, Miss Josephine Williams and Mrs. James Nyswander entertained the Tri Delt Alliance at the Williams' home. The evening was a holiday reunion for the Alliance members in Reno this vacation and was made quite festive. A novel Christmas tree—bearing a package and appropriate verse for each guest furnished a large part of the evening's fun, old college and friendship songs were sung, and a unique scheme of place cards characterized dainty refreshment tables. Those present were: Mesdames Edith Mack, Johnson, Hazel Bacon McKinley, Elda Gilcrease, Elsie Meaker, Ione Cardinal, Bernice James and Dorothy Nyswander; Misses Nan Coon, Mila Coffin, Ohe Sonchereau, Mary Raitt, Edith S. Harris and Josephine Williams.

PROSPECTOR'S COURSE OPENS
(Continued from Page 1)

J. J. Sullivan, one of the regents of the University. He has been so very kind that the department that it would be imposing upon good nature to ask him to teach this again so Mr. B. F. Bunnell of the U. S. Bureau of Mines of Colorado has been secured to relieve him. He will be here only the first two weeks of the course. He will come to this city with one of the five cars which the government has outfitted with modern first aid apparatus, so those who register in this course will have an opportunity to become thoroughly acquainted with the subject. Upon satisfactory completion of the course a certificate will be given. Below is given the schedule of courses offered:
Monday—9 to 10, geology; 10 to 11, first aid (two weeks); 11 to 12, prospecting; 1 to 3:30, mining law.
Tuesday—8 to 9, gas engines; 9 to 10, surveying; 10 to 11, first aid; 11 to 12, prospecting; 1 to 3:30, mineralogy.
Wednesday—9 to 10, geology; 10 to 11, first aid; 11 to 12, chemistry; 1 to 3:30, first aid.
Thursday—8 to 9, gas engines; 9 to 10, assaying; 10 to 11, hygiene; 11 to 12, prospecting; 1 to 3:30, mineralogy.
Friday; 9 to 10, geology; 10 to 11, first aid; 11 to 12, prospecting; 1 to 3:30, first aid.
Saturday—8 to 9, assaying; 9 to 10, assaying; 10 to 11, assaying; 11 to 12, assaying.
Following is the name of instructors, subjects and room in which courses are to be given:
Assaying—Professor W. S. Palmer, 100 Mackay School of Mines.
Chemistry—Dean M. Adams, 210 Chemistry Building.
First Aid—Mr. B. F. Bunnell, 100 Mackay School of Mines.
Gas Engines—Prof. S. G. Palmer, 101 Electrical Building.
Geology—Prof. J. C. Jones, 200 Mackay School of Mines.
Hygiene—Prof. P. Frandsen, 110 Agricultural Building.
Mineralogy—Prof. J. C. Jones, 200 Mackay School of Mines.

Mining Law—Vice-Pres. R. Lewers, 100 Mackay School of Mines.
Prospecting—Director F. C. Lincoln, 100 Mackay School of Mines.
Surveying—Dean H. P. Boardman, 101 Electrical Building.

BLESSING OF WAR
"Remember, this war is for the sake of peace."
"I'm already beginning to feel the peaceful results in my own home," replied Mr. Crumrox, confidentially. "Nobody plays Wagnerian music any more."

Over a million tons of coal are used in a year in making beer. Considering what the beer is like just now, it seems a wicked waste of coal.

WOMAN'S ASSISTANT DIRECTOR ARRIVES

Girls' Basket Ball Practice May Start Soon

The influenza epidemic and the death of our late coach, Ray Whisham, has greatly hindered woman's basketball at the University of Nevada. It cannot be said definitely at this time whether or not there will be any inter-collegiate basket-ball.

It is known, however, that the University of California and Mills College are playing only inter-class games this year, so this bars Nevada from scheduling a game with either of them.

The athletic class will not concentrate on any one sport until it is known whether or not Nevada can have any inter-collegiate games. It is probable that the Varsity basket-ball team will play Stanford in February. If this is the case, there will be a call for varsity material, and the next few weeks will see some intensive practice.

Miss Sommers, a graduate from Southern California, comes to us this semester as our new athletic teacher. She has been in charge of girls' athletics at Berkeley High School, and has been highly recommended as a director, having specialized in the physical education department at college. Her classes promise to be interesting, as well as beneficial.

There is a big demand for physical education teachers throughout the high schools of this country and Miss Sameth, together with Miss Sommers, have outlined a course, whereby girls desiring to teach physical education, may secure a special recommendation to do so.

In the course of a few days it will be known if inter-collegiate basket-ball will be played this year. However, there is good material for some peppy inter-class games, and they will serve to throw into prominence material for a future Varsity team.

INTERNEED

There are thousands of men in the A. E. F.,

Who did not volunteer,
And plenty more will be going o'er
Who'd just as leave stay here.

The most unfortunate man today
Is the fellow who came to the front
And offered his all at his country's
call,

And was ready to bear the brunt—
But was cast aside and assigned else-
where

To Replacements or Depot Brigade.
And there to remain till he grew in-
sane

As he waited in vain for aid.
For his longed-for chance to go to
France

Does not materialize;
He storms and he frets, but he never
gets
His chance like the other guys.

He writes in despair to his friends
over there

That he'd give ten years of his life
If he could get in it for only a minute
To try out his luck in the strife.

Now, last year they told him that they
had to hold him

On this side with other good men
To train new recruits in making sa-
lutes,

Yet again, and again, and again.
Now the end of the fight is almost in
sight,

He's as far from the front as at
first;

Is it any great wonder he thinks it
a blunder

And his soreness cannot be dis-
persed?

For now it would seem that his fondest
dream—

To fight for the U. S. A.—
Will never arrive, although he may
strive,

And hope against hope for The Day.

The unlucky ones in this great world
war

Are not the men who are killed,
Nor the wounded ones, be they allies
or Huns,

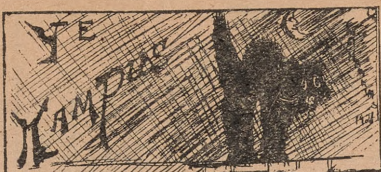

No matter what blood they have
spilled,

The most unfortunate man today
Is the man who jumped at the
chance

To fight like Hell from the tap of the
bell,

But who'll never see service in
France.

—G. W. POLHEMUS, Major, Inf.

CAMPUS CAT

A prominent young gent from hereabouts went into the Mirror Barber Shop to have his moustache trimmed, and was accosted by the pretty manicurist. She took his hand in both her palms, glowed at the finger tips, looked into his eyes, smiled and said: "You need it," may I?"

One glance was sufficient.
"YOU MAY," replied none other than our own Ira.

And so it all began.
The Kat has just received information from good authority that our noteworthy professor, Romanzo Adams, has been granted leave of absence from the University in order to teach the inmates of Lane Hospital the artful game of checkers.

His progress has been somewhat jeopardized by devilish diabetic diets lately served him by one of our new Frosh girls, Prof's former nurse.

Deacon Hanson and our fuzzy-lipped Senior, have turned in raspberries on each other this week. Both have suggested a course in "father craft" for the other.

The Kat is at a loss to know what to do in this case and appeals for advice.

POULTRY EXPERT FOR EXTENSION DEPARTMENT

Attempt Will Be Made to Have the State Produce Its Own Poultry

The poultry division of the bureau of animal industry is going to station a poultry expert in Reno to work with the University Extension Department.

The position has been offered to Mr. J. J. Lyons, former secretary of the Nevada Poultry Association, and a poultry farmer of note. He is highly recommended by Arthur A. Peters, government poultry man for the western states.

It is the intention of the Extension Department to increase the production of poultry in Nevada till the demand of the state can be supplied at home. This will open a large field for persons wishing to enter this line of work.

Former Washoe County Agricultural Agent Vinson, who is now an army officer has been offered his former position. Yale McGinnis, who formerly held the position, will take the same position in Churchill county as soon as he is out of service.

HEALTH COMMITTEE GETS BUSY

Members Work Out a Plan for Providing a Regular University Physician

Yesterday afternoon the committee on health met in the office of Dr. Frandsen to discuss matters pertaining to the data gathered before submitting their report to the student body.

The epidemic of influenza over the country brought about a discussion in the student body meeting of last semester as to the advisability of having some competent physician maintain an office on the campus and give free consultation to all students living at the University. As a result of this discussion a committee was appointed to confer with the president as to the practicability of such a plan. At the suggestion of the president three members of the faculty were added to the committee to work in conjunction with the student committee. The new members chosen were Miss Mack, Professor Turner and Professor Frandsen, chairman.

Under the present conditions students attending the University have only received the benefit of the hospital and a matron, with the result that often serious illness has come upon the student because he has not felt financially able to call a physician, and has therefore allowed his ailment to become serious before a

doctor was called. A doctor on the campus with services free to all would eliminate this condition.

At a larger meeting of both committees it was suggested that Dr. Frandsen frame a statement of their plans and desires and send it to all leading physicians of the city. These letters brought a large number of favorable replies. Their answers were discussed in yesterday's meeting of the committees. It seems to be the general idea that \$2.50 from each student a semester will defray all expenses of a physician and extra supplies for the hospital. The committee thought that this fee should be handled in the same manner as the athletic fee, but as a separate measure it could be handled this term by the voluntary support of the students.

A full report of the committee is being prepared and will be ready for the student body which is called for Friday of this week. It is the desire that all students attend this meeting for a general discussion of the subject.

Old King Coal is a merry old soul,
A merry old soul is he.

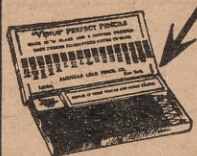

He calls for his glass, he calls for his pipe,
And he calls for e-con-o-mee.

The All-Hunnett now assures us that hate is alien to the German nature. If he proposes to inflict his love upon us instead let us rather have his hate every time.
