

## HEALTH COMMITTEE PLANS FREE MEDICAL SERVICE

COMMITTEE OF FACULTY AND STUDENTS PRODUCE AN EXCELLENT PLAN FOR PROVIDING REGULAR MEDICAL ATTENDANCE

The committee on health reported its findings on the employing of a college physician, and it was proposed to lay the matter on the table that the student body might give it further consideration before taking final action.

Some tentative plans were drawn up that should be well understood before the measure is passed. The University, as heretofore, would continue to supply the hospital building with fuel, light, furnishings and the services of a matron free of charge to the students.

Many students that go to the hospital cannot afford a doctor as often as a doctor is needed. They often put off getting a doctor too long. Serious cases have developed through this neglect in the past. It is hoped to overcome these difficulties by a physician's regular attendance on the campus.

It was thought that the fee could not be fairly exacted from students who live in Reno, Sparks or the immediate vicinity. Christian Scientists need not pay the fee unless they so desired. However, all other students would be under obligation to pay the fee, and as such would be members of the University Hospital Association. They would be entitled, free, to all the benefits.

With the fees of a normal registration and the charge to each student would be \$2.50. Between \$200 and \$300 would be needed each year to provide for medicines, linen, laundry, special articles of diet and general hospital expenditures. The greater part of the

remainder of the fund would be applied to the securing of the regular services of a physician who would have stated hours at the University. During this time members of the association might consult him for advice and treatment. He shall also have the duty of giving the necessary medical attention to any member of the association who may be confined as a patient in the University hospital.

The medical services such as those required in making physical examinations of the students for courses in physical training should be paid for by the University department of physical training. Any medical services to those injured in athletic contests should be paid out of the athletic fund as heretofore. Fees for extra visits, emergency calls, extra consultations, special nursing and operations should be paid by the individual concerned, but the charges in such cases shall be in accordance with the rating of the state compensation commission. This would give the student a better rate than would be gotten were the student to pay a rate set by the physician.

All the large universities of the land have free medical attention. The Student Body of the University of Nevada is as progressive as any of the larger institutions, and there is no reason why free medical attention for students living on the campus should not be one of the progressive measures taken by this University. A special A. S. U. N. meeting will be called soon to take final action on the plan.

## NEVADA'S BASKETERS BEGIN PRACTICE

Three Varsity Men and Fifteen Prospects Raise the Hopes of the Fans

At a meeting of the men students held last Thursday in the Aggie building the problem of athletics was brought up and the basket ball situation was discussed. The men were unanimous in their desire to have a varsity basket ball team and about twenty men signed up with Captain O'Brien to try out.

Manager Olmstead stated that he had already received letters from a number of coast teams, including the Marines and Mare Island Sailors, asking for games. The Chicago Athletic

Captain O'Brien

Association is planning a tour of the West and has asked for a game with Nevada on their way through. It is also possible that the Nevada-California League will be revived and that a schedule can be carried out much the same as in the past with each team playing at least one game with every other member of the league. This league is composed of the following colleges: Nevada, California, Stanford, St. Mary's, St. Ignatius, College of the Pacific and Davis Farm. Three games are usually played on Nevada's floor and the rest of the teams are met during a five day trip to the coast.

Practice will be held every afternoon from 4:30 to 6:00 if possible, otherwise it will be held in the evening.

Three of last year's varsity men are back and should form a good nucleus for a championship team. Captain O'Brien, forward; Waite, guard, and Martin, guard in addition to a number of men who have had considerable high school experience. The following men are trying out: O'Brien, Waite, Reed, Warren, Hopkins, Egan, Luce, Lohse, Hardy, Cahlan, Christensen, Wittwer, Douglas, Griffith, Boyson, Ryan and Davis.

## PRESIDENT APPOINTS MEN TO UPPER CLASS COMMITTEE

Two vacancies have been left in the upper class committee since last semester due to the resignation of Harry Stephens and George Hopkins. Frank Harrison and Harold Whalman were appointed to fill the places by President Redfern of the A. S. U. N.

The committee has held no meeting as yet but expects to do so in the near future and settle the matter of the wearing of freshmen dinks.

The committee consists of Ira Redfern, chairman; Frank Harrison, Harold Engle, Herbert Bruce and Harold Wahlman.

## REGULAR A. S. U. N. MEETING IS HELD

Much Business is Transacted and Practically the Entire University Takes Part

College has returned to the campus. Don't you perceive it in the class room where students are once more themselves, don't you feel it in the atmosphere around Morrill or the Library between hours, and above all didn't you see it at the A. S. U. N. meeting last Friday? In form the meeting was no different from any held the last year, but a genuine college spirit prevailed, making it the peppiest assemblage this hill has seen for many a day. The yells were full of jazz, "U. of N. so Gay" was sung with the swing of former days, and the floor didn't once lack a speaker.

Olmstead reported that athletics are getting a start and what they need more than anything else is the earnest support of each individual on the campus. "Dec" Hanson told of the work of the Student Physician Committee. Since its appointment this committee has been busy. Many doctors have been consulted as to pay, time to be given and work to be done on the Hill, but when "Squeek" Harriman brought up the question of "teeth," "Deacon" was forced to admit that that was the one question that had not arisen in the committee meetings. Whalman, Badt and Stephens spoke on the progress of the Artemisia. There is to be a book, a good one, and one of the chief features is to be the Alumni supplement which will tend to bring old students into closer touch with the University.

Under new business the question of roll call arose. Those who have been in the army maintain that they have had enough military. When the idea of roll call for Frosh and Sophomores was instituted it was a time when students were going out from school with interests elsewhere. Some means to get those remaining to attend Student Body meetings was necessary. That time has passed. The interests of all are here, else why did anyone come back? After some spirited discussion it was decided to suspend roll call for a time at least.

Military training and the question of funds for the Year Book were brought up, but the hour was all too short for lengthy discussion. When the meeting adjourned each one left with the feeling that things are to be lively this year.

## MEN OF THE HILL STAGE HE-JINKS

Committee Already Appointed to Put Over Stag Affair at an Early Date

The basketball meeting last week did more than start athletics again. After the athletic question had been settled it was decided to hold the annual he-jinks at an early date.

President Redfern who swears that he is "agin wimmin" raised the question of whether or not there should be a he-jinks this semester. After hearing of the great success of last year's blowout the body was found to be in complete harmony on the question and the sooner held the better it would be.

No plan for the evening's struggle has yet been worked out but several ideas have been brought forward.

The big scream of the last jinks was a draft board which drafted everyone in school except Hal Engle. Though the present committee has no definite plans they are considering the festivities of mustering out as the solemn event of the evening.

The committee in charge consists of Harrison, Engle, Reed, Prof. Jones and Prof. Haseman.

## NOTICE

A. S. U. N. Meeting

A special meeting of A. S. U. N. will be held Friday morning for the purpose of a detailed discussion of the plan of the Health Committee.

## FORMER COMMANDANT IS AWARDED D. S. C.

Cited for extraordinary bravery during two engagements Col. Lowe McClure, former commandant at the University and well known Nevadan, has been awarded the distinguished service cross by Gen. Pershing. Col. McClure while in command of the 61st Infantry won recognition for his heroism in action in the Bois-de-Pultrure, France, October 14, 1918, and again for his work during the offensive on the Meuse river November 5, 1918.

In both engagements his battalion was under direct fire from the enemy and he remained in charge of operations organizing the assault. The cost to his battalion and he was wounded slightly in the thigh during Meuse engagement was especially the action. His battalion crossed the river in boats and built bridges under intense fire finally capturing Hill 292 with more than 100 prisoners and fifty machine guns.

Lieut. Col. McClure was born and raised in Carson City, the son of Mr. and Mrs. B. H. McClure of that city and the brother of Mrs. Gov. Boyle. He was graduated from West Point in 1904, saw service with Pershing in Mexico and was assigned to the post of commander at the University of Nevada which he held until two years ago. When the war broke out he was sent to France with the Sixty-first division.

## WINFIELD PIKE IS BURIED IN RENO

The funeral of Senior Lieutenant Winfield H. A. Pike was held Sunday afternoon in the Elks' Home with a very large attendance of friends. Lieutenant Pike died in Queenstown, Ireland, as a result of influenza brought on by exposure.

The body lay in state at the Pike home in this city Sunday morning where many friends viewed the remains. The funeral services in the afternoon were led by Reverend Samuel Unsworth and Reverend Bellam of the Episcopal churches of Reno and Sparks. Many men in the service attended the funeral and the Lieutenant-Governor and his staff acted as honorary pallbearers together with the members of the Phi Delta Kappa fraternity, of which the deceased was a member. The pallbearers were Lieutenants Roland John Redman, Amos McKinley, Lyster Withers, J. E. Arkell, Thomas Jones, and Clinton Melarky. The honorary pallbearers were Lieutenant Governor Maurice J. Sullivan, E. Stewart, Mahlon Fairchild, C. E. Damon, Byron Morrish, Emory Morgan, Clem Caffrey, John Burke, Dr. Yancy, Dr. Steinmuller and Tom Gibson.

## GOVERNMENT MAN PRAISES NEVADA'S ARMY TRAINING

Since the closing of the S. A. T. C. the government has sent a special agent of the vocational education department to study and make a detailed report of the soldier training work done by the University in co-operation with the Sparks shops. Professor Ralph Jones was the man sent to do the work. He was provided with complete data of the University and a complete photographic record prepared by Prof. C. R. Hill. He also was taken over the Sparks shops and interviewed Jones, Pickels and Schwine who had charge of the Sparks work. Since the completion of the survey Mr. Jones has written to President Clark saying in part that he had the vocational work in Nevada as the most practical work of its kind that he had ever seen.

## MANY MEN RETURN FROM THE SERVICE

Training Camps of the Country Give Up Many Former Students

Since the signing of the armistice many Nevada men have been discharged and returned to civil life. Civil life for many of them is meaning student life for they have arrived on the campus from all parts of the country and even from as far as England. Practically all branches of the service are represented. Some came to renew old acquaintances while others have registered.

Frank Harriman has returned from March field with Brow Gooding. Gooding is now getting registered and "Squeek" is already "swabbin decks" at the hall.

Lieutenant Kink Melarkey, whose name does not appear on the registrar's books at this time is again appearing with some class at Manzanita.

Lieutenant Kelley Engle was discharged at Camp Humphrey and is now back on the job at Fallon.

Lieutenant "Wee Willie" Holcomb, Uncle Sam's smallest, came through Reno on his way home. He expects to return to this state soon to take up engineering.

Felix Borzynski, '17, has returned to do some P. G. work in metallurgy. Felix was a second lieutenant in the aviation when discharged.

Howard Brown, popular member of the class of 1918, writes that he is discharged from the army and that he is entering the Law School of Harvard University. A class is being organized for men who have been in the army which will begin immediately and continue till August, including in six months the full course for the first year. It will be remembered that Brown won the Harvard scholarship which was given by the Harvard Club of Reno at the time of his graduation.

Albert Buckingham is another of the Nevada boys who has tried being a "gob." Buck was luckier than some of the boys as he got out of the U. S. A. He was quartermaster on an oil

## EDITORIAL

### FOR THOSE WHO DIED

Many former Nevada students have returned to the campus since the advent of peace. They have come from all parts of the country and from all branches of the service. In the months to come there will be a steady stream of men both from this country and from abroad. They will be retracing to take up civilian life where they left it to answer the call of humanity. We who stayed are more than glad to have these men with us again but there are others to whom we will never be able to extend a welcoming hand. For these men who have made the supreme sacrifice no recognition which we can give is too great.

The question of memorials for the men who laid down their lives is a subject for discussion in most of the universities of the country. We of Nevada have our dead to honor and like other universities we should be considering a means of honoring them.

A memorial appropriate for Nevada men may be something not easily settled upon. Though there is no need to be hasty in the erection of a monument or anything else some action should be taken which would ultimately provide the right thing. It remains for the University as a whole to take up the matter and carry it through to the finish.

### FROM BOB PIERCE

Clermont-Ferrand,  
Sept. 2, 1918.

My dear friends:

At last I will keep my promise and write you a few lines and I hope that they find you both just as healthy as I am as I write them. Letter writing is one of my biggest labors. I do not realize the number of friends that I have until I let all their letters remain unanswered for a week, then I find myself in a state of being liable to writer's cramp.

Well, life in France under the Stars and Stripes isn't so bad and I have had many good times that I will long remember.

"When Yankee Doodle Learns to Parley Voo Francais" is a very popular song "over here" and is in some respects true to life. I have had my spells at English themes, calculus, etc., but none came so near being a failure as my attempt to master French. My hands and feet were more proficient and more use to me than my tongue but as time wears on I am gradually gaining the knack of twisting my tongue and saying tout suite, beaucoup, merci, bon jour, and a few more everyday useful words.

The part of France in which I am located is in an old part of the province and there are many ancient and antiquated towns and villages close by. I have spent quite a bit of my time in viewing their ancient splendor and they sure brought back those days of high school when ancient history seemed to me to be mythology instead of facts. It certainly would be fine to be able to visit all the places that one would like to, such as the Tower of Pisa, Rome, the gladiators, and the homes of the ancient physicists of whom I have read. I am afraid that after I return to Nevada I never will be satisfied until I have made this tour of inspection.

I have met very few of the boys from the "U" but I hear from quite a number. Clarence Campbell, who is a lieutenant, has been the only one I have come in direct contact with, and I usually see him two or three times a week.

This coming week I intend to spend my seven days' leave in Aix-les-Bains which from reports is a very nice place. I am looking eagerly forward to spending a very enjoyable time, but at that give me seven more days back

in Reno or some place near so that I could give you all the glad hand.

Well, I must close. With best wishes to you all I remain your friend,  
SGT. - CL. R. M. PIERCE,  
7th Aviation Inst. Center.  
A. P. O. 723, Amer. Forces, France.

### MEN MUST MAKE APPLICATION TO GET WAR SERVICE CREDIT

Students who expect to apply for college credit for war service are requested to make application at the registrar's office at an early date. The conditions under which this credit is granted are:

1. Any student who left the University and entered directly into military service, after the middle of any given semester, and whose grade in any subject at the time of his withdrawal was 80 per cent or above, will be given the full semester's credit in that course.

2. Any student who entered military service will be given two college credits for each three months period which he remained in service up to one year, but in no instance shall this credit exceed eight units.

3. Any student who entered an officers' training school, and attains a commission from the school, will be given six college credits, in addition to those specified under the preceding paragraph.

4. Any student who has received eight or more units of the above credit for military training shall not be given any additional credit for later military training in the University.

5. The above credit under paragraph 3 will usually be applied to fulfill the requirements for electives, but when any of the above credits represent technical or special work of any kind, they may be applied to fulfill requirements of a prescribed college course. The details of this adjustment will be administered by the dean of the college in conference with the head of the department for which the war work is to be a substitute.

### MALONE REGISTERS WITH UNIVERSITY UNION

The latest Nevadan to register with University Union is Lieutenant Geo. Malone 145 F. A. A. P. O. 705. Malone registered in Paris as have all the other Nevada men who have been heard from.

### GOVERNMENT BUREAU SENDS NEVADA PUBLICATION TO SOUTH AMERICA

Professor Charles Fleming is another member of the University staff who has gained considerable recognition through a scientific article. During the summer Professor Fleming published an article called "Range Plants Poisonous to Sheep and Cattle." Two unique features of the paper were the colored illustrations and the Spanish translation by Professor Schappelle. The bulletin scored a hit throughout the United States and the Federal Bureau of Agriculture sent a special request for five hundred copies to be distributed in South America.

### ARTICLE OF PROF. TRAINER RECEIVES RECOGNITION

A clipping from the "Schulblatt" of Berne, Switzerland, has just been received here from the Public Information Bureau at Washington. The clipping is a reprint of Professor Trainer's article "The Socializing of Social History," which was published first in the "School News" of December, 1917.

The Germans claim to have "evacuated the Mihiel salient." To the rest of the world it is clear they were Yanked out of it.

The members of the fraternity are Messrs. Harriman, Wright, Sullivan, Hardy, Bruce, Bryan, Caffrey, Rhodes, A. Cahlan, Belford, Jones, Regan, Cusick.

**AGRICULTURAL SOCIETY  
HOLDS FIRST MEETING**

The University Agricultural Society held its first meeting last Tuesday evening at the Agricultural building with about twenty members present. The evening was spent in an informal discussion of various subjects and problems along agricultural lines, and their relation to the University. The society works on a plan that is somewhat different than is usually carried out in such organizations, and should prove of great value to its members. No set program is followed, with a few men presenting papers or making talks, but the whole gathering enters into it. A subject of importance to agriculturalists throughout the state, such as some new irrigation project, is brought up, and the members ask questions and comment upon it, generally, the whole discussion being strictly informal. The next regular meeting will be held the first Tuesday in February.

**NEVADA SENDS DELEGATES  
TO AGRICULTURAL COLLEGES**

The University of Nevada was represented at the meetings of the Association of Agricultural and Mechanical Colleges and Experiment stations from January 8 to 10. Mr. Charles Fleming represented the experiment station, Lieutenant-Colonel Scrugham the engineering department and Chairman Abel of the Board of Regents the University. Colonel Scrugham and Mr. Abel are now in government service at Washington.

**St. Pierre's Bootery**

The first Y. W. C. A. meeting of this year opened the semester's work with a burst of "pep" when Rev. Brewster Adams spoke to the members. His subject was "New Year's Resolutions." He said that people should resolve to better themselves in order to help mankind in general, rather than for any narrow personal reason. It is quite certain that every girl in attendance must have carried away material for careful thought. That evening the cabinet met in the cabinet room of Manzanita Hall, where the work of the Y. W. C. A. was discussed at this meeting. Miss Nellie McWilliams, was elected to represent the University at a Y. W. C. A. conference to be held in Berkeley the week end beginning January 18th.

**MANZANITA HALL**

Manzanita girls have started on another semester of hard work. There are only thirty-nine girls in the hall but they make up in quality what they lack in quantity. Manzanita is glad to welcome a new member, Miss Marian Derby of Berkeley.

On Saturday there was much moving from the third floor to second and from second to first. It was a big task to really move but once in their new homes everyone was happy again.

Adele Armstrong has not yet returned to school, having just recovered from the influenza, but her friends expect her this week.

**LIEUT. COLONEL RYAN REINSTATED AS COMMANDANT**

Lieutenant Colonel Ryan is again commandant of cadets for the R. O. T. C. of Nevada.

When the S. A. T. C. was inaugurated last October the R. O. T. C. was abandoned and Colonel Ryan was placed in command of the new organization. After the cessation of hostilities the S. A. T. C. was given up and it was decided to revert to the older organization again. The R. O. T. C. was formally restored on January 1st, and the commandant reappointed on the 7th.

Since the first of the year the military department has moved quarters and is now established in the basement of Stewart Hall.

Salesman: "I suppose you require a grand piano, madam?"  
Mrs. Mewnishuns: "Grand! I want a magnificent one!"

**MILITARY DEPARTMENT THROWS A BOMBSHELL**

Four S. A. T. C. Credits Will Not Excuse Men from Military Drill

The Military Department has suddenly come to life just as it was thought to be well buried. In fact it has come to life with such vigor that it gave many of the men students a decided shock. The mere fact that a man had spent a year in the army doesn't help him much. A year in the army will mean a year of university military credit but no more. The circular bearing the facts came out Friday morning and the matter was discussed by the student body the same day. Men who had spent any considerable amount of time in active service thought that any further military training in the university would be uselessly overdoing the thing. The department's circular follows:

January 10, 1919.

The War Department has authorized the re-organization of the infantry unit, senior division, Reserve Officers' Training Corps at the University of Nevada.

Military drill and instruction will begin Monday, January 13th. All male students will be required to take military unless excused by the professor of military science and tactics in accordance with the provisions of par. 6, page 60, catalog 1917-18.

Students who desire excuse from military will present their reasons for such excuse to Colonel Ryan before 12 m., Monday, January 13th.

**MAN MEN RETURN FROM SERVICE**

(Continued from page 1)

ship running between New York and Tampico.

Bill Stickney was in Reno Thursday night en route to San Francisco. Bill has it in for Kaiser Bill as Kaiser Bill signed the armistice two days before Bill got his commission.

Melvin Sanders is back after spending six months as a dry land sailor. Mel says he is some "gob" as the only time he was on the water was when he crossed on the ferry at Benicia coming to Reno.

Chas. Hardy '21 is back in school after a few months service at the submarine base in San Diego.

Orrin Oden returned from England the first of December and is now registered in the U. of N. Oden was in the aviation section of the Signal Corps and regrets that he saw service only in England.

Erastus Hanson '18 was a member of the first training detachment at the University of Nevada. Rass was sent to an officers' camp but the armistice was signed before he gained his commission. He is working now at the local S. P. office.

Ole Johnson '16 was back on the campus Monday. He is now a prosperous young stockman of Wells, Nev.

Tom Jones has returned to college and has already started to complain about the service of the Sparks street cars. Tom was a second lieutenant when discharged.

Ed Reed is back again after a year of Southern hospitality. Ed was in an officers' training school when the armistice was signed.

**LINCOLN HALL ELECTS OFFICERS**

Semester Credit Difficulties and Room Drawing Are Settled at the First Meeting

The first meeting of the Lincoln Hall Association was held last Wednesday night for the purpose of electing officers and deciding upon semester difficulties which arose through unsettled war conditions.

Hal Engle was elected to fill the place of mayor, having successfully held the office of secretary-treasurer the year before. Kenyon Olmstead was made secretary-treasurer to succeed Engle.

Considerable time was spent in the discussion of matters pertaining to semester credit for room drawing. The number of semesters—is of vital importance in the selection on the best rooms. A resolution was presented by Deacon Hansen which eliminated most of the difficulties. Under the present arrangements one semester is granted to all men who paid rent at the beginning of last semester. One semester was also granted to all men who served in the local S. A. T. C. It was also agreed that all men who lived in the hall at the time that they left school for the army should be given a semester on their return. These measures give men who went to the army more nearly the same rating that they would have enjoyed had there been no war than they could have gotten under the old rules.

**MURAD**  
**THE TURKISH CIGARETTE**

If this advertisement were a mile square, jammed with words—  
It wouldn't be—it couldn't be—half so convincing as smoking a Murad.
