No. 2

## First Student Body Friday

### FRESHMEN ARE WINNERS IN THE CANE RUSH

SOPHOMORES ATTEMPT TO OUTWIT THEIR OPPONENTS BUT ARE DETECTED AND SNOWED UNDER

Once again the Freshmen have proved victorious in the annual cane rush at Mackay field. Not content with preventing the Sophomores from carrying it over, the Frosh rushed the pick handle across '22's line themselves and were promptly declared winners.

Both classes were on the ground and waiting at the time the rush was to have been called, but due to the fact that the 319th Engineers were to be on the campus, the rush was held until their arrival. The bleachers were filled with a large number of interested spectators, and the field was overrun with many who were too enthusiastic, so that the upper classmen had difficulty keeping the field clear. The south side of the field was lined with tables where a number of women of the Red Cross were making preparations to feed the soldiers. Upper classmen were plentifully present; Juniors in battered gray plugs and Seniors in lordly sombreros. With the arrival of the soldiers soon after eleven, preparations were immediately made to get the rush under way.

The first year men, about seventy strong were gathered under the east goal post, with the Sophomores, a bare twenty, formed in a small knot on the west side. Both sides were ready for the fray and qually confident of winning the honors. Members of the Upperclass Committee displayed the cane to the Freshmen, and told them the rules of the contest, after which the cane was given to the Sophomores. Both sides announced their readiness of action, running for the northeast cor-

ner of the field, with the Frosh in a skirmish formation of two thin lines, backed up by a few small mobile parties to be thrown where needed. to start, and at the pop of the gun they were off.

The Sophs started off in mass formation about the center of the field they met and the pile-ups began. Some of the second year men broke through the first year line and kept on toward the goal, splitting in every direction. For a while it looked as though the cane might be pushed through in a rush, but superior numbers soon told on the offense and they were downed for good. Still there was no evidence of the cane. Then, of a sudden Don Burke was desecrated with it, making a mad dash for the line. A couple of Frosh lookouts spied him and took after him, but stumbled before they could reach him. Jack Pike who was standing on guard behind the line, reached him first, dropping Burke and the cane about fifteen yards from the line, and in less than a minute, every Freshman on the field was in the pile.

The new men then tried a ruse to withdraw the Sophs from the pile. A few of their number took a dummy cane and started for the opposing goal line, but the old men didn't fall. The Sophs were unabel to carry the cane further, so the babes set to work to systematically remove an excess of numbers from the pile and keep them away. After about five minutes work they had the mess of underclass hash sufficiently cleared out to obtain position.

(Continued on Page Six)

### Frosh to Wear White Dinks

Regulation "Gob" Headpiece Will Adorn Freshmen Temporarily

The Upper Class Committee held a meeting Tuesday evening and several important matters were discussed. One of the important things talked over was the subject of Yell Practice for the Freshmen. It was decided that only three practices will be held, and at each practice the Yell Leader will call the roll of all men and women members of the Freshman class. Attendance at these practices is compulsory for all Freshmen, men and women, and the penalty for non-attendance without a very good excuse is the lake or ditch.

Another matter which came up was a very important one. This was the subject of the "Dinks" for the Freshmen men. These "Dinks" were ordered last spring from a local merchant, but the order could not be filled. They were ordered again this summer from a different merchant and the wrong "Dinks" were sent. These were returned, and it was found that it would be necessary to have the regulation freshman "Dink" made to order in the east. This was done and they will arrive probably the middle of October.

Since the Freshman "Dink" is one of the oldest of Nevada's traditions, and since it will be so long before the new ones arrive, it was decided that a temporary "Dink" should be worn. These will be white "Gob" hats, on the top of which must be painted or sewed a one-inch blue circle to represent a button. This hat must be worn a certain way, that is, with the edges or brim always turned up, and never down. No class numerals or marks of any kind whatsoever will be tolerated on the Gob caps, except the blue button or circle mentioned above. These temporary "Dinks" must be gotten and worn not later than Monday, September 15th. They must be worn everywhere on the campus and the limits set are north of Ninth street, and east of Virginia Street, but are not compulsory down town, except during rallies or Pajama Parades. These "Dinks" may be purchased at any one of the following dealers:

Lewis & Lukey.  
Frank Bros.  
H. Leter.  
Gray, Reid & Wright.  
Philip R. Frank.

When the blue "Dinks" arrive it will be announced, and any Freshman desiring to wear one of them instead of the white "Gob" hat may do so, but until they come the white "Gob" cap must be worn.

It might be wise to add, that this announcement is made by the Upper Class Committee, and stands as given above and every Freshman is expected to live up to the rules given.

(Signed)

UPPER CLASS COMMITTEE.

Tom B. Jones, Pres.  
Geo. W. Malone.  
Mel Sanders.  
Phili R. Frank.  
Earl Wooster.

### FIRST FOOTBALL RALLY EXHIBITS MUCH PEP

OLD SPIRIT SHOWS UP AGAIN AFTER LAPSE OF TWO YEARS. SNAPPY TALKS ON FOOTBALL

The old jazz showed up in great shape Wednesday night at the first football rally and watermelon feed of the season, which was pulled off in the gym. The old boys were there, way back as far as the '90's, all the new men and the balance was made up with the good old spirit of which Nevada has always boasted. "Louie" Meyers, "Duke" Cotter, "Hick" Hart and a special rushing committee of "hard men" met the bunch at the door, rushed them through a gauntlet line, eventually landing them in the gym. As one of the preliminaries, John Douglas and Oren Oden put on a lively little wrestling scrap, which ended in a draw, but served to clean up the floor considerably.

About 180 men sat down to the tables to be filled up with watermelon, which they were, before the speeches began. During smokes, Sawyer and Tam entertained with some popular music on the piano, after which different men led the body in some snappy yells. Bob Griffith, Earl Borchert, John Belford and Frosh Sawyer each took their turn at leading yells and all made quite a hit. From indications shown, there need be no worry as to the yell leader for this year as any of the four will make a splendid man for the place.

Tom Jones, A. S. U. N. president, started the ball rolling with peppy talk about the outlook for this year's athletic season, and begging all students to back the coach and the team to the limit. He then called upon Wilson Malone, one of the old Varsity football

men who make a splendid talk, telling something of the team a few years ago, and urging all men out for the team to stick throughout the season. Tom Buckman next told something of the Block N and its doings, and made a plea for more men to come out and try for the Varsity.

"Si" Ross, last year's basketball coach, and a graduate of Nevada with the class of 1909 made one of the snappiest, and most enjoyable talks of the evening. He told of his Freshman days, when there was no Mackay field, and the students had to go out before practice and throw the rocks off of the field so the team could practice, and of the spirit of co-operation that existed between the members of the faculty, students and players. He plead for concerted efforts in yelling and boosting the Varsity.

Prof. "Charlie" followed "Si" with some appropriate jokes, and urged all men out for the team to report on time, and put all their pep and energy into welding together a machine which the coast teams would fear. Al Reed told several good trench yarns in a mighty well executed speech, and was followed by Tam who made a few remarks.

"Dutch" Kimmel '18, handed out his usual newspaper line which took mighty well with the listeners, in which he told of the coming Alumni-Varsity game on September 27th. "Dutch" will, of course, be there to help rough the college men up a little, at least so he says.

(Continued on Page Three)

### NOTICE

The members of the Student Body take this opportunity to thank the following merchants for their donations of "smokes" which helped to make Wednesday's football rally the big success that it was.

Nevada Smoke House.  
Mike Asheim.  
Fred Strassburg.  
The Waldorf.  
The Brunswick.  
Colbrant Cigar Co.

### "We Fought Together, Let's Stick Together"

American Legion Plans Membership Campaign

Membership drive for the Darrell Dunkle Post of Reno is to be started next Monday night at the meeting of the local American Legion.

The American Legion is not a military organization in any sense of the word but is purely a society composed of the veterans of the Great War, founded to promote 100 per cent Americanism and to knit more closely together the men who served their country during the later period of emergency.

It is fitting that ex-service men who are now attending the University of Nevada join the local chapter and add their support to a society that ultimately will undoubtedly bring material benefits to them.

The Darrell Dunkle Post, which is named after a former University of Nevada man who gave his life in the service, meets next Monday at eight o'clock in the former S. P. freight office, which is situated at the corner of Center street and Commercial Row.

### UNIVERSITY HAS BIG REGISTRATION

Increased Enrollment Promises Big Year

The registration records in Miss Sissa's office are somewhat different from what they were a year ago, and while the registration is not quite as large as was expected, still there are a goodly number signed up. The men registered outnumber the women by 46 students, and of the total number of men students (185) there are 90 registered as engineers. Twenty-five or thirty more students are expected back within the next week, and they will help to swell the record in Miss Sissa's office.

Out of a total of 328 students, and dividing into classes there are: Freshmen, 135; Sophomores, 53; Juniors, 57; Seniors, 32; graduates, 5; unclassified, 6; specials, 33; visitors, 6.

Comparing with the registration of the last few years, there is a very large increase, and it is hoped that the enrollment at Nevada will continue to increase in the years to come, and it will if each student does his or her part.

### NOTICE TO ENGINEERS

The first meeting of the Engineers' Club will be held tonight in the Electrical building at 7:30 p. m. There is considerable business to be transacted and all Engineers are urgently requested to be present. Plans for the coming year will be formulated and arrangements gotten under way for the biggest year ever opened to the club. A special invitation is issued to all the new men who may desire to become members of the organization.

### A Night of Terror

Sagebrush Reporter Makes Big Scoop on Women's Doings

It has often been wondered just what went on when the Manzanita Sophs put the Freshmen women over the road. All manner of tortures have been imagined by we, who did not know, but a Sagebrush reporter has furnished us with the following account of the hazing which took place some nights ago, and we publish it below for your benefit.

"You are going to be hazed tonight," was the whisper that greeted us one evening not long ago. The shivers raced up and down our spines as we heard it, and not being a bit sleepy as a result, we sat up in our rooms until midnight, and then, the "witches hour" being over we took it to be nothing but a joke and went to bed.

At 2 a. m. we were unceremoniously jerked from the "poppy path" and brought to consciousness by the harsh hands of our enemies, the Sophs. There were no soothing movements in their actions, no gentle tones in their voices as they commanded us to get up. We got, all right. A pair of silk stockings tied around our eyes and a stout rope holding our hands behind our backs kept us from offering any resistance. We were next roughly pushed into a room where hushed whispers greeted us, and after holding our breaths for a long time we were told to "step out." Down the hall and two flights of steps we were marched, our elders kindly telling us when we came to the steps so when we met the musty smell of the basement we weren't very surprised. Here, a green 23 was artistically painted on our foreheads, and each one of us was spanked twenty-three times just like "mother used to do." After the exclamations of surprise were over, due to our seeming so used to spankings, we were obliged to kneel while our heads were filled with ghastly thoughts of what was coming next. Worms! The command of "Open your mouths" came next, and how willingly we opened them to have a large hunk of macaroni, soaked in soap and red pepper thrust into them. After the excite-

### ELMER KNIGHT VISITS CAMPUS

Elmer "Knit" Knight, '18, was on the campus for several days last week, and arrived in Reno just in time to see the annual dummy and cane rushes. "Knit" always has had the reputation for never missing anything that happens on the "Hill."

He is connected with the Federal Department of Agriculture, and has been given the job of making a survey of smuts and rust in the states of Washington, Oregon, California, Arizona, Idaho and Nevada. He has completed his work in Washington and Oregon and now for some time to come expects to make his headquarters in Reno, and work out of here all over this state. Knight's official title is Plant Pathologist.

### A NEW WAY TO HELP

"My dear, I've an idea," said old Mrs. Goodart to her caller. "You know we frequently read of the soldiers making sorties. Now, why not make up a lot of those sorties and send them to the poor fellows at the front?"—Ex.

A sociologist says that red-headed girls and women are weaklings, but we are going to let him tell them.—Ex.

ment of some of the girls becoming sick from the effect of the worms, we were told to stand up while sticky molasses was plastered over our beautiful countenances, and our faces then placed in a pan of flour. By this time we were prepared to expect almost anything, but not the tablespoon of castor oil which greeted us. It wasn't a bit like mother used to fix us, with orange juice on the top and bottom of the mixture so it would slip down easily, but was the lovely stuff out of an old spoon. Ugh! A dreamy Soph next read our "what to" and "what not" to us, and then we were ordered to clean up the basement, and after that ourselves, with lovely cold water which helped things wonderfully. I wonder if the bed ever looked or ever will look so good to us again as it did after this night of terror.

### MILITARY SCHEDULE WEEK ENDING SEPTEMBER 20

**Military 1-2**  
Monday, Sept. 15.—School of soldier. Pars. 67-70 inc. and review.  
Tuesday, Sept. 16.—Lecture. Military courtesy and discipline.  
Wednesday, Sept. 17.—Drill, military courtesy and school of soldier.  
Thursday, Sept. 18.—Physical drill.

**Military 3-4**  
Monday, Sept. 15.—Duty as N. C. O. with new cadets.  
Tuesday, Sept. 16.—Recitation. Pages 8-14 inclusive. (Pamphlet on military courtesy.)  
Wednesday, Sept. 17.—Duty as N. C. O. with new cadets.  
Thursday, Sept. 18.—Physical drill.

**Military 51-52**  
Monday, Sept. 15.—Duty as officers with Mil. 1-2.  
Tuesday, Sept. 16.—Duty as officers with Mil. 1-2.  
Wednesday, Sept. 17.—Duty as officers with Mil. 1-2.  
Thursday, Sept. 18.—Physical drill. Field engineering.  
Note—Paragraphs noted refer to Military Students Text Books (Vol. 1). Cadets are required to study the paragraphs assigned in advance of the drill period.

J. P. RYAN,

Colonel U. S. Army, Commandant of Cadets.

### CLONIA MEETS MONDAY NIGHT

All students interested in Clonia are invited to attend a meeting in Prof. Turner's apartments in Lincoln Hall next Monday evening, September 15 at 7:30 o'clock.

The meeting will be held mainly for the election of officers, for the present year, and all students are urged to be there. For the benefit of the newcomers it might be well to quote from the University Catalogue: Membership in Clonia, the debating society of the University of Nevada is open to all the students. Its purpose is to encourage and support debating, both local and intercollegiate.

Remember the date. Monday, Sept. 15, at 7:30 o'clock.

### Frost Heads Senior Class

The old class of Twenty got together last Friday and organized for the coming year. Many faces that have been missing for a long time were seen again and many other classes, from '16 up were represented. The first in order of business was a lively discussion with regard to Senior "lids," as Mr. Carlsen so aptly called them. After much of the aforesaid discussion, it was finally decided to order some through a local merchant and also to order some hat bands with a metal NEVADA on them. With that very "important" subject off their hands, the class proceeded to elect officers for this semester. "Jek" Frost, who has been absent from the Hill for nearly two years was elected president; Rose Harris, vice president; "Jawn" Belford secretary, and Nels Carlsen treasurer. Then someone suggested that the class put on a big dance to show the other classes how much jazz the old class can really put forth when they get together. The suggestion was eagerly taken up and it was decided to appoint a committee, to look into the possibilities. This committee consisted of Redfern, chairman, and "Empty" Smith.

That concluded the business of the meeting and after a big Twenty yell the meeting adjourned in irregular disorder.

### Buckingham is Deputy Sheriff During Summer

It probably is not generally known that Albert Buckingham '20, known over the campus as "Buck" was deputy sheriff of Pershing county last summer. His duties took him all over the state and the sheriff reports that he discharged them all very faithfully. During the latter part of the summer "Buck" was made jailer, and fed the inmates of the county jail their squares a day. He is keeping in practice this semester by "slinging" at the Gow house.

### Junior Class Holds Meeting

Third Year Students to Give Pro December 5

The Junior class held its first meeting of the year last Tuesday afternoon with the new officers elected the end of last semester in charge of the meeting. Little business came for discussion, the primary purpose of the meeting being to get the members acquainted.

The date set for the Junior Pro was December 5, and plans are being made to have it the biggest dance it was ever pulled off on the Hill. In the next week committees will be at work on the dance program.

### RENO HI NOTES

The candidates for the Hi school football team started practice last Monday night, about thirty strong. Major Page, who is coaching the team is quite pleased with the outlook and promises big things from them before the season is over. So far, about five games are in sight with high school teams, one each with Sacramento, Stockton, Fresno, Winnemucca and Elko, in addition to two games already scheduled with the Carson Indians.

Preparations for a big benefit athletic dance in the gym on Friday, the 19th are under way, and the committee in charge promises one of the liveliest and jazziest dances ever held in the gym. The proceeds from this dance will go to buy football outfits for the members of the team.

The Seniors held a meeting on Monday for the purpose of electing officers, and a staff for the Annual for the coming year. George Duborg was elected president, Bessie Jones vice president, and Charlie Hicks secretary and treasurer. The editor of the Annual will be Ray Jefferson with Ashton Codd as his assistant, and the manager, Howard McKissick, with Harold Hughes assisting.

A new system of finances has been submitted to the executive committee whereby all student activities will be under the supervision of the Student Body and all proceeds from such adventures will be put into the Student Body treasury. A budget system will be adopted and each department will put in an application for money enough to finance through the year. In the system now in use each activity is under a different head and the Student Body in general, does not benefit from them as it should.

Mr. Robison of the Y. M. C. A. gave an interesting talk this week on the subject of "Sticking To It," and was quite amusing besides being very entertaining.

Season tickets will be issued Thursday or Friday, and according to the plans of the Executive Committee, some extra ones will be printed which will be sold to the townspeople interested in the doing of the high school. These tickets will admit the owner to all games and other activities occurring up to February 1st.

### FIRST FOOTBALL RALLY

(Continued from page One)

"Fran" Martin, one of the best half-backs ever produced here, and captain-elect two years ago, made an appealing talk for men to turn out for football. "Louie" Meyers, of track fame, spoke of the year when Nevada beat Utah Aggies on Mackay field, and told of the effect of systematized rooting at the game. "Pete" McKinley, the mechanical whiz, was next, with a plea for a good spirit toward the visiting teams.

Harland Heward, Varsity Rugby player of a few years ago, made splendid talk, one of the best of the evening. He told of the time when Tom Walker made his N, some years ago, and pointed out that it took grit and the old spirit for a man to go out for the team for four years straight when he was almost certain of never making the team.

Prof. Jones explained that he hadn't made up a regular speech for the occasion (old stall) and was handicapped by better men speaking before him, etc., etc., but managed to get off a mighty good line before he finished.

Coach Courtwright touched on the subject of "quitting" which was mentioned several times during the evening and stated that from the looks of the bunch present, he knew Nevada men were not quitters, but would back him for all their worth, which they will. Following the coach's talk, Buckman asked for more men to try for the team, and took the names of some ten men more who promised to come out for practice.

"Old Erin," alias "Pat" O'Brien responded to the demands of the Seniors, and made quite some little speech. In spite of his Sinn Fein name, O'Brien put forth a very good talk which pleased the crowd immensely.

Announcement of yell practice to be held next Tuesday afternoon at 4:30 was made, after which the Freshmen got busy "Cleaning up the Rind," and the first football rally of the season was over.

### Lincoln Hall Notes

Hail, Hail the gang's all here, So what the H— do we care Now.

After two years of a semi-dormant life, Lincoln Hall has again taken on a new atmosphere. The influx of new students and the return of the old ones has made us all feel that "the good old times" are here again.

Our friend Handsome Harold has started on his devastating career again. He has already picked out the frosh "Girl with a Smile" and now cannot eat at the dining hall because he must watch her all the time. Beware Mary, Harold is very fickle and likes to try them all.

The campus classes have nothing on certain ones held at the Hall. According to Dean Olmstead of the Solo Department, it will be necessary to appoint additional instructors in order to take care of the many students registered in this department.

Courses in Mineralogy are still popular this year. These courses are mostly held at night and the minerals studied range from pie a la mode to a ham-burger sandwich and coffee. The only prerequisites are a full pocket book and an empty stomach.

The Hall elections brought forth much unknown political timber. Lee Scott, known wherever English is spoken, as "Scotty, the Rope," is the new Mayor, while "Long John" Wall is Secretary-Treasurer.

### THREE WORDS

There are three words, the sweetest words, In all of human speech— More sweet than are all songs of birds, Or pages poets preach. This life may be a vale of tears, A sad and dreamy thing— Three words and trouble disappears And birds begin to sing. Three words and all the roses bloom, Three words will dissipate the gloom And water run to wine. Three words will cheer the saddest days— "I love you?" Wrong, by heck, It is another, sweeter phrase, "Enclosed find check."—Ex.

### SOMEWHAT BORED

A colored friend of Sam's met him on the street. The colored gentleman's face looked like it had been run through a meat grinder and Sam asked him what had happened to it. "Well, suh, boss," explained the negro. "Ah done got into a little argument last night with another cullud gen'man and one thing jus' matchally led to 'nothah twell I up an' hit him. Well, suh, it seemed like that kinda irritated him. He took an' blacked both mah eyes an' bit both mah ears pretty near off an' split mah lip an' den he done throwed me down an' stomped me in the stomach. Honest boss, Ah, never did git so tiahed of a cullud gen'man in all mah life.—Columbus Citizen.

The Y. W. C. A. held its first meeting of the year in the form of a picnic up the Truckee river Wednesday evening, September 10. The entire girl student body was invited, and stunts, songs and talks by various members of the Cabinet were enjoyed around the camp fire in the early evening, after a big feed of watermelon and other good things.

A regular meeting of the Y. W. C. A. will be held next Wednesday at 4:30 p. m. in Stewart Hall. All new girls are invited to attend.

### VISITS CAMPUS

Laura Belle Lamberson, '17, visited the campus Sunday for a short time. She states that she is on her way to Yerington and another year's grind of teaching the "Youth of the Nation."

### WHY NOT?

We guess the University believes in a man earning his way through school if he is compelled to, but we can only guess at it, since we have no assurance after visiting the various departments run by the University and counting the number of students employed there. It has been the custom in years past to employ all student labor possible as janitors, clerks and waiters and in short on any odd jobs around the campus. Since the semester has started, the University Dining Hall has been filled up with the regular quota of waiters, but there are many buildings on the campus that would furnish a great deal of work to students that need it very badly. It hardly seems fair that outside help should be employed on the campus on janitor work when students are putting in night shifts downtown to earn their board. We need the students; let's try and make it as easy for them as we can, and at least put students in the jobs that they held, before they entered the war.

### STRENGTH FOR TEMPTATION

"This is the first time you have been to prayer meeting in a long time," said the pastor of a colored congregation. "I had to come," replied Mr. Erasmus Pinkley. "I needs strengthenin'; I've got a job whitewashin' a chicken coop and buildin' a fence around a watermelon patch."—Ex.

Who was it said the Sahara desert is the largest dry area on earth?

### A Word of Welcome

TO OUR COLLEGE MEN—

Many of you are old friends whom we have already had the privilege of serving. Others are newcomers and we look forward with agreeable anticipation to the pleasure of making your acquaintance.

But old and new friends alike, we extend a cordial welcome.

We have anticipated your coming.

We are prepared to take care of your needs for the coming year, and offer you the sincere assurance that you will enjoy with us the same courteous service, the same unparalleled values, and the same reasonable prices which have always been characteristic of our store.

Sincerely yours,

Gray Reid Wright Co.

### The Football Question

Once again, after a lapse of two years, the Nevada Varsity is seen on Mackay field, hard at work in their efforts to turn out a winning football team; to put forth a team of which we will all be proud, one that will once more take its place as in former years, with the best on the Pacific Coast. Coach Courtwright, rated as "the best half Oklahoma ever produced" is hard on the job, putting his men into shape, and trying by all means in his power, to put forth a winner, and not a disappointment on the field. To these men, no more can be said. They are doing their part, putting out all they have, that the Silver and Blue may again prove victorious on the gridiron, as in her heritage.

But to the others, this much can be stated. The best coach in the world, one with years of experience gained by participation in contests with renowned opponents and the actual handling and coaching of teams classed among the best in the country, can not put out a football team with a paltry squad of thirty-five men. For every man who starts a game at least three others are needed who are ready and fitted to take his place should the occasion arrive. These men are as much responsible and perhaps more so, than the men actually on the field, for the ultimate outcome of the game, for it is from them that the players gain their much needed experience and insight into the tricks of the game by actual contact with them in practice and scrimmage. There must be several teams with whom the Varsity can compete, for it is only in this way that the defects can be found in the big team, which are apt to show up at the wrong time. There is no way in which this end can be accomplished, except with a large squad.

There are registered at the University, one hundred and eighty-five men students. Of these, probably a third have had athletic experience or another, either in college, high school or with different athletic organizations throughout the country, and a number have played on various service teams in this country and France. It is these men to whom the coach must look for material with which to build this year's team. With the largest registration the University has had for several years, and the return of some of her best athletes to fight again for "Old Nevada," does it not seem a shame to have to beg men to come out for football? The man who sits in the grandstand during the big game and waves his hat, cheering lustily all the while, and who, for no other reason than the sheer lack of jazz, or interest, in his team, refuses to come out and do his part toward putting out a winning team, is no better than the conscientious slacker. He at least, claimed no part in the victory that is ours.

### FRESHMEN TO AID FOOTBALL

Hereafter a detail of Freshmen will be required to report to the football field to help in any way that the manager and the coach may desire. Harker will be in charge of this work and all men are to report to him. A list of names will be posted in plenty of time so that any men who have a good excuse for not coming out may be excused. Penalty for not showing up, with no good reason, will be the tub, so frosh had better get busy as soon as they see their names posted. A list of men who are to help the football hawks out when needed will be posted in Lincoln Hall and will be under "Pat" Harker's direction.

#### ZIGZAGGERS

"A police court isn't all grim and sordid," remarked Judge White the other day. "Sometimes something really funny happens. Not so very long ago a chauffeur was brought in after having run down a man. "Did you know that if you struck this pedestrian he would be seriously injured?" I asked. "Yes, sir," replied the chauffeur. "Then why didn't you zigzag your car and miss him?" "He was zigzagging himself and outgassed me, your honor," was the answer.—Pittsburg Sun.

### PICKIN'S

FOUND BY THE OFFICE DOG

Before I get down to business this week, have you noticed the "Propaganda" on the university again?

In the mixup on Mackay field last Saturday Dorothy Randall lost a watch and was searching everywhere for it when Pat O'Brien showed up on the scene. Ever ready to help out a fair damsel in distress, Pat got down on his hands and knees and helped her look. There is a rumor abroad that the photographer got his picture while he was diligently searching. However, we do know that Pat nearly wore out a knee of his new cords.

One of the Freshmen at Lincoln Hall carefully placed his shoes outside the door of his room the other night thinking someone would shine them. Don't that take the silver plated bath tub? Sure, someone pinched them, can you blame a fellow?

Whalman was the only one on the campus last week heard to remark, "Where's that Kampus Kat?"

They say a man doesn't like to kiss a girl because her kisses are the moist kind. But say, did you ever hear anyone objecting or calling in the Salvage Corps because a big girl moistened up his face with her kisses.—Ex.

Morris Badt is starting the new semester right by stepping out with a couple of ladies, and into Kanases that. Can you beat it?

There was a sign on the bulletin board the other day, "Found in the Art lab. a five dollar bill." I was wondering where on earth I could have lost that five hick bill, but what bothers me is why was I in the Art lab.?

Did you notice "Ye Ed" running around the campus the cold day before the dance in his shirt sleeves? For reason why, ask the Society Cleaners.

I take pleasure in announcing that the "Whiskey Quartet," famous for its part in the Engineers' Smoker of last spring has once more appeared on the campus.

The same old members are back, Sanders, Oden, Reed and Eden, but it was decided after much thoughtful deliberation to change the name to the "Grape Juice" Chapter of the Order of "The Empty Bottle."

I see that the Seniors will have the regulation sombrero as usual, but expect to add to it a leather hatband with a metal badge or plate on it. I would suggest that a neat little leather collar mounted with a little brass dog license and perhaps a cute little bell or two be made part of the official Senior apparel. It might even be more conspicuous.

During the festivities of putting up the Sophomore posters last week, four of the Soph leaders were pinched and thrown in the hoosgow. What puzzles me is, why were they let out?

A good description of the game of tennis is the following: First you gently knock the ball to the other fellow. Then he knocks it back and this keeps up until one of you knock the ball out of the lot and into the ditch. Then instead of saying d—it, you say, 40 love, and repeat the procedure.—Ex.

Knox College had a Rough Neck week some time ago. During this week all students were required to appear only in old clothes. The men were forbidden the pleasure of a fresh shave, and the women were not allowed to use powder or other facial decorations. Might be a good stunt here, we all have old clothes enough, and its too much work to shave anyhow.

Say, you members of the old gang, do you remember the good old times when a fellow could go down town and get a big square with a "cool kettle" or a cup of coffee for fifteen cents? There, you go, always makin' a fellow feel bad.

You seem to be having a lot of difficulty in getting your mustache to grow, Jock.

Jock—Yes, its really a nuisance. Can't understand why either; my dad has a peach of a soup strainer. Well, maybe you take after your mother.

I see that the Aggie department have taken a sudden burst of enthusiasm and are working both Day and Knight in the new Aggie building. Do you get it? Its deep.

IF THE SHOE FITS, PUT IT ON The poor nut thinks she loves him just because he takes her out; In fact, he dreams about her every night; He rants about her beauty, and her whims, and e'en her pout, He swears that everything she does is right; But—ha—ha—he'll soon get over it and see her for her worth, He'll find she's just been kidding him along; He'll know she just went with him when there seemed to be a dearth Of men: she'll throw him over with a song. (Bang: "Ashes to ashes, dust—") —Ex.

I had a good one on Nels Carlsen this week, but he had such an awful line that he talked me out of it. And, as Pat O'Brien says, "I'm stuck, this is all I know." —"OLD CROW."

LAZY, BUT LUCKY Although Alfred had arrived at age of twenty-one years, he showed inclination to pursue his studies at college or in any way adapt himself to his father's business.

"I don't know what I will ever do of that son of mine," bitterly complained his father, a hustling business man.

"Maybe he hasn't found himself yet," consoled the confidential friend. "Isn't he gifted in any way?" "Gifted?" queried the father. "Well, I should say he is. He ain't got darned thing that wasn't given to him.—Ex.

OF COURSE Plaisantin offered in payment of bill a gold piece which had a suspicious ring.

"Here, you've given me one of the false coins that the counterfeiters has just been arrested for making," said the merchant.

SMART BOY "Bang," went the rifles of the soldiers at the training maneuvers. "Oo-oo," screamed the pretty girl—a nice, decorous, surprised little scream, and stepped backward into the arms of a surprised young man. "Oh," said she, blushing. "I was frightened by the rifles. I beg your pardon."

"Not at all," said the young man. "Let's go over and watch the artillery."—Green Bag.

#### THOUGHTFUL SENTRY

The young private had been posted as sentry on B squadron stables. But when the sergeant of the guard came round on his visit he was nowhere to be seen. The sergeant was about to depart to make inquiries when there came a rustling noise from a heap of straw, and the sentry stood before him, minus his boots and looking very sleepy.

"Hello!" cried the sergeant, "where were you when I came around just now?" "Marching round," was the sentry's reply, given in tones of conscious virtue.

"Marching round, were you? Why you've got your boots off!" "Yes, sergeant; I took 'em off so that I wouldn't wake the horses."—Chicago Herald.

#### ON A LAWYER

Has Brother Blank ever grown confidential with you and told you of any of his early experiences as an attorney?

Well, he has not always been as attractive in his personal appearance as he is now. I recall the first case he ever had.

The court appointed him to defend a poor crook. The unfortunate prisoner looked at Brother Blank, and then asked the Judge:

"Yer Honor, is dis de guy dat's goin' to defend me?"

"Yes," answered the court. "If he should die, would I git another one?"

"Certainly."

"Kin I see him alone in a back room for a few minutes?"—Ex.

### Dummy Rush Declared Draw

Freshmen Hosts Tie Up Sophomores But Fail to Cut Down Dummy

The annual Dummy Rush which took place early Saturday morning as scheduled, resulted in a draw according to a decision handed down by the upper classmen.

The small Sophomores class gathered at the flag pole in front of Stewart Hall near midnight and spent the first of the "wee small hours" fastening their dummy just above the platform and making other preparations to receive the Clas of '23. A few upper classmen braved the chilly air to view and oversee the proceedings. While the Sophomores were enjoying the morning atmosphere the Frosh were snugly sheltered in Lincoln Hall, keeping warm and resting up for the battle—except those who found less comfortable and more secluded resting place elsewhere.

By three o'clock the steps of Stewart Hall and the surrounding walks were lined with sleepy eyed inhabitants of Manzanita, and a large number of upper classmen clad in their cords and sombreros. The monotony of waiting for the major engagement was broken by the appearance of three Frosh patrols who chose the gravel driveway directly in front of the fair spectators to "bite the dust" and thus eliminate themselves from the rush.

About 3:30 a battalion of Frosh charged down the driveway from the direction of Lincoln Hall, and voicing their new class yell, rushed the platoon of Sophomores, who were clustered about the base of the flag pole. The Frosh passed through the wire entanglements without difficulty and the battle was on. After the first shock of the engagement, a number of Frosh detached themselves from the mass of snarling, shouting combatants, who were struggling on the lawn, and managed to climb up the greased pole to a position just below the platform, where they were held at bay by a couple of Sophomores, who seemingly had been glued to the platform.

The combat raged below with unquenched fury until gradually the superior numbers of the Frosh began to count as the Sophomores weakened from the unequal contest. At last only the two Sophomores high up on their swaying perch were left untied. They proved too much for the class of '23 because their position was impregnable and their weapons rather effective. All efforts to get at this last bulwark of '22's defense proved futile and after considerable debate and heated argument the upper classmen decided that the battle was a draw and the two Sophs were permitted to come down from their cool roost.

While the Sophs were tide up by their "baby" opponents, they point to the flag pole and remark that the dummy is still there. Now it's up to somebody to remove it, but the question is who?

A BENEFIT Pat—"This is the foist time inny of these corporations hev done innything to binnefit the workingman." Mike—"How is that, Pat?" Pat—"It is this seven-cent fare. I hev bin walkin' to and from me work and savin' tin cints, and now I kin save fourteen cints."

### Buckman New Block N Head

Society Sets September 27 as Date N Must Be Painted

The first Block N meeting of the year was held last Saturday at the Training Quarters with eleven members present.

Tom Buckman, Varsity football and basketball player, was elected president to fill the vacancy caused by the resignation of Dick Bryan, who had to resign on account of outside work. Numerous plans and suggestions for the coming term were offered which met with approval by those present.

One of the most important matters taken up was in regard to the painting of the big N on the mountain. The block letter, according to rules, is to be painted sometime before the first big game. As the first intercollegiate contest is not until October 4, it was decided that the painting should be done before the Varsity-Alumni game which is scheduled to come off on the 27th of this month.

Another subject which is always of interest to the students was that of the Block N dances. It was voted to continue the dances as has been the custom for a number of years, held after all the intercollegiate games played here. The first one will be given the evening of the Varsity-Alumni game on the 27th.

#### PLAYING SAFE

Pain—"Can you fix my tooth without hurting?"

The Dentist—"Yes, I'll give you gas and you won't feel a thing. But you needn't pay me now, wait until I'm through."

Pain—"I wasn't going to pay you. I was counting my money to see how much I had on me."—Orange Peel.

Tenderfoot—Do you know the scientific name for snoring? Eagle Scout—Uh, no. Tenderfoot—Sheet Music. —Ex.

### CUPID GETS MANY

Details are lacking of a number of marriages among former students and alumni which took place this summer. Norman L. Dorn, '14, and Miss Maude Smith were married early in the summer. Dorn was a prominent student while at the University, being president of the Engineers' Club and active in all college affairs. He is a member of Sigma Alpha Epsilon.

Miss Neva Friberg, a graduate of the Normal School and well known to all alumni became during the summer, Mrs. Moberg. She has been teaching in the Reno grammar schools for a number of years.

#### UNDER COVER

"Speaking of false hair." "Yes." "I suppose no woman ever admits that she wears false hair." "No; she keeps that under her hat." —Ex.

Lalley Light
Saves the
Children for
the Farm

Every electric advantage enjoyed by the city dweller, comes to your farm the day you put in Lalley—to make the children happier and keep them at home.

Lalley Light is a complete unit engine and generator—with 16-cell storage battery. It supplies ample electricity for lights, water pump, washing machines, sweeper, cream separator, tanning mill, etc.
NEVADA LALLY LIGHT CO.
RENO - NEVADA

DEAR EDITOR
YOU KNOW, there is a
FELLOW HERE in this University
WHO COULDN'T sleep in
THE HOTELS because they were
TOO NOISY and so he
TRIED TO rent a room
IN A HOUSE where a nice
QUIET FAMILY lived and
THEY LOOKED at him and
SAID THEY guessed they
WOULDN'T RENT and he got
QUITE WORRIED for he had
NO PLACE to sleep and
THE NIGHTS are getting cold
AND THE WIND is chilly
AND SO he tried another
HOUSE THAT is a big
TWELVE ROOM house and said
HE WOULD pay two months' rent
IN ADVANCE and the lady said
ALL RIGHT and he was
GOING TO pay his two
MONTHS' RENT and
THE LADY started to talk
AND ASKED about his wife
AND HE said he
WASN'T MARRIED and he began
TO TALK and the lady
TRIED TO mention something
OR OTHER but this chap
KEPT TALKING and about
TWO HOURS later he was
STILL TALKING and the lady
FINALLY STOPPED him long
ENOUGH TO say she guessed
SHE WOULDN'T RENT because
THE NEIGHBORS might object
TO THE racket of his
ORATORY or something
AND HE TRIED to tell her
HE WAS an engineering
STUDENT BUT to no avail
AND THEN he had no better
LUCK AT any other house
OR HOTEL or flat and
FINALLY HE met
THE UNDERTAKER and he told
THE UNDERTAKER with tears in
HIS VOICE about his troubles
AND THAT he couldn't find a
NICE QUIET place to sleep
AND STUDY and the
UNDERTAKER thought and finally
HE SAID I'll tell you how
WE CAN fix it so you
CAN HAVE a nice
QUIET PLACE to study
AND SLEEP in and so
YOU CAN also make
THREE DOLLARS a day to help
OUT YOUR bankroll and
OUR STUDENT said all right

AND THE undertaker said
ALL YOU have to do is
LOOK AFTER the back room
IN THE mortuary and see
THAT EVERYTHING is kept nice
AND QUIET and
THIS STUDENT jumped at
THE CHANCE and took
THE JOB and now he
HAS THE nicest
AND QUIETEST little room
IN TOWN where he
CAN STUDY in absolute
QUIET AND peace and yet
MAKE THREE dollars a day
JUST SLEEPING and studying
IN A PLACE and so now
ALL LETTERS for him can
BE ADDRESSED to
PLACE of business and
ALSO HIS residence
WHICH IS called
BY MOST of us
THE MORGUE. I THANK YOU.
(With Apologies to K. C. B.)

REGAN NEW SOPH PREXY

The first regular meeting of the Class of '22 was held September 3, in Morrill Hall. A large part of the time was given to the discussion of class activities during the coming semester. Election of officers was then held and the following elected after close races in all departments:
President—Charles Reagan.
Vice President—Evelyn Walker.
Treasurer—Floyd Moffitt.
Considerable time was also given to the discussion of the class rushes of last week, and, although the class has suffered heavy losses, particularly among the men, all the members are pulling together, and a strong class spirit is being shown.

FRESHMEN ARE WINNERS

(Continued from page One)
session of the cane, and led by Tim Wilson, '23, they carried it triumphantly over the Sophomore line, where the pistol announced the fight as over. The second year men had made elaborate plans of procedure. At the dummy rush, Burke was carried away with a badly twisted ankle, unable to walk. No one but the few who actually carried out the plan had any idea that a fake was being pulled. This fact made it easy for Burke to appear the next day hobbling around on a cane without notice being attracted. At the first pistol, he was given the cane and proceeded leisurely to limp down the field, supported by Bill Martin and Al Cahlan. When he arrived near the center of the field, he let his enthusiasm get the better of him and he started at a run, and was immediately noticed by the Frosh. Had it not been for his eagerness to get the oaken wand across the line, the trick would undoubtedly have worked. In the aftermath, a Freshman was discovered wearing cords, much to the delight of the spectators, and was promptly escorted to the ditch by the upperclassmen. "Loot" Johnson also had a slight argument with one of the new men and readily proved his point by carrying him into the ditch. The Freshmen women were there in their usual becoming costumes, their hair gathered tightly in numerous small braids and wearing kitchen aprons. After the rush one of the girls was unwise enough to let down her hair. The Sophomore women immediately pounced upon her, and although she led them a merry chase around the Mackay field, they finally captured her in front of the Training Quarters, and, much to the delight of the soldiers who crowded around thickly, they forced her to again assume the debasing braids.

R. M. PRESTON CHAS. MEYER

The Phi Sigs held their first picnic of the season Sunday at Bower's Mansion. Thirty couples were present to enjoy a gala afternoon of swimming, dancing and lots of eats. Tiny Fairchild and Bob Jefferson were the officials K. P.'s designated to tell everyone to help themselves and to hand out the hot dogs. After an evening of gay festivities and dancing in which Tam rendered those alluring musical selections of his that would make a clod hopper do a Greek classic, the members journeyed home. The hosts were Tiny Fairchild, Carlson, Hancock, Sanborn, Smith, Jefferson, Leo Bartlett, Jack Frost, Sirkegan, Tam, Organ, Everett Gooding, Withers, Henningson, Stuart, Bart Hood, Harrison, Nimis, Ted Fairchild, Cuddy, Gregory, Don Bartlett, John Frost, Pike, Church, George Gooding, Law, Benson and Shirley. The ladies present were Miss Elizabeth Slemmons, Carmen Rockstead, Marian Fike, Doris De Hart, Thelma Braun, Ada Hosten, Eleanor Turly, Miss Badger, Georgia Money, Hallie Organ, Alethea Hillhouse, Fern Wagner, Margaret Thorne, Sada Briggs, Edna Clausen, Ardis Brown, Dolores Samuels, Margaret Bartlett, Marie Comeley, Shirley Stuart, Ann Underwood, June Harriman, Miss Blatner and Miss Porter. The party was chaperoned by Mr. and Mrs. Snell.

It was difficult to find old acquaintances amongst the host of new women who assembled at Manzanita Hall the first of the week, for of the sixty-seven women in the Hall this semester, over half are Freshmen. All formalities, however, were laid aside on Wednesday night when the Sophomores initiated the Frosh into the joys of College Hall life. They really were treated very well and evidently appreciated the fact for the next night, the Sophomores and incidently the whole Hall were royally treated to an ice cream and cake "Feed" by the Freshmen women. We congratulate them on their good school spirit, for they have observed all traditions, even to obeying the Sophomores as to how they should dress on Rush Day, although their numbers might suggest that they do otherwise. Those women students of former years, who are back are enjoying the renewal of college life as much as the new ones are enjoying their first experiences. Last year, Manzanita women were hostesses every Friday afternoon at an informa tea, held in the parlors of Manzanita Hall. They were enjoyable affairs at which we all got better acquainted, so they will be resumed this year. This Friday afternoon, September 12th the first tea of the year will be held, from 4:30 to 5:30, and the Faculty, the University students and their friends will be cordially welcomed.

PI BETA PHI
On Tuesday evening the members of Pi Beta Phi gathered at a jolly little supper in honor of their two pledges, Adele Armstrong and Alice Collins Wright. Those present were Rachel Sprague, Helen Cahill, Gladys Dunkle, Virginia Higgins, Edna Short, Miriam Fike, Dorothy Percival, Adele Armstrong, Alice Wright, Ruth Miller, Miss Mack and Miss Riegelhuth.

D. K. T.
Monday evening Miss Orva Clark, who will be a September bride, was honored with a shower given by the members of the D. K. T. sorority at the home of Mrs. Frank Humphrey on Ralston street. The rooms were artistically decorated in the Sorority Colors. The table was centered with a basket of flowers and after a delicious dinner was served, the guests adjourned to the drawing room where Miss Clark opened her many gifts. Those enjoying the delightful evening were the patronesses and members of the D. K. T. Sorority: Mesdames, Frank Humphrey, George Thatcher, A. E. Hill, E. E. Wardin, Sam Belford; Misses Fru Wortham, Evelyn Walker, Helen Fuss, Lois Smythe, Isabel Bertschy, Alice Kincaid, Ruth Pilkington, Avis Lothrop, Orva Clark, Neva Clark and Esther Crump.

MISS MACK ENTERTAINS
The first real peppy college dance for over two years was held in the gymnasium, Friday evening, Sept. 5, when Miss Margaret Mack, Dean of Women, entertained the entire student body at a "Get Acquainted Dance." Old students were there to welcome the new ones who came to us this year as freshmen. For the old timers, who remembered the University as it used to be before the war, it was a great sight to see the old Gym filled with so many enthusiastic students. The music and punch were excellent, and everyone was reluctant to bid their hostess good night after such an enjoyable evening.

New Equipment For R. O. T. C.

The members of the R. O. T. C. unit here will soon appear bedecked in the usual military uniforms. All new members were measured for uniforms Wednesday, and it is the intention of the military department to procure them as soon as possible. Those members who were here last semester will have their uniforms within the next few days, the uniforms being on hand and ready for issue. In addition the students will this year be issued full pack equipment. The complete outfit will be issued as soon as the shelter tents arrive. The old Krag rifles will be discarded and new Endfields issued in their place. The rifles have not arrived yet, but are on the road and will be here any day. The department also expects to receive two or three Browning automatic rifles for the instruction of the cadets.

GRIFFITH '21 YELL LEADER

Earl Borchert to Be Assistant
Following the football rally Wednesday night, the name of Bob Griffith '21 was given out as the choice of the committee for yell leader. He will have as his assistant, Earl Borchert, '20. Bob was yell leader last year and held down the job in a mighty creditable manner. Borchert was formerly yell leader here a few years ago and should be a big help in getting the old jazz out of the students. Sawyer '23 and Belford '20 each led a few yells and showed good form, indicating that they can handle the job any time they are called upon. Several regular practices will be held and announcement made as to the day and hour. All Freshmen are required to be present at these practices and it is urged that everyone else turn out and help get the good old Nevada spirit back again. The football team is going to need a whole lot of support this year and it is up to the students to give it to them. Let's see a big bunch out there on the first day and show the team we are all behind them. Let's get to going!

PHI SIGS HAVE NEW HOUSE

After a diligent and prolonged search, the Phi Sigmata Kappas have found a suitable house for a fraternity house. It is a large comfortably furnished place on Elko Avenue, and plans are already being made for a big opening night, when a grand and glorious time is promised.

### Bird-Manson

A marriage of unusual interest to the students occurred during the summer when Miss Margaret Bird became the bride of Mr. James Manson, at Fairfield, Cal., Aug. 19. Both are well known on the Hill, Miss Bird being a student at the University for a year. She is a member of the Delta Delta Delta. For several months she has been assistant to Secretary Norris of the Commercial Club. Mr. Manson attended college for three years where he was prominent in student activities. He is a member of Sigma Nu. He is now employed by the Antelope Valley Land and Livestock Co. at Yerington.

### Denny-McPherson

Miss Maude Denny, formerly head of the department of music of the University, became the bride of Mr. R. D. McPherson on June 16. The groom is a prominent architect and was for some time in business in Reno. The couple have moved to Minneapolis, Minn., where they will make their home.

### Moody-Holcomb

Among the many weddings that occurred during the summer was that of Lois Moody and William Holcomb, graduates of the University, class of 1918. The wedding took place the latter part of June and was the outgrowth of a college romance. Both were very popular students while in college and were well known in social circles. The groom is a member of Sigma Alpha Epsilon, and was president of the Engineers' Club during his Senior year. The happy couple are now living in Tonopah, where "Billy" is manager of the branch office of King and Malone, civil engineers.

### Parker-King

Thomas R. King, a graduate of the College of Engineering with the class of '17, and Miss Louise Parker, of Tonopah, were united in marriage at Tonopah, Nevada during the summer. The bride was well known to university people, having attended summer school here. The groom is a member of the firm of King and Malone, engineers, and at present is in charge of their Elko office. While in college he was one of the most popular students, playing end on the Varsity, and being president of the Engineers' Club. He is a member of Alpha Tau Omega, the Block N. Society, and Coffin and Keys, men's honor fraternity.

### Francis-Ellis

One of the prettiest summer weddings was held at the Francis home in Sparks, June 25, when Zelma, daughter of Mr. and Mrs. J. B. Francis, be-

came the bride of Leland Wadsworth Ellis, of San Francisco. The wedding was quite an elaborate affair, and the invitation list included many guests. The bride was a prominent member of Delta Delta Delta Sorority, being a member of the '19 class of the University of Nevada, while the groom will complete his course in the medical school at Stanford this spring. He is a member of the Phi Chi honorary medical fraternity. Mr. and Mrs. Ellis will make their home in San Francisco.

### Greenough-Lattin

Miss Ileene Greenough and Mr. Ralph Lattin, both of the class of '21" were married by the Rev. Brewster Adams on the morning of May 6. The wedding came as a surprise to their friends who were expecting it at a later date. Miss Greenough is a member of Delta Delta Delta Sorority, and was one of the most popular women on the Hill. The young couple are making their home in Wonder, Nevada.

### Coon-Francovich

Miss Nan Coon, of Reno, became the bride of Mr. Nickola Francovich Thursday evening, June 26, at the home of her parents on N. Virginia street. The wedding was a simple home affair, the guests being only the families of the bride and groom and their closest friends. Nan, as she was known to everyone is a member of Delta Delta Delta Sorority and Omega Nu, and it is needless to say that her happy smile will be missed by all the old students. Mr. and Mrs. Francovich are making their home in Sacramento, where the groom is employed by the Southern Pacific Company.

### NEW PASTOR ATTENDS UNIVERSITY

In the Reno Evening Gazette of Tuesday, Sept. 9, appeared the following article which concerns one of the men registered at the University this semester. Mr. Sanborn is taking special work here and no doubt this article will interest the members of the Student Body:

"Lieutenant-Colonel in the United States army, football player and minister of the gospel is the combination that H. Sanborn is bringing to the Sparks Episcopal church, where he is to become assistant to Rev. T. L. Bellam. He will preach his first sermon Sunday and will be ordained September 21 by Bishop Hunting.

"Mr. Sanborn graduated from the University of Washington in 1914 after playing football with the Washington team four years. He went to Canada immediately and enlisted in the Canadian army as a private. From private he rose to lieutenant, in which capacity he went to France. He was then transferred to the artillery as a captain, and later became a captain of engineers.

"As captain in the engineers he superintended the construction of the railroads on Messines ridge, which was mined and loaded with high explosives and then blown up, destroying the German line there. He was gassed and wounded there and sent to America on sick leave. In 1917 Sanborn transferred to the American army, getting a commission as captain in the field artillery. He became instructor at Lean Springs, Tex., and later was made major and placed on the staff of the Sixteenth brigade.

"With the Sixteenth brigade he crossed to France again, but was attacked by influenza and sent home on a sick leave again. He was promoted to lieutenant-colonel on arriving here. The war ended and he resigned from the service.

"Before the battle of Messines ridge Col. Sanborn was confirmed in the Episcopal church and when the war ended and he left the service he decided to become a clergyman. He came to Nevada and a place was found for him in Sparks."

### A PATIENT WIFE

"Well, what did your wife say to you when you got home late last night? You know you were afraid she'd scold?"  
"She didn't scold a bit. In fact, she didn't even ask me where I'd been, but, late as it was, she sat down at the piano and began to play and sing. I tell you, she is one in ten thousand."  
"What did she sing?"  
"Tell me the old, old story."  
—Ex.

### C. C. Robinson Addresses Assembly

All classes were suspended at 11 o'clock Tuesday in order that the faculty and student body might hear Mr. C. C. Robinson's address on "The Men of Tomorrow," in the University gymnasium. Mr. Robinson is National Secretary of Boys' Work for the Y. M. C. A., and his talk was overflowing with interest and enthusiasm for boys. His sympathetic attitude is summed up in his apt characterizations of boy-life: "In every boy there are three boys—Jimmie, James and Jim. If you get too much Jimmie, in a boy, you have a

"roughneck"; too much James, you have those "la-la boys." What is valuable to allow both elements to have their part. What we are trying to do is to develop out of both of those boys the strong, manly character—Jim."

Tomorrow's my birthday and I get the usual welcome box of cigars from my wife."

"Welcome? Huh! I'll bet, you'll get them away."

"Not much, I don't! I give them to my friends. They remember the cigar, and later when I offer them a cigar that's really good they pass it to you. Tell you wife's gift is dozens of dollars in my pocket every year."—Horn Post.
