Indians vs. Varsity at Carson

TEAM PLAYS RED MEN AT CAPITAL FRIDAY

STEWART HAS FAST AGGREGATION AS SHOWN BY GAME WITH RENO HIGH LAST WEEK. SHOULD BE EASY VICTORY FOR SILVER AND BLUE

The Varsity football team will journey to Carson Friday to play the Stewart Indian Institute, and on October 18th the Indians will return the match by playing Nevada on Mackay Field. The game in Reno will be played on the day of the American Legion convention here and should prove to be a big attraction. The game Friday should prove to be a fast one if results of last week count for anything. In

their game with Reno High last Saturday, the Indians put up a great game, defeating the local school by a big score. On the same day the Varsity trimmed the Alumni to the tune of 32 to 0. A great many university people will make the trip to Carson in machines to see the game so it is expected that Courtwright's men will get considerable backing from this source, in the way of encouragement.

COFFIN AND KEYS

Woozoter, Borchert, Cahlan, Buckman and Sanders Are Elected to Membership in Honor Society

An amusing spectacle was provided by the neophytes of Coffin and Keys in the annual running of new members last Friday.

Early in the morning a dark, belladonic-eyed Spanish damsel appeared with a basket of candies and smokes, and with warm wiles and ways tempted the campus folk. Lips and cheeks of brightest rouge and flimsy garments of priceless value, said to have been stolen from the Alhambra, added a passionate touch to the shy maiden's being.

Mammy Liza also visited the campus with her fair offspring and proudly wheeled it about the campus before the admiring eyes of university people. Liza's albino is a product of eugenics and has been nourished by Prof. Knight's Better Baby food. Mammy is strong for better babies and lots of 'em.

A creature all dolled up in a fisherman's paraphernalia angled in a bucket of dew amidst the bull rushes surrounding the quadrangle. Being amongst the tules many mistook him for Moses and began citing scripture; those who were wiser recognized Jonah at once from the belly of the whale.

The quad became a scene of riot and horror when a nasty Bolshevik wormed his way through the peace of the morning, and endeavored to inspire the law-abiding citizens of the university community, with his radical doctrines.

By sixty minutes before the noon hour this Bolshevik had converted four souls, La Paloma, the cigarette girl; Jonah and Mammy, plus her infant. They gathered back of Morrill Hall, gave three rousing cheers for the soviet government and Coffin and Keys, then proceeded collectively to the Mackay statue followed by a crowd (Continued on page eight)

VARSIITY TRIMS ALUMNI IN SLOW GAME

OLD "VETS" FAIL TO MAKE SHOWING AGAINST NEVADA'S GRID MEN AND LOSE, BY 32 TO 0 SCORE

Coach Courtwright sent his Silver and Blue line buckers against the Alumni gang of tough pickers on Mackay Field Saturday. The game was one of practice variety for Nevada and did not show much in the way of real football. The condition of the Alumni warriors was always in doubt. At any moment all of them might have fallen down to earth just through mere exhaustion.

Prof. Charles Haseman seemed to be leading the Alumni eleven. At least he doped out the plays and instructed all of his men in regard to their every movement before even the simplest of line plunges was attempted. His team was severely criticized last Saturday because of the speed with which all of the old timers moved around into their positions. Once Timekeeper Carlson claimed that the game must be forfeited to the Varsity. His argument was, that since not one complete play had been successfully explained and carried out during the second quarter by the Alumni, the game should be awarded to Nevada on the grounds of inactivity.

The Alumni, however, did give the Varsity some good stiff line practice. They boasted of a center and two guards who were almost unstopable. These three dwarfs are Kimmel, Lochman and Boyle. Any one of them would make a suitable opponent in a wrestling match with a full grown range steer. This trio constantly smeared Nevada's mid-section and caused monster holes to appear therein. Yea, they were at times so magnanimous that a loaded tally-ho with seven horses attached might easily have meandered through these openings. No wonder to anybody how Prof. Charlie gained every time he used a favorite line smashing play.

This play is a back tackle shift and it was used a score of times in the game last Saturday. All Prof. Charlie, MacKenzie or Wentworth had to do was grope for the ball when it was passed, stagger away in the direction of Nevada's line; hold a position of equilibrium for at least five seconds and a big gain would result. Nevada's line was simply pushed aside by the three huskies on Prof. Charlie's gang.

A number of new men were sent in by Coach Courtwright during the game who showed up to good advantage. Willis Church, '23, who replaced Bradshaw at quarter in the third frame, is a hard fighter when downs just have to be made. Although light in weight, he has no trouble in getting past or bowling over the best men opposing him. Church made the longest run of the day when he received a long punt from Wentworth on the thirty yard line and ran a scattered field with the pigskin to the ten yard mark before he was forced out of bounds. This run netted a total of sixty yards.

Dunne, '23, played a great game at half back. He was good for from seven to ten yards every time he was given the ball. Dunne watches his interfer-

ence with no thought of making spectacular runs all alone for the benefit of the grandstand. He works nicely as a unit in Nevada's football team. He is fairly speedy but needs more real experience with which he should develop into a star half back within another year.

Tam, '20, surprised a few of them last Saturday by playing some real bang-up football. He was responsible for two of the five touchdowns made and placed the ball a third time only one yard from the goal line. Tam, however has one fault. That is easily seen when he is attempting a wide end run and attempts to reverse his direction to save himself from being forced out of bounds.

Bradshaw and Grant both played a good brand of ball. The linemen were shifted frequently to different positions. Tiny Fairchild '21 and Witter '23 played real football all through the game. They had no trouble in nabbing their men before any appreciable gain was made.

It was almost too easy, however, to advance the ball when it was in Nevada's possession. It required just four plays in as many minutes to make the first touchdown. And so it was all through the game. The Alumni were no match for even the second team. The game in details is as follows:

Game called at 2:50 p. m. Grant kicked off to Wentworth, who was tackled by Fairchild on the 30 yard line. MacKenzie fumbled on the next play, and no gain was made. The Alumni made three yards on a line buck. Ross made on yard through tackle, being down by Hill. Wentworth kicked to the 30 yard line, and Lockman tackled Bradshaw, who received the kick. Grant made five yards through right tackle. Tam made ten (Continued on Page Six)

Members of the faculty at the University of Copenhagen have asked that their salaries be raised to equal those of the janitors. If they get the raise, perhaps some of our underpaid faculty will renew hopes.

THE VARSITY SQUAD

Top Row, Left to Right: Coach Courtwright, James, Witter, Ed Reed, Howard, Buckman, Al Reed, Layman, Martin, M. Fairchild. Center: T. Fairchild, Wright, Tam, Grant, Hobbs, Hill. Bottom: Dunn, Jones, Johnson, Bradshaw, Church.

WORK STARTED ON NORMAL SCHOOL

Work on the new Educational building was started last week and is being rapidly carried on, with a view to getting the foundations laid before winter sets in. The building, which will be situated north of the Agriculture building, facing the road, is being constructed by E. K. Fowler at a cost approximating \$85,000. The Regents this week awarded the contract for the numbering and heating in the structure Chas. Wara for the sum of \$9177. The building was designed by Fred J. Longchamps, State Architect, who is a graduate of the University with the class of 1904, and is at present president of the Alumni Association.

STUDENT BODY HEARS REPORT

Football Is Main Subject of Second A. U. N. Meeting Held Friday

Another peppy student body meeting, the second of the year, was held on the bleachers Friday, October 3, at 11 o'clock. The attendance was good and there was plenty of enthusiasm shown.

The main business of the meeting was all concerned with football. The advisability of putting out tickets at two dollars each, for all the football games of the season, was discussed, and finally carried in the form of a motion. It was decided that the high school and grammar grade pupils would be allowed to buy these tickets for one dollar. Ira Redfern was appointed as chairman of a committee to float these tickets down town, the other members of the committee were Emily Burke, Mrs. Hooten, Hal Luce and Phil Frank.

Tom Buckman gave a talk about the need for more men to turn out for football practice. Many of those who signed up at the time of the rally have not made good. Our team has made a splendid showing and deserves the fullest support of the Student Body.

Harold O'Brien, athletic manager, gave a report on the games which have been arranged and the athletic expenses to date. The report as a whole was very favorable, the schedule has been published, games and return games (Continued on page eight)

PLANS SET FOR HALL DANCE

First Lincoln Hall Party Will Be Staged Friday Night at Gym

Friday night in the gymnasium the first Lincoln Hall Association dance will be given. Heretofore the men of the Hall have been content to give only their smoker in the first semester and the "open house" to Manzanita during the spring term. This year they have branched out and will include an informal dance in their social program.

The floor of the gym is being put into the best possible condition; good music will be furnished by Tait's jazz orchestra and punch of the best quality obtainable since last December will be served. The entire student body and faculty has been invited to attend a good crowd is assured. The committee in charge has worked hard to make the affair a success and the result of their work will be apparent Friday night. The dance is due to start at 8:30 so be on time and bring your lady and jazz with you.

WHAT DO YOU SAY?

The Varsity football team journeys to Carson Saturday to tangle with the Stewart Indian team. Stewart is a little over 35 miles from here, and this is the first real game that the student body as a whole has a real chance to see. There are several among the faculty and students who have cars. Let's pull a new stunt and take the entire student body over to the game, and show the team the whole school is behind them as they should be. Below is a list of those who have cars, and if they will co-operate with the rest of the student body the Carson game can be made one grand success. All those who are willing to haul a load of rooters to Carson in their car will please turn in their name to Miss Sissa, and they can be assured of a full car.

GRADUATES HERE FOR CABARET

A number of graduates and former students drifted up to the campus last week from various and sundry places. Gardner Chism '17, just returned from France where he was a second lieutenant of infantry in the A. E. F. was on hand to take in the Coffin and Keys Cabaret, as was Squeak Harriman '19, former A. S. U. N. president, who came in from Fallon, where he is ranching. Glenn Engle '17, commonly known as "Kelly," was up from Fallon where he is an engineer with the U. S. Reclamation Service. "Kelly" was married June 25 of this year to Miss Ruth Williams of Fallon. Frank Petersen '07, who lately returned from France where he was a major in the Tractor school of the A. E. F. was up for the Cabaret. He left this week for Peoria, Ill., where he is connected with the Holt Manufacturing Co.

COFFIN AND KEYS

(Continued from page One)
eager to learn more of this new breakfast food, Bolshevism.

The mob was not disappointed, for the representative of the soviet government was in his prime and there issued forth from his frothy lips passionate words of beseech.

He urged Mammy to strike for better babies, appealed to all to demand less work and more recreation, advised the men of Lincoln Hall to advocate all night hours for Manzanita, and last but not least to strike for good grub at the gow house. This was his most earnest appeal, an entreaty for the well-being of the inner man.

At the gow house all survived an enjoyable repast for the chef had just killed a cod fish. The meal was so delicious that the Bolshevik went crazy and started to pray for the members of Coffin and Keys. In his ravings he beseeched his heavenly colleagues to keep Prof. Jones away from Truckee, and Whalman and Redfern from Manzanita's front porch.

The cabaret dance in the evening saw everyone converted to the Bolshevik doctrine: "Let joy be unconfined and unrefined 'midst the rockets red glare and bombs bursting in air."

Student Body Meeting

(Continued from page One)

have been secured with U. C. Frosh and with Davis, and two year contracts have been drawn up with the other teams.

This means that although the football expenses this year will be heavy, next years' Student Body will have no expenses in the games with St. Mary's and Santa Clara.

The athletic equipment has been put into good condition, and some new materials bought. The total expenditures so far have amounted to \$635.98, which includes the \$275.00 for the California game.

Show a little originality. Design a pin for the Engineers' Club and hand it to Don Warren.

Read every issue of the Sagebrush.

FRIDAY'S CABARET IS WILD SCENE

Splendid Entertainment Is Feature of Evening

The Coffin and Keys Cabaret was held last Friday night, and proved to be a huge success. The atmosphere was that of a real cabaret—small tables placed about the room, white-coated waiters conspicuously present, and not the least, a real "bar," from which "Regan Specials," etc., were served.

Each dance was followed by some ber from the program.

Tam gave a xylophone solo, which was greatly appreciated; Miss Randall gave an Egyptian dance. Professor Turner rendered an appropriate selection which aroused much merriment, and Mr. Lunsford sang. Sybil Hartung and Marguerite Brown entertained with a song and the "shimmie dance." Miss Hawkesworth showed her ability as a dancer in her Dance

WOMEN'S ATHLETICS

At yet there have been no regular gym classes and volleyball. There seems to be some very basketball material among the men, especially among the old Varsity forwards fight positions. Keen competition is what is needed for a good girls, don't forget to come on the time comes and try to Gothic N your Freshman year.

Give the Sagebrush your announcements.

Boost—don't knock!

Espanol. Prof. Charley's quartet lived up to their reputation as singers.

Everyone entered into the entertainment and pep great element.
