THE STUDENT NEWSPAPER OF THE UNIVERSITY OF NEVADA

UNIVERSITY OF NEVADA—RENO NEVADA, THURSDAY, MARCH 18, 1920

No. 26

VOL. XXVII.

ENGINEERS' DAY SATURDAY

ARTEMISIA IS NOW IN PRESS

MARCH 24TH IS SET AS FINAL DATE WHEN ORDERS FOR RECORD YEAR BOOK WILL BE RECEIVED

The Artemisia is now ready for the press and as was originally planned, it is "A Record Book for a Record Year," which will be a record keepsake of the year of nineteen twenty. The book will contain a calendar which will record in a chronological order all important events that have happened throughout both semesters. Another important feature which has been inaugurated into the book is an article from each of the high schools over the state which gives an interesting description of each school, and their activities. It is believed that this is not only going to be an interesting and added attraction to the book, but it is going also to create a keener inter-high school and University of Nevada spirit. As this has been one of the biggest years Nevada has ever had in the way of athletics, football basketball and track, are going to be predominant feature of the book. The Artemisia this year is going to be vital to every student on the Hill as a valuable keepsake. It is going to be a record of each and everyone's greatest university year and it therefore behooves every member of the student body and faculty to get a ticket immediately. Owing to the great cost of the book it will be impossible to print more books than there will be actual sale for. The staff is making every effort to get the book out on Mackay day and in order to do this the latest possible for it to go to press will be next Wednesday, the 24th and therefore all who have not tickets by that date will be unable to purchase a book.

The staff regrets to say that the company which was to supply the leather cover and design as was originally planned will be unable to furnish it owing to an over rush of work. Instead, a brown cover is to be used with Artemisia done in silver. As the cost of this cover is not as great as the one originally planned it has been decided to reduce the cost of the book to four dollars instead of five.

NOTICE

The Glee Club recital which was to have been held in the gymnasium Friday evening has been postponed until Friday, March 26.

TRACK SEASON LOOKS BRIGHT

FIVE CORNERED MEET BETWEEN NEVADA, SANTA CLARA, DAVIS, CALIFORNIA AND STANFORD FROSH CERTAIN.

With the basketball season a matter of history, the attention of the student body is turned to track. Although the weather since the close of the basket season has been anything except ideal track weather, close to fifteen men have been out getting into condition for the spring sport. Coach Courtright is planning an active track season this year and expects to have a team that will live up to Nevada's proud record so far.

The first event of note will be the interclass meet to be held on Mackay Day. This was up to the time of the war an annual event and always served as a tryout for the aspiring speedsters. Competition will be keen and the coach is planning on having several prizes up for the men who place in their events. These prizes will be in the shape of wearing apparel such as shirts, neckties, etc., and will be awarded only to those who have been out regularly for the Varsity team. However, all men will be eligible to compete for their class but will be ineligible to grab off any prizes unless they have been putting in an appearance regularly on the track for practice.

—U. N.—

CLONIA PLAY PLEASURES FALLON

"Pair of Sixes" Makes Third Appearance of Season Before Fallon Audience Saturday Night.

Saturday night the play, "A Pair of Sixes" made its third appearance, this time in Fallon. The cast made the trip in the morning by automobile, arriving there early in the afternoon. Owing to bad weather and other attractions in town, the crowd was not as large as had been hoped for, but due to the loyal work of "Kelley" Engle, '17, a fair sized crowd gathered in the auditorium of the High School to witness the production. Running true to form, the play was successfully given, and the people of Fallon were enthusiastic in their praise of the work the University is doing in dramatics this year.

The return trip was made in cars Sunday morning while a frigid wind was raging across the desert. However, the victims arrived home in due time, and by this time are almost thawed out again.

Clonia wishes to take this opportunity to express its appreciation for the royal way they were entertained by the people of Fallon, as well as of Carson City, and to extend its thanks to those who furnished cars to take the caste to Fallon.

—U. N.—

MISS BECKWITH BACK FROM HAWAIIAN TRIP

Miss Carolyn Beckwith, secretary President Clark, returned last week after a month's visit to the Hawaiian Islands, and has again taken up her duties. She spent most of her time in Honolulu where she was a guest at the home of Dr. and Mrs. Romanzo Adams and reports a delightful trip.

Dr. Adams, who is on a leave of absence from the university is Professor of Economics and Sociology at the College of Hawaii, and according to Miss Beckwith has quite a variety of students in his classes. A class in Sociology consists of one Chinese woman, two Chinese men, one white woman, and two Japanese men. Another one in Economics is made up of four white men, two Chinese women, four Hawaiians, six Chinese and four Japs.

"ALL NEVADA-CAL." TEAM IS CHOSEN

Four Nevada Men Selected on Team of Seven as Star Performers in Conference

In response to the general demand for an all-league basketball team ye humble Sagebrush scribe will, after due thought and deliberation, attempt to satisfy the clamorings of the Nevada basket fans in picking the U. of N. Sagebrush's official Nevada-California basketball league's all star team. This team is not chosen on the basis of the number of points scored, but every quality that goes to make the finished basket shoter is taken into consideration. A wealth of material is at hand and it is extremely difficult to pick one man over another when their respective abilities are so nearly on a level. With this in mind seven men have been chosen as the best men for their positions and who were of the most value to

(Continued on Page Eight)

CAPTAIN OF 1921 VARSITY

Noble Waite, Varsity Forward

At a meeting of the basket ball letter men held last Thursday, Noble Waite, forward on the 1920 Varsity, was unanimously elected to captain next year's team. Waite, who was a former star on the Bunkerville High School five, winners of the state championship in 1917 has played three years for Nevada, and has been of the largest point winners on the team during all these years. Out of a total number of 291 points made by the Varsity this season, Waite looms up with 132 points to his credit, 45 percent of the total, which is a remarkable showing indeed. He is without question the peer of the college forwards of the Pacific Coast, and should be the mainstay of the Silver and Blue Varsity of 1921.

AUTOMOBILE SHOW IS MAIN EVENT

NO CLASSES ON SATURDAY WHEN ENGINEERS REIGN SUPREME. AUTOMOBILE SHOW TO BE OPEN ALL DAY, WITH BASEBALL GAME AND TRACK MEET SCHEDULED FOR AFTERNOON. MANY STUNTS PLANNED.

Saturday, March 10th, will be one of the "red letter" days for Nevada if present plans work out and the 1920 "Engineers' Day" will be one long remembered. As is the custom, all classes will be suspended for the day and all buildings and laboratories will be opened to visitors from 8:00 A. M. until 8:00 P. M., and here the town visitors may see all the various machines in operation.

During the day, from 8 A. M. to 8 P. M. an automobile show will be held in the University gymnasium. Every dealer in Reno will exhibit his make of car and already over twenty-five different makes have signed up for space. Of each make there will be one or more cars on exhibit, from the Ford to Hudson, large cars and small, expensive and low price cars, and an opportunity is here given the people of Reno to examine all the different cars handled by the dealers of Reno. No admission will be charged to this show or to any of the events of Engineers' Day.

At 10:00 o'clock in the morning a baseball game will be staged between the Engineers and the Freshman

LOCAL UNIT R. O. T. C. STANDS INSPECTION

Captain McNamara of Western Department Reviews Nevada Contingent Which Shows Up Well

Yesterday afternoon the R. O. T. C. unit was inspected by Captain Wallace McNamara, assistant in charge of R. O. T. C. affairs of the Western Department. The inspection was the second of the school year, the first formed up at 2 p. m. and marched to Mackay field, where the inspection ceremony took place. Then the company was drilled as a platoon of two sections in infantry drill, both close order and extended order movements. Coach Courtright then gave the company a few minutes of setting up exercises, which closed the drill.

In speaking of the inspection, Captain McNamara said: "The appearance of the unit was most commendable, both as to men, and their clothing and arms. The drills and exercises following the ceremony were also very well executed."

Although the R. O. T. C. unit is below normal strength this semester, due to many men expected next semester, as very few men will complete the work this year, and many Freshmen will be enrolled.

—U. N.—

MISS DAY RETURNS FROM COAST TRIP

Miss Day returned Monday morning from a three days' trip to the Bay Cities where she went to interview candidates for Psychology and for Primary Demonstration teaching in the summer session. Miss Anne Raymond of Berkeley was secured for the primary work. It is anticipated that attendance at the summer session of 1920 will be the largest in the history of the University. A strong corps of instructors is to be provided and the program will offer some new and interesting features — especially for those who are teaching or preparing to teach.

—U. N.—

NOTICE

A. S. U. N. MEETING FRIDAY, MARCH 19TH. AGGIE BUILDING, 11 O'CLOCK

Class. It has been the custom for the Engineers and Aggies to battle for baseball honors on this day, but this year the Frosh Class will attempt to win the championship. There is a world of good material among the babes and it is predicted that the game will be fast, furious and well worth seeing.

The morning will be given over mainly to the automobile show, baseball game and general inspection of the laboratories.

In the afternoon a demonstration will be given in the Electrical Building by a representative of the General Electric Company, of electrical welding. Next on the program is a general mass track and field meet, to be held at 2:00 P. M. on Mackay Field. Each college of the University, Engineers, Aggies, and Arts and Science will have entrants in the events. Louie Meyers will be in charge of the Engineers' squads. "Long Tom" Buckman will oversee the Aggie hordes and "Shimmy" Bradshaw will take care of the Arts and Science gang. There will be at least six big events, and it is expected that many dark horses will make their appearance. The Olympic games will soon be held and representatives for this meet will probably be picked from the participants in Saturday's meet.

In the 100-yard dash, all contestants making thirteen seconds or under will place in this event.

In the twelve-pound shot-put, each

(Continued on page eight)

SENIOR-JUNIOR DEBATE ON WED.

Don't miss the big hot-air carnival at the Clonia meeting next Wednesday. The Juniors and Seniors will mix in a debate to the death, with no quarter asked or given. The mighty Wooster, and his able and loquacious colleague, "Coleen" Barnes, will attempt to wrest a decision from "Prexy" Walters of Clonia and "Prexy" Adele Armstrong of Manzanita. The winners will have the privilege of meeting the Sophomore windjammers in the final wrangle of the season.

B. Y. U. PLEASSED WITH DEBATERS

Those who heard the debate between the "Y" and Nevada heard the closest argumentative contest that has ever been given in College Hall. The question, "Resolved that the right of laborers to bargain collectively through their chosen representatives should be recognized by their employers" was one of national import with the fundamental issues evenly divided. Wilkensen of "Y" opened the debate very effectively, his points were clean cut and persuasive, backed by forceful delivery. Belford of U. N. first speaker for negative, presented a very forceful analysis and was exceptionally apt in putting his arguments across to the audience, Jacobsen keeping up the pep of the debate.

The forensic contest was very evenly matched, the Nevada debaters had a little better delivery in their main speeches but they did not come back in their rebuttal nearly so strong as did the "Y" debaters.

In fact the contestants were so evenly matched that the audience showed signs of nervousness as to whether the decision would be favorable to our local debaters, this uneasiness was justified by the 2 to 1 decision of the judges.

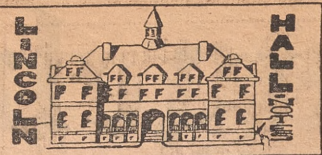

Mr. Belford expressed a very favorable sentiment in hoping that the friendly relations between the two universities would continue.

We of the University hope for the same thing. We feel that it is indeed an honor to meet the representatives of Nevada who carry with them such high ideals of sportsmanship. We feel that through such contests the schools will be brought closer together and will be able to work in closer co-operation in presenting to the people the intellectual truths of great problems confronting the states and nation.

Nevada, we welcome you to our University. We won this time by a narrow margin, but we know that we will have to fight harder than ever if we wrest the decision from you next year when we meet you at Reno.—B. Y. U. White and Blue.

ENGINEERS NOTICE

Mr. William H. Popert, engineer for the United States Steel Products Company, of San Francisco, will give an illustrated lecture on Highway Bridges next Tuesday evening at 7:30 p. m. Mr. Popert is making a special trip up here to talk to the Engineers and it behooves every man to come out. We also expect to have a three reel General Electric feature from which all reports will be well worth every engineer's time. Here's for a record attendance to meet Mr. Popert.

James Koehler left Saturday morning for his home in Fallon to spend the week-end with the home folks, and incidentally to show the "Pair of Sixes" cast a good time.

John Philbin moved to the hospital Saturday with an attack of the grippe which has laid him low for several days. We hope he will soon be with us again.

Gerald Lee left a few days ago for his home at Towle, Calif. He is undecided whether to return to college this semester or wait and enter again next fall.

Wallace Walters was laid up all day Monday with a bad cold, caught while en route from Fallon to Reno via Ford. He is all right now, but says he won't be entirely thawed out until next July.—U. N.

PROPOSED AMENDMENTS TO THE CONSTITUTION

Be It Resolved: That Section 1 of Article XII of the Constitution be amended to read as follows:

Membership dues in this Association shall be Six Dollars (\$6.00) each semester and twenty-five cents of this amount shall go to an Injured Athlete Fund.

Art. IV. Sec. 5.—The Athletic manager shall be an upperclassman, a graduate or the Coach of Athletics of this institution at the time of his election to this office. Requirements for candidates for this office shall be governed by the same rules as other A. S. U. N. officers, except in the case of a graduate or the Coach of Athletics and except in case of special ruling for this office. Candidates for this office shall be under the strict approval of the Executive Committee. He shall be elected at the regular election as provided for in Art. XIII. Section 2, and will take office at the close of the second semester, to hold same for a period of one year.

It shall be his duties, etc., etc.

Art. IV. Section 7.—An Assistant Athletic Manager for each of the different major sports shall be appointed by the Executive Committee. Requirements of candidates for these offices shall be governed the same as any other A. S. U. N. office.

The duties of each officer, in his respective sport, shall be that of Assistant to the Athletic Manager, etc., etc.

Members of the Reno high school basket ball team returned from their trip to the Coast last night. They won only one game out of three, but put Reno on the map as a school with a lot of pep and good sportsmanship, the players say.

Capt. McInnis showed wonderful form in all three games, while Lorigan and Harrison played in hard luck during the Stockton and Oakland games. Sud Harrison and Codd tried to hold down their end of the floor but could not seem to get together on the guarding.

During the game with Woodland, Lorigan found the basket and certainly opened the eyes of the Woodland guards. Hood, Duborg, Valleau and Gibbons were put in to speed things up to a finish of thirty to fifteen in Reno's favor.

The Stockton game was entirely different. The Reno team outplayed the native sons by far, but by hard luck in shooting lost the game. Stockton's star forward, Santineane, shooting with either left or right hand, completely fooled the Reno guards and left the floor with a score of forty-eight to seventeen in Stockton's favor.

In the Oakland game, Lee Harrison and McInnis starred but were unable to cover the ragged work of the guards. During the first half, the Reno team showed up fine but in the last half, they could not get the old pep up to standard. Gibbons and Valleau were put in to help out but the game was too far gone to be regained before the whistle blew for time, leaving a score of thirty-three to twenty-two in Oakland's favor.

The trip will conclude the high school basket ball season, which has been one of the most successful and extensive seasons ever conducted by the school. This honor is due to Coach Page and John McInnis, captain and manager. The team started their victorious season with Susanville and then came Fallon, Carson and Sparks with return games to Fallon and Carson, accompanied by a couple of victorious battles with the Mayrose and Northwestern Athletic Club teams. The tournament at the university was probably the most successful event for the team during the season. They won three consecutive games over Tonopah, Sparks and Elko.—Gazette.

RUM HOUNDS GET RENEWED HOPE

Three loud cheers and burst of fireworks! Extra! Extra! Wow! Le jour de glorie est arrive! The long spell of drought shows signs of breaking—personal liberty has at last triumphed over rotten politics. Come all ye thirsty and oppressed and fall in line. Join the caravan and be a Camel. The Camels have arrived, America's newest fraternal order, dedicated to the proposition that all men are born thirsty, and that prohibition is an encroachment upon personal liberty.

A local recruiting office has been opened in Reno, and there are rosy prospects of forming a local chapter on the Hill. Red Steele and his trusty gang of cork-poppers have already done their work in Lincoln Hall, and the stately, nicotine-soaked corridors of that ancient Eveless Paradise resound with the battle cry of "Beer and Light Wines." The fraternities should come in strong, for carefully hoarded house stocks are getting low in spite of the strictest economy. It is even rumored that should a woman's auxiliary be formed, the sororities would be only too glad to join and aid in the publicity work.

Long have we suffered, attempting to combat the dry evil single handed, but now with union comes strength, and the day is not far distant when our efforts shall be crowned with success. Already the local lodges of the Amalgamated Barflies' Union, No. 606 and the Society for the Relief of Aged Bartenders have joined in the movement. When the organization becomes strongly entrenched in all parts of the United States, a great drive against the W. C. T. U. is planned, and it will be only a short time until favorable legislation will be forced through Congress.

Take heart, Johnnie, Joe Layman's fountain may yet spout beer before we leave our Alma Mater.

AN' IT BAN HORSE ON TROY
(Dedicated with best wishes to our dear friend "Nels.")

Dar once ban poet faller
Who write about Siege of Troy,
It ban gude many years ago
When Hector ban a boy.

His name was Homer Homerson,
And he ban Norsk, yu say,
Vich is one dam gude reason
Vy his yingles last today.

In dis har book—the Iliad
He tal bout Greasian dame
Who gallop off with Parisian guy—
Miss Helen ban her name.

So all dese other Greasers
Put on dese iron pants
And grab a spear and drink some beer
To chase Paris back to France.

Val, dey cum to dis har city
To fight dese Trojan yaps,
And every day dey scrap lak hal
And every night shoot craps.

Dey stay har about eleven years
And never tak a trench:
Dese har Greaser guys, yu say
Ban mostly sit on bench.

Den Odiferous Laertison
Ban start to getting sore,
He vant to getting home and eat
A stack of bucks once more.

Val, he ban purty foxy guy
He build big wooden house
And put bout sax platoons inside;
The rest go way, of course.

The Trojans tak the horse in town
And den get drunk with yoy:
Den Greasers all yump out and yal,
"Val, dis ban horse on Troy."

And so the Greasers win the war—
Dey vipe Trop off the map,
And Helen going back to Grease—
The cause of whole dam scrap.
—U. of Wash. "Sun Dodger."

RENO NIGHTS IN 1930

Algernon Smith's tea dive was raided last night by the police and several pots of oolong and two rare young hyson were captured. In the back room a complete parcheesi layout, three sets of tiddle-de-winks and other gambling paraphernalia were found and are now being held at headquarters. The checkers had been rapidly secreted but the board was still in evidence showing the complete depravity of the habitues.

Smith has long been known to the police as a dangerous character and when hailed into court this morning was noticeably staggering under the influence of cubebs, his breath reeking of cough drops.—Tartan.

—U. N.

LAW TO STOP CUTTING CLASS

(Special Correspondence)

Some of the students of Elko high school were given to cutting classes so that an ordinance was passed by the Board of Supervisors to take effect at once. This ordinance makes it unlawful for any student to be absent from his or her classes without a written excuse from his class teacher. The principal or acting principal of the school is empowered to give any student a written excuse, to be absent from the campus during a designated period, providing the student shall have a just cause to be excused. The ordinance also makes it lawful for any member of the police force to arrest any student who has cut a class and who has not procured the necessary written excuse from the principal. With this law, there will be no more cutting of classes and Elko students will keep their noses to the educational grindstone henceforth and from now on.

—U. N.

CARSON WINS FROM SPARKS

(Special Correspondence.)

Carson High School wound up the basket ball season last Saturday in great style by winning two games from Sparks. The first, Carson girls won easily by a score of 34 to 17, and the last game, that of the Sparks boys and Carson was won by Carson with a 31-21 score. This game was one of the fastest games played by either team and was hotly contested and hard fought from start to finish.

Helena Shade went to Virginia City on a short visit. She returned Sunday evening.

Mrs. Badger, who has been visiting Enola for about two weeks returned to her home Saturday night.

Gladys Smith's mother came in from Fallon Sunday evening, returning Monday morning.

About twelve Manzanita girls enjoyed a hike to Moana Saturday afternoon. This was the third of a series of seven hikes for credit in the Athletic Association.

Dorothy Harrington and Enola Badger were in Fallon this week-end. They were in "A Pair of Sixes."

—U. N.

NAVAL RESERVE MEN ATTENTION

March 27, has been designated by the Navy Department as Naval Reserve Force Day in the Twelfth Naval District, and plans are under way for a monster celebration to be held in San Francisco, and similar ones at San Pedro and San Diego. On that day, Admiral Rodman will be in San Francisco with a number of dreadnaughts and other ships of the Pacific fleet, which will be open for inspection by reservists during the day. A large parade of reservists, regular navy men and marines, will be held to be climaxed by a grand ball in San Francisco.

Special rates will no doubt be given on railroad fares, so as to enable a large number of men to attend and take part in the day's festivities. There are a great many reservists in Reno and the state and it is desired to have a suitable representation present from Nevada at San Francisco.

Any persons belonging to the Naval Reserve Force, whether active, inactive, or discharged, located within the state, are asked to mail their names and addresses to Ensign A. W. Preston, care University of Nevada, Reno, Nevada, immediately so as a proper organization of reservists may be effected.

INVITATION

for
CONSTRUCTION OF A RE-INFORCED CONCRETE ARCH BRIDGE, RENO, NEV.

Sealed bids or proposals for the Construction of a Reinforced Concrete Arch Bridge across the Truckee River at the westerly end of Riverside Avenue and part of Washoe County, Nevada, will be received by the County Clerk at the office of the County Clerk, Washoe County Court House, Reno, Nevada, until the fifth day of April, 1920, at twelve o'clock Noon, at which time and place, the proposals will be publicly opened.

The work for which bids or proposals are hereby invited will consist of the removal of the existing wooden bridge, the removal of the existing stone masonry, and the construction of a new bridge of reinforced concrete.

The new bridge will be about 34 feet wide and about 170 feet long. It will consist of one arch span which will be 120 feet, and the necessary approaches.

A more complete description of the work to be done is given in Information for Contractors, Form of Contract, Bond, Contractor's Proposal, Specifications and also in the accompanying Contract Drawings, all of which are to be deemed a part of this invitation.

Copies of the foregoing may be inspected at the office of the County Clerk, the office of the City Engineer of Reno, and may be purchased at the office of the Consulting Engineer.

A deposit of twenty dollars (\$20.00) is required for a complete set of Form of Contract, Specifications, Proposal, Bond, and Contract Drawings which sum, less the cost of printing and forwarding, will be refunded upon the return of all the matter in good condition before the date of receipt of bids.

A certified check for five per cent of the amount of the bid, payable to the County Clerk of the County of Washoe, must be enclosed with each bid, same to be forfeited to the County of Washoe, in case the successful bidder refuses or neglects to enter into contract. Receipts of bids will be

RENO, NEVADA, THURSDAY, MARCH 18, 1920

THE MERCHANT'S VIEWPOINT

An incident has been brought to the attention of the student body in the last few days that is one of a general type which occurs from time to time and are deplorable to say the least. It seems that the Freshman class borrowed a truck from one of the downtown merchants last semester and used it to haul watermelons to the N. While on the way they were interrupted by the Sophomores and a battle royal ensued in which the truck was damaged to quite a little extent. Bills covering the damage were sent to the class but no response was received. The climax came within the month when a representative of that class went down and interviewed the merchant and stated that the class would under no circumstances pay the bill, offering some flimsy excuse. This story is to some extent told from the merchant's viewpoint but in such cases that is the one that counts, because it is from just such incidents that certain merchants find their cause for grievance against the entire university. This is not the first time that an occurrence like this has taken place and in all probability it will not be the last. However, before taking such a stand as the Freshman class took in this matter, the fact should be carefully considered that every organization or for that matter every person on the campus represents the entire university in the eyes of all who are not on the inside on the Hill. Up to the time of this truck incident the aforementioned merchant was an ardent supporter of the university and was in on almost every university activity which was open to the public. At the present time, however, we find things entirely reversed. Not only does this merchant refuse to contribute to university activities but he is inclined to tell the world what kind of men we have in college with his opinion based wholly upon his experience with one organization in the university. Every member of the student body should fully realize that every action of his while in the university is representative of the university and the opinions of a great number of people are formed from just such incidents as the above.

It takes several years of successful work in a university in every line to place it among the leaders but this proud reputation can be dashed to bits in the eyes of some people by the action of one lone organization such as the above. The University of Nevada is on the upgrade in every way; the merchants are just waking up to the fact that there is a university in the city of Reno. Let every member of the student body watch his step very carefully and be sure that he does nothing or says nothing that will injure the reputation of this, his university.

THE STATE PAPERS

It is with a great deal of pleasure that the students of the university note the increasing interest shown by the state newspapers in the university and university doings. These newspapers have boosted and given a great deal of publicity to all events that have taken place on the Hill since last Fall, all of which is a big help and brings to the high school students the fact that U. of N. can give them practically everything they desire in university training. The publicity given Nevada's football and basketball teams helped a great deal to make them what they were, by letting the members know that not only the university and Reno, but that the whole state was behind them and backing them to win. It means a lot to Nevada students to have the state papers behind them, and this means is taken of making known, though in a small way, their appreciation.

Don't fail to bring your friends up to the Engineer's Day celebration Saturday. The Automobile Show will have over twenty different makes represented and will have some splendid exhibits on hand. Don't miss it.

They tell me Stan Palmer got in the way of a flivver and was knocked down. Take my advice Stan, don't get near the dern things; they're dangerous.

Basket ball season is over, therefore "Wild Bill" stepeth out again.

ing cigarettes again.
Does he smoke many every day?
Oh yes, any given number.

Speaking of "snipe hunts." I'm wondering who put Verna Wise.

We have a new species of animal on the hill, aside from the pool hall fiend. Who? Why, the Cafe Lizard. Haven't you noticed the parties being put on at Kane's?

One of our celebrities of the University has been rather reckless lately with his car and has run into other cars on the streets of Reno. Yep, the guilty one is Vince. Gianella. Whenever you see his coming, beat it behind a tree for your own good.

And speaking of cars, have you noticed that since A. Jock Aikens has ascended to the presidency he has blossomed out in a big red car? Watch out girls, you know A. Jock has a reputation of being quite a heartbreaker.

Ah, hah! The Sagebrush scoop is on the job. Look what he dug up for me on a certain mystic order. They tried to keep it secret, but the truth will out, and I'm for the truth every time.

Next time I'll get the names, but here it is:

ADD SOCIETY

Three of the active members of the T. R. U., the most exclusive mystic society of the University, held an informal banquet at the "Mineral" last Friday evening in honor of their newest pledge.

The following views of Generals Belford and Egan were snapped by ye scoop during inspection of their respective armies Wednesday. Behold them looking their grimmest.

"General Belford."

"Lieut. Six-O'clock Egan."

RALPH LATIN HERE WITH BIG SMILE

Ralph Latin, ex. '21, former basketball player and well known university man was on the campus this week wearing a happy smile and passing out the cigars to all his friends. Investigation showed the reason for his out-
uioq loq lqeq punod usq v—lof pæm Monday morning. The mother, formerly Miss Illene Greenough, is well known to all students, having attended college here for two years, and being a prominent member of the Delta Delta Delta Sorority.

Every student in Wabash College will be compelled to take at least two hours of physical training under the direction of college authorities according to a recent ruling. Physical unfitness will be the only excuse. Mass athletics will probably be adopted at the college and a system of keeping a record of each man's activities is being worked out by the athletic department.

At a recent student body meeting the students of Oregon Agricultural College voted to do away with formality, including dress suits, at social affairs. O. A. C. aims to stand for democracy in its largest sense, and has decided that formality tends to divide college society.

In addition to the official Sagebrush All-Coast Team, let me add my little official pick by the Office Dog of positions indispensable to an All-Coast team and ones not mentioned by the Sagebrush dopester.

- All-Coast Timer—Nels Carlsen, Nevada.
- All-Coast Scorer—Cahlan, Nevada.
- All-Coast Score Marker — Aikens, Nevada.
- All Coast Reporter—Ray Law, Nevada.
- All-Coast Rooters—Gianella, Bryan, Harrison, Nevada.
- All-Coast Mascots — Pat Malone, Rex Turner, Nevada.
- All-Coast Crab — Johnson, St. Ignatz.

You see, Nevada holds without question nine of the ten positions.

Good pick? I'll say so.

I hear Coach Corky has gotten a supply of long white panties for his budding track artists. Don't mistake them on their gambols on Mackay field for a P. J. parade.

Now that the "Pair of Sixes" practicing in the room next door is over I had planned on having a nice quiet chance to pick over the office waste basket in search of my gleanings, but — I hear that the Senior Play practice is to start, and that the S. B. business manager has a part in it, so I suppose his raucous and blatant bray will disturb my musings until the end of the semester.

"13,997 bottles of Beer Are Poured Into Gutter" reads headlines.

Who was it said "Poor Little Gutter Pup?"

"Pep, snap, ginger, in this new love story," says the Chicago Trib. Sort of a ginger snap, you might say.

Now that the war is over; now that all the returned heroes have returned; now that we have resumed the good old college life; now that all is peace once more, now that (Chorus of excited voices: "Yes, yes go on!"—well, where will we find the old-fashioned five-cent sandwich?"

S. (preparing to jump small brook) —"If I sprained my ankle how would you feel about it?"
H—"Oh, you go on, now."

"OLD CROW."

Of the 5000 Princeton men who served in the war 3000 became officers, 4 of whom were brigadier generals, 230 were decorated for bravery, and 137 were killed.

A movement is on foot among Tacoma business men to secure the staging of the Washington-Dartmouth football classic, scheduled for Seattle on next November 27, in Tacoma's mammoth stadium, provided that the Washington stadium is not completed in time for the contest. The stadium in that city is the only present existing field in the Northwest capable of handling the crowd that will turn out to see the eastern and western teams battle, if the Washington gridiron is not completed.

Bum (at back door): "Lady, have you any food for a man just here from the front?"
Lady: "Oh, poor dear. Have you been wounded?"
Bum: "No, lady. I mean I just came around from your front door."

The name of "Brick" Mitchell, assistant grid coach at Stanford University last fall, is being mentioned on the "Farm" as a possible successor of Coach Bob Evans, who severs his connection with the Palo Alto institution August 1. A man is wanted who is familiar with the football situation on the Pacific Coast, and who understands the type of football played in the west. Mitchell is a man of experience, having assisted Evans in rounding out his team last year after having worked with Macomber in coaching the Olympic Club. Mitchell played on the University of Oregon varsity in 1914-15-16 and on the Marine team of 1918. He was selected for a place on the All-Pacific Coast team as end in 1915 and 1916 and on the All-Service team of 1918—Californian.

TABLE GIVES DOPE ON LEAGUE SEASON

The resume of the Varsity basketball schedule in the Nevada-California league is as follows:

	Games	P. F.	T. F.	F. T.	F. M.	O. G.	F. G.	T. P.
Waite	6	6	7	90	43	2	25	93
Williams	5	3	1	8	13	26
Buckman	5	7	4	*	11	22
Bradshaw	5	9	4	13	10	20
Martin	6	6	1	14	0	0
Egan	3	2	4
Fairchild	2	1	2
Reed	3	2	3	1	2	18
Ninnis	2	2	4
Foster	2	1	1	2
Heward	2	1
Hobbs	1	1	1
Middleton	1

In the above, P. F. indicates personal fouls; T. F. technical fouls; F. T. free throws tried; F. M. free throws made; O. G. goals made by opponent; F. G. field goals; T. P. total points. *Buckman is not charged with his opponents' goals as he played under the basket and was not supposed to get a man.

The above table is compiled from Nevada's league schedule and shows several interesting facts. Nevada's total points scored in the league make 191 to her opponents 117. Of these Waite was alone responsible for 93 or five less than half of the Silver and Blue's points scored in league games. Waite also leads in field goals by a wide margin, having a total of 25 to his credit. His average on free throws is 43 out of 90 or two less than half. Bradshaw leads in the fouls committed having thirteen penalties charged to him. Waite and Bill Martin are the only ones of the seven letter men who had the honor of playing in every one of Nevada's league games or as far as that goes both were in the lineup at the start of every game on the Varsity schedule.

If the remaining games (i. e. Mayrose, Olympic Club and Los Angeles Blues), are considered we find Nevada with a total of 291 points to her opponents 199. The fouls shot in these games raise Waite's total to 64 out of 123 or a trifle better than half. It also gives Waite a total of 34 field baskets, Williams 27, Buckman 23 and Bradshaw 14. Counting the entire

schedule the percentage of Nevada's points scored by each letter man follows: Waite 45 per cent; Williams, 19 per cent; Buckman, 14.5 per cent; Bradshaw, 9.6 per cent; Reed, 6.2 per cent; Egan, 2 per cent.

These figures merely give the points made by each man and may be taken for what they are worth. They do not by any means represent the value of each man to the team as is easily seen when the fact that Capt. Bill never scored a basket is considered. Bill was without a doubt the mainstay of the team on the defense and never went up into a scoring position. The number of points made merely represent the comparative offensive value of each man.

"SMOKEY" WILLIAMS AGAIN ON HILL

The smiling face of "Smoky" Williams, one of Nevada's star forwards is again to be seen on the campus. "Smoky" was prevented from playing in the final game with St. Ignatius by an attack of the flu. He has since recovered and is one more attending classes.

FRESHMAN CLASS PAINTS BIG "N"

On Saturday, March 13th, the men of the Freshmen class were officially excused from all school activities for the purpose of white washing the "N". By good organization and hard work the job was finished at 11 a. m. and the remainder of the day was spent in the enjoyment of out-door and in-door sports. The little Freshmen ladies, chaperoned by perfectly proper and dignified members of the Upperclassmen joined in the festivities and were present to add the spice of life to a delightfully informal luncheon of coffee and sandwiches. Following this, the party broke up into a variety of social circles who gathered around for an afternoon of keen enjoyment at penny ante and black jack.

The committee on arrangements wishes to take this opportunity of thanking Miss Mack and Professor Turner for the assistance and kindness which they rendered the class.

U. N.

GIRLS CAN'T POWDER NOSES

Shiny noses are to be the rule rather than the exception at the University of Denver. The dean of women has ruled that girls shall not use powder puffs in public. First, because standing in front of the mirror wears out the rugs, and second, because it is not dignified for the girls to be seen by the men powdering their noses.

U. N.

DISCOVERY OF PITCHBLENDE

A discovery of pitchblende has been reported in Butte township in the Nipissing district. It was found by William Elliott, a prospector who had taken up a claim for mica, according to the Mining and Scientific Press.

"I don't know what we can make of Ethel," said the mother; "she sleeps so much."

"I know, mamma," said Tommy. "Make a chaperon of her."—Yonkers Statesman.

RIALTO OPENS WITH "YOU WIN"

Sparkling Comedy of Race Track
First of Musical Comedies to
Be Presented by McCabe

McCabe's Review will open the musical stock season at the Rialto on Sunday afternoon in a jazz comedy of the race track entitled "You Win." Under the direction of W. Robert Hughes, the McCabe company of 25 players will give the patrons of the Rialto a series of comedies with music that will satisfy both the eye and the ear.

"You Win," will introduce James Dooley and Herman Rose as a pair of Hebrew comedians worth going a long way to meet. Their adventures at the Latonia race track will afford many opportunities for laughs and the color and life of the track will provide a background for many pleasing musical interruptions in which Betty Orme, prima donna; Marie Bond, soubrette; Evelyn Hughes, ingenue; Elvira Arville, director of chorus and other feminine members of the cast will uphold the reputation of the McCabe Review for high class singing. Bob Sanburg, Frank Shaw and Ted Murray, all recognized musical comedy principals have important roles in this first show.

Baby June Hobick, the daintiest specialty performer that Reno has ever had the privilege of seeing will introduce dancing numbers.

All in all it promises to be SOME show.

PROGRAM "YOU WIN"

(Staged by W. R. Hughes)

Cast of Characters

- Bill Welch, a crooked race track manager
- Robt. Sandburg
- Mame Welch, his daughter
- Marie Bond
- Bud, a young jockey in love with Mame
- Ted Murray
- Hal Price, a disgraced trainer
- Frank Shaw
- Vera Montfort, in league with Welch
- Evelyn Hughes
- Abie, Ikey, looking for their sons
- James Dooley, Herman Rose
- Grace Honey
- Betty Orme
- Ima Piker
- Evelyn Pypa
- Waitress
- Elvira Arville

Synopsis

- Act I—Lawn at Latonia race track. Time—Present.
- Act II—Cafe at Coney Island. Time—Same evening.

Musical Interruptions

ACT I

1. Opening chorus, "The Handicap."
- Guests—Misses Fleming, Rice, Andrews, Winton, De Laskey, Lucas, Warren and Freund.
- Jockeys—Misses De Forest, Morgan, Jezzard and Burgess.
2. You'd Be Surprised—Bud and Mame.
3. The Darktown Dancing School—Ima Piker and Girls.
5. Wonderful Girls—Hal.
6. I'd Like to Spend a Rainy Afternoon With You—Vera, Bill and Co.
7. Finale—They're Off—Company.

ACT II

1. Opening Chorus.
 - (a) King of Folly—Chorus.
 - (b) Nobody Knows — Bud and Chorus.
 - (c) Just for Me and Mary—Baby June and Chorus.
 - (d) Toe Dancing Specialty—Baby June.
2. My Baby's Arms—Vera and Chorus.
3. Kisses—Abie, Ikey and Girls.
4. Venetian Moon — Grace and Chorus.
5. Dancing My Way Back to Dixie-land—Mame and Chorus.
6. Moonlight on the Swanee Shore—Ima Piker and Chorus.
7. Finale—Entire Company.

—Adv.

U. N.

SAFETY FIRST

Edith—"When it comes to love, I wouldn't give a thought to how much a man is making."

Maud—"Neither would I, dear. What would primarily interest me would be how much he has already made. There's no use taking chances."—Boston Transcript.

Leaning over in a confiding manner, the girl whispered to her friends, "Do you know, Tom was wearing my picture over his heart in France and it stopped a bullet."

"Yes," said the friend, surveying her, "I'm not at all surprised."

Baker

A number of the students in Baker University, Baldwin, Kan., members of four different fraternities and sororities, are "in bad" with the college administration as a result of a series of unchaperoned dances held in one of the fraternity houses during the Christmas holidays. As a result of the behavior of these young people and the protests of numerous residents of Baldwin, the organizations of which the offenders are members have been forced to suspend them from all house privileges and participation in fraternity affairs until the Monday following Easter.

Throop

The board of trustees of Throop College of Technology have decided in view of the increasing importance and influence of the school to change its name to the California Institute of Technology. The California Institute of Technology is one of the largest schools of its kind in the West and it is the idea of the trustees that the change of name will cause the Institute to become better known throughout the world than its present local name will permit. That the name of Throop, the founder may be perpetuated in the memory of the students, the name of Pasadena Hall has been changed to Throop Hall.

New York

The Pacific Coast schools will probably be well represented in the Poughkeepsie regatta next June, according to word received in Eastern rowing circles. The Universities of Washington and California are in favor of sending their sweep swimmers to the Eastern classic. With the new appropriation to the crew, Stanford, too, will probably enter a team. The actual decision to compete will rest largely on the outcome of the Pacific Coast regatta on the Oakland estuary, May 1st.

Montana

A new union has been formed at the University of Montana, according to the Chicago Post. The faculty, it appears, are tired of being down-trodden worms under the feet of disrespectful students and have formed a union affiliating with the American Federation of Labor. How much do you bet that students ask an injunction if the union ever calls a strike.

Iowa State

Receiving the latest dance music by wireless from Chicago has simplified the jazz problem at Iowa State University. The engineers can now give a formal dancing party to music furnished by means of an amplifier. Using a little team work, all the organizations on the campus can dance to the same music.

Columbia

Prizes and scholarships for journalism, amounting to thousands of dollars, will be awarded by Columbia university this year. Details of the plans for the awards have been announced, and the names of the nominees will be made public next month.

The judges have been chosen from the administrative board of the school of journalism and from the teaching staff of the school. A prize of \$1,000 will be given for the most suggestive paper on the future development and improvement of the school of journalism. Another prize of \$1000 will be offered for the best history of the services rendered to the public by any American newspapers during the preceding year. A prize of \$500 will be given for the best editorial article during the year. Three traveling scholarships each worth \$1500 will also be offered.

Stanford

Babylonian tablets which date about 2500 B. C., have been purchased by the Museum of Leland Stanford University. The tablets were gathered from the ancient cities of Babylonia.

Harvard

A new record in the number of candidates for the University crew was made by the 180 men who reported to Coach Haines at Newell boathouse recently. Of recent years the largest squad was that of 108 men, 1916. Since that time the number had dwindled under 100. Promise for a very successful season is given by the spirit shown by the men reporting and by the fact that all but six members of last year's university crews are eligible for a seat this year. Seven men of last year's swimming eight are also on hand.

**PRESIDENT AND MRS.
CLARK ENTERTAIN**

President and Mrs. Walter E. Clark were hosts at an informal banquet at the Riverside Lanai last Thursday, at which members of both Varsity teams were the guests of honor. The table was decorated with ferns, acacia and ferns, and a unique feature was clusters of candles placed at artistic intervals around the table. After an elaborate dinner, speeches were heard from members of the two teams, President Clark presiding as toastmaster. A general spirit of optimism prevailed during the evening, which came to a close only too soon for all present.

Present were: the Misses Catherine Somers, Helen Fuss, Hallie Organ, Erma Hoskins, Rose Harris, Adele Clinton, Rose Mitchell, Gladys Dunkle, June Harriman, Salome Riley, Jimmie Odbert; Messrs. Walter E. Clark, Charles Haseman, R. O. Courtright, George Hobbs, Tom Middleton, Tom Buckman, George Egan, Tom Grant, James Bradshaw, Ed Reed, Herb Foster, Vivian Ninnis, Bill Martin, Noble Waite, Al Cahlan, Dick Bryan, Nels Carlsen, Bob Griffith, Joe Hill, Jack Heward. Mrs. Clark, Smoky Williams and Ted Fairchild were unable to be present owing to illness.

I. O. A. O.

Last Friday evening at the home of Phyllis and Norma Brown, at an impressive initiation ceremony, Misses Georgia Money, Clementine Shurtleff, and Margaret Black became members of the I. O. A. O. sorority. During the ceremony, each pledge was presented with a corsage bouquet of red roses, the sorority flower. Afterward, a delightful social evening was spent and at a late hour, a delicious supper was served. Those present were Mesdames A. E. Turner, Lois Meacham and George Taylor, Misses Lottie Ross, Salome Riley, Lavina Shields, Phyllis Brown, Norma Brown, Mildred Griswold, Jimmie Odbert, Laura Shurtleff, Leila Sloan, Mary Browder, Lulu Hawkins, Georgiana Steiner, Bonnie Stephans, June Harriman, Emily Burke, Elvina Blevens, Georgia Money, Margaret Black and Clementine Shurtleff.

The basketball squad was entertained at Kane's last Wednesday night by C. W. Cavitt and Dr. Lewis Wright. According to the members of the team it was one grand feed, and was thoroughly enjoyed by all those who were lucky enough to be present. Besides the hosts those present were Captain Bill Martin, Noble Waite, Buckman, Bradshaw, Reed, Egan, Foster, Ninnis, Grant, Hobbs Joe Hills, Heward, Middleton and Coach Courtright.

U. N.

**DINSMORE SPEAKS
TO SCIENCE CLUB**

The Faculty Science club held its regular meeting Thursday afternoon, March 11, Professor S. C. Dinsmore, of the State Pure Food and Drug Laboratory, gave a very interesting talk of the work the Sanitary corps in the United States Army during the great World War. Prof. Dinsmore was attached to this department and described in detail his personal experiences. He brought the question of food regulation in the army home to those present and everyone there went away with a better knowledge of the enormous work involved in feeding an army. He told of the great amount of provisions that were in France at the signing of the armistice and of the wonderful work done in salvaging waste matter. A number of students attended in addition to the faculty members present.

U. N.

**CHANCES OPEN
FOR SUMMER WORK**

There will probably be several opportunities for university students this summer to get into the line of life insurance if any desire to, according to word received here from Mr. Th. von Rolf, general agent for Nevada and Arizona for the Northwestern Mutual Life Insurance Co. He states that he would be glad to get in touch with any students wishing to try out for this kind of work, which would be largely in the outlying districts of this state. His address is 115 W. Monroe street, Phoenix, Ariz.

COMMUNICATED

The Sagebrush will publish communications on subjects of general interest when signed by the author, but does not necessarily foster any ideas expressed therein, and will not stand responsible for such ideas.

Editor U. of N. Sagebrush.

I have noticed in several of the state papers of late that there are several wireless outfits being installed in the state. One of these outfits is capable of sending messages a distance of 500 miles and of receiving messages for over 2500 miles, and is being installed by the students of the High School at Winnemucca. Another outfit has been installed by a Mr. C. B. Newcombe, at Yerington, and is a much larger set and capable of sending messages 1000 miles. Some few years ago we had a wireless outfit at this school that used to "listen in" to the wireless messages on the coast, and in fact some messages were caught from off the coast of Lower California. No one seems to know whether we still have this outfit or not. If we have, can we not hear something about it? Wireless has played, and will play a very large part in the world's communication, and a good outfit at the university would mean a great deal to Nevada in general.

COLLEGES EFFECT EXCHANGE OF MEN

Much interest has been shown in the exchange of students between European countries and America. Although the movement has not as yet progressed to any great extent it is felt that with the war ended the plan will receive new impetus and a number of students will take advantage of the offer.

Last November seven men and one woman sailed for France to study in universities there. Each had been granted a fellowship by the "Society of American Fellowships in French Universities," which are worth \$1000 each and are renewable for the second year. To obtain such a fellowship a person must be 20 years of age and a graduate of a four-year college course or a three-year professional school; or be 24 years of age and have spent five years in an industrial establishment. These awards are made in history, education, mathematics, medicine, archeology, philosophy, geology, chemistry, psychology and sociology.

This society was founded three years ago to give the graduates of American universities the advantages in France that the Rhodes scholarship give in England, and will tend to give the countries a closer and more sympathetic understanding between them.

In England it is suggested that a committee be appointed by the universities to represent them, and co-operate with the American organizations of this nature. This committee would print a journal or year book, it was suggested, containing information on the different schools and on the exchange of students between them. Giving the students of different countries a chance to be educated in other than their own country will tend to promote a mutual understanding, and lead to permanent peace, is the opinion of the British. They also want it possible for the women to have the same chance for these scholarships and in the universities as the men. At present this is not so in England.

"DEVIL DOG" VISITS HILL

Andy Harden, former member of the class of '18 was on the Hill several days this week, on his way back to his home in Alameda, Calif. Hardin enlisted in April, 1917 and has been in the Marines ever since, seeing a total of 34 months service. His regiment, the 7th U. S. Marines, of which he is first lieutenant, saw a year's service in France and 9 months' service in Cuba. Andy Harden is a former football and track star and got his letter two years in football and one year in track. While he was in the service, Harden played left half on the "Devil Dog" team which contained seven All American players and has been keeping in football trim and should make some of our men work to keep their berths on the Varsity this fall. Harden is now out of the service, and after a summer's visit with his folks in Alameda, expects to continue his course of "Mines" at U. of N.

FINAL STANDING NEV.-CAL. LEAGUE

	W.	L.	Pct.
Nevada	6	0	1.000
California	3	0	1.000
Stanford	2	1	.667
St. Ignatius	4	2	.667
Davis Farm	2	4	.333
College of Pacific	1	5	.167
St. Mary's	0	6	.000

St. Mary's played only two league games this year, losing both; one to Nevada and the other to California. The other four were forfeited due to the enforced discontinuance of their schedule due to the flu.

U. N.

SENIOR ENGINEERS RUN BOILER TEST

The Senior members of the College of Mechanical and Electrical Engineering took advantage of an exceptional opportunity, to conduct a boiler test at Sparks for the Southern Pacific Company at Sparks last week. Under the supervision of three engineers from the Southern Pacific Company, the students conducted the test, taking all readings and necessary data for the 24 hour run.

This test was conducted for the purpose of determining the increase of efficiency of two boilers that had been refitted with a new system of firing over the efficiency of four boilers that are fitted with an old system of firing. If a sufficient increase is obtained in the efficiency, the other four boilers will be rebuilt and the new system of firing installed.

This was a practical test and served as good practice for the men who are about to graduate, and who will in the future be doing this kind of work for a living.

LLOYD ROOT MINE SUPER.

At the annual meeting of the stockholders of the Alcalde Gold Mines Company of Grass Valley lately, Lloyd Root, graduate of the Mackay School of Mines with the class of '15 was made a director in recognition of his good work in finding pay ore according to the Reno Gazette. Lloyd Root was one of Nevada's famous football stars while in the university, and shortly after his graduation left for Mexico where he spent many months running a mine and left only when the Mexicans became so troublesome as to close down the mine. Root then returned to the states and was made superintendent of the Alcalde mines, which position he still holds.

U. N.

JOE GUEVARA IN MANILA

Word has been received that Jose Guevara, '17, is now with the Bureau of Agriculture, and stationed at Manila, P. I. Guevara graduated from the College of Agriculture in 1917, and after taking a year's post graduate work in an eastern university entered the U. S. Geological Survey as Junior Land Classifier. In this position his work consisted in determining such lands which came under the Homestead act, as were fit for livestock raising and forage crop growing and covered the field of Colorado, New Mexico and Arizona. After a time in the central office in Washington, D. C. Jose applied for a position in the Philippines and was given the position which he now holds.

U. N.

HOLCOMB IN CARSON

Billy Holcomb, '18, has returned to Nevada, according to a letter received here and is now with the State Highway Commission at Carson City. Before leaving for California to take charge of his father's ranch some months ago, he was with the firm of King & Malone, engineers, and later with the Highway Department.

CAST SELECTED FOR '20 PLAY

Tryouts for the senior play have been completed under the careful eye of Prof. Turner and the cast picked for the staging of "Officer 666". There was a wealth of material on hand for the tryouts and an exceptionally strong cast has been chosen. The class of '20 expects to put on this play in a manner that will add a lot to the university's fast growing reputation for putting on first class amateur plays. The cast as chosen is as follows:

- Travers Gladwin.....Albert Cahlan
- Alfred Wilson.....A. J. Aikens
- Whitney Barnes.....John Belford
- Michael Phelan (Officer 666).....
-Kenyon Olmsted
- Police Captain Stone.....Nels Carlsen
- Kearney.....Oliver Layman
- Watkins.....Paul Hornaday
- Bataeto.....Morris Badt
- Helen Burton.....Phyllis Brown
- Sadie Small.....Dorothy Churchill
- Mrs. Burton.....Avis Lothrop

Practice will start in earnest on Friday afternoon at 4:30 and all members of the cast are requested to show up at that time.

U. N.

AUTOMOBILE SHOW IS MAIN FEATURE

(Continued from Page 1)

man will have one put, and the best average of all puts will be proclaimed the winner.

In the running high jump tryouts, all who make three feet ten inches will qualify for the main event.

The contestants in the standing broad jump will have three trials in succession, the best average of all winning.

In the javelin throw, each man will have one throw, and that man who makes the best average distance will win.

The two-mile relay will have sixteen men who will each run 220 yards.

All judges and timers will be chosen from the faculty, and while no cups are to be given, the winning team will be given honorable mention in the Sagebrush.

Many other events will be staged besides those mentioned, and the meet will probably take up the greater part of the afternoon and a large time is promised to all who come.

U. N.

BLOCK "N" SOCIETY HOLDS MEETING

At a meeting of the Block "N" society last night, at which a very few only were present, it was decided that the picture of this year's Varsity squad should be enlarged and framed so that it can be hung in the Training Quarters.

It was announced also that the date of the Interscholastic track meet would be the 7th and 8th of May. Details of the meet will be published later in the Sagebrush.

This year's letter men in basketball were passed by the Executive Board on the recommendation of the captain. Only one new man was awarded the privilege of wearing the Block "N" on account of basket ball, "Smokey" Williams.

U. N.

MALONE TRAINING FOR P. A. A. FIGHT

"Molly" Malone, Varsity pugilist, is hard at work training for the coming tournament to be held at San Francisco, April 7 and 8, when representatives of practically all the Coast colleges and athletic clubs will gather for the annual Pacific Coast Amateur Athletic Union sport contests. At this tournament championships are decided in boxing, wrestling and other sports for the Pacific Coast. Nevada has not been represented at these gatherings for several years, the last time being in 1916 when Howard Browne, '18 won the 115 lb. wrestling championship. With Malone rapidly rounding into his fighting form, little worry need be felt as to the chances Nevada has for bringing home the belt in the middleweight boxing class.

U. N.

VISITS UNIVERSITY

Mr. James A. Farrell, national representative of the Phi Gamma Delta fraternity, was a visitor on the campus yesterday, on his way to the coast, where he is going on business connected with the fraternity. His home is in New York.

TRACK SEASON LOOKS BRIGHT

(Continued from Page 1)

It is an assured fact that the five cornered meet between Nevada, California and Stanford Frosh, Santa Clara and Davis, will be held in Berkeley this spring. All that remains is to arrange the date and this matter will in all probability be settled within the coming week. A meet has also been arranged with Davis and the date of this will be determined when that of the five cornered is finally settled. In addition to those those men who show evidences of being able to compete in faster company will be sent to the P. A. A. meet which is also to be held at Berkeley early in May.

Coach Courtright has a supply of full length tights on hand and there is no reason why any man should stay away due to present weather conditions, as these fully protect their nether limbs from the wintry blasts of King Boreas. Everybody out and let's make the track season as big a success as our two previous branches of athletics. The coast expects another record breaking team; let's not disappoint them; let's show them Nevada is back on the athletic may TO STAY.

U. N.

THREE '18 MEN VISIT CAMPUS

Three former men of the class of 1918 were in Reno during the week. Larry Sullivan who is assistant to a prominent dentist of Ely visited old friends of the Hill and announced that this fall he expects to enter the Affiliated Colleges in Frisco and take up the study of dentistry. He will be in Reno until the end of the week, when he will return to Ely.

Ed Caffrey, who has been connected with the Union Land and Cattle Company, at Ione, Calif., has severed his connection with that company, and as his plans for the future are still undetermined he will remain in Reno for several days.

"Tex" Stever, known by the Old Guard as "Tex" stopped off at Reno for a very short time last night. "Whither he came, and whither he goes" was not stated but the fact remains, "Tex" was here.

U. N.

U. C. TO INCREASE TUITION REPORT

BERKELEY—Forced by the high cost of living to raise its fees in keeping with other commodities, a month's notice of a dollar increase for University of California extension division courses has been given. Beginning April 1 the cost of taking a college correspondence course will be \$6 instead of \$5.

The \$5 fee charged for any of the 150 courses of the division has been traditional at the university since 1912 to the 13,183 students then taking the correspondence work, as compared to 25,697 at present enrolled. Lecture costs will also be raised, states Director Leon J. Richardson, from \$25 to \$35.

In making the announcement in regard to the change, Director Richardson said:

"The fee of \$5 for class and correspondence instruction was established in 1912. There is no need to call to the attention of the public the difference in cost of every service and of all materials between that time and this. The extension division has been forced by the increase of its cost in printing, clerical work, supplies and rental expenses to raise the fee to \$6."

U. N.

U. C. FRESHMAN BAN ON FLOWERS AND TAXIS

Official ban was yesterday placed on corsage bouquets and taxi cabs by the committee in charge of the annual Freshie Glee Club dance and entertainment of the University of California to be held next Friday evening in Harmon Gymnasium.

In issuing the decree, the committee states the flowers and taxicabs are non-essentials at a formal affair in that they are out of place in college circles and needlessly expensive.

The action of the Freshman class follows a request of President David P. Barrows made in his opening address of the semester in which he urged campus functions to be placed on a more economical basis.

To further curtail expenses attending the dance, the committee has arranged with the French Club for the joint use of the decorations for the Freshie Glee and French Charity ball to be given a few evenings later.—Bulletin.

"ALL NEVADA-CAL." TEAM IS CHOSEN

(Continued from Page 1)

their teams. For the forward positions we have three men consisting of Righter and Pelouze of the Stanford Conference champs and Noble Waite of Nevada. Of these Waite is undoubtedly the peer of anything on the coast and any all star team would not be complete without the speedy Noble. Righter is without a doubt one of the most finished players seen in action this year and should add a lot to the strength of the all star aggregation. Although Pelouze was found in the position of guard against the Varsity when they played the Cardinal team, he was afterwards shifted to forward and turned out to be a star of the first magnitude in that position. At center Long Tom Buckman stands out as the only candidate for the position. He was in five of Nevada's six league games and not one of his opponents could come anywhere near holding him down, much less outshine Nevada's big center. In the guard positions we find three men standing out above the rest. They are Eggleston, California; Martin and Bradshaw, Nevada. Eggleston started the season at guard for the Bears and was transferred to forward later in the year. He was an extremely valuable man in both positions to the Blue and Gold Variety and stood out far above the other members of the team. His ability to shoot baskets with deadly accuracy and his speed on the floor won for him the position of running guard. Captain Martin, Nevada's mainstay on the defense, stands alone for his position of back guard. He is entirely out the of the class of any of the rest of the standing guards in the league and is the logical man for all league honors. It is impossible to pick an all star team without giving serious consideration to the claims of Jimmy Bradshaw for the position of running guard. Although the playing of Nevada's speed burner was a trifle off color in one or two games on the home court this can be almost entirely overlooked when the fact is considered that he was not in first class condition for any of the home games until at the very close of the season when he exhibited some real basketball against

St. Ignatius. His playing on the coast trip however was of such a sensational variety that he was hailed by sport dopsters around the bay as the speediest guard in those parts and is certainly entitled to all league honors.

In looking over the above it will be seen that Nevada has placed four out of seven of the men picked. This may seem to be the ravings of a rabid Nevada supporter, but careful consideration has been given by the writer to every position and everyone of Nevada's four men aforementioned could not have been kept off any of the teams in the league had they been attending school there. When the fact

is recalled that Stanford won the Pacific Coast Conference title the reason they are entitled to two men becomes at once apparent. Righter and Pelouze were the big guns in winning this title for the Cardinals and without a doubt second only to Noble Waite in being the best in the Nevada California league.
