No. 28

DEBATE TEAM HARD AT WORK

BELFORD AND MILLER, VARSITY TALKERS, PREPARING FOR COMING BATTLE WITH COLLEGE OF PACIFIC

of the big events of the big week ending April 17th will be the debate with the College of the Pacific. On Thursday night, April 15th, the debating team, in the person of John Belford and Charley Miller, will meet the trained talkers from San Francisco to give the local people their first hearing to hear them this season. Much has centered around debating in the past year in every department. Our record year in every department has spurred the supporters to do great things in order to maintain Nevada's enviable reputation as a debating center. The first debate this season was at Brigham Young University, Provo, Utah, where Belford and Miller accepted a defeat from the hands of the Mormon talkers after the closest contest ever witnessed. It was no disgrace to be beaten by men who displayed such a thorough training and knowledge of their subject, but it is not the intention of the team to lose again, and to this end they have prepared to meet the representatives from the College of the Pacific. John Belford needs no introduction to the people of the University of Reno. He is an experienced debater, a ready talker, and a thinker. We take off our hats to anybody who can down Johnny in debate. Charley Miller is almost as well known, and is the hero of many a heated argument himself. They are trained and coached for the battle. Professor A. E. Turner, head of the department of Oral English, and a known dramatic director of University plays. Prof. is a veteran debater himself, and when our talkers take the floor they will have his experience and enthusiasm back of them.

The question for the debate is: Should the United States should establish a protectorate over Mexico. Nevada is taking the affirmative side of the question, which is a vital one in the affairs of the country today. It has been debated at several colleges and universities in the east and middle west, and has always brought out plentiful evidence on both sides, so that no one team can have much advantage at the start.

Nevada's great advance in debating, as well as dramatics this year has been due to the able and efficient management which Clonias Society has provided these arts. A yearly meeting at Brigham Young University has been arranged, to be held here next year, and a return debate will also be held with Pacific next year, at San Francisco. Negotiations have also been arranged.

A. A. E. TO SHOW MINES FILMS

"CONSTRUCTION OF MACHINERY" IN LARGE FACTORY AND "THE STORY OF COAL" ARE PICTURE SUBJECTS.

At the next meeting of the A. A. E. on April 6 it is hoped two motion pictures will be shown. Both pictures are released through the Sullivan Machinery Company and are reported to be very good. One of them shows the stages in construction of mining machinery by the Sullivan Company, from their foundry floor, through their various departments to the actual operation of the machinery in the mines and mills of the country. The second picture is entitled "The Story of Coal" and is released through the U. S. Bureau of Mines. In this reel, Diamond Core Drilling, Coal Undermining machinery, loading, hoisting and preparing and shipping coal are shown in great detail. It is hoped that all interested men will take advantage of the chance to see these pictures, for short of visiting the Sullivan shops and the mines themselves, a student can secure in no better way a clear cut idea of the manufacturing processes and of the field use of the various mining machines. It is hoped that these films will arrive by April 6th, but if they are delayed they will be given the following week, April 13.

U. N.

Y. M. C. A. TO AID EX-SERVICE MEN

The National War Work Council of the Y. M. C. A. has set aside a fund to assist men with honorable discharges to make readjustments and to help them in their preparation for their life work.

As a part of this educational service for demobilized soldiers, \$200 has been allotted to the State of Nevada for collegiate scholarships. This amount is to be distributed through a local committee of the Reno Y. M. C. A.

This Committee of the Reno Y. M. C. A. has decided to offer this \$200 in the form of four \$50 scholarships for the coming university year 1920-21 in the University of Nevada. Each scholarship of \$50 is to be granted to a soldier, sailor or marine who is a resident of Nevada and who has received honorable discharge from the army or navy.

Applicants may secure blanks for formal application by writing to Secretary R. E. Wilson, Y. M. C. A. Reno, Nevada. All applications for these scholarships must be on file with Secretary Wilson not later than June 15, 1920. The committee of the Y. M. C. A. in charge will make the award to the four men among the applicants who, in the judgment of the committee, are most worthy. The amount of the scholarship, fifty dollars, will be paid to each winner, through the University of Nevada, after the winner has registered for a year's work in the University next September.

Each applicant must be eligible for entrance to the University of Nevada. To be so eligible he must apply either:

1. To be enrolled as a regular student, in which case he must present at least 13 or more acceptable units of high school work for entrance, or
2. To be enrolled as a "Special Student," in which case he must be above eighteen years of age at the time of enrollment and must be able to show the professors in charge of the special courses he desires to take that he is properly prepared to enter these courses.

Catalogues of the University will be sent to anyone who is considering an application and who desires to learn about the University opportunity. Applications for catalogue should be made to Secretary of the President, University of Nevada, Reno, Nevada.

WALTER E. CLARK,
President.

U. N.

Have you made your "date" for Sunday afternoon, April 11? Ask her now. Details later.

TUESDAY IS BASEBALL DAY

GOVERNOR PROCLAIMS HALF HOLIDAY FOR ANNIVERSARY OF UNITED STATES' ENTRY INTO WORLD WAR

Next Tuesday is baseball day for Nevada. Governor Boyle has proclaimed a half holiday on that date which is the anniversary of the entry of the United States into the great war. On Tuesday afternoon the Reno aggregation of ball tossers will meet the Chicago Cubs in a battle which promises to be entertaining if not one of those air-tight affairs. The National leaguers are working their way back to Chicago and will probably reach there just about in time for the opening of the big league season.

It is expected that the university will be allowed a half holiday in order that they might be able to see the big time circuit boys in action. Several university men, past and present, are among those who will compose Reno's lineup on next Tuesday. Jack Heward will probably be found behind the bat; Eddie Reed is holding down the second base job for the local team; Becky Mackenzie, old 411 himself, is back on the job at short stop, and Harlan Heward, Hobbs, Grant and Middleton are trying out for the outfield position. According to Mackenzie, the Cubs have been saving the great Alexander for the battle with the local team and the same authority insists that by the time the game is over he will be well started on the way toward a batting average of close to .750 which he has set as his ultimate mark at the end of the present season.

Be that as it may though, the local fans will have the opportunity to witness some of the best ball players in the country in action and a large crowd is expected to be on hand when the umpire shouts "Play Ball." On Sunday afternoon of this week the local club will have its first real test of the season when they meet Hart's Hustlers, a fast semi-pro organization from Sacramento.

U. N.

MRS. E. E. WARDIN HEADS LOAN FUND

Mrs. E. E. Wardin has been appointed chairman of the student loan fund of the federated clubs of Nevada by Mrs. J. E. Church president, to fill the vacancy left by the death of Mrs. Emma Vanderleith, who was the founder of the fund in 1912. Fifty students attending the University of Nevada have received financial aid from this fund, which now amounts to \$7,000, \$4,000 being given by the state while the remainder was raised by women's clubs in Nevada. The last club to make a donation was the Churchill County club, which gave \$500 this year. An individual contribution of \$125 was also received recently.

It was Miss Vanderleith's wish that the fund have \$10,000 at hand for the use of Nevada students. Between \$3,000 and \$4,000 is now outstanding in loans to students who are now attending or have attended the University of Nevada. Six thousand dollars has been loaned since the origin of the fund.

Mrs. Wardin is a graduate of the University of Nevada and at one time served as vice-president of the Alumni Association.—Gazette.

U. N.

VIRGINIA-DAYTON TO PLAY N. A. C. TEAM

The Virginia-Dayton high school combination basketball team will play a return game with the Northwestern Athletic Club team Saturday night. The Virginia-Dayton combination defeated the N. A. C. team two weeks ago in a clean fast game, and this return game is expected to be one of the best played on the N. A. C. court. This game will end the basket season for the Virginia-Dayton combination, and a combination track team will be put in shape for entrance in the state track meet in Reno the early part of May.

VARSITY TRACK SQUAD SHOWING GOOD FORM

MATERIAL AT HAND IS EXCELLENT AND GOOD SHOWING IS EXPECTED IN COMING MEETS WITH DAVIS AND COAST TEAMS. POSSIBILITY THAT RELAY TEAM MAY BE SENT TO DAVIS ON APRIL 24TH.

The Silver and Blue track squad is fast rounding into shape and in two more weeks should be lined up in the way it will finish the season. Coach Courtright is taking his time with the men and the first meet should find the Nevada track men in better shape than ever before in the history of that sport at this institution. It is clearly evident from the way in which Corky is training his budding track stars that he is every bit as competent a track coach as he was in football and that is saying a great deal.

For the hundred yard dash we find Bradshaw and Fred Lowrie standing out above the rest. Both men have a world of speed and before the season is over should be down close to the ten flat mark. This pair should be good for eight points for the Sagebrush squad in their meet against Davis. The same men are found in the 220 and should be good for points in that event also. In the quarter mile Skip Hammond should be the man, and if he can only hit his old form he will be good for a first in that event.

TROWEL AND SQUARE CLUB ORGANIZES

Tuesday evening saw the revival of the old Trowel and Square Club which in the days before the war was quite prominent on the Hill but which, as several other organizations, felt its pressure and as a result became dormant. Several members of the old club who are attending college now took an active part and were responsible for a reorganization taking place. About ten faculty members and a like number of students are eligible for membership. At the first meeting, an organization was perfected and plans laid for next year. Officers were elected for the balance of this semester and for next year, as follows: Dick Bryan, president; Ernest Harker, vice president; Homer Johnson, secretary-treasurer.

U. N.

REGENTS MAKE APPOINTMENTS

Two New Members Added to Faculty Staff and Two Resignations Accepted From Professors

Two resignations of members of the faculty were accepted and two additions were made to the staff at a meeting of the Board of Regents held this week. Resignations were accepted from Miss Florence A. Wilson of the Department of Home Economics to become effective July 1, and from Miles B. Kennedy, assistant commissioner and Chemist, of the Department of Foods and Drugs, his resignation to take effect April 1.

Miss Helena Shade, formerly Secretary of the University Y. W. C. A. and graduate of the University with the class of 1917 was elected to be Assistant Dean of Women, effective July 1.

Mr. Clarence H. Kent, who has been assisting in the M. E. Department was elected instructor in Mechanical and Electrical Engineering, effective July 1. Mr. Kent took his B. S. in Electrical Engineering at Purdue University in 1915, after which he was connected with the Industrial Motors Department of the Westinghouse Electric and Manufacturing Co. until 1917 when he went into the service. During the war he served as a first lieutenant of Engineers until he was mustered out last year. The past year he has been instructor in Trade Co-operation at the Reno High School.

U. N.

What about Sunday afternoon, April 11? Keep it open. Interesting plans on foot. Watch for developments.

Hobbs is running him a close second and should be figured as a contender for that place on the squad. Hobbs is also a competitor for honors in the half mile, but he will have to hustle as he has an exceptionally strong field to run against. In the mile DeWit Welty of high school fame is a very likely looking candidate and if he can make the time he did in high school he should cinch this place easily. Decker in the two mile is good for a first place any time and he has already run the race under the university record. In the hurdles we have Windy Johnson, Hancock, Al Reed and Havens. All are experienced men and should count for a good portion of the points in these events. Havens has been in the hospital with the flu for the past two weeks and may be unable to return to the track this season which is to be greatly regretted as he had an excellent prep school record behind him. In the high jump Waite Buckman and John Wall are all doing well enough to take places in that event in the coming meets, and it would not be surprising if the university record in that event went before the close of the season. The broad jumpers are Bradshaw, Hill and Waite. In this event also the men are showing good form and Nevada will be well fortified in this event. Captain Buckman and Joe Hill are the mainstays in the shot put and are getting the old lead pellet well out into the field. Heward and Buckman are men on whom Coach Corky will probably base his hopes in the hammer and the same men are found in the discus. In the javelin throw Hobbs and Heward are fast becoming adept at slinging the spear for great distances and will be hard to beat in any meet. The pole vault has always been Nevada's weak point but this year Joe Lowrie bids fair to strengthen this department greatly.

It is extremely difficult at this time to pick a possible relay team, but it will in all probability be picked from the following men: Bradshaw, Fred Lowrie, Hammond, Hobbs, Conrad and Windy Johnson. The interclass meet to be held on Mackay day should give the dope on the men, and after that time dopsters will be able to figure almost exactly as to who's who. The dates for the five cornered meet at Berkeley and that with Davis are still up in the air, although they will in all probability be settled in the near future.

DEAR DEAD ONES:

YOU KNOW this is sure

A DEAD old school this week

THE PROFS are dead and all

THE STUDES are dead and

THE GIRLS are likewise

AND PAT Malone and also

REX TURNER have hibernated

AND ONLY occasionally do

YOU HEAR anyone laugh

AND I am also dead but

I HAVE good reason

TO CROAK because you see

DOC HARTMAN got ambitious

AND SAPPED us with

TWO EXAMS in Physics and

SAID THAT while we were resting

TO WRITE up our notebooks

ON LAB experiments

AND CLASS work and it is a

TWO WEEKS job and I have

ONE HOUR to do it in

AND SO I am going to take

A CHANCE that it is an

APRIL FOOL joke of his

OUR HANDING in these notes

BUT I am afraid that I'll

GET FOOLED and then a

LITTLE EX in business law

AND ONE in that simple

LITTLE COURSE in Thermo

AND THE Senior play

AND DEBATE and a Polaris

OBSERVATION TO make at

MIDNIGHT FOR little Jeff

AND SO I am lacking

IN SLEEP and pep and snap

AND EVERYTHING and I'm afraid

OF SCHOOL and now the editor

OF THIS weekly blah wants

THREE COLUMNS of dope with

A KICK and it is impossible

BECAUSE I'm dead and until

THE CAMELS get the three

PER CENT back I guess

WE'LL ALL stay dead

AND DORMANT all except the

SIGMA NU crowd who get

THE SAP this week

YOU SEE the Hall tribe

HAVE BOUGHT a swell big

PHONOGRAPH AND it plays

AND CHEERS them up

WITH SONGS like How Dry

I AM and then the S. A. E.

BUNCH BOUGHT a Victrola

WHICH PLAYS the lively

STABLE BLUES and such like

SENTIMENTAL HYMNS of jazz

AND SO the Sigma Nu tribe

WAXED AMBITIOUS and decided

TO BUY an Edison or something

AND KEEP in the swim

BUT CASH is scare

ON ACCOUNT of Prof. Lincoln's

MONEY EQUASION and so

THEY SEARCHED for work

TO EARN the wherewithal

TO BUY this Edison and

ONE BIRD got a happy thought

AND TOOK a job for

THE BUNCH with the S. P.

AND THIS job would keep

THEM WARM and thus save coal

AT THE house because

THE WEATHER was cold

THE FACULTY will throw me out

BUT WHEN they started

TO WORK the sun came out

AND COLD winds disappeared

AND SWEAT poured down

THEIR FACES because

THEIR JOB is hard and is

JUST LIKE a chain gang job

SHOVELING GRAVEL off of a

FLAT CAR into an Irish buggy

AND ONTO the ground

AND GRAHAM is the boss

AND KABLES and Wise and

PACKARD AND Abbott and

JOHNNIE STENGER are all just

COMMON LABORERS and you

CAN ALL watch them work

EACH DAY on their car

AT THE S. P. platform

AND HEAR Boss Graham

GIVING ORDERS and I

COULD TELL you a good one on

J. CLAUDE and also one

WALT PALMER don't think

I HAVE on himself

BUT AS I said before

I'M DEAD and pepped and

TO TELL you anything with

A KICK would be too

MUCH WORK and so

GOOD NIGHT.

U. N.

THE CONSULTING ENGINEER

One day when we were walking, and

talking—she and I,

She said to me demurely, in a manner

sweetly shy—

"I've never studied Calculus in all my

years at school,

"Nor have I had occasion to use the

Sliding Rule;

"But won't you tell me truly (my

heart most slits its gear)

"Do you think that someday I could

be a Consulting Engineer?"

And as we walked I answered her in

words just meant to tease—

"In Electrical or Civil, or allied

branches of the same,

"By Mechanics, Steam or Bridges you

must climb the road to fame.

"As a Miner or a Chemist your name

the world must hear,

"Then you've cinched the right to ask

the fee of the Consulting Engineer."

U. N.

THE REPORTER

If there's hell to pay in China,

Or an earthquake in Peru,

Or an angry cook named Dinah,

Runs the family up the flue;

You may lay to it, my Bucky,

With a mind all free from care,

That a dapper chap and plucky—

A reporter—will be there.

So sing a song of suicide,

Let them steal and plunder, too;

It will all be in the paper

In the morning, if it's true.

If a lady with a pistol

Shoots her lover in the knee,

Or a merchant of old Bristol

In a tub sets out to sea;

You may bet your shekels, Buddy,

Be the weather foul or fair,

Though the way be rough and muddy,

A reporter will be there.

RENO HI NOTES

The High School baseball team is fast being whipped into shape for their games with the Indians. Although only three "R" men of last year's team are back there is any number of good prospects. Lorigan, the star of the basket ball team, seems to be the logical choice of regular pitcher. He has a word of speed and curves and his control is very good. McInnis, last year's catcher will again be seen behind the log. Kuhn is the only man out for first and if his playing is up to last year's standard first base will not be the weak spot of the team.

On second Capt. Cahlan will be seen. He played the outfield last year, so not much is known of his infield ability. On third Jim Valleau is the best out so far, but if "Spud" Harrison comes back he probably will take back his last year's position. On short "Shorty" Jones is the only man seen there this year, who can field any where near the standard. The outfield is very hard to pick. All the men are new, but are fast. In Gibbons at right, we find the long rangy type, so common to the outfield. While a trifle weak with the oak he is a sure judge of flies. Codd is another weak sticker, but will play some where in the outfield. "Toughy" Buchanan is a very good man in the outfield. While small he takes a sweet cut at the ball and is dead on long flies. Herz is another good man but will probably be used as relief pitcher. Two games have already been offered the team by the "Bucks" and probably will be played in the middle of April.

Track is not going so well at the H. S. this year, only about five men out. Crawford, Hood and Barnasone are out for the sprints and Crawford is out for the pole vault and broad jump. They are the only men out at present but the Red and Blue will probably enter their customary number in the Academic meet here in May.

U. N.

COLLEGES TO ADD POLO TO SPORTS

In addition to rowing, baseball, football, track athletics and other outdoor sports, intercollegiate rivalry soon may be extended to the polo field. Recent action at several Eastern universities indicates the adoption of polo as an intercollegiate sport. Cornell already has organized a squad and is preparing to mount it; Yale is seeking a stable of polo ponies; prospective Harvard players are taking lessons in horsemanship and Princeton is expected to join in, while at West Point the game has always been popular among the cadets.

The movement for intercollegiate polo grows out of the war department's recent endorsement of the sport. Objection to the game previously has been largely one of expense, and this is obviated by the department's offer to furnish mounts and equipment where playing fields and stable facilities are available. As Yale, Harvard, Princeton and Cornell have artillery units of the R. O. T. C., each will obtain this federal assistance.

A scarcity of polo ponies may delay development of the college teams. Yale, through L. E. Stoddard, the crack Meadowbrook player, is endeavoring to obtain in Texas a group of ponies bred for the polo field. Col. R. R. C. Goetz, commandant of the Harvard R. O. T. C. has been trying to obtain army ponies instead of draft horses for Harvard's mounts.

"When we get the ponies we will be able to begin to plan for team," said Colonel Goetz in discussing the suggestion for intercollegiate competition. He is in favor of the college polo teams forming a league.

U. N.

AND THAT'S A POINT

There's 'fine sense' and 'coarse-sense,' Each good in its way. But the man who has horse-sense Knows when to say 'neigh.'

SOCIETY

D. K. T.

On Saturday evening at the home of Mrs. Frank Humphrey Marion Muth, Anna Davis, Effie Mack and Martha Ryan were given the last degree which made them members of the D. K. T. sorority. After the impressive services the members and patronesses adjourned to Riverside Laine where a banquet awaited them. The room was prettily decorated in the sorority colors and flowers. Toasts and music added to the pleasure of the evening. Those present were Mesdames Sam Belford, Frank Humphrey, E. E. Hill, Elmer Heward; Misses Anna Davis, Louella Murray, Gladys Smith, Laura Ambler, Lois Smythe, Helen Fuss, Louise Sullivan, Martha Ryan, Avis Lothrop, Ruth Pilkington, Marion Muth, Effie Mack, Alice Kincaid, Evelyn Walker, Isabel Bertschy, Nevada Clark, Alma Boeke and Esther Crump.

MRS. DAVIS ENTERTAINS

Mrs. Vera Davis was hostess at a dinner party at her home on North Virginia street last Saturday afternoon. The rooms were prettily decorated with flowers and ferns and the setting for the affair was most attractive. Those present were: Misses Laura Ambler, Frances Jones, Avis Lothrop, Nellie McWilliams, Mary Harrington, Helen Fuss, Eleanor Turley and the hostess.

MISS POPE ENTERTAINS

Miss Pope entertained several members of her classes Saturday afternoon at her home on Elm Street. The afternoon was spent in sewing and music was also enjoyed. Later a delicious luncheon was served. Those present were: Misses Allene Wright, Mabel Riddell, Mary Sewell, Louise Cozier, Margaret Black, Mesdames M. Brown, Grey F. Borzenski.

HALL'S ENTERTAINED

Mr. and Mrs. Hall were the guests of honor at an informal tea on Monday afternoon, given by the girls in the Normal Department. The afternoon was most pleasantly spent and a program was enjoyed. Piano solos were rendered by Misses Elaine Harris and Lucile Wilson, Miss Diehm gave several piano selections and Miss Alice Johnston gave a reading.

Mr. Hall expressed himself as being favorably impressed with western life and gave a short but very interesting talk.

Invitations were extended to Misses A. L. Day, Lucile Wilson, E. C. Diehm, K. Lewers, C. Somers and Louise Sisa; Messrs. and Mesdames Walter E. Clark, Maxwell Adams, F. W. Traner, J. R. Young and Mrs. Hood.

DELTA DELTA DELTA

Last Friday evening the Delta Delta Delta sorority gave a banquet in honor of Mrs. R. Leutch who paid a visit to the University of Nevada chapter. The banquet was a beautiful affair, in the center of the table was an immense basket of a variety of flowers, the attractive effect of which was heightened by many small soft shaded lamps set at intervals around the banquet table. Those present were Mesdames R. Deutche, Amos McKinley, Reginald Meaker, Leroy Thatcher, James Scragham, Bernice James, Allen Williams, Roy Stoddard, L. L. Gilcrease; Misses Thelma Coffin, Pauline Donlin, Mary Raitt, Mildred Bray, Mila Coffin, Fern Wright, Zula Talbot, Edith Harris, Grace Harris, Claire Hofer, Doris DeHart, Thelma Braun, Edith Brown, Rose Harris, Eleanor Turley, Alethea Hillhouse, Nellie McWilliams, Arvella Coffin, Gertrude Harris, Elaine Harris, Jule Callahan, Marion Gignoux, Enola Badger, Rose Mitchell, Erma Hoskins, Adele Clinton, Catherine Somers, Jean Gifford, Dorothy Harrington and others. Later in the evening they were joined by friends in dancing among whom were Messrs. Tom Grant, Earl Woosters, Herbert Bruce, Clyde Graham, Frank Harketti, Hugo Quilico, Alfred Reed, William Melarkey, Emery Donlin, Oliver Layman, Richard Welty, Clark Simpson, Laurence Sullivan, Roy Stoddard and others.

U. N.

AND THAT'S A POINT

"She doesn't dance very gracefully," "Neither does she dance disgracefully. And that's a point, too."

A DISSERTATION

Once in the lives of all newspaper men there comes an hour such as we are in today (classing ourselves as newspaper men, of course). Then comes the crucial moment, the time when an instant's delay may mean success or failure. There must be no hesitation as to what method to follow.

The Sagebrush is, at this moment, in the throes of a great struggle. There still remain some eleven columns of space to be filled up, in one way or another. As any student knows, all the events that have happened on the Hill this week, could be put on an ordinary size postage stamp. Lack of news is the only justification for a disquisition such as this.

There are contained in the columns of the Sagebrush this issue, the following items, to-wit: 1 cartoon, five column 2 1/2 inches, 3 per cent of the total space; live news, 75 inches, 10.4 per cent of the space; advertisements, 332 inches, 45 per cent; filler and stale news (no boiler plate), 310.5 inches, 44.3 per cent; grand total, 100 per cent.

Pretty good, isn't it? Sort of a "Filler Edition" as it were. In view of the apparently incriminating circumstances, we feel that some sort of an apology is due the readers. Here's our only one, in condensed form, "April Fool."

THE HONOR SYSTEM

Many instances which occur quite frequently in the classroom bring home very forcibly the need of some system of handling students who are wont to be rather carefree in their methods of passing examinations, and "getting by." There are, luckily, but few in this class, nevertheless they crop up when least expected, and from heretofore unsuspected sources. Dishonesty is unjustifiable, be the cause what it may, and dishonesty in examinations is just as much a factor to be considered by the University and definite action taken on it, as is a case of grand larceny. No students will countenance crime when committed in their midst, yet equally as important, though often overlooked, is the act of cheating. Little as it may be practiced in the University of Nevada, it is an evil which must be met and eliminated.

There are reprinted elsewhere in this issue, several articles taken from college papers, dealing with the subject of the Honor System, and its results. There is little doubt as to the complete success of the system wherever adopted and conscientiously carried out. The Honor System is, in a way, a law, though more of a moral obligation than a social one. Few will deny the necessity of laws. They are not a reflection upon the decency, honesty, or integrity of the people for whom they are made, but are instead a means of protection. The Honor System is just as applicable to Nevada as to other institutions, where it has worked out remarkably well, in all phases of student activity. And it will meet with equal success in this university.

The subject is at least worthy of careful consideration.

"POME NUMBER."

I am in receipt of the following contrib. from B. J. in Carson City:

When you've bats in your belfry that flut,
When your "Comprenez-vous" line is cut,
When there's nobody home in the top of your dome,
Then your head's not a head, it's a nut.

BLUE JAY.

Here's to you, Blue Jay,
My old Carson friend,
Your welcome letter arrived,
My "Comprenez-vous" line
Has come to its end,
Nobody knows how I've tried.

Blue Jay, your little pome
Helps a big lot,
Your line is good, don't you know.
Come again Blue Jay, you like my tone?
First praise I've got. Thanks, Old Crow.

With the deepest feeling I dedicate
This touching little gem pinched from
an exchange to—
Listen, Sweetheart, to my plea;
Cut this highly cultured game.
All this fine gentility
Grows to be exceedingly tame,
What I want is low-brow love,
Heavy, knock-down, cave-man stuff;
I'm no cooing turtle-dove;
Treat me rough kid, treat me rough!

Can the soft and weepy sighs
Chop the meek and humble pose,
I'm no cut glass raffle prize,
I'm no fragile little rose!
Grab me with a python grip,
If I struggle, call the bluff,
Want my love? Then take the tip,
Treat me rough, kid, treat me rough.

I don't want my hand caressed
With a nice respectful peck;
Yank me wildly to your chest;
If I fight you, break my neck.
Please don't be a gentle dub,
Spilling la-dee-dah-ish guff,
Woo and win me with a club.
Treat me rough, kid, treat me rough.

I have a quiz, dear,
You have one, too.
And if I flunk, dear,
It's 'cause of you.
Now listen, sweetheart,
It's time to cram,
But when I'm with you, dear,
Grades aren't worth a — I KNO.

A Chamois Shimmie
Once a Lama and a Swami
Saw a Chamois do the shimmie;
'Twas a yama-yama Chamois,
And she shook a wicked shimmie.

"Oh, Lor, lumme!" said the Swami;
And the Lama said: "Oh, mamma!"
Then the Swami and the Lama
Shouted: "Shimmie, Chamois, shimmie!"

Soon the gray and gamy Chamois,
With her dreamy, "show-me" shimmie,
Got the Nanny of the Swami,
And he shouted, "Oh, Lor, lumme,
I'm a rummy, Lama damme,
But that Chamois, or, that Chamois;
Lor forgimme, oh, you shimmie;
Show me, Chamois; shame me, Chamois;
Shimmie, Chamois, do!!!!"

SENIORS

All those who ordered commencement invitations, owe the treasurer 12c for each invitation ordered. You are asked to remit at your earliest convenience to Veva Davis, Joe Hill or Jack Aikins.

U. N.

A kiss,
A sigh,
A last good-bye,
And then he's gone.
A glance,
And the world goes on.

LIFE'S TRAGEDIES (In One Act)

Scene: Parlor of Manzanita. Sunday evening.
J. B. and L. S. seated on lounge.
J. B. dressed in flannel shirt and cords.

ACT I.

L. S.—I don't think any one can be really good looking unless they are well dressed.
J. B.—Oh, I don't know; no one ever tried to accuse the Mack Sennett bathing girls of being homely.
(Frigid silence. Exit. Curtain.)

MY MOUTH BY ENNIGURL
Softly as the summer breezes,
Wafted gently from the south,
Come the tinnitulations
Of my automatic mouth.
How I love its giddy gurgle,
How I love its ceaseless flow,
How I love to wind my mouth up,
How I love to let it go.

—C. C. TIGER

She doesn't have
Those baby eyes
She looks quite grave
Sedate and wise;
Her face is colder;
Her hands are colder;
But, Hot Dog! she shakes a wicked
shoulder.

—Reveille

There's a Frosh at U. of C. who claims to be the champion waffle eater of the universe. He has eaten twenty-seven and a half waffles at one sitting, and also drank eleven cups of coffee, and now on account of this small feat offers to take on all comers in a waffle or hot cake eating match.

The Office Dog is willing to bet his last bone that Nevada has a waffle eater who can outeat or outdrink him. "Waffles" Mitchell of A. O. S. N. S. fame.

Prof.—"Do sit down, man. There's a limit even to respect."
P. F. (meaning Poor Frosh)—"It isn't respect sir. It's a boil."

A cabbage has got it all over the average Frosh.

Howcome?
It DOES know how to keep still.

"You're in wrong" said the Pullman porter as the man climbed out of the clothes hammock.

—U. N.

Of course you will be "stepping out" on April 11. Be sure you ask her early.

MILLS GIRLS BEAT CALIFORNIA CO-EDS

Mills College girls were victorious in all four events in the regatta held Friday afternoon on Lake Merritt. This was the annual class meet between the two schools and the Mills girls yesterday wiped out the stain upon their prowess which was placed there two years ago when the University of California girls took three of the four events.

The four races between the seniors of both schools, juniors, sophomores and freshmen. The University of California girls did not finish close in any of the four events, the Mills college girls displaying much more skill and gave indications of a longer period of training.

Both sides were supported by large groups of rooters. The relatives of the four Mills college crews were taken upon the lake in a launch and followed the course of the race.

Two pretty girls met in the street and kissed each other rapturously. Two young men watched the proceeding.
"There's another of those things," said one.
"What's that?" asked his friend.
He pointed to the scene. "Women doing men's work."

100-yard dash held by Dick Randall, '15. Time, 10 seconds.

220-yard dash held by Carl (Tex.) Stever, '18. Time, 23 seconds.

440-yard dash held by R. (Bob) Bringham, '15. Time, 51 seconds.

880-yard dash held by H. H. "Boiley" Hovey, '16. Time, 2 minutes 3 seconds.

1 mile run held by George Ogilvie, '15. Time, 4 minutes 25 seconds.

2 mile run held by I. A. (Ike) Kent, '15. Time, 10 minutes 49 seconds.

120-yard hurdles held by Chet Greenwood, '18. Time, 16 1-5 seconds.

220-yard low hurdles held by W. F. Sell, '04. Time, 26 seconds.

Half mile relay held by Randall, Mc-

Phail, Hylton and Bringham, all '15. Time, 1 minute 37 2-5 seconds.

Mile relay held by Hylton '15, Hovey '16, Powers '15, Bringham '15. Time 3 minutes 32 seconds.

Field Events

Pole vault held by J. Hart, '07. Height 11 feet 1 inch.

High jump held by Oscar Clifford '18. Height 5 feet 9 inches.

Broad jump held by Lloyd Root, '16. Distance 22 feet 3 3-4 inches.

Shot put by C. C. (Cash) Smith, '05. Distance 41 feet.

Hammer throw held by C. C. Smith, '05. Distance 144 feet 10 inches.

Discus throw held by I. Steckle, '03. Distance 126 feet.

The above records are the University of Nevada records as they stand at the present time. All of them with the exception of the low hurdles, pole vault, shot, hammer, and the discus have been made in comparatively recent years. They present an interesting study and to a certain extent give somewhat of a history of Nevada's track activities from the start. The record which has stood the longest is that of Ike Steckle in the discus throw. The reason, however, that this record has stood as long as it has is due probably to the fact that this event has not been a part of Nevada's track activities for many years. One hundred and twenty-six feet in the discus throw, while it is a comparatively good heave, is not deserving of a place among records and it would not be surprising to see this mark shattered in the near future by many fet.

The shot put and hammer throw records of Cash Smith have also withstood the acid test of time and bid fair to stand for some little time, although Buckman is coming close in the shot heaving event. The record in the hammer throw however has stood up under the attacks of such men as Ted Wolford, who came so close to breaking the Pacific Coast intercollegiate record in 1916, and bids fair to remain as a monument to Big Cash for a few years to come. The two mile mark which has stood since 1914 (officially) has been bettered by two men. George Ogilvie ran it in 10 minutes 26 2-5 seconds in the spring of 1917, breaking the present record by twenty seconds. He was closely followed by Perl Decker, who also ran the race under the record. For some reason or another these records were not allowed, probably due to the fact that the Block "N" rules state that they must be made in competition, while these were made in a practice meet only. However, Decker is back this year, and is expected to set a new mark for the distance men to shoot at before the present season is over. Another record that bids fair to become a matter of history is Clifford's mark in the high jump. Either Buckman or Waite have a good chance of beating five feet nine, and the close of track should see a new mark established.

A great deal more track history will be made around this 171 old institution before such a galaxy of track stars will grace the uniform of the Silver and Blue as did during the reign of the class of 1915. Five track records of of nine are held by members of that class, and there are seldom found a better pair of sprinters running together than Dixie Randall, record holder in the century, and Bobbie Bringham, Nevada's star in the quarter mile. When these two men were making records running around the Mackay athletic field they were feared by all of the teams on the coast and both have first places to their credit in the big P. A. A. meet on the Coast. When either of these two records are bettered, Nevada will again have

Phail, Hylton and Bringham, all '15. Time, 1 minute 37 2-5 seconds.

Mile relay held by Hylton '15, Hovey '16, Powers '15, Bringham '15. Time 3 minutes 32 seconds.

Field Events

Pole vault held by J. Hart, '07. Height 11 feet 1 inch.

High jump held by Oscar Clifford '18. Height 5 feet 9 inches.

Broad jump held by Lloyd Root, '16. Distance 22 feet 3 3-4 inches.

Shot put by C. C. (Cash) Smith, '05. Distance 41 feet.

Hammer throw held by C. C. Smith, '05. Distance 144 feet 10 inches.

Discus throw held by I. Steckle, '03. Distance 126 feet.

a sprinter who can take his place along side the best of them in the west. The mile record is another which will in all probability stand for many a year, as it is close to the Pacific Coast intercollegiate mark.

With Coach Courtright piloting the track destinies of the Silver and Blue far into the future record breaking

track teams to take their place along side those on the gridiron and the basketball court, it is certain that one by one the records of the present will be relegated to the scrap heap to be replaced by those which will take their place with the best made by any college in the country.

Mrs. Henpeck—if you marry Dick, you need never expect me to come to see you.

Daughter—Just say that into the gramophone, won't you please?

Mrs. Henpeck—What for?

Daughter—I want to give the record to Dick as a wedding present.—Tit-Bits.

Mississippi River Power Company, Keokuk, Iowa

Utilizing Nature's Power

ELECTRICAL energy generated by water power has grown to be one of our greatest natural resources—and we have only begun to reach its possibilities. It mines and refines our ores, turns the wheels of industry, drives our street cars and lights our cities and towns. The power obtained from Nature saves many million tons of coal every year.

At first the field of its utilization was limited by the distance electricity could be transported. But soon research and engineering skill pointed the way to larger and better electrical apparatus necessary for high-voltage transmission. Then ingenious devices were invented to insure protection against lightning, short-circuits, etc., which cause damage and interrupt the service. And now all over the country a network of wires begins to appear, carrying the magic power.

The General Electric Company, with its many years' experience, has played a great part in hydro-electric development. By successfully co-ordinating the inventive genius of the company and its engineering and manufacturing abilities, it has accomplished some of the greatest achievements in the production and application of electrical energy.

The old mill wheel of yesterday has gone. Today the forces of immense volumes of water are harnessed and sent miles away to supply the needs of industry and business and the comforts of the home.

CLOTHING AND Furnishings FOR COLLEGE MEN

COMMUNICATED

The Sagebrush will publish communications on subjects of general interest when signed by the author, but does not necessarily foster any ideas expressed therein, and will not stand responsible for such ideas.

To the Editor:

Friday evening last, the Women's Glee Club gave a good program of vocal music in the gymnasium. The numbers were well chosen, including Tschakowsky's "Cherubim Hymn," a "Southern Serenade" by Warner and the "Song of the Persian Captive." The manner in which more than a dozen pieces were rendered, was pleasing in the extreme, the voices being well balanced and the whole, obviously the result of careful training and spirited interpretation. It is to be regretted that the size of the audience was not in proportion with the excellence of the entertainment, but was in fact, so small, as to tend to discourage further effort in this direction. The Student Body in general, was largely conspicuous by its absence. There was an entire lack of representation of those elements which are usually loudest in asking support for their own particular activities, and there was little apparent recognition of the fact that the basic principles of college life and development are Unity and Co-operation.

Congratulations are to be extended to the members of the Glee Club and it is a pity that their fellow students cannot be thanked for the manner in which they supported them.

STUDENT.

Editor "Sagebrush":

In preparing a lecture for "Insurance" for my Econ. 2 class I had occasion to compare the cost of government life insurance with that provided by the regular companies. A man who lets his government insurance lapse now with the intention of insuring later in a regular commercial company will find that he has made a mistake that will cost him about \$100 per year for a good many years, assuming that the policy is for \$10,000, which is none too much in view of the shriveling dollar. A man who hands his bride an insurance policy along with the wedding certificate is doing only what is decent and right, and if it is a government policy he will be depended on for advice and information regarding reinstatement, or the matter can be taken up directly with the Treasury Department, Bureau of War Risk Insurance.

SIDNEY W. WILCOX,
Department of Economics and Soc.

To the Editor:

The news has trickled out that the Woman's League passed a resolution last Friday to put the ban on flowers for the Freshman Glee. Although it has always been customary to send the fair ones flowers and transport them to the scene of battle in taxis, they have taken the stand of their sister coeds at some of the coast colleges and declared hat flowers are unnecessary and superfluous. However, at Cal, it was the men who put the deal through to stop the flowers, etc., while here, although most of us are down to shoe-string finances, we are never too low or too tight to buy flowers for a formal dance. It is a blow to the heart to find out that the women have so little confidence in our resources and pawnable property as to pass such a resolution as this. It has been rumored by the knowing ones that the proposition was railroaded through by some of the members of the fair sex who seldom grace a social function, and consequently receive no flowers. They are to be sympathized with, of course, but we can't all be society buds, and they might as well give the girls who are gifted along these lines a chance. Nevada has few formal functions as it is, but when they are given they should be given right, with all the trimmings. There will be no hardships worked on any unsuspecting men in the way of over drawn bank accounts and starvation meals, in order to buy flowers for this dance, if that is what they mean when they cut out the flowers, and if a fellow thinks enough of a girl to take her to the Glee he will be tickled to death to get a chance to buy her some flowers, and a taxi ride, too.

The local florists are still stocking up with flowers for the coming Fresh Glee and unless all the men lose heart, after all, perhaps the smell of

Blanche Lothrop spent the week end with Avis, returning to Carson Sunday.

Manzanita Hall girls took an active part in the drive for the "Relief of the Children of Central Europe" Saturday.

Ann Underwood, who has been having a fine vacation at the hospital, where she went to recover from the measles, has returned.

Monday afternoon at Manzanita Hall, Miss Day's Education classes entertained at a tea for Dr. and Mrs. H. W. Hall. Students in Education courses will have a great deal of work under Dr. Hall next semester so this opportunity was taken to welcome and get acquainted with him and with Mrs. Hall. During the afternoon delightful vocal selections were rendered by Miss Lucille Wilson and Miss Elaine Harris, Miss Diehm played several instrumental selections and Miss Alice Johnson gave a splendid reading. Among those present were Dr. and Mrs. Hall, Dr. and Mrs. Young, Prof. and Mrs. Tramer, Dean and Mrs. Adams, Miss Lewers, Miss Day, Miss Wilson, Miss Diehm, Miss Somers, Miss Shade, Miss Mack and students from the Education courses.

Miss Williamson has been enjoying a visit from her brother this week. Manzanita is in the depths of politics now. The election of officers for next year is to be held Thursday evening and long and heated are the arguments that can be heard on all sides.

U. N.
Have you made your "date" for Sunday afternoon, April 11? Ask her now. Details later.

U. N.
MUSIC AND THE COLLEGE

To be alone is very sad
In this back world, and yet
'Tis better than to raise a son
Who plays a Clarinet.
—Kansas City Star.

A son who plays the clarinet
Is horrid, dears, we know,
But better far than one who wields
A shrieking piccolo.
—Daily Illinois

To play the piccolo is bad,
The clarinet is worse.
But happier they than beings who
On Jewsharps do discourse.

The clarinet, say you, the harp,
And eke the piccolo?
Are guys who use these half as bad
As saxophoners? No!
—Daily Princetonian.

All the above applications
I could endure and grin,
But my son; self-instructed,
Plays on the violin.
—McGill Daily

Sweet music these and pleasant, too,
Each truly is a hummer,
But pity me; my boy, you see,
Is a would-be jazz-band drummer.
—Queens

The mandolin, it makes a sound
Far worse than all of these;
It chirps in such an endless way,
My blood; it seems to freeze.

If music you so much desire,
Why, take a gramophone.
The amateurs all play it well,
You miss the shriek and moan.
—The Gateway

But all of these, so cursed above,
And any other things,
Are better far than my life's bane,
My boy, he simply sings.
—U. N.

What about Sunday afternoon, April 11? Keep it open. Interesting plans on foot. Watch for developments.

U. N.
She—"What the shape of a kiss?"
He—"Give me one and I'll call it square."

U. N.
Last night I held a little hand,
So dainty and so neat;
I thought my heart would surely burst,
So wildly did it beat.
No other hand into my soul
Could greater gladness bring
Than that I held last night, which was
Four aces and a king.
—Tenshun 21.

NEWS FROM OTHER COLLEGES

California

The University of California tennis team will go east this summer to meet the teams of Yale, Harvard, Pennsylvania, Dartmouth, Syracuse, Wyoming, Penn State, Cornell and Chicago. Arrangements are pending and negotiations are being made to compete with several other of the more important eastern universities during the trip. The trip will be staged before the national intercollegiate championships are played on June 28.

Syracuse

The athletic authorities at Yale and Penn State are seeking Soccer games with the Syracuse twelve for the fall season. A petition is at present being circulated at that institution for the purpose of making Soccer a minor sport.

Chicago

East may meet West for the national intercollegiate basketball championship. Tentative arrangements are being made to arrange a series between the University of Chicago, winner of the big ten conference, and the University of Pennsylvania, winner of the Atlantic coast. The first game will be played in Chicago and the second game will be played at Philadelphia four days later. Should a third game be necessary it will probably be played in New York.

Illinois
Plans for the establishment of a chair of Aeronautical Engineering at the University of Illinois has been under discussion for some time past and is at present under consideration by the faculty at that institution.

Harvard

Salaries of the teaching staff at Harvard University will be advanced from 40 to 50 per cent on September 1, 1920, as a result of the Harvard fund campaign.

Full professors will receive from a minimum of \$6000 to a maximum of \$8000 instead of from \$4000 to \$5500. Associate professors will be paid \$5,000 for five years and \$5500 thereafter as against from \$3500 to \$4000. Assistant professors who receive from \$2500 to \$3000 will now start at \$3500 and receive an annual increase of \$200 until they reach the limit of \$4500.

In the lower grades the per cent of increase will be somewhat higher. Faculty instructors hitherto paid \$1000 to \$2000 will receive from \$1600 to \$2,750.

Defiance

Defiance college, Defiance, Ohio, has added a class in journalism to its curriculum. The class will be managed with the purpose of training the students for this field of work and the college publication will be used as a laboratory sheet. They will meet once a week and will study from a good practical textbook the principles of newspaper work in organization and news writing. The members of the class will be expected to turn out assigned work in accordance with the principles of true journalism.

Missouri

The University of Missouri has the distinction of having an ex-movie star enrolled in one of the departments. Miss Josephine Healy, who was formerly with the Thomas H. Ince company is taking a course in Agriculture at the University in order to take charge of a 2000 acre ranch in Arkansas, which has been without a manager since the death of her father. Miss Healy, during her two years in the movies, starred with William S. Hart, Charles Ray, and others.

Ohio State
After signing their names to contracts to join the movies, three girls at Ohio State university learned that the supposed "agents" were college men. The men had inveigled them into signing bogus contracts.

Maine

The high cost of varsity athletics is shown by the report made by the treasurer of the Athletic Association at the University of Maine. The expenditures for the spring and fall of 1919 aggregate \$12,250. The surplus on hand is about \$113.

Brown

A straw vote taken at Brown on presidential candidates gave Hoover the majority. Following him came Wood who received more votes than all the Democratic candidates together. Seven hundred men voted, 380 for Hoover, 254 for Wood. Among the Democrats McAdoo led, but he polled only 87.

This week end both the old and new elected officers of the Y. W. C. A. and also both cabinets will meet together at a house party at the home of Helena Shade in Virginia City. The time will be spent in going over the work of the Y. W. C. A. in the past year and in planning the work for the following year. Saturday afternoon will be spent in visiting the mines and exploring other points of interest around Virginia.

Those of next year's officers to make the trip will be Lois Smythe, President; Anne Underwood, vice president; Vera Wickland, secretary; Leila Sloan, treasurer; Hallie Organ, field representative. Cabinet members, Marianne Elsie, Gladys Dunkle, Margaret Burnes, Lulu Hawkins, Virginia Higgins, Adelaide Humphrey, Alice Wall, June Harriman and Helen Fuss.

A real treat was offered to the University girls on last Wednesday when Jeanne Johnson, a vivacious little French girl, formerly of the U. S. Quartermaster's Corps in France, during the war attempted to share with them many of her experiences during the war. The establishing of Y. W. C. A.'s in France and the immense benefits and pleasures they afforded to the French girls and boys, and one of the explosions on a French ship caused by Germans were only a few of the many incidents that she entertained with. As a close to her little talk Jeanne delighted the girls with a verse of the French national hymn and a few jokes on the American boys.

All the girls sincerely wish that she will visit us again.
U. N.
Bunch your crowd. Be ready to go Sunday afternoon, April 11.

UNIVERSITY OF WASHINGTON

College of Business Administration

The College of Business Administration of the University of Washington offers a teaching fellowship in Money and Banking for the academic year 1920-1921. The stipend will be \$500 and tuition. The holder of the fellowship will be expected to devote about half his time to work as assistant.

The fellowship is open only to graduates of universities or colleges of good standing, who have a high record of scholarship. Applicants must in all cases have done a considerable amount of work in Economics or Business Administration, including at least the fundamental principles of Money and Banking.

Applications should be made no later than May 20.
For further information address: Professor Vandever Curtis, College of Business Administration, University of Washington, Seattle.

SHE IS SUSPICIOUS

"Isn't that clerk of yours an Indian?" asked the girl.
"He is," replied the druggist.
"I am reluctant about having him wait on me."
"Oh, he's not savage."
"I know. But it seems to me he wears a lurking grin when I order paint."
—Louisville Courier-Journal.

How about it? Are you all ready for the new stunt April 11?

Beloit

Beloit recently made an interesting estimate of the total mileage covered by dancers at the college dances in one year. According to these figures the average for each student is 180 miles a year and the total mileage for the college is 81,000 miles.

They figures that if one man started out to walk this combined distance he would walk three times around the earth and still be able to go to China. This is a third of the way to the moon and if the distance was made by rail the ticket would cost \$3000.

Nebraska

Such is the distaste for the traditional motor-board caps, that the Senior girls have decided to wear them only during the last two weeks, or perhaps, just on announcement day. The old custom of wearing them for Phi Beta Kappa day till the end of the term is abandoned.

HONOR IN EXAMINATIONS

The honor system is in force just as much in the weekly quiz which makes its appearance along about this time of the year as in final examinations.

U. N.

"MOLLY" FINISHES RACE IN STYLE

Cow Covers One-Hundred Miles in Five Days and Wins Fifty Dollar Purse

Finishing in true form, "Molly" the galloping Galloway, Friday won for H. Kilburn '19, the sum of \$50.

Kilburn, who is general chairman of the University Farm picnic, scheduled for April 24, and W. P. Wing '20, the guide and director on the century race, have become so elated over "Molly's" performance that they have announced that to further the spirit of competition in the new class of racing, they will place as an entrant in a two-mile marathon against any five-year-old cow of milk stock.

U. N.

"Molly's" sensational run was not completed without some detrimental results. The cow weighed-in at Davis, at the start of the race, tilted the scales at 1430 pounds.

U. N.

STUDENTS WANT TAFT AS PREXY

There is a movement on at the University of Cincinnati to secure ex-President William Howard Taft as future president of the university.

The student council at a recent meeting voted to petition the board of directors of the University to make all possible efforts to secure Taft for their president.

U. N.

Give the Sagebrush your notices and announcements.

THE HONOR SYSTEM AT U OF VIRGINIA

FRANK R. READE President Academic Class UNIVERSITY OF VIRGINIA

The Honor Committee is made up of the presidents of the five departments of the University and the vice presidents of the class in which the offense occurs.

The Honor Committee is not a vigilance committee. It has no function until a student has demanded trial, and the responsibility for keeping the Honor System lies equally on the shoulders of all.

Every man is presupposed to be a gentleman and his word is as good as his bond. The word of student and professor is taken by the other at face value always.

If any student of the University has ground to believe that crooked work is going on, in the examination room, for instance, it is duty to call the attention of some other member of the class to these suspicious actions.

And it keeps honest men from being suspected when they leave college for valid reasons.

U. N.

NO MORE FLOWERS SAY NEV. WOMEN

At a meeting of the Women's League held Friday, March 26, the invitation of the Nevada Federation of Women's Clubs was accepted and the league will be affiliated with that organization.

It was also decided to give five dollars to the Y. W. C. A. fund which is being raised for the benefit of the downtown association.

The women voted to go on record as being opposed to the wearing of corsage bouquets at the formal dances.

U. N.

TENNIS

An interclass tennis tournament for girls is to be played within the next two weeks. Each class will be allowed four players, two for the first team and two for the second team.

AMERICAN BRIDGE POSITIONS OPEN

Dean Boardman is in receipt of a letter from the Contracting Manager of the U. S. Steel Products Co., regarding openings for 1920 Civil Engineering graduates in the engineering force of the Gary plant of the American Bridge Co.

In this work there are fine opportunities for getting an all round experience in the designs and details of practically all kinds of structures such as draw spans, lift bridges, turn tables, office and mill buildings, viaducts, plate girder spans, riveted and pin connected trusses, etc.

Living expenses average about \$50 to \$51 per month, since rooms are \$3 to \$3.50 per week and board \$35 per month.

Proposed amendments to the A. S. U. N. Constitution.

1. Change Article XII, Section 4 to read: Four dollars and a half of these dues shall be expended for various college activities.

2. Change Section 3 of the same article to read: Fifty cents of the additional dollar and a half collected each semester shall be divided between the four classes in proportion to their membership.

3. Change Section 4 of this article to read: Seventy-five cents of each additional dollar and a half collected each semester shall be held in trust by the comptroller subject to the action of the business manager of the Sagebrush.

1. This seventy-five cents shall entitle, etc.

VARSITY TRACK SQUAD SHOWING GOOD FORM

(Continued from Page 1)

future. Davis farm has tendered Corry an invitation to send a relay team to compete against similar teams from the University of California, Stanford, Santa Clara and St. Mary's, in races to be held in Davis sometime this month.

U. N.

WARNING

"Queer thing about religion."

"What is it?"

"You can never tell what church a man goes to by the way he acts downtown on weeks days."

track, baseball, tennis, golf, shooting, bowling, etc., privileges, which give ample opportunities for pleasure and exercise.

Any and all students who are interested in this offer are urged to talk to Dean Boardman about it.

DEBATE TEAM HARD AT WORK

(Continued from Page 1)

opened with the University of Southern California to debate them next year, and several other coast schools are on the tentative list.

Realizing that while debating is not a major subject for intercollegiate contest, and not much importance usually attached to it, there is room for a whole lot more interest and enthusiasm along this line.

U. N.

Bunch your crowd. Be ready to Sunday afternoon, April 11.
