UNIVERSITY OF NEVADA—RENO NEVADA, THURSDAY, MAY 6, 1920

No. 33

HI-SCHOOL MEET THIS WEEK

INTERSCHOLASTIC TO BE BIG AFFAIR

SEVEN HIGH SCHOOLS ENTERED FOR TRACK AND FIELD EVENTS, SEVEN FOR DECLAMATION, AND SIX FOR TENNIS CONTESTS. LITTLE IS KNOWN OF STRENGTH OF CONTENDERS IN MEET

For the first time since the spring of 1916, the Nevada Academic League contests will be held at the University of Nevada. These contests were an annual event before the war and an attempt was made to revive them last year, but this met with success due to the exceptional conditions brought about by the reconstruction period immediately following the war. This year, however, the plans of the officials of the league are being carried out with success and although the list of high schools entering the tournament, is not as large as at the last meeting, what entries there are, are of the highest class and close contests are assured throughout.

The first event on the calendar is the boys' declamation contest with Reno, Carson, Elko, Tonopah and Gardnerville high schools having entries. In the girls' oratorical contest we have the schools represented with the addition of Lovelock and Bishop. In the girls' tennis tournament, Elko, Lovelock, Reno and Auburn, are represented, with Reno, Lovelock, Elko, Auburn, Dayton, and Tonopah entered in the boys' tennis meet. Nothing is known of the relative strength of any of the relative strength of any of the entries in any of the above events and thereby no prediction can be ventured as to the winners.

In the track and field meet there are only seven high schools represented while in the last meet there were in the neighborhood of fifteen schools entered. Susanville, the dark horse of so many meets in the past will not be here; Ely, the home of Peters, the great White Pine sprinter, will also be among the missing as will Elko, Winnemucca, Goldfield and Wells. It is to be greatly regretted that these schools could not see their way clear to send in a team of tracksters, but the board of control of the league is looking forward to having every high school in the state represented in the meet of next year.

The prep schools who are sending teams in this year are: Auburn, Reno, Lovelock, Dayton, Sparks, Tonopah, and Bishop. Auburn will be remembered as the school which produced "Luke" Peart of '20 fame, who was one of the main factors in capturing the

last meet from Reno when the local high school was doped to win handily. This year they are claiming a world beating team, quite in contrast to their last appearance when they sneaked in unannounced to win by fifteen points. Here's the dope as it appeared in one of the local papers:

This year it is Reno who is keeping quiet and sawing wood, and although they have been hard at work daily on Mackay Field little is known of the material at hand except that they have three exceptionally fast men in Hood, Crawford and Kuhn in the sprints; that Codd and Nash are doing well in the weights, and that they have a high jumper in Hughs who will bear watching. To date no dope is available on the other teams except that they are all coming in determined to win and a corking good meet is promised. The relay should provide the real thrill of the day when the Reno and Auburn teams clash. Reno has four men who if they are not tired out by previous events would give any prep school in the country a run for the half mile race. Auburn, as may be seen from the above article can pick four good men to enter in this event, and this race should be the best of the day.

Nevada Academic League 1920
Elko, Lovelock, Sparks, Reno, Dayton, Carson, Tonopah, Gardnerville, Bishop, Auburn.

100 yard dash: Saladana, Auburn; Crawford and Kuhn, Reno; Penque and Fawcett, Lovelock; Wilson, Ruby and Winnie, Dayton; Downey and Foote, Sparks; Hug, Tonopah.

50 yard dash: Calmerino, Auburn; Hood, Jones and Kuhn, Reno; McClen-

(Continued on Page Eight)

SENIOR PLAY TO HAVE "SOME KICK"

Tickets for Big Comedy Are Now on Sale at the Rialto Box Office

Ye Sagebrush scoop got one big kick the other day when he crawled up on the fire escape of Stewart Hall and watched the dignified Seniors go through part of "Officer 666." Say, boy, some show from start to finish, with a kick in every act. When the Class of '20 puts that play on at the Rialto I'll bet that the place is crowded to the mudguards, I mean roof. Who would imagine that Olmstead and Carlsen would make such good policemen and with the help of that sterling hero, Cahlan, in the part of Gladwin, foil the schemes of that world renown hero, Alf Wilson, Jock Aikens, in every day life. How Gladwin finally defeats the villain and also wins the heroine, that is our old friend Phyllis Brown, is exciting enough to make even the hair of the deepest dyed villain stand on end. And say, as a lover, Jawn Belford would make all the rest of the would-be queeners sit up and take notice. The poor boy was hit so hard that he would go all the way to —, but we'll let you find that out for yourself. The only thing that we want to know is how in — he can get away wit it when the other fellow holds the Coast Championship in boxing for his weight. However, they say that brains can beat brawn so it might be by this method. If you don't believe that Jawn is the winner, just see that play. The play is so rare and racy that already one of the Deans is on the warpath. Isn't that enough to recommend it?

Saturday is the day, the 8th is the date, 8:15 is the time, and the Rialto is the place.

NEVADA LOSES TO DAVIS MEN

RELAY RACE RUN IN RECORD TIME GIVES NECESSARY FIVE POINTS TO VISITING TRACK TEAM

The track team from California University Farm, otherwise known as Davis Farm, upset the dope last Saturday afternoon, and snatched a clean victory from the Silver and Blue speedsters by a score of 68-63. This is Nevada's first defeat in an intercollegiate contest since that memorable day on California field when the Blue and Gold Babes defeated our pigskin chasers in their first game of the season. As has been the case in almost every meet of note hold on the coast this year the result of the meet was left for the relay race to decide. Here Nevada was greatly weakened by the loss of Hammond and Waite, and this was Davis' pet event, consequently it goes without saying that Nevada lost this event upon which hinged the meet.

Nevada started out doped to send the farmers back to Davis with their third defeat of the year, but the Aggies started out with a rush and soon piled up a substantial lead. Nevada came up from behind and then she also stepped

(Continued on page five)

COMMENCEMENT CALENDAR 1920

Friday, May 7
6:00 p. m.—University banquet to visiting High School Principals.

7:00 p. m.—Delta Alpha Epsilon banquet.

Friday-Saturday, May 7-8
High School Declamation Contest and Track meet.

Saturday, May 8
8:15 p. m.—Senior play at the Rialto Theatre.

Sunday, May 9
10:30 a. m.—Baccalaureate sermon in the gymnasium by the Rev. Raymond C. Brooks. Pastor of the First Congregational Church of Berkeley, California.

4:30 p. m.—Y. W. C. A. Vesper services on the porch of Manzanita Hall.

Monday, May 10
10:00 a. m.—Meeting of the Honorary Board of Visitors in the President's office.

1:00 p. m.—President's luncheon to the Honorary Board of Visitors.

3:30 p. m.—Spring Festival by members of the Department of Physical Education on lawn at southwest corner of Campus.

9:00 p. m.—Commencement ball, given by the Association of University of Nevada Alumni of Reno in honor of the Seniors, in the gymnasium.

Tuesday, May 11
10:00 a. m.—Meeting of the Board of Regents in the President's office. Class Day Exercises on Campus.

1:00 p. m.—President's luncheon to Board of Regents.

4-6 p. m.—Home Economics Department at home to University members and friends.

6:30 p. m.—Phi Kappa Phi banquet in dining room of Congregational church. Rev. Samuel Unsworth will deliver the address.

Wednesday, May 12

10:30 a. m.—Commencement Exercises in the gymnasium. Honorable John L. McNab, of San Francisco, will speak on "The Drama of Reconstruction." Vice-President Lewers will deliver the Scholarship Address. Conferring of Degrees by President Clark.

From 9 a. m. to 5 p. m. May 8-12, there will be an Art Exhibit in the University Library. The Laboratories and Museums of the University will be open to the public during Commencement week.

The Academic Procession for Baccalaureate Sunday and Commencement Day will assemble at the north entrance of Morrill Hall at 10 o'clock.

COMMENCEMENT WEEK HAS FULL PROGRAM

FORTY DEGREES AND TWENTY-FOUR TEACHERS CERTIFICATES WILL BE PRESENTED BY PRESIDENT NEXT WEDNESDAY. THE HON. JOHN L. McNAB TO DELIVER COMMENCEMENT ADDRESS.

From the time of the president's banquet to the Seniors Wednesday night till graduation a week following, there is not a vacant date on the Commencement Calendar. With the High School declamation contest and track meet, the Senior Play, the Y. W. C. A. Vesper services, the Senior Ball, more banquets, the Baccalaureate sermon, and the Commencement address, there appears to be enough going on to satisfy even the seniors who are all through their class work by now. For the Baccalaureate sermon next Sunday, President Clark has secured the Rev. Raymond C. Brooks of Berkeley, Calif. On Wednesday, May 12, the Commencement address will be delivered by Hon. John L. McNab, of San Francisco on "The Drama of Reconstruction." Following this, President Clark will confer degrees on the graduates of the Class of Twenty. A larger number of young men and women will step up to the platform and receive their "sheepskin" this time than for a number of years previous. The degrees consist of one Engineer's, one Master's and thirty-eight Bachelors'. In addition, fourteen High School diplomas, three two-year teacher's diplomas and seven one-year certificates. For the first time since 1917, degrees will be granted in Mining. At the beginning of the war, practically all the students in the upperclasses of the Mackay

School of Mines enlisted in the army and were only able to graduate now by returning to college after being discharged from the service.

The degree of Engineer of Mines will be granted to Francis Dean Bradley, a graduate with the class of 1905.

Master of Science in Mines will be granted to Vincent Paul Ginella. Ginella graduated from Oregon Agricultural College in Engineering and has been taking additional work at the Mackay School of Mines.

Bachelor degrees in Mining will be granted to Morris Badt, Earl Borchert, Simon Merenbach, Louie Meyer, and Herbert Squires. All of these men are members of the Lincoln Hall Association and have taken a prominent part in student activities. Three are from Nevada while two live outside the state. Meyer is from Ukiah, Cal., but since coming here has added to Nevada's laurels as a member of the track team. Merenbach is furthest from home as he lives in Russia. Badt is from Wells and while on the Hill has done work on the Sagebrush and edited the '19 Artemisia. Squires completed his work at Christmas and is now back at his home at Goodsprings. Borchert hails from Cherry Creek but has traveled so much lately that he says that Reno is his home. He is a prominent member of Coffin and Keys and at one time was Yell Leader here.

Andrew Jackson Aikens, of Fallons, class and student body president; Albert Edmund Cahlan, Reno, business manager of the Sagebrush and hero of the Senior play; Nels Carlsen, Jr., Oakland, president of the local chapter A. A. E.; Thomas Booth Jones, Reno, former student body president; Horace Kenyon Olmstead, of Wells, last year's athletic manager, have all earned degrees in Electrical Engineering.

Vernon Colley Organ, Reno, degree granted in December, 1919, and Lee Sidney Scott, Ely, mayor of Lincoln Hall, have both completed the required work in Mechanical Engineering.

Harry W. Capper, Henry Hoadley Hart and William Shearer graduates in civil were prominent in student activities before the war when they joined the service. Capper is rather new here, having come from

SOCIETY.

On Friday evening Mrs. A. E. Hill and Mrs. Sam Belford entertained several students at Mrs. Hill's home on Maple street. Cards and other diversions were enjoyed and dainty refreshments were served. Those present were: Misses Helen Fuss, Laura Ambler, Alice Kincaid, Evelyn Walker, Isabel Bertschy, Martha Ryan, Margaret Ryan, Marion Muth, Avis Lothrop, Esther Crump; Messrs. John Harrison, Scott Hill, Albert Carveny, John Patterson, Paul Harwood, Paul Hornaday, Bill Carter, C. Clayton and Evan Davies.

PHI DELTA TAU

Last Sunday afternoon the members of the Phi Delta Tau Fraternity entertained their friends with a delightful picnic. The crowd left Reno early in the morning, arriving at Carson in time to enjoy a plunge at the Carson Hot Springs after which they continued on to King's Canyon where they partook of a delicious picnic luncheon. The remainder of the afternoon was spent hiking and the guests returned at a late hour, declaring it one of the most enjoyable functions of the entire year. Those attending the picnic were Misses Enola Badger, Laura Shurtleff, Ruth Acheson, Marion Muth, Hallie Organ, Thres Haughney, Ruth Miller, Rose Mitchell, Emily Burke, Alethea Hillhouse, Vera McKenna, Verna Wise, Allene Wright, Gladys Smith, Clementine Shurtleff, Evelyn Walker, Rose Harris, Jessie Gifford, Georgie Money, Marcelline Kenny, Lavina Shields, Marie Grubnau and June Harriman; Messrs. Earl Wooster, Gerry Eden, Harry Duncan, Herb Marshall, Otis Wright, Tom Grant, Jimmie Bradshaw, Jack Howard, E. Ott, Floyd Moffitt, Homer Johnson, Stanley Bailey, Ed Miller, Al Reed, Bob Griffith, Tom Hobbins, Ed Reed, Lehman Ferris, Pete Perry, Lester Jones, Don Warren, Perl Decker, Harold Whalman and John Douglas; Messrs. and Mesdames Reginald Meeker and George Meacham.

MISS MEISS ENTERTAINS

Miss Mildred Meiss entertained several of her friends last Friday evening at her home on Court Street. A candy pull was an important feature of the evening. Games and music were also enjoyed. Those present were: Misses Anna Davis, Tannie Higgins, Flo Reed, Mamie Delaplain, Elizabeth Tinguely, Dorris Brown, Eleanor Miller, Lucile Wilson, Abbie L. Day, Florence Wilson and Rose Rey.

On Friday evening Delta Alpha Epsilon will hold their initiation ceremony at the home of Miss Gladys Dunkle. Each of the new members will give a stunt and a very enjoyable evening is anticipated. The initiates will be Misses Enola Badger, Evelyn Walker, Editha Brown, Adelaide Humphrey, Marianne Elsie, Norma Brown, Ethel Steinheimer, Helen Wogan, Thelma Brown and Mrs. Vera Davis. The members are Misses Nellie McWilliams, Helen Fuss, Helen Cahill, Avis Lothrop, Virginia Higgins, Leila Sloan, Gladys Dunkle, Margaret Barnes.

SENIOR BANQUET

President and Mrs. Walter E. Clark entertained with a delightful banquet at the Riverside Hotel in honor of the Class of 1920.

Thirty-five members of the graduation class and the Deans of the several colleges and their wives sat around a dainty table arrayed with maiden hair ferns and roses. After partaking of a bounteous repast, President Aikens, acting as toastmaster, introduced Miss Adele Armstrong, who recited a very cleverly composed poem, entitled, "A Gift of the Muse," after which Mr. Nels Carlsen was introduced. He and the "Class of 1920 "In Futuro," thereby prophesying the future for all the Seniors surrounding the festive board. It was found that Mr. Carlsen had neglected to prophecy his own future and with this thought in mind, President Aikens hurriedly prophesied a future for him, which was well in keeping with the futures of his fellow classmates.

President Clark was then introduced and he delivered an inspiring and timely address, setting out three fundamentals for the members of the class to live up to throughout life. Toastmaster Aikens then closed the farewell banquet with some fitting re-

MANY EXPERIMENTS RUN IN MET. COURSES

For the first time since the spring of 1917, the Metallurgy Department has been able to run its customary series of experiments. All of the men in the upperclasses enlisted in the services at the outbreak of the war leaving nobody behind to continue the work here. With the return of the men from service and the advancement of the old underclassmen, there were enough men here to carry on the work.

A series of experiments was prepared by Professor Walter Palmer and the men commenced the work on ore dressing early in September. Tests were run on the various equipment in the mill including the Deister Concentrating Table, Deister Slimer, vanner, jigs, sampling machine, and flotation apparatus. While there was not much time to devote to each test, enough was done to show the student the practical as well as the theoretical application of the machines. The work done in this course, coupled with the knowledge gained by the students in the mills through the state during their summer vacations should give them the best information on milling machinery possible.

Beginning in January, a number of the students continued with their work taking a course in the metallurgy of silver and gold. This course is required for graduation and as this industry is of so much importance in this state, Professor Palmer has spent much time in making it the equal if not the superior of similar courses given in other colleges. Here the student studies the various means of extracting the valuable constituents from the worthless gangue. Amalgamation and cyanidation are taken up in detail and quantitative test are run on various ores with the idea of finding the method by which the maximum extraction may be accomplished. The work done in running a test here is practically the same as that done in various mills and gives the student the opportunity to enter the laboratory of the various mills, fully trained to carry on the work.

POSITIONS OPEN TO GRADUATES

The Standard Oil Company of New York is offering positions to college graduates in foreign fields. The work will be in the Far East and the Levant, covering all phases of the oil industry. Previous to their departure for foreign work, applicants will be given a three or four months' training with regard to oil at the New York office. Men are to be between the ages of twenty-one and twenty-eight when applying for positions and are to be unmarried. Opportunities for advancement for college men are good whether the graduates are from any of the engineering, accounting, or commerce departments.

While in New York taking the preliminary work, applicants will receive \$23 a week for living expenses. When employed in foreign stations, employees will receive in native money the equivalent of \$166.66 a month. No contract will be signed but it is understood that the men will remain with the company for a period of three years. At the end of this time, employees will be granted a vacation of four months, with full pay and traveling expenses, provided that he returns to foreign service. If the employee does not desire to return, he will be granted one month's additional pay and traveling expenses. Applicants are promoted according to their ability with a corresponding increase in pay.

Those interested will be able to obtain further information from the circular on the Bulletin Board at Morrill Hall or by corresponding with the Standard Oil Company at 26 Broadway, New York City. Dr. A. A. Snowden representing this company will be at the St. Francis Hotel, San Francisco, Cal., on Thursday and Friday, May 13th and 14th. All those interested should get in communication with him at that time.

GORMAN TAKES TRIP

Comptroller Gorman left for San Francisco last Tuesday for four or five days sojourn in the city, on business connected with the University. He will probably return Sunday.

marks in appreciation of the honor bestowed upon the Senior class by Dr. and Mrs. Clark, after which every one joined in the college song, and yell, finally giving the gold old "20" yell and then departing for home.

IN CONCLUSION

With this issue of the Sagebrush, the present staff drops from sight and becomes but a memory of the past. Before going into obscurity, however, there are several things that may well be mentioned.

We have tried, as we promised in the first issue, to boost for a bigger and a better University, to publish all the college news, to make the paper interesting to students and the general public, and to voice the sentiments of the students at all times. We have tried always, to play absolutely fair and square in our columns, without favor or prejudice.

We have received our share of criticism, both constructive and destructive, and have always welcomed it in the same light as it was offered. Of the former, we have attempted to take advantage, wherever we saw the way clear, and the latter we have accepted, we hope, with good grace. If we have succeeded in pleasing the majority of the campus public, then our time and efforts were well spent, and we are entirely satisfied. If in this, however, we have failed, then our labors have been of no avail and the paper a failure. Despite, whether or not we have succeeded in this, we at least ask credit for conscientious effort, with the assurance that our intentions were all for the best.

In this last Sagebrush of the term, we take the opportunity to thank most sincerely the members of the staff, and all others who have aided us so materially during the year, for their work. Without this assistance we could have done nothing, and in this small way we want to express our heartfelt thanks and appreciation, and the hope that the same good spirit of co-operation will be extended to next year's staff.

Y. M. C. A. SCHOLARSHIPS

Attention is called to the announcement printed in this issue concerning the additional scholarships offered to service men in Nevada by the War Work Council of the Y. M. C. A. This offer applies to all men who were in the service and is open to students at present attending college as well as those of the prospective class.

AT THE CADET BALL

Art: "What are you looking so sulen about?"
Jack: "Alice sat on me last night."
Art: "I wouldn't think that was anything to get peeved over."

BUT THEY ALWAYS DID

Grad: "The old place hasn't changed much. I see the co-eds are all back this year."
Stude: "Yes, and some of them are even wearing their beauty spots there."
—Orange Peel.

Let's give this gay bird Twaddle the silver coated cough drops. Can you imagine him asking Prof. Hartman to show him the curve of vibration for the shimmie as danced by Marce?

You never can tell by their looks. Take this Co-ed Wise, that is, Verna, f'rinstance. The other day she was seen picking dandelions and remarked that she was going to try her hand at some of this home brew stuff.

Did you get a kick out of that?

SHE'LL get a bigger one if she drinks the stuff.

My friend Avis said she would rather do social service work than teach. Then up jumps our own little Fat Harker and chimes in, "Yes, she's going to be secretary to the Camels." Thus endeth the fat boy.

The semester's practically over now. Take a short "look back" at it. What if you did pass in only half your work. Cheer up. If you can fool half the Profs. all the time, that's fair enough. Don't be selfish about it.

Do you know that just 925 years ago clocks giving good time were invented by Gebert, Benedictine monk?

Also the same year, Benedictine, giving good time was invented by the same monks.

This is just the kind of weather for freckles. But do you know what a freckle is? Let me explain: A freckle is a golden brown splash on the north-east corner of an otherwise fair co-ed's nose. Her roommate, however, explains it as being a fright.

Nevertheless, a freckle means the same to druggists that oil booms do to Fallon promoters. Ready money and lots of it.

Let me quote from history again. In 858 B. C., Sardanapulus died on a bier 400 feet high.

Again I claim, them was the good ol' days.

Sure there'll be lots of Commencement gifts, but remember, never look a gift mule in the hind leg.

There's no denying it, with these shimmie-silk waists and short sleeves, a co-ed must wear her heart in her purse.

And then again, speaking of clothes and gowns.

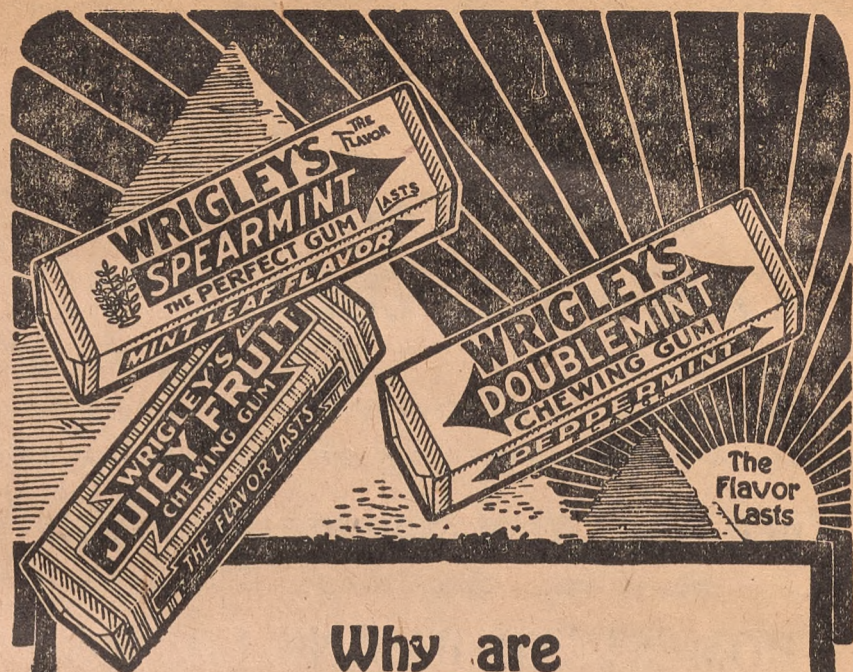

In a book showing all Of the gowns great and small, Girls have worn since this old world begun,

That first dress of Eve's, Which she fashioned of leaves Should be, properly labeled, "Fig. 1".

One of my friends tells me he would go out for track if it wasn't for his weak respiration. Here let me advise him to go on a diet of onions. They are great for strengthening the breath.

Ain't it lucky I can write for this Colyum, but don't have to read it? That's where I've got the laugh on all of you.

But this is enough, my friends. My column is filled and this is the last Sagebrush for this college year. I told you in the first Sagebrush last fall that this column was to be made

Why are

WRIGLEY'S

flavors like the pyramids of Egypt? Because they are long-lasting.

And WRIGLEY'S is a beneficial as well as long-lasting treat.

It helps appetite and digestion, keeps teeth clean and breath sweet, allays thirst.

CHEW IT AFTER EVERY MEAL

Sealed Tight—
Kept Right

A10

up of "Pickins" from the office waste basket, junk deleted by the censors, and which the editor dared not print. I was afraid of nothing, and printed anything. Half of the junk I printed was picked up listening to the scandal mongers on the campus or cut from goof columns in our exchanges. The other half is original. Oh, thanks, ever so much. But aside from all the criticism I've heard of it, I have gotten a huge kick out of throwing it all together. Some of you may have been made angry. I'm sorry. Others I may have made smile or occasionally laugh. I'm glad. I don't believe in grouches and your smiles are my pay and reward. The Kampus Kat last year was a crowd of kittens. The Office Dog this year was myself, one lone man. I entered as a nonentity so I'll quit as such. If you knew my real name it might spoil it all and perhaps make a couple of enemies, so let's leave me unknown. The Office Dog was, and now he is no more. Prohibition is here for keeps, therefore "Old Crow" is extinct. "Old Crow" had a kick in his day. The kick is gone now. Milkshakes and sundaes for you from now on.

Thanks,
"OLD CROW"

U. N.

Jack (gallantly): "Marie, dear, anything that you say goes."

Marie (quickly): "Jack." — Punch Bowl.

JOINT EXECUTIVE MEETING IS HELD

The new and old members of the Executive Committee met in front of the library Wednesday afternoon. All the old business from this semester was finished up leaving a clean slate for the coming board. Plans were started for the coming semester in order that when September rolls around again, the student body will be ready to handle the class rushes, football games and other college activities.

Final reports were submitted from the business manager of the Sagebrush and Artemisia and the financial report from the treasurer. The financial standing of the student body is better at present than at any previous time. This was only accomplished by the hard and careful work of a number of students for the past few years. It is hoped that the financial standing of the Association will continue to be as good as at present.

WAITE ELECTED BLOCK N HEAD

The Block N society held their regular meeting last Thursday evening and elected the following officers for the coming year: Noble Waite, president; Bill Martin, vice president; Jimmy Bradshaw, secretary and Jack Heward, treasurer. Several plans for next year were discussed and the meeting adjourned at a late hour.

DAVIS FARM TEAM TAKES DUAL MEET

(Continued from Page One)

out in the lead with the score at one time 60-48. Davis caught up again and the score was 63 even up with the relay to decide. Davis copped ten firsts, to Nevada's five; four seconds to Nevada's eleven, and five thirds to Nevada's nine.

The first event of the day was the hundred yard dash. Here the Davis team gave their first evidence that they had two sterling sprinters in Brown and Hart. Freddie Lowrie led the race up to the seventy-five yard mark but didn't have the condition to carry him across the line a winner, and the race went to Brown of Davis, with Hart of the same school a close second. Jimmy Bradshaw just did manage to take third away from Davis' third man.

Nevada did better than was expected in the pole vault when she copped second with G. Lee and Wall and Le Duc tied for third. Hall of Davis took first with a vault of ten feet. In the half "Horsie" Hobbs managed to capture second. Ireland of Davis took the lead at the start and was never headed. He breasted the tape an easy winner and Olmsted of Davis pulled up in the rear a bad third. In the shot put Captain Buckman had things all his own way and took an easy first with a heave of 39 feet, 11 1/2 inches. Stentaus and Alderson of Davis took second and third respectively.

Schlopp of Davis did anything but live up to his name in the low hurdles (that's a deep one), and showed excellent form to take first away from Hancock, who lead most of the distance. The Runt showed good form and led over half the way, but was not quite good enough to best the speedy farmer. Al Reed took third easily. The two twenty was the next event on the cards, and it was close from the start. "Shimmy" started out to get revenge for his defeat in the hundred, and ran a plucky race. He did beat Brown who took him in the hundred, but Hart who was third in the century event squeezed in ahead of Nevada's sprinter to take first place in 24 flat.

The score at this point was Davis 34, Nevada 20, and things looked none too bright for the Silver and Blue's chances of winning the meet. In the next event, however, the Sagebrushers pulled up perceptibly when Decker, Frazier and Pike, finished, one, two, three, in the mile. Davis never had a chance in this race as the three Nevadans led most of the way. The javelin throw was the next field event on the cards and here again the visitors upset the dope by taking first place away from Jack Heward, who Nevada fans figured a cinch first. The sturdy farmer from Davis stepped up and threw the spear 158 feet, 10 inches in his first heave and after that the best he could do was around 146 feet. Heward took second and Hobbs third.

The prettiest race of the day was undoubtedly the quarter mile. With Hammond out it looked like a sure bet that Nevada didn't stand a chance of taking first. Bradshaw and Hobbs were Nevada's entries, and pitted against them was Ireland who had taken such an easy first in the half. The Davis man started in the lead and held it until the turn past the training quarters when Jimmy gradually pulled up and then passed him to finish first with a ten yard lead. Hobbs undoubtedly would have taken second had it not been for a bit of hard luck at the start. On the first turn he was forced off into the grass by the Davis man and forced to drop back and start again. At that he ran a pretty race and managed to take third place. The high hurdles were easily Nevada's with Al Reed taking first and Havens pulling up second. The Davis man was a close third.

The two mile was a repetition of the mile and Nevada ran one, two, three in this event with Decker, Frazier and Conrad. Davis entered two men but both dropped out before the finish and Decker romped home with Frazier about sixty yards in the rear. Both men lapped Dewey Conrad who was sent in at the last moment to get that other point. He was game and stuck out the race and deserves a lot of credit for his grit in finishing.

The high jump followed and for a while it looked as if Nevada would finish one, two in this event with Wall and Buckman; "Red" Harper of Davis kind of fooled the bunch, however, when he went over the bar one notch higher than Johnny Wall, who took second with Buckman third.

Nevada had the farmers 60-48 at

this point and with only two events remaining before the relay, both of which Nevada figured to cop before the meet, it looked as if the Sagebrushers were a cinch. All that was needed to sew up the meet was a first and a third or two seconds and it looked easy. The discus started and in the preliminary trials Buckman went way out in the lead with a throw of 111 feet. When it came down to the finals there were two Davis men pitted against Buck, whose turn came between the two men. On the first trial the first Davis man tied the Nevada captain; on his third trial he managed to beat him by heaving the pancake 113 feet, 2 1/2 inches; Buck tied this with a similar throw, and then the other Davis man, who up to this time had been tossing the pellet straight into the air came forth as the last man to throw and took the event with a throw of 118 feet, 1/2 inch. In the broad jump the best Jimmy could get was a third place. He did exceptionally well at that as he had already run a considerable distance and was all in.

So it came down to the relay race with the score tied at 63 points, and Nevada face to face with the task of defeating one of the fastest relay teams on the coast. This was more than the patched up relay team could stand and although they put up a plucky battle when Bradshaw took up the race at the last lap he was nearly fifty yards in the rear. In this event it was the loss of Hammond and Waite that was most keenly felt, and it is a cinch that if those two speed demons had been out there in that race it would have nip and tuck with a toss up for the winner. Hancock started and ran into hard luck at the start when he was thrown off his stride at the first turn by the Davis man cutting in ahead of him, however the judge of that turn decided that it was perfectly within the rules and so the meet went to Davis, with a score of 68-63.

Davis had one of the best balanced teams seen in action here for a long time and how they lost to the California Frosh by such a huge score is hard to figure. While it is poor policy to be always offering alibis for defeats it might be said in passing that had Nevada been up to full strength she would assuredly walked off with the honors. The high point man of the meet was Hall of Davis who took the pole vault and the discus and finished second in the broad jump. Bradshaw and Decker were tied for second honors with ten a piece.

Two university records were beaten and one was tied by the Aggies. In the hundred yard dash Brown took the event in ten flat, thus equalling the record set by Dixie Randall in 1913. Schlopp of Davis beat the broad jump record made by Lloyd Root, with a leap of 22 feet, 6 inches, bettering the Nevadan's mark by 2 1/4 inches. The relay team negotiated the half mile in 1 minute, 33 seconds which is 4 2-5 seconds better than the mark set by that speedy quartet consisting of Randall, McPhail, Hylton and Bringham, all of the class of '15, and take it from one who knows any team that can beat the mark set by those boys is certainly stepping some. Buckman came within a foot of the shot put record held by C. C. Smith '05, and should beat this mark next year.

The summary of the meet follows:
100 yard dash: Brown (D) first; Hart (D) second; Bradshaw (N) third. Time 10 flat.

Pole vault: Hall (D) first; Lee (N) second; Wall and Le Duc (N) tied for third. Height, 10 feet.

800 yard dash: Ireland (D) first; Hobbs (N) second; Olmsted (D) third. Time 2:07 3-5.

Shot put: Buckman (N) first; Stentaus (D) second; Alderson (D) third. Distance, 39 feet, 11 1/2 inches.

220 yard hurdles: Schlopp (D) first; Hancock (N) second; Reed (N) third. Time, 27 4-5 seconds.

220 yard dash: Hart (D) first; Bradshaw (N) second; Brown (D) third. Time, 24 flat.

440 yard dash: Bradshaw (N) first; Ireland (D) second; Hobbs (N) third. Time, 55 1-5 seconds.

1 mile run: Decker (N) first; Frazier (N) second; Pike (N) third. Time, 5:15 2-5.

High jump: Harper (D) first; Wall (N) second; Buckman (N) third. Height, 5 feet, 7 3/4 inches.

Broad jump: Schlopp (D) first; Hall (D) second; Bradshaw (N) third. Distance, 22 feet, 6 inches.

Two mile: Decker (N) first; Frazier (N) second; Conrad (N) third. Time 11:40 4-5.

Javelin: Rignetti (D) first; Heward

(N) second; Hobbs (N) third. Distance 158 feet, 10 inches.

120 yard hurdles: Reed (N) first; Havens (N) second; Harper (D) third. Time, 17 flat.

Discus throw: Hall (D) first; Rignetti (D) and Buckman (N) tied for second. Distance 118 feet, 1/2 inch.

Relay won by Davis with Schlopp, Harris, Brown, Hart. Nevada team consisting of Hancock, Warren, Reed and Bradshaw. Time 1 minute, 33 seconds.

—U. N.—

FRESHMAN TEAM WINS IN TENNIS

The Frosh women's tennis team consisting of Erma Hoskins and Mary Steninger had no trouble in defeating the representatives of the Junior class in the deciding games of the interclass tournament last Thursday afternoon. The games were played on the city courts before a large crowd of enthusiastic admirers and the result was never in doubt. Hallie Organ and Helen Fuss representing the Juniors played hard but they were no match for the Freshman stars.

By virtue of this win over the class of '21, the Frosh become interclass champions, having defeated the sophomores last week. They won their final contest in two straight sets, the first one going only seven games and the second being won by a score of 6-3.

—U. N.—

"DOUG" BOYLE IN TOWN

"Doug" Boyle, ex-'20 man breezed into town the middle of this week. He has been showing the native sons a few tricks of the trade but is now on his way to Fallon to learn the oil industry. From Fallon he will hie himself down to Texas to impart to the inhabitants, the way they drill for oil in the Sagebrush state. Boyle announced that unless some oil company put in an exorbitant bid for his services, he would return to the Hill next semester. While Boyle was here he was a substitute on the football team and a member of Sigma Nu.

IN TWO PARTS

"Say Bill, I gotta coupla swell dames outside in a taxi wanta have a party?"

"Sure thing?"

Ten Minutes Later

"Say, John, let's change girls. I got my sister."

—U. N.—

Miss Mack: "What time did you get in last night, Bertha?"

Bertha: "At a quarter of twelve."

Miss Mack: "But I was up until almost three waiting for you."

Bertha: "Well, isn't three a quarter of twelve?"

—U. N.—

"Don't you think Mildred has perfectly wonderful teeth?"

"Yes, But they're false."

"How do you know that, my dear?"

"Why she told me she inherited them from her mother."—Judge.

—U. N.—

Male: I understand they're going to do away with sorority pins."

Female: "How's that?"

Male: "There's nothing to pin 'em to any more."

—U. N.—

Cement foundations and side walls have already been completed for the new 120 foot cattle barn which is being constructed at the University farm. It is expected that this building will be completed early this summer.

—U. N.—

Harker (at barber shop): "Say, barber, how long will I have to wait for a shave?"

Barber (stroking his chin): "About two years, Tubby!"

—U. N.—

Mary had a little rep,
It followed her to school;
And everywhere that Mary went,
The boys said "She's no fool."

—U. N.—

The Eskimos sleep in bearskins,
Up in the North, I'm told.
Last night I slept in my bare skin
And caught a hell of a cold.

VACUUM RESEARCH ROOM G-E LABORATORY

Using the X-Ray in the Home

Greater X-ray Service— through Research

FOR years after the discovery of X-rays it was evident that only intensive research could unfold their real possibilities.

Meanwhile, scientists of the General Electric Company developed the process of making wrought tungsten. This proved ideal as the target in X-ray tubes and its use for this purpose soon became universal.

Then further research resulted in the development of an X-ray tube of a radically new type—the Coolidge Tube—with both electrodes of wrought tungsten and containing the highest attainable vacuum.

But the complication of high-vacuum pumps made the new tube in large

quantities impossible. The answer to this problem was the Langmuir Condensation Pump, utilizing mercury vapor in its operation and almost automatic.

To meet the need for simple X-ray apparatus during the war, the G-E Laboratory developed the Self-Rectifying Coolidge Tube, which made possible portable outfits at the front. The latest X-ray outfit of this type is so small it can be taken conveniently to the home or to the bedside in the hospital.

Thus the Research Laboratory of the General Electric Company continues to serve, that progress in things electrical may continue for the good of humanity.

GEO. FRANKOS

DEAR FRIENDS

I HAVE only just realized
THAT SCHOOL is over and that
THIS ISSUE of the weekly Brush
WILL BE the last until
NEXT FALL and that makes
ME THINK also that
THIS WEEK is going to be
THE LAST little tete-a-tete
TALK I will have in
THE BRUSH and it makes
ME SAD and mournful and
ALL THAT for really you know
I'VE LIKED these little talks
WHERE I could weep and sob and
GET PERSONAL and familiar with
YOU ALL and know that
YOU COULDN'T get peeved
OR SORE at me for what
I SAID or told about you
WHETHER YOU are a prof or just
A STUDE you see the line
I'VE PEDDLED you this year
HAS BEEN the truth and the
UNDILUTED TRUTH too and how
I GOT it doesn't matter because
I GOT it somehow and passed
IT ON and now in this last
WEEK'S ISSUE I find my line
IS ABOUT run out but before
IT RUNS out I still have
TWO THINGS to talk about and
THESE TWO things are Joe Hill and
LITTLE JEFF Boardman so let
ME PICK on Joe to start with
THE OTHER night he ambled down
TO MANZANITA and sat on the
FRONT STEPS as has been
HIS CUSTOM for some years
AND WAITED for Jimmy to
COME OUT and sit and talk
WITH HIM and as usual he
DIDN'T RING the bell but
ONLY WAITED patiently and
THE TIME went on and no Jimmy
APPEARED AND Joe still waited
ALTHO HE got awful tired and
FINALLY SOME Berry from Lincoln
HALL TOOK pity on poor Joe and
TOLD HIM his Jimmy was at Lincoln
HALL AND she was talking to Jock
AND SCOTTY and Joe left
AND MUMBLED after his two
HOUR WAIT but the main thing
I WANTED to tell you was about
LITTLE JEFF Boardman you see
THE DAY the Raspberry came out
HE HAD an eight o'clock class
IN HYDRAULICS and that is
DEEP STUFF and Little Jeff
WANTED TIME to read his
RED LETTER copy of the
RASPBERRY and instead

COMMUNICATED

The Sagebrush will publish communications on subjects of general interest when signed by the author, but does not necessarily foster any ideas expressed therein, and will not stand responsible for such ideas.

To the Editor: Another year has been finished as far as student activities is concerned but there are several things, which in my humble opinion, may be remedied in the next year. During the past semester there was a large number of conflicting dates with regard to organization meetings. These were not dates that had to be reserved at the president's office so it was not until the day before the meetings that the conflict was noticed. By that time, arrangements had been completed so it was impossible to call either meeting off. This led to poor attendance at the meetings of various organizations on the Hill with the consequent loss of worth while results from these societies. It seems possible that a student body committee should be appointed to have charge of these dates and prevent any more conflicts than are absolutely necessary.

Another meeting which I think needs a considerable amount of attention is in the election of the editors and managers of the student publications. At the present time, any man or woman with a strong enough political backing can be elected to these offices whether he or she possesses the required ability or not. Can't we have a Board of Control which would make certain recommendations both as to who should manage the publications and in what regard they should be handled. It seems that some organization should take this matter up and see if a better system cannot be instituted.

SENIOR.

U. N.

A local chapter of the W. C. T. U. nowadays sort of reminds one of when you are chugging up the hill in your flivver, just barely able to move, and see a sign, "Go Slow."

HE HAD to teach this class
AND SO he got to thinking and
AT LAST got a happy thought
AND SENT the entire class to
THE BOARD to work on problems
HE KNEW they couldn't get and
WHEN EVERYONE was at the board
HE DRAGS silently out
OLD RASPBERRY and glanced
HURRIEDLY THRU its pages but
VERY SILENTLY so the class
WOULDN'T HEAR the paper rattle
AND THEN he got interested in
THE PAPER and forgot his class
AND WHEN the bell rang
THE CLASS silently left
AND THERE he sat still reading
THE BUNK that was printed on
THOSE RED typed sheets and
I THINK Little Jeff is
ALL RIGHT for if he hadn't
GOTTEN INTERESTED in the paper
HE MIGHT have called on me
TO EXPLAIN my problem which I
WAS SUPPOSED to have put on
THE BOARD and that would have
BEEN FIERCE for when I saw
HIM READING I too got interested
AND READ my copy over in
THE CORNER behind
THE DESK.

I THANK YOU.

(Apologies to K. C. B.)

THE SAD FATE OF THREE FRISKY FROSH

Last Sunday at the fatal hour of 10 o'clock (fatal for Manzanita) one of these mysterious assemblies called the Executive Committee assembled in the August Palace of Miss Mack while three young frosh sadly held their breath in silence at the door, but no sounds issued forth. Soon they wandered up to their friends, self confident that their unruly deeds had been forgotten—when also a messenger issued forth and in a deadly voice announced that—for the office of going to Minden, when the verdict had been very positive to the opposite effect, and upon their return, without remorse they awoke the sleeping inmates at the unearthly hour of 11 o'clock, three of our most prominent young frosh must spend the remainder of the term on our campus, without even going down town.

It is also rumored that the Matron is in quest of a young Phi Sig and an S. A. E.

U. N.

RENO BRANCH OF ALUMNI FORMED

Reno branch, University of Nevada Alumni is making extensive plans for the Senior ball to be given in the University Gymnasium on Monday, May 10th. A committee with Mrs. Prince Catlin in charge is making the necessary arrangements to handle the large crowd that is expected to attend. The Reno branch of the alumni has been but recently organized and they are going to make their first social event one well worth attending.

Usually the majority of the students have left for their homes by the time that the Senior Ball has been held but this year a change has been made. In order that as large a number of the undergraduates as possible will be at the dance, the date has been moved up to the fore part of the week. It is earnestly requested that all students who possibly can will remain over and attend the ball. The alumni have worked hard to prepare the dance and an enjoyable time is assured to everyone who attends. For those who do not dance, card tables have been provided. All kinds of games will be in progress so that those who hitherto have felt dances a bore will have plenty of amusement.

U. N.

TRACK ADDS ONE MAN TO BLOCK N

With the termination of track season we find only one new letter man by virtue of the Davis meet and he is one who should have had his Block N before had it not been for the war interfering with the five cornered meet in 1917. According to the constitution a man must either take first place in an intercollegiate contest or make one point in the five cornered meet. Nevada took five first places in the last meet; Bradshaw in the quarter; Buckman in the shot; Al Reed in the high hurdles, and Decker in the mile and two mile. By virtue of his first place in the mile Decker automatically becomes a member of the Block N society and certainly deserves the honor.

With Bradshaw winning his letter in track we have two three letter men in college, the other being Long Tom Buckman. There are few men who have attained that distinction during their athletic career at this institution although there were some who were three letter men in the day of Nevada's baseball teams. Lloyd McCubbin '16 is the only man in recent years who ever won four letters. He played fullback on the rugby team, forward on the basketball quintet, catcher on the baseball nine, and pole vaulter on the track team. That is a mark for Nevada's all around athletes to shoot at for some time to come.

U. N.

FORMER STUDENT VISITS

Paul Brown, ex. '23 was on the campus the early part of the week. Brown has been working down at Goldfield but says that it's too dead after a semester in Reno. He has been bitten by the oil bug so is now on his way to Fallon to locate some of the vacant land there.

U. N.

He: "We are coming to a tunnel. Are you afraid?"

She: "Not if you take that cigar out of your mouth!"—Awgwan.

The Reno High will be well represented in the coming interscholastic meet Friday. On the track squad, Kuhn, Crawford and Hood have been stepping the sprints in record time. Jones and Hood have been topping the hurdles in good time and in the distances Harris and Cunningham are the best out. Hughes and Harrison have been jumping over five feet this last week and expect to give the other teams a good run. Codd has been heaving the discus around ninety feet and Crawford has been going around twenty feet in the broad jump. In the tennis tournament the boys will be represented by Maurice Phelan and Leslie Drappo while Ruth Foster and Evelyn Maxon will probably be the girls' entrants. George Duborg and Emily Brown will be the Reno entries in the declamatory contests.

The baseball team is undergoing a great change this week, due to the beating they got in Carson Saturday. Harrison is being shifted to short and Paxton is to play third. McInnis is being groomed to open as pitcher against the Bucks here on the 15th, while Lorigan will be his battery mate. "Husky" Young may start, but it is doubtful.

A big assembly is being planned for Thursday afternoon to welcome the visiting high schools with a reception that they will remember.

A vaudeville show will be staged at the High School the 14th to raise money for athletics. Each class is to put on an act and the faculty has promised to give us something good. A dance will follow the show.

U. N.

CAMPUS TO HAVE NEW SUB STATION

Construction was started last week on the new campus sub-station in the Electrical building. When completed there will be in service a new switch board and separate feeders for every building on the campus. This will be a great improvement over the old station which is in a concrete house, mostly underground. The addition of new buildings has made the old sub-station inadequate with the result that a conglomeration of wires now fills it.

In the new sub-station, there is a large slate switchboard, with a double Buss bar, one for power and the other for lights. Each building has a separate switch and in the future it will be a simple thing to separate any building from power, in case of an emergency such as fire.

All out door construction is underground, there being two waterproof submarine cables hinging the power from the transformers to the sub-station.

This work is under the direct supervision of Professor Palmer, with Nels Carlsen and Kenyon Olmstead assisting.

ASK BELFORD

Dja ever kiss a girlie on the sly,
Dja ever think 'twas time for you to try,

When you did, did she caress you,
Call the Lord above to bless you,
Dja ever; so have I.

Dja ever meet a doctor who could cure
Dja ever let him treat you feeling sure
Did he say "I'm sure you're better,
I will send the bill by letter."
Dja ever; so have I.

Dja ever go to see an opera show
Because your friends persuaded you to go,

Did you leave at half-past nine
And go back and say 'twas fine
Dja ever; so have I.

Dja ever lend a friend a hard earned ten
With his promise that he'd pay it back again,

And while you waited feeling sore
Did he try to borrow more,
Dja ever; so have I,

Dja ever have an uncle very wealthy and quite old,
Who had spent his life amassing an ungodly pile of godl,
Suddenly decide to will you every single cent he had
And then die just as you needed it to make you very glad,
Dja ever; neither have I.

Y.M.C.A. OFFERS 12 SCHOLARSHIPS

Additional University Scholarships for Service Men Offered by the War Work Council

Word has just reached the University of Nevada, that additional funds have been granted by the War Work Council of the Y. M. C. A. for use among the service men of Nevada. As a result of these additional funds, the Y. M. C. A. increases the number of Fifty Dollar Scholarships at this University for use of service men in Nevada to Twelve such scholarships open for the coming University year. The former announcement allowed only four of these scholarships to Nevada.

Any service man in Nevada who desires to do work in the University of Nevada for the coming University year and who is qualified for entrance in the University is eligible to apply for one of these fifty dollar scholarships. Applications should be made to Secretary Wilson, Y. M. C. A., Reno, Nevada, not later than June 15, 1920. Special application blanks will be sent by Secretary Wilson on request.

Two classes of service men are eligible for entrance to the University of Nevada.

1. Eligibles for entrance as regular Freshmen must have 15 acceptable units of high school work to offer, which means that they must have substantially completed a standard high school course.

2. Men eighteen years of age or above may enter as special students if they can satisfy the professors in particular courses that they are prepared to enter those special courses. Such special students are not required to satisfy the high school entrance requirements.

Payment will be made through the University about Sept. 15, and is contingent upon the full registration of the student.

TO BE CLARKS' GUESTS

Dr. and Mrs. B. M. Rastall will be the guests of President and Mrs. Clark Friday and Saturday of this week. Dr. Rastall is an expert in city planning affairs and while here will address a gathering of Reno citizens interested in the planning of Reno.

According to advice from the contractors, the new Educational building which is now well under way, will be completed and ready for use not later than August 1, and will possibly be finished by July 1.

Reno; Riley, Carson; McKee, Elko, Sherrin, Tonopah; Swanson, Gardnerville.

Girls' Declamation contest: Brown, Reno; Belmonte, Carson; Herzog, Lovelock; Short, Elko; Cavanaugh, Tonopah; Dusenberg, Bishop; Rickey, California.

Girls' tennis team: Elko, Lovelock, Reno, Auburn.

Boys' tennis team: Reno, Lovelock, Elko, Auburn, Dayton, Tonopah.

PROGRAM IS FULL FOR COMMENCEMENT

(Continued from Page One)

Washington, D. C., a short time ago. Two men, John Malcolm Patterson, Elko, a Block N man, and Joseph Douglas Hill, Susanville, student body treasurer and member of the football and track teams, have completed the courses in Agriculture.

Herbert Dale Bruce, Reno, manager of last year's Artemisia and Harold Eugene O'Brien, Sparks, captain of last year's basketball team, have both earned the degree of Bachelor of Science, College of Arts and Science.

Two girls, Phyllis June Brown, Reno, star of "A Pair of Sixes," and of "Officer 666" and Rachel A. Sprague, Denver, will receive their degrees in Home Economics.

The largest number of graduates is from the College of Arts and Science, where seventeen degrees of Bachelor of Arts in addition to the two degrees of Bachelor of Science will be granted. Adele Eileen Armstrong, Silver City, president of Manzanita Hall; Ameglio Andreucetti, Reno; John Stuart Belford, Reno, star debater; Helen Margaret Cahill, Sparks, secretary of the student body; Dan Coll, Reno; Veva Campbell Davis, Reno, mainstay of the Girls' Glee Club; Mildred Irene Griswold, Deeth, president of the Y. W. C. A.; Marian Lombard Hooten, Fresno, former president of the Women's League; Francis Paul Hornaday, Oakland, star debater; Alice Mary Kincaid, Ketchikan, Alaska, president of the Women's League; Avis Virginia Lothrop, Sacramento, Cal., actress of D.A.E.; Eleanor McWilliams, Las Vegas, Y. W. C. A. leader; Jimmie Odbert, Susanville, basketball star; Salome L. Riley, Yerington, former Women's Athletic Manager; Catherine Frances Sommers, Reno, instructor in physical education; Marie Elizabeth Sweetman, Reno, and Lewis H. Wright, Reno, comprise the list of graduates in this college.

A close inspection shows that the graduates come from four states in the union, one territory, and one from a foreign country. Of the thirty-eight graduates, twenty-four are from Nevada with the rest scattered over California, Colorado, Alaska, Washington, D. C. and Russia.

In addition to the above degrees, the following diplomas will be granted.

- Teacher's Diploma, High School Grade
 Adele Eileen Armstrong.
 Phyllis June Brown.
 Helen Margaret Cahill.
 Veva Campbell Davis.
 Mildred Irene Griswold.
 Marian Lombard Hooten.
 Francis Paul Hornaday.
 Alice Mary Kincaid.
 Avis Virginia Lothrop.
 Eleanor McWilliams.
 Jimmie Odbert.
 Catherine Frances Somers.
 Marie Elizabeth Sweetman.
 Rachel A. Sprague.
 Teacher's Diploma of Grammar Grade
 Esther Anita Crump.
 Rose Marie Rey.

Salome L. Riley.
 Teacher's Certificate for One Year's Study

- Anna Mildred Davis.
 Mamie Elizabeth Delaplain.
 Ruth Lucile Hull.
 Anna Lavenia Nichols.
 Flo Z. Reed.
 Laura Frances Shurtleff.

Prof. Robert Lewers and Prof. Sidney Wilcox will be delegates of the University of Nevada at a special conference called for May 10, by the Division of Foreign Trade, Federal Bureau of Education. This meeting is called for the purpose of considering matters of instruction along business and commercial lines.

Away to School and College

THERE'S a journey ahead and at its end, classmates and friends, new and old. They will be quick to note your dress and your luggage.

Stylish, convenient, long-wearing Belber trunks, bags, and suitcases always make a fine impression.

A Belber Wardrobe Trunk is both dresser and clothes closet combined—a place for everything.

We carry a large stock of Belber goods. See them at our store. Note how convenient and durable they are.
