Nevada Meets Davis Team on Saturday

Varsity is Winner In Saturday's Game

FIRST AND SECOND STRING ELEVENS STAGE HARD FOUGHT BATTLE ON MACKAY FIELD WHICH IS WON BY VARSITY TO TUNE OF 41 TO 7—HAMMERT AND FAIRCHILD STAR MEN IN SPECTACULAR PLAYS

The practice game between the Varsity and the second team Saturday drew a fair sized crowd of townspeople as well as the majority of students, who were treated to a good exhibition of the favorite college sport when the first string men took the long end of a 41 to 7 score in a well-played contest.

Though still lacking some of the finish and smooth teamwork of the well-oiled machine it was evident to all who witnessed the game that a marked improvement had been made in the team play, signals and general style of play of the Varsity over that shown in the battle with the Alumni last week. There was a very noticeable difference in the speed in which the signals were gotten-off and the plays run through, fumbles being less frequent and the interference by far superior to that shown the previous week. With the practice which the team is getting this week in signals, interference, punting, tackling and the finer points of the game, the Sagebrushers should be in good form to take the Davis team for a trimming when they meet next Saturday on Mackay Field in the season's first intercollegiate battle. Details of last Saturday's game follow:

The Varsity won the toss-up and chose to receive. On the kickoff Reed caught the ball and ran it back 10 yards before he was downed. Bradshaw made 5 yards off tackle. On the next play the Varsity fumbled and the Seconds recovered. Charles gained 2 yards around left end. Scranton was stopped at the line for no gain, fumbled and Middleton recovered. Middleton made 1 yard through the line. On the next play the Seconds fumbled and the Varsity recovered. The Varsity ran the ball up to the Seconds' 5 yard line, and it looked like a certain touchdown but a penalty for offside play set the first string men back and after a few attempts to break the Seconds line they lost the ball on downs. Church punted to Bradshaw who went around right end with splendid interference for the first touchdown. Johnson kicked goal. Score, Varsity 7, Seconds 0.

Heward kicked to Goodwin on the Seconds' 20 yard line, who ran the ball back 5 yards. Middleton made 3 on a line buck. Charles was held for no gain. Middleton made 5 yards through center. A pass from Church to Bailey was incomplete. Church lost 2 yards on an attempted end run, after which Scranton went through tackle for 2 yards. Charles punted to Grant who was downed in his tracks for no gain when the whistle blew. Score, Varsity 7, Seconds 0.

In the second quarter, Al Reed went in at left end and Martin went out. On the first play, Bradshaw went around end for 35 yards. Reed made 3 over left tackle. Bradshaw gained 7 over right tackle. Reed was stopped at the line with no gain, the ball being on the Seconds' 13 yard line. Johnson went through for 10 yards and on the next play carried the ball over for a touchdown. The goal was converted. Varsity 14, Seconds 0.

Hammert replaced Middleton at fullback. Heward kicked out of bounds at the Seconds 10 yard line and the ball was brought back. On the next kick Hammert received the ball on the 20 yard line and made 12 before he was stopped. Scranton was held for no gain. Charles made 2 over tackle. Scranton gained 3 through center. Charles punted out of bounds, and the ball was brought to the Seconds 40 yard line. Reed made 7 followed by Johnson with 7 over tackle. A well

ATHLETIC CARDS TO BE GIVEN OUT

A. S. U. N. cards will be issued to all students before the Davis game Saturday, and will entitle the holders to admission to all athletic contests held at the University the first semester. No student who does not hold a card will be admitted free to these games. Cards will be issued to all members of A. S. U. N. before the Davis game, by the ticket man in the booth near the gym, on presentation of their receipt from the Comptroller's office.

At the games this semester a new system of ticket collecting will be put into effect. All people coming on foot will be admitted through four alleys next to the gym. Those coming in machines will be admitted only on the road back of Lincoln Hall, and in this way a great deal of confusion will be done away with. Students holding A. S. U. N. cards will be admitted free to the students section of the bleachers, and those not holding these cards will be required to pay the regular admission fee at the gates. No spectators will be allowed on the field during the game.

In a game held in Lyons, France, Monday, California football team easily defeated the French Southeastern squad by a score of 25 to 3.

BIG RADIO PLANT FOR UNIVERSITY

One of the most important additions to the University of Nevada this semester is the U. S. Air Mail Radio station which has just been established on the University grounds. This station, which is under the charge of L. D. Coman Jr. I. R. E., will be one of a string of stations along the air mail routes, and besides being a high power station will be complete and up-to-date in every respect. These radio stations are established along the path that the mail planes take, one radio station to each large landing field between San Francisco and Washington, D. C., and will be used to facilitate the work of the mail service. From these stations all air traffic will be handled and all mail planes controlled. They will further keep track of weather reports, velocity and direction of winds, time and all business relating to the postal and air mail service. Reports of air and weather conditions will be sent east and west as far as it is possible to send them. Time of arrival and departure of planes can in this way be sent much quicker than by any other means to stations and fields along the routes, and almost the exact location of each plane can be told at any minute. This system it is hoped will do away with many accidents and delays due to aviators becoming lost in the mountain states. For the present only R. P. O. air mail and government messages will be sent out from these stations.

The type of station installed at the landing fields is known as a 2 K. W. Federal Arc, and until very recently was used entirely over water. The adoption of this type of radio set by the government makes the first time that the 2 K. W. Federal Arc type has been used entirely over land. One station established at Cheyenne, Wyo., has a sending radius of 1960 miles and it is hoped that the Reno station will be able to send through this mountain country a distance of 1500-1600 miles.

FACULTY AGGIE CLUB ELECTS OFFICERS

The University Agricultural Society met Tuesday and discussed plans for the present year. This society, consisting of members of the faculty of the Agricultural Department, Public Service Department, Experiment Station Staff and Extension Staff of the University plan to put on many interesting meetings this year. The society meets the first Tuesday of each month and at these meetings papers will be read and discussed and all members of faculty and student body are cordially invited to attend. Officers were elected at the first meeting and are as follows: F. L. Bixby, president; Dr. Stephen Lockett, vice-president; M. R. Miller, secretary.

OPENING GAME OF INTERCOLLEGIATE FOOTBALL SEASON FOR NEVADA TO BE PLAYED ON MACKAY FIELD SATURDAY WHEN SAGEBRUSH VARSITY MEETS STRONG AGGREGATION FROM DAVIS FARM SCHOOL

Nevada's first intercollegiate game will be played on the Mackay Field Saturday when the Silver and Blue huskies line up against the Davis Aggies. This will be one of the few opportunities of the local fans to see the team in action for most of this season's largest games are scheduled away from Reno.

Little is known here of the Davis team, but from all reports the Farmers have an unusually strong aggregation this year which under their new coaching staff should prove dangerous to their opponents. They have received considerable new material from the University of California, and have had around sixty men out for practice

by the Olympic Club with the small score of 26 to 13, so judging from the comparison and the fact that the Olympic Club is rated as very strong on the Coast this year, Davis appears somewhat superior to the clubmen which makes them loom quite formidable for the game Saturday.

The Nevada lineup will be somewhat weakened for this first game. Heward, Varsity center, is suffering from a sprained wrist and probably will not be able to play. Witter, Jones and Ogilvie will probably be ruled out of the first game due to scholastic difficulties. Faulbaum, a likely looking

The Aggie Club met Wednesday night and discussed the annual Aggie dance. Nothing definite has been decided as yet but it is rumored that October 9 will be the date set for this big affair. Officers for the first semester were elected after some further discussion: President, Ed Benson; vice-president, Elwin Witwer; secretary-treasurer, Gladys Smith.

VOLLEY BALL FOR NEVADA'S CO-EDS

Nevada girls are out to keep up their end of athletics, and for exercise they are now playing volley ball. There has been a large attendance to this week's practice, and the interclass games, which will be played off in about six weeks ought to be hard fought, and interesting. The Senior girls are showing the right spirit, for ones so old, and have a team lined up for regular practice. They must be planning on winning one of those nice Varsity sweaters like Jimmie Odbert and Avis Lothrop won last year. The under class girls have their eyes on some numerals to be presented on Macday Day. Volley ball is the first sport of the season by which credits can be obtained toward the numerals and sweater.

UNIVERSITY A. A. E. PLANS BIG DRIVE

At the first meeting of the Nevada Chapter of A. A. E. fifty new and old men turned out. The meeting which was held Wednesday night in the Mining building was taken up almost entirely with discussion of plans for the present year. The new men were given briefly the aims and work of the A. A. E. and many membership applications given out which should bring results. It is hoped that the engineering students and faculty of the university will take even a greater interest in A. A. E. than they have heretofore and will do their best to make Nevada's chapter 100 per cent in membership. A membership drive is now in progress over the United States to enroll 30,000 or more members before the first of January, and it is up to each chapter to more than double their membership.

A social committee was appointed to form some definite plan of entertainment for the semester and to report their plans at the next meeting which will be held October 6. This committee consists of Oliver Layman, chairman; Harvey Luce and Bill Carter.

A drive committee was appointed to see all the new men on the Campus and get them to join A. A. E. This committee is made up of: George Smolak, chairman; Charles Chatfield, Russell Boardman and Ernest Metscher.

A good schedule will be prepared for the present year and will be posted at an early date. For the next meeting, October 6, a talk will no doubt be given by some engineer in practice.

JACK PIKE MAKES ENVIABLE RECORD

President Clark is in receipt of a letter from Colonel Falls of the Ninth Corps Area Headquarters at San Francisco, commenting on the excellent record made by M. N. A. Pike, a student of the University of Nevada, at the recent National Rifle matches at Camp Perry, Ohio. His letter follows:

Headquarters Ninth Corps Area
San Francisco, California.

September 11, 1920.

The President, University of Nevada,
Reno, Nevada.

Dear Sir:

The Commanding General has directed me to invite your attention to the excellent record made at the National Rifle matches recently terminated at Camp Perry, Ohio, by the Camp Kearny R. O. T. C. Infantry Rifle team of which Mr. Miles N. A. Pike, a student from your institution was a member. This team composed of twelve young men selected from the best marksmen from educational institutions represented at the Camp Kearny R. O. T. C. summer encampment, led all other R. O. T. C. teams and occupied 13th place in a field of 65 teams representing the most expert marksmen of the Army, Navy, Marine Corps and civilians of the United States.

Yours very truly,
M. N. FALLS,
Colonel, Infantry.

Piazza—"Did Molly's father invite you to call again?"

Gorzia—"Nope, he dared me to."—
Notre Dame Juggler.

The men's dormitory opens its doors this year to the largest assembly of students that have yet attended the University. Its rooms are all taken from the corner rooms on the third story where meek Freshmen abide, down to the larger rooms on the first floor where the more haughty Seniors dictate.

There are now approximately ninety students living at the hall. Accommodations for the overflow have been found in downtown houses, but nevertheless Lincoln Hall is their hall, it belongs to them just as much as it belongs to those who live in it and they are invited to take part in Lincoln Hall affairs.

The first meeting of the Lincoln Hall Association took place Monday night. Elections were held for officers and the results were that "Fat," sometimes known as "Ernestine" Harker, was elected mayor of Lincoln Hall and Dewey Conrad elected secretary-treasurer.

Some excellent plans for the future are on the list and there is no doubt but that these plans will be carried out. Nothing else but success will be expected from such a fine bunch of young fellows as are now living in the hall.

Pst! Come here close now so no one will hear, especially Frosh. You know they're always trying to find out something they're not supposed to know. Well, sh! not so loud, there's going to be something stirring some time this week. You say something was already stirring. Someone let a bee in your room and things began to hum? But this is different. I'll tell you some time when all these Frosh beat it.

Bet you can't guess where we saw our mayor Sunday night. No, sir. As a guesser you'd probably make a good weather forecaster. And what's more we saw "Doc" Smolak with him. "Doc's" the fellow that rented a box down at the postoffice; he's the one that always looks sea-sick at mail-time. He runs about as fast as Wm. J. B. runs for office and if he don't get one of those "sachet-smelling" letters he just about bleeds wood-alcohol by bumping his head on the walls. Gosh; Oh, Gee! Here they come now. Let's go.

FORMER STUDENTS RETURN TO UNIV.

Since last week's issue of the Sagebrush went to press, several old men have returned to the Hill and have registered. All are engineering students and are well known to the older men. Stanley E. Davis of Elko left the University in 1916 to take charge of a mine at Bullion, Nevada, in which position he remained until the declaration of war when he entered the service. Later he returned to Bullion where he remained until this summer.

Bill Melarkey, also a well-known student on the Hill and former A. S. U. N. president, is another of the older men to return to finish his course. For some time Melarkey has been connected with the Union Land and Cattle company.

Orren G. Oden is another of the latest registrants. Oden did not return to the University last semester but instead gained some practical experience in mining.

INFORMAL

Miss Mack was hostess at an informal "get acquainted" dance in the gymnasium last Saturday evening. Invitations had been extended to the entire student body and faculty and a large number were present to enjoy the delightful dance. The gym was attractively decorated with potted plants and splendid music was on hand to while away the hours. During the evening punch was served to the guests. This affair is one of the most enjoyable social functions of the year and was thoroughly enjoyed by those present.

DELTA ALPHA EPSILON

Dr. and Mrs. H. W. Hill entertained the members of Delta Alpha Epsilon last Tuesday evening at their home on Mill street. A short business meeting was held and Miss Editha Brown was initiated to membership in the organization. The evening was most pleasantly spent and a clever program was enjoyed. Later delicious refreshments were served. Those present were: Misses Helen Fuss, Helen Wogan, Ethel Steinheimer, Norma Brown, Margaret Barnes, Editha Brown, Adelaide Humphrey, Lelia Sloan, Enola Badger, Virginia Higgins, Mariene Elsie, Gladys Dunkle and Evelyn Walker; Dr. and Mrs. H. Y. W. C. A. DELEGATES ATTEND ASILOMAR ASILOMAR

Asilomar, the National Y. W. C. A. conference grounds of the Pacific coast field, is a place of happy memories to those who have been there. It is situated by the Monterey bay, amidst great natural loveliness. The grounds and buildings are ideally suited to their purpose and it is famed the world over for such accommodations as are given nowhere else in a conference ground. There are many points of interest to the tourist in the surrounding country.

For seven years Asilomar has welcomed throngs of college girls every summer and few are disappointed in their hopes of a pleasant and interesting vacation. The college Y. W. C. A. conference was held this summer from June 15-25 inclusive. It was the largest and most successful in history. Nevada had five delegates, Lois Smythe, Vera Wickland, Margaret Hunkin, Virginia Higgins and Anne Underwood. They enjoyed every minute of their stay and certainly felt it worth while. The mornings were given over to conference affairs and the afternoons to recreation which might take any form chosen. The time passed all too soon and all left with the hopes of returning at some later time.

The Nevada "stuckups" were Virginia Higgins and Anne Underwood. The "stuckups" are the girls who remain at Asilomar all summer and assist in the administrative work of the grounds for all later conferences.

It is hoped more girls will be sent to Asilomar next summer and that more and more Nevada girls may enjoy the privilege in the future.

Y. W. C. A. BUILDS NEW CANDY BOOTH

The Y. W. C. A. candy booth, heretofore a well-known article in the Registrar's office, has been conspicuous this semester in its absence, and many a hungry man and woman has had to starve until the three-thirty bell each afternoon. The last few days considerable carpenter work has been done in Stewart Hall, and many students wondered what it was being done for. The truth is now out. Y. W. C. A. will have a store of its own, a real counter with shelves, display case and everything which is needed in a well-kept confectionary store. This candy store, which will be located on the first floor of Stewart Hall at the left of the main entrance will have a complete line of candies and will be open during university hours for the benefit of all hungry students and faculty. The store as before will be run by the Y. W. C. A. of the University.

The Young Women's Christian Association will have a very successful year if the party held on Wednesday is any indication. A large number of both Manzanita and downtown girls were present.

There will be some interesting meetings this year and an effort is being made to have Y. W. C. A. workers in other states come and tell the Nevada girls of their work. Many of the Reno people have promised to speak at the Wednesday meetings.

A cordial invitation is extended to all the university girls to attend every meeting possible and to become members of one of the world's greatest institutions.

"HOMESPUN FOLKS" FIRST NEW SHOW

"Homespun Folks," which is the current bill at the Majestic, launches another new departure in the motion picture world. It is the first picture released by the recently organized Associated Producers, an association of seven of filmdom's leading producers who are to produce and market their own pictures. The intent of the movement is to put the emphasis on the art and skill of the producer and on the story rather than on the individual star as heretofore. The producers included in the association are Thos. H. Ince, Marshall Neilan, George Loane Tucker, J. Parker Read Jr., Allan Dwan, Maurice Tourneur and Mack Sennet. The Majestic will handle the output of the new organization.—Adv.

RENO, NEVADA, THURSDAY, SEPTEMBER 23, 1920

THE DAVIS GAME

No response has been made by the Davis authorities to the urgent requests of the Sagebrush for a little "dope" on the line-up of the Davis team, and as a result, no line-up can be given of their squad at this time. No picture or cut of their squad has been received and therefore aside from a few vague rumors in the local newspapers of Reno and the Coast, no estimate can be made of their actual strength. According to the Davis "Agricola" the student body and varsity of the California Aggie College are fully confident that Nevada will be the first plum that they will pick during the football season, and though they were equally confident last year, their "dopsters" have already placed the Davis-Nevada game down as a decisive victory for Davis. This remains to be seen Saturday. The strength of the Nevada Varsity has not been kept a dark secret by any means. Nevada has a wonderfully trained squad, with many veterans who are perfectly willing to tackle any football team that may appear. That the coast teams are all eager to play Nevada is shown by the schedule which now is entirely filled, and Reno fans will have an opportunity this year to witness football games on the home field that will be the equal of any games played on the Coast. One of these games, that with the American Legion team from San Francisco, from all indications will be a hard fought one. The American Legion team is one picked from the posts of San Francisco, and is made up of veterans of no mean ability. A later game with the team of the Pacific Fleet which while only tentative at the present date, will without a doubt materialize into a game, the like of which has rarely been witnessed by Nevada fans. The Pacific Fleet team is made up from men of the Pacific Fleet which at the present time is in Hawaiian waters. These men all in the pink of condition and trained as only a big navy team can be trained, are veterans, many of them of such Eastern colleges as Princeton, and their team promises to be one of Nevada's most formidable opponents. The American Legion and Pacific Fleet games though are in the future. The Davis game is in the present—Saturday, at Mackay Field. The Davis squad will be our visitors. Treat them royally, as all visitors to Nevada are treated, but don't make a mistake and let them take home a victory.

EVERYBODY OUT

Nevada had a wonderful team last year, but as everyone knows, Nevada's yells are so few that they grow monotonous during a game. This year we have a far better team—the same old yells. Several of our yells are good, but there are very few of them. We have a large number of new men and women this year, and surely in all this new material there should be a few ideas for some new yells. We'll get a good Yell Leader, but now, FOR THE LOVE OF NEVADA, GET BUSY AND GIVE US A FEW NEW YELLS.

The first big football rally will be held in the gym Friday night. Tryouts for Yell Leader will be held. Make it a real rally.
U. of N.

After the game Saturday the Block "N" Society will give a dance in the university gymnasium. Tait's Jazz Orchestra will furnish the music for the affair, and a joyous time is promised to all who attend. The dance will begin at 8:30 sharp and will close at 11:30 sharp. Admission 50 cents.

DEPENDING ON A HUNCH

A habit of the inveterate gambler is to depend on a "hunch." He will play a close game for a while and then suddenly stake a large amount of money on one play simply because he has a hunch that he will win. Sometimes hunches do win—but not always. Students often try the gambler's trick by neglecting their work because they have a hunch they will not be called upon to recite. Many a lesson has gone unprepared with impunity because these hunches have worked. But, after all, they have only worked to a certain extent. While the student has escaped a low mark for that particular class period, he has, nevertheless, left a gap in his knowledge of the course which is not apt to be repaired after the recitation. Hunches do not pay in the long run. They are misleading and each success encourages further dependence upon them until a single failure may bring disaster. Education is too valuable an item to leave to the mercy of hunches. The best policy is to "play safe" in school and leave the hunch to the gaming board.—Michigan Daily.

Orren G. Oden is again in our midst. Therefore the A. O. of S. N. S. will now again become active.

For the benefit of our newer men let me relate in accents solemn, just who the A. O. of S. N. S. are.

To begin with, A. O. of S. N. S. formerly was known as the Whiskey Quartet, famous in University minstrel circles. After the passing of John Barleycorn the name was changed to the Grape Juice Chapter of the Order of the Empty Bottle, and still later, upon the discovery of a great invention by one of the members it was changed again to the Ancient Order of Saturday Night Soaks. This ancient order besides the charter members, Oden, Gerry Eden, Eddie Reed, carries on its rolls the names of many of the most prominent men of the university, as for inst: "Bevo" Pink Law, "Whiskey" Bill Martin, "Arbuckle" Harker and many others. Orren G. Oden however is back again—therefore the order will again resume its rightful place in the list of the universities leading societies.

Frosh Humphrey's brilliantly hued car was standing in front of the S. A. E. house for several days last week. One young Freshman finally noticing the car remarked to Hump, "Looks like you got a flat tire," to which friend Hump replied, "Yes, it is a little flat on the bottom, but the rest of it is all right."

Yes, Life had it correct in speaking about degrees in Greek:
1. Professor Boggs teaches Greek; \$1500 a year.
2. Nick Pappadopolos wheels a barrow; \$2100 a year.
3. Mile. Valette (otherwise Sarah Prouty) dances "Greek" dances; \$1000 A performance.

Follow some little verses of varying degrees of originality:
He kissed her cheek,
It seemed a harmless frolic.
He's been sick all week,
They say from painter's colic.
(Quite the same, but worse):
He kissed her cheek,
It was a pleasing smack.
She turned on him and said—
Now, sir, you take that back!

And about that time they threw him out.

Blame it on the 'ad' man. Listen—
Lost—Tuesday, a dark man's vest and alligator skinned lady's purse.

I followed the editor's suggestion the other day and tried to enter into conversation with a swell little lady in the library. Why sure, she talked with me, and then I noticed the tip of a little pink ear protruding from beneath her auburn hair, and quite casually remarked, "Your shell-like

ears have never been pierced, I see." "No, only been bored" was her reply.

I'll leave it to you. But I never could get along with the auburn haired ones.

Listen to this little conversation that I overheard today:

Senior—"George dared me to kiss one of the Co-eds the other night, and I did."

Junior—"Did she get sore?"
Senior—"Are you inferring that I bit her?"

First Flea—Been on a vacation?
Second Flea—No, been on a tramp.

Sunday night at the Mineral:
Bossy in a bowl, stewed leaves on the side.

Slab of mo—let him chew it.
Ham and sand, fry four on two, turn over twice.

Hit the pig in the back, smash Murphy in the eye, break a cartwheel, one on the rinky-dink, three grunts and a bale o' straw.

One splash of red noise, platter of Saturday nights, dough with cow to cover, Eve with the lid on and a chaser of Adam's ale.

Marines in the mud, two squads, deploy 'em, cup of reveille and colored shock troops.

Someone contributed this yesterday:
By the time a man gets to be a Senior he should know how to kiss a girl on the front steps of Morrill Hall in broad daylight. How about it, Bill?

Quite true, Oscar, quite true; but the question is: Did he?

It was our custom yesterday
To speak of liquor, "malt or vinous,"
But now we know that hooch or beer
Is either in a vault, or minus.

Wednesday night, 3 G. M.:
Sagebrush Editor—You say the linotype men and proof readers are all ready?

Assistant—Yes, sir. Everything is ready.

S. E.—All right then. Have all the members of the staff grab a pair of shears and a paste pot. We go to press in half an hour.

She dropped her
Kerchief
As we passed—
She of the broad hat
And clever walk.
I picked it up.
The perfume was—
Well, marvelous.
I rushed back,
Handed it to her,
Looked once
Under the hat,
And hurried on my way.
Moral:
Don't judge women by the perfume they wear.

"I love you,"
She murmured,
And pressing
Her two hands
On his cheeks,
She drew him to her,
But failed to notice
A sluggish stream
Of tobacco juice
That trickled slowly
Down his chin.
—Pelican.

Seven-thirty classes I love best;
I love to rise before the rest,
I like to miss my breakfast too;
I do, I do—like hell I do.

"It's nice but it's knotty," quoth our hero as he bit into the taffy.

The Sagebrush will publish communications on subjects of general interest when signed by the author, but does not necessarily foster any ideas expressed therein, and will not stand responsible for such ideas.

The friends and relatives of Mrs. Mark Scott, nee Mildred Griswold, wish to have the mistake in the article concerning her marriage which appeared in the first issue of the Sagebrush this year corrected.

Miss Griswold did not elope, as was announced in both this paper and the Reno papers, but was accompanied to Salt Lake City by her mother and father, and both of them were present when the ceremony was performed.

BUB'S BIT OF BLUFF

Hello Everybody!

I'm just new—as green as the freshest Frosh, as stuck up as a Soph poster, as innocent as the first wee one ditched, as loyal as the rest of '24.

That was an awful slam the Freshmen girls got! D'yo believe it's all true? Say, I got a bit of that thing called "inside dope." (And say, boys, that's always had authority.)

Those Freshie girls aren't half as meek and shy and tame and "mere babes in the woods" as was made out. Would it have been sportsman-like to raise a rumpus and resist just because they had superior numbers? Should they be criticised for accepting the prescribed and time-honored (?) medicine?

They ate the garlic (* | ! ?) but did they swear allegiance to '23? Well, hardly. They yelled '24! and half the Sophs grinned and let it go at that but that prolonged yell began to get on the nerves of some of those Sophs and they tried to duck a few of the lusty cheerers. Then there was a short free-for-all and the Freshies weren't the first to quit, either.

There was a rush for the door and most of the Freshman girls either managed to get away or were "allowed" to go. And those few that were left—Did they subjugate themselves to the Sophomores? Admitted that they swept the basement floor (and that was mere necessity) but not once did they agree to support the class of '23—as a class.

I guess those Freshman girls will "hold their own." What?

Can't write more now, folks. I've got to save the rest of my lofty lingo for those Profs.

"The moon was just coming up over the jagged rim of the distant mountains, and the faint moonlight gave to everything an uncanny look. A chill wind moaned and sighed in the branches of the trees, fast becoming leafless. It was nearly twelve and still my pursuer followed. I could not lose him. Over fences and down dark alleyways I had led him a merry chase, but always, only a rod or two behind me I could hear the scrape-scratch-scraps of his footsteps. Slowly but surely he seemed to gain on me. My curly hair, now stiff as a wire brush I could feel rapidly turning white from shear fright. I gulped and tried to swallow as I ran, dodging hither and thither in my panic, but his dark shadow was ever behind me—tireless, he seemed, relentless as the finger of fate. At last from utter exhaustion I stopped, crouching in a dark doorway—awaiting what I knew not. In the distance a clock began to toll the hour of midnight. What an age it seemed, for that clock to strike its twelve times. Finally the last stroke died away and he came softly around the corner towards me. He too was tired from the long chase I had led him. His breath seemed to come in gasps. Only ten feet now separated us as I decided to make one last bitter fight for my life. How slow he moved—only five feet distant from me. That terrible face—those wolfish teeth. Only four feet now, and—" "Yes, yes, go on. And then?" "Oh—he only barked."

CLIONIA HOLDS FIRST MEETING

The first meeting of "Clionia," the Arts and Science Club of the university, was held Wednesday evening. The officers and old members of the organization are planning on making "Clionia" one of the leading clubs on the hill this year. Starting last fall with an active membership of seven the number grew until the club composed forty members.

The purpose of the organization is to foster dramatics, debating and literary efforts among its members. It is their desire to produce one play a semester when possible and to give entertainments throughout the year, not only in Reno but in the larger towns in the state for the purpose of acquainting the people with what the university is accomplishing in this line.

Last year the society produced "A Pair of Sixes" both in Reno and Carson City. It also held the interclass debates and two intercollegiate debates. One with the Brigham Young University in Utah, the Clionia representatives were defeated in that contest but later met the team from the College of Pacific here and defeated them.

At present the dramatic committee is considering two plays, "His Majesty Bunker Bean" and "Seven Keys to Baldpate." It is planned to produce one of these plays either the latter part of this semester or the first of next. They also have scheduled two intercollegiate debates for this year with the colleges that they met last term.

This year it is planned to limit the number of members to fifty. If this is carried out only those interested in some one activity of the organization will be taken in.

Prof. A. E. Turner acts as faculty advisor for the society and it is largely due to his efforts that the organization holds its present position in the university. Gerry Eden is president, Dorothy Harrington vice-president, Margaret Barnes secretary; Jack Ross treasurer, Earl Wooster dramatic manager, Toni Zeni debating manager and Edgar Miller publicity manager.

1920 GRADUATES MARRIED IN EAST

Two graduates of the university with the class of 1920 were married yesterday in Toledo, Ohio, in the presence of a few members of the bride's family.

Their marriage is the happy culmination of a college romance dating back for many years on the Hill. Upon his graduation, Thomas B. Jones received a B. S. in Electrical and Mechanical Engineering, and left almost immediately for Toledo where he is connected with the Henry L. Doherty Company as student engineer. Mr. Jones is a man who for almost his entire university course was very active in student body affairs. He held many class and student body offices was president of A. S. U. N. the first semester of last year, a member of S. A. E., Phi Kappa Phi, and Coffin and Keys, and one of last year's honor students.

Mrs. Jones, who formerly was Miss Helen Cahill, also was a very active participant in student body affairs. Not only was she an honor student but on graduation from the school of Arts and Science tied with Herbert Bruce for the gold medal, which is given each year to the graduate who received for his or her entire college course the highest average grades. She was a member of Phi Kappa Phi, and Pi Beta Phi and of D. A. E. in which she took a leading part in many plays. For several years she was a member of the Sagebrush staff. Last year Mrs. Jones was secretary of A. S. U. N. and also an ardent worker of Y. W. C. A., and took part in all university affairs throughout her college course.

Mr. Jones has been in Toledo since last May, while Mrs. Jones remained in Reno. Last week however, the bride and her mother, Mrs. Cahill, left Reno for Toledo where they visited relatives until yesterday when the wedding took place. After a short honeymoon the happy couple will make their home in Toledo.

Good, Old Days

Oh, give us back the good, old days,
Is now the common cry;
Reds, strikes, and H. C. L. are fierce,
Our mouth are sour and dry.

But we are likely to forget
The storms of yesteryear,
And only hold in memory
The times when skies were clear.

Don't wish back cloudy days gone by;
The things that cause repining—
The brass rail and the sugar-bin—
Were just the silver lining.

CORNELL—John Schuler, captain of Cornell's football team for this year has notified the university authorities that he will not return to school this year, giving as his reason the treatment which he declares was given him by the faculty last semester when he was placed on probation on account of his work. His absence will be a heavy blow to Cornell, as he is perhaps the most valuable fullback of that team.

"Sweet is pleasure after pain." So thought two sadly razzed Frosh worthies when, some few days ago, pennies and nickels were rained on them by beneficent Sophomore hazers. One Freshman couldn't raise the price of a Frosh hat. Was he razzed? The present Sophomores are of too kindly a disposition to harm a youth for a fault so obviously not his own. Contrary to all tradition they bought a hat for the boy. Of course, it could not be made an affair of charity so the Frosh was made to sing and recite. His voice was very young and fresh. It pleased the bystanders. Pennies flew toward him and the youngster soon found himself the rich possessor of 175 pennies. He now sports a Frosh hat.

The other case occurred in front of the Sophomore lawn. In a wild rush a babe's pants were torn—well-nigh off of him. Generously the Sophomores threw him coins and the hail of silver netted the tattered Frosh \$16.—California.

"THE INITIATION"

At midnight on a cold Fall day, while all the Frosh were "hitting hay," the upperclass and Sophomores too, unlocked all doors and quickly threw themselves into the Freshies' bunks, with sticks and ropes in bits and chunks. Each Frosh was seized and tied with rope, and Turkish towels that smelled of soap, were tied around each new man's head, making him sightless as if dead. The men were then led down the stairs, and in the hall they sat in chairs, awaiting the will of the Upperclass, who grimly muttered "They shall not pass, the end of my barrel stave without a smack, that will make the very heavens crack." The Freshmen soon were all procured, soon stood on the porch of the hall secured, quite soon were marched Manzanita-ward, by the husky members of the Old Guard, who made them yell, sing and prance, in a lively sort of a hula dance. Now every Frosh was soon arrayed, in a kind of night pajama parade, in state-ly ranks, beneath the screens, that sheltered Manzanita's queens. A tune, melodious and sweet, is the first sound which the ladies meet. The next, an answer to question bold, which has often and often been asked of old: "Who's the sweetest girl in Manzanita Hall?" And the lusty Frosh let out a bawl, "Why of course, Miss Mack! Miss Mack's the one! Ouch! Cut that out, you son of a gun!" And to shriek and laughter of ladies fair, the harassed Freshmen gym-ward tear, to take their medicine just like men, and later to return to Hall again;—to seek

URUGUAY LEADING S. A. CONFERENCE

The South American football teams are in the midst of a conference to determine the championship of the South American Republics. In a game held Monday at Vina Del Mar, Chile, the Uruguay eleven defeated the squad from Brazil, 6 to 0, placing Uruguay in the lead with seven points. The next game in the series will be held Monday when Argentine and Chile will mix.

"Yes," said Mr. Newrox complacently, "I reckon I got as fine a collection of books as you'd likely come across. And every volume autographed."

"Some of the autographs were rather difficult to obtain, were they not?"

"Oh, so-so! You can get most anything if you are willin' to pay for it. Now here's one that cost something worth talkin' about—but I told my agent I had to have it, and he finally found it for me—Boswell's 'Life of Johnson,' with Dr. Johnson's own autograph on the flyleaf."

candidate for the center berth is bothered with an old injury to a rib, and Vince Dunne, Varsity fullback, is still limping with a sore ankle and will no doubt be kept out.

It is still doubtful as to what the lineup will be Saturday but the dope looks like the following: Fisher will probably start at center, with "Tiny" Fairchild and Buckman in the guard positions. "Oats" Wright and Al Reed look certain to hold down tackle with Bill Martin and Ted Fairchild flanking them at end. Bradshaw will call signals as usual, with Capt. Ed Reed and "Windy" Johnson carrying the ball in the backfield. Grant looks good for the start at fullback. A number of mighty strong men will be waiting to fill any vacant gaps should they appear and from indications shown in both practice games this season will give account of themselves if they get the chance. Hammert, Middleton, Scranton, Charles, Church and Foster are all valuable men in the backfield, and with Oliver, Bailey, Harwood, Goodwin, Riese, Egan, Larson, Duborg, James, Griswold and many others eligible for the line, the lack of suitable men need worry no one.

The game Saturday will be called sharply at 2:30 on Mackay Field and high hopes are held for a record attendance. Sections will be held apart for the use of students only and this feature should prove very valuable to the yell leader in keeping a hold on the yelling. Students will not be allowed except in these sections, and absolutely no one will be permitted on the field or in the training quarters except special guests and officials.

Everybody on and bring your friends, families and relatives. Fill up the bleachers and start the ball rolling for another season like last year, with a little percentage extra added for good measure and watch how the game comes out.

LET'S GO, NEVADA.

STUDENT BODY HOLDS MEETING

The good old time Nevada spirit was flying high at the first meeting of the A. S. U. N. held in the bleachers last Friday morning. Class yells from 18 to 24 were given, topped off by a big N-e-v-a-d-a. Cooperation and pep was the keynote of the meeting from the time President Dick Bryan called order until adjournment.

In appreciation and consideration of the splendid work Coach Courtright has done as athletic manager, the student body unanimously voted him a monthly salary of \$25. His assistant, who takes charge of the athletic supplies, is to be paid the regular student rate per hour.

We want some new yells to express some of this new store of jazz and everyone is requested to write up a few and hand them to any member of the executive committee. The announcement was made that there would be a practice game between two picked teams and a bleacher rally to be held the next afternoon. It was voted that Frosh be required to be present and that all other students be invited. In order to be prepared to show off our team and work up a little more college spirit, it was planned to have a football rally in the gym Friday night before the Davis game. The yell leader is to be chosen at this meeting.

To meet the ever-growing demand of our Freshmen for A. S. U. N. constitutions a committee has been appointed to revise the constitution and have a new supply printed. Gerry Eden, Helen Fuss and Ernest Harker were appointed as the health committee for this year. The announcement was made that all Freshmen were to appear on the bleachers Saturday morning for a general clean up. We were reminded of the big annual football show. This year is to be a bigger, better one, and every organization must get busy for their stunt.

The meeting was thrown open to nominations to fill the vacancies in A. S. U. N. executive committee. Ed Reed, Noble Waite and Evelyn Walker were nominated for junior representatives and Gerry Eden and Leslie Bruce for the position of assistant editor of the Sagebrush.

This is Nevada's big year and with four hundred members present at A. S. U. N. meetings Nevada will do big things.

Evelyn Pedrole spent the week-end at her home in Franktown.

Mrs. Cordes of Gardnerville visited her daughter for a few days this week. Zelma Kitzmeyer and Irma Eason went to Carson for Sunday dinner.

Evelyn Stock went to her home in Virginia City for the week-end.

Dorothy Kappler visited friends in Sparks Saturday and Sunday.

Ramona Brockliss left for Gardnerville Friday to spend the week-end with her family.

Manzanita family is larger this year than ever before. There are 76 girls in the Hall at present and prospects of several new Frosh arriving before long.

MANY NEVADA PROFS VISIT ELKO FAIR

The University of Nevada was well represented at the Elko County Fair held last week in Elko. Ten people connected with the university and extension work being present.

Some of the university's prize stock consisting of horses, cows and sheep were entered in the fair and were under the charge of Dean Stewart and Prof. Scott. Mr. Collins, state leader of Boys' and Girls' Clubs, together with Dean Stewart and Prof. Scott helped as judges of the various stock exhibits of which there were a great number. County Agent Chester Brennan and Miss Mildred Meskimmons, former grads of the university, were in charge of exhibits from their departments, that of Miss Meskimmons being Home Demonstration Work at the High School.

The live stock exhibit was unusually fine and the agricultural displays were larger and better than it had been hoped they would be. The fair was a huge success from beginning to end and was viewed by hundreds of people from the northern part of the state.

Besides the men above mentioned those attending the fair from the university were: President Clark, Miss Margaret Johnson, State Home Demonstration leader; Merle D. Collins, state leader of Boys' and Girls' Clubs; Prof. F. W. Wilson, Dean Stewart, Prof. V. E. Scott and Mrs. Smith of the Agricultural Extension division.

executed pass from Bradshaw to Ted Fairchild earned 16 yards. Johnson made 3 through the line. Bradshaw was caught behind the line and lost 15 yards. Bradshaw punted 40 yards to Church who was stopped with no advance. Charles made a yard thru center. Scranton gained 2 over right tackle. The Varsity was penalized 5 yards for offside play. Charles failed to gain. Scranton failed to gain thru the line. On the next play Hammert pulled off the prettiest run of the game when he broke thru the Varsity line, slipped away from half a dozen men, including Bradshaw playing safety and was finally stopped after gaining 50 yards. A pass from Church to Goodwin was incomplete. Hammert went through for 2 yards. Another incomplete pass by the Seconds and Church punted over the Varsity goal line, the ball being brought out 20 yards. Johnson made 3 for the Varsity, and on the next play lost 8, being caught without interference. Bradshaw gained 20 yards around left end and then added 5 on a skin tackle play. The whistle blew with the Varsity holding the ball on their 40 yard line.

The second half opened with a few changes in both lineups, Grant coming out, Foster going in at left half and Johnson playing full. For the Seconds, Middleton went again at full, Hammert taking right half and Charles coming out. On the kickoff Hammert ran the ball back 20 yards and followed in the next play with a gain thru the line of 4 yards. Middleton fumbled at the line and Johnson recovered, making 20 yards before he was called back account of Varsity being offside. The ball went to the Seconds. Hammert made 3 over tackle. On the next play the Seconds fumbled and the Varsity recovered. Johnson went thru the line for 5 yards. Foster made 10 yards thru center. Foster lost 7 on a play around right end. Bradshaw made 10 yards over left tackle. Johnson gained 9 thru center and followed with 4 thru the same place. Bradshaw took the ball around right end on the next play for 30 yards and a touchdown. Heward kicked goal. Varsity 21, Seconds 0.

Heward kicked off to Hammert who advanced the ball 23 yards. Middleton gained 3 thru the line. Charles went in for Middleton and Witter for Faulbaum. Church made 3. Hammert was thrown back by Ted Fairchild for a loss of 8 yards. Church punted 30 yards with the ball anybody's and Witter recovered. Hammert no gain. With a pretty pass for 20 yards from Church to Goodwin, the Seconds made their first and only score. The goal was converted. Varsity 21, Seconds 7. The Seconds kicked off to Fisher

ing taking right guard. Hammert made 2 yards and repeated for 3 on the next play, and the whistle blew for the end of the third quarter.

The last quarter opened with the ball in possession of the Seconds on their 40 yard line. Charles fumbled and Hammert recovered. Church kicked to Bradshaw who ran the ball back for 4 yards. Johnson made 6 over tackle. The prettiest pass of the game was made in the next play when Ted Fairchild caught the ball in the midst of several players after a 30-yard pass from Bradshaw. Foster took 3 over tackle, Reed gained 1, Johnson went thru for 6 followed by Reed who carried the ball over for a touchdown. Johnson kicked the goal. Varsity 28, Seconds 7.

Heward kicked over the Seconds' goal line and the ball was brought back 20 yards. Church was caught behind the line and lost 4 yards but came back on the next play for a gain of 5. Hammert fumbled and Tiny Fairchild recovered. Foster went around right end for a touchdown on the next play. Heward kicked goal. Varsity 35, Seconds 7.

**BLOCK N DECIDES
"N" PAINTING DAY**

The first Block N meeting of the year was called to order by the president, Noble Waite, in the training quarters Saturday immediately following the practice game.

It was decided that the Freshmen should paint the 'N' on Saturday, October 16. It was thought that on that day there would be very little other affairs to interfere with the work, as the football team will be playing away from home and that the Frosh could devote their entire time and interests to making the Block N glisten.

The question of standardizing the Block 'N' for sweaters was discussed and also the possibility of having different letters for the different sports. No definite action was taken out but a committee composed of Al Reed and Ted Fairchild was appointed to consider the matter.

It was also decided to hold Block N dances after the football games for the purpose of entertaining visiting teams. Pearl Decker and George Egan were appointed on the committee to make arrangements.

A large draft of negroes came into one of the replacement camps in this country. The exasperated personnel staff was having its troubles, and one of the men, whose duty it was to find out the men's home addresses, asked: "Where did you come from?"

"Oh," was the reply, "Ah just got off'n the train out hyer."

"Dam it all, I knew you just came in, but where from?"

"Does y'all mean where is Ah was before Ah come hyer?"

"Yes, that's what I mean."

"Oh, Ah was in jail, in Pine Bluff."

"The captain, who was baldish, answered gruffer than ever:

"Line up the hairs and number off to the right. Odd numbers each want a half-inch. Dress smartly with bay rum and brilliantine. Then dismiss."

Hard Luck

By James J. Montague

I thought as a boy I should highly enjoy

The job of a king of finance,
Owning railroads and banks, bonds in opulent hanks

And scores of industrial plants.
I commenced my career as a high financier

By securing a job as a clerk.
But abandoned the plan when one day I began

To see it consisted of work.

I started one day on a musical play,
For men in the dramatist game

When once they succeed have far more than they need

Of money and glory and fame.
I toiled like a streak for as much as a week,

And then left my comedy flat,
For I fell for the fact when I'd started one act

That there also was labor in that.

I thought I would be a distinguished M.D.

And cure millionaires of the gout,
And gather in gold and be widely extolled

For cutting appendixes out.
To learn how to use a prescription for booze

I thought would be simply sublime,
But I quit when I found by inquiring around

That doctors work most of the time.

I have tested each trade by which fortunes are made,

But found that they all are the same,
And as I recoil from my manner of toil

I do not seem destined for fame.
Too late I'm aware that this life is a snare;

My hopes have been ruthlessly hurled
To the depths of the pit, for I'm forced to admit

It is labor that wins in this world.

**BIG RADIO PLANT
FOR UNIVERSITY**

(Continued from Page 1.)

Section B. of the S. A. T. C. has been turned over to the radio men and it is now being remodeled for use. The west end of the building, which measures approximately 18 by 32 feet is being made into an operating and battery room and the east end of the building will be fitted up as a laboratory and store room.

The masts will be spliced telegraph poles, and will be 80 feet above the ground, giving a 300-foot span to the antennae which will consist of 8 to 10 strands. A counterpoise ground will be used for this type of radio outfit and will be placed probably 6 to 8 feet above the ground.

A large part of the necessary apparatus has already arrived, and is valued at over \$6000, which when the remodeling of the building is completed, will bring the cost of this station to from \$8500 to \$9000.

This station must be in operation by October 1st, and work on its installation is being rushed with all possible speed and when the work is completed the University students will have an opportunity to observe the workings of a modern radio plant. It is hoped that in the near future that the University will put in a course in Radio Engineering for the benefit of many students who heretofore did not have the opportunity to receive instruction in this new engineering course. The men who will be stationed at the new radio plant will be allowed the use of the Physics laboratory and E. E. laboratory and apparatus in their experiments in the radio line.

No radio phones will be installed in the plant at present but it is expected that at an early date these too may be installed, thus increasing the efficiency of the air mail service a great deal.
