Nevada-California League Plans Made

CLONIA TRYOUTS HELD THIS WEEK

Much enthusiasm is being shown by about thirty students in the tryouts for the Clonia play, "His Majesty, Bunker Bean." Two tryouts were held on December 8 and two more on Tuesday and Wednesday of this week. Prof. Turner, the society's dramatic coach, has been working hard at the task of selecting the cast, but, as yet, has not decided upon any one character. As there are eighteen parts the cast, most of which are character portrayals, the task of selecting them is one of vast importance and very difficultly. "Bunker Bean" and "Pops" are two of the characters that are very much in doubt at present. A number of persons have tried for each of these but no one has exactly suited either character as yet. There are possibilities for each of the other male characters and they will be selected in the next few days. The feminine characters are also hard to select. Many of them are studies in psychology and will be hard to pick. The cast will in all probabilities, be selected and published next week.

The judges for the interclass debates last week were accidentally omitted. They were Dr. Church, Mr. Kukulinski and Mr. Springmeyer. They were given a vote of thanks by the members of Clonia for assisting in selecting the various teams.

COLLEGE INCREASE IS LARGE FOR 1920

Many colleges and universities over the country show large increase in attendance over that of last year in their semi-annual reports. Kansas State shows the largest gain over 1919-1920 of 96 per cent. Otterbein, Ohio, comes next with 87 per cent, Penn State 33 per cent, Wake Forest College, N. C., with 32 per cent, and University of California with 28 per cent. It is interesting to note that certain institutions, Yale, Tulane, Butler, Hamline and Roanoke College show steady decreases, as do nearly all of the Women's Colleges. Eastern colleges show the smallest per cent of gain this year.

Official registration figures for the fall semester of 1920 in various universities and colleges are: Columbia 23,793, California 16,379, New York 9,861, Illinois 8,291, Boston 7,866, Minnesota 7,437, and Ohio State 7,156.

Denver University is considering the installation of the point system.

"WHO'S WHO" IN U. OF N. FACULTY

The faculty of the University of Nevada contains eight members who are listed in "Who's Who in America" in the 1920 to 1921 edition. The faculty of the U. of N. contains fifty-nine members, including the president, vice-president, librarian and any who give instruction. With these figures as a basis the total per cent of the faculty listed in the book comes to a little over thirteen and five-tenths.

The "Sagebrush" wonders if there is another school in the country that can show a larger per cent, considering, as has been stated before, all who give instruction.

The following data regarding the members listed has been compiled for the "Sagebrush" from "Who's Who":

Dr. Walter Ernest Clark, president of the University, was granted an A.B. degree from Ohio Wesleyan University in 1896 and an A. M. degree in 1898. In 1903 he was granted a Ph.D. degree from Columbia University. The degree of L.L. D. was granted him by Ohio Wesleyan University in 1918. He was instructor in mathematics in Ohio Wesleyan from 1896 to 1899; head of the department of political science in the College of the City of New York from 1907 to 1917. He is a member of the Phi Kappa Phi, Phi Delta Theta and Phi Beta Kappa fraternities and Trowel and Square at University of Nevada. He is the author of "Joshua Tucker, Economist," 1903; "The Trust Problem," 1913, (joint author) and the "Cost of Living," 1915. He is also the author of many magazine articles and reviews on trusts, rising prices, tariff and taxation.

(Continued on Page 3.)

HALL FROSH TRIM NORTHWESTERNERS

Last Friday night the Lincoln Hall Freshmen's basketball team defeated the Northwestern Athletic club in a hard fought game. Both teams were in good condition and the final score of 27 to 20 speaks well for the players on both teams.

A good sized crowd occupied the balcony and rooting for both sides was strenuous and almost as interesting as the game itself. Among the number present was our friend Eddie Reed, who was the only University man to bring a girl. It must be admitted that one who has the spirit to bring a girl to help root for the Frosh, is well deserving of the cheers raised for him when he leaves.

At the end of the first half, the Freshmen led the rival team with a score of 13 to 8. The second half was more severe for both teams as a tie was maintained until the last few minutes of play, when the Frosh again took the lead, adding to their score, 14 points to their opponents' 12.

The teams were: Northwestern—Kuhn, center; Pratt, forward; Cahlan, forward; Wischell, guard; Wilson, guard; Manetti, center; Humphrey, goal.

Lincoln Hall—Goodwin, center; Adams, forward; Lester, forward; Hearne, guard; Scranton, guard; Hammett, goal.

Referee George Egan allowed the captains to enter all their substitutes during the course of the game.

OUTLOOK FOR COED HOOPSTERS IS GOOD

The girls' basketball season has started, under the direction of Miss Catherine Somers, with prospects of turning out some skillful teams. There are about forty girls out among whom are Captain Hallie Organ, Helen Fuß, Adele Clinton, Rose Mitchell, June Harriman and Erma Hoskins, six girls from last year's team, and fifteen girls who played in the High School tournament held here last spring. Besides those there is some new material that will develop. Miss Somers, who is coaching the team, is giving special attention to girls who have never played before and they are urged to come out and try the game.

During February, an interclass basketball tournament will be held to determine the owner of the silver loving cup given to the champions of the Girls' Interclass Basketball tourney, and the class of '21 expect to make their final effort to win the cup. The present Senior class '21 held the cup for two years, but lost it last year to the class of '23. However, the present Frosh class have mental pictures of their colors safely ensconced on the cup and unless strong competition is offered them by the other three classes, their chances are good for having their hopes fulfilled.

As yet, no definite contracts have been made for intercollegiate games, but business manager Hallie Organ is corresponding with the Young Ladies' Institute of San Francisco, Oregon Aggies, Stanford and the College of Pacific, and it is hoped that games will be scheduled with each of these teams for next semester, when the intercollegiate season opens.

Those women who played in the High School tournament are: Helen Cordes, Gardnerville; Hortense Haughey, Lovelock; Dorothy Middleton, Elko; Clariba Fortune, Reno; Louise Grubnau, Reno; Helen Watkins, Reno; Bessie Jones, Reno; Ruby Spoon, Fallon; Anna York, Fallon; Margaret York, Fallon; Bertha Stanfast, Goldfield; Verda Luce, Tonopah; Letitia Sawle, Tonopah.

ARIZONA A. A. E. WINS SILVER CUP

In the national membership campaign conducted by the American Association of Engineers, the University of Arizona student chapter won the silver campaign cup by having at the end of the campaign one hundred per cent of the engineering students in the University of Arizona as members. Dean Butler of the college of Mines and Engineering, has recently received official word that the University won first place in the campaign. The telegram received from C. E. Drayer, national secretary of the association, from National headquarters, Chicago, reads as follows:

"University of Arizona first to return one hundred per cent membership. National headquarters extends hearty congratulations on the remarkable showing. You and your students surely personify the American Association of Engineers spirit which strives for perfection. One hundred per cent is perfection."—Arizona Wildcat.

—U. of N.—
Make a date for Feb. 5.

Schedule Drawn Up For Basket Games

VARSITY PLAYS ITS FIRST GAME AGAINST ST. MARYS' TEAM ON HOME FLOOR JANUARY 22—SANTA CLARA AND CALIFORNIA COME HERE IN FEBRUARY AND MARCH—TENTATIVE GAME WITH STANFORD, IS ARRANGED

At a meeting of the representatives of the different basketball teams in the Nevada-California Basketball League, the schedule for the season was drawn up and rules and regulations adopted. Contrary to advanced dope, California and Stanford failed to withdraw as was threatened, but entered the league as heretofore. Present at the conference, which was held at Oakland store of A. G. Spaulding & Bros., were the following: Coach Christie of California who presided; R. O. Courtright of Nevada; J. R. Klawans, C. R. Gremmepp, W. H. Hollander, J. B. O'Conner, Brother Vasasian, Earl White, A. L. Mains, Ed Martin, Doc Seawright, V. W. Hallinan and James Boyle, representing California, Nevada, Santa Clara, St. Ignatius, St. Marys, University of Pacific, Davis Farm and Stanford.

Rules and plans for the season will be much the same as last year. Under the schedule drawn up, Nevada and Stanford each play seven games in the series, California plays five games and the remaining teams each meeting six others. California and Stanford play two games, one on the Berkeley court, February 11, and the other on the Stanford floor, February 26. These two teams are the only ones which will play two games with any other.

Nevada plays her first game against St. Marys on the home floor on January 22. The following week the team will leave on the coast trip, which will take about a week. On this trip the

Varsity will meet St. Ignatius on their floor on January 29; Pacific on the C. O. P. court on the 31st; Stanford on the Cardinal floor February 2 (tentative); and playing the last game on the trip against Davis Aggies on their way home, at the Davis gym on February 4. The following week Santa Clara will play in Reno, the night of February 12. The game with California will be played in Reno some time in March, the exact date as yet not having been fixed. With this lineup Nevada fans will witness practically the best games of the season in the Gym, all of the teams playing here being among the best in the league, so that no one should be forced to leave the Gym during a game by reason of the game getting slow.

Several other games are still indefinite as to where they will be played. Stanford plays Santa Clara on January 12, the place being still undecided, and the same with the Cardinal game against St. Marys on January 15. Nevada will meet California on the Reno floor, the date being some time in March, though still undecided.

Nevada's games follow, the other games being printed elsewhere in this issue:

- Jan. 22—St. Marys at Reno.
- Jan. 29—St. Ignatius at S. I.
- Jan. 31—Pacific at Pacific.
- Feb. 2—Stanford at Palo Alto (tentative.)
- Feb. 4—Davis at Davis.
- Feb. 12—Santa Clara at Reno.
- Mar. California at Reno.

NEW YORK TIMES SHOWS BIG GAMES

"Exciting games on the gridiron in East and West that marked the climax of the college football season" is the caption appearing over a full page of football photos, which appeared in the December 2nd issue of the Midweek Pictorial, of the New York Times. The top half of the page was given to a large view of the famous Yale bowl during the Harvard-Yale game, which was watched by over 80,000 people. Two smaller insets showed thrilling plays which were tried in the game.

A large half page picture showed the Nevada Varsity in action against the U. S. C. Trojans at Los Angeles, and showed Dean of U. S. C. carrying the ball and being stopped by Ed Reed and Ted Fairchild of Nevada. Dean is up in the air about two feet, and still plowing. Buckman, Tiny Fairchild and Vince Dunne are all shown in the picture, hurrying to get in the play. The caption is in error however, stating that Dean is being stopped by Fairchild and Bradshaw, while the players are Fairchild and Capt. Reed instead of Bradshaw. Bradshaw was playing safety at the time and is not shown in the picture.

—U. of N.—
The co-eds at Rice Institute will be allowed to cheer with the men in all yells, and have been given special training for that purpose.

PHI KAPPA PHI PICKS FOUR MORE

At a meeting of the Nevada chapter of Phi Kappa Phi, honorary scholarship fraternity, four new members were elected from the Senior class for high scholarship throughout their college course, coupled with a prominent connection with college activities. The new elects are: Charles Chatfield of the College of Arts and Science; Ernest Metscher, of the School of Mines; Leila Sloan, of the Arts and Science College, and Virginia Higgins, Arts and Science. They will probably be initiated at a later meeting during the second semester.

Reno High Notes

Captain Page, who has been Professor of Military Training and Tactics at Reno High School for the past two years, has received orders to proceed to Fort Sill, Oklahoma. He is to be succeeded by Major Richards from St. John's Academy, New York City.

It is with sorrow that we learn that Captain Page is to leave us. He has proved a great friend and an invaluable associate to us. The value of his work as a coach for our athletic teams cannot be told in mere words. After he has left us we will always cherish the fondest memories of him.

On Friday night there are two important functions. At the High School two plays will be given. The first, entitled "A Woman's Won't," is a farce, concerning the difficulties of a young married couple. The parts are taken by John Van Nagel, Olga Laoli, Zeimer Hawkins, Adeline Vietti, Earle W. Walther and Claire Campbell. The other play, "Rubber Boots" is a burlesque farce, with Rosie Pino, Julian Eltinge, Thelma, Thelma Ceander and John Ackeltree. Miss Foxwell by her unceasing work has made both of these plays possible.

The same night at the Wilsonian Hall, the Omega Nu Sorority are giving a charity ball. It has been arranged so that it will be possible to attend the function at the High School and afterward go down town and dance until morning (if you want to.) All the proceeds are going to be turned over to the Salvation Army for charity.

Reno Hi has played several basket games so far this season. The boys defeated Fallon 43 to 14 and the girls 54 to 17, and the boys also defeated the N. A. C. by a 26 to 23 score. A game has been scheduled with the U. of N. Frosh, January 7th or 8th. Many of last year's team are back and the prospects for this season are bright. Lineup of this season's regulars is: Gibbons, center; McGinnis and Lorigan, guards; Harrison and Louline forwards.

U. of N.

VIRGINIA HOOPSTERS DIVIDE HONORS

(Special Correspondence.)

A good sized crowd attended the games last Friday evening between the boys' and girls' teams of Sparks and Virginia High Schools at National Hall. The games were well played and exciting contests provided for the fans.

The first game between the girls was won by Virginia by a score of 21 to 12. The local girls' team excelled in team work and superior skill in goal tossing. The Virginia boys lost to the tune of 27 to 17. The first half, Sparks had the edge and finished by a score of 13 to 5. In the second half the Comstock boys speeded up and held the visitors about even, Sparks scoring 14 to Virginia's 12 points for the period. Following the games, the visitors were given a banquet in the reading room and on Saturday visited the mines.

Owing to the kindness of the management of the Virginia Theatre a Home Economics Benefit show and Glee Club program was given last Friday and Saturday nights. As the weather was stormy the large crowd expected did not materialize so the returns were not as large as they might have been. The net receipts went to the Home Economics Department.

COLORADO—Plans have been completed for a new \$300,000 gymnasium, work on which is to commence very soon. The building, which will be 256 feet long by 172 feet deep, will be one of the most modern and complete in the country, the main gym being 80 by 100 feet, and a cinder paved, walled in court for gymnastic purposes being 90 by 120 feet. Around the 30 by 75 swimming pool will be galleries. In addition to the above mentioned, there will be an auxiliary gym, locker rooms, rubbing rooms, a trophy room and other features.

WISCONSIN—The state hospital soon to be erected on the campus at the University of Wisconsin will be the largest building there. The cost is estimated at \$600,000, and will be operated in connection with the medical school.

JOHNS HOPKINS—A course in the psychology of music has been announced. The course will cover the psychology of hearing, the psychological principle underlying melody, harmony and rhythm and the musical art work.

INDIANA—Eight hundred and eighty-four courses are offered at Indiana university this year. The new school of commerce and finance opened with a large enrollment. Difficulty in retaining faculty members has been apparently due to the salaries paid.

COLUMBIA—Miyo Kohashi has been studying journalism at Columbia university. She is the first Japanese woman to edit a woman's page in her own country.

NEW YORK—Along with the new graduate school of business administration at New York University a bureau of business research has been established. This bureau will place the facilities of the school at the service of the business men and public officials.

SYRACUSE—Steps have been taken to build new dormitories to house the women at Syracuse University. Accommodations provide for 1,000 at present and over 1,000 are quartered in private homes.

HARVARD—The baseball team is scheduled to play twenty-four games this season and will train at Atlanta, Georgia, where it will meet many southern teams.

WASHINGTON STATE COLLEGE
The wives of students recently formed an organization known as "The W. S. C. Dames." The purpose of the club is for the betterment of social relations among the students' wives. About forty have joined the club. Three judging teams represented Washington State at the Pacific Inter-stock judging, dairy judging, and dairy products competed for honors. In the stock judging contest the University of Idaho won first; University of Utah, second, and O. A. C. and W. S. C. tied for third. In dairy judging, the University of British Columbia won first, and Washington State, second. In dairy products, University of California won first, with Washington State again second.

A \$300,000 gymnasium campaign was recently conducted at a special mass meeting of the students. It was voted unanimously to institute an addition of \$10 to the tuition fee each semester until the required amount was

FACULTY LEADING IN RIFLE SHOOT

Last Friday afternoon the gallery range was open to all students of the University that wish to try out for one of the various student team that will compete some time during this month.

The "Old Vets" team is rounding into shape under the leadership of Al Reed, and the "Scribes" of the Sagebrush have already had a workout. Bill Martin is organizing the Upper-class team and feels sure that his gang can carry off any trophies that are offered. However the faculty have made some of the best records to date and the Profs have all promised themselves that they will have a drink, of something, out of the cup, if one is offered.

Ammunition cannot be furnished free to civilian contestants, as was stated in a former issue of the Sagebrush. The supply that was on hand belonged to the University, but that has been used up and further shells will have to be purchased. However, Col. Ryan is endeavoring to purchase a quantity and this will be on sale at the gallery by the sergeant in charge.

raised. By this plan, Washington State will have the required amount in five years, whereas any other plan would take ten or more years. The legislature is expected to match dollar for dollar. Two gymnasiums will be built, first a men's and then a women's.

CALIFORNIA—Extravagances of formal dances held on the California campus are under fire by the student newspaper, the Daily Californian. It is pointed out by the paper that the expenses of "Junior Day" which was celebrated last week, totaled more than \$18 for the men who attended the farce in the afternoon and the prom in the evening.

Members of the class resent the charges made against their ceremony, and declare that the majority of the men spent only ten dollars during the day. Facts and figures are quoted by both sides of the controversy to prove their arguments, the Juniors declaring that the items for taxis, flowers, and candy, and also those for hiring dress suits and renting autos for the evening, should not be included in the list of the day's expenses because so few of the students indulged in these extravagances.

There is a general movement of reform on the campus to cut down the expenses of all social affairs. Flowers are now barred at all campus dances by universal ruling.

WINNEMUCCA DOWNS BATTLE MOUNTAIN

(Special Correspondence.)

Last Friday night the Humboldt County High School boys went to Battle Mountain to play a return game with the Lander county boys. They were met by members of the Battle Mountain team and taken to their rooms and then taken to dinner. At 8:15 o'clock the game started with the Winnemucca boys taking the lead.

Playing a fast, clean game, but somewhat confused by the small floor, the margin gradually lengthened between the two teams. The score at the end of the first half was 27-19 in favor of Humboldt. Winnemucca's line-up was changed in the second half, Rose going in at center and Harms playing forward.

Battle Mountain, encouraged by the loyal rooters of the town, kept up hope, and they made Winnemucca struggle to keep their early lead. The game was an exciting one from start to finish, and the friendly feeling between the two teams was in evidence throughout.

U. of N.

NOTICE

DEPT. OF P. E.

1. It will be necessary to postpone the posture tests until the first week of next semester.

2. Suit inspection will take place at the time of registration. We will sign no cards for this semester's students unless they present for inspection suit with belt, guimpes, shoes and stockings ALL CLEARLY marked (at home), with last name in full.

3. All lockers must be cleared and left OPEN and all suits must be removed from the gymnasium by Saturday noon. After that locks will be sawed off and will not be responsible for articles left lying around. There will be a 25 cent fine PER ARTICLE left over the holidays.

4. Girls who have not completed their examinations or who would like to get their suits may do so on Friday December 17th between 10 and 12:15 and 4 and 5:30 p. m., or on Saturday between 11 and 12 a. m.

5. All towels or 75 cents in place of lost towel must be turned in at the above times. An incomplete grade will be given if this matter is not attended to on time.

“BRUSH” SCRIBES MAKE BIG SCORE

The Sagebrush Sharpshooters team of invincible riflemen have just finished a week of strenuous practice on the University rifle range. The results have been remarkable and it is conceded on the Hill that the Faculty and Cadet teams will go down to defeat before these veteran riflemen.

The Bryan brothers, ex-cowpunchers and prospectors, were in their time acknowledged the best shots in Colorado and one still hears of their supremacy on the cattle ranges of northern Nevada. Les Bruce, who will man the editorial guns of next year's Sagebrush, is considered one of the strongest men on the team, and John Douglas, too, squeezes a mean trigger.

On the range Bailey and Ross have been showing good form, handling their rifles with skill and precision. Of course some time was required to master the intricacies of the batteries but this accomplished they soon demonstrated to the admiring crowd of Frosh who crowded the gallery, that they were old timers. Bailey stepped out on the mat and made seven consecutive misses. On the eighth shot his form broke and he fluked a bulls-eye. This did not discourage him however, for the remaining seven shots were again clean misses.

Ross went to bat with everything in his favor, having sneaked up several feet on the target and adjusted the sights to 500 yards, then nonchalantly scored on a window pane six or seven feet to the right of the target. At this remarkable exhibition of trick shooting the Frosh stood dumbfounded, their chins beating on their knees, unconscious of the admiring glances Ross continued to shoot, scoring 15 out of a possible 100. Bailey's score was not allowed on account of some low spirited person maintaining that his bulls-eye was not a fluke but the result of a well directed nail.

The meeting last week at the city Y. W. C. A. was very interesting. Miss Moyer told of the conference recently held in Switzerland. She spoke about the struggles that some of the foreign girls who attended that conference go through in order to get an education. They will live on almost nothing and endure almost any hardship in order to keep at school. We in America who work to pay all or a part of our college expenses, cannot realize how foreign people have to slave to get the same things we are striving for.

Miss Moyer also spoke of the need for more Y secretaries, especially in the town and country districts. There are many urgent demands for secretaries and the work is interesting and enjoyable.

This week's meeting was the Christmas meeting. It was held at Mrs. Frank Humphrey's home. There was a large Christmas tree, decorated with tinsel and other gay “fixings” and each girl brought a gift to be hung on the tree. Each present did not cost over 15 cents, so that they were very unique and original. Some were funny and some were very dainty, hand-made affairs. Each girl wrote her name on a slip of paper and put it in a box. Then the names were drawn out and the gift given to the girl whose name had been drawn. In this way everyone had a present. There was special music and Christmas songs and the meeting was voted one of the best this year.

There will be no more meetings until next semester, but during the holidays the Y rooms will be open downtown. Miss Doris DeHart will take Miss Moyer's place during this time and she has extended a cordial invitation to all University women remaining at Manzanita or downtown during vacation, to come down at any time.

—U. of N.—

Upon being asked why he deserted a negro replied: “Well, suh, them scarpnell didn't scare me none and I wasn't much afeared of them ginades, but when a white man says them is goin' to shoot a garage at me, ma feet just taken me away from there!”

LOCAL MAN EXPOSED

For some time past the Saps, the new local, have been under investigation. Silently and swiftly they invaded the campus. One morning there was a whisper, the merest rumor, every sober minded man and woman on the Hill smiled incredulously. It was impossible for such a radical organization could not exist and would not find any followers. This was the opinion of the nations of Europe when bolshevism began to be whispered among the poor, the illiterate and the starving millions of Russia. The world laughed. It was a joke—really it was. What could these masses of people, without the necessities of life even, do against the wealth and discipline of law and order. Today Soviet Russia stands conquering over the fallen leaders of law and order, and today the Saps have entrenched themselves on the campus.

They are here to stay and the only sensible thing for the students to do is to accept them. Tolerate them at least for the time being as yet there is no antidote known.

As a result of the investigation that has been carried on it has been discovered that one Bill Herndon is not the original Sap as was first thought by many University people. A document of a rather curious nature was found among the personal papers of this Mr. Herndon and it was after a careful study of its contents that the conclusion was reached that he was not entitled to that distinction. The paper read as follows:

“Pippin who lived and sported around Europe some years before the World War was noted for his generosity. He gave all of his private property to the church; in fact he even gave his children toys. Now this man Pippin had an orchard and the trees bore berries and they also contained great quantities of Sap. Hence the names Berry and Sap.”

Therefore the conclusion is that while Pippin might have been a Berry he was undoubtedly the original Sap. The modern interpretation would be that anyone who gave his wealth, private or otherwise, to State would be a Sap. Now the rascally Mr. Herndon stands before the student body in his true light and we deplore the fact that he deceived us by stealing old Pippin's smoke. —KIP.

—U. of N.—

The Burden of Proof

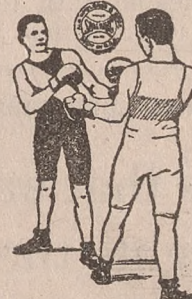

Professor Alfred Noyes, the English poet, it is known, likes very much to read his works aloud to his friends, and at Princeton, with so many young men under him, he is usually able to gratify this liking to the full. The other day Professor Noyes said to a junior who had called about an examination: “Wait a minute. Don't go yet. I want to show you the proofs of my new book of poems.” But the junior made for the door frantically. “No, no,” he said. “I don't need proofs. Your word is enough for me, professor.”—Argonaut.

—U. of N.—

Ma's Mistake

Father—No, my son. I don't know the Latin for “people.”
Johnny—Populi.
Mother—Johnny! How dare you accuse your father of lying?—Boston Transcript.

Communications not to exceed 300 words, if signed, the signature not necessarily to appear in print, but as an evidence of good faith, and notices of events, or lost and found articles will be published in the columns of the Sagebrush at the discretion of the Editor, if left at or mailed to the Sagebrush by Monday night of each week.
The Sagebrush however does not necessarily endorse the sentiments expressed in the communications, but will be published since the columns of this paper are always open to constructive criticism or ideas of the students and faculty.

RENO, NEVADA, THURSDAY, DECEMBER 16, 1920

THE JUNIOR PROM

The handsome attendance at the Junior Prom augurs well for the success of all future Campus dances. The Associated Student Constitution provides for the annual class dances but does not stipulate where they are to be held. Probably it did not enter the minds of the framers of the Constitution that the dances would ever be held off the Campus. Nevertheless, in the last year or two, the classes have exhibited a decided preference for holding their dances in town. The reason commonly given is that the Gym has space far in excess of what is needed both for decoration purposes and the accommodation of the crowd. The well-advertised Junior Prom punctured any such argument: the Gym was made inviting with a wealth of bright decoration, and it is extremely doubtful if the attendance could have been cared for at any of the town halls. That the class dances be held on the Campus and not in town, now seems to be a necessity and not a matter of choice. The change is a desirable one from every point of view. The attendance is more closely constituted of real college students, the dance has the air of a real college affair, and it builds around the campus that wealth of association which endears it to the heart of the student when many of its more important, but less impressive teachings, have been forgotten.

U. of N.

THE STATE HIGH TOURNAMENT

One of the most commendable activities of the Block "N" Society is its effort to effect an annual High School basketball meet at the University. It advertises the University of Nevada to real Nevadans, the class we especially want to come here. The students of the University are personally interested in the games, they want to see their home-town basketball team come as close as possible to the top; they like to see the future students of the University running around the Campus, and they like to meet them in the Hall and Fraternity houses. It all adds to the richness of college life and goes to make the University a live institution.

U. of N.

This issue of the "Sagebrush" will be the last one for this semester with the exception of a football resume issue which will be published

December 30. All students who wish their copy of this special edition will have it mailed to them providing they leave their name and address in the Sagebrush box in Morrill Hall.

With the College Scribes

THE IRONY OF FLUNKS

It may be that several students whose amiable presence we now enjoy will not be with us next term. It may be that a new crowd will compose the crew who inhabit the library steps, and the curb opposite. And it may be that it will dawn on a few more students that the builder of the University library really designed that building for study. For sad as it may seem, there are always those who fail to realize until too late that they came to the University to learn.

The ax of the faculty is not wielded often, but when it falls, those students who persist in adorning the loafing place instead of the study place should be the ones who feel it. Those academic graybeards who rejoice triumphantly when students who have taken too active a part in student activities feel the keen edge of this faculty ax, have our sympathy. It is not those who do participate in student activities who should rightly suffer at the end of the term, but those who persist in spending their time in doing nothing.

A man can be admired if he really works at almost anything, but the world has nothing but scorn for the habitual loafer. Some students feel that their calling in college is to apply themselves diligently to their studies and nothing else.

It is a bit of irony that the leaders in University life who may mount up to community, state or national leaders, are often the ones who "flunk out" in college. And it is still more of a paradox that the ax of the faculty is wielded indiscriminately on student leaders on whom the faculty themselves rely for the safe conduct of student affairs of the University. Sad, but it must be done.—Oregon Emerald.

U. of N.

"JUST AVERAGE"

There is always a temptation for one who has become as good as the average in any line of activity to be satisfied because he is not among the tailenders. As a result there are a good many people of real ability who are "just average."

It is also a common weakness for a certain type of individual to be contented when he can equal a standard set by a chum or a competitor. Neither of these philosophies will be likely to bring a man out on top, for they are built around aims that are too low.

"Average men" are plentiful. It is those who are better than the average who are sought. Equaling a competitor is not victory; he must be surpassed. We must set our goal according to our own best ability and ambition rather than gauging the limit of our achievement by what those around us can do. Then we shall be sure to do ourselves justice.—Michigan Daily.

U. of N.

Bursts of Humor from the College Wits

A Tom Cat, both pompous and fine
Was handing his "lady" a line.
"I'd give up my life
For you, my dear wife."
But she answered, "Would you give up nine?"—Hook '23 (Pelican.)

* * *

These so-called dancers who take up half the floor ought to be put in a squirrel cage. Then the power that would be generated could be used for running the victrola.—Gwendolyn '22 (Pelican.)

* * *

The senators of ancient Rome
Need wear no frock coats when at home;
But they'd no cause to send up rockets;
For togas never had hip-pockets! Pelican.

* * *

As she stifled a yawn, she asked sweetly: "Is your watch going, George?"

"Yep," answered George.

"How soon?" —Punch Bowl (U. of Penn.)

* * *

Be Explicit

"I detest," said the speaker, "all scandal, all rumors, things going from mouth to mouth—"

"Hold on!" shouted a man in the audience, "are you speaking of rumors or kisses?" —Jester.

Christmas time reminds us of plum puddings, presents and Santa Claus, not to say nothing of bad weather.

That reminds me of an old one. You know: as the berry thinks of the slushy streets and hears the soles of his new 14 plunk kicks peeling off sheet by sheet.

And speaking of Hawaii—Rum country isn't it?

It seems Frosh Jepson was quite fond of the young lady in question. One time he and Frosh Coates went to visit the y. l. and during the course of the evening Frosh COATES pressed two kisses on Jep's girl's lips. This was hastily concluded as the girl's "maw" paraded into the room. Her "maw" being of a watchful nature friend Jep was prevented from kissing his own girl good-night. And such is life.

The Juniors evidently overlooked Rex Turner when they made out the Junior Prom. Anyhow Rex has shaken his head in disappointment ever since, whenever anyone asks him about it.

Cobwebs

Those who are expecting flunks in Campustry should report to Manzanita at their earliest opportunity. It is essential that every man pass in this course; it is much more important than P. E. In fact a man cannot say that he is really educated until he has had at least four semesters of it. Those who have no hope of passing with the required credit in this course should give Miss Sissa a detailed account of the expense incurred during the semester and she will refund the money. Under this new ruling the following men have applied for rebates: Oren Oden, John Nash, M. T. Smith, Alex Fraser.

"Timely Topics" now comes forth with a few Christmas pennings from the press of the country:

Along about Christmas time the man with a quart of "the old stuff" will have no difficulty in swapping it for a corner lot.—Los Angeles It.

"Rastus, which do you prefer for a Christmas present, a ton of coal or a gallon of whiskey?" "Boss, Ah burns wood."—New Haven Journal-Courier.

And to this gay berry, we surrender the empty brown jug.

And speaking of sentences from dead languages, how's this: "Wot'll yu have."

"A few days ago several head of live stock were lost in a fire at the University of Wisconsin. The origin of the fire is unknown." We suggest that the investigators of the fire start their investigations among the class in live stock judging. It's rather a mean way to get rid of the material, but those final ex's in live stock judging may be tough.

The "Saps" intend to give a dance within the next few weeks. Tres Haughney is responsible for the statement that it will be the best dance of the year. Special effort will be made to make every one feel at home.

Nope, his nibs the editor isn't getting bald. He merely fell asleep in the barber's chair and the scissor artist shaved his knob.

A hundred couples danced that night,
The floor was polished slick as vellum;
You ask what couple danced the best?
My girl and I—YOU TELL 'EM!
—Frivol.

Heard about the goofus who died
from lumbago?
No, howcome?
Doctor rubbed his back with alcohol
and the berry broke his neck trying to lick it off.

With apologies to the Pelican, but in memoriam after the Prom. Read it and weep:

Our Monthly Parody

The flowers I sent to thee, dear Heart,
As a hock-shop trip to me;
I count them o'er, each bud apart—
My jewelry!

Each bud a buck, each buck a fight
To make old Uncle Mose relent;
I count them o'er—they're fresh to-
night—
My every cent!

Oh, bitter grief—Oh, hunger's pain,
That I my roll should squander thus
But if from sending I'd refrain—
Lord! What a fuss!

And again—

Revelation—

We danced
Across a floor
As slippery
As an August
Snowdrift.
We reached
A turn and
Skidded.
I lost my
Balance
And she lost her
Balance
And we both
Sat down
Hard.
I gazed
At her from
The dignity of
The floor.
Horror!
Her beauty-spot
Had slipped
And under it
I saw—
A wart!

The other night while going home
Somewhat later than usual
I was waylaid
By a masked marauder
Who massaged my ribs
With a Colt .38
And asked me very impolitely
For my cash
But when I told him that I had
Been out with a co-ed
He handed me a five-dollar bill
And passed on silently.
—Gargoyle.

The Junior Prom
And Full D's
You know.
That Wicked Vamp—
The Brunette—
Get Me?
Shimmy?
Say!
That semi-moonlight
And
The dark corner.
Her lips
So close to mine.
Would she?
She did—
Just as the lights
Went on.
Embarrassed?
Gosh!
—ZIM.

Christmas is about here. Oh, don't worry, I'll be back again.

—OLD POOCH

**"BRUSH" IS SCOOPED
BY MICHIGAN DAILY**

Our honorable editor got the entire reportorial staff up in the office this week and gave them an awful working over. The cause of it was that the "Brush" had apparently been scooped by the Michigan Daily and that it was for us to learn from Michigan what was going on on our own campus.

Here's the news item that was found in a recent edition of that faraway newspaper: "The archaeological department of the University of Nevada has nearly completed the exploration of a cave in Nevada, sealed up by nature 3,000 years ago. It contains relics of what is believed to be the ancient race from which the American Indians sprang."

There sure was heaps of consternation in the sanctum sanctorum when that was sprung and various news hounds were put on the trail. After diligent search to uncover the source of supply it was found that in the Nevada Historical Society there are relics that were found in a cave near Lovelock that are the last traces of a forgotten race, but it was not claimed that that race from which the American Indians sprang. The Michigan Daily has apparently been doing some research work for itself. The excavation mentioned took place in the year of our Lord nineteen hundred and ten.

Three thousand years is not a long time from the archeological standpoint, but ten years from the newspaper standpoint, well, can you beat it.

**"DEAN" GASSOWAY
RESIGNS FROM U.**

The University of Nevada has lost another of its "old timers" in the person of Dick Gassoway, better known as "Dean" Gassoway, who resigned last week to devote his entire time to a transfer business that he has recently bought. Dick Gassoway has been with the University for nearly six years and has held the position of Assistant Superintendent of Buildings for the greater part of these six years. During the war he was on a leave of absence for service in the Navy. Gassoway was attached to the U. S. Torpedo Boat Destroyer Kilty, and saw service not only on the Pacific and Atlantic Coasts but in the Islands and other parts of the globe. On the cessation of hostilities the "Dean" appeared on the Hill in his "Gob" uniform and minus his moustache and once more took up his work for the University.

A short time ago, Dick Gassoway bought the Star Taxi and Transfer Company on North Virginia street and his cheerful "howdie" will be heard from behind his little tobacco counter instead of on the Campus. Dean Gassoway is one of Nevada's most ardent athletic fans and probably knows as much of the dope on Nevada's Varsityes as the players do themselves.

U. of N.
**IDAHO TO ACCEPT
TROJAN CHALLENGE**

The challenge sent out by the University of Southern California Trojans to any college or university football team in the United States for a game at Los Angeles on Thanksgiving Day next year has been answered by the University of Idaho. U. S. C. preferred to play an Eastern or Middle Western eleven and hence no definite arrangements can be made for a game with Idaho until after the first of January. It is more than likely however that the Trojans will accept the game with Idaho, which has always had the reputation of putting out a very strong team.

U. of N.
**UNIV. FROSH FIVE
TRIM SPARKS 29-4**

On Tuesday evening the Frosh basketball team went to Sparks where they defeated the Sparks High team to the tune of 29 to 4. The game was fast although one-sided. The Frosh outplayed the High School boys on all points of the game. The men who played in the game were Adams, Lester, Duborg, Griswold, Codd, Scranton, Wheeler, Hammert, Hearne and Wahlund. This same team will play the Reno High school five this Friday evening.

MINING STUDENT MAKES DISCOVERY

During the last week the mining world was startled with one of the greatest discoveries of recent years. The very nature of this disclosure has rocked the mining circles to their foundations and when they have recovered their equilibrium it will be to find that they are on the threshold of a history making period of advancement, development and progress, such as could never have been accomplished by the McFadden Bill.

Already the Guggenheim interests have made offers to this student, to whom the discovery is credited, but with true western spirit these offers have been rejected. It is the plan of this man to stimulate the lagging mining interests here in Nevada. It is just such men as these who will bring this state before the country as the greatest mineral producer in the West.

Like all great scientific discoveries this was the result of years of patient research work both in the laboratories of the Mackay School of Mines and in the principle mineral districts of the West. Special study was made of the geological formation of that country known as the McGill mining district. It was while listing the alluvial strata (when planting spuds) near Ruth that Doc Smolak received the stimulus that made this discovery possible.

Doc Smolak did not expect to have his efforts crowned with success at such an early date. In fact it was quite by accident as he himself frankly admits.

Now as it happens Doc has an aversion to work that is really astounding in its intensity. Those who are well versed in the development of man say he progresses only as he attempts to ape manual labor. Using this as an hypothesis we have arrived at the conclusion that Doc deserves the distinction of being the most progressive man on the Hill.

His mentality is so abnormal and his reasoning so acute that he devised a plan whereby he could evade a final ex in mineralogy. The ex itself would probably have taken about two hours to complete so Doc felt justified in spending three hours every night for a week planning a campaign for its evasion. The idea which finally illuminated him might have been suggested by the correspondence course that he is taking in English and short story writing. Nevertheless the idea was good.

With every detail carefully planned he proceeded with the cunning and caution of a gentleman of misfortune negotiating a four-bit loan from a German bartender. The first step was to admit frankly to Prof. Jones that he

**FRAT INITIATION
DRAWS POLICEMEN**

The latest thing in the line of fraternity initiations took place a short time ago at the University of Ohio, when open air singing of the highest type was carried out. Eight students were perched upon the highest limbs of the tallest trees from 7 p. m. until late into the night, each singing a different tune. The bedlam continued for several hours until a nearby resident who was unable to get to sleep, called the police department. The officers threats were futile for a long time, and it was not until they finally threatened to call the fire department and turn the hose on them, that the neophytes could be coaxed from their perilous roosts and the party dispersed.

could classify any rock that might be given him. Prof was skeptical at first, for he is a man wise beyond his years; still the sincerity of the youth disarmed him for the time being, consequently when Doc made the proposition that he would classify any sample and in case of failure he would take two exs and if he succeeded he would be example from an examination.

Now Prof. J. Claude knows his students as well as a married man knows his wife's folks so he accepted Doc's proposition. The next day Doc was given a sample, a piece of imposing, rusty appearing rock, evidently with considerable pedigree behind it.

Doc was not to be caught, for his aversion to work had developed his cunning. He quite casually carried the rock around to Prof. Palmer who diagnosed it as copper schist. Doc accepted the verdict without a doubt and hurried back to Prof. J. Claude who smiled as Doc informed him that after a careful examination he had concluded it was copper-stained schist and that he certainly appreciated not having to take an ex.

"There's nothing like being positive" suggested the wily Prof. "Suppose you mortar it." This Doc did and as he pounded a great wrath filled his soul, the brown, rusty rock seemed to break into flakes, the flakes into powder—and there it lay before him in all its brutal reality—a quarter-inch stove bolt.

Doc finished the first ex today and expects to flunk the other one Monday. —Rohler Towle.

SIGMA ALPHA EPSILON

The Sigma Alpha Epsilon house was the scene of a delightful occasion Sunday when Mrs. Herman Davis, the Sig Alph house mother, gave a pre-Christmas dinner in honor of the football men from the fraternity who were leaving for Honolulu. Gathered around the table, which was decorated in true holiday style, with the colors and flowers of the fraternity intermingled, were all the active men and pledges, and a large number of alumni. After partaking of a delicious dinner, which was the acme of perfection, the members listened to some snappy talks by different followers of S. A. E. During the afternoon several guests visited the house and listened to Harry Bogart, Noble Heuter and their original "jazz band." Present were: Bill Martin, John Quigley, Emerson Fisher, Harry Bogart, Dick Bryan, John La Rue, Dwight Edwards, James Valleau, Jack Wright, Ralph Twaddle, Willis Caffrey, Waite Bruce, Harvey Luce, Leonard Sullivan, Harold Luce, Tom Middleton, Charles Reagan, Leslie Bruce, Herb Foster, Alec Henderson, Harry Gardiner, Norman Ogilvie, Clarence Thornton, Homer Law, Mox Charles, George Humphrey, Paul Crawford, Charles Downey, Clem Caffrey, Stanley Davis, Charles Oliver, Kay Mackenzie.

OAKLAND REUNION

An item of interest to Nevada alumni, was the reunion of members of the Delta Rho Sorority (which later became Nevada Alpha of Pi Beta Phi) in Oakland last week, at the home of Miss May M. Schuler. The members decided to meet once a month and in that way keep alive both Nevada and Delta Rho spirit among the coast alumni.

The guest list at the reunion included Louise Ward Donohue, who captained the 1899 women's basketball team and was a member of Phi Kappa Phi honor society; Laura Arnot Leavitt, star forward and captain of the 1904 women's basketball team; the hostess, May E. Schuler, honor student and Phi Kappa Phi member; Margaret Langwith and Isabelle Schuler Spencer, members of the famous Mackay Pioneer Class, the latter being prominent in basketball, tennis and student body activities, being the first president of the Women's Athletic League and secretary of the Associated Students for two successive years; Marie De Flon, prominent member of the 1913 class; Marguerite Crotty O'Connor and Clara O'Neill Schudlee of the big 1914 class; Alice Langwith Barry and Louise Dewar, star basketball players and active in university affairs in 1907; Grace Cox Burg, 1917, was the youngest Delta Rho and the latest one present from the Alma Mater. Before taking leave of the hostess, university and class yells, the historic Delta Rho Circle was formed, as the words of "Loyal Hearted Delta Rho" were sung out.

DELTA DELTA DELTA

The members and pledges of Delta Delta Delta Sorority entertained at luncheon Tuesday at one of the downtown cafes. The luncheon was the last of a set which has been given each month for the past semester, and will be the last affair, with the exception of the Alliance Christmas tree party Saturday evening, to be given before the close of school. Covers were placed for the following: Pledges Agnes Lowry, Dorothy Ross, Wilma Readle, Marie Campbell, Lindell Adams, Ethel Perkins, Bonita Miles, Della Towle; members, Hallie Organ, Thelma Braun, Gertrude Harris, Arvella Coffin, Editha Brown, Rose Mitchell, Marianne Gignoux, Pryscylla Reynolds, Frankie Porter, Adele Clinton, Enola Badger, Mila Coffin, Mildred Bray, Thelma Coffin, Josephine Williams, Jule Callahan, Doris de Hart, Rose Harris, Marguerite Pollans, Edith Harris, Claire Hofer and Bernice James.

PI BETA PHI

On Monday night a number of members and pledges of Pi Beta Phi Fraternity participated in an enjoyable theatre party, followed by a supper served at one of the downtown cafes. Among those attending were the Misses Edna Clausen, Josephine Legate, Dorothy Percival, Marjorie Stauffer, Vera Dallas, Virginia Hig-

gins, Neal Sullivan, Madeline Dallas, Nevis Sullivan, Marie Grubnau, Helen Robison, Marguerite Patterson, Bertha Blattner, Frances Jones, Merle Le Maire, Louise Grubnau and Mary Shaughnessy.

JUNIOR PROM

The Junior Prom was held in the University Gymnasium last Saturday evening. The gym was decorated in the class colors of blue and gold and softened lights rendered the color scheme very effective. An eight-piece orchestra furnished the music and during the evening Mr. Darrel Cole sang "Let the Rest of the World Go By," which was thoroughly enjoyed by the guests. The dance was well attended by down-town residents, faculty members and students. The singing of the college song was an appropriate closing for one of the most enjoyable social functions of the year. The patrons and patronesses were: President and Mrs. Walter E. Clark, Mr. and Mrs. R. O. Courtright and Miss Margaret E. Mack.

The Withers home on Marsh avenue was the scene of a very enjoyable party last Sunday afternoon when Mr. and Mrs. R. G. Withers entertained a group of University students. Games and music were enjoyed and late in the afternoon a delicious buffet supper was served. A candy pull was one of the main features of the evening and "popping corn" before the open fireplace was also enjoyed.

Those present were: Misses Frances Jones, Ruth Moyer, Vera Dallas, Arvella Coffin, Madeline Dallas, Frances Rainier, Thalia Rainier, Dorothy Williams, Mary Sewell, Erma Hoskins,

Vivian Raiche, Marguerite Patterson; Messrs. Withers, Scheeline, McNamara, Scott, Poole, McReynolds, Beecher, Falbaum, Frost, Young, Benson, Melarkey; Mrs. Siebert and Mr. and Mrs. Withers.

D. K. T.

On Monday evening the members, patronesses and pledges of the D. K. T. Sorority enjoyed a Christmas party at the home of Mrs. A. E. Hill on Maple street. The rooms were prettily decorated in holly and Christmas greenery and an artistically decorated Christmas tree stood in the center of the living room. During the evening the lights were dimmed and "Santa" distributed the gifts in true Christmas spirit. A Christmas menu was also enjoyed and the evening closed with the singing of the college and sorority songs. Those present were: Mesdames A. E. Hill, George B. Thatcher, B. L. Ambler, Elmer Heward; Misses Lois Smythe, Louise Sullivan, Helen Fuss, Evelyn Walker, Marian Muth, Janet Marshall, Hazel Murray, Beatrice Le Duc, Martha Ryan, Marion Lathrop, Leona Bergman, Clarita Fortune, Evelyn Pedrol, Louella Murray, Laura Ambler, Effie Mack, Margaret Hill, Alma Boeke, Gladys Smith, Isabel Bertschy and Neva Clark.

Members of the Freshman team at Colorado this year will receive grey V neck sweaters, with a football and the class numerals sewed on in green, for their participation in first-year football.

There's no place this year for any man's Xmas gift if it isn't useful. Look into "FRANK'S" windows and see the many gifts men wear and like. —Ad.

DAYTON BOYS WIN BUT GIRLS LOSE

(Special Correspondence.) The basketball games played at Stewart last Friday evening resulted in a victory for both the visitors and the home team. The Indian boys came out ahead with a score of 26 to 2. They were far in the lead at one time and a weaker team substituted. Dayton then began to pick up and the first string Indian players were put back in the game to insure a victory. One of the Dayton boys was so severely injured by bumping his head against a railing that he was forced to quit playing. The Dayton Hi girls won the honors of their contest, 17 to 16. The Indian girls had what was thought to be a safe lead and the second team substituted. The Dayton girls then snapped out of it and nosed out ahead.

YERINGTON PLAYS GARDNERVILLE HI

(Special Correspondence.)

Of the three cars making the trip to Carson City to catch the 10 o'clock train for Yerington, only two arrived. Captain Springmeyer of the boys' team, who was driving the last car, broke down eleven miles out of Gardnerville. Springmeyer had with him the captain of the girls' team, the girls' coach and five other members of the teams.

The girls' game was called first. Only three of the Gardnerville girls were present so three of the Yerington teachers played with the Douglas girls. The game was fast and snappy throughout. The regular girls of Yerington High won by a score of 20 to 17.

The boys' game was one of the best fought games Yerington has seen for some time. The Yerington boys thought they would have a snap playing with part of Douglas' second team. In this game Gardnerville had only three of her regular men, the others being substitutes. The score at the end of the first half was 5 to 5. In the second half the Douglas boys gained a lead of ten points when Yerington put in two fresh men and won the rough game.

EXAMINATION BLUES

My mind is all in a muddle, My brain is all in a funk, My lessons are all between covers. I'm sure that I'm going to flunk.

Refrain (sing softly): Oh, blame, oh, blame, Oh, blame all the Profs for this trouble; Oh, blame, oh, blame, Oh, blame all the Profs for this mess.

The troubles do not come singly, They certainly come in a bunch, The chef is feeding me "horsemeat" And the Profs they won't give me that "hunch".

I go to my history and sleep there, I go to my French and I snore, When I miss easy questions in Calc'lus Prof Charley he shows me the door.

In Business Admin it's the same way, In Chemistry it's a lot worse, Dean Adams and good old Prof. Sears Have three times ordered a hearse.

My notebooks are in good condition, The pages, indeed, are quite neat, Not a blot of ink sullies the pages, Not a word shows itself on a sheet.

If the Profs weren't to blame for this trouble,

If the Profs weren't to blame for this mess,

If the Profs wouldn't give such long lessons,

They never would flunk me I guess.

I'm sorry I'll now have to leave you, I'm sorry my lessons call so, A semester's whole study's before me, And so, my dear friends, I must go.

-ROODWOW.

U. of N.

AW, WHAT'S THE USE!

My shoes don't fit and our window leaks,

My Jacks been gone for at least six weeks.

I lost a tooth when I tried to spit— And a callous is growing where I used to sit.

Dad won't send me checks any more An the profs crack-wise when I try to snore.

I bought a suit and then clothes went down—

I owe every man and woman in town; Joined the army and could merely sigh While millions voted the country dry. They closed up Kane's but the Silver Pheasant

Still makes life expensive and pleasant.

Taint worth while to live these days When a man can die in a million ways, But then I guess I will not die

Cause the cost of burials is too darn high;

About the only thing for me to do Is to go on living and see it thru.

-O'HIRA HALL.

TONOPAH ARRANGES BASKETBALL GAMES

(Special Correspondence.)

Two outside games have been arranged for the boys' team at Tonopah High. One will be played with the Carson Indians at Tonopah on January 22, and another with Yerington at Tonopah, February 4. The girls have not, as yet, planned any games.

The first of the interclass basketball games at Tonopah High was played last week between the Freshmen and Sophomore girls, the Sophomores winning by a score of 6 to 4. The Seniors and Juniors will play next week.

Last Friday afternoon the Sophomores had a "hot dog" sale, and in order to advertise it, gave a rally Thursday noon. They paraded the school grounds, impersonating a diversity of characters, and the part of a "veinie" was successfully taken by George Grier. Over \$40 was realized from the sale which will be used to entertain the school at a future date.

U. of N.

GRID PLANS FOR UTAH OUTLINED

A tentative gridiron schedule drawn up by the athletic council of the University of Utah for the 1921 football season gives Utah two games away from home and five games on Cummings Field. The list includes Brigham Young University, Montana School of Mines, Colorado College, University of Colorado, University of Idaho, University of Nevada, and the Utah Aggies. The Utah Aggies have the privilege this year of naming the place where the two teams will meet in their annual "big game." While this schedule has been arranged without the final sanction of the Rocky Mountain Conference, it is more than likely that it will be accepted when the conference meeting is held some time this month in Denver. The University of Nevada-University of Utah game will be held on the Reno Field according to the contract made last year between the two colleges.

The Bullseye Shave

The barber of a homeward bound transport was trying to impress his soldier-assistant that it was no cinch to shave a man whenever the 5-inch gun mounted overhead, went into action. But the doughboy refused to be impressed.

"Buddy," he said, calmly scraping the face of a squirming victim, "shavin' a guy where them things start from ain't nothin', but it takes nerve when you gotta shave 'em where they finish."—Am. Legion Weekly.

CHAS. MEYER

"WHO'S WHO" IN U. OF N. FACULTY

(Continued from Page 1.)

Robert Lewers, vice-president of the University, was educated in public schools and under private teachers. He has for a number of years been director and manager of the Reno Masonic Temple Association. He is also Past Grand Master of F. & A. M. of Nevada. In 1918 to 1919 he was a member of the State Council of Defense, and is Americanization representative in Nevada.

Dr. James Edward Church, Professor of the Classics, received his A. B. degree from the University of Michigan in 1892, the Ph. D. degree from the University of Munich in 1901. He studied archeology in Italy and Greece. He was teacher and principal of public schools in Michigan from 1895 to 1898. Since 1896 he has been connected with the University of Nevada. In 1905 he founded and has acted as director of the Mt. Rose Meteorological Observatory and is in charge of the cooperative snow surveys for the State of Nevada. He is a member of the Phi Kappa Phi and Phi Beta Kappa fraternities. He is the author of "Snow Surveying: Its Problems and Their Present Phases," and of many other monographs and articles pertaining to philology, meteorology, winter mountaineering and snow conservation.

Miss Jeanne Elizabeth Wier, head of the department of history, was granted a B. A. degree from Stanford University in 1901, and later took post graduate work at the University of California. She developed the department of history in the University of Nevada and founded the Nevada Historical Society in 1904. In 1911 she called the first woman suffrage meeting in Nevada. She is a member of the American Historical Association and was vice-president of the Pacific coast branch in 1915. She was authorized by the Nevada legislature to write a war history of Nevada. Also she is the compiler and editor of the Nevada Historical publication.

Peter Frandsen, professor of biology was granted the A. B. degree from the University of Nevada in 1895, Harvard 1898 and the degree of A. M. from Harvard in 1899. He studied abroad in 1909 and 1910. From 1898 to 1900 he was assistant professor in Zoology at Harvard. He is a member of the Phi Kappa Phi fraternity and Fellow A. A. A. S.

Dr. Wilson Hartman, professor of Physics in the University since 1909 was granted the degree of B. S. from Cornell University in 1898 and an A. M. degree in 1899. From 1900 to 1901 he was assistant professor in physics at Cornell University, and was professor of Physics in the University of Utah from 1906 to 1909. Since 1909 he has been head of the department of Physics here. He is the author of "Laboratory Manual of Experiments in Physics" and has contributed many articles to various scientific journals on pyrometry, acetylene, Nernst lamp, spectrophotometry and visibility. He is a member of the Sigma Xi and Phi Kappa Phi fraternities.

Dr. Francis Church Lincoln, director of the Mackay School of Mines, was granted the S. B. degree from the Massachusetts Institute of Technology in 1900. He was granted the degree of A. M. in geology by the Columbia University in 1907 and the Ph. D. degree in 1911. He has had much experience in assaying and superintending for various concerns in Colorado, New Mexico and Arizona. He was mining engineer for the Bolivian Development and Exploration Co., La Paz, Bolivia, in 1912 and 1913. Since 1914 he has been with the University of Nevada. He is the author of "Coal Washing in Illinois," 1913, and is a contributor to Economic Geology, Engineering and Mining Journal and Mining and Scientific press. He is a member of Trowel & Square at University of Nevada.

Professor Reuben Cyril Thompson, head of the department of Philosophy, was granted an A. B. Degree from McMinnville (Ore.) College in 1899 and an A. B. from Harvard in 1901 and A. M. in 1902. He was teacher of Latin and History in Boise High School in 1902. He was professor of Latin and Greek in the State Normal School, Albion, Ida. Since 1915 he has been professor of Philosophy at the University of Nevada. In 1917 to 1918 he was a speaker for the American Red Cross and Liberty Loan. He is a member of Phi Kappa Phi fraternity.

STEWART REVIEWS FARM SITUATION

At a meeting of the University Faculty Agricultural club last week Dean Robert Stewart read an interesting paper on "The Marketing of Farm Products". The development of farmer's cooperative organizations was reviewed to the present time as they may be found at their height in California. It has been found, after many failures, that the success of these depends in a great measure on the product marketed, local situation of producers, need for combination, and efficient organization and management. The greatest success has been obtained in localities in which a special product is produced. The cooperative association gives its members an equal chance for returns for their products and in many, if not all cases, is able to set the price of the commodity through a study of the various economic factors governing it. The prices so established are made with a view to the greatest returns and speediest movement of products. In many cases the association affords the purchase of farm supplies at better figures than the individual can obtain. The difference between the return to the producer and the price paid by the consumer is apparently due to the mysterious manipulations of jobbers and distributors but analysis will show that each item which adds to the consumer's price is practically justified in most cases under the present conditions of marketing and distribution. Many of these additions however may be reduced by various adjustments such as through more efficient means of transportation, improved storage facilities, etc. These changes may be and have been brought about through the agency of farmer's organizations in many cases.

RENO HIGH TRIMS AM. LEGION 57-11

The Reno High School team met and defeated the Reno American Legion basketball team Wednesday night in a fast game. From the first the High school team had the lead and the result of the game was never in serious doubt.

When the final whistle blew the score stood 57 to 11 in favor of the Red and Blue.

The entire team did good work but McGinnis and Lorigan stood out above the rest as stars.

LOU D. COMAN TO LEAVE FOR WYO.

L. D. Coman, Jr., who is in charge of the U. S. Air Mail Radio Station at the University will leave Reno probably the 22nd of this month for Rock Springs, Wyo., where he will spend three or more weeks working on the Radio Station at Rock Springs. Coman expects to put this station into such shape that a fast schedule between San Francisco and Washington, D. C., can be put into effect in the near future, after which he will return to his station at the University. Operator Lindsay, who is to relieve Mr. Coman temporarily has already left his station at Cheyenne, Wyo., and is expected in Reno next Monday. On Mr. Coman's return from Rock Springs, Mr. Lindsay will remain in Reno as second operator, and the University Radio Station will then work a continuous shift, handling far more messages than is possible at present with only one operator.

A third man is expected in Reno today to act as radio assistant, making three men who will be stationed at the University. This new man, H. C. Mailander, is coming from Salt Lake, and though he is but 17 or 18 years of age, holds the title of Radio Assistant, Air Mail Service. His duty is that of radio apprentice, and at some future time after he has thoroughly mastered the intricacies of the Federal Arc Type of Radio, will be advanced to Radio Operator and stationed at one of the Air Mail stations. Besides learning the workings of the big arc he will act as clerk and will transcribe all messages received and sent by the University station, repair apparatus, answer telephone messages and deliver radiograms to the Flying Field and make himself useful in general.

Mr. Mailander is traveling from Salt Lake to Reno via mail plane and Wednesday had a cold ride. The plane was forced to land at Elko covered with ice and frost from the cold and upon landing it was found that Mailander had both feet frozen from the cold in the high altitudes made by the plane in its trip. He is expected in Reno today.

Neckwear and handkerchiefs are always acceptable and make desirable gifts. When shopping put FRANK'S on your list, it's the place where most men buy their clothes. —Adv.

CLASS OFFICERS ELECTED FOR '21

Three class elections took place Friday and were all marked by record attendances. The Senior class alone has not chosen officers for the next semester.

The Junior election resulted in Hugo Quilici for president, Evelyn Walker for vice-president, Ethel Steinheimer for secretary, and Tony Zeni for treasurer.

The Sophomore class elected Jack Howard, president, Dorothy Harrington vice-president, Ailene Wright, secretary, and Jack Pike, treasurer. When the votes were counted for treasurer it began to look as the meeting could only be adjourned by ringing the "Gow" bell, for the two leading candidates, Jack Ross and Jack Pike stood a tie. Many of the "left wing" shouted to the two men to "roll the bones" or "cut the deck but the "right wing" of the house were more conservative and demanded a re-vote. When the new vote was taken the majority of the votes that had gone to the third candidate were given to Pike.

The Freshman class elected George Duborg, president, Hortense Haughey, vice-president, Dorothy Middleton, secretary, and Tom Griswold,

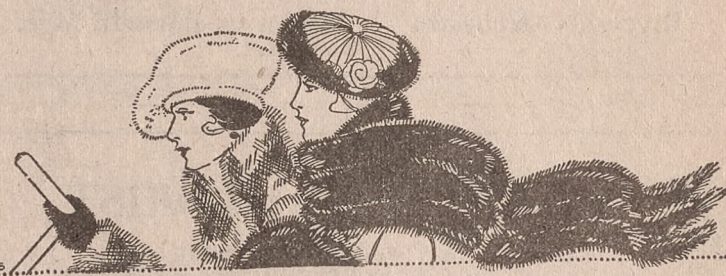

COMHELO CLUB IS RECENTLY FORMED

The Comhelo Club has recently been organized by the students of the Normal Department of the University. The purpose of this organization is to further the educational and social activities which are of particular interest to students in this department. The active members are: Faculty members, Miss Abbie Louise Day, Miss Emma C. Diehm; student members, Misses Allene Wright, Agnes Riddell, Elizabeth Tinguely, Louise Cazier, Mabel Riddell, Evelyn Stock, Louella Dilworth, Ruby Spoon, Ester Breeze, Letitia Sawle, Helen Cordes, Eleanor Miller, Vesta Bradshaw, Nena Boyce, Dorothy Farwell, Clara Gibson.

The officers of the organization are:

- Allene Wright, president.
- Louise Cazier, vice-president.
- Elizabeth Tinguely, secretary.
- Agnes Riddell, social secretary.
