A. T. O. Team is Winner in Campus Track

GREEK LETTER SQUAD PROVES VICTORIOUS WITH LINCOLN HALL AND PHI SIGS CLOSE SECONDS—BRADSHAW TAKES HONORS WITH HIGH SCORE

The first track and field meet of the season was held on Mackay field last Saturday afternoon between the Nevada Greek Letter fraternities and Lincoln Hall.

A. T. O. ran true to predictions by winning the meet with a total score of 40½ points. Lincoln Hall copped second position with 31 points, beating the Phi Sigs by half a point. Sigma Nu tracksters were unable to do much, taking fourth place with 7 points. S. A. E. trailed along with a total score of 3 points, their only point winner being Al Lowry.

The runners were greatly handicapped by a strong, cold wind which prevented any fast times from being made on the track. The track itself was in a miserable condition because of several sink holes caused by broken water pipes the night preceding the meet, consequently the runners were forced to pick their paths around the mud holes or else become hopelessly floundered in the tar pits.

Jack Pike easily won the mile event from Lohse running for Lincoln Hall with Quill a close third. Noble Waite was in a class of his own in the two-mile. He finished strong winning from Quill by at least fifty yards. Lincoln Hall took second in the meet by virtue of the fact that Witmer jogged around the oval for third place finishing at least an entire lap behind Waite and Quill.

The hundred yard dash had to be run on the grass. Eight starters lined up to compete for the century. Bradshaw won from Frost by a few inches, making the distance in 10 2-5 seconds. The furlong likewise was run off under unusual conditions around the north curve and thru a long mud hole. Bradshaw upset the dope by winning the event from Walker Havens by half a foot while Frost, who was figured to win handily, was boxed on the curve and failed to place. Goodwin took third place a foot behind Havens and Bradshaw. The furlong time of 24 seconds was good considering the conditions under which it was run.

Lohse proved to be a "dark horse" by winning from behind in the half-mile dash to beat Hobbs who was doped to win easily. Lohse ran a pretty race reserving his strength for the final spurt which carried him over the line two yards ahead of Hobbs.

Big N to Get Coat of Paint

NEVADA'S BIG BLOCK LETTER TO RECEIVE ITS ANNUAL COAT OF PAINT SATURDAY—HOLIDAY FOR FROSH

This Saturday morning has been declared a holiday by the President for members of the freshmen class, in order that they may fulfill the annual custom of giving the famous Nevada "N" its spring coat of paint before Mackay Day. Those in charge of the day's work have been preparing for the big event for the past week, and plans have been practically completed.

It has been the custom, ever since the big letter was built, for the Freshmen class to take one day in the fall and one in the spring, and whitewash every stone of the letter. The work, while being done entirely by the Freshmen class, is under the direction of the Block "N" Society and assisted by the Sophomore class. For many many years each class of new men has whitened the letter, some classes doing the work as if it were a penalty, others as if it were a privilege, as it is, and making the big letter stand out on the side of the Peavine where it can be seen for many miles. Tourists from the East on the railroad, notice the big "N" from the car windows while yet they are many miles from Reno, and always a question is asked about it, and always the same answer is given—"That is the University of Nevada's big Block 'N.'" It all depends upon the kind of a job that the Freshmen do, whether the letter is a brilliant white and shows up well or whether the job is blotched and the surface from a distance is mottled.

Each member of the class is expected to show up and do his little bit in the painting of the big letter. A pen-

(Continued on Page 8.)

SUMMER SESSION PLANS ARE MADE

Plans for the Summer Session are now approaching completion. While the center of interest will be the Demonstration School, yet there will be other courses in education as well as in Psychology, History, Sociology, Literature, Economics, and Languages that will be of interest to high school teachers and others who wish to undertake more advanced work.

The Demonstration school will consist of two rooms with the first three grades in one room, and the next three grades in the other. Conferences will be held with observers, and it is hoped that a large number of teachers may do systematic work in observation.

Besides the work of the Demonstration school there will be classes in General and Special Methods, Rural School Problems, Rural Sociology, Economics, Elementary Psychology, Social Psychology, Psychology of Childhood, English Composition, American Literature since 1870, Literature suitable to the Grammar Grades, Arithmetic, Bookkeeping, Penmanship, American History, European History, Nature Study, Hygiene, Art, Music, and Physical Education. In Physical Education there will be one class in which the student will learn to play all the games that the children of rural schools ought to play. One music course will be devoted to learning to sing correctly a large number of songs that the children should know.

Regents Meet and Announce Appointments

SEVERAL NEW PROFESSORS TO BECOME MEMBERS OF NEVADA TEACHING STAFF NEXT FALL; DR. B. F. SCHAPPELLE NAMED AS HEAD OF LANGUAGE DEPT.

At a meeting of the Board of Regents of the University a short time ago much important business was taken up, and several changes made.

Dr. C. W. Spencer, Professor of Political Science, handed in his resignation to take effect July 1 when he expects to accept the librarianship of Colgate University in New York state. The arrangement formerly in effect of having the political science and history departments under one head will again be put into force after the first of July, and a third man will probably be elected to fill the vacancy caused by the resignation of Dr. Spencer.

Dr. W. E. Lowther's resignation of head of the department of Romanic languages was accepted. Dr. Lowther has left the University to accept the pastorate of the Methodist church at Morgantown, West Virginia. This church is one of the largest of the eastern churches, and has a membership of 3200, being located in the same town as the University of West Virginia and having a large attendance among the students has often been called the University church. Dr. Lowther has been connected with the Romanic language department at Nevada for two years, being head of the department for the present year. His resignation will take effect July 1.

Another election of interest by the Board of Regents was that of Dr. Benjamin F. Chappelle as professor and head of the Department of Romanic Languages, to take effect after July 1. Dr. Chappelle was a former

(Continued on Page 8.)

MAJOR BAILEY TO ARRIVE APRIL 15

Major Agard H. Bailey, Infantry U. S. Army, will arrive here about April 15th to assume his duties as assistant to Colonel J. P. Ryan. Major Bailey was graduated from West Point with the class of 1908 and served during the world war as major and lieutenant-colonel in the national army with the A. E. F. in France. Since his return to the United States he has been on duty as recruiting officer at Ft. Logan, Denver, Colorado. Major Bailey will be stationed here permanently.

(Continued on Page 8.)

HOME ECONOMICS GIVE LUNCHEON

On Thursday, April 7, the annual Y. W. C. A. luncheon was held in the Agricultural building. The luncheon was arranged and provided for by the Home Economic students under the direction of Miss Lewis and was greatly enjoyed by all of the women present. Tickets were 25 cents each and a neat sum was netted for the organization as the luncheon was well attended. Stunts were put on by the various committees and some of them were very clever and entertaining. The Home Economic Club deserves a great deal of credit for the way in which the luncheon was prepared and served and the Y. W. C. A. feels that the whole affair was most creditably carried off.

Regents Make Tuition Rule

BOARD OF REGENTS DECIDE ON LOW TUITION CHARGE TO BE MADE TO ALL STUDENTS FROM OUTSIDE STATES

At a meeting of the Board of Regents of the University of Nevada a short time ago it was decided to make a small tuition charge to students coming to the University from outside states. This edicision on the part of the Board of Regents is in accord with an act recently passed in the state legislature authorizing them to charge tuition to outside students should necessity require. The tuition charge has been set at \$30 each semester, and will begin with the fall semester this year. All students who are not bona-fide residents of the state will be required to pay the tuition charge.

All students who are bona-fide residents of Nevada will not be required to pay the tuition charge. This charge which will be made to all outside students, will help to pay the expenses of the University, which have increased considerably within the last few years. A tuition charge is made to students from outside states by practically every college and university on the coast, and some of these charges are quite large. The University of California has raised the tuition charge to \$75 a semester, beginning August last, and Stanford University has increased the tuition charge for outside students to that place to \$95 a quarter, both of which are much higher than the \$30 fee which Nevada will require.

This tuition fee which will be charged at the opening of the fall semester to Nevada will be the first charge or fee of this kind that has ever been made in the history of the University.

(Continued on Page 8.)

NEVADA PREPARING FOR PACIFIC DEBATE

The Nevada Debating team is working hard preparing for the big debate with the College of Pacific on April 22. John Harrison and Carroll Wilson are the members of this team, which will go to San Jose to meet the members of the C. O. P. team.

The question to be argued when these debaters meet is that the Constitution of the United States should be amended to provide for the election of Presidential candidates by nationwide direct primaries. This is a question of national importance at the present time as many people believe that there should be a change in the way the Presidents are elected, while others think that the present system is satisfactory. Many good arguments have been made by the advocates of both sides of the question, and when the two college teams begin to talk, there should be something doing.

Debating is a big thing at the College of Pacific and their teams are known to be very powerful debaters, so it is easy to see that the Nevada team will have to be on edge when they meet their opponents at San Jose. It is probable that before this year is over, the remaining debates of the interclass debates will be held, and this will give the students on the Hill a chance to hear this same subject debated. The Sophomores won from the Freshmen in the first debate of this series, in which the second-year team upheld the same side of the question as we will have to uphold against the C. O. P.

Student Vote to Determine Co-ed Sponsor

CHOICE OF NEVADA STUDENTS TO DEDICATE NEW HANGAR FOR LOCAL AIR FIELD TO BE MADE BY POPULAR VOTE OF STUDENT BODY FRIDAY

Returns of the vote taken by University students to select the airplane hangar sponsor, this morning were received just as the Sagebrush was going to press, after a day's unavoidable delay in publication. The choice is as follows:

Gladys Dunkle.....	127
Hallie Organ.....	35
Evelyn Walker.....	28

Total vote..... 218

Selection of the University of Nevada woman who will participate in the dedication of the new hangar at the local air mail field will be made by popular student vote Friday morning, and the count taken immediately after the voting closes at noon. A great deal of interest has been shown by the students in the affair and it is expected that a large number of campus favorites will be included among the names submitted. One and possibly two alternates will be chosen from among the woman students to take part in the event the sponsor selected is unable to participate for any reason. This choice will be made in the order of majority of votes.

Sunday, April 17 is the date set for Dedication Day, at which time, in addition to the dedicating of the airplane hangar, similar services will be held at the two new concrete bridges lately constructed over the Truckee river. Sponsors for the bridges are to be selected from among the girl students at the Reno schools, one from the grammar schools to be chosen for the dedication of the smaller bridge and a student from the high school for the larger concrete arch bridge. As yet no selections have been made for either of these two honors.

The program for the occasion has not as yet been definitely settled but it is expected that a large number of state and county officials will be present to witness the affair. Governor Boyle has been invited to make an address but it has not been announced as yet as to his intentions.

A detail of cadets from the Mather Aviation Field are expected to be present, making the trip over the mountains from Sacramento via plane, flying in squadron formation, besides numerous other flyers in commercial ships who are expected here.

"SAY IT WITH FLOWERS"

By Rholer Towle. The financial depression had reached Lincoln Hall. The Military Ball was only four days distant; flowers at two-fifty per corsage was an utter impossibility.

Ellis Harmon, that financial wizard of Lincoln Hall feathered a money-saving scheme. He confided his plan to four dollar-stricken friends of the Hall and levied a tax of eleven cents on them to send a special delivery letter to a friend in Frisco who was instructed to send up dozens of roses.

The Frisco friend proved faithful to his trust and the flowers arrived on the afternoon of the day of the dance.

Now began the work of apportionment. Division was on the League of Nations plan. Harmon grabbed a dozen, McGee nine, Slim Ahlers and Walsh six apiece and the other man took what was left. In diplomatic language he got the Island of Yap.

Fat Harper arrived and assumed charge of operations. The roses were in bunches by twisting pipe cleaners around their stems, then wrapping with pieces of tin foil marked with these words: "High Life Cigars, two for twenty-five cents." All in all they made quite possible corsages.

But from the first the flowers seem to have some particular element of hard luck attached to them.

Delicate Magee, who has recently acquired scales and a particular hankering for Manzanita was the first to send his corsage to the lady of the evening. Now 'Delicate,' while he does not object to the role of a campus cavalier did not relish the idea of charging into the Castle of Deception with nine roses wrapped in cigar foil and pipe cleaners.

As he was deliberating on the advisability of hiring a messenger, Nathaniel Patrickson Green rolled in. Ever willing to do a good turn for one in distress, Green volunteered to be the intermediary—the John Alden of the evening. He departed with the precious corsage and Magee retired to his den to try out a new atomizer.

The hour glass was twice tipped before 'Delicate,' properly sprayed and powdered, rang the bell before the portals of Manzanita.

She appeared in due time, but flowerless as the bleakest December landscape. 'Delicate' was disappointed, keenly so.

"Why, where's the flowers I sent down, aren't you going to wear them?"

"Oh, I knew it was a joke," Mary giggled, "so I gave them away. It was a joke, wasn't it?"

"Delicate" groaned. "Yes, it was a joke," he agreed, and thought of the dime he had contributed toward the special delivery letter.

"S. I." WHY?

The initials S. I. have been used to refer to those engaged in the civil engineering profession for a great many years, and although many attempts had been made to determine their origin, the quest met with little success until last year. The great discovery was made by accident by a party of engineers, who were making excavations in the ruins of Babylon, in an attempt to determine the value of "n" as used in Kutter's formula by the ancient builders. On July 20, 1920, they came upon a clay tablet from the library of the Queen of Sheba, and upon this tablet was inscribed the story of the origin of the initials S. I.

It seems that during the construction of the fifth unit of the water supply of the City of Babylon, a consulting engineer was called in from the City of Jerusalem. This engineer always carried a set of dies in his handbag when he was traveling so that he

HARVARD UNIVERSITY DENTAL SCHOOL. There is unlimited demand for skilled dentists and specialists in dentistry. This school offers a most thorough and efficient training in this interesting profession. For those who wish to specialize there are courses in Oral Surgery, Orthodontia (straightening the teeth) and other branches. Instruction by leading dentists of Boston and vicinity. Up-to-date equipment with unusual opportunities for practical work. A college certificate indicating one year's work in college English, Biology, Chemistry, as well as high school or college Physics, required for admission. Write for particulars. EUGENE H. SMITH, D. M. D., Dean Boston, Mass.

CO-ED ATHLETICS CLAIM INTEREST

If anyone doubts that Spring is here a trip to the tennis courts should be taken and a few moments spent watching the players intent on their games or by going to the gymnasium and listening to the hearty peals of laughter from the baseball enthusiasts. Almost every woman is engrossed in her favorite sport and spring fever is not claiming many victims among them.

There will be posted this week a schedule on which the women will be asked to sign up with their partners for the tennis tournament. As this schedule is to be taken down on Mackay Day, it will be necessary for the women to discover very soon the woman whom they wish as partners in the contests, and sign up as soon as this is accomplished.

Points in the W. A. S. will be given to the four women who are winners in their classes. There will be the two winners and their substitutes, the first receiving one hundred points and the second group fifty points.

When these contests in the classes have been played off, the interclass tournament will be held to determine the best players of tennis "on the Hill."

Baseball is claiming the attention of a large number of women, but not enough to have class teams. It is hoped by the would-be "Babe" Ruths that more women will sign up and take an active interest in the favorite sport of Americans. If not enough women sign up for it before Mackay Day it will be necessary to continue the interclass games after that date and in this way might conflict with the Spring Festival.

Hikes are also being planned by the heads of the physical education department. An early morning hike, when the breakfast is cooked over the campfire and the weinies are done to a turn and slipped into toasted buns, needs no second invitation to the women who have indulged in this before.

Class awards for points gained in these sports and others are to be made on Mackay Day. If there are any mistakes recorded to the credit of any woman on the schedule now posted, it will be necessary for her to rectify the error with Miss Somers or Miss Sameth immediately or no change will be possible.

would have no trouble registering on the granite slabs that were used by the hotels of that period as guest registers. He left Jerusalem in such haste that he forgot two letters from his set, the capital "C" and the capital "E", which he afterward discovered he had left on the top of his chiffonier in the hotel bedroom at Jerusalem.

Upon arriving in Babylon he went immediately to the Persian hotel, where he had been in the habit of staying during his previous visits to the city. When this Hebrew engineer came to stamp his name on the register at the Persian, he was much chagrined to discover that the capital "C" and "E" had been overlooked while packing, and that the only means he had of showing his degree was by the use of substitute letters. This was the result: the name that appears on the register, which is now on file in the library of the Queen of Sheba, is Zeda Kiah Hamilrabi S. I., Sivil Engineer. —O. A. C. Barometer.

MINERS TO TAKE TRIP TO COMSTOCK

Upon the request of the majority of the Junior and Senior mining students a mining and geology trip to the Comstock Lode at Virginia City has been arranged. The students, together with Dr. Lincoln, Prof. W. S. Palmer, and Prof. Jones will leave Thursday morning, April 21, returning to Reno on the afternoon of April 24th. Those Junior and Senior students taking the trip will be excused from work in the departments of geology, metallurgy and mining, on these four days, and will be excused from all classes missed, however the work must be made up in all departments other than the three mentioned.

All students who intend to take this trip must let Dr. Lincoln know at once whether they wish him to secure accommodations for them while in Virginia City, and if they wish to get one of the special round-trip railroad tickets. Under this special rate of \$2.43 for the roundtrip a special ticket is issued for all the students who must go and return together. Any student who for some reason or other can not make the trip should notify Dr. Lincoln at once.

BASEBALL STARTS AT CALIF. TECH

By Southwest Intercollegiate Press California Tech, Pasadena, Apr. 7.—With the reconvening of college after Easter recess, baseball workouts have begun in earnest. A good squad of men has turned out, and chances look bright for a chance at the Southern California conference title. Letter men from last year comprise an entire infield as well as two outfielders and two pitchers. An excellent turf diamond was fitted up earlier in the year for the use of the Chicago Cubs, who did there spring training here, and Tech is very fortunate in having one of the best playing fields in the state this year.

SCRUGHAM TALKS
TO STUDENT BODY

Former Dean of Engineering J. G. Scrugham addressed the student body of the University last Friday morning on the purpose and activities of the American Legion, and made a plea for all men of the University who are eligible to join the organization at once and to help put through the plans of the national organization. Colonel Scrugham is now state engineer with headquarters at Carson.

Following Col. Scrugham's talk, a regular business meeting of the A. S. U. N. was held on the bleachers at which considerable business was transacted.

The constitution of the A. S. U. N. has been revised and is about to go to press in its new form. There was some discussion on the advisability of cutting off baseball from the list of Nevada sports due to the fact that Nevada does not participate in it regularly each spring, but it was finally decided to leave it on the list in the hopes that it might be revived at some future time.

A suggestion was made that a basketball victory dance be given, and at this dance the football and basketball sweaters be given out, but no plans were made for such a dance on account of the uncertainty as to the arrival of the sweaters.

It was further announced that the money that was left from the amount donated by the people of Reno to send the team back to Kansas City would be used to pay for the sweaters instead of asking the people who pledged various amounts for the sweater fund some time ago to redeem these pledges.

Further announcements were made to the effect that Saturday the 9th of April the Freshman class would paint the “N”, that an engineers meeting and “feed” would be held Wednesday the 6th, that Saturday the 9th there would be a track meet on Mackay Field, and that the date set for Mackay Day had been changed to April 16th.

Cards-Bears Signed Up
For Next Ten Years

An agreement was signed early this week at a meeting of the boards of control of University of California and Stanford for the Varsity grid teams of the two universities to meet each year for the next ten years. The Stanford stadium will be completed in 1923 and the California stadium in 1922, but should there be any delay in the completion of either stadium, the games will be played in whichever one is completed first.

Michigan Trackers at Berkeley

Fifteen of University of Michigan's track stars under the leadership of Coach Steve Farrell arrived at Berkeley Tuesday, and are training for their big meet with U. C. on April 19. Many eastern stars are among the ranks of the famous Michigan team who expect to take a Bruin hide back to their home campus when they return.

Stanford Trims Pomona

Stanford defeated Pomona College trackmen last Saturday by an 80 to 39 score, Stanford capturing eight firsts, ten seconds and eight third places to Pomona's five firsts, three seconds and five third places. Kirksey, stellar sprinter of Stanford, did not enter in the meet.

Calif. Frosh Down Cardinal Babes

The California Bear Cubs downed the Stanford first year men last Saturday by a score of 94 1/2 to 36 1/2 on a chilly gloomy day. During the meet several new Freshmen records were made: 100 yard dash, 10 seconds flat, Capt. Sudden, Stanford; 220 yard dash, 22 seconds flat, Capt. Sudden, Stanford; half mile, 2 minutes 1 1/5 seconds, Fred Bauman, California; two miles, 10 minutes 74-5 seconds, C. C. Fisk, California; javeline throw, 158 feet 7 inches, W. S. Harris, California.

All Colleges Invited to National Meet

An invitation will be extended to all standard colleges to compete in the first national collegiate track and field meet to be held at the University of Chicago, June 18.

RENO, NEVADA

On Wednesday, April 6, Mrs. W. E. Clark entertained at dinner the old and new members of the Y. W. C. A. cabinet with the advisory board. During the dinner toasts were given. Each toast began with one letter of the word Asilomar. Lois Smythe, president this year, was toastmistress. The responses were: Association, Marianne Elsie; service, Editha Brown; “T”, He'len Fuss; loyalty, Erma Hoskins; outlook, Mrs. Brewster Adams; memories, Gladys Dunkle; advisory board, Adelaide Humphrey; resources, June Harriman.

Those present were: Mesdames W. E. Clark, H. E. Nichols, W. K. Howe, Brewster Adams, Harwood Lockett, F. W. Traner; Misses Edith Harris, Margaret Mack, Lois Smythe, June Harriman, Marianne Elsie, Margaret Barnes, Anne Underwood, Rose Mitchell, Beulah Booth, Vera Wickland, Agnes Riddell, Alice Wall, Genevieve Chatfield, Gladys Dunkle, Marcelline Kenny, Evelyn Walker, Adelaide Humphrey, Erma Easen, Erma Haskins, Lulu Hawkins, Helen Fuss, Helena Shade, Editha Brown.

PI BETA PHI

Pi Beta Phi fraternity pledged Elizabeth Hunter to membership Monday night at the home of Lois Codd. After the pledging ceremony a “cook shine” was held, and fraternity songs were sung. Those present were Misses Lois Codd, Elsie Farrar, Edna Short, Josephine Legate, Gladys Jones, Shirley Stewart, Myrtle Cameron, Hazel Hall, Gladys Dunkle, Nevis Sullivan, Marie Grubnau, Bessie Jones, Ber'ha Joerger, Dorothy Middleton, Mary Shaughnessy, Merle LeMaire, Virginia Higgins, Marie Lamon, Erma Hoskins, Marjorie Stauffer, Vera Dallas, Neal Sullivan, Helen Robinson, Carr Gardiner, Frances Jones, Marguerite Patterson, Madelaine Dallas, Bertha Blattner, Louise Grubnau, Genevieve Morgan, Elizabeth Hunter, Mesdames Ferris and Ross.

D. K. T.

On Monday evening Miss Effie Mack entertained in honor of Lois Smythe and Helen Fuss, seniors of the D. K. T. sorority, at a delightful dinner. The table was beautifully decorated in sorority flowers and dainty place cards added to attractiveness of the occasion. Those present were: Misses Gladys Smith, Alma Boeke, Clarita Fortune, Evelyn Pedrole, Isabel Bertschy, Leona Bergman, Hazel Murray, Louella Murray, Marion Muth, Marion Lothrop, Helen Fuss, Lois Smythe, Janet Marshall and Evelyn Walker.

DELTA DELTA DELTA

Emily Brown, Irmna Stevenson and Kathryn Ramelli were pledged to Delta Delta Sorority last Tuesday evening at the home of Bonita Miles. After a very pretty ceremony, refreshments were served, and those present joined in the singing of the college and sorority songs. Mrs. H. W. Hill is to entertain the pledges and members next Monday night at her home.

Those present at Tuesday's affair were: Lindall Adams, Agnes Lowry, Wilma Readle, Bonita Miles, Dorothy Ross, Marie Campbell, Margaret Barnes, He len Watkins, Enola Badger, Hallie Organ, Arvella Coffin, Thelma Braun, Editha Brown, Gertrude Harris, Rose Mitchell, Rose Harris, Marianne Gignoux, Frankie Porter, Adele Clinton, Pryscylla Reynolds, Edna Salter, Josephine Williams, Mila Coffin, Mildred Bray, Claire Hofer, Irmna Stevenson, Emily Brown, and Kathryn Ramelli.

RENO, NEVADA, THURSDAY, APRIL 7, 1921

TUITION AT NEVADA

The Board of Regents at their last meeting decided for the first time in the history of the University of Nevada to charge a tuition fee to all students who are not bona-fide residents of the State of Nevada. This decision on the part of the Board of Regents is in accord with the act recently passed by the legislature at Carson empowering them to charge tuition, should the necessity require, and comes at a time when an increased budget for the University is greatly needed. Never before in the history of the University has a tuition charge been required, but at the present time, with the expenses of running the University so greatly increased, and the taxes of the people of the state as high as they are, it is the only logical thing which can be done to meet these increased expenses. Nevada for years has been one of the very few universities in the West at which no tuition fee is charged, while the majority of the Western universities have made charges which range from \$10 each semester to \$50 or more a quarter. The coming fall term will see the tuition fees of practically every Western university doubled, and in many cases increased many times over the fee of several years ago. Nevada's fee of \$30 is a very nominal one, and one that should not cause any hardship to any outside student who is required to pay it, but small as it is, the increase in revenue to the University should more than pay the salaries of several professors. The number of students coming to Nevada from neighboring states has greatly increased within the last few years, and this charge to them, to help pay for the upkeep of the University and for the benefits that they have derived from their courses here is no more than right.

U. of N.

THE "N" PAINTING

This Saturday the members of the Freshmen Class will be excused from all classes in order that they may fulfill one of the traditions of the University, that of giving the big Block "N" on the side of Peavine its spring coat of whitewash. The task is not hard, and in fact a picnic is usually made of the affair, but picnic or no picnic, the fact should not be overlooked that it all depends upon the Frosh whether or not the famous letter is made to shine forth from the drab side of Peavine like a huge silver letter or whether it remains in its dull gray state, appearing to be weathered and in a sad state of neglect. No student who attends the University has the opportunity during his or her college course to help whiten the big letter but twice and those two times in his Freshman year. We are proud of Nevada's big "N", and your task Saturday not only is a duty, but should be a pleasure. Make the Big "N" this year whiter than ever before, and let the people passing through Reno know that "we'll tell the world" we are proud of Nevada and her athletic teams.

With the College Scribes

BETTER ENGLISH NEEDED

When is a man educated?
It is a regrettable fact, but nevertheless indisputable, that a person may receive his diploma as a graduate of this college, and not be able to use the English language correctly, in either speaking or writing. Both student and college men are bound to suffer as a result of standards which allow such conditions to exist.

The average O. A. C. graduate leaves the college well trained in his particular field, be it engineering, agriculture, or what not, but speaking much the same kind of English that he spoke the day he came to the campus. If all high schools required of their graduates a high proficiency in English, the subject might well be slighted here, but in too many cases they do not. In this they are perhaps merely following the lead of the college, and are not to be greatly blamed. The result is that the college graduate too often goes out into the world poorly trained in the use of his native tongue, and feels the handicap he is under in dealing with other educated men.

The pendulum, according to the laws of physics, swings always from one extreme to the other. For years education in this country meant mostly a polishing process which fitted the student to grace the ball room, but with the exception of those in the so-called "professions" did not train him to make a living. The pendulum has now been swinging toward the other extreme, toward the intensely practical, with too little of the polish. A proper balance between the two, although differently interpreted by each of us, is the ideal for which we all seek.

English is taught at this college; the courses are open to anyone wishing to enroll; and the faculty is competent. Yet the fact remains that a large number of graduates are deficient in ability to use proper language. Instructors report that seniors, almost ready to graduate, cannot use good English in their theses and other written work. The reason is that while technical subjects are required in great numbers, only one year of the most basic English is demanded. If a student wishes to take additional work, and can work it into his course, he is allowed to do so.

Students come to the college varying widely in their proficiency in the English language. To require all to take the amount of work necessary for those with the least previous training, is manifestly unfair. The obvious solution is to require all students before graduation to pass an examination covering the fundamentals of good English. Such action would greatly improve the standards of the institution, and would work a hardship on no one.—O. A. C. Barometer.

U. of N.

A WORD TO THE WISE

Don't you think it is about time for some of the people who insist on wearing the military uniform seven days a week to learn how to wear it? A blouse unbuttoned, a poorly wrapped legging, unshined shoes, and hands in the pockets certainly does not improve its appearance. That uniform represents you and it represents me for it is part of our government. Let's respect it as such. There are many things that the person wearing the uniform must do to keep clean the record of the khaki. When you are wearing it be proud of it for you have reason to be.

When the flag of our country goes by as it did during the funeral of the late Ephraim Trenner snap into a salute and hold it until the flag has been carried past. Don't stand on the street and let it go by as some wearers have done while standing with their hands in their pockets. Any military manual will give you the fundamentals of being a soldier. Why not learn them now?—Industrial Collegian.

U. of N.

"GETTING BY"

A fault which is all too common among college students as well as among others and which is insidious in its nature, is the desire to "get by" and nothing more.

A common form of conversation on the campus is the putting to an individual the question as to how he is progressing along a certain line, and the answer that he is "getting by" and that that is all he is interested in, anyway. Particularly does this apply to the passing of scholastic courses. An alarmingly large number of students are entirely serene and perfectly satisfied if they are receiving a mark which is barely passing and which enables them to put up an appearance of respectability as far as their school work is concerned.

Habits formed in college are not easily shaken off in after life, and if there is any one thing which dooms one to defeat in the business and professional world it is satisfaction with merely "getting by."—Daily Texan.

Bursts of Humor from the College Wits

Every rose has its thorn.
Every rainbow has its cloud.
Every Saturday night has its morning after.—Banter.

* * *

Strange
Absent-minded Prof.—"Didn't you have a brother in this course last year?"
Student—"No, sir, it was I. I'm repeating the course."
Absent-minded Prof.—"Extraordinary resemblance, positively extraordinary."—Voo Doo.

* * *

"How come?" he demanded in surprise. "Ah done left a colored feller on dis post!"
"S-s-sergeant, sah," replied the sentry, "Ah-Ah-Ah was a colored feller befo' that happen."—Pelican.

* * *

Out of Sight Is Out of Mind
Ella—I can't find my bathing suit anywhere.
Stella—See if you have it on.—Banter.

I have been asked to publish the following letter. Here goes:

Dear Pooch:—

Let me recommend the names of Damrell and Agnes Lowry for the order of S. A. P. S. on account of the fact that they persist in cutting across the Campus lawns on their journeys to and from the tennis courts.—S. K.

Sez She—"I could hang on your very words."

Sez I—"Some line, boy, some line."

They tell me that the Home Ec women will be in charge of the "feed" Mackay Day.

And they also tell me that concrete cookies will keep for years.

Good heavens, Havens, powder your nose—it's shining in my eye.

You know
Ackchully I know more about
This joke business
Than the Editor does.
Really I do.

Howcome?
Last week I slipped
Him a poem
That he thought
Was original
But it wasn't.

Ouch!

The prof snuk into the picture show and softly sat down—next to a slightly intoxicated man. Sez prof to the manager of the palace: "Do you allow drunks in here?" At which the manager comes back with: "That's all right if you keep quiet and behave yourself."

A news headline states:
UNIVERSITY ORCHESTRA TO
PLAY LAST TIME SUNDAY
Thank heavens—but no applause please.

Can't say for sure if this is true or not, but they tell me that a bunch of studes brought up some pictures of the Sennett Bathing Beauties to Prof.—(Oh, well, have it if you must, J. C. J.) and his nibs the Prof. taking them carefully, closed one eye, and was heard to remark: "Can't risk but one eye on this."

He—Bet you didn't know who I was at the Military Ball the other night, did you?

Her—No, who were you?

If the baby doesn't thrive on raw milk—boil it.

And right back at you I come:
TWO WORMS WERE WORKING
IN DEAD EARNEST.

Sorta tough on poor Earnest.

MOST MODERN LAUNDRY IN THE WEST

Reads an ad. Only trouble I can find with the average laundry in regards to white collars is—they don't clean 'em—merely sharpen 'em.

A bright young bulletin on the board next to the P. O. boxes states: Found—A black man's hat after the Faculty Science Club meeting.

How do you know, Miss Sissa?

A sweet young thing

Writes me that

Tom

Who used to love to

Kiss the tip

Of her pearly ear

Has ceased his osculations.

And now she wants to know

Howcome—

Really, I don't believe

I know, unless—

Perhaps he too

Hesitates

To wrestle with

A soiled neck. —ZAP.

Say,

Have you ever beat it

Into class

Problems all worked out

Feeling fine and at peace

With the world?

You know what I mean—

Everything's rosy,

And then—

Reach down to pick up

A pencil you had dropped

And lost your balance—

Caught hold of the chair

And goed

Your hand on a—

—

Darn a stude who parks

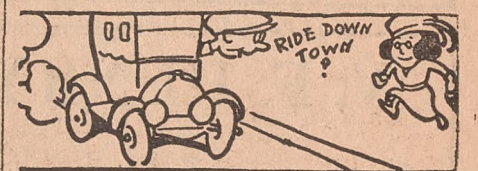

His Spearmint

On the under side

Of the arm.

—ZIM.

And speaking of a man who stutters—never contradict him.

Wonder if some of these Profs won't ever give me a lift?

The following appeared in the "News of Other Colleges" column of the Cal Tech "Hot Rivet":

Dick Bryan announces that he knew Hi Hood, Keith, Ames and Black back at the Presidio. So that's why he always had something against us.

Food!

Food!

Great gobs of

Dorm Growley

Piled like pyramids upon

Their plates,

Two frosh

With elbows wide apart;

"Dig in"

Like steam shovels

At

A sewer farm

Or rock crushers at

The cotton cement works

They do so treat

Their stumicks.

"Like garbage cans"

Oh Frosh—

Can you take the hint

Or must we get you

Troughs?

—Caltech "Hot Rivet."

Oh well, after you've read that, think of the time when you used to say—

MAKE MINE A SHORT ONE
THIS TIME, CHARLEY.

SIGMA NU INSPECTION

The Divisional Inspector, Otto K. Cyan, of the Seventeenth Division of Sigma Nu fraternity, was in Reno April 6 and while here inspected Delta Zeta chapter of Sigma Nu.

At the business meeting that was held plans were consummated for a Seventeenth Division convention to be held here in Reno April 16 and 17.

This will be the first convention of its kind to be held in this city and at it there will be representatives from Stanford, Tucson and California.

A program has been outlined that will send the delegates home with praise for Reno and the University of Nevada. From the moment that they stepped off the train they will be Nevada boosters and they will return to their universities with the memory of their Nevada reception strong in their minds.

**CLONIA GIVES UP
DRAMATIC POLICY**

An important meeting of Clonia was held last Wednesday evening in the auditorium of the Aggie building. As the end of the year is approaching rapidly the final settlement of affairs for this year was started.

It has heretofore been the policy of Clonia to devote a certain portion of its time to dramatics, but since a dramatic society is being formed upon the Hill, Clonia has given up its policy regarding dramatics, and gone back to the main purpose of the organization when it was first formed. In the original constitution of the society, it was stated that the purpose of Clonia was to foster debating in the University and hereafter the association will follow that purpose.

Although Clonia is giving up the dramatic end of its work, it cannot be forgotten, that it was through the efforts of Clonia that dramatics was given the place it now holds upon the campus. About six years ago a senior class first presented a play in Reno and made it a success. The following year Clonia changed from its original policy and included dramatics in its line of work. Since that time plays have been given every year and every one of them has been a success. Clonia has not only won the respect of the students by giving the plays, but it has earned the respect of Reno and the other cities in which the plays have been presented. A great deal of advertising has been done for the University by means of these plays and it is hoped that the new dramatic society will be equally as successful in carrying on the work that Clonia has started.

The debating manager gave his report on intercollegiate debates, stating that the contracts with B. Y. U. and the College of Pacific expire this year. It is planned to make contracts with

some colleges for next year, and the debating manager is going to try and arrange a debate with a team from a debating society of the University of California. The contracts with B. Y. U. and C. O. P. will probably be renewed, although it has not been definitely settled.

The report of the dramatic manager was also made, and accepted. His report told of the success of the Carson-Virginia trip as well as the report of the presentation of the play in Reno. Interclass debate was also considered, and the next interclass debate will be held next Wednesday evening. This debate will be either between the Seniors and the Juniors, or between the Sophomores and one of the upper class teams.

The intercollegiate debate with C. O. P. on April 22 was also considered. John Harrison and Carroll Wilson are the members of this team which will go to San Jose in the next two weeks.

After the regular business was concluded, the initiation of some new members was held. Carroll Wilson, Lois Wilson, Mildred Chandler, Willis Pressell, and Chris Sheerin amused the members of Clonia for a short time by their recitations and songs. Everyone was pleased by the short selections given, and the new members show that they have much ability along this line.

A committee was also appointed to make plans for an entertainment within the next two or three weeks for the students on the Hill. Sentiment in favor of this entertainment was expressed by nearly every member, and a pleasant surprise will probably be sprung in a short time.

**ATTENTION!
Ex-Service Men**

Get your Victory Medal now.
Bring your discharge to Colonel
Ryan's office and fill out the
application blank.

**STUDENTS VOTE
ON SPONSOR**

(Continued from Page 1.)

The part the University woman sponsor will play is a very unique one. For the dedication of the hangar, a very pretty plan has been worked out, which if carried out should be very impressive. Across the door of the hangar will be hung curtains, drawn together by large ribbons. At the appointed time, the sponsor attired in aviatrix costume will step up, cut the ribbons which will release the curtains and allow one of the big mail planes inside to glide out. The aviatrix will step into the machine, and be taken skyward for a short flight, during which she will scatter roses over the hangar and the crowd below.

Further details of the dedication services will be announced in next week's issue of the Sagebrush.

U. of N.

**OVERTONES SET
FOR APRIL 22-23**

Rehearsals are under way for the performance that is to be given on April 22 by the Glee Club, D. A. E. and the University Orchestra. Miss Diehm of the music department of the University is the manager and from all reports it will be some show. Arrangements have been made for the participants to go to Carson City, probably on the 23rd, although definite date has not been settled. It is hoped that a large number of the students and also the faculty will arrange to be present and give the show their support. Local talent should be supported and it is promised that all those attending will find their time well spent. "Overtones" is a one-act play by Alice Gerstenburg. It attracted a great deal of attention in New York and has been produced by various

CENTURY COMEDY

stock companies in other parts of the United States. The story centers around two society women, both in love with the same man, whom one of them has married. The humor of the play lies with the inner selves of the women, who are present and who express the real thoughts of these women, underlying the lies that they speak to each other for the sake of politeness.

The plot is cleverly handled by the cast, and from the rehearsals a successful interpretation is assured the audience.

The members of D. A. E. who will take part in the play are: Misses Evelyn Walker, Ethel Steinheimer, Editha Brown, Adelaide Humphrey. The orchestra will be represented as follows: Walt Reimers, Ray Carroll, Hoddy Wilson, Harry Bogart, and Harold Hughes. The Glee Club members are: Helen Robison, Eunice Peters, Margaret Murphy, Vesta Bradshaw, Alice Wall, Mary Cox, Valentine Olds, Elizabeth Tinguely, Dorothy Harrington, Allene Wright, Frances Ranier, George Money, Marianne Elsie, Thalia Ranier, Hortense Haughey, Genevieve Chatfield, Anna Brown, Eleanor Miller.

Who Was Moseley?

HE was a young Oxford man, only twenty-seven when he was killed at Gallipoli. Up to his time, man had never seen the inside of an atom. He turned the X-rays on matter—not figuratively but literally—and made them disclose the skeleton of an atom just as certainly as a surgeon makes them reveal the positions of the bones of the body. Moseley proved that all atoms are built up of the same kind of matter. He saw, too, just why an atom of copper is different from an atom of gold.

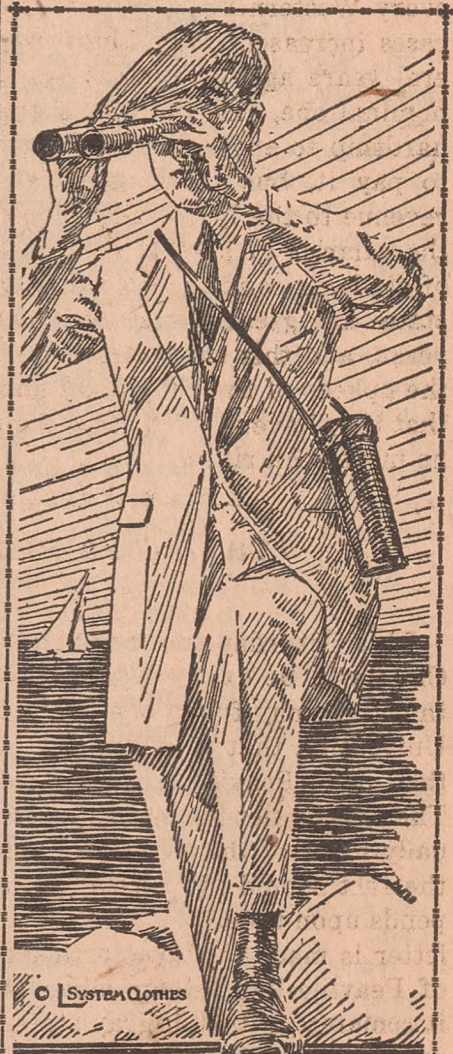

Atoms are built up of electrons. Each atom consists of a nucleus, a kind of sun, with a certain number of electrons grouped about it, like planets. Moseley actually counted the number of electrons of all the metals from aluminum to gold.

When you discover what gold is made of or a new fact about electricity, you open up new possibilities for the use of gold or electricity. For that reason the Research Laboratories of the General Electric Company are as much concerned with the "how" of things—atoms and electrons, for instance—as they are with mere applications of the electric current.

Hence Moseley's work has been continued in the Research Laboratories, with the result that more has been learned about matter. How does water freeze? What is lead? Why are lead, iron, gold and tungsten malleable? Such questions can be answered more definitely now than ten years ago. And because they can be answered it is possible to make more rapid progress in illumination, in X-ray photography, in wireless telegraphy, and in electrical engineering as a whole.

There would have been no coal-tar industry without the vast amount of research conducted in organic chemistry, and no electro-chemical industry without such work as Sir Humphrey Davey's purely scientific study of an electric current's effect on caustic potash and caustic soda. Sooner or later research in pure science always enriches the world with discoveries that can be practically applied. For these reasons the Research Laboratories of the General Electric Company devote so much time to the study of purely scientific problems.

Military Department Notes

The Interfraternity conference, comprising official representatives from forty-six men's college fraternities in the United States, passed the following resolution at their annual session in December, 1920, viz:

"Whereas, the Reserve Officers' Training Corps is a provision of the law of the United States for the training and development of the young men in colleges as officers of the Reserve Corps, and

Whereas, the Reserve Officers Training Corps is a very important element in the preparedness of our country for self defense;

Be it resolved, that the Interfraternity Conference publicly indorses the Reserve Officers Training Corps and recommends that all fraternities associated with this conference urge their members to support the Reserve Officers Training Corps in their institutions, and individually to be active members thereof.

The motion was unanimously passed.

The fraternities represented at the conference were:

Acacia, Alpha Chi Rho; Alpha Delta Phi, Alpha Gamma Rho; Alpha Sigma Phi, Alpha Tau Omega, Beta Theta Pi, Chi Phi, Chi, Psi, Delta Chi, Delta Kappa Epsilon, Delta Phi, Delta Psi, Delta Sigma Phi, Delta Tau Delta, Delta Epsilon, Kappa Alpha (North), Kappa Alpha (South), Kappa Nu, Kappa Sigma, Lambda Chi Alpha, Phi Delta Theta, Phi Sigma Delta, Phi Gamma Delta, Phi Kappa, Phi Kappa Psi, Phi Kappa Tau, Phi Sigma Kappa, Phi Gamma Delta, Pi Kappa Alpha, Pi Kappa Phi, Pi Lambda Phi, Sigma Alpha Epsilon, Sigma Alpha Nu, Sigma Chi, Sigma Nu, Sigma Phi, Sigma Phi Epsilon, Sigma Phi Sigma, Sigma Pi, Tau Epsilon Phi, Tau Kappa Epsilon, Theta Chi, Theta Delta Chi, Theta Xi, Zeta Beta Tau, Zeta Psi.

All students, whether members of the R. O. T. C. or not, who wish to take up marksmanship or compete for the circle "N" which a recent amendment to the A. S. U. N. constitution grants to those who make high scores in rifle and pistol shoots, should join the University of Nevada Rifle Club which has lately been organized. Members of the club are allowed the use of government arms and ammunition as well as the rifle range. The initiation fee is \$1 for faculty and student applicants alike, there are no dues. Those desiring to join, see Colonel Ryan, Lieut. Harrison or Professor Bixby of the Agricultural department.

Victory Medals

The War department has on its hands thousands of Victory Medals that former service men have not as yet applied for. Many of the students here are without their medal and should waste no time in putting in their application for it. The Victory Medal is an honor that "home guard" and front-line veterans like are privileged to wear and every ex-service man in school should possess one and wear it when the occasion demands. All that is necessary to obtain it is to go to Colonel Ryan with your discharge, fill in a few lines on an application blank, and in a week you will have your medal. Colonel Ryan may be found in his office in the basement of Stewart Hall at almost any time during the day and will be glad to help you with the application blank. Don't delay any longer if you are entitled to a medal. See Colonel Ryan today.

Shooting Competition

It is proposed to hold a gallery rifle competition on the outdoor range during week ending April 23, between teams representing military 3-4, military 1-2 and members of the faculty who are members of the U. of N. Rifle Club.

Teams to consist of five members must be selected and organized by April 16.

The gallery range will be open daily for practice from 3 to 5 p. m. for members of the U. of N. Rifle Club and members of the R. O. T. C. who desire to compete for places on the teams.

Cadets wishing to practice should report to the sergeant in charge at the armory for rifles and ammunition.

J. P. RYAN,
Colonel, Commandant.
U. of N.

ON YOUR BIRTHDAY BE PHOTOGRAPHED AT RIVERSIDE STUDIO—ADVT.

MACKAY DAY HAS MANY ATTRACTIONS

Saturday, April 16th, is the date set for the twelfth annual Mackay Day celebration, which is held annually in honor of Mrs. John W. Mackay and Mr. Clarence H. Mackay, whose generous gifts to the University of the Mackay School of Mines, the Training Quarters, Mackay Field and others too numerous to mention, have long made their names among the most honored and cherished of the University's benefactors. The day is one of the few listed in the University catalog as a holiday and is probably the most anticipated and appreciated one of the year.

Mackay Day is given over primarily to the cleanup and repair of the athletic field, training quarters and gymnasium, though the reconstructive efforts of the students and faculty are by no means limited to these duties. Any and all cases where enthusiasm and hard work will be of use are promptly attacked and the field and campus left bright and shining as a result. No students are exempt from participation in either the work or the pleasure of the day, and though no law is laid down regarding attendance, every student is fully expected to be on hand and get in the swim. As for faculty members, no invitation need be extended. All are always on hand bright and early armed with rakes, hoes, shovels, and other implements of toil, which in the course of the morning are plied with great gusto.

All is not hard work on Mackay Day however. Quite the contrary. Following the strenuous session indulged in by faculty and students during the morning, the noon hour holds forth attractions beyond the power of words to describe. Leaving the athletic field at the first sound of "mess call," a mad rush ensues for the gymnasium where is found a feed fit to grace the table of an Egyptian Diety. In the gym the women students hold forth, and having entire charge of the "eats," are given free rein to do as they please. And what they do, is sure to please. Luncheon over, speeches are in order. Here speakers of all different styles and types are found, and many an interesting talk delivered by alumni, faculty and students. As a finale to the celebration in the gym, the A. S. U. N. takes charge and conducts a regular business meeting, which by virtue of the occasion, is always the best attended of the year. Nominations for student body officers for the ensuing year are taken up and in due order, and the interest grows with each successive nomination. To any doubting Thomas it can be safely stated that the nominating speeches made during this meeting are alone well worth the price of admission, which is gratis.

The interclass track meet occupies the afternoon, and attracts the greater portion of the assemblage. The meet is always well worth seeing, all track and field men participating, and some splendid events always staged. The meet this year is of especial interest to all students, in as much as this will be the last occasion on which the Varsity track candidates can be seen in competition before they leave for the Davis meet the following week.

The evening is taken up with the Gothic N dance in the gymnasium. This dance is noted for its jazzy music and all-round good time, and is largely attended by alumni as well as active students. It is always a fitting climax to a day well spent.

U. of N.

CAL. TECH. GUNNERS BEATEN BY CALIF.

By Southwest Intercollegiate Press California Tech, Pasadena, Apr. 7.—A letter received last week by the college authorities from Maj. Gen. Hunter Liggett, commandant of the 9th Corps area, comprising nine western states, conveyed his congratulations to the rifle teams of Cal Tech, which took both second and third places in the recent inter-collegiate shoot between all of the R. O. T. C. units in the 9th corps area.

The Caltech team was nosed out of first place by two points by the California squad, which scored a total of 1760 points. Tech, however, has the high man for the entire shoot, as Howard Vesper registered a total of 184 out of 200, the best score turned in. Stromsoe and Reynolds, also of Tech, took second and third places respectively.

The Military Ball is Revived

Once again in all their old glory uniforms predominated in the gym. There were few slackers at the Military Ball; the O. D's were there regardless of their rookie tails or threadbare condition.

Soldiers, sailors and marines made up the greater part of the crowd. There were men from every branch and division of the Service; those from France, England, Germany, Panama and even Siberia. They were all represented, from the Y. M. C. A. man to the aerial M. P.

The gym itself bustled with military, caissons, one-pounders, picks and shovels, stacked rifles and standards, all brought back the days of fatigue and reveille. All that was lacking was a field kitchen and a stack of corn-willie cans.

Many were the Homeric tales of valor that were recited, mythical to be sure, but that only added to the spirit of the dance. The women, while they appeared credulous, were no doubt prepared for the attack. No doubt they asked questions out of mere politeness or to test the veracity of their partners.

One young woman, all aflutter over the braid bars, campaign badges and medals of her escort, committed the

cardinal sin by asking her escort what those three gold stripes on his sleeve meant. Not to be outdone by this deplorable display of ignorance on her part he answered that if the war had lasted three months longer he would have been sent to France. Such is the way of a man with a majd.

From a shell hole in the Argonne to a military ball at the U. of N. is a far cry, but more than one fellow had that experience.

Perhaps the grand march reminded these men of a guard mount. Oh boy! wouldn't it have been a pleasure if every squad was made up of four men and four women in evening dress? Wouldn't it now?

At twelve o'clock the dance was just well under way and everyone, from the lowest buck to the most exalted and self-conscious second louie, was beginning to realize that there was a brighter side to war.

Miss Mack blew taps, and the much military ball was over.

To Major Harrison and the cadets the University owes the successful revival of one of its oldest customs—the Military Ball.

On Wednesday, April 6, there will be installation of the new cabinet. Since Miss Babson will not be able to be present this year there will be no formal instruction of the new members but they will be instructed by the old members and will gain a practical knowledge of the work that they will have to do next year by actually doing it under the supervision of the old cabinet for the remainder of the semester. The retiring members are President, Lois Smythe; vice-president, Anne Underwood; secretary, Vera Wickland; treasurer, Agnes Riddell; undergraduate field representative, Margaret Barnes; cabinet members, Anne Underwood, Marianne Elsie, Rose Mitchell, Gladys Dunkle, Helen Fuss, Adelaide Humphrey, Alice Wall, Lulu Hawkins, June Harriman.

The new members are: President, June Harriman; vice-president, Rose Mitchell; secretary, Beulah Booth; treasurer, Vera Wickland; undergraduate field representative, Marianne Elsie; cabinet members, Erma Easen, Marcelline Kenny, Mary Beamer, Evelyn Walker, Rose Mitchell, Erma Hoskins, Genevieve Chatfield, Erma Easen and Editha Brown.

By Pacific Intercollegiate Press
Palo Alto, April 1.—Stanford University scholarships returns for the winter quarter which ended March 13 show that two per cent of the total student body has been disqualified for further registration in the University. Approximately ten per cent are placed on probation, which means that they will not be allowed to participate in any college activities until their records are satisfactory. The figures give 42 dismissed and 273 on probation.

STATEMENT OF OWNERSHIP, MANAGEMENT, ETC., REQUIRED BY THE ACT OF CONGRESS OF AUG. 24, 1912.
Of the U. of N. Sagebrush, published weekly at Reno, Nevada, for April 1, 1921. State of Nevada, County of Washoe—ss. Before me, a notary public, in and for the state and county aforesaid, personally appeared John M. Douglas, who having been duly sworn, according to law, deposes and says that he is the Business Manager of the U. of N. Sagebrush, and that the following is, to the best of knowledge and belief, a true statement of the ownership, management, etc., of the aforesaid publication, for the date shown in the above caption, required by Act of August 24, 1912, embodied in Section 443, Postal Laws and Regulations, to-wit:
1. That the names and addresses of the publisher, editor, managing editor and business managers are:
Publisher—Associated Students, University of Nevada.
Editor—John R. Bryan.
Business Manager—John M. Douglas.
2. That the owners are: Associated Students, University of Nevada.
JOHN M. DOUGLAS, Business Manager.
Sworn to and subscribed to before me this 1st day of April, 1921.
(Seal) CAROLINE BECKWITH, Notary Public. (My commission expires April 10, 1923.)

Margaret Dangberg of Minden was the guest of Evelyn Walker during the week-end.
Mr. Dillworth of Tonopah has been in Reno during the past few days visiting his daughter, Luella.
Evelyn Stock was the week-end guest of Marguerite Wilkinson at her home at Huffakers.
Avis and Blanche Lothrop, former residents of the Hall, spent the week-end with their sister, Marian.
Vera Dallas left the Hall during the past week to reside with her sister Made'ine at her apartments.
Miss Arvella Coffin left Monday night for Manhattan, Kansas, where she will represent Theta Theta chapter at a Province convention of Delta Delta Delta. She will probably be gone for a week.

U. of N.
MILITARY BALL GRAND SUCCESS

The Military Ball given by the Reserve Officers' Training Corps on April 2, was the last formal ball of the semester, and was one of the most successful of its nature ever given in the University Gymnasium.

The grand march was led by two of the cadets as escorts to Colonel Ryan. The familiar O. D., the brilliant marine uniforms and the dark blue of the "gobs" suits formed a very effective background for the brightly colored gowns of the women.

As a grim reminder of the past war was the silhouette around the room formed of guns, gas mask, helmets—plain and camouflaged, trench shovels and picks. A machine gun proved to be very interesting and many a has-been soldier was dragged up to it by his partner and asked "how does it work?" The caisson received quite as much attention; the Siberian force was not forgotten either. The flags completed the picture—typical of a wartime dance.

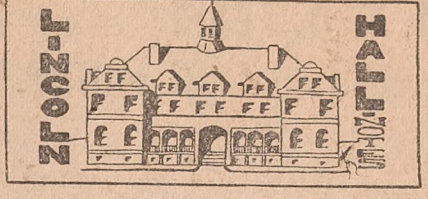

And the medals! Bright with recent shining, were borne proudly by their owners who modestly declined to tell 'Her' how he won it. The "Sam Brown" belts received their due attention from admiring eyes, and many a man wished that he might return to the battle fields to escape the volleys of questions 'fired' at him by each succeeding partner. But the most of them seemed to be holding their "fort" very well and by the happy smiles on the faces of the heroes and the girls alike it may be judged one of the happiest balls of the semester.

U. of N.
DEBATE WITHOUT DECISION PLANNED

Southwestern Intercollegiate Press.
U. A. C., Logan, Utah, Apr. 7.—Word was received on Wednesday from the Michigan college stating that they accepted April 26 as the date for the Utah-Michigan debate. This will be the longest trip Aggie debaters have ever taken.

The debate will be unique for at least two things. It will be held without judges or decision as is the custom now in Michigan, Wisconsin and Illinois. An open forum will be conducted after the debate in which everybody present may take part.

BEAT the high cost of walking. Let us resole your shoes.

After a hard fought game which belonged to either side until the last few minutes of play, the Lincoln Hall team came out on the long end of a 21 to 17 score. This was the first game of the league originated by the Y. M. C. A. The Lincoln Hall team's opponents were a 130-pound high school team designating themselves the "Black Hawks."

The team work was good on both sides but the Lincoln Hall team's passing puzzled their adversaries. In the last few minutes they tightened up and decided the contest.

The hall line-up was: Ira Herbert and Sawle, forwards; Barber, center; Jepson, W. Green and Horn guards.

The Cleaner Who Cleans

A. T. O. TEAM IS WINNER

(Continued from Page 1.)
Fraser pressed both Lohse and Hobbs closely but could not stand up under this race.

Hobbs came back by winning the quarter mile from Buzz Havens by several yards. Martin took third from Brennan who set the pace until the last fifty yards. The relay race was only one-half mile in length. The Phi Sigs, with Gooding, Church, Fairchild and Goodwin ran away from the Lincoln Half men, winning the relay by fifty yards. Only two teams were entered for the relay.

The track events, with the possible exception of the 100-yard dash and the 220-yard dash, were run in poor high school time. Coach Courtwright did not expect anything better however, because most of the runners are not in condition for fast pacing.

Dewey Goodwin tossed the discus only once to win first place in that event. Carlson look like an easy winner but could not come within three feet of Goodwin's first heave. Hearne and Grant tied for third place. Goodwin easily won the high jump from Martin. Hughes, last year's Nevada Interscholastic champ could not get any height but won third place from Christensen and Carter.

The broad jump was closely contested by Bradshaw, Lowry and Martin. Bradshaw won from Lowry by one inch, while Lowry beat Martin by the same distance.

The high point winners of last Saturday's meet were, Bradshaw, 15 points; Hobbs, 13 points; and Goodwin, 11 points.

SUMMARY Track Events

Mile—1st, Pike, Phi Sig; 2d, Lohse, L. Hall; 3d, Quill, L. Hall.
Time 5:22 3-5.
Two Mile—1st Waite, A. T. O.; 2d Quill, L. Hall; 3d Witwer, L. Hall.
Time 12:48.
Half Mile—1st Lohse, L. Hall; 2d Hobbs, A. T. O.; 3d Fraser, S. Nu.
Time, 2:17 3-5.
440-Yard—1st Hobbs, A. T. O.; 2d Havens, L. Hall; 3d Martin, L. Hall.
Time, 58: 1-5.
220-Yard—1st Bradshaw, A. T. O.; 2d Havens, L. Hall; 3d Goodwin, Phi Sig.
Time 24: 4-5.
100-Yard—1st Bradshaw, A. T. O.; 2d Frost, Phi Sig; 3d Conrad, L. Hall.
Time, 10 2-5.
Relay one-half mile—L. Hall team: Miler, Christensen, Hammer, Conrad. Phi Sig team: Gooding, Church, Fairchild, Goodwin.
Won by Phi Sigs. Time 1:42.

Field Events

Discus—1st Goodwin, Phi Sig; 2d Carlson, S. Nu; 3d Hearn (Phi Sig) and Grant (A. T. O.) tied for third.
Distance, 97 ft. 4in.
Shot Put 16- pound—1st Grant, A. T. O.; 2d Carlson, S. Nu; 3d Miller, L. Hall.
Distance, 34 ft. 1in.
Broad Jump—1st Bradshaw, A. T. O.; 2d Lowry, S. A. E.; 3d Martin, L. Hall.
Distance 20 ft. 6½ in.
High Jump—1st Goodwin, Phi Sig; 2d Martin, L. Hall; 3d Hugnes, Phi Sig.
Distance, 5 ft. 4½ in.
Javelin—1st Hobbs, A. T. O.; 2d Perry, A. T. O.; 3d Hammert, L. Hall.
Distance, 147 ft 2 in.
Pole Vault—1st Hearne, Phi Sig; 2d Martin and Hammert, L. Hall, tied for second.

Final Score

A. T. O.—41½.
Lincoln Hall—31.
Phi Sigma Kapp—30½.
Sigma Nu—7.
S. A. E.—3.

U. of N.

MANY STUDENTS OUT AT WASHINGTON UNIV.

By Pacific Intercollegiate Press
Univ. of Washington, Seattle, Apr. 7.—Though in training only a few weeks, Gus Pope, captain of the University of Washington track team, and who competed in the Olympic games after winning the national discus championship at Boston last year, already has come within a foot and a half of tying his best throw, 145 feet 5 inches, the one that won him the championship.

This is at least 10 feet better than he was able to do consistently last spring. In practice yesterday he heaved the weight within 11 feet of the world's record, 156 feet 2 inches.

REGENTS MAKE MANY CHANGES

(Continued from Page 1.)

professor at Nevada, being connected with the University up to three years ago, when he resigned. Since that time he has been on the staff of the Romanic Language department of the University of Pennsylvania, the last year being head of the department.

Upon the recommendations of Dr. Maxwell Adams, Dr. Hicks was elected assistant professor of chemistry, his appointment to take effect September 1st. Dr. Hicks election is to fill the vacancy caused by the resignation of Professor Borgstrom some time ago on account of ill health. Professor Borgstrom's place has been filled during his absence by Miss Dewar.

Miss Detrar was elected instructor in the department of education, her appointment to take effect September. Miss Detrar's election is to fill the vacancy that was caused by Miss Abbie L. Day's resignation. Miss Hall has been filling Miss Day's place, being loaned temporarily to Nevada by another university.

Besides deciding on the tuition charge for outside students, beginning this fall, the board of regents discussed changes in the new catalog which has been placed in the hands of the state printer, together with the Summer School Bulletin. The bulletin will be available for distribution probably by the 15th of April, and the catalog by the latter part of April or first week in May.

U. of N.

DISMISSAL FOLLOWS R. O. T. C. DISRESPECT

By Pacific Intercollegiate Press
Univ. of Washington, Seattle, Apr. 7.—Insubordination, disrespect and profanity toward instructors of the Reserve Officers Training Corps at the University, prevented two Sophomore men from registering this quarter; being dismissed from college by President Henry Suzzallo.

Suspension was ordered by the military department, where the complaints originated. The dismissals from the University were made after hearings before the administration.

BIG N TO GET COAT OF PAINT

(Continued from Page 1.)

ality is attached to non-attendance at this event, and consists of a cold bath in the lake. According to one Freshman, "There is plenty of water, and plenty of Frosh to throw the lazy ones in, and besides being roughly handled, every man who doesn't show up will get a real bath in Manzanita Lake."

The men members of the class will assemble at 7:30 Saturday morning near Lincoln Hall and will leave at 8 o'clock for the big letter. The women members of the class are planning to leave at a later hour with the "eats" of which they are in charge. Hot dogs and coffee are the two main things on the menu for the feed, the provision being made however, that each student bring a cup for his coffee, as no cups will be furnished by the women.

The committee in charge has made the request that each man, if possible, bring a bucket or a can, that can be used in the work, as buckets and cans are very scarce on Peavine. Each Freshman should come dressed for work, and prepared for work Saturday morning at 7:30 on the road near Lincoln Hall, and should go up to the letter with the crowd.

U. of N.

U. A. C. ATHLETE TO COACH AT PROVO

By Southwest Intercollegiate Press
U. A. C., Logan, Utah, Apr. 7.—A. G. Twitchell, a former Aggie star athlete, has been selected by Coach Roberts of the B. Y. U. as coach. Coach Roberts, who chose Mr. Twitchell from a field of sixteen men, and who has done so much to put B. Y. U. athletics on such a high plane, will now spend his time in conducting the physical training classes, while Twitchell will be maintaining the good record established by Coach Roberts. Mr. Twitchell was a tackle on the 1917 Aggie football Rocky Mountain champion team and was selected in that year on the All Rocky Mountain conference eleven. He has also done good work as a basketball player, and thrower of the shot in field events.

U. S. B. M. PRINTS ARTICLE BY DAVIS

An article on the Detection and Estimation of Platinum in Ores by C. W. Davis, rare metal expert at the Experiment Station at the University, has recently been published by the U. S. Bureau of Mines as Technical Paper 270 and copies of it may be obtained from the Superintendent of Documents, Washington. The pamphlet consists of some twenty-five or more pages and to quote Mr. Davis it "has been prepared to furnish a ready reference to those assayers who have had difficulty in detecting or determining platinum. It summarizes methods for the detection of the metal and gives a selected method for the commercial estimation of platinum in ores."

U. of N.

ARIZ. TAUS RECEIVE SIGMA CHI CHAPTER

By Southwest Intercollegiate Press
Univ. of Arizona, Tucson, Apr. 7.—The Tau Delta Psi fraternity, a local chapter at the University of Arizona, has been granted a petition for a chapter of Sigma Chi. Sigma Chi will be officially installed on April 22, at the chapter house. With the addition of Sigma Chi, there are now four national fraternities represented on the campus: Kappa Sigma, Sigma Nu and Sigma Alpha Epsilon being installed in former years.
