THE STUDENT NEWSPAPER OF THE UNIVERSITY OF NEVADA

Vol. XXVIII

UNIVERSITY OF NEVADA—RENO, NEV ADA, THURSDAY, MAY 5, 1921

No. 34

## I. O. A. O. Gets Nat'l Charter

**LOCAL SORORITY IS GRANTED CHARTER IN GAMMA PHI BETA NATIONAL—INSTALLATION TO BE HELD HERE MAY 14**

According to a telegram received Tuesday by the I. O. A. O. local sorority from Miss Lindsey Barbel, Grand President of Gamma Phi Beta, the local sorority has been granted a charter in the big national, and will be installed as Alpha Gamma chapter on May 14th.

With the opening of the fall semester, the University of Nevada will have three National sororities represented on the campus in Delta Delta Delta, which was chartered in 1913, Pi Beta Phi, chartered in 1915, and Gamma Phi Beta, which will receive its charter before Commencement.

I. O. A. O. local was founded in 1916 by twelve University women: Margaret McIver, Yandell, Hulda Shartel Dixon, Elvina Blevins, Thelma Bradshaw, Salome Riley, Mary Martin, Velma Hawley, Gladys Pendergast, Leah Barker, Pearl Turner and Catherine Skinner. Since that time the group has been constantly working toward the upbuilding of the organization with the ultimate goal, Gamma Phi Beta.

This spring Mrs. U. E. Colby of San Francisco acted as inspecting delegate for National Grand Council. Mrs. Colby was so enthusiastic over the group and the growth of the University of Nevada and the fact that it had been admitted to the American Association of Accredited Colleges that every encouragement was given for immediate work toward the National.

I. O. A. O. did not leave a stone unturned to have their petition completed so they might receive favorable action from the neighboring chapters—California, Stanford, Oregon Agriculture College, University of Oregon and Idaho State.

The members of the sorority take a prominent part in social student and scholastic activities. They have held the scholarships during three semesters and have members in all the honor societies on the campus. The annual Hard Times' dance, by which they entertain the campus, has made itself a reputation for the I. O. A. O.'s as hostesses in the social whirl. Also members of this group have been represented in athletics on the campus through their membership and prominence in Gothic N.

The entrance of one of the largest national sororities, Gamma Phi Beta, into university has honored the University of Nevada in that they have considered the State as a desirable and coveted field for expansion. The Eta

## SPRING FESTIVAL COMES THIS WEEK

The Spring festival, which is given each year under the auspices of the Department of Physical Education and the direction of Miss Samph, will be on a larger scale than ever attempted before by the department. The costumes instead of being made by the participants are to be bought already made. The cost of the costumes will be met by the sale of tickets each of which is 25 cents. If the tickets are purchased before the day of the festival, which is May 7th, they will be only 25 cents, but if the admission is paid at the door the cost will be 50 cents. The object of this is to get as many people as possible to get their tickets before the performance and thus settle all of the trouble of getting the tickets at the door.

The dancers have all been practicing assiduously for weeks and all of the dances are new. The story was given in the last issue of the Sagebrush and deals with nature. There are dances of the snow-flakes, the leaves and the winds and the costumes of the dancers are made to suggest these various things.

It is hoped that all of the students and the faculty who can possibly attend will avail themselves of the privilege. It is only right that all of the people on the Hill should do their best to further the talent that is displayed and some of the women in the Department of Physical Education have shown marked ability in dancing; not only in doing interpretive dancing of their own creation. It is promised that all those who attend this festival will not count the time nor the money as wasted.

U. of N.

## SENIORS WILL BE GUESTS AT DANCE

Despite the absence of the formal Senior Ball, which will not be given this year, the members of the graduating class and students and faculty are promised a pleasant treat during commencement week. According to word given out by Professor C. R. Hill, president of the Neighborhood Social Club, the organization is planning a dance in honor of the graduating class, to be given in the gymnasium on Commencement evening, Wednesday, May 18, 1921, to which faculty and students are to be invited. The announcement was met by hearty approval from the students and all are eagerly anticipating the event. It has not been definitely announced as yet, but the affair will probably be informal. A big orchestra and other inviting features are promised and a general good time is expected. The club is composed largely of university faculty members and prominent Reno people, and is noted for the splendid dances which it gives during the year.

U. of N.

## CARD SENIORS TRIM FACULTY TEAM

By Pacific Intercollegiate Press  
Stanford Univ., May 5.—Dr. David Starr Jordan, Chancellor Emeritus, who is now past seventy years, and Dr. Ray Lyman Wilbur, president of the University, took part in a baseball game played between the faculty and the senior class as a part of the annual get-together program between the fourth-year men and the instructors. The seniors won 10 to 6. "Dink" Templeton, track coach, pitched for the faculty. Other events on the program were a barbecue and a smoker.

## Davis Aggies Win in Track

**SAGEBRUSH TRACKSTERS LOSE DUAL MEET TO CALIFORNIA CINDER ARTISTS—N. MARTIN SHATTERS HIGH JUMP MARK**

The University of Nevada Track Varsity went down to defeat last Saturday when they met the Davis Aggies in a dual contest held on the Farm field. The final tally was Davis 90, Nevada 41, which though a decisive victory for the Californians, does not show the true character of the meet. Nevada was somewhat handicapped by the absence of several of her best point winners who were unable to make the trip, and as a result, Coach Courtright was able to take but eleven men to tangle with the Farmers. The Nevada men showed up in good style, taking six first places out of fifteen possibilities with but few entries in each event.

Hans Lohse and Alex Fraser vied for honors for Nevada, each winning two first places. Fraser took the mile and two mile distance events with ease, running the first in 4:49 2-5 and the second in 12:7. Pike took second place in the mile and would have won second in the two mile had he not been taken sick and forced to drop out in the sixth lap. Hans Lohse showed his colors when he romped away with the quarter and the half, winning the quarter in 54 2-5 and the half in 2:10 2-5. In the hurdles, Alex Cotter shone, winning the high hurdles in the good time of 16 1-5, tying the University of Nevada record. Havens of Nevada won second place. In the low hurdles, Ned Martin, running for Nevada was the victim of hard luck, leading the field clear up to the last hurdle by four or five feet and then stumbling and losing out for even third place. He made up for this loss however, in the high jump, which he captured with ease, topping the bar at 5 feet 10 inches, breaking the University of Nevada record by 1 inch. The relay was won by Davis, by a lead of not over ten feet, in the fast time of 1:37 2-5. This time also ties the Nevada record.

It was expected that a reply from the Davis track manager to a letter sent by the Sagebrush for details and times of the meet would be here for publication this week, but no word has been received, and accordingly the summary of events cannot be printed.

U. of N.

## SOPHOMORE PAPER BARRED FROM MAIL

Southwestern Intercollegiate Press.  
Redlands, Cal., May 5.—The Sophomore and Freshmen classes of Redlands have tried their hands at journalism with rather startling results. Each class has presented a special edition of the "Campus" within the past two weeks. The Soph production was barred from mail circulation. The regular staff has been devoting its energy to a College Life number, which appears Saturday, at the time when the High School Seniors of Southern California are the guests of Redlands.

U. of N.

## JOURNALISM MAJOR AT U. S. C. PLANNED

Southwestern Intercollegiate Press.  
U. S. C., Los Angeles, May 5.—Plans for installing a complete journalism major at U. S. C. next are under way in the English department. A course leading to an A. B. degree in advertising is also being prepared.

## A. W. S. ELECTION HELD BY WOMEN

The election of officers held last week by the A. W. S. was, with two exceptions, one of the closest elections ever held on the Hill; the winner in the majority of cases getting the decision by but a few votes.

For Treasurer, Rose Mitchell polled 103 votes, being unopposed, as was Marianne Elsie who drew 100 votes for Exchange Chairman.

For President, Norma Brown defeated Vera Wickland by two votes, polling 57 to her opponent's 55.

Marie Lamon was chosen for the Vice-Presidency by a lead of 13 votes over Catherine Ramelli.

The Sophomore representative race likewise, was close, Zelma Kitzmeyer leading James Marshal by five votes.

The office of Secretary was sought by three candidates, and when the final vote was counted it was found that Lyndel Adams had won the chair by 15 votes. Mary Shaughnessy winning second and Helen Cordes third.

The final vote count was as follows:

President—	
Vera Wickland.....	55
Norma Brown.....	57
Vice-President—	
Marie Lamon.....	62
Catherine Ramelli.....	49
Secretary—	
Lyndel Adams.....	49
Mary Shaughnessy.....	34
Helen Cordes.....	30
Treasurer—	
Rose Mitchell.....	103
Exchange Chairman—	
Marianne Elsie.....	100
Sophomore Representative—	
Zelma Kitzmeyer.....	58
Janet Marshall.....	53

U. of N.

## FOUR NEW LETTER MEN FOR BLOCK N

As a result of the Nevada-Davis track meet held last Saturday at the California field, four new men are accorded the privilege of sporting the big block N, and are automatically elected to membership in the Block N Society, which is composed of athletes of the University who have won their letter. The qualifications for making the Varsity letter in track are the winning of first place in any event in a dual meet with another college or university, or a place in the big five-cornered meet which is held on the coast. Four Nevada men fulfilled these requirements: Alex Cotter, who took first place in the hurdles, and incidentally tied the university record for this event; Alex Fraser, who won first place in the mile and two mile; Hans Lohse, by taking first places in the half and quarter mile events, and Ned Martin, who shattered the university record for the high jump by clearing five feet ten and one-half inches. Other Nevada men gained points in the meet, but failed to capture the necessary first place to win the big letter.

U. of N.

## TRACK STARS OUT FOR HONOR FRAT.

Southwestern Intercollegiate Press.  
Univ. of Arizona, Tucson, May 5. Track practice still continues with as much pep and vigor as when it started. This week the tryouts for Sigma Delta Psi, the honor athletic fraternity are being run off, and it is expected that several of the new men will meet the requirements this spring.

## High Schools To Meet Here

**FIFTY STUDENTS TO COMPETE IN DIFFERENT ACTIVITIES AT INTERSCHOLASTIC MEET STARTING THIS FRIDAY**

About forty-five or fifty students of the high schools of the State will be at the University this week-end to take part in the annual spring tournament. The features of this tournament will be declamation, debating and track. There will be four contests, all told, the first to be the debating contest on Friday evening at the University gymnasium. The preliminaries for the debates will be held Friday afternoon, but they will not be open to the public. The winners of this contest will meet in the verbal contest on "Immigration" Friday evening. There are two members on each debating team. The next event will be the boys' declamation contest. This contest will be very interesting from start to finish. Each contestant may talk ten minutes. There has been some very keen rivalry between the contestants who have been trying out in the various high schools. This contest is scheduled to take place Saturday morning at the Reno High School Auditorium.

Saturday afternoon, the track teams will meet upon the cinder path on Mackay Field to decide who are the fastest men in the high schools. Track teams are limited to ten men each, so

(Continued on Page 8.)

## SOPH WOMEN TRIM FROSH BASEBALLERS

The Sophomore Baseball Team won the inter-class championship from the Freshman team when the second game was played on Mackay Field, Friday afternoon. The first, a game of seven innings, played Saturday morning, resulted in a score of 8 to 15, the second, a game of five innings, with a score of 5 to 7. The games were fast and well played, there being many exhibitions of skill and knowledge of the game shown. The teams were well balanced and the games hard fought to the last.

The Sophomore team was as follows: Catherine Ramelli, captain; Erma Hoskins, Pryscilla Reynolds, Agnes Riddell, Louise Cazier, Rose Mitchell, Allene Wright, Mary Sewall and Evelyn Pedrolli.

The Freshman team: Margaret Owen, captain; Justine Badt, Irminna Stevenson, Helene Cordes, Anna York, Ramona Brockliss, Letitia Sawle, Opal Underwood and Marguerite Wilkinson.

### R. O. T. C. STUDENTS STAND INSPECTION

With shoes shined, uniforms cleaned up, and rifles cleaned, the members of the infantry unit of the R. O. T. C. at the University were inspected last Wednesday morning by Major Cleary, the inspecting officer sent here by the War Department. The unit was first inspected, then it passed in review before Colonel Ryan and Major Cleary. The next thing on the program was the execution of various movements after they had been explained by the platoon leaders. Close order drill, squad movements, stacking arms, and deployment of skirmishers were some of the things that were carried out. The work done on Wednesday morning was important, in that the members of the unit will receive part of their final grade according to the manner in which they conducted themselves that morning.

The inspecting officer was well pleased with the work done at the inspection, which was a marked improvement over that done the last time the unit was inspected by Major Cleary. The unit this year has been one of the largest in the history of the University, and has done much creditable work during this period. Next year will undoubtedly find a larger number of students registered in military training and a still greater improvement in the work of that department should result.

U. of N.

### MERIT SYSTEM FOR U OF R ELECTIONS

By Southwest Intercollegiate Press Redlands, Cal., May 5.—The merit system for the election of student publication officers is being planned at Redlands with good prospects of success. The new plan requires a two-year period of service or its equivalent for editor and manager. This is a great change from the present system which is determined solely by popular election. No change in the method of financing is planned. The editor and manager will be financially responsible for their publications as before.

U. of N.

### COLLEGE SCRIBES PUBLISH BIG DAILY

By Southwest Intercollegiate Press U. S. C., Los Angeles, May 5.—Publishing an off-campus publication for the fifth time this college year, members of the Trojan staff and students in the news-writing classes were substituted for the regular staff of the Daily Santa Ana Register on Saturday, April 30th. The student issue contained sixteen pages. The advertising class solicited advertisements for the paper, thus giving the regular ad men an extra day of vacation.

U. of N.

### COTTER ELECTED NEW CINDER PATH HEAD

At a meeting held this week of the Varsity track men of this year, Alex Cotter was chosen as captain to guide the destinies of the cinder squad for the coming season. Cotter is an old hand at the track game, having participated in a great many meets, and in cross country runs, though never before gained the coveted letter. He is a member of the junior class and is well known on the Hill, where he is popularly liked and greeted by various titles, such as "Duke," "Slim," "Slinky" and other affectionate names. He is a great track enthusiast and already has great hopes for the success of the Varsity track squad for next year.

### LOUD-DAY HELD IN DEFIANCE OF PROFS

Southwestern Intercollegiate Press. Redlands, Cal., May 5.—Dispatches from Redlands are apt to prove spicy for the next few weeks. A contest between the Faculty and Student Body seems to be imminent. The first week in May is traditioned as "Sensation Week" at the U. of R. Monday of this week is observed as "Loud Day." Students attend classes attired in tackey colors and with similiar disposition. This year the Faculty requested the Student Body to dispense with "Loud Day." The Student Body requested specific reasons from the Faculty and received an ultimatum. The Faculty edict was not delivered until Friday, too late to call a student assembly. "Loud Day" came Monday. Undergraduates, in ignorance of the ukase, attended classes attired in unique creations of nature and wonders of science. The Faculty considers this a defiance of their orders, but have taken no action as yet.

U. of N.

### CHAPTER HOUSE FOR FROSH COEDS

UNIV. OF WASH., Seattle, May 5.—Plans for the establishment of a chapter house at the University for freshman girls, under the Daughters of the American Revolution, are being projected by the local chapter. A letter from Dean Ethel Hunely Coldwell, stating a need for more houses for girl students, was read at the recent D. A. R. convention, accounting for the chapter's immediate consideration.

U. of N.

### BOSTON U GUNNERS TO MEET U OF WASH

UNIV. OF WASH., Seattle, May 5.—A challenge from the Boston University for an outdoor rifle match has been accepted by the University Rifle Club. The match will be fired May 21st at 200, 300 and 500 yards, slow fire, on United States Army targets, twelve shots to be fired on each range. Thirty-calibre rifles will be used.

Each team will fire on its own range and scores will be exchanged by mail.

U. of N.

### FIRST ROUND OVER IN TENNIS GAMES

The preliminary games of the women's tennis tournament have been finished, and beginning next week, the finals will be played. Much enthusiasm is shown by the contestants and the games scheduled give promise of keen rivalry and fast playing.

The Freshman teams playing are: Justine Badt and Margaret Owen vs. Ramona Brockliss and Helene Cordes.

The Sophomore teams playing: Leona Bergman and Pryscilla Reynolds vs. Erma Hoskins and Catherine Ramelli.

U. of N.

The stadium fund has passed the million dollar mark, over \$600,000 was subscribed by the City of Columbus and the University. The Ohio stadium will have a seating capacity of 63,000.

—THE RENO JEWELERS—

There was no regular meeting on Wednesday afternoon due to several causes. The meeting had been planned for the Seniors, but in view of the fact that so many of them had to practice for the Senior play, it was decided to call it off. The Cabinet had their supper for the last time in the evening, and it was in the nature of a get-together to plan for the work next semester. It is hoped that one of the Field Secretaries will be able to visit the organization at the first of the year and be an aid to them in starting their work. The Y. W. C. A. was disappointed that no one was able to come and pay a visit here the past year, but all of the members are hoping for better luck next year.

The newly initiated members of Coffin and Keys, men's upper-class honor society, were the guests of honor at an enjoyable banquet held Friday evening at the Golden Hotel. A full attendance of the active members was noted and a number of graduates and former students were on hand. Following the dinner, talks and speeches were the order, until the affair was brought to a close about 11:00 o'clock. Present were Messrs. J. C. Jones, Charles Haseman, Ray Bryan, John Douglas, Bill Martin, Dick Bryan, Ed Reed, Harold Whalman, Morris Smith, Clem Caffrey, Ernest Harker, Mel Sanders, Phil Frank, Earl Wooster, Stanley Davis, Jack Ross, John Harrison, Herbert Foster, Laurence Quill, Leslie Bruce, James Bradshaw, Noble Waite, Lyle Kimmel, Clinton Melarkey and Mahlon Fairchild.

**PI BETA PHI**

The active members of Pi Beta Phi fraternity are being entertained at a delightful luncheon given by the Misses Madeline and Vera Dallas, Saturday, May 7th. The luncheon is to be held at the Grand Cafe. Those who will partake are: Gladys Dunkle, Virginia Higgins, Marie Lamon, Marguerite Patterson, Margery Stauffer, Erma Hoskins, Lois Codd, Bertha Joerger, Merle La Maire, Louise Grubnau, Nevis Sullivan, Neal Sullivan, Carr Gardner, Bertha Blattner, Bessie Jones, Frances Jones, Mary Shaughnessy, Dorothy Middleton, Hazel Hall, Vera Dallas, Madeline Dallas and Helen Robinson.

**PI BETA PHI**

Thursday afternoon, April 28th, Miss Dorothy Percival was the guest of honor at a dainty luncheon given at the Silver Pheasant. During the service Miss Percival was presented with a beautiful hammered silver sandwich plate from Nevada Alpha of Pi Beta Phi—a token of love and many wishes of happiness for the future. The girls of Pi Beta Phi, who participated in the good meal and merriment were: Dorothy Percival, Gladys Denikle, Louise Grubnau, Betty Hunter, Bertha Joerger, Bessie Jones, Frances Jones, Margery Stauffer, Merle La Maire, Genevieve Morgan, Mary Shaughnessy, Erma Hoskins, Marie Lannon, Marguerite Patterson, Bertha Plattner, Carr Gardner, Virginia Higgins, Vera Dallas, Helen Robinson,

**PI BETA PHI**

Founders' Day of Pi Beta Phi was celebrated Friday, April 29th, by all active and alumni members. The alumnae planned the evening's entertainment and the girls were taken to the theatre and from there to the Y. W. C. A., where a delightful repast was served. Songs were sung and the "toddle" was tried out during the evening. Eeveryone pronounced the evening's entertainment a complete success and 10:30 came all too soon. The members present were: Gladys Dunkle, Virginia Higgins, Vera Dallas, Marie Lamon, Marguerite Patterson, Dorothy Percival, Marjorie Stauffer, Erma Hoskins, Lois Codd, Bertha Jaerger, Louise Grubneau, Nevis Sullivan, Carr Gardner, Bessie Jones, Frances Jones, Mary Shaughnessy, Dorothy Middleton, Helen Robinson, Hazel Hall, Edna Short, Joe Legate, Delle Boyd, Margaret Mack, Myrtle Cameron, Gladys Jones, Catherine Reigelhuth, Dorothy Gibson, Mrs. O'Sullivan Genevieve Morgan, Betty Hunter and Ruth M. Ferris.

**COMHELO CLUB**

Comhelo held a social meeting at the home of Ninita Boyce on Wednesday evening. During the first part of the evening Allene Wright and Elizabeth sang a duet. Miss Diehm played an instrumental selection and Eleanor Miller gave a reading. After the program the girls played games until late in the evening. Letitia Sawle and Allene Wright added to the merriment of the party by interpreting "Turkey in the Straw." Near the close of the evening light refreshments were served to the following: Misses Emma Diehm, Ninita Boyce, Allene Wright, Louise Cazier, Elizabeth Tinguely, Ruby Spoon, Letitia Sawle, Agnes Riddell, Evelyn Pedroli, Vesta Bradshaw, Mabel Riddell, Eleanor Miller, Irene Dunne, Mildred Weiss, Ruth Carter, Luella Dilworth, Helene Cordes, Clara Gibson, Dorothy Farwell and Evelyn Stack.

**DELTA DELTA DELTA**

On Monday evening the pledges of Delta Delta Delta Sorority entertained the active and alliance members with a clever stunt party. The festivities were held at the home of Emily Brown. After an evening of stunts, all of them given by the pledges, delightful refreshments were served. The hostesses were: Emily Brown, Kathryn Ramelli and Irvinna Stevenson.

Their guests were: Lyndel Adams, Bonita Miles, Marie Campbell, Agnes Lowry, Wilma Readle, Helen Watkins, Margaret Barnes, Dorothy Ross, Euola Badger, Gertrude Harris, Arvella Coffin, Frankie Porter, Adele Clinton, Pryscylla Reynolds, Thelma Brown, Rose Harries, Editha Brown, Rose Mitchell, Marianne Gignoux, Hallie Organ, Josephine Williams, Doris de Hart, Mila Coffin, Jule Callahan, and the Mesdames T. J. Salter, E. Maxson and Le Roy Thatcher.

**FARRAR-CHICHESTER**

One of the April weddings that is of interest to many University students is that of Miss Elsie Farrar to Mr. Ray G. Chichester of Coleville, Calif. She was attended by Mrs. Robert Gibson, as matron of honor, while Mr. Robert Farrar, brother of the bride, acted as best man. Reverend Edward Tanner Brown of Trinity Church performed the ceremony.

The rooms were beautifully decorated in spring blossoms, lilies and ferns. The bride wore a gown of filet lace over cream satin, and carried a shower bouquet of white tulle. The matron of honor was dressed in apricot taffeta and carried pink roses. Mrs. Chichester is the daughter of Mr. and Mrs. Thomas G. Farrar of this city. She was graduated from

the University of Nevada with the class of '17. She is a charter member of Pi Beta Phi fraternity, and also of Delta Alpha Epsilon. She took an active part in Y. W. C. A. work and in social and student activities. Last year she served as a teacher in the Reno public schools. Mr. Chichester is the youngest son of Mrs. Elizabeth Chichester, prominent landholder of Antelope Valley. He is at present engaged in the cattle business in Smith Valley. After a short honeymoon the young couple will go to Wellington, where a beautiful new home awaits them.

**CHILDERS-DAVIS**

Herman Davis sprung a pleasant surprise on his many friends last Monday when at a simple ceremony he took for his bride, Miss Marie Childers of Reno. The ceremony was performed by Father Moran, with Miss Gladys Jensen as bridesmaid and Mr. Charles Haley as best man. Miss Childers is well-known to University students, having come here with her mother from the East to make her home. Mr. Davis is a Freshman at the University and a very popular student. He is a member of Sigma Alpha Epsilon.

**SENIOR SUPPER**

Invitations have been sent out for the traditional Senior Supper, given annually to the graduating seniors by Dr. and Mrs. Walter E. Clark, during Commencement Week. It is one of the last functions of the year at which the members of the outgoing class and faculty members mingle, and is always happily anticipated by the students. The supper will be given in the gymnasium, Friday evening, May 13.

**BLOCK N**

The Block N Society of the University will entertain Friday evening with an informal dance at the Training Quarters for the members of the organization and their ladies.

Miss Bertha Blattner was hostess at a delightful dinner party Sunday evening at the home of Mrs. Edward Kirchner and a number of University people were guests. Following dinner, a theatre party at the Majestic was enjoyed.

Present were the Misses Marie Lamon, Madeline Dallas, Vera Dallas, Marguerite Patterson, Carr Gardner and Bertha Blattner; Messrs. Paul Sirkegian, John Harrison, Marshall Orr, Jack Pike, Dick Bryan and Gus Faulbaum.

On Wednesday, May 4th, Professor and Mrs. F. W. Tramer entertained at a dinner at their home on South Center street. The guests were the Senior students who are getting a diploma for High School teaching. The tables were beautifully decorated in spring flowers and ferns. After dinner the guests amused themselves with games and songs.

Those bidden to the affair were; Dean and Mrs. Hall, Misses Burke, Hawkins, Organ, Wogan, Humphrey, Barnes, Fuss, L. Sullivan, Dunkle, L. Smythe, Underwood, V. Dallas, R. Harris and Mr. John Gattardi.

At a very enjoyable dinner party Tuesday evening, Mr. and Mrs. A. W. Cahlan entertained a number of University people. A delightful dinner was served to which all did justice and left only with much reluctance. Those present were: the Misses Gladys Dunkle, Thelma Braun and Dorothy Middleton; Messrs. Bill Martin, Dick Bryan, John Cahlan and "Dinty" Moore, and the host and hostess, Mr. and Mrs. A. W. Cahlan.

Harry: "Did you feel the earthquake last night?"  
Carrie: "No, I was shimmying."—Dirge.

RENO, NEVADA, THURSDAY, MAY 5, 1921

THE YEAR IN MILITARY

The University R. O. T. C. passed the dreaded inspection last Wednesday in such an excellent manner that it leaves their record for the 1920-1921 term an enviable one.

The corps this year is the largest in the history of the University and next year and in the years to come will no doubt continue to grow.

The students seem to be realizing the value of the military training received from the R. O. T. C. For engineering students especially this training is almost invaluable, for should the young engineer go to some foreign work he will find that the engineer who has had a good ground work in military is far more in demand than the one who doesn't know a rifle from a knapsack.

To be a success, an engineer must be able to do anything from running a transit to organizing a small army. Military training pays and those students who learn all they can from Col. Ryan will find their time well spent.

With the College Scribes

AMERICANIZATION DAY

Has the spirit of Americanism which prevailed during the war passed entirely away? Will Americans sit placidly and see the German propaganda circulated again in this country as it was before and during the war?

It is the duty of every faculty member and every student at the University to take part in one or more of the day's events. If you are an ex-service man or belong to the Junior Chamber of Commerce or some other civic body, you will be given an opportunity to march in the parade.

Americans are too ready to discard, except at essential moments, forms of respect to their country, such as the salute to the flag and singing the national anthem. The meeting of May 7th is intended primarily to reconsecrate ourselves to the service of our country as we did so willingly several years ago.

RESTLESSNESS AND PREPARATION

With the approach of the end of the school year the problem is presenting itself to many students as to whether they are to return to school after the close of the present session.

School duties often become irksome. The lure of the world is strong and the promise of quick financial success is enticing. Particularly at this time of the year when one has gone through some seven or eight months of school work and is not always sure of what has been gained does the call become strong to leave academic and professional halls for seemingly more practical and worth while pursuits.

But the student of one or even two years' experience in his college career is often not competent to judge the amount of benefit which is accruing to him through his scholastic work, immediately unproductive as it may seem. It is the wise student who realizes that fact and who holds fast to the motive, if it were a good one, which first prompted him to attend college.

It is probable that there will be just as good opportunities in the world next year as there are today and the man who has put himself through a period of thorough and hard preparation will be the individual to whom the opportunities will open. Any student will do well to think seriously and long before he deserts the opportunities for preparation which are his for the lure of quick results and the enticement of an open job which may or may not be worth his while.

U. of N.

THE WELCOME TO TRAINED MEN

The Engineering college recently issued a statement in which it proclaimed that practically every student leaving its portals this year with a diploma would be provided with a position. The newly organized Commerce club has an employment bureau which is receiving communications from business firms throughout the country requesting college graduates to occupy positions which require university training and command a good chance to advance.

The world is always out with a spyglass for trained workers, and while ordinary "jobs" which the average laborer or clerk can fill are all too scarce in the present depression period, employment columns are constantly offering advertisements for the unusual man, the man who has special knowledge and is not predisposed against work.

PICKIN'S

By Pete

Mentioning the Coffin and Keys scenario, the motion picture editor described it as:

"A MELODRAMA THAT WAS MELLOW."

Believe me, chief, you said a mouthful.

Trying Moments

Hearing the swush, swush of the departing liquid as you suck the last drop from the Coca-Cola bottle.

Disaster

Sporty speedster,

Nifty squeezester;

It rains,

No chains;

A sudden skid,

Glass lid.

Major: "Where yuh goin' tonight, Francis, 'snaking?'"

Francis (gruffly): "How?"

Major: "Oh, so yuh don't call it that any more. What do yuh call it?"

Francis (very ugly): "Nothin'."

Major (retreating through the door): "I'd call it that, too."

Heard at Inspection

Top Sergeant to Rookie: "For the love of Mike don't try to drive nails into that wall with your bayonet. Use your head!"

Signs on a combined movie theatre and office building:

DR. BEBANS—DENTIST

"DEAD MEN TELL NO TALES"

Why is it that:

At the sight of a girl with a chamois No one laughs the louder

Than the bird who instead of a shave Covers his beard with powder.

What do you know about this woman, Clem Shurtleff? She went up to see the graves out to Bowers and when she came to the little ditch, which is not more than two inches wide, she fell in, in spite of Edgar's helping hand. The cause of such a fall?

Search me. I don't know where she got it.

A Colorful Lass

She turned her eyes of violet And parted carmine lips— Her gold-yellow hair shimmered In the silver light— Her moulded cheeks flushed As pink as the roseate dawn— Her white-ivory arms Stretched toward me—

But the orchestra pit was between us. —Cornell Widow.

Not Suited

Bthing Beauty: "That dressmaker just won't send me my new bathing suit. I've written to her twice."

Movie Director: "You should have enclosed a stamped and addressed envelope for it."—Rutgers.

"Crocked again," he muttered as the flowerpot hit him.

Little gobs of powder,

Little dabs of paint,

Make the little freckle

Look as it ain't.

There is a young lady from Chess, Who handsomely always does dress;

But when she misplaces Her vanity cases,

Her nose is a shining success.

You're right, Clarice, when you say that influence is what you think you have until you try to use it.

"My sister met with a terrible accident last night."

"Somebody guessed her right age?"

The reason why Dan Cupid makes so many bad shots is because he aims at the heart while looking at the hojery.

She met him in a darkened room, Said he, "I've brought some roses." She answered with irrelevance, "Oh, dear! How cold your nose it!"

Never contradict a co-ed. Let her alone and she soon contradicts herself.

"Much ado about nothing," he muttered as he listened to the lecture on the irrelolation of space elements. space elements.

Ike: "Really, you ought not to sleep in class."

Mike: "Why not?"

Ike: "You snore so loud it wakes me up."

Did you ever have a friend

Start to congrat you

On graduating

With an engineer's degree

And tell you what a success

You were bound to make

In your profession and what

Big pay checks you

Would get?

And you think of the good

Jobs the A and S and Aggies

Have already gotten

As teachers, while you

And me and the rest of

To draw the long end of

A muckstick by July 1st

And you remember you have

Kale enough to eat on

For only two weeks more?

Have you?

Speaking of engineers—

Don't make me laugh—

My lip's split.

**NEVADA MAY MEET  
DAVIS STOCK TEAM**

Stock judging contests of late have interested the students of agricultural colleges throughout the country, and the various "aggie" schools in California are attempting to arouse interest in contests between colleges, with the view of sending teams from one college to another and sending a team to compete at the annual contest which is held in Portland, Oregon.

This should interest agriculture students in our University since Davis men are going to attempt to arrange a judging contest between the University of Nevada and the California Farm.

**JIM DAVIS IS CARD  
SINGLES CHAMPION**

By Pacific Intercollegiate Press  
Stanford Univ., May 5.—Jim Davies won the singles championship at the annual tournament at Ojai Valley, California, from his teammate on the Stanford Varsity tennis squad, Phil Neer, 6-4 and 6-5. Neer won the cup last year.

**WHITMAN FRAT  
AVERAGE HIGH**

Pacific News Service.  
Whitman College, Walla Walla, May 5.—Fraternity men and women averaged higher in their grades last term than non-Greeks at Whitman, according to the registrar's report showing the group averages. Greeks made 80.42 and non-Greeks 77.47, three points lower. Kappa Kappa Gamma and Delta Gamma led the nationals with 83.67 and 83.64. Beta Theta Pi and Phi Delta Theta led the men's fraternities, 79.20 and 78.83. The college average was 80.06.

**UNIFORM DRESS FOR  
WOMEN IS OPPOSED**

By Pacific Intercollegiate Press  
O. A. C., Corvallis, May 5.—"I do not believe in uniform dress for young women of this college," said Dean Mary E. Fawcett.

Uniforms take the pleasure in dressing away, believes Dean Fawcett. They are pieces of cloth which label the persons they are on and make them feel like a part of the institution.

**REED COLLEGE TO  
DEBATE WISCONSIN**

Pacific News Service.  
Portland, Oregon, May 5.—Debate interest at Reed College advanced a notch when Coach George L. Koehn wired acceptance of the University of Wisconsin's debate challenge for May 30. Two intercollegiate contests are already scheduled for May, the first being the Reed-California debate, and the second a debate with the University of British Columbia in which Reed argues that the Japanese alliance with Great Britain is inimical to British-American interests. The California debate is a co-ed contest. Reed's speakers opposing Irish independence.

The subject Wisconsin is debating on its Western trip concerns recognition of the Soviet Government of Russia, Reed arguing the negative. Reed's entry into intercollegiate forensics on a large scale follows a dual victory over the University of Oregon and O. A. C. last December. Coach Koehn is in charge of all three contests.

**What Makes the Firefly Glow?**

**Y**OU can hold a firefly in your hand; you can boil water with an electric lamp. Nature long ago evolved the "cold light." The firefly, according to Ives and Coblentz, radiates ninety-six percent light and only four percent heat. Man's best lamp radiates more than ninety percent heat.

An English physicist once said that if we knew the firefly's secret, a boy turning a crank could light up a whole street. Great as is the advance in lighting that has been made through research within the last twenty years, man wastes far too much energy in obtaining light.

This problem of the "cold light" cannot be solved merely by trying to improve existing power-generating machinery and existing lamps. We should still be burning candles if chemists and physicists had confined their researches to the improvement of materials and methods for making candles.

For these reasons, the Research Laboratories of the General Electric Company are not limited in the scope of their investigations. Research consists in framing questions of the right kind and in finding the answers, no matter where they may lead.

What makes the firefly glow? How does a firefly's light differ in color from that of an electric arc, and why? The answers to such questions may or may not be of practical value, but of this we may be sure—it is by dovetailing the results of "theoretical" investigations along many widely separated lines that we arrive at most of our modern "practical" discoveries.

What will be the light of the future? Will it be like that of the firefly or like that of the dial on a luminous watch? Will it be produced in a lamp at present undreamed of, or will it come from something resembling our present incandescent lamp? The answers to these questions will depend much more upon the results of research in pure science than upon strictly commercial research.

**DOROTHY BLANEY  
RECITAL PLEASURES**

The following article, which appeared in the San Francisco Examiner of May 3, will be of interest to Nevada people, who are acquainted with Miss Dorothy Blaney and have enjoyed the pleasure of hearing her music. Miss Blaney is the daughter of Mr. and Mrs. Robert Lewers.

**Dorothy Blaney Proves Pianist of Distinct Ability**

By Redfern Mason

Nobody who is not an artist could have played that E Flat minor prelude of Bach as Dorothy Blaney played it last night. It was at the St. Francis where Miss Blaney was giving a recital.

The artist asserted itself in the mastery of the long pulsating rhythm and, even more, in the spirituality of the melody which is Johann Sebastian in a mood of pious rapture. When I heard that I knew why Josef Lhevinne said that Miss Blaney has in her the stuff of a pianist of high order.

She is only 20, and the way in which she makes the piano sing is candid and unsophisticated. She is that rare thing, a young lady of our days without the least affectation of Weltschmerz. If meaning from her inner consciousness it could not have had a finer simplicity.

This ingenuousness is perhaps the outstanding virtue of Miss Blaney's art. But it is ingenuousness wedded with the force which we men compliment ourselves by dubbing masculine. It came out with refreshing assertiveness in the Beethoven-Busoni "Eccossaises," in the Dohnanyi "Rhapsody" and with rare variety of tonal contrast in the familiar "Tambourin" of Jean Phillippe Rameau.

**"STRAY GREEK DOINGS"**

On the evening of the 28th of April the Stray Greeks broke forth with their first initiation on the Hill.

The evening will be remembered by the Stray Greeks for a long time, but will be remembered a longer time by some others.

At 7:30 they went forth with their recruits to send them through into the secret order. They journeyed to Mackay Field, where the first of the initiation was put over in great style. The men were then dressed for the occasion and the parade went in the direction of Manzanta Lake. It was decided to have the recruits give a couple of grand opera selections for the benefit of the Manzanta Hall women on Virginia street before their swim in the lake. After being refreshed by the freshness and coolness of the lake, the party beat a hasty retreat to the Mineral, where the rest of the evening was spent.

Congratulations to the new members, Merle Hardy and "Buzz" Havens, to this new society.

# COFFIN & KEYS RUNNING

By F. O. B.

Last Friday the students on the Hill were startled by the appearance on the campus of what appeared to be an escaped contingent from Sparks. The wise old campus sage chuckled to himself as he recalled that this was about time for the Coffin and Keys running. As he watched, the grin grew into a laugh that sounded like a string of empty boxcars pulling across Virginia street. Yes, it was the running. A smile of generous proportions wreathed his fatherly face as he turned to the closest frosh and said, "I told you so."

The procession could be called cosmopolitan, but it was really more than that. It was cosmopolitan in the same sense that free verse is poetry. To begin with, there were the "Gold Dust Twins." Jimmie Bradshaw and Jack Ross carried out a splendid characterization of these famous twins. Form-fitting underwear and liberal applications of shoe polish and charcoal gave that touch of realism. Harness rings, cleverly decorated the ears and nose, forming a rich combination against the otherwise somber background. Hula skirts of generous proportions and of the never-rip variety added the final touch to the custom. All this barbaric regalia, however, could not make savages of these two specimens of our effete civilization—for, to their shame, each wore a pair of Number 10 Army shoes, showing that the influence of Uncle Sam had been felt, even in the most savage of the South Sea islands.

Spears, blowpipes and necklaces of human teeth were lacking, but in their stead the twins carried all the implements of twentieth century sanitation. True to the originals on the package, each man carried a bucket, a mop, a package of Gold Dust and a cake of "keep that schoolgirl complexion" soap.

Not to be outdone by the bizarre twins, Noble Waite and Laurence Quill appeared as "Hawkshaw and Dr. Watson." As a detective Noble might have been alright and no doubt his intentions were good, but his disguise embodied all of the salient features of Robinson Crusoe and Rip Van Winkle. His face was cleverly smothered in Bolshevik whiskers arranged so as to match the barley sacks on his boots. He carried a handbag that contained all the tools known to the modern detective, including high-powered lenses, insect powder, a saw and a large volume entitled "Advice to Young Detectives." Quill, who should have represented Hawkshaw, would have been the envy of any South American army. He it was who supplied the brains to Waite, who followed in the capacity of a man Friday.

From these strange characters we jump to the modern. Les Bruce of the ponderous and unfathomable vocabulary, blossomed into a vamp that set the male portion of the students all afire. However, he wasted no affection on the snakes that followed in his wake, for Herb Foster, far outshining the notorious M. T. Smith, claimed his every moment.

John Harrison for once found a role that suited him. In the guise of a movie director he could orate until his lungs went back on him and no one would pay any attention to him. Stan Davis, by the addition of a mustache, became the ideal cameraman.

The motley crowd began their performance by visiting the class rooms, much to the delight of the professors

and to the disgust of the students who were much annoyed at having their class hour interrupted.

At 11:00 o'clock an Irish Sympathizers' parade was held on the Quad. The sympathizers advanced from the Mining Building and passed in review before Colonel Ryan and his staff and the Majestic cameraman.

The students were now treated to one of the most powerful dramatic productions of the year. The plot was dark and deep. Les Bruce, playing the feminine role, was being ardently wooed by the barbarian Jack Ross. While this touching love scene was in progress, the male vamp, Herb Foster, appeared mysteriously out of the shrubbery. Enraged at the betrayal of his love, he plunged a sinister looking carrot into the heart of the dusky lover.

Of course, Gold Dust pulled an Anthony and Cleopatra and fell at the feet of his lady. Miss Bruce, fickle to the end, perceiving the advantages of a live bird over a dead one, accepted the ring and attentions of the murderer. The climax was now reached. As a sky pilot was reading the wedding sentence the unexpected happened. Clem Caffery's canine nuisance pussyfooted up to the dead lover and made a mean attempt to remove a portion of the hula skirt from the lifeless body. Here was where the plot weakened. Jack Ross refused to compromise himself and sprinted for the shrubbery.

The crowd moved over to the tram to watch the launching of the good ship President Harding. It was a rakish craft, built along piratical lines and flying at its masthead the sign of Coffin and Keys. With a great splash the craft left the ways and settled in six feet of water.

Waite and Bradshaw deserted the ship and headed for the shore, but Gerry Eden's boots proved too much for Noble and he was pulled aboard by Quill in a semi-conscious state. After some hesitation the craft righted herself and proceeded up the lake under a full spread of canvas. Traveling at the speed of two knots a week, soon docked at the tram. Here Ross became so confused under the stares of the co-eds that he stepped off the rear deck and vanished in twelve feet of water.

The crew deserted; the banner of Coffin and Keys was hauled down and the President Harding was but an incident of the college year.

—U. of N.—

## WHITMAN CHANGES COMMENCEMENT DATE

Whitman College, Walla Walla, May 5.—The traditional holding of Commencements on Fridays at Whitman has been changed to Monday to allow outside business men and others to more conveniently attend the exercises over the week-end, which now occupy Saturday, Sunday and Monday. The Whitman commencement will be held June 20th in the outdoor amphitheatre, it has been announced by Dr. Stephen B. L. Penrose, president of Whitman.

DEAR EDIT:—

YOU KNOW the Exes

ARE GETTING so blame close

THAT I am getting

PANIC and I now realize

HOW MANY things I should

HAVE DONE and didn't and

I GET blue and wish I was

IN CHINA or somewhere and

PROF CHARLEY proceeds

TO ASSIGN some thirty odd

KNOCKOUTS for the Mechanics

STUDENTS with whom I

DRAG ALONG and all the

OTHER PROFS add their

LITTLE MITE and I find I have

THREE MONTHS work to do in

ONE WEEK or else the class

OF '21 wil graduate

WITHOUT ME and then

I SEE a lot of fellows

AND GIRLS play tennis

AND QUEEN and all that

AND HAVE a wonderful time for

THEIR LAST few weeks of school

AND I want to weep and

IT MAKES me think of

THE MINISTER who once visited

A SICK engineering stude

AND SAID I take a friendly

INTEREST in you, my boy

BECAUSE I also have two sons

IN THE University, and one

IS TAKING a course in

ENGINEERING and one is

TAKING A course in

AGRICULTURE and then

HE ASKED if there was anything he

COULD DO for the sick engineer

AND THE sick student sighed

AND SAID

WELL

YOU MIGHT PRAY for the one

TAKING ENGINEERING and I think

THE SICK student spoke

A MOUTHFUL and I

ONLY WISH some of these

AGGIES and

ARTS AND SCIENCE stude would

TAKE TIME enough from

THEIR PLEASURES to put in a

GOOD WORD for me when

THEY PRAY.

—ZIM.

—U. of N.—

ON YOUR BIRTHDAY BE PHOTOGRAPHED AT RIVERSIDE STUDIO

Mrs. Ira Uhlmeier, nee Clarice Tait, with her infant son, visited friends at the Hall Friday.

Lois Smythe, who has been ill for the past two weeks, returned to the Hall Wednesday.

Mr. and Mrs. Shaughnessy visited their daughter, Mary, during the week.

Mrs. Kitzmeyer of Carson was at the Hall with Zelma, Saturday.

Mr. and Mrs. Harrington were in Reno Saturday, spending the day with Dorothy.

Hortense Haughney was a guest at the home of Erma Eason over the week-end.

Helen Fuss returned to the Hall Saturday after a short trip to Fallon.

Southern pine and Douglas fir are about equal in strength, according to tests recently made at the U. S. Forest Product laboratory, Madison.

THE NEW EDUCATIONAL BUILDING

**NEW CLUB FORMED  
ON UNIV. CAMPUS**

Last Sunday the constitution of the Men's Christian Fellowship Association of the University of Nevada was officially adopted. This club has been going through the process of organization for the past several weeks, and was officially formed with the following officers having been elected for the ensuing year:

President: Chris Sheeran.  
Vice-President: Carroll Wilson.  
Secretary and Treasurer: Eldon Wittver.

The object of this association is to further Christian brotherhood and study, and to enlist students in Christian service.

Faculty members and students of the University are eligible for membership, and anyone who is interested in this work is invited to share the benefits of the association.

At the last meeting much interest was displayed and plans were gotten well under way for an enthusiastic start next semester. This new club has received a rousing start and from all appearances will have a membership that will be quite prominent on the hill.

Professor Thompson is the faculty member who is interested in and at present supervising the affair.

—U. of N.—

A number of students of the State College of North Carolina are to face the grand jury of Wake county as a result of a serious outbreak of hazing at that place. The hazing reached its climax when the rooms of 20 Freshmen were broken into and the Freshmen's heads shaved. Doors were battered down and shots were said to have been exchanged. The hazers were said to have worn masks.—College Topics.

**GIBBONS CLUB IS  
FORMED ON CAMPUS**

During the past two weeks, a new organization has been formed by a number of the men students upon the Hill. This new club is called the Gibbons Club, and it was formed by the men students on the Hill who profess the Catholic faith. This new association was formed for the purpose of having a get-together club for the Catholic men in the University. Approximately one-fourth of the students registered in the University are Catholics, and this club was formed so that they might get together and know each other.

At the first meeting of the men of this organization temporary officers were elected, a constitution committee appointed and other business relative to the formation of the organization transacted. At a later meeting, the constitution of the club was adopted, and the officers for next year elected. Dan McNamara was elected President; Laurence Quill, secretary; John McElroy, treasurer, and Clem Caffery, vice-president.

The club is planning on having a number of interesting talks by prominent men next year. These talks will be on national questions of importance, and other subjects which will interest the members. Much interest has been shown in the work as far as it has progressed, and much more interest in the club will undoubtedly result after the organization is well under way.

—U. of N.—

First Old Maid: "The hotel clerk is so flattering."

Second Old Maid: "Do tell!"

First Old Maid: "Think of it, he wrote 'Suite 16' after my name in the register."—Gargoyle.

**THE ANGLO-SAXON WONDER**

Ajax, the Invincible, the human dynamo, the wonder man, the challenger of the world, has fallen from his pinnacle of fame.

An almost unknown youth has stripped the world's greatest wrestler of his glory. Even as David, when but a youth, slew the mighty Goliath, so this young man, bare-footed and in ill-fitting tights, wrestled with Ajax the Invincible and in the strength of his boyish faith, threw the renowned strong man and held him prostrate upon the mat for ten minutes. For this spectacular feat the young David was rewarded with eight dollars and some thirty-five cents.

The sport world is all agog over this Anglo-Saxon wonder, as he is called in his native town of Bunker-ville. Perhaps there is in him the making of another Farmer Burns. Here is, at least, the making of a farmer in this man if his four years in the College of Agriculture bear fruit.

**Sport Paragraphs**

(By Dopic)

**Redlands Third  
In Penn. Relay**

The University of Redlands relay team captured third place in the class "B" one mile relay championship last Saturday in the big meet held at Franklin Field, Philadelphia. In the last quarter, Driscoll of Boston College pulled into first place. Penn. State came up into second and Redlands into third place, a few feet only separating the three men at the tape. Time for this event was 3:24:2-5, and set a new record over the one established last year by Redlands of 3:25:3-5.

**Coast Conference  
May Be Abandoned**

It is more than possible that the Pacific Coast Conference meet, which is to be held at Eugene, Oregon, on May 21st may be abandoned this year, according to Meisnest, graduate manager of the University of Washington. The announcement that the University of California and Stanford would not enter the meet is the cause given. Instead, a meet of the Northwest Conference, scheduled for May 28th, at Pullman, Wash., may be held at Eugene as a substitute.

**Oregon and Calif  
Relations Strained**

There are vague rumors that athletic relations are strained between the University of Oregon and University of California due to the fact that California refused to send a track team to the big meet to be held shortly. The arguments may lead to a bad break between the two universities, it is said.

Vernon Blenkiron, a high school speed marvel from Compton, has been showing such speed of late, especially at the big meet held at Berkeley, that it is rumored that he will no doubt step into Charley Paddock's shoes within the next few years.

**New World's Record  
Set in 440 Hurdles**

A. Desch of Notre Dame set a new world's record for the two and a half foot hurdles last Saturday at the meet in Philadelphia, when he paced the 440 yards in 53 4-5 seconds, clipping 2-5 seconds from the former time.

**Saints May Return  
To Coast Athletics**

According to announcements made a few days ago, Santa Clara may not discontinue all intercollegiate athletics as was planned, a light schedule in all sports being planned instead of the former heavy one usually attempted.

During the week-end baseball games the following are a few of the scores made by college teams:

- University of Idaho, 1; Gonzaga U., 12.
- Penn. State, 18; Carnegie Tech., 0.
- Swarthmore, 3; Army, 2.
- Harvard, 4; Bowdoin, 1.

## High Schools To Meet Here

(Continued from Page 1.)  
no school will have an advantage over the other in numbers. The dashes, the middle distances, and the mile run will be the track events; the usual field events will also be held. The members of the track teams in the high schools have been working hard training for this meet, and probably some of the State high school records will be broken. Many of the fast men of the high schools last year are running again this time, and will be in Reno to try for a winning place.

The final feature of this tournament will be the girls' declamation contest, which will be held in the University gymnasium Saturday evening. Eleven girls are entered in this contest, and the spectators will be entertained by a series of recitations that will prove very interesting. The girls who will meet in this contest have been practicing hard for this event, and the winner will have to be a very good elocutionist to win her place.

Winnemucca, Lovelock, Sparks, Carson, Yerington, Dayton, Reno and Fallon have entries in these events. The track meet comes under the jurisdiction of the Nevada Athletic League, while the debating and declaiming are to be held under the auspices of the High School Relations Committee. Two committees appointed by Clionia to aid in making this tournament a success have been working hard for the past week getting things in shape for the arrival of the high school students.

## BIG COLLEGE BOOK NOW BEING BOUND

Have you bought your ticket for the Artemisia? If not, you had better hurry for the book will be issued about the 10th of May, and you will surely want to get one. The big year book is in the hands of the binders at present, and will be ready for distribution next Monday or Tuesday. The Artemisia is a catalogue of the events of the past year, with the records of the football team, the basketball team and other athletic branches. It has a history of the various organizations on the Hill, with a list of the members and a picture of the organization. It has jokes about the various ones on the campus; it has snapshots of incidents of the past year which will prove interesting to everyone.

It is the largest book ever put out by the A. S. U. N., and will stand as a record of the work done this year by the Associated Students. The members of the staff have worked hard and diligently getting this issue out, and everyone should secure a copy for future reference. The Artemisia does not mean as much to one when he first graduates as it does in the days that are gone. When one looks back upon his past school life, he likes to have something that will remind him of the good times he had, of the joy he had in life. And one way he can recall to his memory things of "by-gone days" is by looking back through the Artemisia of the years when he was going to college.

Get your ticket for the largest book ever put out by the A. S. U. N. The books will be given out next week. The cover is one of the prettiest ever used, being an imitation grey leather, with the Mackay statue embossed upon it. The paper is a dull sepia, and the book is one of the best ever put out.

## LINCOLN HALL TEAM DOWNS STRAY GREEKS

Last Sunday the Lincoln Hall baseball team defeated the Stray Greeks with the close score of 15 to 14. This was undoubtedly the most interesting of the inter-fraternity games which is evidenced by the score. At one time the score was 9 to 4 in favor of the Stray Greeks. The hall men rallied and a safe hit in the last inning brought two men in, which made the hall team one point ahead. Two home runs were made; one by "Swede" Larson and the other by Clinton Smith. Both of these men played on the hall team.

Winning this game made the Lincoln Hall team the champion baseball team on the hill.

Irate Mother: "I'll teach you to kiss my daughter."  
Insolent Youth: "You're too late; I've learned already."—Froth.

## I. O. A. O. Gets Nat'l Charter

(Continued from Page 1.)  
chapter at the University of California will install I. O. A. O. on the 14th of May—thus Gamma Phi Beta will have an active chapter on the Hill, before the semester closes.

The charter members of Gamma Phi Beta will be:

Emily Burke, Leila Sloan, Lulu Hawkins, Norma Brown, June Harriman, Dorothy Harrington, Theresa Haughney, Georgie Money Clementine Shurtliff, Mary Browder, Marceline Kenny, Anna Brown, Elvina Blevins, Georgiana Steiner, Letitia Sawle, Erma Eason, Allene Wright, Mary Cox, Doris Kane, Zelma Kitsmeyer, Verda Luce, Vera Smith, Hortense Haughney, Ruby Spoon, Pearl Turner, Marguerite Mac Iver, Yandell, Velma Markwell Hawley, Salome Riley, Mary Margaret Martin, Jimmie Odert, Gladys Pendergast, Lora Lamberson Warren, Catherine Rupp, Leah Barker, Hulda Shartell Dixon, Lela Halsell, Thelma Bradshaw, Catherine Skinner, Marie Pohle, Carmen Rockstead, Lois Kimmel Meachan, Donna Dyke Hunley, Phillis Brown, Bonnie Stevens, Mildred Griswold Scott, Mildred Brainerd, Jennie Howson, Nevada Higgins, Lavinia Shields Hunt, Lessie Wardle, Lottie Ross, Margaret Black, Laura Shurtliff.

## WHITMAN STUDENT FOURTEEN YEARS OLD

Whitman College, Walla Walla, May 5.—Fourteen years old and a regularly enrolled freshman in college, is the accomplishment of Gail M. Williams of Whitman College, believed to be the youngest college and university student in the West. He wears knee pants, likes athletics, basket-ball, baseball, tennis and swimming and seems in every way an all-round boy. He is not a book worm, as one might expect, and, indeed, has so much pep that the students have nicknamed him "Squeak."

He intends to become a lawyer, likes Mathematics, Science and English, and is also translating Cicero and Virgil, all at the age of 14, when most fourteen-year-olds are just finishing grammar school.

## WASH PREPARES FOR OREGON MEET

By Pacific Intercollegiate Press  
UNIV. OF WASH., Seattle, May 5.  
—Several alterations are being made on the varsity track team in preparation for the annual meet with University of Oregon Saturday, May 7th, in the University Stadium.

Though Coach "Hee" Edmundson has just about decided on his team, a tryout was held Saturday to experiment on placing old men in new places. Marsh Davis, for two years the varsity representative in the two-mile relay, was tried in the two-mile race. Don Douglas may be shifted to the 440 instead of the half-mile.

Vic Hurley and "Casey" Anderson, Washington's best sprinters, ran three races Saturday, the 100-yard dash, the 220 and 220 low hurdles. Both have been going fast of late. In the Pacific Coast Relay Carnival a week ago, Hurley won first and Anderson second in a special 100-yard dash. Charles Frankland will stay with the high hurdles and high jump.

Upon Gus Pope, Edmundson is depending for the discus and shot-put. The javeline and two-mile runs are places causing the coach worry.

## STADIUMS THRIVE NEAR LOS ANGELES

By Southwest Intercollegiate Press  
U. S. C., Los Angeles, May 5.—U. S. C. and other collegiate institutions in and about the city of Los Angeles will not suffer from a lack of stadiums in which to stage their football games next year if two enterprises now underway are not set back by some unforeseen obstacle. Work is about to start on two stadiums within fifteen miles of each other, each claiming to be the finest in America. The structures are the Brookside Park Stadium, being built in Pasadena, and the Soldiers' Memorial Stadium planned for Exposition Park, which adjoins the U. S. C. campus. The Pasadena stadium will be able to accommodate 65,000 spectators and is being built at a cost of \$750,000. It is scheduled to be complete for the East-West game next New Year's Day. The Soldiers' Memorial Stadium will seat 75,000 and will cost \$950,000. A permit for its construction was granted last week.

U. of N.—  
First Nurse: "How did you and Dr. Rippemup get along yesterday in the operating room?"

Second Nurse: "Why dearie, we did nothing but cut up all the time."—Virginia Reel.

## HARVARD UNIVERSITY DENTAL SCHOOL

There is unlimited demand for skilled dentists and specialists in dentistry. This school offers a most thorough and efficient training in this interesting profession. For those who wish to specialize there are courses in Oral Surgery, Orthodontia (straightening the teeth) and other branches. Instruction by leading dentists of Boston and vicinity. Up-to-date equipment with unusual opportunities for practical work. A college certificate indicating one year's work in college English, Biology, Chemistry, as well as high school or college Physics, required for admission. Write for particulars.
