### Athletics Discussed With Business Men

Club Delegates Evince Enthusiasm Over Future of University's Teams. Committee Appointed to Consider Best Method of Boosting Wolves' Prowess. Idea of Line Coach Favored.

At a joint meeting of University of Nevada students and representatives from Reno business men's clubs held last Thursday night in the club rooms of the Chamber of Commerce, the general athletic situation of the University was discussed in order to solicit the interest and help of Reno's business men. President Reed of the Student Body presided and called upon the various speakers. The meeting was well attended and the discussion was active. A large delegation of students was present and committees were in attendance from the Lions', Rotarians', Progressives' and Elks' clubs and from the Chamber of Commerce.

The upshot of the discussion, which lasted about two hours, was the appointment of a joint U. of N.-Business Men's Committee to consider the immediate athletic need of the University and the speediest, most practicable way of meeting those needs.

The first speaker of the evening was Professor Haseman, who outlined the athletic advantages and disadvantages of the University. The school spirit and the support of the community was excellent, he said, but the limited size of the school, the limited size of the community from which it drew its support, and the great distance which its athletic teams must be transported to meet competition are all serious obstacles. He illustrated with the large losses sustained by the A. S. U. N. treasury in sending teams to Utah, and the no-profit margins resulting from Coast trips.

Mr. Wentworth next brought up the idea of Nevada's proposed membership in the recently proposed Coast conference of smaller colleges. The discussion of this conference had been one of the original motives of the meeting, but in the intervening two weeks between its conception and execution, down-town and campus sentiment had so solidified against the idea that non-membership in the conference was practically a foregone conclusion. Wentworth apologized for being in the hopeless minority, but declared himself still in favor of the conference. He disparaged the idea that Nevada was in the class of the large colleges of the Pacific

### NEVADA LOSES FIRST DEBATE WITH U. S. C.

Last Friday evening the University of Nevada debating team met the debating team of the University of Southern California for the first time in a competitive match of this nature. The question debated was: Resolved, that a court of industrial relations for the judicial settlement of industrial disputes should be adopted by the several states.

The affirmative side of the question was upheld by Merle N. McGinnis and Roland W. Maxwell, representing U. S. C.; while Howard G. Freas and T. Carroll Wilson debated for Nevada on the negative side of the issue.

The main points brought out by the affirmative side were: At present public health and interests are endangered by strikes. A court, being practical, could control strikes in the several states. Such a court is desirable and would bring results that would be beneficial to labor, capital, and the public.

The negative side contended that: A court would not be practicable. This principle would lead to involuntary servitude. It would lower the morale of the laborers. There should be a local board of arbitration in each industry.

All the speakers showed the utmost sincerity in their arguments, but the wider experience of the U. S. C. men was in evidence throughout the entire debate. The fact that they had debated the question many times before, was shown by the way in which they handled the rebuttal. The chief bone of contention in the debate was the court for settling industrial disputes in Kansas. The decision of Judges G. A. Bartlett, T. T. Moran, and E. F. Lunsford was unanimous for U. S. C. Governor Emmet D. Boyle acted as chairman.

### U. S. C. VERSION OF RAZZBERRY APPEARS

(Southwestern Intercollegiate Press) UNIVERSITY OF SOUTHERN CALIFORNIA, Los Angeles, Calif., April 18.

—Barking truths about the personal life of every prominent person on the campus, including the administration officials, the "Yellow Dog," U. S. C. "scandal sheet," made its annual appearance on the Trojan campus. Fifteen hundred copies were consumed in a few hours.

The "old purp" was more sensational than ever before. Announcements of "bogus" engagements of professors, reported burning of the Administration building, finding of wine in the Religious Education department and pictures from Rogues Gallery, represented among the high lights of the issue.

U. of N.

### NOTICE

The Class Track meet has been postponed until Tuesday afternoon. All track men report on the track at 2:00 p. m. and all football men at 4:00 p. m. All baseball games must be played in the morning and the players must be off the field by 2:00 p. m.

R. O. COURTRIGHT.

### LINKS AND SHIELD TO GET NATIONAL CHARTER SHORTLY

Recently Organized Local's Petition Is Granted By Sigma Phi Sigma. Will Be Installed Soon

On Wednesday evening April 27, 1921, seven men of the University of Nevada, residents of Lincoln Hall, met and formed a club which they hoped might some day develop into a national fraternity. On the following day President Clark was interviewed and gave his hearty approval.

The men who organized the club and who became charter members of the Links and Shield were: Ray Parker, Edgar Norton, Elliot Adams, Leo Glosster, Richard Barber, Robert Plaus and LeRoy Fothergill. At the first meeting an election was held and Ray Parker was chosen president, Robert Plaus vice president and LeRoy Fothergill secretary and treasurer.

Although the semester was nearly over definite plans were adopted and a constitution drawn up that the fraternity might be in running order for

### Clarence H. Answers Mackay Day Message

Edw. C. Reed,

President, The Associated Students of the University of Nevada,

Reno, Nevada.

I take the first opportunity on my return from Washington of thanking you and the Associated Student Body of the University of Nevada for your very courteous telegram on the Anniversary of Mackay Day. It was most gratifying to receive your thoughtful message and I only trust that I may be with you on the next occasion. My best wishes to you all.

CLARENCE H. MACKAY.

the beginning of the next school term.

At the beginning of the fall semester of 1921 several new men were pledged and when school opened for the spring semester the fraternity obtained a house at 528 University Avenue which it now occupies. At one of the first meetings of the semester it was decided to begin work on a petition to the Grand Chapter of the national Sigma Phi Sigma fraternity.

After six weeks work a petition was at last complete and on February 15, 1922, President Ray Parker took it to

(Continued on Page Two)

### AFTER-THE-FACT SOBBERS

The Sagebrush devotes thirty-four issues a year to construction. Each year it devotes one issue to destroying the shams which have arisen: This is the RAZZBERRY. Its motto is: "Would the Lord the giftie gie us..."

If anyone thinks that a RAZZBERRY can be issued without "razzing" anyone, or that it is desirable to do so, here their point of view becomes difficult to grasp.

### Press Agent Gives Dope On the Play

Performance Will Be All That Combined Work and Talent Can Produce. Will Be Staged at Rialto Theatre at 8 O'Clock Wednesday Night. Seats From Four Bits to a Dollar a Throw.

### FEWER CANDIDATES NAMED THAN USUAL

Mackay Day has passed into history and was declared by everyone present to be one of the most successful in the annals of the University. As is the custom, nominations for the various Student Body offices were opened and many good men were put forward as possibilities for the ensuing year.

For Student Body president Mel Sanders was the only candidate offered but since Saturday Herbie Foster has been nominated for the position. Sanders has been treasurer of the A. S. U. N. for the past two years and has managed the finances of the Student Body in admirable fashion. Besides holding this office, Mel has been active in other organizations on the campus, belonging to the Phi Sigma Kappa fraternity and the Coffin and Keys honorary society.

Foster, the other candidate, has also been prominent in campus affairs and in the three years he has attended the U he has won his football letter twice and his basketball N once. He is Junior representative to the executive committee and holds an office on the newly formed Finance Control Committee. He is an S. A. E. and also a member of Coffin and Keys.

For secretary, Erma Hoskins and Marce Kenny were the nominees. Erma was forced to withdraw from the running as she was ineligible to hold another office; she already had the limit of points allowed in the point system. This leaves Marce Kenny the only candidate in the running.

For treasurer, Joe Witmer and Ted Elges were nominated. "Little Joe" is the man who took Jack Pike's job as Artemisia business manager when

(Continued on Page Eight)

### Journalism Offered Students Next Year

Dr. H. W. Hill, head of the English Department, announces that beginning next semester one three-hour course in journalism will be offered by that department. As time goes on and the need demands, new courses will constantly be added. The course will be open to juniors and seniors who are qualified to take them. The regular courses of the freshmen and sophomore year will build up to this work.

The instructor has not as yet been chosen, but the position will be filled by one who has had practical newspaper experience, with regular training at some standard school of journalism. The name of the new instructor will probably be known within the next week.

The new course will be enthusiastically welcomed by the English department and students interested in this work. It will be an opportunity to get journalism at the University of Nevada campus instead of having to go elsewhere.

U. of N.

U. OF N. SPRING RECESS APE. 13-17

Next Wednesday evening, April 19, 8 o'clock is the time set for everyone to meet at the Rialto Theatre, to see the Campus Players. The play, called "And Billy Disappeared," is a four act comedy drama written by Walter Ben Hare.

Everyone who can afford the time and money will get a chance to see another fellow make love to Red McBain's girl, because Red isn't in the play, but Dede plays the part of Mary Blake, the mystery girl, who is in love with Mr. Billy, George Duborg in real life. Of course no one ever saw a play where the hero didn't always appear just in the nick of time, and that's just what Billy does.

It always takes a little fellow to make you laugh and Bob Dusenberry is no exception to the rule. Eight or nine other characters, some serious and some humorous, help to make the play interesting and funny all the way through.

Professor Turner says that his proteges will be all "cocked and primed" by the time Wednesday night rolls around, and all that will be necessary for the success of the show will be a good house.

That brings us down to the question of money. Admissions to the show will vary in price. If a fellow wants to take his girl and put on a little style it will cost him a dollar a throw for a seat in the first twenty rows downstairs. If he's going alone or is just going to take his mother-in-law it will cost him six bits a seat for the last nine rows down stairs, or the first five up-stairs. But for the Sun-Downers, Knights of the Flask, and other kindred organizations, fifty cents will secure a seat in the last eighteen rows in the balcony.

Manager Perry of the show has tickets on sale by the members of the Campus Players. Down-town they may be secured at Cann's or Hilp's. Buy your ticket early, then exchange it at the Rialto box-office for reserved seats on either April 18 or 19,—no tax to pay.

This is a University activity. It is up to the students and faculty to support it. We cannot expect the support of the townspeople if we do not support the play ourselves. Buy a ticket, buy two, or maybe three, and come around to the Rialto Wednesday night.

### ? A BOOT OUT OF THE RAZZ OR THE RAZZ BOOTED OUT

Mirth and wrath greeted the coming out of the Sagebrush Razzberry edition on Mackay Day last Saturday. The screamer, "By their sins ye shall know them," told just what to expect, and everybody knows just what the rest of the world knows about them. Fraternal mysticism no longer exists, having been fairly exposed; anyone falling for any of these organizations now has no excuse whatever.

The front and subsequent pages provided some highly interesting pictorial material. Well known campus characters were more or less in evidence, generally more and Mack Sennett has nothing on the U. of N. A good deal of light was thrown into extremely dark places, especially the two halls, and other dwellings of the college celebrities. Truth, like murder, will out. No doubt there will now be a general reformation. The snakes will cease to snake, although the charmers will still be as charming. We expect Quill to be fired from the Gow house owing to his seditious speech on the soup, and Prof. Layman will no doubt alter his usual tactics in the library. The criticized Manzanita telephone will be replaced with a radio as soon as possible, and young runners will be trained on a self-moving, high-speed India-rubber track for future record breaking. In short, no one is angry, and everyone is much better—we mean morally, of course.

After the more serious feature of Mackay Day, such as the feeding and speeches, and telling the Frosh that they'd have to do it next week, the real event of the day—the one now under discussion—took place. Watching the face of one of the first customers, emotions were registered in the following order:

- Curiosity,
- Trepidation,
- Amusement,
- Disgust,
- Fright,
- Anger,
- Severe pain,

Relief—indicating that at any rate, the worst was now over, and wouldn't happen again until next year. It is a safe bet that there was more solid reading done on Saturday afternoon than is usually done in an entire school-week. (While there are many more things we didn't like, particularly the parts referring to us, we take ours in the right spirit, like everyone else, and congratulate the editors on putting out this year's Scarlet One.)

Some little bright eyes tacked upon the bulletin board in Morrill Hall, a cartoon by Fox on the issuing of the school paper. It might have been drawn for the U. of N., so faithfully did it reproduce the feeling of our own Prexy on reading the Razzberry. The pictures showed first skepticism, then a slight bit of humor, more humor, great humor, hysterical laughter and finally the ultimatum to the editor that the thing had to be suppressed. True to life, no doubt, only the Razzberry was not suppressed even if it should have been.

### U. of N.— THEY HAVE DONE THEIR DUTY NOBLY

Splendid cooperation was shown by the hundred odd Frosh when they painted the huge Block N in readiness for Mackay Day, a week ago Saturday. Considering the lack of funds in the freshman treasury, ample provision was made for the traditional whitewashing. A team of horses was on hand to haul the provisions and necessary material for the task, while the use of a water wagon helped make the carrying of water from the stream up the mountain a simple job.

Masculine forms struggled with the hot cans of slacked lime and heroically dashed the contents upon the time-worn rocks forming the big "N." Shortly after ten, a number of the fair sex came straggling up the hillside. Their cheers for the working men made the task lighter, but, like women, they soon became in the way and retarded the work. They were sent below to prepare lunch, which was taken at the creek instead of further up on the hill.

Another page has been recorded in the toilsome history of the N. The class of '25 has now performed its duty, and may sit back to watch and give suggestions to those who follow when they, in turn, white-wash the N.

### Manzanita Mornings

"Sunday" we said "and many mid-nights kept!"  
The Gow House bell rang loud but on we slept,  
And empty found the larder when we rose  
(Grub, like the little brook forever goes)  
We wandered out and then our hungry eye,  
Fell on the notice card of Beta Phi.  
Quickly we got to Manzanita door,  
There heard some other fellows ordered lower.  
We followed these round that south-eastern casement  
And one by one we entered in the basement.  
Now we, controlled by circumstance miscalled sublime,  
Have eaten many a dish in many a clime.  
We've seen amazing constellations stellar,  
But we've never eaten waffles in the cellar.  
Yet no, we swear it, never in our days,  
Have we found breakfast worthy of such praise.  
N'er celestial hashers slung such hash divine.  
Said one: "Could one such hasher be forever mine!"  
Thus do we praise thee, sweet, good, Phi Beta Phi,  
And hope that soon, 'neath this blue April sky,  
You'll invite us all again beside the lake.  
But we would ask that while the waffles bake  
To feed the Hobo or the festive snake,  
To make your cellar quite a modern dump,  
If you've no gramophone you'll start the pump.

"Not so good. But alone—I'd love her."—Bowdoin Bear Skin.

### LINKS AND SHIELD TO GET NATIONAL CHARTER SHORTLY

(Continued from Page One)

The Epsilon Chapter of the Sigma Phi Sigma at Berkeley.

On March 27, 1922, just eleven months after the local Links and Shield fraternity had been organized, a telegram was received from the Grand High Potentate of the Sigma Phi Sigma fraternity saying that a charter was granted and the local would be installed April 15 as the Theta Chapter of Sigma Phi Sigma.

The year 1908 marks the beginning of the present flourishing fraternity of the the Sigma Phi Sigma. The place of its origin was at the University of Pennsylvania. From that time on the fraternity made rapid strides. At this time it has grown to be one of the most substantial of national fraternities. One of the policies of the fraternity has been that of conservative expansion.

The present chapter roll of the fraternity is as follows:

Alpha Chapter at the University of Pennsylvania.

Gamma Chapter at Cornell University.

Delta Chapter at University of Md. Epsilon Chapter at University of Cal. Zeta Chapter at the University of Illinois.

Beta Chapter at Pennsylvania State College.

Eta Chapter at the University of Maine.

A charter has been granted to Stanford but as yet the chapter has not been installed. During the past year a number of petitions for charters from many strong universities have been rejected. The Links and Shield cannot help feeling highly elated by being granted a charter in so conservative a national.

At present there are five universities petitioning Sigma Phi Sigma for charters. Among these are the Universities of Oregon and Washington.

The following is a list of members of the Links and Shield: Dean A. H. Sibley, Major F. H. Bailey, T. F. Mullen, Prof. J. G. Hicks, R. H. Parker, R. A. Plaus, L. D. Fothergill, E. L. Adams, R. Barber, M. E. Norton, L. M. Gloster, J. Gottardi, R. L. Lemaire, P. L. Lawton, J. T. Jepson, C. A. Davidson, H. S. Clinton, C. G. Russell, A. B. McEwing, C. H. Green, R. J. Simon, R. J. Wood, E. Perry, M. Keesling, L. M. Sanford, L. H. Winer, R. Taylor, W. Robinson, L. L. Walker, F. V. Hollister, H. F. Capper and W. D. Stevens.

### A. T. O'S LEAD IN TOURNAMENT

Up to the present time the A. T. O. baseball team has shown a clean pair of spikes to the rest of the frats in the Intra-Mural baseball league and are already being hailed as champs. To date the A. T. O. boys have hammered the offerings of the opposing pitchers to the four corners of the Mackay Field and have succeeded in winning all the games they have played by large margins.

Links and Shield, the baby organization of the campus, is running in second place with two wins and no defeats to its credit. They have beaten the SAE's and Lincoln Hall.

The Sigma Nu's are holding down third place with a couple of wins, while they lost to the ATO's. The SAE's, Kappa Lambda's, Phi Sig's and Lincoln Hall men are reposing in the cellar with no wins and one loss each to their credit. The Independents have won one and lost none so that ties them with the leaders.

The games are being run off in fine style and by the end of the month a champion should be established.

### DATE ANNOUNCED FOR FROSH GLEE

According to the various committee chairmen, arrangements are about completed for the Freshman Glee. From all indications this is to be the season's biggest "scud."

There are six committees laboring diligently toward a common goal, that of a good dance.

The Freshman are on test before the rest of the school. They have tried hard but their first year has not been altogether a success. Of the various Soph-Frosh combats, they won but two—the football game and the debate. Now they will vie once more with their would-be superiors in an attempt to show that a Sophomore Hop can never rival a Freshman Glee as will be put on by the Class of '25.

The dance is to take place on the 22nd of this month, dancing to be from eight-thirty to midnight. There will be fourteen terpsichorean marvels, opened by a grand march.

Joyous strains of harmony will waft the happy studes about the floor until the sound of "Home, Sweet Home." Don't forget to make a date.

## BUSINESS MEN SHOW INTEREST IN MEETING

(Continued from Page One)

Coast Conference.—“We must have competition, and the championship of a conference is something not to be underestimated. As it is, we play the same schools year in and year out with which this plan would include us in a conference.”

Coach Courtright came to Wentworth's support for the small conference with similar arguments. “Our ultimate aim must be the Pacific Coast Conference, the chances of our entrance into which are considerably enhanced by its proposed division into a northern and southern branch. Meanwhile, our athletic fortunes can be determined in the smaller conference.” There was no other support given the smaller conference at the meeting.

Bradshaw rose and defended the caliber and prowess of Nevada's athletics. He cited the examples of small eastern colleges whose college spirit and determination over-rode all obstacles, so that they reached the very pinnacle of college athletics. “Thus it is idle to say that Nevada cannot be a fit competitor for Stanford and U. C.”

Frank Byington gave the point of view of a peppy business man. He expressed the needs of the team from a down-town point of view. “Nevada must have teams with which to practice, and at the same time we are ambitious for a large conference. We can have both by enlarging our reputation. This school must have the financial and moral backing to show that she is ‘of the class.’”

Silas Ross, former Nevada athletic star, coach, newspaper editor and one of the University's most sincere backers, expressed himself as opposed to the conference with St. Ignatius and Santa Clara. “We are better off not in it. Nevada should be a ‘free lance’ until she can enter a conference that will make her live up to something which should be her class, namely, the Pacific Coast Conference. To live up to this conference, we need a higher athletic specialization. Coach Courtright has done wonders with the backfield; but for the simple reason that no man can be in two places at the same time, the line has been left pretty much to its own devices. The most immediately productive athletic help which could be rendered the University would be the securing of an able line coach.”

Charley Myers, catching a cue from Si, suggested a “John Hancock” campaign. “When we had a basketball team that rated it, we had no trouble in sending it to Kansas City. We should have no more trouble in raising funds for a line coach.”

Judge Bull seconded the sentiment of Si Ross against the league. He went back into the records and showed how, in 1901-1902, Nevada had showed the Coast how to play football with far poorer facilities than they have at the present time, although the Coast colleges were at that time, proportionally on a similar footing. He also stressed the need for a line coach if the University ever intended to repeat the performance.

August Frolich declared the business men of Reno and the State of Nevada interested in financing any proposition where the University was to derive actual benefit.

Mel Sanders, A. S. U. N. Treasurer, read a carefully prepared treasurer's report with a view of showing every-

one present just how the money which passed through the student treasury was raised and spent. He outlined the methods of raising money, including student athletic fees, gate receipts and trip guarantees and told of the various channels of disbursement, including transportation of teams, cost of athletic equipment, salary of business manager, guarantees to other teams, etc. The report showed something over eleven thousand dollars spent during the past season with something over nine hundred on hand.

Coach Courtright elaborated the report with an explanation of the semester deficit caused by the heavy expenses incurred during the football season. “This deficit is usually made up during the basketball season, which is a little better than self supporting.” He explained the value of scouting expeditions to which a portion of the disbursements were attributed in the treasurer's report. Coach continued: “The U. S. C. offers us 50 per cent of the gate receipts in the 1922 Nevada-U. S. C. game and U. C. 40 per cent for a similar game. It is up to us to have a team which will merit these guarantees, a team that can keep our treasury in sound financial condition.”

Si Ross made a motion for a joint committee of business men and A. S. U. N. members to act as a clearing house for University affairs. The representatives of such a committee would be expected to use their influence with their respective clubs, Lions, Rotarians, Progressives, etc.

Mr. Sadler, manager of the Golden Hotel, rose with a plea aimed to put a point to the discussion. His question was: “What do you want? Let us know.”

In reply, Professor Haseman said that a general discussion alone was planned, that the suggestion of a line coach was very welcome and that any such assistance would be regarded as a sort of primary endowment from which University athletics could start to build for itself a stronger structure. “Another insurance for successful athletics,” he said, “is a good attendance. Carry the athletic spirit to your home and into your business and give us a 100 per cent attendance on the football field and in the gym.”

Byington again sounded the keynote of the business men's practical methods of assistance. “We need additional trainers in the department. Let's build

up a buffer fund; appoint a committee to confer with the coach. Let's clear the way for a successful season.”

“Pop” Moore insisted that the meeting had not been called for the purpose of appealing to the business men's financial interests, but to open University athletics to a broader field of interest.

Clem Caffrey, feeling that there had been too much talk of business men supporting the University and too little concerning the University supporting the business men, rose with the suggestion that “We support the business men.” He cited a number of instances where this had not been done with resulting friction and misunderstanding.

Coach Courtright took up one particular in Caffrey's challenge, the case of the University and its purchasing of athletic supplies. He said: “The A. S. U. N. fund is a trust which it is our duty to expend as economically as possible. Houses dealing in sporting goods regard Universities as wholesalers in athletic supplies, because of their extraordinarily large consumption of them. That the University should take advantage of the 30 per cent discount consequently offered is, in my opinion, thoroughly justifiable, especially since the University is in the market for some two thousand dollars worth of athletic supplies annually. I am treated as the University's buying agent, and am called to view exhibitions of athletic goods on an equal basis with other local buyers whenever the salesmen are in town.”

Stan Davis made the last speech of the evening. He said: “There is need for a point of personal contact such as this meeting affords. I suggest this as an annual affair.” He cited all the difficulties making the meeting then in progress necessary and expressed appreciation for the manifestations of support which the evening's discussion had brought forth.

U. of N.

### NOTICE

All members of the Univ. of Nevada Trinity Club are urged to be present at a corporate communion to be held by the Reverend Tanner Brown in Trinity Church at 9:30 a. m. on Easter morning.

JOHN M. FULTON, JR.,  
President.

U. of N.

### FAMOUS LAST WORDS

“Which one of these is the third rail, anyway?”

## FRATERNITY BULL PROMULGATED IN LOCAL DOPE SHEET

A new publication recently made its appearance on the campus. The men of S. A. E. Fraternity recently decided to migrate to a new residence. Tired of sinking their money into rents, they are now opening their campaign for a house.

They decided that their one best way of bringing the matter to the attention of the alumni was by the publication of a small paper. Accordingly, plans were laid for the printing of a “Dope Sheet”. Johnny Cahlan and John Fulton, Sagebrush scribes, were delegated to do the work.

The paper ran about 120 column inches of solid matter which meant quite a formidable array of reading matter. Everything on the sheet was strictly in harmony with newspaper style. A startling scarehead decorated the top of the first sheet, calling attention of the reader to the fact that Nevada Alpha Chapter intended to purchase a new home. There were no ads and the funds for financing the venture were advanced from the fraternity treasury.

One of the features was a full page devoted to the alumni and their inter-

ests. The men did this in the belief that a very real part of a fraternity is its alumni.

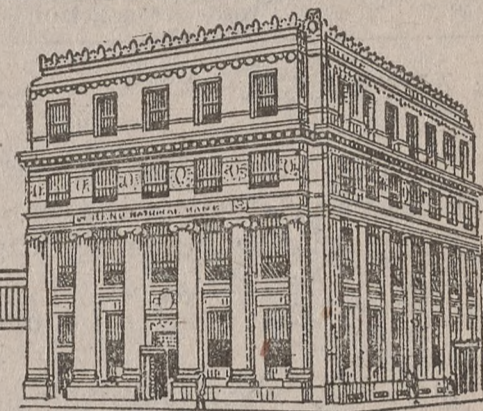

Its distribution was general, a copy being mailed to every alumnus of the chapter, all the men who had left school, or who had transferred to other colleges, and to the other active chapters of the fraternity throughout the country. The circulation will amount to about three hundred copies.

U. of N.

### DIFFERENT HERE

Girls at the University of Arkansas are not in a rush to marry. To a questionnaire asking the suitable age for matrimony, the majority replied, “Twenty-five.” Most of the girls considered that it takes a woman until twenty-five to finish her education and to judge what she wants.

**Y. W. C. A. BANQUET**

The new Y. W. C. A. Cabinet was installed last Wednesday at an impressive service in Manzanita Parlors. Following the installation services the members of the Women's Advisory Board were hostesses at a banquet at the home of Mrs. H. E. Nichols for the retiring and incoming members. The tables were decorated with dainty spring flowers and unique place cards in the shape of the State marked places for the following guests: Mesdames Harwood, Lockett, Hawkins, Maxwell Adams, Nichols, Stadtmuller, Mason, Clark, Brewster Adams, Misses Mack, Shade, June Harriman, Rose Mitchell, Beulah Booth, Vera Wickland, Marceline Kenny, Erma Eason, Marguerite Patterson, Gladys Smith, Mary Beamer, Editha Brown, Erma Hoskins, Marie Lamon, Genevieve Chatfield, Lyndell Adams, Evelyn Hitchens, Claire Williams, Clara Doyle, Leona Bergman, Hester Mills, Frances Heward, Marcella Coates, Louise Grubnau, Helen Robinson, Jean Davis.

**D. K. T.**

Last Saturday evening, Mrs. George B. Thatcher entertained the members and friends of the D K T Sorority at a delightful dinner party at her home on Court Street. Early in the afternoon the Sorority held a pretty initiation ceremony, when Misses Eleanor Westervelt and Alva Quilici were given the final degrees and entitled to wear the D. K. T. ring. The rooms were decorated with spring flowers and ferns which made the setting very attractive. Clever place cards and favors added their part to the carrying out of the unique scheme.

Covers were laid for: Mesdames Walter E. Clark, A. E. Hill, Frank E. Humphrey, R. O. Courtright, Robert M. Price, L. D. Summerfield, George B. Thatcher; Misses Louella Murray, Evelyn Walker, Hazel Murray, Rowena Thompson, Gladys Smith, Vera Wickland, Genevieve Chatfield, Marion Muth, Leona Bergman, Janet Marshall, Marion Lothrop, Helen Halley, Ester Crump, Isabel Bertschy, Alma Boeke, Effie Mack, Eleanor Ahlers, Alva Quilici, Orva Heward, Ruth Gould, Eleanor Westervelt, Evelyn Pedrole and Hester Mills.

**U. of N.**

**CONVENTION DELEGATES RETURN**

A province convention of Sigma Alpha Epsilon Fraternity was held in Los Angeles on the first and second of April. Delegates were present from five universities, namely, U. C., Stanford, Southern Cal., Arizona U, and Nevada. Harold Downey and John Fulton represented the local chapter at the sessions, and both report a pleasant and profitable week in southern California.

**PI PHI'S HOSTESSES AT NOVEL BREAKFAST**

Sunday, April 9, in the basement of Manzanita Hall, Pi Beta Phi held its annual Waffle Breakfast for the benefit of the Pi Beta Phi Settlement School. The School is located in Gathuburg, Tennessee and is doing a great work in improving living conditions among these mountain people. The nurses from the school cooperate with the doctors in this district in maintaining a clinic. Two dormitories have recently been built to accommodate the increasing number of students. In order to help towards the maintenance of this school it is the custom for each chapter of Pi Beta Phi to make a yearly contribution to the school.

**U. of N.**

**D. A. E. CANDIDATES PUT THROUGH PACES**

D. A. E., English Honor Society, held its annual election of members recently. Those chosen for membership were Justine Badt, Verda Luce, Nevada Semenza, Marion Lathrop, Erma Eason, Merle Le Maire, Anna Chatham, Eloise Harris, Leona Bergman, Bertha Standfast, Vera Smith, Helen Robinson, Bonita Miles and Janet Marshall.

As an initiation, the students appeared on the campus in costumes of the sixteenth century portraying the leading characters in Shakespeare's dramas. The costumes were exceptionally clever and caused much excitement and comment. The older members of D. A. E. accompanied the new members to classes, where they performed for the benefit of the students.

Later in the morning, recitations were given by the women in the auditorium of the Education Building.

That evening the formal initiation took place at the Tri-Delt house. Afterwards, a business meeting was held and stunts put on by the new members. During the evening refreshments were served.

**AGGIES ENJOY THE ANNUAL BEER BUST**

Sunday, the Aggie Students renewed the old custom of an annual picnic for their college. For the past few years this tradition has been neglected, but after this most enjoyable and very successful picnic, it was unanimously decided to continue the custom.

Two trucks and several autos conveyed a hundred rioting Aggies and their friends to Bowers. At twelve the Aggie art was viewed and at 12:01 it was sampled, the process ending sometime in the afternoon.

After the lunch, Professors Hicks, Harris, and Hartman spoke, and their addresses were followed by short talks from Mrs. Clark, Miss Lewis and Miss Benson.

Miss Benson then led the crowd in a number of songs.

There followed a general uprising and adjourning to the "vacant lot" resulting in nine innings of baseball. Miss Benson threw a wicked bat, but all were experienced dodgers, so no one was hurt. Prof. Hicks said he used to be a professional, but no one knew it from the flies he missed. Louis scored a home run but forgot to step on the plates during the circuit. As a referee, Herb was good at keeping peace with the teams. Curly Cox was more interested in gold fish than pop flies and deserted with a chicken. Davidson and Russell justified their presence by making good in the bleachers.

Henceforth in enumerating college traditions one will have to take account of the "Annual Aggie."

**This Junior is learning to be a banker**

If you are putting in three hours a day in the electrical lab, don't be surprised twenty years later to find yourself promoting a public utility bond issue. Or if you start in newspaper work, as like as not later on you will turn to manufacturing or advertising or law.

You don't know where opportunity or inclination will lead you. This fact has a great deal to do with your work at college—not so much the things you learn as the way you learn them.

Don't think of education as a memory test in names and dates and definitions. That knowledge is important, but only as an incidental. Of far greater value is the habit of getting at underlying laws, the basic principles which tie facts together.

The work of the pioneers in electrical experiment, at first glance confusing, is simplified once you realize that much of it hinged upon a single chemical phenomenon, the action of the voltaic cell.

Analyze your problems. Look for fundamentals. Learn to connect a law or an event with what went before and what comes after. Make your education a training in logical thinking.

This ability to think straight, whether acquired in Engineering or Arts, is the biggest thing you can get at college. Its aid as a means to success applies equally to whatever work you take up—since mental processes are the same everywhere. It is the power which enables a mechanic to become sales manager, a lawyer to head a great industrial organization. Develop it, if you would be ready when your big opportunity comes.

Published in the interest of Electrical Development by an Institution that will be helped by whatever helps the Industry.

**Western Electric Company**

The executives of this Company have been chosen from all branches of the organization. It doesn't make much difference where you learn to think straight, so long as you learn.

# WELL KNOWN SLOGAN, "OUT ON MACKAY DAY," IS MADE GOOD

Fulfilling the slogan of the year, "Out on Mackay Day", the 1922 Artemisia appeared last Saturday and is acclaimed by the students the best Nevada year book ever published. Too much can not be said for the editor, Willis Church, and his associate editor, Paul Harwood, whose diligent work throughout the past year has produced a book of this calibre. The success of the financial side of the publication is due entirely to Joe Witmer and Mark Colwell, whose hard and faithful work in the face of adverse conditions could not be excelled.

Bound in mottled grey, limp leather cover with an attractive simple heading, printed on paper of excellent quality, the book presents a very neat appearance. A running head and border-line of faint blue is carried throughout the book, while the text is printed in black ink. The two colors necessitated each page going through the press twice before completion. The campus photographs are printed in green-black ink resulting in greater distinctness of the foliage in the pictures. The title page is made up in three colors.

The book is appropriately dedicated to the State of Nevada, "which proves a continual inspiration to the University," and bears a foreword by President Clark which sets forth the ideals of the institution. This is followed by one of the feature sections of the book, a part containing a collection of campus photographs of high merit. In includes two aeroplane photographs, one showing a birds-eye view of the entire Hill, and the other the Mackay Training Quarters. This section is an addition to the usual form followed. This customary form is again varied in the faculty section, where three pages of snapshots of the professors are run in addition to the usual faculty role.

The cuts run in the book are distinguished by their clearness, as can be seen by comparing the pictures with those in previous year books. Their number is also larger than in any previous year, there being a total of 127 full page cuts contained in the book, be-

sides many small part page ones. The action pictures taken about the campus are especially good. The utmost care has been exercised in the selection of these, as a result of which a very representative collection of familiar campus faces is seen in the fifteen pages devoted to them.

This year the athletic section has been made unusually large and complete. Included under the football heading, are write-ups on every scheduled game played during the season. These will prove of especial interest in after years in recalling the struggles of the Wolf Pack. There are nine full pages of football action pictures running with the write ups, all of which show the Nevada men in action. Good judgement was exercised by the staff when they placed only two pictures on a page, for each is large enough to easily distinguish the men in it. Usually a dozen or more small snaps are placed on a page with the result that the individual players are indistinguishable. Detailed accounts of every basketball game are also run. Owing to the lateness of the track season, and the early publication of the book, no track pictures or write-ups were possible.

In the section devoted to organizations, every group recognized on the Hill is given a full page picture and a write-up. This year's additions include the University rifle team, the Sundowners, the electric Club, the band, and the orchestra.

In giving space to the High School Basketball Tournament, an attempt was made to create state-wide interest in the annual tournament and to bring the high schools of the state into closer contact with the University. The same idea was again followed in the high-school write-ups where half page articles were run on each of the seven principle high schools of the State.

Another feature section of the book is the school calendar. This record is the best which has ever appeared in a Nevada year book, and not only contains accurate summaries of every event

of interest during the past year, but has a fine vein of typical college humor running through it. Credit for this goes to Alec Coter, whose wit made this part one of the memorable sections of the Artemisia.

The joke section is headed "Thorns," a very appropriate title judging from the results it has produced among various groups upon the campus. Rather than fill fifty pages with clipped jokes which did not have any bearing on the University of Nevada, and label it "Joke Section," it was thought that a few pages devoted to original comments on campus organizations would prove of greater interest and amusement to the readers. Both extreme interest and extreme choler have been manifested on the Hill since Saturday, although not always from the same persons. The barbed effect predicted in the title possibly proved a little sharper than anticipated, but it served to boost the campus from a slightly lethargic state. For those who feel that any cut was overdone, be it said that the "Razz," in the form of a collection of appreciations on organizations may be found in the year books of many large colleges, where it has grown to be a yearly institution. Most of the jabs have already healed, and their cause will prove a source of unending amusement in after years when the book is reviewed.

U. of N.

## MANZANITA HALL

Manzanita Hall is rapidly becoming deserted due to the fact that many of the students are spending the four days of Easter vacation at their homes. All the Fallon, Carson and Virginia women left the Hall Wednesday.

Willadma Lee spent the week-end at her home in Carson.

Mrs. E. O. Muth of Goldfield stopped over Wednesday with her daughter, Marion, while on her way to the Coast.

Miss Blanche Lathrop visited her sister, Marion, at the Hall for a day during the past week.

## MUSICAL CONCERT TO BE GIVEN SOON

On Friday evening, April 21, in the auditorium of the Education Building, a joint concert will be given by the University Orchestra and the Woman's Glee Club. All during the past semester, these two organizations have been working on a select program of classical numbers and the coming concert will undoubtedly be the best that has been offered the campus this year. A decided increase in membership at the beginning of the semester, coupled with the unflagging interest maintained by the members in their work, should make the concert one of no small merit.

A special feature will be the vocal and instrumental solos, accompanied by the entire orchestra. Another interesting part of the program will consist of recitations and readings by Miss Lois Wilson.

Two of the most difficult numbers to be presented by the Orchestra are the "Coronation March," from "The Prophet," and the "Eighth Cavalry Overture." The Glee Club will sing, among others, "Selections from La Traviata" and the "Spring Chorus," from the "Flying Dutchman."

### Program

1. Coronation March from the Prophet ..... G. Meyerbeer.  
Overture—Prince of Pilsen.....  
.....Gustav Luders.  
University Orchestra
2. Will O' the Wisp.....Cherry.  
The Dixie Kid .....Adam Geibel.  
Spinning Chorus from the  
Flying Dutchman.....R. Wagner.  
Bonnie Sweet Bessie, J. L. Gilbert  
Women's Glee Club
3. Overture, Light Cavalry, F. v Suppe.  
Orchestra.  
Traum der Sennerin (Herd  
Girl's Dream).....Aug. Labitzky.  
For Two Solo Violins.....Ray Carroll  
and Reul Taylor.  
Accompanied by Orchestra.
4. Dramatic Reading .....Selected.  
Lois Wilson.
5. Carmen .....H. Lane Wilson.  
Glee Club Accompanied  
By Orchestra.

- My Heart at Thy Sweet Voice  
from Sampson and Delilah .....Saint Saens.  
Vocal Solo .....Rowene Thompson.  
Old Uncle Moon ..... Chas. P. Scott.  
Carry Me Back to Old Virginia ..... James Bland.  
Glee Club.
6. "Carissima" ..... Arthur A. Penn.  
Orchestra.
- "Berceuse" From "Jocelyn".....  
..... B. Godard.  
Violin Solo .....Reul Taylor.  
Accompanied by Orchestra.
7. Gipsy Song From La Traviata ..... Verdi.  
By Waters of Minnetonka.....  
.....Thurlow Lieurance.  
Glee Club Accompanied  
by Orchestra.
- When the Leaves are Turning  
Gold—(The Sextet From  
"Lucia") ..... Donizetti.  
Tonette Benson—Director.

Everything for **QUALITY**  
—nothing for show

THAT'S OUR IDEA in making  
CAMELS—the Quality Cigarette.

Why, just buy Camels and look at the package! It's the best packing science has devised to keep cigarettes fresh and full flavored for your taste. Heavy paper outside—secure foil wrapping inside and the revenue stamp over the end to seal the package and keep it air-tight.

And note this! There's nothing flashy about the Camel package. No extra wrappings that do not improve the smoke. Not a cent of needless expense that must come out of the quality of the tobacco.

Camels wonderful and exclusive Quality wins on merit alone.

Because, men smoke Camels who want the taste and fragrance of the finest tobaccos, expertly blended. Men smoke Camels for Camels smooth, refreshing mildness and their freedom from cigarette aftertaste.

Camels are made for men who think for themselves.

**Camel**

R. J. REYNOLDS TOBACCO COMPANY, Winston-Salem, N. C.

**GOTHIC N WOMEN ARE HOSTESSES AT MACKAY DAY DANCE**

Nothing better can terminate a days' celebration than a good dance. Gothic N certainly put on that dance and thus ended one of the most successful Mackay Day celebrations in the history of the University.

A novel decoration was carried out in the college colors of silver and blue. Directly opposite the door hung a huge Gothic N, while Nevada penants and blue and white blankets covering the barren walls, and lights shaded with blue crepe paper gave the gym a gala appearance. The hostesses themselves appeared in Gothic N sweaters.

Throughout the evening good jazzy music was furnished by the College Five with the exception of one dance when music was received by wireless from Los Angeles. The magnovox made dancing to the music possible.

This dance proved a fitting close to Nevada's big day.

U. of N.

**CRUCIBLE CLUB HEARS ADDRESS BY GOV. BOYLE**

The regular monthly meeting of the Crucible Club was addressed by Governor Boyle on the subject: "The Relation of Engineering to Public Works."

Beginning with the time of George Washington, the basis of whose fortune was property derived from his commissions as a surveyor of public lands, the Governor traced the history of engineering in the United States and described the manner in which it affected the development of the country. Until the present time the greatest feat of engineering and the one having the most influence on the development of the nation was the construction of the Panama Canal.

The speaker declared, however, that the proposed development of the Colorado River which is now under consideration and is occupying the attention of some of the country's foremost engineers, is expected to be even a greater project than the construction of the Panama Canal. In order to give some idea of the vastness of the proposed construction of the dam at Boulder Canyon, the Governor quoted statistics concerning its size and the land which would be improved thereby, and the power developed.

In closing, the Governor stated that engineering was a part of the scheme by means of which civilization moves forward. He said that the chief duty of the engineer was to know men, and cited Herbert Hoover, the foremost engineer in the world today, whose success is greatly due to his ability to understand people.

**PLANS MADE FOR COMING TRACK MEET**

No little interest has been evinced in the proposal to hold the annual Interscholastic track meet at Winnemucca this year, rather than at the University, which has been the custom in the past. The following letter from Mr. J. D. Scott, principal of the Humboldt County High School, states the plans for the meet and should be of interest to all concerned:

Editor of Sagebrush, University of Nevada, Reno, Nevada.

Dear Sir: We are writing you to urge that you give all possible publicity to the Interscholastic meet which we plan to hold here on May 20th.

Just a few facts regarding our plans for the meet: We will house all contestants and their coaches in the various rooms in the High School, where cots will be provided for them. The meals will be prepared in our Domestic Science Department, and served in the gymnasium by the "Mothers' Club" of the High School. It is our plan to serve strictly training table diet until after the meet. The events to be contested will be those which have been customary in all former Interscholastic meets, and the rules of the Interscholastic league will apply. Our local jewelers have donated a silver cup, emblematical of the state championship, to be presented to the winning team; and we will furnish silver medals to winners of each event, and a gold medal to any contestant breaking any Interscholastic record.

We plan, at the time of the meet, to bring all eighth grade graduates from Humboldt County Schools, as our guests. We hope to induce all of them to attend Humboldt County High School; and of course if we are successful, we will use every effort to see that when they leave us, they are on their way to the University of Nevada.

**POPULAR PROF. TO LEAVE HILL**

We hear with regret that Prof. Will C. Steinbrunn, of the Department of Romance Languages, has decided to terminate his duties with the University at the close of the present year.

The first intimation of the Professor's new plans was given in a recent issue of the Reno Evening Gazette, whose statement, however, was somewhat misleading. In an interview with Prof. Steinbrunn, the Sagebrush learns that he will assume a position elsewhere after returning from his European tour of the coming summer, thus terminating his second year at the University of Nevada.

He came to our campus from the U. of C, of which institution he is a graduate, and where he taught for several years. He also taught in Stanford University, where he completed all required courses for his doctors degree. On the departure of Dr. Lowther, he was for the rest of the term in full charge of the Department of Romance Languages, which position he discharged admirably. This year he is carrying one of the heaviest teaching schedules on the hill, specializing in French and Spanish and also Phonetics, of which science he has made a thorough study. This is the first course in Phonetics which has been given on the Hill.

Two new appointments in the department will have to be made next year.

owing to the increase in courses and enrollment. It has been announced that the Rev. Murgotten from Carson City is already appointed.

Prof. Steinbrunn has made many friends among students and faculty during his two years here, and his going from us will be much regretted. We are informed that he gave up an excellent and well-paid position offered him last year in order to remain another year with us.

He has shown himself a most kindly instructor and a profound scholar deeply versed in the basic lore of Classic and Romantic Art and Literature, a genial friend and an excellent mentor.

From the U. of N. he takes nothing but good wishes and kindly remembrances. We wish him every success.

**SENIORS DISCUSS THEIR PROPOSED ENDURANCE PARTY**

Monday afternoon, the Senior Class held a meeting chiefly devoted to discussion of the coming senior activities. Extensive preparations were made for the picnic which will soon take place. The class will visit Bowers', Carson and Minden, and, at the latter place, will entertain themselves with a dance.

George Egan is the chairman of "General Arrangements" and Mary Beamer is in charge of picnic lunch preparations.

The class also discussed at length the question of erecting a memorial. No definite plans were made and the discussion will be resumed at the following meeting.

Artemisia Art Says

"OUT ON MACKAY DAY!" No longer a promise, a utopian dream, but a fact—as you all know. The 1922 ARTEMISIA is now in your hands and you must pass judgment upon it. We have tried to give you a book, every page of which contained something of interest not only to you, as students, but to the general public as well. We realize that we made mistakes, that every page of the book did not meet with the approval of every student, but we have no apologies to offer... 'To err is human' and we are only that.

It all seems a hazy nightmare now—those long days of work and worry, the 'cuts' and 'cinches' we received, the hours of sleep we lost—all are rapidly fading into memory. And while they are not all pleasant memories, we have no regrets; we feel that the result was worth the effort, that the 1922 ARTEMISIA is all we wished it to be. We sincerely hope that it is all you desired it to be and our greatest reward has been the congratulations of those students and faculty who have told us, "It's a good book."

"For the last time, I'll say, 'So long!' Artemisia Art's work is done."

FEWER CANDIDATES NAMED THAN USUAL

(Continued from page one.)

Jack was forced to resign. He has been quite active on the campus during his two years of college life and has a good deal of executive ability as shown by his work on the Artemisia.

Ned Martin was the only man nominated for the job of junior representative. Ned in his two years at Nevada, has succeeded in breaking the long standing high jump record and winning a name for himself as a possibility for next year's Varsity football team.

In the race for sophomore representative, Bill Organ and "Spud" Harrison were the men put up. The former is president of the present Frosh class and has been very active in his class affairs. Harrison was on last year's varsity football team and was one of the sensations of the season. On this year's basketball team he was one of the mainstays.

No nominations were made for any of the Artemisia offices and up to this time no names have been put up.

For assistant editor of the Sagebrush three men were offered, Paul Harwood, Earnest Greenwalt and Howard Westervelt. The first named has had an active hand in the Sagebrush during the past year and also was assistant editor of the Artemisia. Greenwalt, also, is a man of ability and considerable journalistic experience. Westervelt, the third man in the race, is a member of the Sagebrush staff of long standing and faithful service.

For assistant business manager of the Sagebrush only one man has been nominated so far, Johnny Cahlan being the lone candidate. He has been on the staff for the past year having very capably taken charge of the sporting end of the paper.

Nominations for the Finance Control Committee brought forth Chet Scranton and Jack Pike to fill the two mens' positions and Eloise Harris for the other office on the Committee.

Pike was business manager of the Artemisia until sickness forced him to give up the position; besides this he has been very active in the Student Body. Scranton was one of the stars of last year's football team and is at present President of the class of '24. He was also on the basketball squad and Spud Harrison is the only reason he failed to make his letter.

Eloise Harris is in the Junior Class and has been active in women's athletics for the past year; she was also a member of the basketball team.

For the office of Women's Athletic Manager, Adele Clinton and Genevieve Morgan were the nominees. The former has been at the University for three years and during that time has been constantly engaged in furthering women's athletics.

Gen Morgan, the other candidate, was also on the women's varsity this year and played an excellent game. She was vice president of the class of '24 last semester.

Additional nominations may be made until 24 hours before the election, which is held two weeks from Mackay Day.

Mackay Day Program Entertaining in Spite Of Lack of Co-Operation From the Weather

The sophomores stayed out all night getting stunts ready to spring on Mackay Day, but much to their sorrow and also to the sorrow of the rest of the school nature worked against them. Mackay Day dawned one of the worst days of the year. This was the first time this had happened in five or six years, and the old timers could not figure what could be wrong. However, before the day had elapsed things grew brighter, and an enjoyable afternoon was spent in the gym. The regular program of the clean up in the morning had to be abandoned, and the track meet of the afternoon was postponed until the coming Saturday when the different classes will contest their supremacy on the cinder path.

Although it was impossible to work on the track in the morning a great number of students arrived at the gymnasium and in a short time had the tables placed for the luncheon. When the gong sounded every seat in the gym was taken, and a merry meal began in its customary manner. The class yells were given from '22 to '25 and the school yells were led in peppy fashion by Harold Hughes. Salad, boiled ham, pickles, olives, beans, ice cream, cake and coffee comprised the menu. The luncheon was served by the freshman girls.

During the meal, the relations between the two lower classes became more strained. Finally the class of '24 carried a large red poster into the rafters of the gym, and then the war was on in earnest. The sides of the gym shook, and the people at the tables below scattered for fear of someone falling upon them from the rafters above. The fight did not last long, however, as the upperclassmen intervened, and expressed their desire for order. The fight was declared a draw, and the meal proceeded as peacefully as before.

At the close of the meal, Gladys Smith addressed the gathering, and explained the reason for the celebrating of Mackay Day to the new students.

Professor Haseman told about the six men who, eleven years ago, had met in one of the down-town cafes, and had discussed the necessity of constructive school traditions. They decided to create a Mackay Day upon which a general clean-up would take place, with a track meet between the different classes to be held in the afternoon. In the evening it was deemed advisable to hold a campus dance. Before the University had grown to its present size it was the custom of the students to arrange the tables in the form of an N, but since the school has increased in size to such an extent it is now found impossible to carry out this tradition as originally planned.

Si Ross told of the time when the football men practiced on bare ground, how the freshmen had to rake the field, and how they got so they liked to do it. He related the time when he and Mackay had talked over the plans for an expansion of the school and better-

ment of conditions.

Rowene Thompson offered two very enjoyable vocal selections.

Mrs. Clark, assisted by Miss Mack and Miss Shade, put on a very complicated, but interesting skit in which they showed how the University was going to grow by a system of evolution. Students from the farthest corners of the earth will some day be begging admission to Nevada, but the requirements will be very strict.

Bill Lunsford rendered two of his very pleasing vocal selections. He sang "Mollie Darling" and "Brother of Mine".

Professor Jones delivered an entertaining speech in which he expressed his wish that some day he hoped to see the "Honor System" installed on the Hill. It was his opinion that the movement could only be accomplished through the initiative of the students.

A very clever talk was offered by Brewster Adams; he used the notes he had written on the table cloth to excellent advantage. One of Mr. Adams' suggestions might be carried out at the next clean-up day. He suggested that we let Professor Thompson clean up the field, and let Dean Hall it away.

After the different speeches Adele Clinton presented sweaters to the following girls, for their work in basket-

ball: Erma Hoskins, Rose Mitchell, Neal Sullivan, Adele Clinton, Katherine Ramelli and Claire Sullivan. Dede Brown and June Harriman received Gothic N's.

Those receiving certificates of membership were: Kate Cazier, Frankie Heward, Francis Miller, Sarah Harrison, Alva Quilici, Leona Suttle, Helen Duffy, and Thelma Pedrol. Those receiving numerals were: Francis Heward, Marie Grubnau, Justine Badt, Verda Luce and Louise Grubnau.

After the presentation of the different awards, Miss Smith turned the meeting over to Ed Reed, and a regular Associated Student meeting followed. Evelyn Walker read the minutes, old business was attended to and reports were called for. The meeting passed on to nominations, and names for the student body offices were suggested. Before a motion for adjournment was made, Willis Church announced that the Artemisia was ready for sale, and the books would be given out according to the status of those assembled, the professors coming first. The Raspberry-edition of the Sagebrush was also ready for distribution at that time. The distribution of Raspberry's and Artemisia's ended a very enjoyable afternoon, and the day which had seemed so hopeless in the morning terminated as a great success.

WASHINGTON STATE COLLEGE

The students at Washington State College own and operate a motion picture theatre—and at a profit too. As far as can be learned there have been no Hollywood scandals.

AND TO THINK THAT MANZANITA HAS ONLY ONE!

"Hello. Is this you Dorothy? This is Lois. I'm in my room, No. 10. Come on over, it's only across the hall. I want to tell you something." This is what one may expect to hear in the dormitories at Iowa University soon. Every room is to have a telephone connected with the local exchange and listed in the directory. This is the first dormitory in the United States to have such a system. At that, they have nothing on Manzanita, it is the only hall in the country that has but one phone.

Peppermint flavored chewing gum with Peppermint Sugar Coating.  
Sugar jacket "melts in your mouth," leaving the deliciously flavored gum center to aid digestion, brighten teeth and soothe mouth and throat.
