Wolf Pack Leaves To Hunt Trojans

Prominent Youth Wins Big Bet In Envious Manner

Usually the half-time period at Mackay Field is an interval devoted to the powdering of noses, consuming of hot dogs and attempts to take some more money from the supporters of the visiting team. There is also some sociable wandering to and fro, a sereptitious last hour prospecting for dates for the evening, and general mirth and relaxation.

Last Saturday afternoon witnessed a new departure in the manner of amusing the crowd during the rest period. Trumpeter Hughes created a visible stir by announcing the impending solemnization of a nuptial ceremony in front of the bleachers. The crowd got on its toes and held its breath while two automobiles made the circuit of the track and disgorged an imposing party, pleasingly clad in the customary habiliments of hymenial gatherings, in front of the stands.

Arising to the occasion, the University Band, dispersed suitable music; and the trains of Hadyn's wedding march in G major floated dreamily into the sunny atmosphere.

Over the thick haze from the rapidly diminishing supply of hot dogs were presently detected the delightful contours and ravishing beauty of some of our fairest and best, including Eloise Harris, Gene Morgan, Marc Kenny and one blushing bride, unknown.

Gene wore her famous nankeen illusion gown of puce poplin, and Marc was charming in her imperishable gingham, tastefully trimmed with an artistic mixture of girlish bows and flying ospreys. Eloise and the bride were well gowned in the latest turn-out supplied by the Green Trading Stamps Association.

The male element bravely arrayed in extended order and the best of hired dress clothes, featured Slim Aine as bridegroom, Bill Clinch, John Martin Luther Stubbs Fulton, Jr., Jimmie Scott and Luke McCorkle, who pushed away the ever blushing bride. The Reverend Wilson performed the ceremony. The spasmodic rise and fall of the bridegroom's Adam's apple was seen to be sufficiently interrupted in its nervous gymnastics to permit him to answer "I will" to the great question. The bride, as is usual on those occasions, answered boldly and without any apparent nervousness.

Miss Marion Muth, overcome with enthusiasm and suitable emotion, then rushed forward and embraced the bride. And for the next two minutes, one-half of the party was chastely but fervidly embraced by the other half. It was noticed that the bridegroom kissed the bride once, and the bridesmaids four times.

Complete identity was established by means of two placards, affixed as the gathering dispersed. The principals proved to be Occidental and Miss Defeat, who were thus happily united in at least a temporary union.

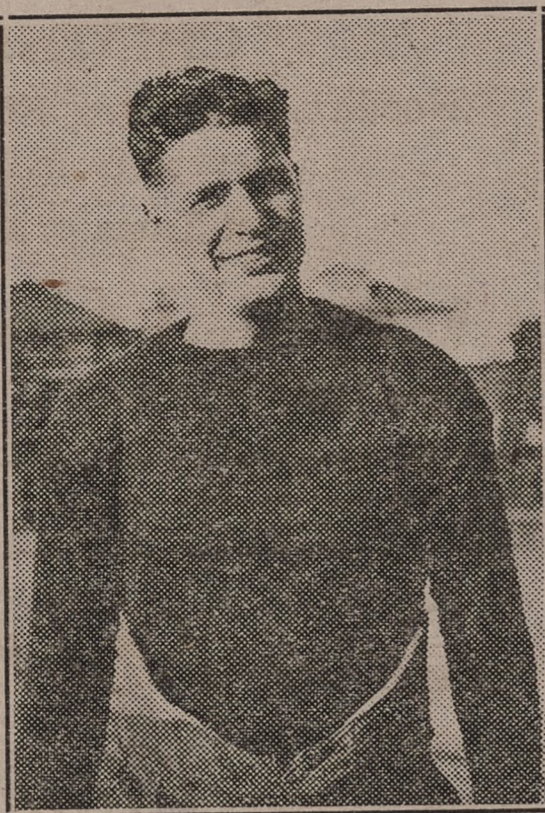

It is rumored that Mr. Aine collected a useful number of dollars by winning his bet that all the ladies mentioned could be publicly osculated by himself at a time and place previously designated. Knowing the ladies in question, he is to be congratulated heartily on having achieved this apparently impossible feat.

Mr. Frank Hartung made a delicious bride,—identity being established at a late hour.

NOTICE

That Nevada's Home-Coming Day is gaining wide recognition and importance is shown by the fact that railroads throughout the State are offering rates on that date.

The Tonopah and Goldfield line will sell round-trip tickets on the 10 and 11, return limit on November 12. The fare from both Goldfield and Tonopah will be \$22.50.

MECHANICAL MEN HAVE ORGANIZED

At a meeting of students in the Department of Mechanical Engineering on Wednesday, October 11, plans were perfected for the organization of a club which is eventually to be an affiliated branch of the American Association of Mechanical Engineers.

The meeting was held under the direction of Dean Sibley, head of the mechanical department, Murray Johnson being named temporary chairman and Wallace Coley, temporary secretary. Committees were appointed for the arrangement of programs for future meetings and drawing up a constitution. Dean Sibley addressed the meeting on the subject of "Opportunities for Mechanical Engineers in the State of Nevada."

The second meeting was held Wednesday at the home of Dean Sibley, and elected. Dean Sibley again addressed the meeting, his subject being "Wind Motors". This talk was followed by a discussion of the subject by members of the club.

The membership of the organization includes practically one hundred per cent of the men of the department, which is considerably larger than it has been in former years. It is the desire of the "boilermakers" to place their organization in the front rank among departmental clubs of the University.

CHEMISTRY SOCIETY HAS LEARNED TALKS

"The Breaking Up of the Atom" was the subject spoken on by Dr. S. C. Lind at a meeting of Sigma Sigma Kappa, the local Chemistry Society Tuesday evening. Harry Duncan, president of the society, gave a talk on the history of Chinese chemistry.

Dr. Lind reviewed the work done by Rutherford on the breaking up of the various elements into hydrogen and helium. He also gave a report on what two American chemists, Went and Arian, had done along the same line. Rutherford's method was to break the atom by bombarding it with the alpha particles, and the method of Went and Arian was by a very high temperature. The temperature attained in this experiment was about 60,000 degrees Centigrade.

That U. S. C. has a powerful team, despite the gloomy reports sent out by Head Coach Henderson, is a foregone conclusion.

With a large number of men to draw from, the Southern mentor can patch the gaps that have appeared due to injuries among his first-line men. He has a wealth of material available this year and has recently added to his squad, "Indian" Newman, transfer from Sherman, and Anderson, former Los Angeles high school star, who plays tackle. These men may be able to take the place of Boyle, who was severely injured in the game with Pomona, and "Swede" Evans, who is down with an attack of the "flu".

A number of veterans are playing their old positions back of the line, and will make all opponents hustle this year to keep them from scoring.

It is true that the acid test has not yet been applied to the Orange Pickers and until they run into real competition, it will be impossible to judge their strength.

Such a test will be applied next Saturday, when Coach Court-right's Wolf Pack invades the land of the movies and grapples with "Gloomy" Henderson's eleven. There is no doubt that with the past week's practice, the Sagebrush team has rounded into dangerous form and it will not surprise those who know inside football, if the Wolves return to their native haunts with a few well-chewed orange rinds, as souvenirs of their raid.

REMEMBER NOVEMBER 11TH!

D. K. T. WILL SOON BE INSTALLED INTO KAPPA ALPHA THETA

Kappa Alpha Theta sorority will install the Beta Mu chapter of Kappa Alpha Theta on November 16, 1922, at Reno.

The chapter was granted in June to the local sorority of D. K. T. Kappa Alpha Theta was founded in 1870 at the Paw University, Indiana, and is the oldest women's Greek Letter organization. Kappa Alpha Theta ranks among the highest nationals, having chapters in all the leading colleges of the country. Its entrance to the University of Nevada is heralded as one of the achievements of the University in national recognition.

Installation will commence on Thursday and extend through Sunday. There will be twenty-six installed as chapter members, while the thirteen D. K. T. pledges will become pledges to Kappa Alpha Theta.

Extensive plans are being made for the entertainment of the members of the California and Stanford chapters, the alumnae throughout California and Nevada, and the national officers who will come from various parts of the East for the installation ceremonies. No definite program has been decided upon, although a reception and a campus function will be given in honor of the visiting delegates.

MILTON, U. S. C. Star End
"Gloomy Gus" depends largely on Milton's educated boot. This drop kicker is strongest man on Southern Varsity

CAPTAIN HARRIS ON AUSTRALIA

At the assembly last Friday morning, Captain Kilroy Harris gave an illustrated lecture to the students on the subject, "Outback in Australia."

After his introduction by Professor Walter Palmer, chairman of the Faculty Committee on Assemblies and Lectures, he spoke for a few minutes on the vastness of the island continent from which he came.

"It is a country," he said, "larger than the United States, yet peopled by but a tenth as many people. It has one large city, and another of almost the same size. Other than that much of the territory is very sparsely settled."

After this brief introduction the slides were flashed on the screen. The views taken were made during two extended trips which the lecturer made with his brother through the back country; sometimes on horseback and sometimes in a sulky.

Throughout these trips he cited the extraordinary hospitality with which he was greeted by the residents of the back districts. His two trips were made at a total expense of something over a dollar.

Being an accomplished lecturer, and a man of excellent education; and being gifted with a real English (or Australian) sense of humor, he kept the attention of the students without any difficulty for the hour of his talk.

CRUCIBLE CLUB HOLDS PLEASANT EVENING

A meeting of the Crucible Club, University of Nevada branch of the American Institute of Mining and Metallurgical Engineers, was held Wednesday, October 18. The principle address of the evening was given by Mr. A. M. Smith, University of Nevada graduate and former football star, who has spent a great deal of time in mining operations in Central America, and who told the miners of his experiences in that country.

As an added attraction, Harry E. (Red) Steele gave an illustrated lecture on "Contours", a subject which he has studied thoroughly and upon which he has collected an abundance of data and illustrations.

The meeting conclude dwith the customary miner's feed and smoker.

SILVER AND BLUE DECISIVELY BEAT SOUTHERN ELEVEN

Zero Given Occidental While Nevada Varsity Scores Six Touchdowns

The Wolf Pack trampled on Occidental Varsity last Saturday and won their third game of the season by the score of 35 to 0. The Citrus Belt eleven fought gamely, but ineffectually, against the superior style of play that Coach Courtright's pupils displayed and were overwhelmed in the fourth quarter when the Sagebrushers ran over three touchdowns in rapid succession.

From the beginning the Orange and Black men were outclassed and the first few minutes of play saw Hug, left half, break away for the longest run of the season, scampering 57 yards for the initial touchdown, through a scattered field.

Church distinguished himself by his heady and consistent field generalship and slipped many a good play over on the Southerners who, though fighting all the time, could not cope with the unified Nevada eleven. As in the previous game with St. Marys, Captain "Horse" Hobbs guided an eleven-man machine, rather than an aggregation of "stars," to victory. Lowry, Hug and Seranton again kept the spectators thrilled by their ground-gaining work in the backfield, making much needed yardage around the ends and through scattered fields.

LINEMEN DESERVE PRAISE

The shock troops, men whose work is not noticed by the usual run of spectators, proved their merit by steady, persistent and dogged playing. Time and time again the line proved an impenetrable wall and Oxy smashed against it like waves on a stone barrier. Every man in the first line trenches made tackles that prevented the elusive and fast Oxy backs from slipping by for a score. One lucky stab by Carlson certainly saved Nevada from being scored on by a speedy Methodist back.

Few penalties were called in the game. It was the cleanest seen on the home grounds for many years and the grandstand payed tribute to the spirit of sportsmanship shown by the invaders.

By the exhibitions put up the last two weeks, the Varsity shows that they are working as they never have before. The coast players may have alibis but Nevada has so far shown the goods and bids fair to make the best of them hustle this year.

HUG SCORES EARLY

The first score of the game came when Hug broke away for his long run. Fumbles by both teams marked the second quarter until Nevada finally gained possession of the ball and Hug, former Tonopah Hi player, skinned through the Occidental team for the second tally.

Nevada managed to break up many forward passes during the third quarter principally by the work of her ever-alert backfield. Oxy put up a stiff fight during this period and many plays kept the sidelines on their feet as the pigskin see-sawed back and forth. A fake kick took the ball around right end, Harrison being downed after making twelve yards.

Nevada fumbled the ball to Oxy, who immediately lost it and the half ended with a boot of forty yards by Harrison.

THIRD QUARTER OXY'S

The second half was marked by a tackle by Carlson that, without doubt, saved Nevada from being scored upon. The husky lineman managed to touch the Oxy runner and slow him down enough to enable the second line of defense to stop him. Occidental showed aggressiveness but could not make their downs and kicked. The third frame saw many fumbles and the ball was either team's for a long period. It was

SILVER AND BLUE BEST OCCIDENTAL

(Continued from page one.)

In the third that the team from Sunny California tried rugby tactics but failed to make good and lost three yards in the attempt. Oxy seemed determined to smear Nevada and their fast and clever ends made many a good tackle which without doubt held the score down. Occidental tightened at the end of the third and held the Pack for downs.

LOWRY SCORES TWICE

The fourth quarter was disastrous for the Southerners. Hug carrying the ball scurried across for the third score early in the fourth. Shortly afterward Lowry, the human battering ram, bored his way across for another and a few minutes before the final shot, repeated with a buck over center which made the score board read Nevada 35, Occidental 0.

Only once did Oxy come within striking distance of Nevada's goal. This was when Spangler, speedy end, made a forty-yard sprint that landed the ball on Nevada's 20-yard line. Thereafter no serious runs were made and the struggle ended with Nevada forcing the issue and keeping Occidental on the defensive.

The teams lined up as follows:

Nevada	Position	Occidental
Harrison	Left End	Spangler
Pierson	Left Tackle	Cory (Capt.)
Fisher	Left Guard	Goodenough
Duborg	Center	Prialux
Gridley	Right Guard	Davidian
Carlson	Right Tackle	Meeker
Hobbs (Capt.)	Right End	Argue
Church	Quarter	Norton
Hug	Left Half	Shoaf
Scranton	Right Half	Ebers
Lowry	Full Back	Garey

Substitutes for Nevada—Harris for Gridley, Jones for Hug, Monohan for Lowry and Kimmel for Duborg. Occidental used her entire squad.

FIRST MUSICAL CLUB PROGRAM TUESDAY

The Nevada Musical Club has arranged its musical program for 1922-23, the first operatic concert of the season to be held at the Rialto theatre on Tuesday, October 24.

On the program there will be Mme. Kempre Gallotti, soprano; Sig. C. F. Bulotti, tenor; Mrs. J. T. Hansard, mezzo-soprano; and Sig. Emanuele Porcini, baritone with Miss Iren Peterson as accompanist.

Tickets for the musical are for sale at all downtown drug stores and students can get them from members of Professor Morse's salesmanship classes. Season tickets are five dollars.

DOCTOR CLOUGH WILL PRESIDE OVER CONTEST

Under the supervision of Dr. Clough, physical instructor, a unique contest will take place Saturday afternoon on Mackay Field.

Teams from all classes will be entered in an "agility contest". The outcome will determine the number who possess average nimbleness, for the tests are calculated to accurately show the quickness of each man entered.

The classes may enter as many men as they choose, and the contest is to be held on a point system; each man running within average time to receive a point, or each man jumping a certain distance to receive a point. The time and distances will be figured on an average basis.

Dr. Clough has decided definitely on the following events, and will probably add a few more: Mass hundred yard dash, broad jump and hurdle race.

U. of N.

UNIVERSITY ARMY HAS NEW OFFICERS

The announcement of the following cadet officers was made at drill last Friday morning: To be major, Donald C. Finlayson; to be captains, Lawrence L. Quill, Cecil H. Green; to be first lieutenants, Roy O. Boyer, Ira A. Herbert, James B. Koehler; to be second lieutenants, Ogden F. Monahan, John T. Jepsen. These appointments were subject to the approval of the President of the University.

A new regulation has been issued by the military department. Service stripes are to be worn for each year in the R. O. T. C. in the University, similar to the gold service stripe of the A. E. F. For each summer camp attended a blue stripe will be worn. These stripes designate service in basic and advanced camps only.

Men taking Military 51-52 and 53-54 will have tailor made uniforms. These uniforms have been ordered and will arrive in the near future. The uniform includes a good grade olive drab wool blouse and trousers, leather puttees, shoes and barracks caps.

PENNANTS, PIPES, POSTERS AND PEP LURE THE LADIES

In observance of one of the oldest traditions on the Hill, Lincoln Hall held open house for the women of Manzanita last Friday evening. Not only was the hall opened but every room in it. When the evening was half over, however, the men decided to lock their doors, as only the thumb tacks were left in the rooms. They wanted to preserve those slight marks of identification.

On the tour of inspection, the young ladies dwelt longest in the room of Curly Cox. Ferns carefully draped concealed pictures of artistic expression, while cupid testified to last year's raid on a down town carnival. Soft light, tobacco trays and cushioned couches evidenced his love of comfort in studying. (?)

Sukibi's room was unintelligible to a non-Japanese. But the stuff looked good and, since one couldn't read the labels underneath, it was all right.

The women were sorry they didn't have the chance to get a deck of cards and poker chips, but with Jack Ross out of the hall it couldn't be helped. Mel, the blushing prexy of A. S. U. N., feared the feminine onslaught and established himself with the Phi Sigs for the evening. It was too bad Murray had to study, for his absence caused great consternation among the co-eds, but we understand he enjoyed the evening (he studied in the kitchen).

After some inspection the parlors and halls were thrown open for dancing. Jazzified pep was furnished by a four-piece orchestra.

At eleven, tables were spread the length of the hall. Lincoln again proved itself beyond the need of the Home Ec. department. Talks flavored the food, notably the one by Red Steele, which was a touching tribute to the Volsted Act. At 12:30 Miss Mack suggested the singing of "U. of N. So Gay." When the guests were once on their feet, they took the hint and bid good-night.

This is only one of a series of delightful parties that the Lincoln Hall men have given to the Manzanita women. The latter expect to reciprocate before the semester is over—probably towards the end so there will be less packing to do for the Xmas vacation, for when the men have a chance to retake a few of their pipes, pictures, and posters, they won't hesitate to add due interest.

WOMEN FINALLY RUN UP CASUALTY SCORES

At last! A casualty is reported among the officers of the military department. Captain Ryan, while instructing Miss Luce in the handling of the rifle, nearly had the end of his finger shot off. The captain had his finger near the muzzle of the gun, showing Miss Luce some points about the front sight, when the young sharpshooter pulled the trigger. As a result, the Captain's finger was severely burned. But that was forgotten when it was noticed that a center bull resulted from the shot.

Miss Seibert, after hitting the bullseye once, became ambitious and attempted to shoot a fly off the ceiling. Before the gun was pointed at the fly, it went off and the shot nearly put a ventilating hole through the Sergeant's shoe. The Sergeant has refused to have anything more to do with the women. He says he enlisted to handle men, not to dodge co-ed's bullets. Miss Badt also displayed some remarkably good sense. She pointed the gun toward the ceiling and pulled the trigger to see if there was anything in it. There was.

It is predicted that after a few more days of gallery practice, the barracks will need a new floor and roof, if the building is expected to withstand the winter. A general warning has been sent out for all students to stay away from the barracks while the girls are practicing, and aviators have also been cautioned about flying too low over the building.

However, some good scores have been made. Miss Luce ranks high with 23 out of a possible 25 from a standing position, others scoring as follows: The Misses Heward, 22; Crane, 22; Ryan, 21; Hopper, 20; Turner, 20; Hunter, 19, and Reid, 19. All average over 75%. With the little practice they have had, they are showing up better than the men did last year.

NORMAL WOMEN NOW STUDY CAMP COOKING

The Normal School freshmen women are now specializing in camp cookery. This work is intended for those who will teach in country schools, so that they will be able to take the pupils out on picnics and hikes.

Last week, the women hiked up the river and prepared their supper over the camp fire. They broiled steak and made coffee, and had other good things to eat. On Monday morning, they hiked out to Chism's for breakfast. This time they had to do all the planning, as if it were for young children. For instance, they made cocoa instead of coffee, and had things that any child could eat.

The course teaches how to build different kinds of camp fires, to cook out of doors, and what to cook that would be good for young children.

MEN'S GLEE HAS BIG PROGRAM FOR FUTURE

The Men's Glee Club, which has been newly organized under the direction of Louis E. Rowe of the music department, is planning far into the future and if their plans materialize, it will be a big step in bringing the University of Nevada to the door of the people in all sections of the state.

At the last regular meeting, Merlin Briant, of the class of '25, was elected president by a unanimous vote, while Bill Grant, '23, was elected over his one opponent, W. Matheson, for the position of business manager by a single ballot. With a definite organized body, Rowe expects to have a Glee that by the end of the term will be known throughout this part of Nevada.

"Practice has been going on nicely," said Rowe, "and we have already become acquainted with several selections. Some good material has turned out, although we do need more base voices. I expect that within a very short time, the members of the Glee will have had sufficient training to appear before the public."

Twenty-five members have joined the new organization, which is expected to increase in members before the semester is over. Commenting on this, Rowe said that at present there are a number of men on the campus who are "bashful" about turning out, but that they will do so as soon as they see that the Glee will be really worth while.

It is expected that the Glee will sing in Reno before long.

ENGINEERS' DAY TO BE RECORD BREAKER

Engineers' Day is absorbing the interest of every man in that college. Though this day comes in the second semester, the program has been almost completed, leaving nothing but the making of last minute preparations.

In a University noted for its Engineering College, this day is of particular importance.

President Shaver, of the Associated Engineers, has appointed the following committees:

- MORNING COMMITTEE**
 Dean Sibly, Chairman;
 Prof. McCarthy,
 Prof. Boardman,
 Prof. Stanley Palmer,
 Prof. Walter Palmer,
 Prof. Al Preston,
 William Thompson,
 Noel Jacks,
 Harry Steele,
 Harold Sorenson.
- AFTERNOON COMMITTEE—STUNTS**
 Prof. J. C. Jones, Chairman;
 Floyd Moffitt,
 Ewald Pyzel,
 Gilbert Qneiss,
 Kyle Lutz.

CUBS SERPENTINE

UNIVERSITY OF CALIFORNIA, SO. BRANCH, Oct. 13.—The annual Cub Pajamerino comes off the night of October 20. The features will be pajamas and a huge bonfire. Mike Schwartz, the man who introduced the "Oski" at Cal, will be there to lead it.

Campus Men Will Hold Stunt Night Friday at Y. M. C. A.

On Friday evening, October 20, the University will hold its annual "stunt night" at the Y. M. C. A. All men on the campus, including faculty as well as students, are invited to attend.

A program, consisting of a burlesque field meet, boxing and wrestling bouts, fancy diving contests, musical specialties, and other indoor pastimes, was arranged by the student committee several weeks ago.

It promises to be a winner. The noise begins at eight o'clock.

WOMEN OUT TALK MEN

UNIVERSITY OF CALIFORNIA, SO. BRANCH, Oct. 13.—Bema, women's debate society at the Southern Branch, defeated Agora, men's debate club, in the first inter-society debate of the semester. The subject of the debate concerned the establishment of a system of industrial courts.

HIGH SCHOOL BATTLE IS SCORELESS TIE

Last Saturday Sparks and Fallon played a strenuous and hard fought football game on the Fallon field. The mellon raisers outweighed the Sparks team, and the shopboys were unable to score against them. Two place kicks were tried by Sparks, but resulted in no score. The game ended with a scoreless tie. This is Fallon's first year at football. On October 18, Fallon will play Sparks on the latter's field. Sparks is scheduled to meet Reno on Mackay Field on October 21.

HOCKEY BATTLE ENDS NO SCORE

Rivalry between the freshmen and sophomore women on the hockey field reached its height last Friday when the first game of the season ended without a score for either side. Monday afternoon the tie was played off and the fresh women won their first game of hockey.

D. K. T.

On Monday evening, October 16, the D. K. T. sorority held its pledging service at the home of Mrs. Frank Humphrey. After the impressive ceremony, refreshments were served and a few words were spoken to the pledges.

Those pledged to D. K. T. were Gertrude Clark, Muriel Conway, Adele Clemons, Meda Young, Freda Humphrey, Frances Humphrey, Edith Frandsen, Katherine Ryan, Hester Crane, Dorothy Ward, Muriel Holland, Thelma Pedrole and Blanche Wycoff.

Those present besides the pledges were: Mrs. Frank Humphrey, Mrs. George B. Thatcher, Mrs. A. E. Hill, Marion Muth, Alva Quilici, Hester Mills, Alma Boeke, Effie Mack, Eleanor Westervelt, Esther Crump, Eleanor Ahlers, Isabel Bertschey, Marion Lathrop, Genevieve Chatfield, Leona Bergman, Orva Heward, Janet Marshall, Helen Halley and Evelyn Pedrole.

D. K. T.

On Saturday evening, October 14, D. K. T. entertained friends at the beautiful home of Mrs. George B. Thatcher. A delightful supper was served at 6:15, the banquet room being decorated with autumn flowers and leaves. The autumn motif was carried out by the clever autumn leave boats which marked the places of those present. The rest of the evening was spent in dancing, clever favors being presented by the hostesses. Later in the evening dainty refreshments were served to Messrs. and Mesdames George B. Thatcher, Frank Humphrey, A. E. Hill, Walter Clark, Robert Price, Lester Summerfield, R. O. Courtright, Elmer Heward, and Misses Adele Clemons, Freda Humphrey, Luethyl Austin, Frances Humphrey, Meda Young, Gertrude Clark, Muriel Conway, Muriel Holland, Dorothy Ward, Thelma Pedrole, Dorothy Sullivan, Mardella Hoskins, Eunice Allen, Katherine Ryan, Edith Frandsen, Blanche Wycoff, Ethel Manus, Zeldia Reed, Marion Muth, Alva Quilici, Alma Boeke, Janet Marshall, Hester Mills, Eleanor Ahlers, Eleanor Westervelt, Helen Hally, Evelyn Pedrole, Genevieve Chatfield, Esther Crump, Isabel Bertschey, Effie Mack, Hazel Murrey, Louise Sullivan; Messrs. Curtis, H. Downey, C. Lindley, M. Esser, T. Stewart, H. Lohlein, C. Scranton, B. Cunningham, F. Sampels, J. Fray, L. Mullen, H. Coffin, R. Yarborough, A. Lyons, A. Hunting, J. Flanigan, H. Gardiner, J. Miller, J. Nash, L. Durham, H. Luce, A. Duncan, H. Nelson, G. Lewis, L. Gridley, R. Taylor, C. Johnson, O. Wright, S. Hill, S. Lowler, P. McCarthy, O. Peck, C. Sheerin, C. Hardy, I. Herbert and T. Fitzgerald.

SIGMA ALPHA OMEGA

Sigma Alpha Omega Sorority held its first pledging ceremony of the semester Monday night, at the home of Mrs. H. O. Davidson. Those now wearing the Sigma Alpha Omega pledge pins are: Misses Isabel Wigg, Anne York, Carolyn Robinson and Lorraine Peacocke. The service was held in a Hallowe'en setting, and the traditional diamond shaped favors were given to the women. After the presentation of pins, toasts were proposed to the absent, the present and the future members, the latter each giving a clever skit.

SUNDOWNERS PICNIC

That widely talked of but ever mysterious organization, the Sundowners, about which much is hazarded but little really known, staged its second annual Jamboree and sun dance Sunday afternoon. Professor and Mrs. A. E. Turner chaperoned the party at a charming spot on the bank of the babbling Truckee, where hot dogs, buns, coffee and other interior comforts were indulged in extensively.

Ewald Pyzel, the versatile, produced several new wrinkles as a camp fire artist, and Miss Mary Cox skillfully utilized Professor A. E. as an assistant in tree climbing. After the stars came out songs were chanted by the light of the fire, and everyone voted a happy time.

The Sundowners are planning an elaborate dance for the near future.

The following attended the jamboree: Mrs. A. E. Turner, the Misses Frankie Hewitt, Micky Miller, Verda Luce, Mary Cox, Kate Cazier, Fern Lowry,

Eleanor Mollart, Pattie Guthrie and Ruth Manson. Professor A. E. Turner and Messrs. E. Pyzel, F. Pyzel, Steele, Cox, Dollard, Pilkington, Ronnow, Lohse, Lange, Horn, Davies.

GAMMA PHI BETA

Tuesday evening at the home of Mrs. S. K. Morrison six new members were pledged to Gamma Phi Beta. After an impressive pledging ceremony a buffet supper was served.

Those present were the pledges: Ruth Curtis, Eula McArthur, Florence Benoit, Lule Burke, Orva Williams and Eunice Allan; Mesdames Morrison, Turner, Simmons, Cunningham, Knowles, Farrar, and Misses Anna Brown, Norma Brown, Mary Cox, Erma Eason, Hortense Haughney, Doris Kane, Marcelline Kenny, Zelma Kitzmeyer, Verda Luce, Georgie Money, Clem Shurtleff, Vera Smith, Laura Shurtleff, Lucille Blake, Glarys Douglas, Margaret Griffin, Jean Davis, Ethel Steinheimer, Anna Maud Stern, Marjorie Worthington, Frances Yerington, Elvina Blevins, Georgiana Steiner, Lulu Hawkins and Mrs. Bray.

Sigma Phi Sigma

Last Friday evening, the Sigma Phi Sigma fraternity was host at an informal dinner party at their house, 651 Elko Avenue, given to President and Mrs. Clark and the faculty members of the fraternity and their wives. Dinner was served a la "frat" style. Between the courses, musical selections were rendered by Ruel Taylor, Leonard Winer and Walter Stevens. Those present were: President and Mrs. Walter Clark, Dean and Mrs. Sibley, Professor and Mrs. Hicks, Major and Mrs. Bailey. Members present were: Prof. Gottardi, Robert Plaus, Ray Parker, Leslie Sanford, Harry Clinton, Elliot Adams, Cecil Green, Ruel Taylor, Verne Hollister, Phil Lawton, Thomas Mullan, Frank Keesling, John Jepsen, Edgar Norton, Charles Russel, Cliff Davidson, LeRoy Fothergill, Leonard Winer, Walter Stevens, Les Walker and pledges, Walthers, Covey, Lewis, Gritton, Barnes, Kofed, Beeman, Esser and Hill.

"WORD MONGERS" and "CHATTERING BARBERS"

"Word mongers" and "chattering barbers," Gilbert called those of his predecessors who asserted that a wound made by a magnetized needle was painless, that a magnet will attract silver, that the diamond will draw iron, that the magnet thirsts and dies in the absence of iron, that a magnet, pulverized, and taken with sweetened water, will cure headaches and prevent fat.

Before Gilbert died in 1603, he had done much to explain magnetism and electricity through experiment. He found that by hammering iron held in a magnetic meridian it can be magnetized. He discovered that the compass needle is controlled by the earth's magnetism and that one magnet can remagnetize another that has lost its power. He noted the common electrical attraction of rubbed bodies, among them diamonds, as well as glass, crystals, and stones, and was the first to study electricity as a distinct force.

"Not in books, but in things themselves, look for knowledge," he shouted. This man helped to revolutionize methods of thinking—helped to make electricity what it has become. His fellow men were little concerned with him and his experiments. "Will Queen Elizabeth marry—and whom?" they were asking.

Elizabeth's flirtations mean little to us. Gilbert's method means much. It is the method that has made modern electricity what it has become, the method which enabled the Research Laboratories of the General Electric Company to discover new electrical principles now applied in transmitting power for hundreds of miles, in lighting homes electrically, in aiding physicians with the X-rays, in freeing civilization from drudgery.

General Office Company Schenectady, N.Y.

REED'S FRESMEN CLEAN CARSON HI

Eddie Reed's frosh defeated the Carson High eleven last Saturday to the tune of 18 to 0. During the first half, the frosh were able to gain consistently through the Carson line. In this period, they went across the visitors goal three times, but on each "try for goal" failed to convert the place kicks.

The Carson team went into the second half with blood in their eyes, and proved that they were mighty scrappy and far from yellow. Although the ball was in their territory most of the time, the frosh were unable to score on them during this period.

The game was very slow as both teams used only straight football, and few spectacular plays were made.

Home Economics Club To Aid Aggies Make Farmer Day Success

Thirty women with the interests of the Home Economics Club at heart met last Thursday for the first assembly of the semester. Always interested in the affairs of the Aggies, to whom they are so closely allied, the topic that interested them most was that of Aggie Day. Much discussion as to the best means of helping make the farmers' event a success led to the resolve that this could be best done by having booths with cooked food, sewing exhibits and models of interior decorating. To insure the success of the plans, committees were appointed to make all necessary arrangements.

Mrs. Hammond and Mrs. Pefley made a report on the Home Economics Conference which they had attended in Washington during the summer.

GEOLOGY PROFESSOR TO ATTEND CONCLAVE

Professor J. C. Jones, head of the geology department, will leave for Denver, Colorado, on Tuesday, where he will attend the annual convention of the American Association of Petroleum Geologists.

The convention will be attended by the leading oil geologists of the country, and the program of the convention includes several technical papers and reports by men who have gained prominence in this field. Professor Jones expects to acquire an abundance of information concerning recent developments in petroleum geology, to be used in connection with his classes in that work.

Professor Jones expects to return to Reno before the following Monday.

OCCIDENTAL GAME MARKS ADVENT OF BLEACHER DERBYS

The much talked of bleacher hats and pennants made their first appearance at the Occidental game last Saturday, greatly improving the appearance and effectiveness of the rooting section. Not to be outdone by the men, who all sported the hats, the fairer half of the student body were armed with Nevada pennants.

The new hats are reversible and can be made either blue with white brims or vice-versa. About a dozen good looking fezzes also made their appearance in the women's section. The hats and pennants present many possibilities for working out novel stunts with the rooting section at future games.

FIVE INTERCOLLEGIATE DEBATES FOR CLONIA

Last Wednesday evening Clonia held a business meeting to adopt a new constitution for the organization. The old constitution was found not to be sufficiently broad to provide for the large program that Clonia is contemplating this year. Approximately five intercollegiate debates will be held the last of this semester and the first of next. This is the largest program ever arranged for by the University. Nevada may debate with Occidental, Santa Clara, Brigham Young, Southern California and the University of Utah, if the negotiations now under way are completed satisfactorily.

A committee was appointed to arrange for interclass debating tryouts, which will probably be held about the middle of November, with the interclass debates coming about two weeks later. A membership campaign is to be inaugurated, and it is desired that all students wishing to participate in the activities of Clonia, turn their names in to Sidney Robinson, Bertha Standfast, or Cecil Green.

After the business meeting, ice cream and cake were served. An entertainment committee is at work arranging for a program at each business meeting, which will consist of musical selections, vocal solos and short humorous debates. From interest shown, Clonia is about to commence a very successful year.

The club is also considering becoming a member of a national forensic society, from which an invitation has been received asking Clonia to affiliate with it.

CHANGE COLLECTORS CRY FOR COLD CASH

The nickle chasers of the Associated Engineers are out on their semester rampage. These engineering money merchants are taxing the Associated members fifty cents for that privilege. Assessment is to be paid to any of the following authorized men:

- For the Electricals—
 Scott Hill,
 Ashton Codd,
 Ginochio,
 Geo. Lewis.
- For the Miners—
 Lee Bunnell.
- For the Civils—
 Elbert Curtis.
- For the Mechanicals—
 Wm. Thompson.

Plungers Collect As Dust Clouds Settle On Track

The returns opened with the board reading: Theta eleven, Pi Phi eight, Gamma Phi three, Tri Delt five and S. A. O. four. No money changed hands on this reading as the reports were known to be incomplete and bets were not paid until Tuesday morning, after completed authentic returns had been chalked up.

Final returns, as accepted by Judge Hobbs, were as follows: Theta added two more to the original list and having, as a result, the unlucky number 13 chalked against her name. As she led a broken field by a neck and a half, the number indeed proved unlucky to those who had put their currency on the old standbys. Spurring at the last barrier, Pi Phi tightened up her stride and walked past the judges' stand in second position, having rustled up two members during the early hours of morning. The tally man scrawled ten after their name. Before the event, Pi Phi was considered a favorite by many and, as a result, considerable money changed hands before breakfast.

To the surprise of her staunch backers, Gamma Phi didn't exhibit the usual classy run that she has staged in days past. Though she doubled the first reading of three, and crawled in with six, yet there was keen disappointment among the fans of this classic sport. Delta Delta Delta, known by the enthusiasts as Tri Delt, added a trio to her initial score, loping around the home stretch with eight. She put up a steady consistent race, never spectacular, but at all times on the job.

Coming down the turf at a break-neck speed, Sigma Alpha Omega rushed in first with no one behind, not having increased her score over the first report. These reports are as accurate as was possible to obtain, and all placed money will be paid on these returns. If there

has been any mistake made, the bets will be refunded. Now that the season is over, the followers of the sport are thinking of moving to Tia Juana for the winter, returning of course, for the Second Semester Classic which, however, does not compare in magnitude or interest with the Fall Derby.

ELECT PRACTICAL, CAPABLE BUSINESS MEN TO PUBLIC OFFICE

Students of the University, as well as their parents and friends, should realize that the only step toward economy made by the present state administration was to summon the heads of the educational, penal and charitable institutions before the state tax commission and insist on a reduction in maintenance expenses during the next year. The head of the University was told that he would have to cut down expenses. The superintendent of public instruction, who is the head of the state's school system, was told that he must spend less money on schools. Do you want to continue an administration that believes in economizing at the expense of the public school system?

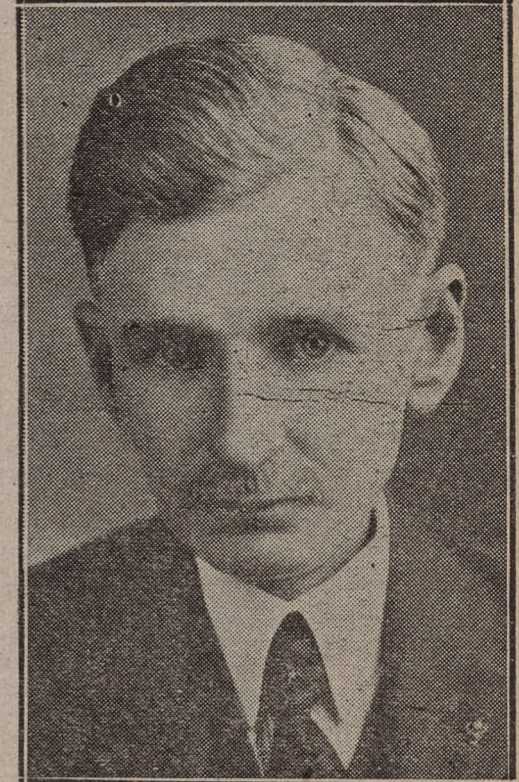

The Republican state candidates are interested in the maintenance of the public school system and the State University at their present high standard of efficiency. They believe economy in state government should be brought about by a curtailment in the expense of conducting state offices and not by crippling the efficiency of educational institutions. FOR WHOM WILL YOU VOTE ON NOVEMBER 7?

WOLF PACK TRAINS WITH VETERAN MEN

After four years of football in which the burden of coaching has fallen on one man, Nevada has secured a line coach in the person of "Buck" Shaw, Notre Dame '22.

In the football world, Shaw is a nationally known figure. As the star tackle of the famous Notre Dame eleven, he was the choice of some two hundred and fifty football coaches for an All-American. Besides this, he was chosen for All-American by a majority of eastern sport writers.

Shaw started his athletic career at the Stuart, Iowa, High School, where he played four years of baseball and one year of football, the school not having a football team until he was a senior. He first played varsity football at Creighton University in Pennsylvania during the fall of 1918.

After one semester at Creighton, he transferred to Notre Dame, where for three years he held down the position of varsity tackle. He was noted for his aggressiveness.

Besides being a stellar football player, Shaw holds the Indiana State record for the shot put: 44 ft. 7 1/2 in. This is approximately four feet better than the Nevada record. He won in this event at the Western Conference track and field meet held at Chicago this year.

The trainer, Dr. Clough, who was responsible for Kelly, the famous U. S. C. hurdler, and Drew, a record holding sprinter also of the Trojans, is now on the Wolf Pack staff. His experience has been wide and varied.

He graduated from the Maryland Medical College with an M.D. degree and later got his D.C. from the Oklahoma Orthopedic Institute in 1912. During 1912-14 he was trainer and assistant coach of Baylor University and trainer of a baseball club in Providence, R. I., 1913. He came west in 1913 to accept the position as trainer and assistant coach of the University of Southern California. After training the Portland baseball club, 1916, and also being physical director of the Multnomah Athletic Club of Portland in the same year, he became connected with the State College of Washington during 1917-18. In 1919 he was discharged from the Medical Corps of the U. S. Air Service, when he became district sales manager of the Savage Tire Agency.

From there he joined the coaching staff of this University, where, it is hoped, he will help Coach Courtright and "Buck" Shaw put out a team that will be the talk of the coast for years to come.

U. of N.

AGGIES PLAN HOP FOR ANNUAL FARM DAY CELEBRATION

November fourth of this year is a date that will go down in University history for two reasons. First Nevada's Silver Wolves will endeavor to smear the Cardinal Indians of Stanford with a defeat, and secondly the Agricultural Club will hold their annual 'Aggie Day.'

In years past, the Agricultural Club have held their exhibits at the University Farm, but this year they are to be held on the campus.

The Agricultural Building is to be used in housing the different displays of fruits, grains and poultry. An effort is being made to secure exhibits from commercial houses.

The stock exhibits will be held in the open and the student who has not the time to visit the University Farm will have the chance of viewing some of the best pure blooded stock in the state.

The biggest feature of "Aggie Day" will be the usual "Aggie" dance in the gymnasium. It will be a regular farmers affair with apple cider, doughnuts and everything that the hardy sons of toil delight in.

Bring An Alumni On the 11th!

U. of N.

CORRECTION

In last week's issue of the Sagebrush an article appeared in which Genevieve Morgan was named as president of the Y. W. C. A. This was incorrect. Miss Chatfield is the president of the Y. W. C. A. this year.

U. of N.

Bring An Alumni On the 11th!

PRESIDENT CLARK TO SPEAK BEFORE VETS

Associated Federal Board Students have, for their second meeting of this semester, obtained President Clark as speaker. After Dr. Clark's address, the ex-soldiers will hear special selected trench songs, college songs and operatic selections by the White Mule Quartet, composed of "Dad" Taylor, Bill Barney, Bass Crowley and Bob Simerly. The quartet has been known, by their rendition of the simplest ballads, to make strong men leave their ploughs and women their looms.

In order to bring the audience from under the spell of the mystic music of the White Mules, President Jacks has arranged for a broadsword cudgeling duel. The contestants, both famous for their dexterity and both equally skilled, having learned from the masters of Europe.

At the previous meeting, a dance committee was appointed which has secured the gym for November 18, on which date the first Associated Federal men will hold a campus dance that should equal the pre-war military balls. For once, at least, the old gym will take on a martial aspect. From every rafter battle flags of the nations will swing, and relics of the war will cover the walls and spare corners. Martial jazz and taps, to end the affair, will make every-Buddy glad that he was there.

TRIUNE ORGANIZES AS HILL'S SEVENTH FRAT

With the organization of Triune on September 18, Fraternity Row has another addition to its ranks. This makes the seventh fraternal order on the Hill. Faculty members are Professors Stanley Palmer and Sanford Dinsmore.

Members of the new organization are Ira Herbert, Raymond Holtzman, Jesse Smith, George Gosline, Arthur Gray, Thomas Welch and Charles Poppe.

Armistice Day—Nevada's Home-Coming

U. of N.

Grads! Be at the Whitman Game!

TO ALL STUDENTS

I am taking this opportunity to clear up the misunderstanding that has arisen regarding the wearing of the bleacher hats at football games.

To begin with, the notices that were posted about the campus and printed in the last Sagebrush concerning the wearing of the hats were, unfortunately, worded so that they read like commands. This was not my intention.

Knowing that every other college has adopted some form of bleacher hat and knowing that Nevada now ranks with the best, the consensus of campus opinion was that a bleacher hat should be adopted by Nevada.

As the Student Body did not feel that it could finance the purchase of the hats it devolved upon individuals to do so. With the belief that all students would be glad to buy and wear the hats, 400 were purchased. With these hats on our hands our problem was to get them on your heads.

We were afraid that a mere announcement of the fact that the hats would be here and would be obtainable at the gate last Saturday would not result in the sale of the entire lot. For this reason the notices were posted that admission to the game would involve the purchase of a hat. I now realize that the notices so worded were antagonistic.

I want to emphasize the fact that the sale of the hats is not a money making proposition. The hats were originally quoted at \$18 a dozen, but by buying them in a lot of 400 they could be purchased at \$12 a dozen. 400 were purchased in order to save the added expense of fifty cents on each hat.

We are all boosting the University of Nevada and so let's all wear a bleacher hat.

(Signed) H. HUGHES.
