## Nevada's Wolf A Memorial To Leslie Bruce

### IT READS LIKE A CASUALTY LIST; SOME SAY IT IS

Campus Savant Starts Ball Rolling Early; Others Follow His Lead

#### HOW DO THEY DO IT?

Score of Couples Known to Have Fallen on Field of Deadly Battle

It was good hunting for the well-known Daniel Cupid this summer.

Nevada graduates and former students, to say nothing of the professors, proved easy marks for Daniel's arrows. The slaughter was something terrific!

The Sagebrush does not claim to have recorded all the victims, but the majority of the two-can-live-cheaper-than-one exponents are given below.

It is hoped that the following list may act as a warning, rather than encouragement, to the few eligible bachelors on the campus whose frat pin still rests above their heart.

#### THE INJURED

Prof. Silas C. Feemster and Miss Ethel Ridley Lanier at Springfield, Mo., the home of the bride's parents, on June 6.

Noble Waite, '22, and Miss June Harriman, '22, in Reno on June 13. Prof. R. C. Thompson tied the knot. Edward C. Reed, '23, and Miss Evelyn Walker, '22, in Reno on June 16. William H. Martin, '22, and Miss Mildred Thompson at Elko, Nev., June 17.

Charles Cachman of Las Vegas, Nev., and Miss Leah Barker, '17, in July. (Continued from Page Two)

U. of N.

### SILVER MEET HERE WATCHED BY WORLD

Mining men from every section of the United States together with representatives from Canada, Mexico and Central America are attending the silver conference, held in the Education building on the campus.

The opening day, Tuesday, saw approximately 200 men gathered for a discussion of the silver mining question. A Pan-American organization to stabilize the price of silver and to place it upon the world's markets like other commodities is expected to result from the discussions.

Senator Tasker L. Oddie and Senator Key Pittman, both of Nevada, are the leaders in the hearing which is being conducted by the senate commission of gold and silver inquiry. On the speaker's platform the opening day, in addition to Senators Oddie and Pittman, were Senator Frank R. Gooding of Idaho, Governor J. G. Scrugham, Congressman Charles L. Richards and C. E. Alden, secretary of the silver commission and acting as secretary of the meetings.

The complete list of visitors and delegates is too long to publish here, but practically every mine operator of importance in the western hemisphere is represented.

U. of N.

#### NEW STUDENTS

All new students interested in trying out for positions on the staff of The Sagebrush will meet Friday afternoon at 4 o'clock in the basement of the Physics Building, room No. 101.

Positions are open to reporters, copy readers, proof readers, feature writers. Cartoonists are also wanted.

No experience necessary if you have the inclination to do the work. Let's talk it over tomorrow afternoon at 4 o'clock.

THE EDITOR.

### Father Reports Son's Death During Summer

Delwyn Dessar, '15, never received the letter sent him this summer requesting a subscription to The Sagebrush.

An answer from his father, William Dessar of New York City, contained the information that Delwyn had been accidentally killed.

Young Dessar had recently been commissioned a major of field artillery in the Officers' Reserve Corps and after being graduated here had held the position of designing engineer on substations with the Duquesne Light Company of Pittsburgh, Pa.

U. of N.

### TAU'S TOP LIST IN SCHOLARSHIP AT MAY GRADING

#### Pi Beta Phi Maintains Its Position at Head of Sorority Roll

Alpha Tau Omega's leap to first place among the men's fraternities was the feature of the scholarship averages for the various organizations on the campus last semester.

Pi Beta Phi held its own at the head of the women's list, but Sigma Alpha Omega fell to the bottom after gaining second place the first semester.

Manzanita Hall repeated its usual win over Lincoln Hall with an average of 2.207 as compared to Lincoln's 2.791. The Veterans' Bureau showed well with 2.855 and Trowel and Square, the University's Masonic organization, averaged 2.637.

In the majority of instances grades were higher last semester than ever before despite stricter marking on the part of the professors. In some cases fraternity and sorority pledges averaged higher than the members.

The list of organization averages for the semester ending in May, 1923, follows:

Fraternities—	
Alpha Tau Omega Members.....	2.524
Pledges .....	3.33
Sigma Phi Sigma Members.....	2.583
Pledges .....	2.98
Phi Sigma Kappa Members.....	2.678
Pledges .....	2.98
Delta Sigma Lambda Members....	2.830
Pledges .....	2.854
Sigma Nu Members .....	2.903
Pledges .....	3.234

(Continued on Page Two)

### DR. AND MRS. CLARK TO ENTERTAIN FRIDAY

A reception to which all new students are invited will be given by President and Mrs. Walter E. Clark in the Education building Friday evening, September 7, from 8 until 11:30 o'clock.

In addition to the strangers on the Hill, members of the faculty and all officers of the following organizations have been cordially invited to attend:

The A. S. U. N.; A. W. S.; senior, junior and sophomore classes; Manzanita and Lincoln halls; the Y. M. and Y. W. C. A., and the Advisory Committee.

Miss Dorothy Blaney, talented pianist, will give a program in the auditorium from 9 o'clock until 10:30.

An effort will be made to send a personal invitation to each guest, but in view of the difficulty in reaching new students, Mrs. Clark asks that all those included accept this as an invitation.

U. of N.

### N. A. U. W. INSTALLED BY GRADS AT MINDEN

A chapter of the National Association of University Women, the second in the state, was formed at Minden early in the summer.

The majority of charter members at Minden are University of Nevada alumnae.

### GRADUATE HEADS HONOR ROLL WITH PERFECT GRADES

Thirty-nine Students Keep Averages High During Second Semester

#### WOMEN IN MAJORITY

Over Five Per Cent of the Student Body Included in Honor List

The scholastic honor roll for the last half of the 1922-3 school year contained the names of 24 women and 15 men students.

The list included a fraction over five per cent of the registered student body. The first semester all those whose grades averaged 1.6 or better were included, but had the same average been struck the spring semester, 15 more names would be added to the list.

#### Finlayson's Record Perfect

Donald Finlayson, carrying 18 hours of work led the roll with an average of 1.00, a perfect record. Gilberta Turner, averaged 1.1 with 19 hours of work and Jesse Smith was third with 1.13 for 14 hours.

Gilbert Kneiss, registered in more hours than any student on the list, a total of 23, averaged 1.17 and was the fifth student on the roll.

Leota Maestretti, the youngest student at the University last year, but 14 years old when she registered, is on the honor roll for the second time with an average of 1.44 for 19½ hours of work. More than that, she is among the students whose work for the entire year averaged 1.5 or better.

#### The Honor Roll

The complete list, including hours carried and the average grades, follows:

Name—	Hours Grade
Donald Finlayson .....	18 1.00
Gilberta Turner .....	19 1.10
Jesse Smith .....	14 1.13
Nevada Semenza .....	19 1.15

U. of N.

### CANE RUSH RULINGS MADE BY COMMITTEE

The annual "cane rush" between the sophomores and freshmen has been scheduled for Saturday afternoon at 2 o'clock on Mackay Field.

The upperclass committee will have complete charge of the rush and the committee's decision shall be final.

Rules for the rush this year were drawn by the committee Tuesday afternoon at its first meeting of the year. They are as follows:

The sophomores shall take the north end of the field, the freshmen the south end.

There will be but one cane. The class carrying a "fake" cane will forfeit the rush.

The cane must be carried over the line by a registered member of the class and must be held in plain sight when taken over the line.

At no time may the cane be concealed either under clothing or in any other manner.

One minute before the starter's gun is fired, the cane must be held aloft and in plain view of the freshmen.

Sophomores must carry the cane over the line in twenty (20) minutes to win the rush.

U. of N.

### TRINITY CHURCH TO BE STUDENT CHAPEL

Trinity Episcopal church, one of Reno's landmarks for over a half-century, was moved from its old site at the corner of Second and Sierra streets during the summer and is now located at Eighth street and University avenue.

It is being remodeled to serve as a chapel and social hall for University students.

### Tear 'em Up, Wolves!

"SPUD" HARRISON

Two weeks from Saturday the Wolf Pack will trot out on Mackay Field for its first scheduled game of the season.

Facing the Pack at the kick-off will be the Olympic Club of San Francisco. The men of the Winged-O have been practicing for nearly a month.

The Wolves, two weeks from Saturday, will have had exactly 10 days' practice.

The situation is apparent. If you can play football, or think you can play football, get into suit.

### "BEST TEAM EVER," SAYS NEVADA'S SPORT EXPERT

#### Coach "Corky" All Smiles as New Prospects for Varsity Arrive

By JOHN CAHLAN

With the opening call for football candidates issued by Coach Courtright, comes the cheering news that the prospect for the best team in years is especially bright. New material is plentiful and most of the old men are back so things look very promising for the Silver Wolf Pack this season.

Of the old men, only four will not return to college. Fisher, Pierson and Church have all graduated while Falbaum has forsaken school books for matrimony. Duborg will be seen at center when the first gun is sounded and will be flanked at the two guard positions by Lohlein and Gridley. These two men are veterans of last year's campaigning and should show up to a good advantage with a year of experience behind them.

#### Plenty of Tackles

There will be plenty of men out for the two tackle positions. Hardy and Donnels seem to have the edge right at the present time but the new material may show up exceedingly well. Ballaam, a tackle from the Visalia American Legion team, is on his way to Nevada and from all the advance notices will make the old-timers step to keep him off the team. He is a small fellow standing six-foot-two and weighing around 190 pounds. He has had four years of experience and should be a big addition to the squad.

Merritt, from Hitchcock Military Academy and later of Santa Clara, is another lineman who will in all probability give a good account of himself before the season is over. He weighs 190 and will help to boost the average of the line.

#### "Babe" Brings Brother

"Babe" Carlson has brought his baby brother back to school with him and said B.B. weighs 240 pounds. He is a big fellow and, as "Babe" announced, "There ain't a pound of fat on him." He has had two years of high school football experience and from newspaper articles is quite some pastimer.

Rumor around the city has it that "Bevo" Colwell, Nevada's famous

kwepie, will be back this fall and if he does decide to register will take care of one of the tackle positions.

"Bevo" has had two years' experience on the Nevada Varsity and will be a stumbling block for many plays. All those who have seen him play know what to expect from the big boy and those who have not have a big surprise in store for them.

At the two end positions a pair of old favorites will be seen. "Spud" Harrison will take care of one of them while "Horse" Hobbs will, in all probability, hold down the other extremity of the line.

#### Oregon Star May Come

Word has been received from Oregon that the famous Bill Spears, All-Pacific Coast Conference end, will be registered in mining at the University of Nevada and if this bit of rumor is true he will, without a doubt, be seen in a Nevada uniform in the near future. He has played end on the Oregon team for the past two years and both times was selected by a great many experts as one of the best ends on the Pacific Coast.

### STUDENT'S FATHER MISSING AFTER BIG JAPAN EARTHQUAKE

Walker G. Matheson, assistant editor of The Sagebrush, may not return to school.

Matheson's father is the editor of a Tokio, Japan, newspaper and no word has been received from him since the earthquake the early part of the week in which it is estimated that over 200,000 persons lost their lives.

Unless he hears from his father within the next few days, Matheson plans to leave for Japan immediately.

U. of N.

#### NOTICE

The following men have been appointed to the Upper-Class Committee:

Chester Scranton,  
Paul A. Harwood,  
John Cahlan,  
Ottoway Peck.

(Signed) D. H. HUGHES,  
Pres. A. S. U. N.

### SYMBOL CHOSEN BY LATE EDITOR IS NOW REALITY

Emblem of School's Spirit Recently Completed by Former Student

#### IS ETERNAL TRIBUTE

How the Wolf Was Selected Is Told in Detail for the First Time

(By the Editor)

Looking you straight in the eyes from the center of this paper's title directly above—THE WOLF!

Nevada's Wolf. An enduring symbol of this University's spirit. Above all, an eternal memorial to Leslie Maltby Bruce who died January 8, 1923.

"Les" Bruce—gentleman.

What matter that he was the University's Rhodes Scholar-Elect? Member of Phi Kappa Phi, Coffin and Keys, Editor of The Sagebrush for 1921-22, winner of the gold scholastic medal?

Such honors are forgotten, but those who knew him will never forget: "Les" Bruce—gentleman.

#### New Symbol Needed

Leslie, during his term of office as editor of this paper, felt Nevada's need for an appropriate symbol. A symbol that, as a synonym for the University's athletic teams, would carry the idea of life, strength, fighting spirit.

"Sagebrushers," Leslie felt, was inadequate. Sagebrush was not a moving thing. It carried with it no attributes of power. It was but a plant—a desert weed.

In the December 1 issue of this paper, 1921, Bruce started his "Give us a name" campaign, hoping that the students would suggest a fit symbol and synonym for Nevada's athletes.

#### Was Extended Campaign

At the same time he mailed letters to every state university and many endowed institutions throughout the United States. In the letters he asked for a history of the school's symbol. Bruce did this to gain ideas for his campaign and to insure that a symbol, chosen for the University, would not

(Continued on Page Two)

U. of N.

### ANTLERED HERD TO STAGE MARDI GRAS

The Reno Elks have planned a big carnival and Mardi Gras to be held in Reno at the corner of Granite and Court streets on the nights of September 17 to 22 inclusive.

The show is going to be under a big tent and consists of the best vaudeville acts obtainable as well as acts put on by local people.

The Elks have taken this means of raising money for their charity work and also for their University scholarship fund. Four scholarships are given to university men each year on the basis of participation in athletics, activities and Americanism.

It is particularly desired that the university men and women make this show a great success. As a large measure, it is given for their benefit.

The admission to the carnival will be fifty cents and according to the plans now formulated it should be well worth the money.

U. of N.

### MACKAY STATUE SEEN ON MAGAZINE COVER

Used as a cover illustration for one of the leading publications of its type in the United States, a photograph of the Mackay Statue appears on the first page of the Engineering and Mining Journal-Press for August 4.

The sub-title carries the information that the statue is located at the University of Nevada before the Mackay School of Mines building.

### SYMBOL CHOSEN BYLATE EDITOR

(Continued from page one)  
be duplicated at other schools.

The response to the letters was generous. Several names were suggested by Nevada students and graduates. But Bruce felt that the ideal synonym had not yet appeared.

"Wolves"

We were working on Sagebrush "copy" in the office one night when Leslie suddenly turned and exclaimed: "What do you think of 'Wolves' for a name?"

Most of you know the rest of the story. How the name was made public; with what instant favor it was met; how it has since become synonymous with "Nevada" on the Pacific Coast.

Before the semester ended, Leslie opened negotiations with Lewis Hymer, a former Nevada student now a commercial artist in Los Angeles, to sketch a wolf's head for use with The Sagebrush's title as it appears in this issue.

**Is Bruce's Idea**

Leslie Bruce did not live to see his dream become reality.

Because it is reality now, I am writing this article although in doing so I am violating modern newspaper tradition.

The Wolf, that looks you straight in the eyes from the title plate of this issue—even as Leslie faced the world—is not my idea.

It is Leslie Bruce's Wolf—the Wolf he did not live to see. An enduring symbol of that something which people call "Nevada Spirit."

An eternal memorial to "Les" Bruce—gentleman.

### "BEST TEAM YET," EXPERTS' FORECAST

(Continued from Page One)

Sheerin and Gilberg, from the second squad, should give a good account of themselves and will make the fight wax warm for their positions.

In the backfield all the men are back with the exception of Church and Hug. Gutteron, the "Little Giant," will fill Church's shoes at the quarter position and this should be the little fellow's big year. He has played four years of high school football and last year was used as a sub quarter on the Nevada Varsity.

**Scranton's Last Year**

Capt. Scranton will hold down one of the half back positions and should get off to a good start. He was chosen on the third All-Pacific Coast team last year and it is more than a mere possibility that he will be picked for the first string this year. He has put in a good summer and looks as big as a mountain. This will be his last year at Nevada, which fact should help him to play the best game of his career.

**Hug Can't Play**

The other half position is left vacant by the injury of "Bunny" Hug, Nevada's second Bradshaw. The fight for this position will in all probability be the hottest of the entire team. There will be a wealth of material out for this half position and it will be a might good man who steps into the "Bunny's" shoes.

The most promising of the old men back are "Pete" Harrison, Harry Frost, Elmer Jones and Monty Monahan. All of these men, with the exception of Frost, have had varsity experience and showed to good advantage in the games they played. Frost is a veteran of last year's frosh team and with a bit more experience will prove to be a comer.

**Three-Year Prep Star**

Of the new men coming, Clark is the outstanding star. He hails from Sacramento where he played half on the high school team for three years. He is a typical football man, with big shoulders and neck, tipping the beam around 170. He was chosen as half-back on the All-Northern California team by most of the expert football writers around that section of the country. When the season opens he will be seen in a striped jersey or something is wrong.

At fullback, Lowry will have a tough time, although in all probability will be a first-string man. Lowry, although not a grizzled veteran, played the position last year and in all the games was responsible for many yards.

Lowry will have lots of competition in the person of Dungan, formerly of the Pacific Fleet and the Visalia American Legion. "Red" will weigh around 176 and can hit the holes like a battering ram. Most of his gains have been made through the line, which goes a long way in telling the story of his line plunging.

As it is a little early in the season to tell much about the strength of the team we can only predict that the Nevada Varsity of 1923 will be the strongest yet put out on the Mackay Field. However, time alone will tell and if all the pre-season dope holds true no team on the Coast, California not excepted, will throw any scares into the Silver Wolf Pack.

U. of N.

### IT READS LIKE A CASUALTY LIST

(Continued from page one)

Paul Fredericksen of New York and Miss Laura Ambler, '19.

Gus Paul Falbaum and Miss Marie Lamon at Elko, Nev., August 1.

Armande Bell and Miss Dorothy Higgins, '19, August 14. At home in Winnemucca.

Charles H. Moore and Miss Anna V. Chatham, '22, in Reno on August 4.

Willis H. Church, '23, and Miss Anne Underwood, '21, at Palo Alto, Cal., July 14.

John Douglas, '21, and Miss Margaret Barnes, '21, at home in San Francisco.

Wayne Adams, '17, and Miss Beatrice Medford in Denver, Colo., July 19.

Sterling Huntley and Miss Catherine F. Somers, '20, on August 24. At home in Pittsburg, Pa.

Robert Griffith, '23, and Miss Ruth Atcheson at Monterey Park, Cal., Aug. 22.

Arthur T. ("Major") Harrison, '24, and Miss Frances Lattin, '26, on April 16. (Note the date—they fooled the school!).

William A. Black, '26, and Miss Margaret Ayer in August.

Thomas W. Bath, Jr., and Miss Lucile Rosenbrock, clerk in the comptroller's office.

Charles E. Fleming, in charge of Range Management with the Agricultural Experiment Station, and Miss Vivian Wilcox of Los Angeles.

### ASCHER GRADUATED AT WEST POINT ACADEMY

Bordner F. Ascher, who attended the University in 1917 and played on the varsity football squad of that year, was graduated from the United States Military Academy at West Point last June with the class of 1923.

Ascher entered the academy on September 2, 1919. He is the son of Dr. John Ascher, formerly of Sparks, who is now practicing medicine in Freeport, Ill.

**CLASS OF 1923 WAS  
UNIQUE IN HISTORY  
OF THE UNIVERSITY**

The Class of 1923, which was graduated on May 16, was unique in several respects.

The majority of its men were veterans of the World War, having entered the University in September, 1919, following their discharge from the army, navy or marine corps after the Armistice.

It was the largest class to be graduated in the history of the University, numbering 55 men and women.

Among those granted degrees were five ex-service men, disabled in the line of duty, who received their training through the United States government.

For the first time in Nevada's history, a citizen of the Chinese republic was numbered with the graduates.

While several years ago the aggregate value of scholarships and prizes was approximately \$650, the value of awards last commencement totaled between \$3500 and \$4000.

Five new scholarship awards were granted last spring.

Louise Grubnau	17	1.55
Dorothy Ward	17	1.55

The general average for all students for the second semester was 2.556; the women averaged 2.16, the men 2.77. Both the men's and women's averages were higher last spring than they have ever been before.

**Men Study Harder**

Commenting on the women's averages being higher than those of the men, Dean Maxwell Adams says:

"This does not necessarily mean that the women are the better students.

"Many of the men are registered in the engineering departments where the nature of the work requires more intensive study, on the average, than do the courses in other departments. Most of the women are enrolled in arts and science and have a wide range of elective subjects from which to choose.

"Students in engineering have little choice, the majority of their courses being required."

Comparison with the records of previous years shows that the University's scholarship is steadily improving.

Only 16 students had an average grade of 1.59 or better for the semester ending in May, 1921. In May the following year the number increased to 28 and the total for the fall semester last year was 33.

**CALIFORNIA'S WOMEN  
FLOCK TO MANZANITA**

With 50 freshmen women registered in Manzanita Hall, California is represented by over 20, according to Miss Margaret E. Mack, dean of women.

Forty former residents of the Hall who are back again keep the number of Manzanites at the usual total of 90.

The halls and rooms have been redecorated during the summer. A trunk room has been added to the basement, which has been repainted and slightly enlarged to permit a remodeling of the laundry room.

The grounds around Manzanita have been remarkably improved. A lawn extends from the front of the building to the back, meeting a hedge already several feet high. From the side of the house the lawn is terraced down to the lake, so that the weeping willow tree will no longer shed over ashes and gravel.

## ABOUT POLICIES

The Sagebrush makes its initial bow for the 1923-1924 school year. It is a larger paper this year—almost metropolitan in size. Changes have been made—new features have been added. It is not The Sagebrush of last year nor of any year past; it is a different paper.

And with the above—a new editor. Editors usually have policies. The new editor has them, but they're not going to be printed.

Policies mean little in print. They're so very easy to write. Carrying them out is another story.

It would be no great task to fill this page with printed policies. But to what advantage? People might read them, what then?

The policies would remain in print; cold and useless things. The Sagebrush will not be influenced or controlled by any group, no matter what its nature or composition.

Neither will The Sagebrush favor one group over another. This newspaper is and will remain, "The student newspaper of the University of Nevada." Its columns will be open to all students at all times.

The Sagebrush believes, with Theodore Roosevelt, that "Aggressive fighting for the right is the noblest sport the world affords."

But as for policies—they're easy to write, but they mean so little in print.

U. of N.  
"HEY, FROSH!"

You freshmen will hear that call many times. It will usually mean work.

Sophomores, wishing to show their newly acquired rank, will yell it.

Upperclassmen, seeing you on the campus, will shout it. "Hey, Frosh!"

It will mean anything from filling the frat house coal bin to lining the football field with whitewash.

When you hear it—grin. It's going to be hard, at times, but grin anyway. And then do as you are bid, still grinning.

You who are strangers here will be homesick. Your pal will be bid to a fraternity and you won't. Grin.

They'll throw you in the lake for numerous reasons. They'll paddle you and "ride" you. Grin.

One of these days, without warning, IT will come. IT has been called "Nevada Spirit."

Perhaps IT will strike you some morning as you catch the glint of sunlight on the western mountain tops. Or perhaps at night when you hear the trees talking on the Quad.

Maybe IT will find you at a football game as you yell yourself hoarse over a Wolf Pack victory.

Like the rest of us, IT will come to you. Just grin.

## COMMUNICATED

Letters to THE SAGEBRUSH from students and faculty are always welcome, but must be signed. Whenever requested, the writer's name will not be published and will be kept strictly in confidence. THE SAGEBRUSH does not necessarily endorse the opinions expressed in this column and the editor reserves the right to reject communications at any time.

## OBSERVATORY ON PEAVINE

To the Editor: Mr. Van Aukin, the well-known Lemon Valley homesteader, who before he came to Nevada was a neighbor and close acquaintance of Paderewski, at Paso Robles and a citizen of that place for many years, made a suggestion lately that the residents here might well encourage. It was to make Peavine mountain the site of the greatest astronomical observatory in the world.

He says the conditions regarding altitude, clear weather and the need of such an observatory in Nevada and near a university are ideal.

As there is a road already, it is possible for an auto to go to the summit and there need be no such expense as was necessary to build the road to Mt. Hamilton by James Lick.

An interesting point in connection with this is that there is mineral wealth enough in Mt. Peavine to build a dozen

observatories, if developed.

Let the university students look into this matter and see what can be done with the idea. They might find a second Lick, or Mackay, right here in Nevada who would help finance it.

A. A. HIBBARD.

Reno, Nevada.

U. of N.

## NEW LAWNS BLANKET FORMER BARE SPOTS

Joe Lynch and his corps of competent gardeners have brought about many improvements upon the campus during the summer.

Thriving lawns have replaced spots that were but eyesores in May. The education and agriculture buildings have received their finishing touches by the planting of green lawns all around them. Ivy has been planted at the base of these buildings and also along the portion of the Orr ditch which passes through the entrance to the campus.

The bank of the lake, east of Manzanita hall, has been improved with a lawn and also the barren spot in front of the hall. All of the trees have felt the lash of pruning shears and add considerably to the general trim appearance of the grounds.

## Back In '13, When---

Editor's Note: Each week, under the above heading, will appear paragraphs from The Sagebrush published 10 years ago. It is hoped that present-day students will enjoy this peep into the University's past and that these little reminders will recall the "good old days" to many former students and alumni.

This is one of several new features carried by The Sagebrush this year. If you know of others you would like to see, don't hesitate to tell us about them.

Fishing for trout in the University pond will be a sport of the future, plans having been completed for stocking the water with small fry to be obtained from the state hatchery. It is said to be the intention to cut out the curve in the Orr ditch and so carry the water straight across the southern end of the pond.

In addition to stocking the pond with trout, it is the intention to procure additional water fowl. There are now two black swans and two Canadian geese paddling about on the lake.

The Canadian geese were obtained through the efforts of Attorney Sardis Summerfield and are the gift of the park commissioners of San Francisco.

A. E. Hill, of the University of Chicago, will have charge of the freshman English courses in the place of Prof. Paine, resigned. Prof. Turner,

of Wesleyan college, Neb., is an adjunct to the department and will teach courses in public speaking and expression.

The year started with a balance of \$39.20 in the athletic fund and \$53.57 in the treasury of the A. S. U. N.

Show your pep. Buy an A. S. U. N. card.

The military department has been provided with eight of the latest model Springfield rifles and some brand-new sliding target carriers.

Tuesday evening the freshman babes gathered their forces and attacked a few sophs on general principles. After the sophs, numbering about eight, had put 20 freshman on their backs, intending to spank the supposed children, one of the babes declared he was a freshman. The sophs laughed gaily and allowed the infants to go home to bed.

Rugby football practice will begin Saturday afternoon. (Among the teams scheduled for the year were the New Zealand "All Blacks," California, the Barbarians, St. Mary's and Santa Clara.)

Everybody has read the welcome posters about the jolly informal to be given by Tri Delta in the gym tomorrow night.

## WITH THE GRADS

John Donovan, '22, spent the vacation in England and Spain. He will resume his law studies at Harvard this fall.

James W. ("Rabbit") Bradshaw, '22, has accepted a coaching position with the high school at Kansas City.

Marianne Elsie, '22, is to teach in the Carson City high school this school year.

John Philbin, '22, attended the summer session at the University of Washington.

Joseph B. Enos, '21, has hung out his doctor's shingle in Oakland, Cal., and will limit his practice to diseases of the lungs.

Laurena Marzen, '15, and Marie DeFlon, '13, are spending the year in Europe.

Marcelline Kenny, '23, is taking post graduate work at the University of California.

Gilbert Kneiss, '23, is in the employ of the Santa Fe company at Santa Barbara.

James Byrkit and "Bill" Grant, both of the Class of '23, are "in copper" at Ruth and McGill, Nev.

Louella Murray, '22, has a position with the St. Francis hospital at San Francisco.

Francis P. Walsh, '22, is studying law at the University of California.

Hazel Murray, '22, is an instructor in chemistry at the Oregon Agricultural College, Corvallis, Ore.

James W. Scott, Jr., metallurgical chemist at the Bureau of Mines station when he received his M. S. degree here last commencement, has joined the Chicago staff of the Westinghouse Electric company.

William Scott Hill, '23, is with the General Electric company at Schenectady, N. Y.

Anthony Zeni, '22, is on the Reno high school's teaching staff.

Laura Shurtleff, '23, is teaching at Yerington high school and her sister, Clementine, is an instructor at the Dayton high school.

Dan Coll, '20, is now practicing medicine at Susanville, Cal.

Francis D. Bradley, '05, has been appointed state director of vocational educational with headquarters in Carson City.

Myra Arms, '03, has been elected teacher of home economics in the Amador County high school at Jackson, Cal.

Helen Hobbins, '12, is in the bond department of the Continental Surety and Bond Association of Chicago.

## SIX FRESHMEN WIN COVETED POSITION AS HONOR STUDENTS

Eighteen students maintained an average grade of 90 per cent or better in all their work for the last school year, 1922-1923.

The honor roll, announced at the commencement exercises, was as follows:

**Seniors**  
Donald Finlayson, David S. Kay, George Cann, Lyn Arnold, Evelyn Hitchens, Gilbert Kneiss, Adele Clinton and Paul A. Harwood.

**Juniors**  
Nevada Semenza.

**Sophomores**  
Jean Davis, Alice Norcross and Louise Grubnau.

**Freshmen**  
Gilberta Turner, Mardelle Hoskins, Matie G. Newman, Gladys Comstock, Robert M. Clawson and Leota Maestretti.

## SOUTH AMERICAN JOB ACCEPTED BY SANDERS

Melvin D. Sanders, president of the A. S. U. N. last year who was graduated with the Class of '23 in mining engineering, is now located in South America.

Sanders signed a three-year contract as junior mining engineer with the Braden Copper company and is stationed at Rancagua, Chile. The company sent him from his home in Eureka, Cal., to New York late in July and Sanders sailed from there, by way of the Panama Canal, to Valparaiso where he reported.

## SIX ORGANIZATIONS CHANGE ADDRESSES

A program of house-moving seems to have been all the vogue with many of the fraternities this summer, at least half of them have changed quarters for the coming year.

The Kappa Lambdas have purchased the home of Prof. J. D. Layman on University terrace. The S. A. E. has succeeded in securing a two-year lease on the Bacon home at 746 North Virginia. The Phi Sigs are moving from 557 Lake to 737 Lake.

The Delta Sigma Lambdas will occupy the former Phi Sig house while the Sigma Nus, Sigma Phis Sigmas and the A. T. O.'s will retain their homes of the past year.

Among the sororities, the latest to obtain homes are the Kappa Alpha Thetas and the Gamma Phi Betas. The Kappa Alphas have secured the Twaddle home on the corner of Fifth and Ralston streets. The Gamma Phis are to be located in the Norton home at 833 Ralston and the Pi Sigmas and Tri Deltas will remain in their homes of last year.

U. of N.

**NOTICE**  
There will be a meeting of all students interested in trying out for positions on the business staff of The Sagebrush, in the Sagebrush office, Friday afternoon, September 7, at 4 o'clock.

Assistants are to be appointed to the business manager, and the office of circulation manager will be open for tryouts.

## THINKS & THANKS

By ALKALI

It's been a quiet summer for the Reno police force. Not a college "stude" arrested since the night of the (in)famous Senior Stag Banquet last May. The force's combined ambulance and patrol actually died of misuse the early part of August.

But now that the University has opened, Chief of Police Kirkley wears a smile of anticipation. He has even gone so far as to persuade the city council that he needs a new "Black Maria." Of course Nevada products are all nice chaps, but the squashed-hat lads from over the hump will undoubtedly be treated to free rides.

The Wee Grab Em fraternity will hold its regular noonday meeting before the Mackay Statute tomorrow. Prospective pledges are requested to remain out of hearing until their names have been voted on.

## AWARDS AMOUNT TO OVER \$3500 AT TERM'S END

### Geo. Cann Wins Medal for Highest Average Marks Among Graduates

Scholarship prizes and awards, announced at last spring's commencement exercises by Dr. L. W. Hartman, professor of physics, had a total value of over \$3500.

George A. Cann won the gold medal which is given annually to that member of the graduating class attaining the highest average grade throughout his college course.

The five regents' scholarships of \$50 each went to Gilberta Turner, freshman; Laura Asbury and Freda Fuetsch, sophomores, and Nevada Semenza and Justine Badt, juniors.

**Four Men Get \$1200**  
The Reno lodge of Elks' scholarships of \$300 each, awarded to four students in which scholarship, character, athletic activity and qualities of Americanism are taken into consideration, were given to Chester Scranton, captain of this year's football team; Leslie ("Spud") Harrison, George ("Horse") Hobbs, and Albert Lowry.

Memberships in the Reno lodge of Elks, with remission of all dues and fees until graduation, were granted to George A. Cann, James W. Byrkit, John R. Ross and Melvin D. Sanders.

Francis Heward received the Ella S. Stubbs memorial scholarship of \$100, awarded each year to the student working his or her way, wholly or in part, through the University.

The Alice G. Clark scholarship of \$250 went to Leslie Sanford.

**Big English Award**  
To Alice Norcross was awarded the \$300 scholarship presented according to the provisions of the will of the late Azro E. Cheney to the best English student of the freshmen or sophomore class.

Other scholarship awards were as follows:  
Associated Women Students' scholarship, \$25—Mardelle Hoskins.

J. H. Clemons scholarship, \$50—Marjorie Ohman.

Home Economics scholarship, \$100—Jean Davis.

Lewis D. Folsom scholarship, \$100—Louise Grubnau.

Rose Matthews scholarship, \$100 each—Ennis Kinsella, Harlow North, Arvine Blundell, Noah Johnson, Jessie Olds.

Reno branch of the National Association of College Women scholarship, \$200—Claire Williams.

Mayre William Butler scholarship, \$50—Sarah Bloomfield.

**Two Winning Essays**  
A. L. Fitzgerald scholarship, \$150 each—Robert M. Clawson and May Cupples.

Women's Athletic Section scholarship, \$50—Frances Miller.

Women's Relief Corps scholarship, \$50—Thomas Mullan.

Nevada Educational League prizes for the best essay on the subject, "The Establishment of a National University at Washington, D. C."—First prize, \$50, William Scott Hill; second prize, \$25, William Anderson; honorable mention, Margaret McCarran.

# FIVE HOME GAMES, FOUR AWAY, IS YEAR'S FOOTBALL SCHEDULE

**Olympic Club to Play Here Sept. 22; St. Mary's to Close Season**

With the 1923 football schedule practically complete, Coach Courtright is working hard to supply the fans of the city with a brand of football such as has not been seen on the Mackay Field for many years.

As the schedule now stands it provides for nine games, five of which will be played on the home turf.

The season opens September 22, when the Silver and Blue warriors tangle moleskins with the Olympic Club of San Francisco. Coach Courtright figures to play a defensive game and do his best to beat the clubmen. The Varsity will only have had two weeks' practice while the Red and White of the Club will have seen at least two conflicts.

No California graduates will play on the Olympic eleven, but such stars as Patrick of Stanford, Logan of St. Mary's, and Clyde King from Annapolis will be seen in action. King, it will be remembered, was the man who beat the Army team almost single-handed two years ago. He is one of the best drop kickers in the United States and

in all probability will give the fans a look at his "educated toe."

**Davis Farm Next**

The following Saturday Davis Farm will try to duplicate the feat of last year when it held Nevada to a 6-2 victory. Davis has always given the Wolves a tough battle and this one should not be an exception.

On October 6 the Wolf Pack will invade the Stanford stadium in an effort to prove that the drubbing which they received at the hands of the Cards last year was nothing short of a fluke.

Nevada has not defeated the Stanford Cards for many a moon and this year they are out to break the long string of losses which the Cards have been dishing out to them. Two years ago the Silver Wolves came close, but the best they could do was a 14-14 tie.

On the Saturday following the Stanford mix the Nevadans go to Los Angeles to meet the Trojans from U. S. C. Last year it was only in the final few minutes that the Red and Gold was able to put over the only touchdown of the game. This year the fighting Wolves are out to turn the tables.

On the next Saturday the Wolf will rest.

On the 27th, Santa Clara will cross

the "hump" to do battle with the Wolves. Last year the two teams met for the "championship of the smaller colleges" and the ensuing game was one that will live long in the memories of those who witnessed it.

Santa Clara, fighting hard was the first to score. For the three following quarters the two teams battled up and down the field on even terms until Church finally got away and fell over the line for the tying count. Homecoming Day will be celebrated on this date and the committees are already at work figuring on a gala celebration to welcome the old grads.

**Look Out, Bears!**

On Saturday, November 3, California and Nevada meet on the California field.

For the past four years Nevada has played California and for four years they have been able to score. This year the Wolves are out to fight the Bears off their feet, upset the dope, turn the eyes of the sporting world on Nevada and defeat the Golden Bear.

This is a big statement, but one considers the fact that Nevada's first-string men held the Bruins to a 13-13 tie in the last half of the game last year, things begin to look up. California has lost most of the cogs which went to make up the team of last year while Nevada's machine is practically intact.

Following the California game Nevada will take on the Fresno State Teacher's College. This team made quite a name for itself last fall when it went through the season undefeated.

November 17 is an open date, but Coach Courtright has hopes of getting the Agnetian Club to fill the hole. The Saturday following is also left open in order that the Silver and Blue may be in the pink for its game with St. Mary's on Thanksgiving Day in San Francisco which will close the season.

U. of N.

## COACH COURTRIGHT IS "ANDY'S" PUPIL

Prof. Andrew L. Smith, better known as "Andy," was Coach "Corky" Courtright's instructor for three weeks this summer at the University of California.

"Corky," with many other Pacific Coast coaches, was shown some of the secrets used in turning out California's football eleven. It is understood that "Andy" has not yet forgotten what "Bill" Martin did to one "Brick" Muller in a California-Nevada game, two years ago, but then, of course, that's gone and past.

Just what "Corky" gleaned from his rival at Berkeley is not known, but may be demonstrated when the Wolves and Bears chase each other around the lot at Berkeley on November 3.

U. of N.

## FORMER VARSITY MEN TAKE COACHING JOBS

With the coming of fall and the football season, former University of Nevada athletes are preparing to assume coaching roles as far away as the state of Kansas.

James ("Rabbit") Bradshaw, who has had his share of the limelight in football circles, will have charge of all athletics in the Kansas City high school. Bradshaw coached last season at the Redwood City high school, Redwood City, Cal., and enjoyed splendid success during his first year in the coaching profession.

"Wild Bill" Martin, who will be recalled as Nevada's fighting end of a few seasons back, will remain with the Sparks high school for the third season. Martin has produced one championship basketball squad and came close to taking the football honors last fall.

Noble Waite, one of the cleverest basketball men turned out by the Silver and the Blue, will make his third attempt to produce a team of championship calibre at Fallon high.

Mox Charles, a three-letter man of the class of 1913, has contracted to coach the Las Vegas high school athletes.

U. of N.

## "HERB" FOSTER IS COACH AT RENO HI

Herbert Foster, who has more than done his part in carrying the colors of the Wolf Pack to victories in the past, will be in control of all athletics at the Reno high school this coming season.

Foster was an important cog in Nevada's backfield prior to last season but was unable to don a striped jersey last fall because of a broken arm suffered early in the summer while playing baseball. Herb also starred upon the basketball court and could more than hold his own upon the cinder path.

Last fall Foster served as one of the assistant coaches of the Wolf Pack and athletic manager during the spring semester.

U. of N.

Rose Mitchell, '23, is teaching at the Tonopah high school and Genevieve Chatfield, '23, is on the Lyon County high school staff at Yerington.

## ELFRINK IS PHYSICAL DIRECTOR AT RENO Y

W. D. Elfrink, well known for his work as referee in the University's athletic contests, assumed the position of physical director at the Reno Y. M. C. A. during the summer.

For the last year Mr. Elfrink was the supervisor of physical education in the Plumas county schools, California. He was also coach at Davis Farm for some time after he came west for his health.

Mr. Elfrink served in the army during the war as physical director at one of the Pacific Coast training camps.

U. of N.

## NEVADA CAN'T PLAY TRANSFERS IN CAL OR STANFORD GAMES

With the opening of school comes the edict from California and Stanford that Nevada will not be allowed to play transfers on the football team. This means that Nevada will not be allowed to play men who come here from other colleges. It does not bar freshmen, however.

It looks, at first glance, as though the two Coast colleges are discriminating against Nevada, but Nevada is just about ready for the Pacific Coast Conference. Perhaps this is the first step.

**DESERT WOLF TO WAIL AND HOWL DURING OCTOBER**

Nevada Semenza Chosen as Editor of Quarterly; Cotter Manager

Some time during October Nevada's new publication, The Desert Wolf, will appear on the campus. Its exact nature will be kept secret until the magazine is in the hands of students, faculty and townfolks.

At the last meeting of the Student Body the proposition was brought up before the A. S. U. N. for the first time, seconded and carried unanimously at the general election.

**Cotter Is Manager**

According to the new amendment to the constitution, the Press Club went on with the details and as a result of their activity Alex Cotter, former associate editor of The Sagebrush and last year's business manager, was elected managing editor with instructions to start the venture and see it brought to partial completion by the fall of 1923.

At the present time 60 per cent of advertising space for the four issues has been sold, 900 alumni notified by mail, a number of the faculty added to the subscription list and a contract signed for printing the magazine.

**Nevada Semenza Editor**

The latest advice from Desert Wolf headquarters is to the effect that Nevada Semenza, honor student for three years and member of D. A. E., English honor society, has been chosen editor for 1923-1924.

The selection of the staff will be made by the managing editor and editor and announced later in these columns. Quarters have been found for the editorial rooms far removed from the noise of the quad and in such a strategic position that the staff will be able to gaze down on their fellow students unobserved and from their lofty perch note down choice bits for the columns of the Wolf.

**Articles Wanted**

Articles, new jokes, good photographs, clever cartoons and short stories will be welcomed and given a place when they warrant it. Such contributions can, for the present, be placed in The Sagebrush box, handed to The Sagebrush editor or given to Nevada Semenza.

With high hopes and the desire to put out a publication of which all students will be proud, the editors have plunged into their task, a task which in itself is a venture, a pleasure and a delight.

The Desert Wolf belongs to the University of Nevada. If it thrives, grows from puppyhood to the full stature of wolfhood, depends to a great extent upon what students make it. The editors can only plan and work. What have you to offer?

U. of N.

**BAD CHECKS BROUGHT TROUBLE TO FORMER BLIND GIRL STUDENT**

Margaret Baldwin, totally blind and a student at the University last fall, was accused of passing bad checks in Reno the latter part of May and spent a day in the county jail in default of \$500 bond.

Upon the promise of her sister, Mrs. Harry Fulstone of Wellington, that she would take the young lady to her home and look after her in the future, District Attorney Summerfield held the charges in abeyance.

Local merchants claimed that they lost several hundred dollars because of their leniency, occasioned by the girl's condition.

## DR. LIND TAKES NEW POST AT WASHINGTON

E. S. Leaver Appointed as Head of Local Mines Bureau Station

Dr. Samuel C. Lind, for the last three years superintendent of the Bureau of Mines rare and precious metals station at the University, took over his new duties as chief chemist of the Interior Department of the United States on July 1.

Dr. Lind's chief work while connected with the Bureau of Mines was on radio activity, radium extraction and measurements, and the kinetics of chemical reaction. He studied extensively abroad and is at present considered one of the radium experts of the world. He is now located at Washington, D. C.

Edmund S. Leaver is Dr. Lind's successor at the local station on the campus. Mr. Leaver has done much research work on the sulphur dioxide process for leaching copper ores and is said to have engaged in the first cyanide milling in the United States.

Mr. Leaver is well known among the Nevada mining fraternity having been connected with various companies in this state a score of years ago. He comes directly from the Bureau's station at Tucson, Ariz., where he has been in charge since 1917.

## MEN'S MANAGERSHIP IS STILL OPEN JOB

The position of men's athletic manager, held last semester by Herbert Foster, has not yet been filled.

Coach R. O. Courtright and Prof. Charles Haseman have been considering candidates for the job and it is understood that their choice has narrowed to two students.

Until the new manager is officially appointed, Coach Courtright will attend to the duties of the office.

## DR. CLARK SPEAKER AT UTAH UNIVERSITY

Dr. Walter E. Clark, president of the University, delivered the commencement address at the University of Utah on June 5. The invitation was extended by Utah's president, George Thomas.

## WOMEN TO TALK OVER HOUSE RULE CHANGES

House rules on the University of Nevada campus may undergo a decided change after a mass meeting of all women students. General discussion on the regulations followed at other colleges, based on facts brought out at the national convention of Associated Women Students, may cause present restrictions to be modified, though the direction of such modifications cannot be forecast.

The first regular house meeting of Manzanita Hall will be held this evening. Established rules, and general administrative work of the hall will be explained to the 50 new women students of the hall.

## AL CAHLAN REACHES "PROUD DAD" CLASS

"Al" Cahlan, business manager of The Sagebrush for 1919-1920 and a graduate with the class of '20, reported the arrival of a daughter on July 14.

Following newspaper work, Cahlan is now associate editor of the Elko Free Press at Elko, Nev.

## FARM'S DAIRY HERD IS ALMOST DOUBLED

Eleven head of dairy cattle were added to the University Farm's herd of 13 during the summer.

It is expected that enough dairy produce will be obtained to completely supply the University dining hall at all times.

Verner E. Scott, professor of dairying, also reported that 100 head of sheep had been added to the farm's stock in place of some beef cattle which were sold.

According to Professor Scott, the changes were in line with the department's plans to offer more intensive courses in dairying at the University this semester.

Much of the equipment in the old dairy building on the east side of the campus has been moved to the basement of the Agricultural building where a model laboratory has been installed. Machine milking is one of the courses to be offered for the first time this semester.

## UNIVERSITY STUDENTS AMONG RENO HI GRADS

Seventy-five students were graduated from Reno high school on June 12. Emmet D. Boyle, former governor of Nevada, delivered the address at the graduation exercises.

Among those who received their diplomas were:

Donald Church, Frank Hartung, Albert Lowry and James Valleau.

## LUCILE BLAKE WINS EXPOSITION'S CROWN

Lucile Blake of Virginia City and a member of the class of '24 won the Nevada State Industrial Exposition's popularity contest, which closed June 7, and for several days ruled as "Queen" in the auto show's big tent on East Fourth street.

## YELL LEADERS

Try-outs for varsity yell leader and assistant yell leaders will be held within the next few days. Exact date will be announced later.

All candidates, whether having had previous experience or not, watch for the notice. These positions are considered among the University's highest honors. You may have one for the trying.
