

WASHINGTON DEBATERS DO NOT SANCTION THE NO-DECISION CONTESTS

The men's varsity debate at the University of Washington recently was a no-decision affair. This plan was tried out in the recent women's varsity debates with Whitman and Idaho.

"A no-decision contest gives the debator complete freedom of speech," said Kai Jensen, debate coach. "He is not bound to conform to established rules, nor yet to suppress in his style for fear of offending the judges. The result is a more entertaining and informal discussion."

The debaters, however, are not favorably impressed with the plan. They all agree that there is not the same satisfaction in taking part in a no-decision debate, and expressed a hope that the policy would not become permanent.

U. of N. Mrs. Wilson H. Chartier (Eunice Peters, '24), is living in Long Beach, California.

PAN HELL CONSIDERING BANNING OF ROADHOUSES

(University of Washington Feb. 6.) Sorority women should not be allowed to patronize roadhouses and the present "ban" which the sororities have held for over a year against one particular roadhouse should be made to include all. This was the opinion expressed at the standards committee meeting yesterday and a recommendation to that effect was passed which will be submitted to Pan-Hellenic for consideration at its next meeting.

U. of N. CODE VIOLATORS NAMES PRINTED

Permission to the senior council to publish names of violators of the honor code in the University of Washington Daily, was given by the board of control at its meeting last night in Education hall. After much discussion, the board decided that such action would probably aid in making the code more effective.

BUSINESS NEEDS TRAINED MINDS

Advancement Chances Good for University Grads Says Prof. Feemster

In answer to the question, "Are students needed in public service?" Professor Elias Feemster of the political science department says that the nation must have the support and direction of the college trained mind in solving the great problems of today. "The young college graduate," he continued, "has a duty to his government to perform, and there are now great fields open for public service with tempting salaries and attractive opportunities for advancement."

At present many cities employ a professional expert to manage the city, and pay large salaries for this office. Professor Feemster said, "There is a sad need for ambitious young men in the state legislatures. The salaries are not large but there would be great profit in such a position for an intelligent young man, because it offers much opportunity and little competition, to make a name for one's self. The legislature is the neglected field for national improvement and personal advancement."

Speaking on the subject of public service, Professor Samuel C. May of the University of California said recently, "It is from the universities that scientifically trained, competent men will come, able to handle wisely and justly the nation's business."

U. of N. HOME ECONOMICS CLUB HAS REGULAR MEETING

A talk on "Food and Clothing During the Civil War Period" was given by Maude Mulston at the Home Economics Club held their regular meeting Thursday evening in the Home Economic rooms. Ethel Brooks entertained with a piano solo. After the meeting, games and stunts pertaining to Valentine's Day were enjoyed.

U. of N. GREENHOUSE MADE BOWER OF BEAUTY AND PERFECTION

A visit to the University of Nevada greenhouse is a most enjoyable way to spend a few idle moments. "Jake" the manager of the greenhouse has held his position for twelve years, a time in which he has witnessed, and has been in part responsible for, many changes on this campus.

When he first came to Nevada there were few flowers in the greenhouse and hardly any potted plants or ferns; in fact there were not much except beds of clover. This was raised for the purpose of carrying on some experiments to find the kinds of clover which could be best grown in the state of Nevada.

Under his supervision the greenhouse has been gradually transferred until now there are flowering plants and ferns of numerous varieties. At the present time there is blooming an exceedingly beautiful flower of the amaryllis family called hippastrum, which translated means "horse star."

U. of N. EUROPEAN TOUR FOR ARCHITECTS

An Architects' Tour of Europe has been planned by the department of The European Summer School under the direction of Professor Albert C. Phelps, of Cornell University, for the summer of 1925. The Architects' Tour is planned for students of architecture and practicing architects, but is open to all persons of proper character who are interested in its purpose.

The party will be divided into groups, each specializing along the lines of painting, sculpture, architecture, archaeology, and history. Leaders will interchange with a view of giving to each section the benefit of their special knowledge. The tour will thus combine the advantages of professional study with those of a general culture tour.

Six sailings are offered, ranging from June 17 to July 3, to accommodate those who may be unable to sail with the main party. Connection will be made with the main party as soon as possible after landing in Europe.

U. of N. NEVADA MAY GET INCREASED FUNDS

Recommendations recently made by President Coolidge to the agricultural commission allowed for an increase of federal funds allotted to the Nevada agricultural experiment station.

All of the various state experimental stations are now receiving \$30,000 annually, and a bill offered by Congressman Burnell of Iowa proposes that this amount be increased over a period of four years to \$60,000 a year.

U. of N. Mary Browder, '19 (Mrs. Henry D. Oliphant), is living in San Francisco, California.

THE FIRST "400" TO FINISH NORMAL COURSE NEXT MAY

Only one more graduate of the Nevada normal school will be of the "first four hundred." Including the class of '24, there have been 399 graduates of the normal school since its first session in 1887-1888. The first person to receive a normal school diploma, at the next commencement will be among the 400.

Since the School of Education was organized in 1920, over one hundred diplomas have been granted for high school teaching, and only thirty in elementary.

At first the School of Education shared a room in the basement of the Physics building, but now occupies one of the most modern buildings on the campus.

One hundred and twenty-six students are registered in the School of Education at present, 89 in the four-year course and 37 in the Normal School.

U. of N. KANSAS AGAIN LEADS NATION IN NEW CAUSE

Chancellor Loses Office With Many Charges and Storms of Protest

(By New Student.) Kansas is in turmoil again. Kansas, crusader for anti-slavery, prohibition, industrial courts, and against the plan, has found a new cause. It is Academic Freedom.

On December 27 Chancellor E. H. Lindley of the University of Kansas was removed from office by the State Board of Education, which consists of three men, appointees of Governor Davis and over which the governor presides as ex-officio chairman. Governor Davis had prepared in advance a statement of charges. They were insubordination, incompetency, procrastination, political activity and aloofness from the student body and patrons of the university. The Chancellor then obtained a temporary injunction restraining the board from interfering with him in the discharge of his duties. The injunction was set aside by the court.

Storms of protest greeted the Chancellor's dismissal. It is protested that all the charges arise out of "political activity" against Davis in the recent election, that the Board of Education is a political organization under the thumb of the governor. On December 23, 400 students, who had remained at the University during the holidays, signed a petition supporting the Chancellor, and launched a state-wide campaign to urge his re-instatement by governor-elect Paulen, who will take office January 12. William Allen White, editor, author, modern knight-errant, ceased his broadsides against the white robed "cow pasture state-men" long enough to take up the cause of the black robed scholars. "The discharge of Chancellor Lindley is pure politics," he declared. It will arouse Kansas and probably the west to change the laws governing our state colleges and universities, putting these institutions in the hands of alumni boards who will bring not political but academic training into the state schools of higher learning. For years the friends of Kansas have been appalled by the laws which have put higher educational institutions in the hands of small, full-time paid boards, manned often by cheap men who will serve for the law salaries paid.

These boards have political traditions. So they have been putting the state colleges and universities of the west deeply into politics.

U. of N. John Dongvan, '22, passed the Nevada State Bar examination at Carson City the first of the year.

SINGER PLEASES LARGE AUDIENCE

Famous Soprano Here Under Musical Club Auspices

Maria Ivogun, Europe's greatest coloratura soprano, appeared at the Rialto last Wednesday evening under the management of the Nevada Musical Club. Her concert won and held a large popular audience, as well as pleasing the critics.

Maria Ivogun is a celebrated Viennese prima donna of the Vienna and Mantek operas, and has completely captivated the opera-going public of Europe. She came to America and in two seasons has become an established favorite with concert audiences. "Mlle. Ivogun is a fabulous singer made real—the candid beauty of her voice tempts me to overstep caution and pronounce her to be the greatest coloratura soprano I have ever heard." Thus did one of San Francisco's eminent critics speak of her in her performance there last year.

U. of N. ENGINEERS WILL MEET FOR LUNCHEON SATURDAY

W. F. Durant is expected to speak before the engineering students Saturday the 14th, but no definite answer has been received from the American Society of Mechanical Engineers. If he arrives a meeting of the engineers will be called at eleven o'clock and a luncheon will be served in the afternoon.

U. of N. Woodfred E. Romig, '23, has returned to Kennicott, Alaska, where he is employed by the Kennicott Copper Company.

**HARWOOD SEES MONTE CARLO WHILE ON VACATION IN ITALY**  
 Paul Harwood, the Nevada 1923 Rhodes scholar, has returned to his studies at Oxford after a six weeks' vacation on the Riviera in Italy. Harwood's holiday was spent with a new-found English friend half-way between Nice and Monte Carlo. After several hours each day devoted to study, the remainder of the time was spent in sight-seeing.  
 U. of N.

**CHEMISTRY CLUB HOLDS A MEETING**  
 The regular meeting of the Chemistry Club was held last Thursday evening. After a short business meeting talks were given by Helen Duffy and Thomas Mullan.  
 Changes, actual and contemplated, of rushing rules in other colleges are: University of Minnesota—additional rushing requirements have been passed by the intra-fraternity council, barring the pledging of freshmen who have received less than a "C" average. This, because from 20 to 25 per cent of the men pledged to fraternities during the first quarter were dropped from school because of low grades.  
 Columbia University—After an extended deliberation, earnest interviews with faculty members, questionnaires, many talks with campus leaders, a student committee submits a proposed fraternity agreement to the Intra-Fraternity Council for ratification. This agreement proposes, in brief, to postpone all rushing of freshmen until after Thanksgiving holidays, substitute a system of formal bidding for the present open bidding, and strengthen the power of the Intra-Fraternity Council to enforce regulations.

**COLLEGES TRY NEW RUSHINGS**  
 (New Student Service.)  
 After years of dissatisfaction with their fraternity rushing system, Dartmouth has adopted a new plan of postponing the rushing season until the Sophomore year. The plan was decided upon by the college administration with the unanimous consent of the faculty. "The Dartmouth" reports that all the student leaders are in accord with the new plan.  
 Changes, actual and contemplated, of rushing rules in other colleges are: University of Minnesota—additional rushing requirements have been passed by the intra-fraternity council, barring the pledging of freshmen who have received less than a "C" average. This, because from 20 to 25 per cent of the men pledged to fraternities during the first quarter were dropped from school because of low grades.  
 Columbia University—After an extended deliberation, earnest interviews with faculty members, questionnaires, many talks with campus leaders, a student committee submits a proposed fraternity agreement to the Intra-Fraternity Council for ratification. **DREADED DISEASE ATTACKS CAMPUS**  
 Only skeptics won't agree that the most dreaded of campus diseases has crept onto the Hill and is increasing hourly. We refer to Spring fever.  
 Observe the sudden shedding of heavy coats, the sporting of light flannels, the sluggish stream to afternoon classes, and try to deny it. The mornings are mild, faithful risers to 7:45's have discovered. Breezes play lightly over the surface of the lake, rippling short skirts—but who cares? They are such warm, Springish breezes!  
 "Going to the Libe" has a very different meaning now. The Library is only a meeting place for further wanderings, while books clutter the "reserve" shelves.  
 There are clouds overhead, say the skeptics. A few perhaps. But there are plenty of optimists too, who insist on humming that worn-out tune of "It Ain't Gonna Rain No Mo'."

**FACULTY GRANTS TRIP TO CARSON**  
**Cuts to Be Excused Monday for Students Who Wish to Visit Legislature**  
 On Monday, February 16, there will be an opportunity to revive an old tradition, that of Legislature day. In earlier years, when there were not so many students at the University, the entire student body used to go to Carson on one day during the session of the Legislature to see the law-making body of the state at work. An entire day was spent with this and in visiting other state institutions to be found at the capital.  
 Now the student body has become so large that it is impossible for everybody to go. But next Monday all those who wish to go will have the chance to do so. Cuts will be excused for all those who do, on condition that they can bring back sufficient evidence to show that they have actually done what they were supposed to.  
 At this time the Men's Glee Club will also visit the Legislature, where they will give a program for the benefit of the law-makers.  
 U. of N.

**KEEN INTEREST IN DRAMATIC TRYOUTS**  
 Campus Players tryouts for the annual one-act plays are attracting a larger group of students this year than ever before, according to members of the club, the number approaching 60.  
 The tryouts, which are being held in the Auditorium of the Education building, began last week and will run during this week and possibly next. It is noticed that in addition to freshmen there are many of the older students participating in the tryouts.  
 To be eligible for membership into Campus Players, it is necessary that students enter the tryouts. From the tryouts, the casts for three or possibly four one-act plays will be chosen. However, anyone failing to obtain a part is not necessarily barred from membership.  
 Assisting Dr. Hill with tryouts are members of Campus Players.  
 U. of N.

**NEW LITERATURE CLAIMS REALISM**  
**Scientific Spirit of the Time Is Cause, Declares Iowa English Prof.**  
 "The scientific spirit of the age is reacting upon modern literature, and guiding it toward realism," declared Prof. Frank L. Mott of the English department at the University of Iowa in a talk before the Matrices, an organization of women journalism students. Professor Mott is associate editor of the Midland magazine.  
 "People have a divine curiosity about the world and the people in it, which the realists strive to satisfy," he said. "The short story writer no longer feels it his duty to uplift the human race and point a moral. He is satisfied with presenting some phase of human life and emotions in a vivid and realistic manner."  
 Mott's scorn "chocolate fudge" fiction, according to Professor Mott. He says that the happy ending is always popular with the majority of the reading public.  
 U. of N.

**CLOTHES COVER SHIEKS' DEFECTS**  
 "Clothes," says Cranville Johnson, director of physical education for men at the University of Denver, "cover up a multitude of sins, as is evident in that fact that most of our disrobed campus shieks look like the front and both ends of nothing."  
 Furthermore he states that the majority of the students have poor posture, which is the chief cause of physical disability and is a sign of a lack of mental vigor.  
 The University of Denver through its physical education department is endeavoring to correct this deplorable condition by stressing in all gymnasium classes, especially freshmen classes, the development of the abdominal group of muscles.  
 A special class in corrective gymnastics has established a clinic and frequent applications are made to Cranville Johnson for advice.  
 He attributes poor posture not alone to ignorance but to the lack of will power, clothes styles, and the fashionable slouch.  
 U. of N.

**APPENDICITIS FAD LOSING GLAMOR**  
 "The sick list for this week is very much improved," according to Mrs. Robinson of the University Hospital. There are only two cases in the hospital this week and no new appendicitis cases.  
 Doris Misner, '27, had a minor operation on her nose last Friday morning and was taken to the University Hospital to recuperate. Friday and Saturday she was doing well but Sunday afternoon she was found to have a high fever. Dr. Earl Hood and Dr. Samuels were called Monday morning and both physicians diagnosed the case as scarlet fever. Blood poisoning was at first feared from the operation.  
 Ralph Gignoux, '28, is in the hospital with influenza. He is reported as doing well and will be back in classes probably by Monday.  
 Gertrude Reilly, who was operated on not long ago for appendicitis, is very much improved and left the hospital last Tuesday. She is now in Carson at the home of her aunt where she is quickly recuperating.

**IN SOCIETY**

In honor of their new initiates, Kappa Alpha Theta entertained at a formal banquet at the home of Mr. and Mrs. Robert M. Price on February 7. In addition to the jonquills and greens which decorated the tables, bouquet corsages of pansies welcomed the new members. Toasts to the fraternity were given in reply to the toastmistress, Miss Margaret Hill. The group later adjourned to the home of Mr. and Mrs. George Thatcher for an evening of dancing. A feature dance by Peggy Leach added to the evening's pleasure.

Guests of the dance included Misses Margaret Mack, Louise Sissa, Maxine Quinby, and Messrs. Charles Hesterman, J. H. Clemens, A. E. Hill, E. Barrows, R. M. Price and Frank Humphrey.

Misses Margaret Hare and Viola Braunschweiger who spent the weekend at their homes in Palo Alto, returned Saturday evening to attend the Kappa Alpha Theta dance. Thirteen pledges were initiated into Kappa Alpha Theta fraternity at a most impressive ceremony held at the home of Adele Clemens, February 6. Those initiated were: Mae Bernasconi, Yvonne De Golia, Donna Dove, Marian Demer, Isabel Loring, Elma Orr, Thelma Porter, Betty Sue Shaw, Dorothy Stoddard, Marion Stoddard, Lucile Summerfield, Alice Grace Yord, and Marion Wellendorf.

Pauline Wren spent the weekend at her home in Susanville.

Valentine decorations furnished a fitting setting for the informal dancing party given Friday evening by the members of Sigma Phi Sigma at their fraternity house on Elko avenue. Refreshments were served throughout the evening.

The patrons and patronesses were Colonel and Mrs. C. H. Moore, Professor and Mrs. E. G. Sutherland, and Professor John Cottardi.

Alpha Tau Omega initiated nine men at the chapter house last Sunday. The new members are: Roy White, Granville Leavitt, and Vernon Penrose of Yerington; Arthur Lyon and Elmer Lyon of Winnemucca; Edward Patterson and Otto Schultz of Carson; Lem Allen of Fallon; and Aiden McCullum of Reno.

Following the initiation a banquet was held in honor of the new men at the Alpine Cafe.

Mrs. C. Bidwell, Theo Morgan and Wesley Boynton were the dinner guests of the Gamma Phi Beta sorority last Sunday.

Sigma Nu fraternity held a formal initiation at their house on University avenue last Sunday morning. Those who went through the final service were: Wallace Allen, Leslie Clover, Comer Robertson, John Babcock, and George Wright.

Mr. A. Hesson of Elko, Nevada, spent Saturday with his daughter, Miss Lois, on his return from San Francisco.

Doris Misner was confined to the University hospital last week, but has again resumed her studies.

Mr. C. M. Coddington of Yerington spent the weekend in Reno with his daughter, Gertrude.

Margaret Jenkins and Helen Hubbard visited their homes in Susanville last week.

Margaret Beverly, Frances Westfall, and Wilma Pruett were initiated into Delta Delta Delta at the chapter house last Saturday night. Following the initiation ceremony the sophomores served breakfast to the alliance and active members of the sorority.

Mrs. Brousse Brizard, Mrs. J. E. Gelder and Mrs. C. H. Moore were hostesses to the other patronesses and members of Sigma Alpha Omega sorority last Saturday afternoon at the home of Mrs. Brizard. Each guest present had her fortune told, amusing truths being disclosed in the tea cups. The rooms were prettily decorated in honor of St. Valentine's Day, and dainty sandwiches and cakes were served.

Beta Delta sorority pledged Dorothy Kaiser and Helen Fox on Monday, at the home of Alberta Jones on Lake street.

Delta Sigma Lambda fraternity entertained guests at an informal dancing party Saturday evening at their Lake street home.

Eddie Sturm furnished the music and everyone there spent a delightful evening.

Professor and Mrs. Palmer were patron and patroness at the party.

With the men of the faculty as guests, a get-acquainted tea is being planned by the Woman's Faculty club at their next meeting on March 2, in the Home Economics rooms.

The hostesses for the party will be: Mesdames Walter E. Clark, John Hall and J. P. Ryan.

News has been received of the marriage of Ronald E. Gates ex-'27, of Delta Sigma Lambda and Doris Imogene Axley at Lakeville on January 6. The young couple will make their home in Pomona, California.

Mr. and Mrs. William Stoddard, ex-'26, are receiving congratulations on the arrival of a baby girl, born the third of February at Santa Paula, California.

**U. of N. SENIOR SPRUCES ARE STILL GREEN**

What would you say if a large spruce tree walked into your Poly-Sci class some morning?

Mr. Lynch, head gardener of the University campus, says the large spruce trees near the tram have been on the campus since 1912, and that they had previously attained the age of ten or twelve years, making them now about the age of the average senior.

Sad to relate, they are still green, and cannot hope to aspire to the honors of a senior, even though they contribute their share toward campus improvement.

PAULINE FREDERICK, who will be seen in her greatest dramatic triumph "The Lady," at the Rialto theater, Saturday matinee and evening, February 14th.

**BEING A GUIDE IS ONE WAY TO GET A COLLEGE B. A.**

Junior Leads Dude Tourists Over Hills and Valleys in His Spare Time  
**ONCE FACED STARVATION**  
Student Objects to Diet of Herbs and Painkiller

"Guiding and packing for dude tourists is an education in itself," said George Sears, '26, when asked how he worked his way through school. "For variety it can't be beat. But of course it has its drawbacks, such as answering the call of the alarm at 3 a. m. to get a string of 30 or 40 long-eared jacks packed for the trail; and then the fun of getting a squad of city tourists acquainted with their mules requires added diligence and tact."

"Once on the trail the real fun begins, for then the guide must be on the lookout for anything and everything and must rise to all occasions. One old couple, tending strongly to religion, required the guide to bow at grace before all meals and the victim was even asked to make contributions himself on several occasions.

Many Temptations Encountered  
"On the very next party, loaded like a Nassau run runner, the good fellows out to drown their earthly cares considered it a breach of etiquette for the guide to turn down any proffered 'painkiller.' And then the guide had the double responsibility of keeping well 'tanked' and yet able to keep the inebriated ones from losing themselves in the mountain fastness.

"It's not such a bad life for \$4.50 a day and board, but therein lies the mystery. Since each party feeds him, the guide can only pray to the Giver of all life and hope for the best. With some parties eats are provided in abundance and the packer is for the time light-hearted. But good fortune does not always follow him. Take the eccentric camper with the dry sense of humor for instance, who provided himself and famished retinue with daily rations of dried fruits, potato chips, dried meats, and nuts."

## PEDAGOGUES RECEIVE DEFEAT AT HANDS OF VARSITY BASKETEERS

### Wolves Come From Under for Victory by Narrow Margin Cinch Score Saturday

**By FLORENCE HUNLEY**

The Nevada Varsity proved that they had real stuff when they proceeded to pull from under a heavy score against them and finish on top 23 to 20 on Friday night and then to make sure of their point by cleaning up on the Fresno State Teachers again on Saturday, 28 to 16.

The Teachers have one of the best aggregations of basket-shooters ever seen in this part of the country and their floor work on Saturday night was something well worth watching. The University boys did some passing on their own hook that was not to be laughed at and at times had the Californians guessing.

The game started off all Fresno and they had piled up a score of 11 to Nevada's 3 at the end of the first quarter. Then the boys woke up; on a slip by a Fresno man, Fredericks nabbed the ball and slipped, but as he fell he accounted for two points by shooting the bucket. This nice play seemed to put pep into the fellows and in a few minutes the score stood 9 to 13, Fresno having succeeded in making only one basket. They made another then, just as the half ended, Fredericks dropped one which fell short but "Eveready Spud" was there and touched it into basket on a high jump. The half ended 11 to 14 still in favor of the Pedagogues.

**Snaps Out in Second**

In the second half the game snapped up and the play was fast and sood. The score was tied after about two minutes of going and then both teams tightened on the defense so that the buckets were few and far between. The object seemed to be to keep the ball as far away from the opposing team as possible and make a basket when they could, which was seldom.

The game Saturday night was not as exciting as the preceding one but the floor work was much better and the guarding was airtight. Watson and Harrison were kept busy under the goal but the rest of the squad had to do more than their best to

## BASKET SERIES STARTS OFF HOT

### First Blood Goes to Frosh After Speedy Battle With Senior Women

The women's inter-class series started today with the Freshmen handing a decisive beating to the Seniors. The Frosh Rowdies started out to clean up on the world, and it looked as if they would as far as the seniors were concerned. They played a little too hard though, and when Anderson their star forward went out on fouls they slumped for a time and gave the Senior Boosters a half a chance.

During the first quarter the ball was never beyond the freshman territory due to the excellent work of Coddington and Hanna. Miller was changed to center and succeeded in getting the play onto senior ground. When the senior forwards did get their chance they made the best of it and Capt. Lowry started dropping them in with a vengeance.

## Sparks Wins Over the Tri Delta Women

The newly-organized Tri-Delta basketball team visited Sparks Hi Tuesday night and were defeated by the fast, experienced "Railroaders."

The game started slowly but Katherine Robinson, the dead-shot for Sparks, soon got started, and before the quarter was over, she had five ringers for ten points to the Deltas' four, all of which were made on free shots.

In the second quarter, the University women found their stride and brought the score up to 13 to 25 at half time. Just before the end of the half, Duffy went out on personals, weakening the sorority team considerably.

The second half of the game was fast and furious, but the Sparks girls retained their lead.

Stanford University is exhibiting a collection of books printed before 1500. The collection is arranged according to the towns in which the books were printed.

## ANNUAL TOURNEY VARSITY PLAYS DAVIS TONIGHT

### High School Court Artists Will Invade Campus for Big Event of Year

Final plans for the intra-state high school basketball tournament scheduled for the first week of March are about completed and have been announced to the schools. According to Block N, some good arrangements have been made for the convenience of the teams, through the co-operation of people throughout the state who are interested in high school basketball.

The teams for the tournament will be given rates by the Southern Pacific Company providing each school will buy a given number of tickets.

The boarding and housing of contestants will be taken care of by the various dormitories and fraternity houses. Manzanita is to have one team and probably two. Lincoln Hall will house as many teams as necessary.

The Block N society must receive the entries of each school by February 21. Then the alumni of the various high schools will draw for the tournament game schedules.

If the gate receipts are as good as expected each visiting team will be allowed half its expenses.

## TRI DELTS DEFEAT THE GAMMA PHIS 34 TO 16

In their second game of the week the Tri-Delta team was successful and defeated the Gamma Phis 34 to 16.

The scrap started slow but the girls soon hit their stride. Alexander started dropping them in regularly. Wilder and Cupples made one each and with free throws the quarter ended 5 to 7 for the Gamma Phis. Early in the second quarter Alexander was out on personals and Wilder placed three in a row for the Tri-Deltas, a couple by Crow and the score stood 15 to 13 in Tri-Delta favor as the half ended.

With the return to the game Wilder and Cupples ran wild over the Gamma Phis who were weakened by the loss of their star forward, Johnson changed to forward and Smith to guard but it was too late to overtake the Deltas. The Tri-Delta team has a return game with Sparks High on Tuesday night at the Sparks Junior High gymnasium.

## WOMEN CHOOSE TEAM MEMBERS

### Practice Periods End and Interclass Games Will Be Played Off Soon

Women's class basketball teams were chosen last week, ending the practice period for all women. Members of the teams were chosen by direct vote of each woman of her class trying out for a team. The games will be played off during the next two weeks.

Those making the teams were: Seniors—Fern Lowry, Helen Duffy, Nellie Sloan, Marcella Coates, Eleanor Siebert, Dorothy Whitney, Nevada Johnson, and Frances Miller.

On the junior team are Frances Humphrey, Mae Cupples, Ruth Gunter, Evelyn Nelson, Muriel Conway, and Sylvia Genasci.

The sophomore team consists of Vincent Alexander, Josephine Riemann, Rubel Hansen, Audrey Springmeyer, Elsie Mitchell, Vivian Wilder, Frances Wright, and Nevada Pedroll.

On the freshman team are Gertrude Coddington, Therese Pasquale, Dorothy Anderson, Bernice Johnson, Genevieve Spencer, Norine Hanna, and Mabel Flournoy.

Both the sophomores and freshmen have full second teams, that of the former consisting of Gertrude Wyeckoff, Lehna Ballard, Erma Jones, Cordelia Price, Margaret Browning, and Tillie Evansen.

On the freshman second team are Isabel Loring, Eva Adams, Bob Meskimmis, Florence Hunley, Marion Bernhardt, Frances Nelson, and Elizabeth Coleman.

## AGGIES OUT TO AVENGE THE DEFEAT GIVEN TO CAL BY NEVADA LAST WEEK

### Tonight and Tomorrow the Varsity Meets the Davis Farm Aggies on their Home Court in California. The Aggies have a great squad this year and should furnish the boys with a little keen competition especially as they are out to avenge the defeat administered to their big brothers at U. C. week before last.

Every game the team looks better and after the way that they pulled out from behind last week it is hard to admit that there is a better squad on the coast. If they can come through with their free-throw they should pile up quite a score on the Farmers.

The usual squad is making the trip and the regular team will start the game. "Bozo" Watson, who made them all take notice down at California, will start at his regular berth; his runningmate, "Spud" Harrison, will also be present and if any of the Farmhands get by them they'll have to be pretty good.

The big boy Friend will be there at center defying anyone to out-jump him. Snappy little Captain Goodale and the stud shot Fredericks will do it well unless something radical happens between Reno and Davis Farm.

Coach Martie will also be on hand to direct the performance and he knows how to do it. 'S nuff said!

## RIFLE SEASON TO CLOSE MARCH 21

Thirteen matches yet to fire. This is the advance schedule of the women's rifle team. The last match will be held March 21, with the University of California, after which date the rifle season will be closed until next semester.

On Tuesday, February 17, the Inter-class rifle matches will be held, and at the close of the rifle season the varsity rifle team will be announced.

## 1926 FOOTBALL PLANS COMPLETE

### California First Game Away From Home. Santa Clara Here for Home-Coming

With the exception of one game, the completed football schedule for the University has been announced by J. E. Martie, head of the physical education department. The opening date, September 26, is still free, but it is possible that the Chico State Normal team or St. Ignatius of San Francisco may be brought here for that game.

## FALLON TEAM TO MEET FRESHMEN

Tonight Fallon High school's basketball team will meet the freshman team in the Gym at 8:15. Both teams have had a very successful season so far, having won most of their games. The contest tonight should be a fast and interesting one.

Student body cards will admit University students.

## U. OF WASHINGTON WILL PRESENT GRAND UPROAR

The chorus at the University of Washington will present "The Serenade" by Victor Herbert, sometime during the early part of April. This concert is said to be one of the best ever attempted by the university. The music is beautiful, the plot is clever and the comedy is one that should be of particular interest to college people.

## BASKETBALL

### AMONG THE HI SCHOOLS

February—then March and tournament time! Add from all appearances the several high schools do not intend to be caught napping. There were not as many games scheduled this week-end as usual, because, as the time for practice becomes shorter, the coaches become more secret about their new formations, plays, etc. Elko, however, played and beat the fast Reno team 29 to 16 on Friday night.

Three good games of basketball were played at Virginia City on Friday; the Reno Northwestern Athletic Club defeated the Virginia City independents in a snappy game. The score ended 25 to 24 in favor of the Reno club but the outcome was in doubt until the last minute of play.

Virginia City high school met defeat at the hands of the Reno high second team by the overwhelming score of 21 to 6. The tiny Spartans put on a peppy exhibition against the Virginia City Grammar school defeating them 14 to 7.

The Winnemucca boys defeated the Fallon team 21 to 11, but the girls were not as successful and their fast, unbeaten opponents piled up 29 to their 9 points.

Sparks outdid herself by handing two real beatings to Carson City Friday night—the boys winning 43 to 11 and the girls, 41 to 23. Edna Clark and Katherine Robinson were the bright stars of the game; the latter making 24 of her team's points. Tony Poloni shone for the fellows; shooting baskets from all angles.

The Sparks second squad was defeated by the De Molay team 23 to 10 in a preliminary game.

Saturday evening Reno and Winnemucca gave the most exciting exhibition of the cage sport seen in these parts in a long time. The girls from Reno after trailing the whole game by a couple of points, wound up with a smashing win 22 to 18. The fellows carried a one point lead through and finished 20 to 19. Hayes was the star of the contest for Reno.

Saturday night the Fallon girls met

### defeat for the first time this season, the strong Lovelock team proving to be their Waterloo with a score of 37 to 29 against them. The farm girls were so over-confident that their opponents had established a big lead before they got started and they were unable to catch up before the final whistle.

The Fallon boys, on the contrary, were ahead until the last quarter, when they were saved from defeat by the desperate Lovelock fellows, by the final whistle, leaving the score 18 to 17.

## MANZANITA REDS LOSE TO GREENS

Great excitement prevailed in Manzanita Hall last Saturday when the women of the second floor challenged the women of first and third floors to a basketball game.

The women of second deck were known as the "Reds" while those of the upper and lower decks those to be called the "Greens."

Few fouls were made by either team, the first half ending with a score of 14 to 15 in favor of the Reds. In the second half, the Greens came to the front, the final score reading 24 to 21, with the Greens victorious.

The line-up for the Reds was Dorothy Whitney and Silvia Genasci, guards; Gertrude Coddington and Florence Hunley, centers; Isabel Loring and Fern Lowry, forwards.

Those fighting for the Greens were Helen Duffy and Norine Hanna, guards; Nellie Sloan and Bernice Johnson, centers; Rubel Hansen and Ada Springmeyer, forwards. In the second half, Evansen was substituted for Hanna as guard and Coddington for Genasci.

## GOOFS LOSE TO NORTHWESTERNS

In the preliminary game to the Nevada-Fresno contest Saturday night, the Goofs of Nevada were defeated by the Northwestern Athletic Club heavyweight basketball five, the final score reading 8 to 9. John Cahlan officiated as referee.
