Radio Aids in Cheating in a German School

(By New Student Service.)
Zalimier is a medical student at Strassburg University, Germany. As a medical student Zalimier is a failure but no one questions his ingenuity and knowledge in electrical matters.
Examinations were going on and Zalimier was answering questions with the ease and assurance of an American Phi Beta Kappa student. Suddenly the professor received a note: "Zalimier is cheating. Look under the table." A search was made, but nothing was discovered until an electrician was called in. He soon discovered copper hair wires under the table below Zalimier's chair, passing through the floor, along the corridors and upstairs to the student's room. "Take me to your chamber," demand the dean of the faculty.
The blushing Zalimier revealed the fact that there was a lady there. But the investigation went on and soon the whole story was revealed. A radio set with microphone in the examination room transmitted the questions to a young woman doctor concealed in Zalimier's room. She then dictated the answers by telephone.
The student had a microphone, so the electrician declared, concealed under a bandage over a pretended burn on his finger. Complete paraphernalia for a five-tube wireless set and the necessary batteries were part of the equipment.
Oblivious of the love elements in this touching little romance, the university authorities have begun prosecution. Meanwhile the kitchen staff are commenting: "Now we understand why his orders indicated such an astonishing appetite just before the examination. He ordered rations for two."
U. of N.

SHAVE AND SHINE YOUR SHOES IF YOU WOULD BE AN ARTIST, LEACH SAYS

"Every one is an artist," said Prof. Leach the other morning in—shall we say, a history discussion?
"We all know that the majority of the women are artists from their appearances," but he admits that "the men are very few of them." "I don't mean by this that every one is a Michael Angelo or anything like it." "A man shows how much of an artist he is by the way he dresses; whether his clothes are pressed, whether his shoes are shined, and whether he has saved or not. No real gentleman ever leaves his room in the morning without shavings—except during a winter." "If you don't shave in the mornings, rub some powder on your face to make people think that you have shaved, anyway. It is a good idea to get up ten minutes early so that you will be looking alright for breakfast."
U. of N.

POTTERY

(Continued from Page One.)
polychrome (two or more colors); from the very ancient etched coils and zig-zag to the higher designs of Thunder Birds and God of the Winds; from the crude and primitive form of bowls to the most accurate and intricate shapes of later days.
Specimens and fragments conserved at the Nevada University Museum originate from the Lost City of Nevada, where the excavations are now in progress. They belong to prehistoric ancestral tribes of the present day Hopi. Several rare and complete pieces of work are the achievement of Nanpeo, who is sometimes called the "Dat-so-la-lee" (in pottery) of the Hopi. "Dat-so-la-lee" is not the title of a Chinese fox-trot. It is the name of the woman who is the pride of the Washoe Indians and who has never been surpassed in the art of basket making.
"Exit Trail of Life"
Subject of Design
One of the specimens of display particularly shows the characteristic of the Hopi's design, which consists of the conventional image of the Thunder Bird and the God of the Winds. It is made of red clay with polychrome drawings. One of these, a circle running near the rim, is left open about one inch. This little aperture, intentionally done, furnishes an exit to the devil's spirit. It is named "exit trail of life."
This superstition is not abnormal and seems to have been transmitted through the ages. In the Middle Ages, an hysterical person considered to be "inhabited by the spirits" was put to death on the pillory. Chinese today rejoice in deafening noises in their New Year celebrations to drive away the devil's spirits. Bad spirits always liked to hide in pots and pottery. Ask those who violate prohibition! Remember the Clovis and the "case de Soissons"; the amphore of Rebecca at the well; the plate of lentils in which Saul sold his primogeniture rights to his brother—and so many other stories of pots—as tea-pot-dome, pot pourri, etc.

BRYN MAWR WOMEN WANT CAMPUS SMOKING ROOM
The girls at Bryn Mawr may light up their Pall Malls if they do so within the confines of a private dwelling or if they take the trouble to travel 25 miles away from the campus. There is a great deal of agitation for the establishment of a smoking room on the campus and the braver ones demand a referendum on the subject.

IN SOCIETY

Beta Delta Sorority held initiation ceremonies at the home of Marjorie Ohman on Humboldt street Saturday afternoon. Those initiated were Hazel Grenniger, Helen Fox, Dorothy Kaiser, Carol Tinsman and Maude Fulstone.
Mrs. Ohman was hostess at dinner after the ceremony, and the guests remained to enjoy a Valentine party in the evening, at which Hazel Grenniger, Ottilla Dotta and Vera Haviland acted as hostesses. Games, dancing, distribution of Valentines and partaking of delicious refreshments contributed to the success of the party.
Those present were Gwendolyn McLeod, "Billie" Lee, Carol Tinsman, Maude Fulstone, Helen Fox, Dorothy Kaiser, Olive Dunn, Marjorie Ohman, Rubel Hansen, Josephine Riemann, Ada Springmeyer, Edith Peddicord, Annie Twaddle, Alberta Jones, Mrs. Ohman and the party hostesses.
Sidney R. Holt '25, was married Sunday at Roseville, California, to Miss June Ward of Reno, the couple returning to Reno Wednesday evening where Holt will continue his studies at the University. The groom, who is business manager of the Desert Wolf, is a member of Kappa Lambda fraternity. Mrs. Holt is the daughter of Mr. and Mrs. T. O. Ward. Mr. Ward is prominent in Reno banking circles.
Gamma Phi Beta announces the initiation of eight new members at their home on Ralston Heights last Saturday. Those being initiated were Vern Blundell, Norma Robinson, Bernice Johnson, Kathleen Griffin, Lois Bona, Faye Graves, Elizabeth Coleman and Mrs. Velma Hawley.
Eunice Allen from Fallon and Lucille Blake from Virginia City spent the week-end at the Gamma Phi Beta house.
Theo Morgan spent the week-end at her home in Fallon.
Ann and Frankie Shaughnessy were visitors at Carson City last week.
Doris Misner, who has been ill with scarlet fever, is again on the road to recovery.
Last Sunday afternoon was the scene of an informal dinner when the Sigma Nu fraternity entertained guests at their house on University avenue. After dinner the Sigma Nu orchestra played a few numbers and several fraternity songs were sung. Those present were Mr. and Mrs. Harold Gorman, Misses Gladys Douglax, Norma Robinson, Julie Klinge, Marion Wallendorf, Ruth Curtis, and Catherine Curieux; Frank Morrill, Ray Hendrickson, Wallace Allen, Douglas Ackerman, Robert Skinner, James Skeen, Lou Eastland, Francis Baker, and Earle Hendrickson.
Clark county students at the University are invited by Mr. T. D. Fanati, delegate of the legislature from that county, to a dinner tomorrow evening. Students from Clark county now attending the University are Helen Wells, Clarice Craner, Margaret Browning, Emma Jones, Annazita Kileon, Charles Horsey, Julian Anderson, Russell Squires, Lester Mills and Leonard Noblitt.
Hearts furnished an appropriate incentive for decoration and theme at the Gamma Phi Beta initiation banquet held on St. Valentine's Day at the Golden Hotel. The tables were prettily decorated with many colored flowers, and place cards of red hearts gave a colorful setting for the occasion. Misses and responses were given.

VARSITY SQUAD, IGNATIUS FIVE CLASH TONIGHT

Last Scheduled Hoop Games of Season to Be Seen in Campus Gym

By JOHN CAHLAN

Returning from Davis with two games won to their credit the Nevada Wolves will entertain the St. Ignatius five tonight and tomorrow night. Both teams are on edge, and the resulting contest should be a hot and hard fought battle.

To date, the Saints have taken some of the best teams on the coast, St. Mary's, Santa Clara, and Davis being numbered among their victims, and they fought the Olympic Club quietest a hard battle, losing only in the last few minutes of play by three points.

"Gus" Ruhlin seems to be the big star of the Saints. He is a long, rangy lad playing center and has been responsible for quite a few points in the games he has played. Another star is being groomed in the person of young Patridge, a 145-pound flash who has gone into several games of late and pulled them

MYTH VARSITY WILL BE NAMED

The women's mythical varsity basketball squad is to be announced at the annual basketball banquet which is scheduled to take place on February 27. All W. A. A. members and those who played on the various class teams are to be present.

The banquet marks the close of the basketball season for the women of the University, as the class games will have been played off by that date, and the championship decided.

out of the fire with a couple of timely baskets.

Wolves in the Pink
The Wolves are in fine shape and seem to have reached the height of their form. In the games against Davis they showed plenty of class and from all indications the Saints will have to have a world beating team to administer a defeat to the fighting Nevada Wolves.

"Nevada has one of the best teams in years," said "Doc" Martie, "and it will take a team with a lot of experience to beat that team."

THE BASKET SHOOTIN' PACK

THIS IS THE WOLF BASKETBALL QUINTET which is creating such a name for itself in Pacific Coast sporting circles. From left to right: (top row) Bozo Watson, Cloudercrapper Friend, Newt Christensen, C. Thornton, athletic manager, W. Stark, basketball manager, J. E. (Doc) Martie, coach, (Center) Randall, Sheik Fredericks, Goodale, (Captain) Spud Harrison, Al Lowry. (bottom) Monk Morrison, Shorty Underwood, Connelly and Lawson.

WOLVES SHINE IN DOUBLE VICTORY

Farmers Unable to Cope With Nevada's Speed and Drop Fast Games

The third and last invasion of the Pacific Coast by the Nevada Wolves turned out to be the most successful when those same Wolves tied the can of defeat on the Farmers from Davis twice in a row, in the first game 30-18 and in the second 33-9.

The first game was fast and furious throughout and although the Wolves showed a marked superiority over the Farmers, the Davis boys were fighting hard all the time and it was their fighting spirit that kept the score down as low as it was.

Team a Unit
There were no stars in the game for the Wolves, the whole team working as a unit and their lightning like passes were the feature of the game. The Wolves had little difficulty in breaking through the Davis defense and once they got under way the result was usually a basket.

Second One Easy
The second game was more or less of a walkaway for the Wolves. The Davis lads, still fighting like demons, were unable to fathom the Nevada defense and were forced to content themselves with one field basket, made late in the second half.

Martie's Prediction
In speaking of the game last Monday "Doc" Martie, mentor of the Pack said that the team played excellent basketball and if they continue in the stride they have hit no team in this section of the country will be able to stop them. "The best part of it is," said Martie, "all but Harrison will be back next year and when basketball season rolls around again you will see the best team Nevada has ever had."

S. A. E.'S WIN TWO CALIFORNIA GAMES

Emulating the Nevada Varsity, the Sigma Alpha Epsilon fraternity basketball team went to California and when they returned they had the scalps of the Bishop and Independence town teams securely fastened to their belts. The first game with Bishop was won by the University boys 18-11 and the game at Independence also went to the fraternity by a score of 30-10.

NEVADA MAY GO EAST FOR PLAY IN TOURNAMENT

"I hope that Nevada may have the chance of playing a game with some coast team for the privilege of going to the Championship Tournament at Kansas City," said coach J. E. Martie, when asked as to Nevada's possibilities of attending. He stated that the tournament management gives \$1000 to one coast team every year to defray the expenses of attending. The Y. M. I. and the Olympic Club fives are going to play a game next week-end to decide who is to attend.

However, "Doc" Martie has wired the tournament management for the privilege of playing the winner of this game. The answer is expected this week. The latest news is that the Olympic Club has definitely cancelled its tentative date with Nevada for March 4 and 5. It has been rumored that Y. M. I. intends to go on their own expense in case they lose the deciding game next week.

If everything works out as expected, the Olympic Club will have to play Nevada some time before the national tournament week. The exact date of the tourney is not known, but it will probably be held during the second week of March, and will be run under the elimination bracket system.

BASKETBALL

Just a week and four days, and then the happy hours to remind the college men and women of the time not so long ago when they came to Reno to do their best and fight their hardest for their alma maters in the annual high school basketball tourney. The high school teams are getting all steamed up as the big time approaches and some hot games have been played lately.

Due to criticism of some of the decisions of the referee, and general rough playing, the Sparks team defaulted to Lovelock on Saturday night. The Sparks squad was called off the floor by their coach in the second half and the game was awarded to the Lovelock girls who were leading at the time 18 to 6.

The Sparks boys walked over the Lovelock bunch after the girls' argument had been settled and piled up a 26 to 16 score. Tony Poloni as usual broke up every trick play pulled by the backstate boys and almost won the game by himself.

A couple of great games were played at the Reno high gym on the night of the 14th, the local teams copping both. The Fallon teams, lauded as possible state champs failed to come through and were beaten 43 to 17 and 26 to 15, respectively, girls and boys. The girls game started out like a real contest but two of Fallon's star players were out in the first quarter on personal fouls. After that they lost heart and were greatly outplayed by Reno and the score ran up from 3 to 2, to 12 to 9, at the end of the half. In the second half the Fallon girls missed their scoring combination and played too fast for accurate basket shooting.

"PUZZLES" BEAT "ROWDIES" 22-17

Upsetting all dope, the juniors snapped up and beat the frosh Rowdies 22 to 17, yesterday afternoon. The "Rowdies" were slated to win, but were crippled by the absence of Anderson and Coddington, two of their best players. The Junior "Puzzles" gave a much better exhibition than they did Tuesday; good passing and fast floorwork featuring their game throughout.

Captain Johnson and Hunley started at center in the place of Hannah and Coddington for the "Rowdies" but could not solve the puzzle, so Spencer was shifted from guard for Hunley and Berneseoni went in for Johnson. The juniors played the one lineup through the whole game and they had a great working combination in Humphreys and Turner.

Anna Maule Sterne and Nellie Stone refereed the scrap, and they called plenty of fouls, although the game was clean as a whole. The frosh play the seniors a return game Monday and the sophomores on the next afternoon. If the "Devils" win, they will only have the seniors, who are now at the bottom of the list, to beat, but if the "Rowdies" come back for a win the dope sheet will be all balled up again and it will be any-man's championship.

Tell it to The Sagebrush.

MARTIE LEAVES FOR COAST CONFERENCE

J. E. "Doc" Martie, acting head of Nevada's Physical Education department and basketball coach, leaves Saturday night for San Francisco to attend the second meeting of the Far Western Conference.

Final steps will be taken at this meeting in the formation of the athletic conference, which has been the talk of the smaller colleges of the Pacific Coast.

A constitution has been framed according to Martie, and will be voted upon. "Doc" has been delegated to vote for the intramural Nevada into the conference, which intends to promote and schedule competition in basketball, track, baseball, and football.

Those colleges that are expected to enter the conference are: St. Mary's, Santa Clara, College of Pacific, Fresno State College, California Aggies, and Nevada.

OH, YES, SURE, BUT IF IT IS SO, WHY AND HOW?

Americans may be coming to a cross-word puzzle dialect, but Japanese students need no training in this line, says Mr. E. V. Gatenby, a teacher of English in Japan. Not only do the Japanese take delight in memorizing the English dictionary, but their knack for literal translation is at times superhuman.

Asked to paraphrase Tennyson's "Break, Break, Break," this is how a Japanese linguist attacked the problem.

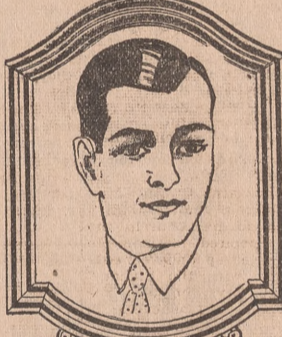

"Rupture, rupture, rupture, on your stones of low temperatures, colored like ashes, I say, sea! I wish to vomit out all thoughts which come up to me."

Sounds not unlike the rendering of Chaucer in Stewart Hall.

But when they come to finals, the Japanese in that school are worse off than Nevadans. Here are the replies in English to various questions, also in English:

Q. What you you light a cigarette with?
 A. (1) Yes, I like it very much.
 (2) With hand.
 Q. What is the last letter of the English alphabet?
 A. (1) Yours truly. (2) Yours respectfully.
 Q. Why do we use mosquito nets?
 A. (1) To catch a bird. (2) It is used to protect the mosquito.
 Q. What is an alarm-clock?
 A. (1) Alarm clock is tied by the arm. (2) If you put it at 6:50 to burst, it will be burst.
 Q. Is lead very hard, or it is comparatively soft?
 A. The legs are comparatively soft.
 Q. What metre is Tennyson's "Ulysses" written in?
 A. (1) In diameter. (2) Thermometer. (3) It is written in meter-phor.

EARTHQUAKE IS RECORDED HERE

An earthquake in the vicinity of Reno was recorded on the University seismograph in the Mackay School of Mines, last Friday morning at 8:33 a. m.

According to Dr. Perry Byerly, seismograph expert, the shock was slight and took place within a thirty-mile radius of Reno.

Dr. Byerly took charge of the instrument at the beginning of last semester, relieving Professor J. C. Jones who had previously attended it.

PICTURE OF MAN WHO MADE UNIVERSITY A FACT IS HUNG IN A.D.

A portrait of the "Father of the University" will be added to the Hill's hall of fame within a few days. The picture is one of O. H. Gray, the man who introduced the bill into the state legislature in 1873 which made the University of Nevada a possibility.

Dr. Byerly took charge of the instrument at the beginning of last semester, relieving Professor J. C. Jones who had previously attended it.

CURTAIN CALLS TO SOUND FOR NEWER CAMPUS THESPIANS

Choice of casts for the three one-act plays to be given by tryouts for Campus Players have not as yet been completed as the tryouts were not brought to a final conclusion until late this afternoon. Exceptional interest has been shown by all participants and the casts chosen promise to be good as the number to select from has been so large.
