

### NEVADA'S CALL IS IRRESISTIBLE C. CORTES SAYS

#### STUDENT FROM MEXICO TELLS REASONS FOR POPULARITY

By CARLOS CORTES

Editor's note: This article introduces a series to be run in the Sagebrush from time to time in the future. They will be written by the individual members of the Cosmopolitan club on their reasons for seeking an education at the University of Nevada.

The well-known reputation of the Mackay School of Mines has brought students from all over the world to the University of Nevada. Students from all nations, states and creeds flock to this beautiful campus. The Cosmopolitan foundation of the United States, which has oftentimes been called the "melting pot" of the world, has gone into the universities. The interchangeability of ideas is the future foundation for world peace.

Having heard of the Mackay School of Mines in my own native land of Mexico, and realizing the possibilities of a great future in the mining industries in my native land, I decided to come to the University of Nevada. I came with the intention of entering in the School of Mines, but after having attended high school in California and having become interested in newspaper work, I decided to enroll in the School of Arts and Science.

I have found in the University of Nevada a great inducement for the foreign student. The variety of courses which are offered in every field, the "hello" spirit on the campus which gives new life to the foreign student, who perhaps is continents away from home. Here on our campus there is the Cosmopolitan club where foreign students grasp the ideas, customs and traditions of the different nations by associating with the people from other lands. That is the best foundation for international peace. Here we foreign students grasp your customs and carry them back to our native land where they will diffuse and be an informal handshake between nations.

When my college career is over, and I depart to my native land, I will carry back with me the unforgettable memories of my alma mater, and my friends and teachers who have made for me a better world, understanding and hope.

### NEED COMFORTS TO PHILOSOPHIZE

Believing that it is absurd to try to philosophize in a class room at 8:30 in the morning, a group of students at the University of Wisconsin has formed a Philosophy club to discuss current philosophical problems.

They will attempt to control the environment with a combination of arm chairs, an open fire, and a leisurely atmosphere. The students feel that informal discussions under such conditions will do much to supplement the philosophy course.

Present arrangements call for a limited membership of interested students. If this plan proves successful, other independent discussion groups will be formed.

#### E. E. WILLIAMS MOTHER PASSES AWAY IN OHIO

Mrs. Sophie Williams, mother of Professor E. E. Williams, died last week at Sandusky, Ohio. She was 57 years of age and her death, caused by pneumonia, came as a complete shock to her family.

### ORIENTAL MENU VALUES TESTED

Chinese foods such as water chestnuts, bamboo shoots, Foo Kwa, dried duck, and other Oriental delicacies, may not appeal to the American palate, yet they are fully as nutritious as any American favorite such as "ham and," "sinks," or "hot dogs." Miss Asta Ohn, a graduate student in the Household Science department of the University of California, has reached these conclusions after completing a study of the nutritive value of Oriental foods.

"The most striking difference in the composition of the Chinese menu, as compared to that of the American, is the lack of dairy products, milk, butter, and cheese; the lack of water served at meals, the substitution of tea for coffee, and the very small amounts of sugar. The Oriental diet contains more rice, sweet potato, and more than wheat products and Irish potato; more pork, fowl, especially duck, duck eggs, and fish and fish products than beef and mutton; more peanut oil than olive oil; and more orchard and garden fruits than vineyard fruits. The Orientals also use many sea plants," says Miss Ohn.

The similarities of Oriental and American food lie rather in the type than in the kind of food and the method of food preparation. The Oriental's pineapple-chicken is not unlike the American apple fritters or apple sauce and pork.

Some of the nutritive advantages of the Oriental diet are derived from the careful boiling and steaming of foods which preserves the vitamins and mineral content of foods. Also water in which foods are cooked is never wasted by the Oriental.

#### WATER LEVEL RECORDED BY GEOLOGY 70 CLASS

The water level of Pyramid Lake years, according to the measurements has dropped 24 feet in the last 17 made Saturday by the class of Geology 70.

The class, out for the first field day, made the comparison with the water level as it is now and as it was in 1914.

Members of the class who made the trip were Dale Lamb, '29, Frank Bristol, '29, Wayne Hinckley, '29, and Ray Henriksen, '27. The men were accompanied by Professor Jones.

#### MANZANITA HOLDS SALE OF A.A.U.W. CALENDARS

Illustrated U. of Nevada 1927 calendars of the American Association of University Women are now on sale at Manzanita hall. The money received from the sale of these calendars is used by this association for the scholarship fund. They are composed of twelve campus views which are detachable, and come in envelopes ready for mailing.

The University of Illinois has recently purchased a \$10,000 rubber cover for the football field to keep it dry before games.

### ESSAY CONTEST ON WILSON WILL GIVE BIG PRIZES

#### IDEALS, PRINCIPLES, AND EFFECT ON WRITERS TO BE FEATURED

The Woodrow Wilson Foundation announces a special donation by which it offers two Woodrow Wilson awards of \$25,000 each to the young men and young women of America for the two best articles of 2,500 words on "What Woodrow Wilson Means to Me." The contest is open to the men and women of America between the ages of 20 and 35 years. The article is to be strictly confined to an exposition of Mr. Wilson's ideals and principles and what they mean to the writer.

**Not Political**  
These awards neither call for articles of fulsome praise nor analytical criticism. No mere biographical sketch of Wilson or review of his life or acts will be eligible. No article must rest on a political basis or be colored by partisanship. Partisan political considerations are outside the scope of the contest. No article is eligible which confines itself to a review of his efforts to create an association of nations or seeks to pass judgment upon the existing League of Nations.

An article may be submitted by an individual or jointly by a group or organization either existent or specially formed, provided the age limit of members is strictly observed. Such an article must be submitted in the name of the group or organization. The total number of words must not exceed twenty-five hundred (2500).

Only one article may be submitted by any one contestant. No letter should accompany the article and no article must bear the name of the author on the article or on the envelope, nor must anything be contained on manuscript or envelope to give identity to the author.

**Trustees to Judge**  
Each article will be carefully read and considered by a competent and impartial special committee appointed by the board of trustees of the Wood-

### College Men Breaking In Movie Ranks

THE college man is in the movies. Of course, the college picture has arived on the silver screen, but now the college bred actor is breaking into pictures with a crash.

As an example there is Clarence Thompson, who plays an important role in "Butterflies in the Rain," the picture opening at the Wigwan Theatre on Sunday, which co-stars Laura La Plante and James Kirkwood.

Thompson, called "Tommy" by his friends, is a graduate of Harvard, having earned his degree with the class of 1921, the youngest member of the class. Now, after a year's experience in films, during which he gained valuable training, Tommy has suddenly been placed in the limelight. —Adv.

### TEXAS GETS BIG FUND FROM OIL

The University of Texas is at present enjoying from one imperial benefactor alone, an income of about a million and a half dollars a year. It is not a case of some preposterously wealthy and generous retired capitalist. It is not revenue from an enormous endowment fund. The income is the university's one-eighth royalty on the output of the Group 1 Oil Company, organized three years ago to drill on land that the university chanced to own.

Last week the company's directors declared three monthly dividends of \$250 a share on the 2,048 shares outstanding, which when paid, will bring the total dividend for the year ending in July to \$2,415 a share. Last year Texas soil yielded 3,726,000 barrels of oil to grease the wheels of higher education in Texas.

The Woodrow Wilson Foundation, which will submit its findings and the most meritorious articles of whatever number to a non-partisan and non-political jury of award also to be appointed by the trustees of the foundation. The decision of this jury of award shall be final and must be so accepted by each contestant.

All articles must be received at the office of the Woodrow Wilson Foundation in New York City on or before October 1, 1927. No articles received after that date will be eligible. All articles should be carefully addressed to The Woodrow Wilson Foundation Award, 17 East Forty-second street, New York City, N. Y. The jury of award will reach its decision in time for a public presentation of the two awards in December, 1927. The two articles receiving the awards will be published.

Patronize Sagebrush advertisers.

### MODELS CREATE MUCH INTEREST

Make way for Cinderella in her splendor, riding behind her team of white mice!

And here come our three old friends, the Wisemen with their camels.

No, it is not that the campus has suddenly been transformed into fairyland, but it is interesting enough to excite the imagination of anyone.

It is a workroom of the teachers of the kindergarten method course made into playland by their models of clay, a method of illustrating well-known stories which creates and stimulates the imagination of the children.

#### YWCA FOSTERS SPIRITS

Y. W. C. A. discussion groups are being continued this semester and meetings are to be held each week in Manzanita Hall so that the women students may come together to compare opinions and to foster the spirit of fellowship and friendship.

According to Thelma Pray, president of this organization, three groups have been planned to cover foreign relations, religion, life and campus problems. The captains of these groups are Margaret Ernst, '28, Mabel Mariani, '28, and Amy Goodman, '27.

All University women are invited to come and voice their sentiments. The bulletin board will announce further notices.

#### ABSENT STUDENTS COST UNIVERSITY OF WASHINGTON,

Seattle, Jan. 28, (PIP)—Votes of the University of Washington glee club will be cast by wire in a coming student election as the voting is scheduled to take place when the club will be on tour.

### W. A. CLARK INTERESTS IN CHARGE OF R. TALLY

Robert E. Tally, '99, who has been connected with the United Verde Copper Company in Arizona for many years, has been transferred to New York in charge of the Clark interests.

Tally was formerly general manager of the Copper Company, which is one of the largest in the United States.

The Clark interests are those of Senator W. A. Clark of Montana, whose heir, W. A. Clark, Jr., presented to Nevada the new Clark Memorial Library.

### A. BECAAS LEADS IN RIFLE MATCH

Anita Becas, '28, with a total score of 195 for prone and sitting out of a possible 20, led this week's rifle match held with the Utah Agricultural College. The total five high scores, prone and sitting, totaled 963 out of a possible 1000. This total is taken from scores made by A. Becas, '28, B. Wyckoff, '27, M. Bernasconi, '28, N. Lothrop, '28, and M. Dunbar, '30. Naomi Lothrop, '28, made the first score of 100 for this season on Monday, and Elizabeth Shaber, '29, made a prone score of 100 on Wednesday.

### ENGINEERS WORK ON EXPERIMENTS

William Cheney, '27, and Charles Poppe, '27, civil engineering students, have been running tests for a thesis on the co-efficient of expansion on a number of non-metallic construction materials, including cement mortar, Rokada, a comparatively new flooring material, and various kinds of wood.

Professor H. P. Boardman, head of the department of civil engineering, expects to have his students carry on low temperature tests on the same materials at Chism's ice cream factory.

Recently the senior civil engineers took a trip to inspect a steel viaduct on the Western Pacific railroad about 35 miles northwest of Reno.

### STATE SUPERVISOR OF HOME EC. WILL BE HERE

Ruth Talbot, state supervisor of Home Economics, is to have her office in the Agricultural building. She will co-operate with the Extension division and Home Economics Department of the University as well as with the other departments throughout the state.

# Campus Briefs

REGINA SULLIVAN, '30, spent the week-end with her parents in Virginia City.

BERNARD WHITE, ex-'27, has accepted a position in Lovelock.

PAUL FRIEDENBACH, '28, is in Fernley, where he is connected with the state highway survey department.

MARYEMMA TAYLOR, '30, and ARLINE SPRINGMEYER, '30, visited at their homes in Gardnerville over the week-end.

MARION ALLISON, '30, and IRENE WILSON, '30, spent the week-end at their homes in Minden.

BARBARA HORTON, '30, and SARALEE CLARK, '30, visited with their parents over the week-end.

JACK CORVIN, '27, spent the week-end at the home of his parents in Roseville.

LEE BURGE, '29, has returned to Lincoln Hall from the hospital where he was confined with an attack of measles.

CARL SMALL, '27, is recovering from an attack of influenza.

JOSEPH FAIRCHILD, president, and JOSHUA EPPINGER, both representing the grand chapter of Delta Sigma Lambda fraternity, spent the week-end at the local chapter house on Lake street. Sunday the visitors and local members spent on an outing at Truckee.

Due to sickness JULIAN "SWEDDE" ANDERSON, '27, president of the associated engineers, has withdrawn from school.

HUBERT HORN, '24, a graduate of the College of Engineering, was a recent visitor on the campus. He is in the employ of F. H. Tibbets of San Francisco, one of the engineers on the construction of two dams near Emigrant Gap in the Nevada county irrigation district of California. R. P. BRYAN, '21, and J. R. BRYAN, '21, are connected with the same project and are located at Grass Valley, California.

DORIS KANE, '24, of San Francisco, was the week-end guest of the Gamma Phi house.

PAULINE WREN, '27, attended the winter carnival at Truckee Sunday.

MRS. D. JUDSON of San Francisco and her grandson, JUDSON LEVEN-SALER, '30, were the guests of the Theta house Sunday.

MRS. EDITH ECKLEY was the guest of her niece LUCILLE SUMMERFIELD, '28, last Sunday.

EDDIE CLARK and MR. and MRS. MAX ALLEN were dinner guests of the Gamma Phi house Sunday.

EARL "HANK" WORDEN, '27, KENNETH KALLENBACH, '28, and ED ROOT, '30, went to Truckee last Sunday for the winter sports.

EUNICE ALLEN was a guest at the Gamma Phi Beta house during the past week-end.

JUDSON LEAVANSALER, '30, had as his guest during the first part of last week, Mrs. D. Judson, his grandmother, who returned to her home in San Francisco last Wednesday.

GEORGE KIBBEY, '30, who has been seriously ill, has returned home for a few days accompanied by his mother, Dr. M. E. Kibbey, who has been with him during his illness.

NORMAN HAIGHT, '29, spent Saturday and Sunday in Fallon.

VERNON SHAVER, ex-'29, is employed by the Southern Pacific in Sparks.

DORIS KANE, ex-'26, visited friends on the campus last week-end.

HELEN COVERSTON '29 and ROY COVERSTON, '30, were visited by their parents, Mr. and Mrs. Geo. Coverston of Fallon, last Saturday.

JULIAN ANDERSON, '27, who has been confined to the University hospital for the last week, was well enough to return to the S. A. E. house Tuesday.

BERNICE BLAIR, '30, JEANETTE HAMILTON, '30, and ROSE KAUFMANN, '29, motored over into California on Sunday.

R. MARION CLAUSEN, '26, candidate for the Rhodes Scholarship, who

has been located at the Agricultural Experiment Station at Fallon, has returned to Reno to remain here permanently.

MRS. ALBERTA BROWN, formerly Alberta Jones, '26, spent the week-end with her parents, Professor and Mrs. Jones.

DOROTHY WHITE of Hawthorne spent the week-end with EDNA ERICKSON, '29.

ARLINE SPRINGMEYER, '30, and GRETCHEN CARDINAL, '30, spent the week-end with their parents in Gardnerville.

ROBERT E. TALLEY, '19, who has been engaged in the interests of mining in Arizona for the last few years, has been appointed as the Arizona representative on the Boulder Dam project.

ELMER JONES, '26, was a visitor about the campus last week-end.

DALE C. BELL, ex-'29, has secured a position with a large clothing company. At present he is situated at Elko, Nevada, but expects to be back to school when the fall term begins.

HAROLD SANFORD, '30, spent the week-end in Fallon.

FAY REINHART, '30, and SUZETTE BOWMAN, '30, are confined to their room with the flu.

LUCILLE MCKENNY, '30, was visited by her parents last Wednesday.

DEAN and MRS HALL visited in San Francisco last week-end on a short vacation.

## SOCIAL SCIENCES GET RECOGNITION

The desirability of trained reporters to be informed in the social sciences was stressed in a talk by E. Marion Johnson, head of the department of journalism, before a convention of the American association of College Teachers of Journalism at Ohio State University, Columbus, Ohio, during the holidays.

Professor Johnson suggested a two-fold plan for the utilization of the social sciences in the instruction of journalism. The plan provides that a student doing his major work in journalism would elect many of the social science courses, and these would be incorporated in the journalism curriculum on the utilization and application of the information in journalistic practice.

"News content is chiefly social, economical, and political," said Professor Johnson. "That is why knowledge of the principles of these sciences is so important."

**Organization Needed**

"Social sciences should be utilized to train real professional workers for that great social agency—the newspaper," he said. "Such training cannot be obtained through enrolling our students in electives, but will necessitate our organizing with the aid and assistance of the social science departments, specialized courses to serve our definite objective.

"When we accomplish this, we will have a professional journalist to offer the newspapers who will advance beyond the untrained man because of his specialized knowledge."

## 'UNIVERSITY DAY' PROGRAM GIVEN

Following the regular meeting of the Century club Friday, January 26, members of D. A. E. and Cap and Scroll presented a program entitled "University Day." Miss Margaret Mack supervised the program and gave short introductions to each number.

The first on the program consisted of two selections—"Miss Nancy's Gown" and "Sing We and Chant It," sung by a selected chorus of the University Women's Glee club, consisting of Golden West, '27, Flora Jones, '27, Florence Billinghamurst, '27, Margaret Browning, '27, Genevieve Spencer, '28, Isabel Loring '28, and Miss Elsie Sammeth.

The members of D. A. E. then presented "The Passing of Tio San," an original Japanese play composed by the members. Miss Altha Pierson, '21, read the drama while Margaret Browning, '27, Anita Beacas, '28, Juanita Lowe, '28, Isabel Loring, '28, Beverly Bulmer, '28, and Frances Westfall, '28, dressed in gay Japanese costumes, pantomimed the scenes of action.

Miss Ethel Lunsford, '27, sang several solos and was accompanied by Helen Hibbert, '28.

The closing number consisted of a burlesque of Shakespeare's "Macbeth." Florence Billinghamurst, Thelma Pray, Amy Goodman, Margaret Hill, Wilma Squires and Grace Muran, all of '27, groomed in costume of the age, dramatically portrayed the tragedy.

## NEVADA TO JOIN AMERICAN ASS'N DEALING WITH STUDENT AFFAIRS

Upon recommendation of the A. S. U. N. committee the Finance Control committee met last Tuesday night and voted to join the National Students' Federation of America.

The National Students' Federation of America is strictly a student organization and is of value to a university where the students have self government. Meetings are held once a year and representatives from all the member student bodies attend this general meeting. The next meeting will be held in December at the University of Nebraska.

The dues are fifteen dollars a year, which money is spent in issuing bulletins regularly concerning student problems. This federation has to do with the solution of students problems and such problems as 'hazing,' fraternity problems related to student body problems, duties of student body officers, and other problems that a student body must encounter.

## WISCONSIN GLEE TO TOUR EUROPE

The Men's Glee Club of the University of Wisconsin will make a summer tour of Europe, which will include the principle cities of Western Europe. Passage has been booked on a Red Star line steamship, and the date of sailing announced as June 25.

Professor Swinney, conductor of the club, said that it was his intention to choose the 32 best voices from the concert clubs of the past three years to compose the personnel of the club which will make the trip.

The cities in which concerts will be given are London, Oxford, Cambridge, Birmingham, Manchester, Edinburgh, Glasgow, Ostend, Brussels, Paris and The Hague. Appearances will also be made at several large cities on the way from Madison to the port of embarkation.

## W. A. A. MEMBERS JOIN IN BANQUET

W. A. A. held its first hike of the season last Sunday when eight women left Manzanita Hall about 9 o'clock and hiked to Alum Creek, where a snow picnic was held. A "hamburger fry" over a campfire in the snow featured the day. The party returned about 3 o'clock in the afternoon.

More plans are being made for future hikes, to be held through the spring, according to Helen Fox, '28, and Edna Ericson, '28, hike managers, on which all University women are welcome to attend. One point per miles will be accredited all W. A. A. members.

## ILLINOIS LAW ON TRAIL OF FRATS

In the eyes of the law the State of Illinois, incorporated fraternities at the University of Illinois are manufacturing establishments.

According to notice received by Frederick Green, professor in the College of Law, all incorporated fraternities who color oleomargarine for table purposes are liable to a tax of 10 cents a pound, and an annual license fee of \$600.

Non-incorporated fraternities are not liable to this tax as the law regards them as private families who purchase supplies through appointed members of the group. Stewards of incorporated fraternities who saved money by serving oleomargarine are tossed on the horns of a dilemma—to save the fraternity money and take a chance with the law, or obey the law and incidentally make the members pay the added cost.

## DR. CHURCH PRESENTED WITH IMPORTED PLATES

L. B. Manrow, '27, presented Dr. Church with two beautiful decorative plates, importations from India, a short time ago. They are made of wood with carving of blue and green intermingled with cut mosaics of ivory.

McGill University now has a Chinese library of 25,000 volumes.

*Styles For the Coed*

## STATE LEADS IN GEOLOGIC WORK

A map published by the Bureau of Economic Geology shows that Nevada had more papers published in whole or in part about its geological activities in proportion to the number of geologists than any other state in the Union.

The main object of compiling the map is to obtain an indication of the present geologic activity in the various states. The number of geologists within a state is listed as indicating with a fair degree of accuracy the relative geologic activity in the state. As a further and possibly more accurate index there is added for each state the number of papers published in whole or in part about the activities of that state. Nevada's ratio shows three geologists and 24 papers on the geology of the state.

The map as compared with early ones shows that there is a decided tendency for the field of geologic activity to shift to the West.

The chic oxford of genuine alligator designed for smart street wear is very new and good looking. For campus wear there is nothing more delightful and in good taste. For the new afternoon frock a slipper of green lizard shading from delicate pastel to bright flecks of jade is the keynote of sophistication. Another distinctive walking pump is of alligator kid, ornamented in a most becoming manner with a brilliant colonial buckle.

For the street one's bag must harmonize with one's shoes, and the most alluring bags are those of exquisitely fashioned lizard or a striking combination of black leather and Chanel alligator with brilliant mounts. These surely are snaky days!

A. S. U. N. VOTERS?

Bunker Hill, Bull Run, Valley Forge—disciplined Redcoats and the "embattled farmers." Vivid flashes these, that history brings us of the war which gave our nation birth.

It is often said by those who uphold the merits of the smaller university that it is apt to be more democratic in character.

It is not unlikely that many of those eligible to vote passed their duty with the excuse that it mattered not much to them which candidate was elected to office.

Students of the university of today are expected to take the helm of leadership in the world of tomorrow.

EXCHANGING

This week the revival of the custom of fraternity exchange dinners has marked another step forward in the progress of Nevada's fraternities.

There can be no dividing into cliques when the fraternities even go out of their way to promote intimacy among the men.

A closer cooperation among the groups, both socially and in campus activities, is obtained, and the results are beneficial.

THE EDITOR'S LETTER BOX

Editor's note: In publishing the following signed letter the Sagebrush disclaims all responsibility.

To the Editor—

The treatment accorded the band at the second game with St. Ignatius last Saturday night with positively disgraceful.

struments, they are working hard and producing wonderful results; if they should give a concert at popular prices at the Granada Theatre, there are at least three people in school who will attend.

IT'S ALMOST SPRING AGEN!

I sat upon the tram today, A hannah tripped along my way, I watched the birdies flitting by, A nearby brother heaved a sigh,

We have no opportunity here in Reno to listen to really worthwhile music, and now that the members of the band have a number of new in-

Foreign students of Northwestern University, representing several countries, were recently banqueted by the Y. M. C. A. at the North Shore Hotel.

By Ed Bilding

By Ed Bilding

What President Clark REALLY meant when he was reading that newspaper CLIPPING at the rally the other night was NOT that Bradshaw caught the opposing TEAM napping but that he caught them with their HANDS in their pockets.

And last week when the new lassies were still being rushed hither and yon, and yon back to hither, one of them was asked as the tea and crackers were passed—

"With or without?" Says she: "Without—twice!"

The band made merry at the basketball game, and it was very obvious that they had a couple of new horns—those kind you can not only hear, but also see, the length of the gymnasium.

New HORNS—yes—but no new pieces.

IF THE BAND HAD THEIR WAY THE COLLEGE HYMN WOULD UNDOUBTEDLY BE "BARCELONA."

MY PROFESSOR SAID

Mr. D. E. Anthony wishes to HAVE it publicly known that Ginn & Co., for which he is a representative, is a PUBLISHING HOUSE.

The week's worst pun is undoubtedly offered by the lad who calls his car "BRODIE"—because it has bad breaks.

We didn't THINK they still made them this dumb, but it is an actual FACT—

This little narration, of course, is a bit out of date, for this was way back in the good (?) old days when sports were sports, and basketball games were places to take girls.

At any rate the LASSIE in question was dated out by the BOY FRIEND and during the course of the evening, the GAME waxed ruff and tuff and fists were playfully being pushed into open mouths and feet were conveniently twisted around NECKS.

The boy friend said, "Gonta be a fight in there pretty soon!"

And then this from HER—"Oh, Ned, is there going to be a boxing match here this evening, too?"

It has been unofficially RUMORED that this incident was one chief factor in prohibiting campus dating to basketball games.

I'm going to spank you! If you do, you'll be sorry! No I won't, but you'll be sore!

Continuing from last week, I was suddenly startled one day by the fact that my Siren (pretty hot, but not a fire siren) was addicted to the habitual use of a wooden leg and false teeth.

I will never forget the first University basketball game that I saw, and how I showed up everyone else with the cheering. I remember how I fervently yelled all my myself—

Strawberry shortcake Gooseberry pie V-I-C-T-O-R-Y Are we in it? Well, I guess! Nevada University YES - YES - YES!

I am sure I made a hit, for everyone in the whole gymnasium was watching me. But I guess some of those University boys got jealous of

me, because they tossed me out on my (r)ear.

— blah —

Above news photo shows an intimate picture of Magog, of the firm of Gog and Magog, Inc., gangsters residing in the third deck of a very prominent men's dormitory on the Nevada campus.

In a recent interview with the master mind of the "Perilous Duo" the Blah reporter was told that their next attack will be made with specially imported Norwegian tear bombs.

However, Hall officials, after a very thorough investigation, strategically placed a large order for immediate delivery of several dozen crying towels.

White canvas gloves will be an indispensable item for wear during the coming season by all dormitory men.

## Wolves Split Series Wlth the Hoop Stars of St. Ignatius

### VARSITY CONQUERS FOG IN FIRST GAME BUT LOSES OUT IN SECOND

#### BRILLIANT TEAMWORK FEATURES BOTH CONTESTS BUT POOR SHOOTING LOSES LAST GAME

Last Friday night the Wolf Pack gained their first victory of the season at the expense of the St. Ignatius team of San Francisco, the final score being Nevada 24, St. Ignatius 21. The game was hard fought, each team striving to their utmost to gain the upper hand throughout the entire contest.

With the final result always in doubt, the game proved most exciting to the spectators who were well paid for their attendance by the brilliant team work and stellar performances of individual stars.

The second game was played on Saturday night the final score being St. Ignatius 26, Nevada 21. In this game Maloney and Partridge, the flashy Coast forwards, started hitting the basket and the Grey Fog won this game only after the hardest kind of a fight from the Varsity. The Varsity showed a marked improvement over their previous games and the outlook for the conference season is now much brighter.

#### Play by Play

The play by play of the first game is as follows: After a close scrimmage Lawlor started the Wolf Pack out with a free shot and followed this closely with a pretty close-in shot. After another hard fight for the ball, Clover, the Nevada guard, was fouled, and converted the point. Hainor followed this with another close-in shot, the score at this point of the game being Nevada 6, St. Ignatius 0.

Maloney of the Gray Fog, all-state forward, got loose and hopped a pretty close-in shot. Partridge followed this with a foul shot and O'Neil came through with another foul shot making the score Nevada 6, St. Ignatius 4.

Bailey got loose and with fast passing caged another close-in shot. Neilan sank a foul shot. Maloney followed him with another foul and then again got loose and shot a pretty close-in shot. Nevada started a short rally and ended the half with Morrison and Hainor each making a basket. The score at half time with Nevada 12, St. Ignatius 8.

#### Second Half

St. Ignatius started the second half with Morrissey sinking a beautiful shot from the double lines. Hainor followed this with a foul shot and Maloney came back with a neat shot from the corner. J. Lawlor sank a long basket from the double lines and Morrison came right back with a close-in shot. Partridge got loose and made a short shot and Bailey came right back with one of the same kind. Clover made a foul shot. O'Neil made a foul throw and Hainor made a long one from the double lines. Neilan shot a foul and Morrissey caged another one, following it right back with a close-in shot. Bailey got loose and made a close shot and Maloney sank a long one from the double lines as the game ended. The line-ups were as follows:

Nevada	St. Ignatius
Lawlor.....F.....	Maloney
Bailey.....F.....	Partridge
Clover.....C.....	Morrissey
Hainor.....G.....	Neilan
Morrison.....G.....	O'Neil

Substitutes—St. Ignatius: Block, for Maloney, Bolati for Partridge, Olsen for O'Neil.

#### Second Game

The second game was won by St. Ignatius by the score of 26 to 21. This game was hard fought throughout and the outcome was never certain. St. Ignatius played better ball than on the previous night and the game was also featured by several long and brilliant shots made by the two flashy forwards, Maloney and Partridge. Nevada was weakened considerably early in the second half when Lawlor, the stellar forward, was put out of the game on personal fouls. The line-ups of the two teams were as follows:

Nevada	St. Ignatius
Lawlor.....F.....	Maloney
Bailey.....F.....	Partridge
Clover.....C.....	Morrissey
Hainor.....G.....	Neilan
Morrison.....G.....	O'Neil

Substitutes — Nevada: Robertson, Wright, M. Lawlor, forwards; Randall, guard. St. Ignatius: O'Neil, forward; Olsen, guard.

### U. S. C. FORTIFIED FOR TRACK SKED

With 56 track and field performers working out on Bovard Field for the coming season, Dean Cronwell, track coach of the University of Southern California at Los Angeles, is resting easier with the assumption that "safety in numbers" is a well-placed adage.

The Trojans have a heavy season this spring with dates filled as follows:

February 26—A. A. U. relays in Los Angeles.

March 12—Olympic lub in Los Angeles.

March 26—Stanford at Los Angeles.

April 2—California at Berkeley.

April 16—A. A. U. championships in Los Angeles.

May 14—Triangular meet with Los Angeles and Hollywood Athletic clubs.

May 27 and 28—National Intercollegiate at Philadelphia.

June 3 and 4—Pacific Coast Intercollegiate at Los Angeles.

Of the half hundred athletes preparing for the difficult schedule, the largest number, eight, are out for the sprints. High and broad jump aspirants come second. Seven leapers are competing.

Six half-milers are circling the oval with visions of championship honors, and the same number of quarter-mile men work with them.

A name, familiar wherever football is talked of, is found among the list of hurdlers. Morton "Devil May" Kaer, has doffed the moleskin and leather headgear for the spiked shoes of the cinder path, and shows promise of continuing his stellar performance on the low sticks, as he did with the pigskin.

Four weight men are heaving the shot and hurling the discus across the field, and promise to hold their own against competition. Four distance men have been jogging tirelessly around the oval, and more are expected out within a short time.

### W. A. A. MEMBERS HIKE TO ALUM CREEK SUNDAY

W. A. A. members who participated in rifle and volley ball, held a banquet in the library of the Agriculture Building from 5:30 to 7 o'clock last Thursday evening. At this time the rifle varsity and mythical volley ball varsity were announced. Stunts, including the singing of W. A. A. songs and decorations appropriate to the two sports were features of the evening.

Mrs. W. A. Clark, Miss Elsie Sameth and Miss Dorothy Crandall were special guests of the occasion.

### U. C. BALL TEAM IN ORIENT TOUR

Eighteen members of the Golden Bears' basketball team, including Coach Carl Zamlock and a senior manager, were authorized by the executive committee of the A. A. U. C. at a meeting held last week, to make a trip to Japan and the Hawaiian Islands this summer.

They will leave San Francisco May 10 and will return from Tokio during the latter part of June. A schedule of about 12 games will be played during the trip.

All expenses of the trip have been guaranteed, according to a telegram received by W. W. Monahan, graduate manager of the A. S. U. C.

Stanford made the trip to Japan last year while the Golden Bears journeyed to the Hawaiian Islands.

### U. C. GRID TEAM SCHEDULE FIXED

The final football schedule for the 1927 season of the California varsity has been completed, according to W. W. Monahan, general manager of the Associated Students.

With the exception of one opponent, it is certain that the Golden Bears will play their customary nine-game schedule against familiar opponents. The newcomer on the roster is Montana, with whom a conference contest has been scheduled for November 5, 1927.

The complete schedule is as follows: September 24, Santa Clara. October 1, Nevada. October 8, St. Mary's. October 15, Oregon at Portland. October 29, Southern California at October 22, Olympic Club. Los Angeles.

November 5, Montana. November 12, Washington. November 19, Stanford.

Santa Clara, St. Mary's and Stanford remain the same on the 1927 schedule as they did in 1926. Southern California and Washington appear a week later than they did last season.

Although the freshman seven-game series is not complete, it is expected that the arrangement calling for home-and-home games will bring the Cardinal Bear Babes together at the Stanford Farm on November 5, while the Red Varsity is away battling the Huskies at Seattle.

### 61 WOMEN ARE SIGNED TO TRAIN FOR HOOP SPORT

#### FROSH LEAD IN NUMBER OF EXPERIENCED PLAYERS

Although the women's basketball season does not begin until Monday many of the co-eds have signified their intention of participating in this sport and have already signed up.

So far, there are 53 experienced players and eight beginners who have signed. Classified according to classes the freshmen lead with 23 experienced women and four beginners; the sophomores have three beginners and 12 experienced members; the juniors closely follow the sophomores with 10 players familiar with this sport, and one beginner; the senior women have only eight members to defend their established laurels in basketball.

Miss Weber has announced that there will be a meeting of all women out for basketball Monday at 4:30 in the gymnasium. At this time there will be discussion for the arrangement of sections. As the gym is not available at the 3:45 periods, because of men's practice, it is planned, if possible, to have small sections of 12 to 14 each to practice at odd hours during the day. If this arrangement will not be suitable it will be necessary to have large sections at the 4:30 periods. There will also be special sections for beginners.

### CAL. BASKETEER TRIES BASEBALL

Walter Wyatt, sophomore forward on the California varsity basketball squad, turned in his suit last week and will try out for the varsity baseball nine. Besides playing forward on the 1929 basketball five, Wyatt was first string basketop on the freshman baseball team last spring. He is a promising candidate for the varsity catcher's job, left vacant by the graduation of Max Lloyd, catcher and captain of last year's team.

### WASHINGTON HAS CODE AT STAKE

UNIVERSITY OF WASHINGTON, Jan. 14.—(P.I.P.)—Faced with the largest docket in the history of the honor code at the University of Washington, reports of 32 violations are now on file with the senior council, and more are coming in daily. Four students found guilty of violating the

code received 30 hours in penalties, 15 hours added to graduation requirements, plus E grades in the 15 hours courses involved.

Extra sessions of the senior have been arranged for two weeks in advance. In all cases on which the council passes judgment the students involved have a right to appeal to the faculty discipline committee. Students are showing better support of the code than ever before in an effort to stamp out cheating, according to the president of the council.

### CO-ED REFEREES ARE KEPT BUSY

It was a busy week-end for the co-ed referees for their services were requested at all the games which were scheduled in this part of the state. This week as they report to practice they are settling all questions which arose in their minds while officiating at the high school games, by discussing questionable plays with other members of the physical education 60 class. They also report excellent treatment from the different high schools and coaches.

Those who officiated were Isabel Loring, '28, and Lucile Sanford, '29, at the Sparks-Lovelock game Friday night in Sparks; at the Reno-Lovelock game Saturday night in Reno, Eva Adams, '28, and Mae Bernasconi, '28; at Gardnerville on Friday night the Gardnerville-Dayton game and on Saturday night the Gardnerville-Carson game; Elsie Mitchell, '27, and Hannah Mitchell, '27, at the Carson-Fallon game Friday night in Carson and at the Sparks-Fallon game Saturday night in Sparks.

### BEARS CONCLUDE TRAINING GAMES

With the thoughts of drilling teamwork into his team and for the present, not victory, "Nibs" Price, basketball coach of the California Golden Bears, finished his pre-season schedule with an average of 750 per cent.

During the first week of their stay at Whittier, their winter training quarters, the Californians lost one game and won three. The Los Angeles Athletic Club was the victor in the first contest.

A list of the games played and the scores are as follows:

Dec. 28—L. A. A. C., 29, California, 17.

Dec. 30—California, 30, Whittier, 17.

Jan. 2—California, 38, San Bernardino, Jr. College, 14.

Jan. 4—California, 28, Whittier, 21.

Although Price has six lettermen on his team from the 1925 and 1926 Pacific Coast Conference Championship Five, he spends most of his time working with the sophomore and junior recruits in view of a future team.

The regular varsity schedule opened Wednesday, January 12, in the Harmon Gymnasium against St. Ignatius College of San Francisco.

DATES OPEN FOR SOCIAL AFFAIRS

METHOD OF PROCEDURE WHEN APPLYING FOR CAMPUS DATES

Social dates, which are definitely set by the student affairs committee, must be applied for at Dean Margaret E. Mack's office. The applicant for a date fills out an application, which he obtains there, giving a first and second choice of dates, the nature of the function (that is, whether it be formal or informal), and the name and address of the chairman of the committee on arrangements, signing the application with his or her own name.

It is necessary that these names be in the hands of the chairman of the student affairs committee as early as possible; if they have not been turned in 24 hours previous to the function the committee has the privilege of cancelling the affair.

OHIO CONSIDERS FROSH PROBLEM

Believing that the ills now suffered by higher education are mainly due to the freshman problem, President George Rightmire of Ohio State University has appointed a faculty committee to study the situation. Special appropriations have been made from the new budget to care for the expenses of the work.

MANAZNITA COLDS PUT HALT ON WEEK-ENDERS

There will be no over-night guests at Manzanita Hall this week-end, and probably next, due to the epidemic of colds, according to an announcement made by Miss Margaret E. Mack, dean of women.

VAUGHN PLACED ON RETIRED LIST

First Sergeant Enoc E. Vaughn, formerly instructor in Military Science and Tactics at the University of Nevada, has been placed on the retired list of the Detached Enlisted Men's list, and is honorably discharged as Captain, Infantry, National Army.

Captain Vaughn came to the University of Nevada on August 27, 1920, and served in connection with the R. O. T. C. here until September 15, 1925. He first entered the service of the United States army on February 18, 1901, and since has served as follows:

Company C, 10th Infantry, February 18, 1901 to February 17, 1904, discharged as sergeant; Company C, 10th Infantry, February 18, 1904 to June 13, 1906, discharged as private; Company C, 10th Infantry, June 14, 1906 to July 1, 1908, discharged as sergeant; Company G, 1st Infantry, September 9, 1908 to September 8, 1911, discharged as sergeant; Company G, 1st Infantry, September 9, 1911 to September 8, 1914, discharged as quartermaster sergeant; Company G, 1st Infantry, September 9, 1911 to September 8, 1914, discharged as quartermaster sergeant; Company G, 1st Infantry, September 9, 1914 to July 8, 1917, discharged as first sergeant; Company C, 44th Infantry and Detached Enlisted Men's list, August 12, 1919 to August 11, 1922, discharged as first sergeant; detached Enlisted Men's list August 12, 1922 to August 11, 1925, discharged as first sergeant; character excellent; detached Enlisted Men's list from August 12, 1925 to date of retirement; commissioned service July 9, 1917 to August 11, 1919, honorably discharged as Captain, Infantry, National Army.

INITIATION HELD FOR NEW FROSH

Wild war whoops and the banging of hard paddles on doors rudely broke in on the slumbers of the men of Lincoln Hall at 1:30 a.m. on Thursday, January 20.

The sophomores were routing out the new men for initiation. These luckless ones had to furnish amusement to the initiators for the next two hours, during which time they sang to the fair damsels of Manzanita Hall and traversed the icy tram on hands and knees.

The men who were initiated were W. Rau, '30, S. C. Murillo, '28, S. R. Dubravac, '29, C. V. Winder, '30, R. Coverston, '30, and E. Root, '30.

TRAVEL CLUB IS MEANS OF AID TO STUDENTS ON SUMMER TOURS

Among the people of the world today there are found many who have given a great part of their life to travel; not only is found who also has devotedly dedicated a very useful life to helping others travel. Dr. Ernest G. Keller, a man of rare attainments, a scholar, writer, and at heart a philanthropist, has succeeded in putting travel on a basis where its pleasures are multiplied many times and its benefits immeasurably.

As founder and general manager of the Students' Travel Club of 1440 Broadway, New York, he enjoys a distinction which his native modesty would not allow him to claim, but which none the less belongs to him: that of being the greatest influence in making travel easy, pleasurable and helpful, of any man ever identified with any phase of travel direction.

Today the Students' Travel Club

leads all tourist companies in organized student travel. Over 500 institutions of learning, 216 colleges were represented on their European tours last season on their European tours.

Dr. Keller is still a young man, 36 years old. He has achieved his objective through his dominant qualities—fair-mindedness in all business contracts, strict attention to and minute examination of every detail on hand, and applying intensive and far-seeing business methods. He believes in honest advertising. Some of the outstanding advertisements of the Students' Travel Club were designed by himself.

CIVILIZED MAN FELLOWSHIPS AT OUTLIVES FEET YALE ANNOUNCED

University students must use their feet more is the belief of Dr. Joseph Lelyveld, director of the national association of foot hygiene. In these days of hard board floors, pavements, modern shoes and flippers ready to take the Greeks to the most distant fraternal and sorority houses, he concludes that civilized man outlives his feet.

"The necessity of walking having been lessened, the muscles of the feet do not get enough exercise," said Dr. Lelyveld at the convention. "The people should be told the right kind of shoes to wear that their feet might be saved and their usefulness continue as long as the body needs them. This should be done by specialists."

"After years of abuse, when any of the 26 bones of the feet slip out of position, the arches begin to fall," he warned. "There are pains in the feet, headaches, backaches, fatigue, bad nerves, and spinal trouble when this condition exists."

Two Seessel Fellowships, of the value of fifteen hundred dollars each, are offered for original research in biological studies at Yale University. These fellowships are open to both men and women of the United States and other countries.

Application for the fellowships must be made to the Dean of the Graduate School, Yale University, New Haven, Connecticut, before March 1, and should be accompanied by:

- 1—An official transcript of the applicant's academic record. 2—Reprints of scientific publication by the applicant. 3—Letters of recommendation. 4—A statement of the particular problem to be investigated.

Words of LoveFill Education Building

By ANN INVADER "Do you believe in love at first sight?"

I paused. What a weird conversation for one to overhear while traversing in the hall of the Educational building.

"Oh, there is no other kind." "Good-night!" I thought, "Is someone pulling that line right here on the campus, at day-light too?"

I was decidedly interested and rather amused at the secret upon which I had stumbled. I began searching around for those love-lorn victims suffering from such an affliction.

"Then you do love me?" "It is too good to be true!" I chuckled to myself, "What a laugh I would have on someone."

"Only Campus Players allowed at this rehearsal of 'Captain Applejack,' came another voice. Feeling much like a beaten dog, I left.

BEARS MAKE UP '27 TRACK SKED

The track schedule for the Golden Bears for 1927 has been completed and consists of seven meets, three of which will be held in the University of California oval.

The University of Nebraska is slated to test their strength against the Bears on April 9. Coach Schulte, minus the services of Roland Lochte, the sensational sprinter who set a world's record of 9.5 seconds in the century race, is confident that he can show the Bears a real meet, for Nebraska is considered the best in the Missouri valley.

The schedule is as follows: March 19—Los Angeles Athletic club at Berkeley. March 26—Southern California at Los Angeles. April 2—Olympic club at Berkeley. April 9—Nebraska at Berkeley. April 16—Stanford at Palo Alto. May 27-28—I. C. A. A. A. A. championships at Philadelphia. June 3-4—Pacific Intercollegiate at Los Angeles.

The last two meets are not fully and formally approved but it is expected that the Associated Students executive committee will approve of it and send the trackmen to both events.

MANY STUDENTS START TEACHING

Practice teachers are enjoying a few days vacation before teaching begins. On February 1st 40 students will start teaching in the Junior and Senior High Schools of Reno. Of this 40, twelve are men, emphasizing the importance of athletics in high schools.

During the past seven years there has been a steady increase in the number of normal students as shown by the fact that in 1921 there were 14 normal graduates; in 1922, 18; in 1923, 27; in 1924, 34; in 1925, 32; in 1926, 44; and in 1927 there will be 40.

MANZANITA HALL CARD PARTY ADDS TO PIANO FUNDS

Manzanita Hall was the scene of a card party Saturday afternoon, when the women entertained the students in order to gain money for the piano fund.

The parlors were filled to capacity, there being approximately 20 tables of bridge. Punch was served during the afternoon, and light refreshments were served at the close.

This is the third annual Manzanita Hall card party given for the same purpose. Three years ago the girls undertook to purchase a Steinway grand piano, paying for it themselves. According to Theo Olmstead, '28, secretary of Manzanita Hall Association, the piano will soon be paid for.

BANQUET MARKS END OF SEASON

The seasonal sport spread was held last night in the Aggie building, marking the termination of the volley ball season, together with rifle activity for all except varsity participants.

Under Anita Beccas, '28, and Naomi Ayers, '29, clever stunts were put on, and the newly written W. A. A. songs were presented by choruses from the various classes. In addition to the supper, other features of the affair were the announcements of the volley ball class championship, and the mythical varsity team of the season.

NEVADANS WILL SPEND TWO YEARS IN AFRICA

Frank Peterson '07, who has been, for a number of years with the Holt Caterpillar Tractor company is now sent to Africa as sales manager for the company.

Peterson will go first to Sudan, then down the east coast to Cape Town, where he expects to arrive in April or May. He will be joined by Mrs. Peterson and their small son. Mrs. Peterson was formerly Helen Fulton, '10.

Peterson will probably spend about two years in Africa.
