PRICE FIVE CENTS

## WOLVES PLAY HOST TO TIGERS THIS WEEK

### NEVADA RECORDS SHATTERED THIS SEMESTER WITH 930 REGISTERED

**RAISE IN SCHOLARSHIP  
DOES NOT KEEP  
TOTAL DOWN**

**COEDS CREEP UP ON MEN  
IN PROPORTIONAL  
ENROLLMENT**

That last enrollment records have been shattered by the 1926-27 registration is shown by figures recently released from the University of Nevada's registrar's office. For the past two years the total number of students enrolled during the year has exceeded 900 but this a total of 930 has topped all others. This is in spite of the raise in scholarship requirements made last fall which states that at least 10 of the 15 high school units required for entrance must be of a grade of 80 or better. Final figures on this semester's enrollment show 789 students to be registered, an increase of 14 over last year at this time. Included in this total are 100 new students or ones that have attended before but dropped out the semester or more. Of from Nevada and 39 from outside of the state.

**Enrollment Varied**

The number of students from Nevada totals 673, by far the highest ever recorded from this state during any year. Figuring the white population of Nevada at 70,000 this means that one person out of every 104 of the total white population of the state is enrolled at the University of Nevada. Every county in the state is represented. California follows with 235 students from 42 of its 58 counties. From nine other states there are 21 representatives and Hawaii, Japan, Korea, India, South America, South Africa and the Philippine Islands go to make up the total enrollment.

Among the classes the Freshmen stand in the lead with 279, the Sophomores next with 192, Juniors 181, Seniors 74, Post Graduates 26, Unclassified 23, and Specials 14.

That Arts and Science courses lead in popularity is shown by the fact that 575 students are enrolled in this school as against 124 in Engineering. In the departments of Engineering, the Electricals lead with 60, the Mechanicals coming last with 16. The enrollment in the Normal department is 42, the Agricultural students total 21 and the Home Economics school has a membership of 26.

**Washoe Leads**

Washoe county leads among the counties of Nevada, 363 or almost one-half of the entire enrollment being from there. Next comes Churchill with 36, Elko with 29, and White Pine with 26, Mineral county being at the bottom of the list with 2.

Although the enrollment of men is still in advance of the women, the coeds have advanced a step as shown by the total of 427 women to 492 men as against last semester when there were 502 men and 328 women.

### RAPID PROGRESS ON NEW LIBRARY

Rapid progress is being made on the new library and it has been made more noticeable the last few weeks than ever. The interior has almost been completely plastered and the men will soon start on the wood work. During the last week the roof has been put on so that now adverse weather will not hinder the workmen.

**MANHATTAN  
MAZE**

It's a wise guy that can tell his woman nowadays, by her hair cut!

### MRS. EMMA CONROW ENTERTAINS LARGE CROWD WITH VIVID PLAY

**By BARBARA HORTON**

Laughter and tears, interspersed with a spiritualistic thread was found in "The Return of Peter Grimm," when Mrs. Emma Conrow, talented monologist, character actress, and impersonator, last night gave her version of Besasco's famous play, before a crowded auditorium.

Mrs. Conrow made descriptions so graphic and her characters so real, that one might easily have imagined themselves listening to many actors and actresses, and viewing a stage setting perfect in every detail.

**Setting**

The acts all take place in the ancestral home of Peter Grimm at Grimm's Manor, New York. The play centers around Peter Grimm, the wealthy owner of large botanical gardens, who is an old Dutchman, simple and plain in his ways, with old-fashioned ideas and methods of dress and living. His one desire is to see Catherine, a lovely young girl who has been brought up as his daughter, married to Frederick Grimm, his nephew, who has just finished his education abroad, and who poses as a most industrious young man but who is in reality a good-for-nothing fellow.

James Hartman, old Peter's private secretary, and an honest young man, is in love with Catherine, but realizing his case is hopeless dares not tell her. Doctor Andrew McPherson is the lifelong friend and neighbor of Peter Grimm, who is very much interested

in Psychology and Spiritualism. He and Peter make a compact that whoever dies first shall communicate with the one left. Peter insists that Catherine promise to marry Fredrick whom she does not love.

**Grimm Dies**

Just after he obtains her promise he suddenly dies. Catherine is left nothing, for Peter expects her to marry Fredrick and leaves all his money and possessions to him.

The second and third acts are rather weird scenes in which Peter Grimm returns in spirit, and attempts to communicate with his family to tell them that Catherine is not to marry Fredrick, and that he has made a great mistake. The doctor cannot get any message, but everyone in the house feels somehow the presence of Peter Grimm. It remains for Willie, the small grandson of the old servant Martia, who has always loved Peter Grimm, and who has been very ill, to give Peter's message to the family. Fredrick is shown in his true light, Catherine and Jim find their love for each other, and Peter has accomplished his mission and returns to spirit land, taking Willie with him.

The difficult task of giving the entire play in monologue was performed by Mrs. Conrow, and her extraordinary qualities and rare genius were shown in her handling of the play. She made her players real and gave each the individual character necessary for the perfection of their parts.

### ENGINEERS SHOW FEWER CHANGES IN REGISTRATION

### DECREASED ENROLLMENT BUT GREATER NUMBER OF GRADUATES

A common tendency on the part of those enrolled in engineering courses on the campus, to change to arts and science during their first or second years, is dropping off at a considerable rate, according to reports issued from the dean of engineers' office.

For the last few years some fifteen engineers have each semester sworn their fidelity to the higher mathematics and have taken up with the more kindly arts and science course. During the past semester, only five engineers made the change.

At the same time, the percentage of those engineers who graduate is comparing more and more favorably with the number who enter the courses as freshman. At one time it was not uncommon to have 12 engineers graduate out of an entering class of close to 90. This year there will be 12 graduates from a much smaller class, and the 30 graduates scheduled for next year balances this year's class of 30 freshman engineers.

**Percentage of Graduates High**

Although the number of students who enroll as engineers has decreased rapidly in the last few years, the percentage of graduates is much higher than formerly, and the decrease is not taken as a disadvantageous sign.

According to Dean Sibley, reasons for the recent lack of interest in engineering is due to the fact that the engineer requires more hours of work for the same degree as an arts and science student, and that, since the war, business administration and allied subjects are taking the interest of the men students.

This year's enrollment of 129 engineers shows a 20 per cent decrease over last year's enrollment of 149. There are now 68 electrical engineers, 26 mining engineers, 22 civil engineers, and 20 mechanical engineers.

### MUSIC CLASS IS GIVEN SYMPHONY

Beethoven's Fifth Symphony was played by Mrs. W. E. Clark and Miss Dorothy Crandall last Wednesday. For the members of the Music 57 class. In studying the evolution of the symphony from its origin by Handel, the development of Haydn, and finally Beethoven's perfection, this performance lent reality a swell as charm to the material.

Olga Steeb, of Los Angeles, who will play in Reno April 7, is going to give a Beethoven concert. By way of gaining a keener insight into the works of Beethoven and understanding the intricate parts of the symphony itself this class is acquainting itself with the works of this great master through various phonograph orchestration and piano selections.

### ENGINEER'S DAY TO BRING FORTH CLEVER STUNTS

### COMMITTEES TO HANDLE EXHIBITS, PARADES, HILL DANCE

The Associated Engineer's stunt on Engineer's day will be a "screamer" this year, according to Dean F. H. Sibley of the college of engineering. Wednesday a meeting was held in the electrical engineering building at which committees were appointed and plans for organization of committees were formed.

Committee chairmen are: Parade, Edward Ziegler '28; dance, Joseph Garcia '28; exhibits, Dean Sibley; banquet, Cornelius Port '27; publication and advertisement, Angus Bethune '28. Plans are progressing rapidly and the outlook for the event is very bright. Peter Gignoux '28, president of the Associated Engineers, states. The various departments will have on exhibit mechanical and electrical engineering curiosities. These exhibits will be continued well into the afternoon to allow downtown people to see them.

### CLIONIA, CAUCUS TO HAVE DEBATE

"Resolved: that the United States are justified in their policy toward Nicaragua," will be the subject of a debate between the Clionia and the Caucus at a joint meeting to be held in the Educational building on February 16. The Caucus will be the guests of the Clionia and they will have the affirmative side of the question. Up to date they have not announced their debating team for this occasion. Keith Lucas, '30, and Verdell Fant, '30, will uphold the negative for Clionia.

A declaration contest between a man and a woman from each of the societies will also take place at this meeting. Refreshments will be served at the completion of the declaration and the rest of the evening will be spent in dancing.

### PLAYERS ANGLE FOR SHOW DATE

Plans for the presentation of "Captain Applejack" in Fallon in the near future are being formulated, according to Ellen Harrington, '29, secretary of Campus Players.

Letters are being sent to the American Legion and the Rotary club of Fallon asking for a guarantee for the appearance of the dramatic society in that city.

The success of the Campus Players with "Captain Applejack" in Reno a few weeks ago is the reason for a business management to feel sure that they will have the same success in the smaller Nevada city.

### New Parking Rules Going Into Effect

New parking rules for the University campus will go into effect Monday, February 14. The traffic regulations have been prescribed by President Walter E. Clark following conferences with student body officers. The president was assured that the new rules would meet with the unanimous favor of the students and their cooperation would be given in the enforcing of them.

Parking rules as set forth are to apply from 7:30 a. m. until 4:00 p. m., every day with the exceptions of Saturday afternoons, Sundays and all official holidays.

Traffic will be kept off of the main thoroughfare by means of chains placed across that street at the intersection of the road leading to the rear of the Agricultural building, at the north end of the pavement at the hospital, and at the east of the parking space in front of Lincoln hall.

No parking will be allowed on the drives in front of Morrill hall or Steeplechase except for official university cars. Only cars connected with the public service division directed by Edward Records will be allowed to park in the rear of the Agricultural building.

Parking to faculty and students is allowable on the east campus in the space between the Mechanical building and the Physics building, and also in the rear of the gymnasium.

### MORE HOSPITAL EQUIPMENT HAS BEEN INSTALLED

### SCHOOL MEDICO REPORTS THAT CHANGES ARE TO BE MADE

Dr. M. A. Robison of the University infirmary reports a steady improvement of equipment in the infirmary, and he adds that although the equipment is not much as is found in larger institutions. It is possible for such cases as appendicitis to be cared for, as well as cases of tonsil removals.

No extra fee is charged for ordinary medical attention, and surgical cases can be cared for at the minimum of expense. Between the hours of 4:30 and 6:30, Dr. Robison is in the clinic to give professional advice to the students.

Since the first of this year Dr. Robison has had a graduate nurse in the infirmary and a number of new articles have been provided such as more linen and cutlery for the kitchen.

It is unfortunate, the doctor said, that the surgery is not separate from the consultation room and that the general equipment is not modern, however, the nurse has added certain articles to surgery, and by next semester she hopes that the hospital will have a new operating table.

### BRUSH MEETING HELD THIS WEEK

Rules for the preparation of copy and a discussion on the difference between news and feature stories were given by Marvin Robinson, '29, night editor of the Sagebrush, to a meeting held in the Educational building Wednesday afternoon.

Amy Goodman, '27, women's editor, also told some ways for making the Sagebrush stories better and gave the trees a few hints.

Walden Kline, '29, sport editor, spoke of the coming tournament, saying that "Since the Block N sponsors the affair, the Sagebrush wishes to give it all possible support."

Two people will be given free admittance to all the games for reporting them, and they will have the assurance of a good seat in the press box. Anyone on the staff or trying out who is interested in writing up these games should see him as soon as possible. Kline added.

### PLAYS WILL BE GIVEN IN MARCH

The three one-act plays to be presented by Campus Players trys are under rehearsal, and plans are being made for their performance early in March. Work is being rushed in order that the new members of the Players may be initiated into the organization as soon as possible. All three are being coached by students: "Sixes and Sevens" by Grace Bassett, '28; "The Love Pirate" by Isabel Loring, '28, and "A Girl to Order" by Jack Gregory '29.

### JOHN CHALONER AWARD WINNERS MADE KNOWN AT A. W. S. MEETING

**WOMEN VOTE TO DONATE  
25 DOLLARS TO  
Y. W. C. A.**

**NO DELEGATE WILL BE  
SENT TO COLLEGE  
CONFERENCE**

Margaret Browning, '27, Grace Murran, '27, and Grace Bassett, '28, were chosen yesterday by the committee of scholarships and awards to receive the three first prizes of \$100 each given in the College of Arts and Science by John Armstrong Chaloner.

Those women in the Arts and Science college to receive the three second prizes of \$50 each are: Eva Adams '28, Theo Olmsted '28, and Sheila Parker '29.

Elizabeth Shafer '29 will receive the \$100 prize in the School of Home Economics, and Rachel Barford '30 will be awarded the second prize.

In the Normal department Flora Jones '29 is winner of the first prize and Leila Williams '29 will receive second prize.

These announcements were made to the women students on the Hill at a meeting of the Associated Women Students held this morning in the auditorium of the Education building.

A motion was made and passed to the effect that A. W. S. will subscribe \$25 to the benefits derived from reports made by Margaret Ernst concerning her recent trip to Milwaukee where she attended the National Y. W. C. A. Student convention.

A measure was also passed stating that no delegate will be sent to the conference of college women held this spring at Champaign, Illinois.

A discussion concerning the furnishing of a room in Artemisia Hall for A. W. S. was sponsored. Miss Marian '28 and Wilma Squires were appointed to take up the matter in detail.

Verdie Fant '30 entertained the assembly with a dramatic monologue. The meeting was turned over to Alta Pierson, song leader.

### NEWS FOLK GIVE BIG MARDI GRAS

Held fast by the enticing strains of a jazz orchestra and the balmy glow of newsboys as they distributed miniature copies of the Sagebrush, the members of the Campus publications and their guests gathered at the Old Century club Saturday night for the first Publications dance, the Big Mardi Gras.

Early in the evening the dancers were thrown into an intimate spirit of fellowship when a general barrage of serpentine was laid, and newspaper hats were distributed. Intervals following every third dance were taken up by a variety of feature stunts which were created especially for the Mardi Gras.

The programs were small cardboard replicas of the Sagebrush with a column of scandal on each side, and the program in the center.

The patrons and patronesses for the occasion were Dr. and Mrs. Walter E. Clark, and Professor and Mrs. A. L. Higginbotham.

### Y. W. C. A. HOLDS VESPER SERVICE

Y. W. C. A. held its first Vesper service Sunday afternoon at Manzanita hall. The hour was spent singing old songs and those present were entertained by Mrs. Moll Case who recited several poems by Riley; Miss Betty Goodner sang several vocal selections and Mrs. Geraldine Wagner Donovan played a number of violin solos, being accompanied by Florence Billinghurst '27.

Miss Billinghurst is in charge of these Vesper meetings which are to be held every Sunday from four to five. Next Sunday the meeting will be at the home of Mrs. Moll Case on 16 West Fifth street.

### REPORTING CLASS WILL SEE LEGISLATORS ACT

English 25, the journalism class in news writing, will go to Carson City next week, while the legislature is still in session, for the purpose of getting practical experience in covering legislative procedure.

### PACIFIC TIGERS INVADE CAMPUS FOR TWO GAMES WITH WOLVES

### FIRST CONFERENCE TILTS FOR WOLVES SPOTLIGHT FOR COMING WEEK-END

Pacific's cagers, making their appearance at the University gym this week-end will mark the beginning of a series of games which comprise the most important part of Nevada's schedule. This year's championship race is bound to be nip and tuck as four of the five teams are very evenly matched—if comparative scores are of any significance.

### FRATS SEEK TO EXEMPT HOUSES FROM TAXATION

### CAMPUS SOCIETIES HAVE CASE TAKEN UP BY J. BELFORD

Exemption from taxation will be asked by the fraternities and sororities of the Campus in a bill that is to be introduced at the State Legislature soon.

John Belford, '29, now a practicing Reno attorney, has undertaken to sponsor the bill at the request of the Inter-Fraternity council. As yet no-one has been chosen to introduce the bill into either the assembly or the senate but a choice will be made some time next week.

Two years ago the measure was brought before the legislature but it failed to pass. The bill to be presented this time will be a draft of the one used two years ago.

Under the law of the State of Nevada all school property is exempt from taxation. According to Belford, the Inter-Fraternity council feels that although the fraternity and sorority houses are not school property, they are so closely connected that non-taxation should apply to them as well.

**Many Owned**

Five of the fraternities and one of the sororities on the campus own their own homes or else are paying for them. The taxes collected from this group amounts to approximately \$1000 or an average of \$165 to each organization per year. The remaining three fraternities and five sororities do not own their houses at the present time but will do so in time to come.

"In view of the above facts," Mr. Belford states, "the Inter-Fraternity council believes that it would be a fair move to exempt the houses from taxes. If there were no fraternity or sorority houses the state would be put to the expense of building one, or more dormitories, which, under the law, would be free from paying taxes. The difference felt by the state in the loss of these taxes would be very slight while the money saved by each individual fraternity would help a great deal in its upkeep."

St. Mary's, Fresno State and the Cal Aggies will be entertained on successive week-ends till the end of the season. The Wolves are anxious to show their best wares to the home folks and will undoubtedly start right out with the Pacific Tigers.

Last year the Wolf-Tiger series resulted in a draw—each team gaining a hard fought decision over the other. The games were played at Stockton and from all accounts were particularly thrilling. The outcome on both nights was very much in doubt until the final moments of play.

**Veterans on Team**

Coach Richter is bringing to Reno an almost identical team to that which lined up against the Paek last season. Easterbrook, all-conference center, Jacoboni and Truman are playing their last seasons and are responsible for a good share of the Tiger success this season. They have been playing regularly and Pacific's game is to a large extent built around them. Boyce, another of their best bets and handles the ball well for such a large fellow.

**Fair Season for Tigers**

The Black and Gold has had a fair season. They started off with a bang but were not able to keep up the fast pace which they set for themselves. Looking impressive in some of the games they were not so capable in others. A short time ago the Auburn Cubs, a club aggregation, defeated them on their home court and registered a genuine surprise in basketball circles. However, it was apparent that the Metcalf boys merely suffered a bad night and are out to regain prestige with a vengeance.

**Wolves Variable**

Nevada's season to date has not been inspiring. The team has not won many games this far, but has acquired invaluable experience so essential to a first rate quintet. Injuries, sickness, inexperience—the bane of all teams played havoc with the Wolves' early season hopes. Despite these trials Coach Martie has drilled his charges until they are now on the threshold of a satisfactory career. Tuesday evening in scrimmage against the Northwestern club the Varsity unleashed a scoring attack that netted over thirty points in less than a half of play. All shots were close in to the basket and the ball was worked up flawlessly. It was indeed gratifying that the season's training should be so culminated.

St. Mary's, Fresno State and the Cal Aggies will be entertained on successive week-ends till the end of the season. The Wolves are anxious to show their best wares to the home folks and will undoubtedly start right out with the Pacific Tigers.

### TRAVELER TALKS ON HILL FEB. 25

### PERSONALITY IS LECTURE THEME

"Personality is one of the most important factors in making towards business success of the individual." This was the central theme of a talk delivered before a group of business administration majors in the Education building Thursday morning by Clark Hallam of the firm of Beckman, Hollister & Co., San Francisco business engineers. Pointing out that the big majority of business failures is due to shortcomings of the individual, Hallam stressed personality as one of the most important of individual qualities, and as one which is most likely to be overlooked.

The business engineer took from his own experiences several examples of the importance of the personality element in business success. At the conclusion of his talk, Hallam made a few remarks on staying with a venture regardless of a dark future. The speaker was introduced by William R. Blackler, instructor in the department of economics.

Mrs. Oliver Bainbridge, traveler and lecturer, will speak at the assembly February 25, at 11:25 o'clock.

Mrs. Bainbridge has spent the last 16 years traveling in out-of-the-way corners of the world. Her experience behind the Purdah of India while visiting the princes of the most important native states, enables her to tell a captivating story of that country. She has the distinction of being the only living white woman who has seen the whole of the Duk Duk ceremony in Bismarck Archipelago, having been present at the initiation of her late husband, Oliver Bainbridge, the distinguished explorer, lecturer and author.

"The subject of Mrs. Bainbridge's talk will be 'The Women of India.' It has an especial appeal to the women as few women have the opportunity of seeing and studying conditions behind the Purdah as the lecturer had while the guest of many of the Princes of India.

### Artemisia Art Says:

It seems we made a rash statement, a couple of weeks ago, when we said that the Artemisia had a very fine joke section. It has to be sure, but it hasn't yet been all written. So we'd like to have a little help. If anybody knows anything funny about anybody else, or any low-down of any kind, or just ANYTHING funny, we wish they would be so kind as to let us have it. Write it out and hand it to Thor Smith, Tom Wilson, or Artemisia Art himself. If you can find him, or put it into the mail slot in the Artemisia office.

### DATE OF FROSH GLEE POSTPONED

The freshman glee, which was scheduled to be held in the auditorium of the new state building, on March 12, has been postponed until March 26 due to the fact that the building has been engaged for the evening of the twelfth for several weeks by the Y. W. C. A.

The committees in charge of the decorated work and those in charge of the other work that must be done have now begun to function with the assurance of a fixed date for the affair.

# FRATERNITY AND SORORITY HOMES CARE FOR MANY

## ALPHA TAU OMEGA LEAD FRATS; THETAS AND TRI DELTS TIE

It has been estimated that 180 students are living in sorority and fraternity houses. The number of women staying in sorority houses total 37. The number in the respective houses are:

- Kappa Alpha Theta—10.
  - Phi Beta Phi—8.
  - Gamma Phi Beta—9.
  - Delta Delta Delta—10.
  - Sigma Alpha Omega, and Beta Delta sororities have no chapter houses this semester.
- The number of men total 143, distributed as follows:
- Sigma Nu—21.
  - Alpha Tau Omega—28.
  - Phi Sigma Kappa—19.
  - Kappa Lambda—16.
  - Sigma Phi Sigma—22.
  - Sigma Alpha Epsilon—15.
  - Delta Sigma Lambda—13.
  - Beta Kappa—9.

Besides the number of men living at the various houses there is an additional 27 that board at the "Frat" houses.

# WILL GIVE PRIZE FOR BEST STORY

As a prize, a copy of "Deadlines" by Henry Justin Smith, will be given by Professor A. L. Higginbotham to the freshman on the Sagebrush staff who writes the best news story between now and the first of April.

Professor Higginbotham has given the following provisions for the contest:

1. It is to be open only for freshmen on the "Brush" staff.
  2. It is to be for:
    - a. Best news "coverage."
    - b. Best writing of straight news type.
  3. It must be campus news.
- As judges he has appointed the editors of the three campus publications: Thor Smith, '27, of the Artemesia; Norman Bell, '27, of the Desert Wolf, and Ernest Inwood, '27, of the Sagebrush. "Deadlines" by Henry J. Smith which is the prize offered is a book descriptive of newspaper life. In last semester's contest it was won by Bernice Barnes, '30.

With a prize in view the freshmen on the staff working with competition should write better stories, Higginbotham said.

## Y.W.C.A. WORKER ARRIVES IN RENO

Mrs. Margaret G. Powell, the widow of the late Dr. David Powell of San Francisco, arrived in Reno today. She is a member of the National Rural committee of the Y. W. C. A. Mrs. Powell will speak on the "Value of the Y. W. C. A. in Small Towns" at the Silver Tea to be given by the University Y. W. C. A. at the home of Mrs. Morrison. She will also be present at the Sunday Vesper services.

During her stay in Reno, Mrs. Powell will be entertained by Mrs. C. R. Carter at a luncheon Saturday, and Mrs. Frederick Snyder is giving a dinner in her honor Monday evening.

## Coy Maiden Entices Winter Chill Away

Old Man Winter has at last succumbed to the overtures of that young lady, Spring, and the placid waters of Manzanita lake once more ripple against the banks after being held in the grip of thick ice since the Christmas holidays.

The Orr ditch, not long ago crowded with jagged chunks of ice hurrying down the current, is again clear, and except for the abundance of cigarette stubs that daily are cast from the bridge above, its surface is smooth and untrammelled.

The wily muskrat who had not made his appearance since mellow fall days, poked his inquiring nose above the surface the other day, meeting with the usual vociferous cries from loiterers at the concrete bridge, then ducked his head and darted out of sight around the bend.

## STUDENTS SHUT IN PADDED CELL

"You may as well make yourself at home, you'll be here someday too." This statement greeted the Journalism class on their annual tour through the county jail, this week.

Accompanying the class, Sheriff J. D. Hillhouse led them on a tour of inspection. The prisoners gave much sage advice to the young journalists. "Uncle Sam is the best uncle we've got, and this is the best boarding place he could give us," positively stated one prisoner.

A number of the students were locked in the padded cell "to get the feel of it" as Sheriff Hillhouse said.

Each year the elementary class in journalism makes a tour of the county court house and the county jail.

## WOMEN TO GIVE DANCE AT HALL

An informal dancing party is being given tonight by the women of Artemesia and Manzanita halls at Manzanita. This being one of those occasions on the campus where the "girl friend" has to make the dates, the past week has been marked by much debating over whom to bid. With that question solved at last, the women are ready for a big evening.

The decorative scheme found its inspiration in St. Valentine's day and the effect is satisfactory indeed, according to those who have their "dates" clinched.

Put Scholarship First.

# Nevada Smoke House

- 16 W. Second Street
- SMOKERS' REQUIREMENTS and
- FULL LINE OF CANDIES
- Butter-Kistwich Sandwiches
- SOFT DRINKS

## MANY STUDENTS ENTER HOSPITAL

Perhaps it's because there is a faint odor of spring in the air—perhaps because exams have really begun—perhaps because the University students have learned that wet feet are conducive to colds—at any rate, there has been a decided decrease in the number of cases of colds and "flu" that have come to the University hospital for attention during the past week. There have been, however, several broken bones and sprains reported.

Marjorie Lane, '29, has been forced to don crutches because of a sprained ankle. Edme Peterson, '30, fell in Manzanita hall Friday and broke her wrist. The break was set by Dr. Robinson of the University hospital and is reported to be doing nicely. Sheila Parker, '28, injured her foot Monday, but is considerably improved.

## OLD GRAD WILL TALK TO GROUP

On Wednesday, February 16, W. E. (Bill) Melarkey, representing the General Electric Company, will talk before the University branch of the American Institute of Electrical Engineers. His subject will be, "Relays and their application to power plants and transmission lines."

Melarkey graduated from the college of electrical engineering here in 1921; before that time he attended the Reno public schools so he is well known in Reno.

### CLUB MEETS

The Women's Faculty Club met Saturday at the home of Mrs. Charles Fleming on Ralston street. The next meeting will be a guest meeting.

## JONES TELLS OF GRADUATE JOBS

Thomas Jones, '20, a graduate of the college of electrical engineering who is a sales engineer for the Century Electric Company has written Professor S. G. Palmer of the school of electrical engineering regarding the possibilities of electrical engineering graduates obtaining positions with his company. He states that positions might be open on the sales force or in the manufacturing department of that company.

Jones was the highest ranking student in the college of engineering in 1920. He was elected to Phi Sigma Phi honor society in his senior year.

"Back the Pack." Put Scholarship First.

## GEOLOGY CLASS VISITS STEAMBOAT TERRITORY

Steamboat Springs was the recent study site selected by the class in Geology 70.

On the field trip the class inspected the old mercury mine located near Steamboat, and watched the geysers shoot from the spring at the north end.

I've got a half-nelson on jimmy-pipe joy

I TOOK P. A. for better or worse . . . and found it better! Better than anything I had ever smoked. That's my story and I'm going to stick to it. When siren-brands try to flirt, I just give them the Frigidstaire. I know what I like in a pipe, and what I like is Prince Albert!

The instant you break the seal on the tidy red tin and get that wonderful fragrance of real tobacco, you know you are in for a pipe-treat. Your mouth fairly waters for a taste of tobacco that smells as good as that. Then you load up and light up—ah! . . .

Cool. Sweet. Fragrant. Old words, I'll admit, but you get a brand-new idea of how much they can mean in a pipe-bowl packed with P. A. Maybe you've always thought such pipe-pleasure was "just around the corner." Try a load of Prince Albert and turn that corner!

**PRINCE ALBERT**  
—no other tobacco is like it!

P. A. is sold everywhere in tidy red tins, pound and half-pound tin humidors, and pound crystal-glass humidors with sponge-moistener top. And always with every bit of bite and punch removed by the Prince Albert process.

© 1927, R. J. Reynolds Tobacco Company, Winston-Salem, N. C.

Week-End Display OF **New Spring Coats and Dresses**

We have just received a new shipment of new Spring Dresses and Coats that we now have on display and OFFER AT SPECIAL PRICES

Spring Coats \$12.75 to \$39.75

## Campus Briefs

ELBERT D. CURTIS, '24, a graduate of the college of civil engineering was a caller on the campus during the week. Curtis is on his way from Oakland, California to Gary, Indiana where he has been employed for some time by the American Bridge Company at that town.

EUENE BURGLE, ex-'26, is in charge of the apprentice school at Mare Island Navy yard.

GLADYS BROONER, '30, spent the weekend at her home in Hazen.

LEM ALLEN, '28, RALSTON CREW, '27, GRANVILLE LEAVITT, '28, JOHN RICHARDSON, '29, EMORY BRANCH '27 and KARL VOIGHT, '29, attended the dance at the new fraternal building in Fallon last Saturday evening.

FRED C. VOIGHT, father of KARL VOIGHT, '30, was a visitor at the Alpha Tau Omega house last Thursday and Friday.

LAWRENCE FULLER, '27, spent the weekend with friends in Stockton, Calif.

ALLAN BIBLE, '30, recently visited his parents in Fallon.

MITCHELL OLIVER, '30, motored to Carson City Sunday.

BETTY DOVE, '30, GRACE BASSETT, '28, and GERTRUDE WYCKOFF, '27, motored to Gardnerville Saturday where they attended the Glee club concert.

MRS. RALPH BROWN (nee Alberta Jones, '29), is visited her parents, Professor and Mrs. J. C. Jones.

INEZ HOLMSTROM, '30, was visited by her father, John Holmstrom from Lovelock over the last weekend.

R. COVERSTON, '30 and H. SANFORD, '30, spent the last weekend at their homes in Fallon.

CLARK AMENS, '28, was visited last week for a few days by his father, who came to Reno from Ely on business.

EDWARD DYER, '30, spent the weekend at his home in Wabuska.

ELIZABETH JOHNSON, '29, spent the weekend in Fallon.

PAULINE WREN, '27, spent the weekend in Hawthorne visiting FLORENCE BENOIT, ex-'26.

TED BEACH, '29, ADRIAN AIKEN, '29, and BOB BRONCE, '30, motored to Lake Tahoe to spend the weekend.

RENE LEMAIRE, ex-'26, spent last week as the guest of the Sigma Phi Sigma house.

SYLVIA CROWELL, '30, spent the weekend at her home in Carson City.

SHERWOOD FRENCH, '30, has returned to school. He has been confined to a San Francisco hospital where he underwent an operation.

JOHN WALSH, '29, is confined to his home with an attack of influenza.

HELEN WELLS, '26, instructing in the Virginia City High school, was the weekend guest of MARGARET BROWNING, '27, at Manzanita.

LUCILE BAKER, '29, was the guest of GENEVIEVE WILLIAMS, ex-'29 in Fallon over the weekend.

LUCILE OPDYKE, '30, spent the weekend at her home in Fallon.

ELSIE MITCHELL, '27, was the guest of LUCILE SANFORD, '29, at the latter's home in Fallon last weekend.

RUTH CURTIS, '26, visited her home in Reno over the weekend and entertained Evelyn Wallace of Fallon.

ISABEL LORING, '28, spent the

weekend at her home in Fallon.

ART LYON, '26, attended the formal opening of the new fraternal hall in Fallon last weekend.

KATHLEEN MALLOY, '28, had as her guest last week Corinne Layne of University of California.

SUZETTE BOWMAN, '20, spent the weekend in San Francisco with her parents.

GRACE UHART, '30, and LOUYNE ANDERSON, '30, spent the weekend at the latter's home in Wadsworth.

GRETCHEN CARDINAL, '30, was visited by her father during the week.

THEO OLMSTED, '28, enjoyed a visit from her father this week.

HULBERT HORN, '24, visited friends on the campus Tuesday. Horn is now employed as construction engineer at Emigrant Gap, California, where a dam is being constructed.

IRENE WILSON, '30, went to Minden last Friday to visit her parents.

VINCENT ALEXANDER, '27, and MERLE SELLMAN, '29, spent the weekend at Tahoe Tavern.

LUCILLE MCKENNY, '30, visited her home in Loyalton, California, over the week-end.

## Y. W. ENTERTAINS AT 'SILVER' TEA

The campus members of Y. W. C. A. cabinet were hostesses this afternoon at a silver tea held at the home of Dr. and Mrs. Morrison on Court street. Mabel Mariani, '28, had charge of the tea, the purpose of which was to raise funds. The invitation was extended to all student members as well as to the advisory board. Music and reading selections provided a very interesting and attractive entertainment for the afternoon.

The tea followed up and concluded the membership drive which was conducted all day Thursday and Friday morning by two rival teams composed of Y. W. C. A. campus members. The aim of the two teams was to bring the most women students into Y. W. membership.

## MINSTREL TO BE GIVEN MARCH 11

Plans for the Y. W. C. A. minstrel show to be given March 11 are progressing under the direction of Isabel Loring, '28, and Lucille Summerfield, '28. Although the material to be used is not original it is clever, and the two "end" men so popular in minstrel shows will be ready with some new jokes concerning people and things on the campus.

In all probability the show will be presented in the Education building auditorium, and admission will be 25 cents.

## CHANGE IS MADE IN COMMITTEE

In appointing the Mackay Day committee the executive committee failed to recognize an established custom and law that the toastmistress and her committee members were to be chosen from the Home Economics department. Charlotte Porter has, therefore, been appointed as toastmistress in the place of Grace Muran, who is not a "Home Ec" student. The remainder of the committee under the supervision of the toastmistress will remain the same, being: Naomi Ayers '27, Katherine Davidson '28 and Constance Holland '28.

## FIND WOMEN DO NOT BREAK LAW

One of the most unusual records has been noted this semester in that no tradition breakers have been found among the women students. According to Grace Muran, '27, president of A. W. S., this is far better school spirit than was shown last semester when several miscreants were punished for their misdeeds.

Three students have as yet to make amends for traditions broken last semester. Instead of performing before the student body as is the usual custom, these students will assist in the preparations for Mackay Day.

Miss Sissa, registrar, wishes to emphasize the importance of notifying the office of a change in address. Many nomadic students have failed to do this, and mail has been received at the office which cannot be forwarded since the addresses are lacking.

## THE SAFETY FACTOR

One minute to go and the last bell will brand him as tardy for his class. The student "steps on her" and pours up through the Campus gates with speed akin to the wings of the wind, but with infinitely more uproar. Down the main thoroughfares he shoots with fellow students and faculty hurriedly dodging from his path to escape being run down. Yes, he did make his class at the last second. But he recklessly endangered many lives in doing it.

Monday there will go into effect the new Campus parking rules. It is true that with the new order students and faculty will be terribly inconvenienced to the extent of having to walk a few extra steps from the door of their car to the door of the building. But despite the necessity of this torturing exercise the new regulations will immeasurably benefit all concerned.

The administration is to be congratulated on the new rulings and since they are for the benefit of the student and faculty alike, the complete cooperation of those concerned is expected. The elimination of danger to life alone, is worth any number of parking regulations. Added to this is the possibility of greater quiet and the air of scholarly calm that comes with the removal of cars during class hours.

Spring is already in the air. Soon will come the green of the lawns, the foliage of shrub and tree. In such a landscape the closely packed, circus-day effect of parked automobiles adds an ill-fitting touch. From all angles the new parking regulations bring but little inconvenience and many-fold benefits.

## STILL SOARING

Enrollment records at Nevada continue to fall. The figures of the present semester bring the year's registration up to a total never before attained at this university. True it is that this year's record exceeds but by a few students the marks made last year and that preceding. However, viewing the many factors which have come into being during the last two years to raise scholastic standards, is very noteworthy that enrollment should continue to increase.

Entrance requirements have been twice raised during the past two years. Out of state tuition has been increased to a figure quite high as state institutions go. Federal Board students who in the past have totaled upwards of fifty are no longer carried.

In view of these factors and the new enrollment record Nevada's progress in the last decade is reflected in her student body both quantitatively and qualitatively.

## BEHEADING ACTIVITY

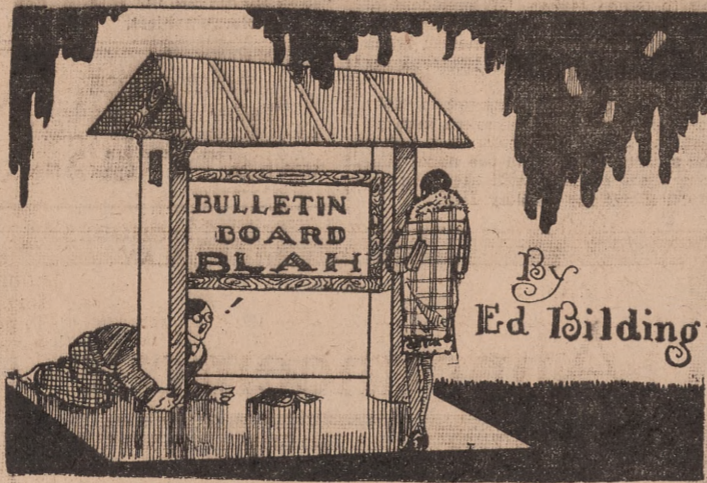

There are approximately 85 organizations or associations in connection with this campus that daily eat into a student's available time. In other words there is some organization existing for every nine students attending the University. Of these 85 organizations 22 are existing in various stages of inactivity and decay in such a way that they are a benefit to neither themselves, their members or to the University. There are 9 that duplicate the work of some other group which carried out the objects of its organization successfully before the duplicate came into being.

In itself, perhaps, this large number of organizations on a relatively small campus does not seem a great defect but when it is remembered that many students belong to none while others are members of several it assumes a more serious aspect. More than once there have been posted notices of from two to six organization meetings taking place at the same time and to all of which some one student happened to belong. In such a case, a person could do justice to none of the organizations in trying to keep his head above water in all of them.

In addition to the fact that they tend to reduce scholarship averages by taking up too much time, many of them serve only as a means of gaining a longer list of names or titles after one's name in the Artemisia than has the other fellow. Some persons, from the time that they enter college, work only to achieve such a collection of titles after their names that they will appear to have been "big guns" in campus life.

To remedy this state of affairs there is only one apparent solution. For those inactive, sick or dead, the funeral march should be played, and the least essential and duplicates should have their names erased from the roll of University organizations by the Executive Committee at the earliest possible moment.

-F. A.

Seeing as how it's getting habitual to say something about these here social functions, I suppose it would be entirely in order to remark about the Press Mardy-Grass.

Some lassie remarked that it was very dusty there at the dance. Well, all that we have to say about that, of course, is: "WHY BLAME IT ALL ON THE HALL?"

Some goon comes stumbling over: "Full up?" "Yes," says I, "and so is my program."

I enjoyed the dance alright, but not near so much as I did the crying-towel parade offered by the Tri Delta ladies over what I said about their Jazzerino last week.

One of them wishes to give my readers the following contrib: "A few men were badly disappointed at the Jazzerino—having come with the intention of finding Wine, Women, and Song."

If that helps the situation any, let it lie in peace.

IN LINE WITH THE PICTURE BEING SHOWN AT THE WIGWAM THIS WEEK, COLONEL RYAN WISHES TO ANNOUNCE THAT EACH AND EVERY STUDENT COMPLETING THREE YEARS OF R.O. T.C. WILL BE ADMITTED INTO THE BOY SCOUTS WITHOUT HAVING TO TAKE THE TENDERFOOT EXAMINATION.

Being lazy this week, may I offer to you a very timely offering from the Oregon Emerald.

SCHOOL SPIRIT: Cussing the guy on the team for missing a basket that you couldn't make if you were the only guy on the court.

Editor's note: For those who came in late may I repeat that this is being written by the Deans Sons (plural), and now that they are smart-cracking each other, we ought to be all set for a few nice numbers.

Speaking of conquests in Asia or elsewhere, what did you think of the little doll I hid to the Frosh Glee 4 years ago?

Ennahow, in preparation for the dressing (not a cooking course but clothes) Papa lent me the tuxedo that he got married in. It was certainly a kick in the pants.

These last named articles were just short enough to display the pretty red and white polka dot socks that I had bought specially for the occasion.

Strange to say, I was a success at the dance. I must have been, because I didn't have to dance all the dances with my girl! Some stags took one or two to give me a rest. That's college spirit for you.

I got this letter and it wasn't to me that reference was made: Dear Confessions: A dean's son asked to kiss me

the other night, and I refused him. He called me silly, and made me feel cheap. I didn't give in—Did I do right? —Flora Dora.

Dear Flora Dora: From what I know of the other dean's son, you did wrong by ever going out with him. —The other Dean's Son.

THE FAT DOCTOR SAYS HE LIKES TO DRINK AWFULLY HOT COFFEE, 'CAUSE IT FEELS SO GOOD WHEN YOU STOP.

Susan puns viciously twice in a row: Says she knows why some of the boys won't take out a certain girl, friends of hers—she has eye trouble—I want this, and I want that. About the time I got done going into convulsions over that, she tells me she also knows a little Wooden Shoe Girl—Wooden shoe buy me this big box of candy!

Hurray, Welty has returned to the fold!

Dear Ed:—Three frosh were walking down the road together, one of them sez, "Say fellas, these Pi Phis are sure good scouts, every year they give the campus a Jitney Crawl."

"That ain't nothin', sez the second, "the Tri Deltas give 'em the Jazzerino."

"What do the Thetas give 'em?" asks the third. "Nothin', big boy, nothin'," sez I, "leastways nothin' you'll ever hear about."

Yours for charity, —Welty.

Welty's name, address, and telephone number will be given the Thetas, of course, upon request.

Here's a sad situation, man! GORDON IS IN LOVE AND IT ISN'T SPRING YET! What would you do? —blah—

WHADDA YA SAY? NOT SPEAKIN' OUT LOUD.

## THE SOCIAL SIDE

### CO-ED MARRIES

Eleanor Curieux, '27, and Floyd E. Massie of Elko were married Sunday morning, February 6. The bride is well known on the campus, being a member of Sigma Alpha Omega sorority and of Phi Kappa Phi scholastic honor society. She is also president of Manzanita hall. The couple expect to make their home in Elko after Mrs. Massie has finished her college work in the spring.

### SORORITY HAS SOCIAL MEETING

Sigma Alpha Omega sorority held a social Monday evening at the chapter room at Artemesia hall. A buffet supper was served and stunts and music formed means of entertainment.

### PI PHI GUEST

Miss Emma Conrow who is to appear before the students Thursday morning in several dramatic presentations is to be the guest of the Pi Phi house at dinner Thursday evening. Miss Conrow is a Pi Phi from the Alpha chapter in Pennsylvania.

### WOMEN'S FACULTY CLUB MEETS

Saturday afternoon, February 5, the Women's Faculty club met at the home of Mrs. Fleming on Ralston Heights. The hostesses were Mesdames Charles Fleming, Cecil Creel, Rollin McCarthy, and Phillip Lehenbauer.

### EXTENSION WORKERS HONORED

President and Mrs. Walter E. Clark entertained Friday, February 4, with a dinner in honor of the extension service of the university. Dr. Eugene Merritt of the Federal Extension bureau was an honor guest.

### DE MOLAY TO ENTERTAIN

Sparks Chapter, Order of De Molay, is entertaining with an informal dance to be held in the Sparks Masonic Temple Wednesday evening, February 16th. All De Molays are invited.

### S. A. E. PARTY

Sigma Alpha Epsilon entertained at a Hardtimes costume dance at Coney Island Saturday evening. Bruce Connolly, '28, and Vernon Canton, '28, enacted a clever skit and during the evening several prize dances were featured. Miss Louise Sissa and Mr. and Mrs. Lawrence Shaw acted as patrons and patronesses for the evening.

### INITIATES HONORED

Saturday evening, February 5, a formal banquet was given by Sigma Alpha Omega sorority in honor of the new initiates. The tables were decorated with sorority colors and with flowers.

### K. C. HOST

The Knights of Columbus entertained the student members at a dance at the K. C. hall Thursday evening. Music for dancing was furnished by Vic Particello's orchestra. The sextette from

### THE MEN'S GLEE CLUB

The Men's Glee club of the Reno High furnished several vocal numbers and Miss Margaret May sang selections accompanied by Miss Jones. About seventy-five couples were present to enjoy the evening.

### DELTA SIGS ARE DINNER GUESTS

Members of Delta Sigma Lambda fraternity enjoyed a waffle breakfast at the home of Dr. and Mrs. Charles O. Gasho on South Center street Sunday morning, February 6. Those present were Charles Poppe, '26, Carl Small, '26, Max Ball, '27, Walter Putz, '28, Charles Renwick, '27, Robert Stewart, '27, Claire Lehmkuhl, '28, Gael Curto, '29 and Dr. and Mrs. Charles O. Gasho.

### HOUSE DANCE

Pledges of Beta Kappa were honored with an informal dance given in their honor last Friday evening at the Beta Kappa house. Leonard Sledge entertained with a number of readings. Mr. and Mrs. W. E. Sellman and Professor and Mrs. V. E. Scott were patrons and patronesses.

### INITIATION CEREMONIES

Sigma Alpha Omega held initiation ceremonies Friday evening, February 4, for Ellen Russel, '29, Edith McCus-ton, '30, Madella Sullivan, '30, and Virginia Olds, '30. After the ceremony the initiates were honor guests at a supper given at the home of Mrs. Charles W. Davis, a patroness of the sorority.

### "ALL COLLEGE" DINNER

Tomorrow evening, Saturday, February 12, at the Century club, the American Association of College Women will give an "All College" dinner. Anyone who has ever attended college is welcome. College songs and yells will be features of the evening. Miss Elsie Sameth is chairman of the committee for the affair.

### PI PHI BRIDGE

Members of Pi Beta Phi Alumnae Club were hostesses last Saturday afternoon when they entertained at the Century Club with a benefit bridge-ten. The affair was given to raise funds for the Tennessee settlement school the sorority maintains, and was one of the season's largest bridge parties.

### ADVISORY BOARD ENTERTAINED

Members of the advisory board of the University Y. W. C. A. were entertained Thursday evening, February 3, at Manzanita hall. Dean Margaret Maek was the hostess.

THIS IS LIFE I long for days on the open road, For trails that twist and bend, To head straight into the sunset's glow And follow it to the end.

I long for the spell of the mountain tops, For heights to look down on the world, For valleys tucked 'neath sheerest walls, For streams that are tossed and whirled.

I long for life in the great outdoors The nights alone with the pine The silent beauty of endless space Set in 'tween horizon lines.

Such are the dreams of you and I Huddled together in town Burdened with studies and themes to be done And marks going up—or down.

Such are the dreams and at time some one Will give it all up and go pack Toss all his cares to the wind and get out And love it—and never come back.

## PREP GAMES PROVIDE THRILLS AS BASKET TOURNEY APPROACHES

LIST OF PROSPECTIVE CHAMPS GROWS BEFORE DETERMINED ONSLAUGHT OF HOOPSTERS

By ELMER LYONS

A resume of high school basketball games of the past week end brings dopsters no nearer than before in their attempts to put their fingers on prospective winners of the Nevada state interscholastic tournament.

Several teams are running nip and tuck in number of games won, and in the team work of their respective quintets. They have been running true to form in most cases. Inasmuch as each team seems to be quite capable of winning games on its home floor, even against supposedly superior opponents, but finds considerable difficulty in making creditable scores when playing away from home. Several natural elements contribute to these results, such as strangeness of the court, amount of backing, and confidence or lack of it.

Among the state teams who met during the week-end are the following:

**Ely Boys at Eureka**  
The White Pine county quintet came out ahead in the scoring after trailing during the entire first half. The Ely coach underestimated his opponents and ran in his second team at the beginning of the game. The Eureka team proved to be huskier and heavier than the Ely first team, and at the

end of the half Ely held the short end of an 8-5 score. The Ely first team went into the game during the second half and soon gained the lead, and the game ended with a score of 21-11 in favor of Ely. Hilary King, lanky White Pine player, led in scoring.

**Fallon vs. Gardnerville Friday**  
Gardnerville dropped both these contests to the melon-pickers, although both girls and boys teams fought hard. The boys game was close, and at no time was the outcome certain. Fallon's strong girls' team won with a score of 43-12. It was rather slow, with the Fallon team showing much lack of form.

**Lovelock at Winnemucca**  
Both boys' and girls' games were reported to be rough and tumble. Intense competitive feeling exists between these two towns, and games between the high schools are hard fought from start to finish. The Winnemucca boys did not show the form that they did in the contest against Sparks, and Lovelock led at the end of the first half, score 13-4. The second half was featured by much pushing and holding, and the game ended with the Humboldt boys on the short end of a 23-9 score.

**Sparks Team Surprises**  
Sparks sprung a surprise on the last night of its gruelling trip to the north eastern part of the state, by winning the final game of the three-day series, after dropping the previous games to Lovelock and Winnemucca. Elko fell before the sweeping offensive of the Railroaders, which hung fire until the second quarter, but never failed after once getting started. This victory was

## COED HOOPSTERS MAY PLAY GAME WITH HI SCHOOL

WOMEN PLAN TO HOLD PRACTICE GAMES WITH PREPS

The Douglas County High school boys' basketball team was scheduled to play the frosh squad on February 19. The girls' team of the high school wishes a game with the University women at the same time, if possible. If this game can be arranged, a squad of freshmen women will be probably selected to compete.

As now planned by the women's sport department if the high schools wish practice games the University squad will be selected not with the view of winning, but with that of practice, as it is against the rules and ideals of A. C. C. W., the national organization with which the local W. A. A. is affiliated, to compete to win.

If practice games are arranged they will be played on the junior high court, in order that no team shall have the advantage of playing on the local court before the tournament. The games will also have to be played in the afternoons as it is against the regulations of A. C. C. W. for W. A. A. members to play at night in a game to which admission is charged.

won without the aid of two of Scranton's stellar players, Poloni and Tegli. Elko's regular center was out of the game on account of injuries, also.

Both of the Sparks teams lost to Winnemucca on Friday night at the Winnemucca court. The Winnemucca boys showed much improvement over the games played in Sparks, and never quit fighting and scoring until the final whistle.

Both Lovelock teams also trimmed the Sparks aggregations.

**Reno vs. Fallon**

The tie game played by the Fallon and Reno girls teams was probably the biggest surprise of the week-end, as in most previous contests the Churchill county girls had managed to run up scores of at least 40 points against their opponents, and in some approached the century mark. The Reno girls started out like a whirlwind and took the Fallonites off their feet. The final score was 27-27—the lowest Fallon has been held this season, and quite likely the lowest she will be held for some time.

The boys' game was fast, with the Reno boys showing the best form of the season. The score at the end of the first half was 13-2 in favor of Reno. York made the lone basket for Churchill county in the first half, snatching the ball from a mix-up near the center of the floor, and flinging it cleanly through the hoop. Fallon showed a strong offensive in the final quarter, and managed to run up 13 points during the second half.

**Battle Mountain**  
Lander County High school teams met with disaster in the eastern part of the state, when they were defeated on successive nights respectively by Metropolis and Wells. The little farming community of Metropolis is off the main line, but grows some husky athletes. The respective scores of the boys and girls games at Metropolis were: 20-11, 18-17.

The next night the Battle Mountaineers took the count at the Wells court. This time the boys were within an ace of winning when the game ended. The score was 28-27 in favor of Wells. The girls lost by a slightly greater margin. Battle Mountain was on the short end of a 24-21 score.

Little had been heard lately from teams in the extreme southern portion of the state, but reports state that Las Vegas and Bunkerville are making good showings against California and Utah opponents.

"Back the Pack."

## NEVADA VARSITY TRACKSTERS IN HARD SCHEDULE

THREE MEETS AT HOME GIVES FANS GOOD ATTRACTIONS

Latest developments on the track situation of the Far West conference in case that the University of Nevada will have a lot of competition in the various events. A definite schedule has been established, which follows:

Davis at Davis, April 16; Fresno State Teachers' College at Reno, April 23; Olympic Club at Reno, April 30; Far Western Conference at Reno, May 7.

**First Meet Away**

The Nevada tracksters start their schedule with the only trip of the season, which is not entirely to the liking of "Doc" Martin who would prefer that the men could have a little stiff competition on the home cinder path and field before doing their stuff in strange lands. However, most of the men are veterans, and a little thing like unfamiliar territory probably will have little effect on them, except for the difference in altitude.

The second meet of the schedule, Fresno at Mackay Field, will prove a close contest this year. The Teachers are said to have much material this season that will show up well in competition, although last year in the conference they made few points.

**Olympics Strong**

Undoubtedly the most interesting dual meet of the season will occur when the strong Olympic aggregation comes to Reno to do their bit. The significance of the outcome of this meet will be realized when it is known that several world's record holders are included in its roll call, and in the sprints four men are known who can do the century in less than ten flat. This will give Nevada's streak, Kenneth Robinson, a chance to stretch out and limber up a bit.

A few of the men who will represent the Olympic Club are: Richardson, captain of the California varsity last year. He holds the Pacific coast record for the quarter mile dash, time 1:52. Hartranft. This big fellow needs no introduction. His name is a byword where records, especially world's records in the weights are discussed. Myra, holder of the world's record in the javelin.

Mexican and Borah will make the long leap for the Winged O field men, and Nevada men will have to land a long way from the take-off to best the marks made by these two men.

**Conference Meet**

The final test of the season will come with the conference meet. St. Mary's is not scheduled to compete in a dual meet against Nevada this year, although several rumors have been afloat that the Saint have a few surprises up their sleeves that will prove so indeed for other members of the conference.

It is claimed that a number of new faces will be seen this year, but along with this it is noted that the tiny "Cowboy" Smith is not enrolled this year at the bay school. He was one of the star performers, and will be missed by his team mates when the crucial moment comes.

## PRACTICE HOURS SET FOR WOMEN

Practice periods for basketball for women have been scheduled for the following hours: Monday, Wednesday at 9:35; Tuesday, Thursday at 8:30 and 4:30; and Friday at 2:15 and 3:15. If fifteen women are interested another section will be arranged for Saturday at 10:30.

At present, there are about sixty-five coeds out for regular practice. As yet, no plans for the annual color tournament have been arranged, but one will be organized as soon as the coeds have had time to get into form and learn the technique of the game.

## TROJANS SOUND BASEBALL CALL

The baseball season at Southern California is scheduled to get under way some time this week when the first call of the season will be sounded. The Trojans open their season in the newly formed California diamond league on March 11 and 12 against Santa Clara at Los Angeles. The Trojans have eleven home games on their program this season and hope to make an excellent showing in the national game.

## TAU BASKETBALL TEAM TO PLAY IN TONOPAH

The Alpha Tau Omega basketball team drove to Tonopah yesterday to play a series of games with the town and high school teams Friday and Saturday nights.

Eight men made the trip. The contests have been given much publicity, and the members of the University quintet anticipate strong competition.

Albert D. Ayer and W. M. Gardner ATTORNEYS-AT-LAW F. & M. National Bank Bldg. Reno, Nevada

## INVITATIONS FOR BASKET TOURNEY SENT TO PREPS

TWENTY-EIGHT SCHOOLS INVITED TO PLAY FOR TITLE

The annual Nevada High school state basketball tournament will be held in the University of Nevada gym for four days, beginning March 2, according to Block N officials.

The plans for the tournament are well under way and the last date on which entry blanks will be accepted is February 21 as the drawings will be made on February 23.

The tournament committee has extended invitations to all high schools in the state of Nevada and a large attendance is expected. Approximately sixteen boys teams and ten girls teams are expected to enter.

The members of the girls teams will be lodged at the different sorority houses and the boys will stay at the fraternity houses during the tournament. They will take their meals at the University dining hall.

Block N men will handle all of the games during the four days of play. The champions of last year, the Reno boys and the Fallon girls, are slated to carry off the cup this season, but they must work hard for there will be plenty of good stiff competition.

Invitations have been sent to the following high schools throughout the state: Yerington, Stewart, Bunkerville, Winnemucca, Elko, Battle Mountain, Primm, Gardnerville, Fernley, Gold-Panther, Hawthorne, Las Vegas, Lovelock, Carson City, Dayton, Metropolis, Overton, Tonopah, Wellington, Virginia City, Sparks, Reno, Ely.

## WOMEN'S RIFLE TEAM IMPROVING FAST THIS YEAR

NAOMI AYERS, CAPTAIN, IS WELL SATISFIED WITH RESULTS

Nevada's women's varsity rifle team in its last week's matches won one of them and lost one as shown by the report given out by Naomi Ayers, '27, the captain. The Oklahoma Agricultural and Mechanical College was defeated in a prone, sitting, and kneeling match. They made 923 out of a possible 1000 while Nevada made a total of 949. In a prone match, although Nevada shot 495 out of a possible 500, the University of Washington bested them by making 499 points.

Miss Ayers said of the team that, "That is the first match won, but the scores are steadily getting higher and there is no question but that there will be better luck from now on. The girls are shooting better this year than they have any other year. The low scores are around 95 while formerly they were around 90. The matches this week are to be prone and sitting."

## COEDS REFEREE RENO VS. FALLON

Elsie Mitchell '27, and Lucile Sanford '29, refereed the game between Fallon and Reno in Reno last Saturday. This week-end Hannah Mitchell '27, and Isabel Loring '28, will officiate at the game in Sparks. Mae Barnasconi '28, and Elsie Mitchell '27, will go to Fallon.

## TROJANS SOUND BASEBALL CALL

The baseball season at Southern California is scheduled to get under way some time this week when the first call of the season will be sounded. The Trojans open their season in the newly formed California diamond league on March 11 and 12 against Santa Clara at Los Angeles. The Trojans have eleven home games on their program this season and hope to make an excellent showing in the national game.

## TAU BASKETBALL TEAM TO PLAY IN TONOPAH

The Alpha Tau Omega basketball team drove to Tonopah yesterday to play a series of games with the town and high school teams Friday and Saturday nights.

Eight men made the trip. The contests have been given much publicity, and the members of the University quintet anticipate strong competition.

## WOLVES BATTERED TO DEFEAT BY CALIFORNIA BEARS IN TWO GAMES

VARSITY SHOWS FLASHES OF FORM BUT UNCANNY SHOOTING OF BEARS PROVES DOWNFALL

Playing their second and last series of games away from home the Nevada varsity went down to defeat before the California varsity in two games by the score of 33 to 17 and 37 to 20. These games were featured by hard fast play and a tendency to be rough as the California team had foul after foul called on them.

The first game was featured by the great floorwork of the two Lawler brothers for Nevada, J. Lawler being the high scorer for the Nevada team by making seven points all via the foul shot route. Nevada started good and for a short period held the Pacific coast conference champions even but once California started hitting the basket they were never headed and the score at the end of the half stood Nevada 13, California 20.

The second half started out fast and the Cal Varsity kept up their tremendous pace showing flashes of the team work that brought them national recognition. Nevada picked up on the defense and held them to a lower score. The outstanding stars for Nevada were J. Lawler, M. Lawler and Clover. Jake Lawler headed the Nevada scoring with seven points with M. Lawler right behind with five. Clover's guarding stood out, the big guard breaking up plays time and time again. The following was the Nevada lineup. J. Lawler and M. Lawler forwards, Clover center, Morrison, Hainor and Bailey guards.

**Second Game**  
On the second night Nevada started the game with a high power attack and led 6 to 0 after three minutes of play. This attack was featured by a fast passing attack of the Nevada varsity. At the end of ten minutes Nevada led 10 to 4 and looked good at this point in the game. California hit its stride and started hooping the goals from every angle of the court and soon caught the fast flying Nevada team and from then on California was never headed.

At half time the score was Nevada 12, California 20. In the second half California kept up its fast pace with Nevada nearly matching them as the score for this half was Nevada 8, California 15. The game this night was again featured by the floor work of M. and J. Lawler. The high scoring honors for Nevada went to Morrison who played a good floor game besides hitting the basket for eight points. The high scorers for the California team were Dougery with 11 points and Corbin, the new center, with 10 points. The following was the lineups for the two teams: California, forwards, Wat-

son and R. Dougery; center, Corbin; guards, J. Dougery and Clymer. Nevada, forwards, M. Lawler and Bailey; center, Clover; guards, J. Lawler and Morrison.

Nevada showed flashes of team play that they have not exhibited before this season and at times played a flashy game. They showed a much better brand than displayed on the Stanford series and if they continue to do this they will show some of the members of the Far Western conference a hard time.

Women at the University of Indiana organized a rooting section and elected a yell leader this year.

A law in Japan compels co-eds to take military training along with the men students.

### REGENT REPORT FOR LAST YEAR NOW PUBLISHED

ALL MATTERS RELATIVE TO UNIVERSITY INCLUDED

The biennial report of the regents of the State University for the year 1925-1926 came out last week. This report contains biennial reports of the president and controller of the university, of the honorary board of visitors, of the state auditor, and of the deans and directors of the different schools and colleges. It attempts to present to those interested in the University the improvements in the school and needed ones which are to be cared for in the future.

According to the report, up to December, 1926, the University had granted in all 1140 degrees. Of these 1926 were bachelor degrees and the rest were either advanced degrees or honorary degrees.

Besides the gifts of Mr. Clarence Mackay there were seven scholarships and prizes offered which have not been offered before and also several lesser gifts. An account of campus life, university finance, scholarship standards, and other phases of the school are included.

In the reports from the different colleges the deans and directors of these schools mentioned several improvements which were needed. A management house for home economics students is needed so that the girls may live here and have practical training in that field. In the engineering department an additional wing to the mechanical building and more class room space is recommended by the dean of that college.

In the last two years about thirty-five men have received scholarships and prizes and 19 men who have been on the honor roll. The scholarship average for men in 1926 was raised from 2.704 in 1925 to 2.836. The scholarship of the women on the other hand has been lowered from a 2.241 in 1925 to a 2.264 in 1926.

At the last commencement eight women students were elected to Phi Kappa Phi, a woman won the gold medal, and \$1,375 was distributed to women students in scholarships and prizes. J. D. Layman reports that 49,732 books for home use were used last year. The report is concluded by the comptroller's report.

The biennial report is in the form of a bulletin and is sent to the University and State officials and the legislature.

### LOCAL FLOWERS IN RENO EXHIBIT

A wild flower exhibit, consisting of a collection of the various wild flowers found in Washoe county will be one of the features of the Washoe County agricultural exhibit to be shown at the Nevada Transcontinental Highways Exposition in Reno next summer. The exhibit will be held on the first floor of the Nevada state building.

This collection, according to P. A. Lehenbauer, professor of biology, is being prepared by his advanced class in systematic botany, who have been working for some time at identifying and labeling the local flora. It is to be the beginning of a permanent collection belonging to the botany division of the University and which it is hoped can later be worked up for the State museum.

Grain exhibits, both threshed and in the sheath, fresh fruits, vegetables and canned fruits will also be included in the Washoe county collection.

### CLASS RECEIVES PRINTING PRESS

The journalism classes received a Golding Foot power printing press this week from Ann V. Hull, in behalf of the Mineral County high school.

The press is accompanied by other printing equipment, including a make-up stone, galleys, and 24 cases of type of various sizes.

The press was received from an old mining camp newspaper. The class will use it chiefly for the study of the mechanical process of newspaper production.

Later in the semester it is the plan of the students to issue a paper for the campus, collecting, writing, editing, and printing the stories.

### DISCUSSIONS ARE HELD BY Y.W.C.A.

In discussing campus problems, the Y. W. C. A. discussion group presided over by Amy Goodman, '27, met at Manzanita hall Thursday and treated on the question of gossip. The Tuesday discussion group directed by Margaret Ernst, '28, took as their topic, "The conception of God as father of all mankind." "International Relations," to be talked over by a group in charge of Mabel Mariani, '29, did not meet this week.

### E. ADAMS HEALTH SHOWS IMPROVE

Eva Adams, '28, who underwent an operation for appendicitis last week at the St. Mary's hospital, returned to her home yesterday. She will return to classes on the hill within the next week. Miss Adams, up to the time of her illness, has been active in women's athletics. She is a member of the Y. W. C. A. cabinet, also D. A. E. women's honorary English society and is on the editorial staff of the Sagebrush, holding the position of news editor.

Freshmen co-eds of the University of Montana wear green caps the same as the men.

### New Perplexing Bit Of Femininity Comes To Distract Workers

No longer can Miss Sissa pride herself on her cat! For she has lost the position of being the only cat-owner on the campus since the Sagebrush and Artemisia offices have also acquired one. A fat little gray kitten made her appearance the other night and immediately elected the warm publication offices to be her future home.

She is a determined sort of a cat, too, and lets it be distinctly understood that there is nothing in heaven or earth that will keep her out of those offices. Upon being summarily ejected she promptly entertains with an impromptu concert, until she is again admitted. Then, like all fickle women, she showers her caresses upon all and sundry, without regard to whether they are editors, business managers, or just lowly tyees.

All she asks of the world is a place in the sun (or under the radiator, as the case may be), with someone to pet her, and something to eat now and then. Which, when you come to think of it, is just another way in which she resembles the other members of her sex.

The greatest problem just now is a name for her. Some of the staff members prefer Emmaline, but others just can't see it that way at all. If anybody else has a better idea, the Sagebrush and Artemisia would take it as a great kindness if he or she would communicate with them at once.

As yet Emmaline, as she will be called until further notice, is a little young, but—who knows—perhaps she and Miss Sissa's cat are destined to be the ancestors of a race of college-bred felines who will make Nevada unique among universities.

### HIBBARD OFFERS PLAN TO GROUP

A. E. Hibbard has again presented the proposition of surrounding Mark Twain's cabin in Idelwild Park with an ornate fence, to members of the Crucible Club.

The Crucible Club has as yet decided nothing definite but considered the proposition favorably at the meeting held Tuesday evening. During this meeting plans were discussed for mingling stunts on Engineer's Day, and in the parade. Several good plans were offered, according to Louis V. Skinner, president, but choice of any definite one would not be made until the next meeting.

Plans for the annual Crucible Club picnic were also discussed and an optional date was chosen for March. President Skinner will appoint the picnic committee next week.

### MUSIC WEEK TO BE CELEBRATED

Observation of National Music Week will be held in Reno between May 1 and May 7, according to Prof. C. H. Kent, director of the University of Nevada band.

The event, Kent states, has been held over the country in recent years but will be celebrated in Reno for the first time. He also speaks very favorably of the new state song, "Nevada Battle Born," by Mrs. B. W. Coleman of Carson, wife of Chief Justice Coleman. Kent states that the song is well adapted for singing by large crowds.

### NEV. FROSH WILL NOT PLAY BRUIN CUBS NEXT FALL

LACK OF MATERIAL TO PREVENT PUPS FROM MEETING CUBS

The Nevada freshman football team will not play the California freshmen next fall, announced Coach Martie the early part of this week.

There are several good reasons why the Nevada freshman will not be added to the California freshman schedule. Chief among these is that the cream of the frosh play on the regular Nevada varsity. Not until freshman are ineligible for the varsity will the first year squad go against the California frosh.

The chances for the first year Nevada team against the California freshman would be very slim, for the Golden Bear's first year team rates above the regular squad of the Sacramento Junior College and the latter will not condescend to place the Nevada varsity on their schedule.

With the world wide reputation of the University of California and the large enrollment, the coaches have by far a larger field from which to choose their representatives in athletic contests, while the University of Nevada does not have the large enrollment of California, thus not giving the local coaches as large a field from which to choose their men.

It is evident then that the Nevada football squad and the freshman team must be made stronger and better to be able to compete with the Golden Bears and the California frosh.

### SUNDAY SONG SERVICE HELD BY Y. W. MEMBERS

Mrs. S. W. Case's home was the meeting place of the Y. W. C. A. Sing Sunday afternoon when vocal selections were given by Mrs. John Hansard, readings by Miss Veronica Dickey and feature songs by Mrs. Case.

The next sing will be held at the Y. W. C. A. chapel down town.

### FOREIGN AFFAIR IS LEACH TOPIC

Present day Nicaraguan situation was the topic of a lecture given by Dean Raymond H. Leach before the League of Women Voters meeting at the home of Mrs. George B. Thatcher last Wednesday.

The Club of Women Voters has been making a study of the Constitution and of International Relations, Dean Leach, after tracing the situation from the beginning and the growth of the two parties, the Conservative and the Liberal, in Nicaragua, gave in some detail the election of Carlos Solorzano as president over Emiliano Chamorro. He especially stressed the attitude of the United States in their policy of supporting President Diaz, elected in 1926, after the revolution staged by Chamorro in which President Solorzano was forced to yield to heavy demands of Chamorro.

Coach Zuppke, of the University of Illinois football team, says that the best football players have big feet. (So we noticed.)

### CHURCH ILL

Dr. Church has been confined to his home with an attack of influenza during the past week. His steady improvement however, will warrant his early return to meeting his classes.

### Y. W. SILVER TEA IS GIVEN TODAY

Y. W. C. A. held a Silver tea today at the home of Mrs. S. K. Morrison on Court street. Mabel Mariani, '28, was in charge of the committee, assisted by Amy Goodman, '27, and Dorothy Eaton, '29. Florence Billingshurst, '27, was in charge of the entertainment which was furnished during the afternoon.

Although this is the first silver tea which Y. W. C. A. has ever held, they plan to make them an annual affair.

Coach Zuppke, of the University of Illinois football team, says that the best football players have big feet. (So we noticed.)
