

PROF. PALMER ATTENDS STATE RIVER MEETING

REPRESENTS NEVADA AT CONFERENCE WITH ENGINEERS

Prof. S. G. Palmer was sent to Los Angeles last week as a member of the Engineering Advisory group from Nevada for the Colorado River Conference. The conference was held in Los Angeles on Nov. 8, 9, 10, and 11 and delegates from Nevada, Arizona, and California were present. Other delegates from Nevada were Vencill, Squires of Las Vegas, and Clark of Las Vegas; all state senators, Malone, state engineer, King, who is a graduate of 1917 from this university, and Mr. Crozier an engineer of San Francisco, and a member of the Nevada Engineering Advisory group.

Old Graduate Among the Arizona delegates were Mr. Bob Talley who was a graduate of the Mackay school of mines in 1899 and who is now Superintendent of the Verde Copper Co. of Arizona. Senator Reed of Arizona and one other delegate. California officials and several representatives from the Bureau of Power and Light were present.

The discussion involved the economic problem of developing the Boulder Canyon Power and the delivery of it into Los Angeles. After several days of studying the engineering problem involved in the transmission of power, it was desired by the Arizona delegates that another conference be held later so that Arizona engineers could be chosen to represent Arizona in the conference.

FINAL SEND-OFF GIVEN GRIDDERS

Giving Nevada's greatest fighting team a good send-off for their final game of the season at Gonzaga, the Nevada students showed up in large numbers to send the Wolves away with a determination to end the year in glory.

The parade formed in front of Manzanita Hall at 8:15 and the line of march was down Virginia street to the intersection at Second. The front of the parade was taken up with serenading students with the University band playing a prominent part in all the activities. Cars followed the marchers four abreast so that traffic was unable to come against the line of march.

After yells in the various parts of town the gang collected at the S. P. depot where Doc Martie and Captain Hansen addressed the assembly. Martie not only complimented the team on their great showing of fighting spirit even while losing, but also the student body on their backing of the team during times of defeat. Hansen did not predict a Nevada victory at Gonzaga but stated that the Bulldogs would know that they had been through a football game. He also thanked those people who had met the various trains on the team's returns from trips, on behalf of the team.

U. C. to Persecute Ticket Scalpers

Associated students of the University of California have determined to take drastic steps against those scalping football tickets. J. F. Mackenzie, athletic manager, stated today that operatives will be employed to buy up tickets offered for sale at scalper's prices, so that sufficient evidence may be obtained to prosecute under the federal internal revenue laws. Conviction carries a penalty of fine or imprisonment or both.

Palmer Returns From California

S. G. Palmer, professor of electrical engineering, returned recently from Los Angeles where he accompanied State Engineer M. Malone, and gave to him advice pertaining to the Boulder Dam Project, during a meeting of the Nevada Colorado Commission with the Bureau of Light and Power of that city, November 9th, 10th and 11th.

The conference was called to determine the cost of power from the proposed Boulder Dam Project to the city of Los Angeles, and Palmer offered his knowledge of power in respect to expense and proper size of lines to be used.

Freshmen at Purdue are being offered prizes to write themes.

Watch for the Grand Opening

at 9 A. M. Saturday of our Downstairs Store NEVER BEFORE SUCH VALUES Silk and Linen Shop 18-20 East Second St.

Thanksgiving Will Be Welcome Rest

Turkeys, plum pudding, dressing, home, and—well, no school for three blessed days. Can't you guess—don't we all know? Thanksgiving! Yes the Thanksgiving holidays begin next Thursday to continue until the next Monday. Term themes, final exams, all will be forgotten in the few heavenly days of freedom.

BASKETBALL FOR WOMEN STARTS

Women's basketball practice will begin soon and it looks as if a very fine team should be picked this year as a number of former high school stars have expressed their intention of reporting for practice. Among these are Lois Crain of Fallon, who has quite a reputation as center; Josephine Florio, captain of the Eureka team last season; Dorothy MacDonald, captain of the Lovelock team; Grace Bordwick, captain of the Carson City team; Roberta Turriton, of Reno; and Doris Welsh of Verington, all fresh.

Some of the upper class women who will probably come out this year and who have a good record behind them are: Katherine Priest '30, Virginia Olds '30, Precious Nash '30, Verdine Phant '30, and Florence Mitchell '29. Miss Verrel Webber will coach the squad.

The mythical varsity of last year was as follows: Forwards, P. Nash '30, and Verdine Fant '30; Center, Mary Weeks '30; Side Center, Ellen Baldwin '29; Guards, Helen Mitchell '27 and Elsie Mitchell '29.

Harry Frost to Reside in Reno

Harry Frost '27, former president of the A. S. U. N., and for three years a star halfback with the Wolf Puck, is now living in Reno where he expects to make his home. Frost only recently finished a very successful season as quarterback of the San Francisco Olympic Club football team. He was one of the stars in the Olympic-St. Marys game, in which the former downed the Salms by a 14 to 0 score.

R. O. T. C. Parade Is Big Success

As a result of the one hundred percent representation of each organization participating in the Armistice Day parade, it was a success according to "Doc" Martie and Captain Johnson, both members of the American Legion and leaders in the parade.

HUGHES, FAMOUS GRAD, LEAVES FOR BAY CITY

"Goosy" Hughes, former alumni head, student body president, and yell leader, smiled a gay goodbye, with his teeth clenched on the old familiar pipe, as he climbed aboard the 10:05 the other night to leave Nevada behind—for a long time.

"Goosy" who has been employed in the Reno Chamber of Commerce for the past few years, has gone to take the position of manager of the San Francisco Junior Chamber of Commerce.

The little knot of friends who said goodbye to "Goosy" at the station, felt mighty blue, and as they buttoned up their overcoats before the keen wind, the strains of "Sailin' On" floated up from a Commercial row dance hall.

"And 'Sailin' On" "Goosy's" spirit will be, even if he has left Nevada. "We'll remember the years when he gave everything to the University, that he had," floated back the remarks from the group.

C. VANDERBILT RELATES UNIQUE TALES TO Y. W.

INFORMAL SUPPER WAS DECLARED GREAT SUCCESS

A jolly group gathered at the Y. W. C. A. headquarters in the City Hall, Wednesday evening at five o'clock, when the Freshmen group of the Y. W. C. A. entertained at a supper meeting.

The informal program which was carried out was a most enjoyable and interesting one. The feature of the evening was a talk given by Cornelius Vanderbilt, Jr., in which he described in a charmingly informal manner some of his experiences as a metropolitan journalist. The incidents related by Mr. Vanderbilt were both exciting and amusing. According to Mr. Vanderbilt the metropolitan reporter must get his story, and when no stories of unique interest are available he sometimes resorts to prevarication to achieve the result.

Preceding the supper, Gwendolyn Pierson '31 sang, The Mermaid's Song, and Dawn. She was accompanied by Elizabeth Johnstone '31. Dancing and singing completed the program. Specially invited faculty members present at the supper included Miss Mack, Miss Weber, Miss Sameth and Mrs. Hammond.

Wolf Office is In Stewart Hall

The Nevada Desert Wolf has established an office for members of the editorial and managerial staffs, on the third floor of Stewart Hall, and invites every member of the staff to take advantage of the facilities afforded them. A telephone has been installed, the number being 1813-W, also typewriters and other office equipment are at the disposal of each staff member and tryer. "We cordially invite every student to pay us a visit and offer any suggestions they may have for the betterment of the magazine," states the department heads.

Y. W. Holds First Prayer Meeting

To begin the national prayer week here, the Reno Y. W. C. A. held its first prayer service last Sunday afternoon under the supervision of Mrs. Lucy Vanderverter. Short prayer services have been held each morning of this week in the Y. W. rooms under the guidance of the Education Committee of which Mrs. Fannie B. Patrick is chairman.

TREASURY PLAN

(Cont'd from page 1)

responsible for a large part of the student funds. The committee favored the plan that all money derived by the Block N Society, from campus activities with the exception of money to be retained for traditional activities, favoring representation on finance control committee, to be turned over to A. S. U. N.

Whelps Finance Little change was necessary in the system of the Whelps finance since they are largely a service organization, only a small amount of money being handled by them. The Whelps under the proposed plan would be backed by the finance control committee in all activities and any profit made by the organization would be turned over to the finance control committee.

Jack Gregory '28 reviewed the Campus Players present system of finance and by suggestions of those present was able to adopt a system similar to that of the Block N Society. Campus Players, according to the tentative treasury system, would turn over all funds derived from campus activities with the exception of a certain minimum. A budget shall be made on each

production covering in full all possible expense. The manager shall work on the budget and receipt system with the comptroller, the same as the athletic manager. The Men's Glee Club will come under the same system, as Campus Players only substituting the Glee Club trips for the play productions. A budget system will be arranged for A. W. S., W. A. A., and Clonia, the finances of the two latter organizations being checked by the finance control committee. Nothing definite was decided concerning the publications.

NEW ADDITIONS IN LIBRARY ARE FINE MATERIAL

BOOKS DEALING LARGELY IN SOCIOLOGY AND ECONOMICS

Recent additions to the University Library consist largely in books dealing with the field of Economics and Sociology.

Among them are listed "The Road to Prosperity" by Sir George P. Fisher, dealing with the economic dangers confronting the world at present. "Labor Problems and Labor Legislation" by John B. Andrews, "Man's Quest for Social Guidance—A Study of Social Problems" by Howard W. Odin and "Public Expenditures" by Harold W. Guest, dealing with present ills and proposed remedies are valuable contributions in this department.

"What's So and What Isn't So" by John M. Work, "Social Aspects of Business Cycles" by Dorothy Swaine Thomas, which is a statistical analysis of these problems, are two books dealing with society today. Another valuable contribution in this field is Volume II of Mark Sullivan's "Our Times—America Finding Herself." Labor problems are discussed in an autobiographical account of a woman interested in labor in "A Woman of Fifty" by Rheta Childre Rorr.

Philosophy Added

In the field of Philosophy and Psychology several interesting and recent works have been added, including "Mental Growth and Decline" by H. L. Hollingworth—a survey of the origin, course and destiny of the human mind, "Abilities of Man—Their Nature and Their Measurement" by C. Spearman, professor of Philosophy at the University of London, and "Reluctantly Told" by Jane Hillier, which is a true story of a mental breakdown dealing with the delusions and terrors of a weakening mind, her stay in an asylum, slow recovery and final return to normal life.

Two new additions of primary interest to college students are an edition of "Football Officiating and Interpretation of Rules" by F. Lambert, constituting a course of instruction for football officials and an Intercollegiate Song Book, compiled and arranged by Thornton W. Allen.

NEVADA MEETS

(Cont'd from page 1)

will probably start the game are: J. Lawlor and Moyes, ends; Capt. Hansen and Newton, tackles; Anderson and Larson, guards; Farnsworth, center; Lawson, quarter; M. Lawlor and Bailey, halves, and Stockton at fullback.

Gonzaga Good

Against these men Gonzaga will send a team that has always been one of the strongest in the Northwest, and this year is no exception. One game to compare Gonzaga with Nevada is with St. Mary's team and by this game Gonzaga is given a big advantage. St. Mary's defeated Nevada by a score of 35 to 0, and then won from Gonzaga by 13 to 4, but the Nevada game was in the midst of their mid-season slump and this game is no true dope on how the two teams line up. Among the men that Gonzaga will send against Nevada tomorrow will be Frank Cuddy, a 195 pound fighting tackle. Baier, at guard is a letterman and plenty experienced, at the end positions are McGowan, a letterman from last year, and Thomas, a man playing his first year of collegiate football. Grey the regular center for the past two years is back at his old post and is showing up very well. Enhart at the other tackle weighs 212 pounds and has had considerable experience so should go good. Hunting,

PI PHIS AWAKENED BY CRIES OF 'FIRE'

Fire! Fire!—terrorized shrieks broke through the slumbers of sleeping Pi Phi's and two pajama-ed maidens fled from their beds to awaken a sleeping house mother. A lurid glow illuminated the front porch, and through it appeared the dark figures of people hurrying to and fro. The harsh clang of bells, the shrill scream of sirens rent the air as fire engines appeared on the scene of disaster, and above it all—the wails of the two maidens, for those of the sisterhood who still slept serenely on in the doomed house uttering oblivious to the terrible destruction awaiting them.

A similar fate was being prepared for the innocent members of the Artemisia Hall, and about 4:30 A. M. the wild screams of Mrs. Akin, the matron in charge, aroused a stream of young ladies, parading down the hall, in every conceivable mode of attire from fuzzy flannel bathrobes to pink, frothy negligees. For a breathless moment, the flower of young maidenhood huddled, shivering, in the red glow of the hall.

Then one daring virgin boldly marched to the door, and swung it open on its great hinges.

It is rumored that it was Reno High School boys who lit the fuses which caused the commotion.

DUCKS ATTRACT MUCH ATTENTION

Six ducks have been making Manzanita lake their home for the past week, and have caused much attention with their queer action.

Very seldom are all six on the surface of the water at the same time. They are great divers, and dive with the ease of an otter, and acquire food from the bottom of the lake. At times all of them will disappear from sight and stay under for many seconds.

They are small ducks known as broad bills and are species of the shoveler duck. Their native haunts are near the equator, but many of them nest in the north, and visit the lakes on the migration routes.

one of the half backs, is one of the outstanding halves on the coast this year. He is a triple threat man and an exceptional open field runner. Jovick another half weight 160 pounds and is very fast. Ralls, a letterman from last year, is holding down the full back job and Mitchell of Seattle is quarterback. He is showing exceptional form this year and with one more year's experience back of him should be one of the outstanding quarterbacks on the Pacific coast. Nevada will go into this game as they have been doing all through the season, the underdogs, but they are determined to end the season in a blaze of glory.

CHANGES MADE IN SCHEDULES FOR TEACHERS

NORMAL STUDENTS WILL PRACTICE IN FOUR RENO SCHOOLS

All second year Normal school students who have been practicing teaching, were transferred for the last time for this semester to new schools where they will continue to teach until the Christmas vacation. Each student is required to have two semesters of practice teaching in the Reno schools before being eligible to a first grade Elementary certificate.

Kindergarten Teachers

At the Babcock Kindergarten Katharine Curieux '28 and Louise Reil '30 are teaching in the morning and Tess Chambers '28 and Betty Coleman '28 in the afternoon under Miss McCormick. Viola Nelson '30 and Hazel Greeninger '28 are teaching in the morning under Miss Semenza.

At the McKinley Park school Evelyn Rogers '30 and Bethel Goering '30 are teaching in the morning and Lucille McKenny '30 and Thelma Gerber '30 in the afternoon under Miss Clarke. Mrs. L. Dearing '30 in the morning and Evelyn Boutdette '30 in the afternoon under Mrs. Dominguez.

Orvis Ring School

At the Orvis Ring school Grace Uhart '30 and Edith Dowd '28 are teaching in the morning and Evelyn Faybin '30 and Margaret Hunt '30 in the afternoon under Miss Warner. Gladys Breuner '30 and Alice Molini '28 are teaching in the morning and Mary Belle Douglas '30 and Mary Guthrie '30 are teaching in the afternoon under Miss Leotaire.

At the South Side school Martha Mettscher '30 and Opal Curieux '30 are teaching in the morning and Louyne Anderson '30 and Anita Becaas '28 are teaching in the afternoon under Miss Treanor.

Under threat of expulsion, girls at Northwestern university must stop smoking according to a recent order of the dean of women.

READINGS GIVEN AT 'Y' BY DUERR

Mr. Edwin Duerr, in charge of dramatics at the University, gave a reading of the play, "In Abraham's Bosom," to over fifty people at the Y. W. C. A. last Wednesday evening at 7:30. Professor Duerr's reading was one of the series of book reviews and travelogue evenings being held by the Y. W. C. A. this winter for the pleasure of the public.

This play that Professor Duerr read received the Pulitzer prize last spring—the prize that is awarded to the best play of the year, given in New York City. It is a sincere, solemn, well-intentioned account of the life of a negro who is striving for education for his race.

There will be no meeting of this literary group next Wednesday evening, the evening before Thanksgiving. The following Wednesday evening, November 30, Mr. David Williamson will discuss the work being done in Egypt today in discovering the life of the past, and Mrs. Brewster Adams will review "Sorrel and Son."

NINNYS BECOMES FATHER

Vivian A. Ninnis ex-'23, better known as "Shorty" to the campus during his attendance here, has recently become the father of a 9 pound baby boy. Since leaving school he has been in charge of a Standard oil station at Minden, but will soon leave for Los Gatos, California where he will have charge of the California Automobile Association.

Raycraft '27 in Extension Work

Professor Thomas Buckman, Mrs. Mary Stilwell Buell, and Tom Raycraft '27 returned Tuesday from a trip to Humboldt and Lander counties, where they attended the annual farm bureau meetings in Paradise Valley and Battle Mountain.

Raycraft will have charge of extension work in these counties taking the place of Paul Maloney, a former U. N. student after Christmas when he completes his college course.

Raycraft gave reports at the extension meetings of the work last year and outlined plans for the coming year. He will spend most of his time in Humboldt county with headquarters at Winnemucca.

NEV. WARRIORS ARE VICTORS IN LAST FOOTBALL GAME AT HOME

BAILEY RUNS 75 YARDS FOR TOUCHDOWN IN SECOND QUARTER

Y. M. I. MEN THREATEN NEVADA MANY TIMES DURING CONTEST

Playing their last game on Mackay field for this season, the 1927 Wolf Pack defeated Jimmie Bradshaw's Young Men's Institute eleven from San Francisco by a 13 to 7 score in a game which kept the spectators in doubt as to the victor until the final minutes of play.

"Jim" Bailey, fleet Nevada half-back, repeated his runs made against Santa Clara two weeks before, and got away twice for touchdowns, running through broken fields of ambitious tacklers. Underhill, former St. Mary's star, and Ingram, who spent his college days at Gonzaga, kept the crowd in suspense with their spectacular work and many times had the Wolves worried.

Underhill Stars

Underhill has displayed some of the best football seen on Mackay field in his few games played here under St. Mary's and Y. M. I. colors, and his forward passing is perhaps the best ever seen on the Nevada grid.

The Nevada line outplayed and outcharged the Y. M. I. forward wall and was a veritable stone wall on defense. The entire Nevada team played good football, and except on a few occasions entirely outclassed the visitors.

Bailey's longest run, a jaunt of 75 yards, came in the same manner as his race for a touchdown in the Santa Clara game. The teams lined up with Nevada in kick formation. Bailey dropped back, apparently to punt, and took the ball around end where he managed to evade a group of tacklers and with the aid of some good interference ran the remainder of the length of the field for a touchdown.

Y. M. I. Threatens

The last half looked bad for Nevada for a while. A Nevada fumble gave Y. M. I. the ball on the Nevada 40 yard line. Two line bucks placed the ball on Nevada's 15 yard line, from which Hunton went over for a score. Kramer converted and the score was Nevada 13, visitors 7.

After the kick off, Elson got off a beautiful 35 yard punt to Ingram, the Institute safety. Ingram took the ball and ran it back 25 yards by dodging and twisting through the Nevada defense in a pretty exhibition of open field running.

On the next play, Underhill ran 15 yards on an off-tackle play, and then things began to look gloomy once more for the Wolves. The defense stiffened, however, and Nevada held for downs.

Connelly returns Punk

In the last minute, Underhill dropped back and threw a forty-yard pass which was intended for Peters, Y. M. I. end, but Connelly intercepted it and as the gun sounded, started off on a run that looked like another Nevada score. Connelly was finally stopped after running 35 yards and the game was over. This marked the last game on Mackay field for such men as Captain Reynold Hansen, Julian Anderson, Scores

Nevada—touchdowns, Bailey, 2; Y. M. I.—Hunton.

Goal after touchdown, Nevada, Bailey; Y. M. I., Kramer.

Nevada Substitutions

Overlin for Lawson, Gadda for Moyes, M. Newton for Anderson, Anderson for Larsen, Walther for M. Newton, Connelly for M. Lawlor, Elston for Bailey, Bailey for Elston, Stockton for Crew, Crew for Stockton, Parra for Crew, and Allen for J. Lawlor.

Patrick, Stanford, referee; Foster, Nevada, umpire, and Hug, Nevada, head-linesman.

Report of the registrar of Akron University for the year of 1926-27 showed that non-fraternity and non-sorority students stood at the bottom of the scholarship list. Students highest in scholarship were athletes and members of publication staffs.

YEARLINGS WIN FROM BUSTERS IN FAST GAME

FRESHMEN CELEBRATE ARMISTICE DAY BY FINAL VICTORY

Playing their last and best game of the season, the Nevada Freshmen, scored a 20 to 0 victory over the strong Susanville High school eleven at Susanville last Friday. The game was played before a huge Armistice Day celebration crowd, of approximately 1,000 persons.

The yearlings scored early in the first period, when Dietrich, on an off tackle play, ran 60 yards to a touchdown. After this the outcome was never in doubt, and the frosh kept the northerners on the defensive, through most of the remainder of the game.

Line Strong

The Freshman line worked exceptionally well at all stages of the game. Time and again they got the jump on their opponents forward wall, and smeared the high school backfield. On the offensive they opened wide holes in the line to permit the backfield to go through. The two Nevada ends, Baker and Kibby played exceptionally well. Few passes were used during the game and straight football worked quite well. Every man on the Frosh team was given a chance to play.

Excellent Schedule

The first year men have just completed a very successful season, going through a five game schedule with four victories to their credit and only one defeat. In making this record, they have played some of the strongest high school teams in California and Nevada, and were only defeated by the Sacramento Junior college team.

Opening the season on the Mackay field, with the Stewart Indians, the frosh easily defeated them by an ample score. The following Saturday they romped over the Reno High team by the score of 16 to 6. Reno has since won the 1926 football championship of Nevada.

On October 27th, the Boys from Lassen county came here to do battle with the babes, but went home again with the short end of a 14 to 12 score. On next Saturday the frosh met with their first defeat, a 20 to 6 defeat at the hands of the Sacramento Junior College eleven. Last Saturday they finished up the season with an easy 20 to 0 victory over Susanville.

The freshman lineup is as follows: King, Felton and Dietrich, fullback; Riordan, Lang Lonigan, Dayer, and Romasco, halfback; Mery, Sidwell, at quarter; Baker, Kibbe, Hopkins, at end; Morrison, Oliver and Austin at tackle; Jacobson, Perry, Dixon, Le-Longchamps and Davis, at guard; and Edwards at center.

Every student enrolled in the University of the Philippines will be required to sign a pledge of loyalty and obedience to the rules and regulations of the University, according to a ruling passed recently by the executive committee of the university council.

RAIN PREDICTED FOR U.C. STANFORD GAME

Consternation now "rains" supreme on the campus at the University of California, since Father Richard, the "Weather Padre" of Santa Clara University has issued his monthly weather report.

The report contained the disconcerting news that RAIN is to be expected on Big Game day, when California plays Stanford on the gridiron. If Jupiter Pluvius hopes to dampen the spirits as well as the apparel of the co-eds, he will find his efforts in vain. For the co-eds are already searching the shops for snappy new slicker outfits with which to outwit the "Rain God."

If the California co-eds live up to their reputation it is a safe bet that they will look every bit as snappy and rosy just as enthusiastically as if old Sol were to favor them with his presence.

W. A. A. MEETING HELD THURSDAY

The Womens' Athletic Association held its general meeting last Thursday afternoon in the Educational Building at 4 o'clock. It was decided to prolong the soccer season until Nov. 18, and the volley ball season will run into next semester instead of terminating at Christmas.

The women out for swimming will be given 50 regular W. A. A. points for regular practice, and 25 additional points for decided improvement which will be decided by Miss Weber.

During the first week in December a group of W. A. A. women will put on an act at the Majestic. The exact date has not been definitely decided upon.

The Archery-Tennis spread will be held next Thursday at which there will be an initiation of new members.

Raffle Tickets Sold by W. A. A.

All last week the members of W. A. A. sold chances on the panoply which was being raffled by the American Legion. The organization received ten per cent of the amount of money they took in which will be added to their treasury. The women are raising money for their scholarship fund and for the lodge they plan to build.

PREP SPORTS

By ED DUCKER

With the High school season nearing completion, two teams as yet undefeated; these two being Lovelock and Stewart. Running close to these teams are Reno and Fallon. Both of these teams suffering one defeat; Reno to Sparks, earlier in the season, and Fallon to Reno, three weeks ago. Sparks has suffered two defeats so far; to Lovelock and to the Stewart Indians last week. Carson is holding down the cellar position in the league as they have yet to win a high school game. Even with losing every game Carson has shown lots of fight and have only been defeated after several hard contested struggles.

Two Tough Games

Last week end witnessed two of the hardest fought games of the season when Lovelock and Fallon fought to a 7 to 7 tie and Stewart won from the Sparks eleven 14 to 6. Reno ran wild over the lighter Carson team and scored a 33 to 6 victory. The Stewart and Sparks game was a very bitterly contested affair, and one that was in the least doubt until the final whistle was blown. The first half was fought in a drizzling rain and was mostly in the Sparks territory. The Indians twice working the ball within scoring dis-

to convert, near the end of the third quarter, Sparks presented Stewart with their extra two points via the safety route. Stewart punted and the Sparks safety man juggled and fumbled the ball over the goal line and then was downed behind the line. Sparks scored late in the fourth quarter and this was due to straight football. They failed to convert. The remainder of the game was played in midfield and neither team threatened.

Reno Strong

The Carson Reno game was more of a walk-away for the Reno lads although the Carson team put up a great fight. Salisbury and Dube were the

stars for the Reno team while Winters and Wilson carried the brunt of the Carson work. By the end of next week a very good line-up should be had on who will be the possible champions as Stewart and Reno meet in a very important conference game.

SPECIALIZATION REQUIRED FOR SUCCESS SAYS NOTED AUTHOR

TOO MUCH EDUCATION IS WORSE THAN NONE, SAYS WRITER

TRAVEL IS BEST WAY OF OBTAINING MUCH INFORMATION

"Specialization in a subject for which you are fitted is the best kind of an education," states Cornelius Vanderbilt, Jr., well-known journalist and author, "there is always room at the top for a man or woman who excels in their line."

"Too much book learning is worse than too little; a man educated in the school of hard knocks is usually more capable than one who has a liberal education or the popular A. B. degree. The four year Arts and Science course is really only a stepping stone from high school and a person with this degree is not fitted for a position of any kind, he is not specialized."

"Most graduates of this type feel that they 'know it all' and that it is their duty to re-organize the world according to the system they learned in college. I have tried a great many college graduates on my newspapers and only a very small percent of them were successful, they lacked responsibility, and often when they were needed most they were not to be found. Of course many of these were wealthy young people to whom a pay check meant little, but it is also true of the ones who needed the money. A man who begins at the bottom and works up is always more competent. He has been so closely connected with the idea of promptness that he realizes its importance, especially in a newspaper office."

Specialization Wanted
"I believe in a college education, but one of a specialized nature is the only practical kind, a man can always find a position if he can do even one thing better than anyone else. Every field of activity needs specialized workers. This was impressed on me while I was in the army; I was changed nineteen different times in eight months, I had told them what I thought I could do but they kept trying me out to find what I could do best. During a siege in the Argonne a commander was attempting to find a man who knew something about machinery so the big guns could be placed more advantageously, if the army had been organized according to specialized groups a great deal of trouble would have been avoided."

"It is becoming more and more important that a woman must know how to do something and to do it well, she should always be prepared to make her own living. This is much easier for American women because the class distinction is not so pronounced as in Europe," added Mr. Vanderbilt.

"I like to change by great grandfather's favorite saying, 'the public be damned' to 'the public be served.' This may be accomplished by everyone being an authority in their line."

Travel an Education
"Travel is the best means of education if one can afford it, if not, association with people is important; of course college is an aid in this, but really getting out into the world and mixing with all types of people is more valuable. I was brought up in more or less of a secluded atmosphere and naturally was anxious to see the world myself. I believe this has been more valuable to me than a college education."

"The field of journalism is very big, there are many openings especially for women, but here one must also be a specialist even if it is merely to know more about the potato crop than anyone else or to understand the religious attitude of certain South American tribes better than any other person," emphasized Mr. Vanderbilt.

SWANS WILL SOON BE REMOVED FROM LAKE

Thanksgiving time, that season which brings disaster to many a barnyard fowl, presents a more cheerful prospect to the two white swans that have spent the warm summer months sailing about on Manzanita Lake. For it is usually at this time when the north wind is beginning to chill the waters of the lake that, according to Mr. Joseph Lynch, superintendent of the grounds and building at the University, the swans leave their summer home to spend a comfortable winter in the indoor pond provided for them in the Experiment station. With such a pleasant winter in view, the swans may well continue their untroubled existence on the lake with no qualms or forebodings of the future.

FLORENTINES TO BE AT GRANADA

The Florentine Polyphonic Choir, a chorus of fifty Italian singers, both men and women, from Florence, Italy, who are dressed in fourteenth century costumes, will appear at the Granada theater Tuesday, November 22nd, under the conductorship of Sandro Benelli. Frank W. Healy, who managed the tours of the other two famous Italian choirs which have appeared at Reno, is a former resident of Virginia City, but is now residing in San Francisco, California, where he is managing the tour for the Florentine Choir. It is the aim of the fifty men and women singers of the Florentine Choir to give to America the spirit of Beauty of which their city is an expression and they have striven to make themselves perfect.

BLUE KEY GIVES FINANCE REPORT

Financial reports of gridgraph and Wolves Frolic committees were given at a business meeting of the Blue Key service fraternity held Wednesday afternoon in the educational building. Expenses for the California game for the gridgraph were \$75.19 while receipts were only \$62.31; for the Stanford game expenses were \$29.45 and receipts \$34.00. This leaves a deficit of \$8.33 for the gridgraph for the season. Total receipts from the Wolves Frolic were \$1,443.19 and expenditures \$1,180.05—the expenditures include a check for \$1,000.00 which has already been turned over to the A. S. U. N. A further amount will be turned over later. In addition to the reports on finances the subject of various service work which could be taken over by the organization was discussed at the meeting.

Fraternities are to be put on their honor to report to proper officials any cases of intoxication at fraternity dances at Connecticut Wesleyan university, according to a new ruling passed by the faculty this week.

SELECTION OF RHODE SCHOLAR TO BE CHANGED

SECRETARY CONFERRING HERE WITH FORMER OXFORD MEN

A change in the manner of the selection of the Rhodes scholarship winners in America may be made soon, according to Philip Kerr, English Secretary of the Rhodes Scholarship trust. Kerr was in Reno Tuesday and was entertained by the four Rhodes scholars from Nevada now in Reno. The plan under discussion will allow for a re-allocation of the number of scholarships given according to a geographical district of a small number of states. The new plan places Nevada in the eighth district of America with California, Oregon, Washington, Idaho and Arizona. Nevada students eligible for the scholarship will then have to compete with students from these states. Four scholars will be selected from each division of states every year. In the past Nevada has been allowed to select a Rhodes scholar each year for two years, and then omitting the third year.

That this plan will hinder Nevada candidates for the scholarship was the opinion voiced at the luncheon given Kerr at the Riverside Hotel on Tuesday. Those present at the luncheon included George A. Whiteley, assistant U. S. Attorney; W. S. Unsworth, assistant at Reno Public Library; Charles M. Chatfield, Paul A. Harwood, and Dean Maxwell Adams. Kerr visited the campus Tuesday afternoon and left Tuesday night for Salt Lake City. He is touring the United States and dominions of Great Britain where the scholarship is given.

MARY BUELL TAKES TRIP

Mrs. Mary Stilwell Buell, extension division agent, left Wednesday for Montello where she will organize a home-makers club to study community problems. She will later go to Lemoore and organize a "hot lunch" club.

Y. W. DISCUSSION GROUPS DROPPED

The Y. W. C. A. freeman discussion groups which have been taking place every week have been abandoned. However the discussion group, which was the last to be held on Tuesday the fifteenth, was very interesting and many important measures were brought up and discussed.

The question which created the most was one which dealt with the choosing of an ideal man to marry. Personal tastes and common understanding between the couple were the most essential things to be taken into consideration. This question was finally dropped because it was decided that it was not very important due to the fact that there were not any ideal men on this campus, consequently, no co-ed could be seriously contemplating marriage. The co-eds of Nevada do not favor long engagements, because they tend towards unhappiness and have always proved unsatisfactory. After a short discussion upon correct clothing for the woman of the campus, the group adjourned.

NEW FURNACE INSTALLED

The very latest furnace for heat treating of steels and various other metals was added to the Mackay school of mines mining laboratory this week. This furnace was sent out from New York by the General Electric Company, and will make the equipment of laboratory the most modern.

Y.W.C.A. TO GIVE BREAKFAST FETE

The Y. W. C. A. are giving a Thanksgiving breakfast for all Manzanita and Artemisa Hill women who are not going home for the Thanksgiving holidays. The breakfast will be held at 8:30 on Thanksgiving morning at the Y. W. C. A. rooms. All campus women besides those living at the halls are also invited. There will be music a speaker, and other entertainment for those who attend. The Reno girls, who are on the Social Service Committee are managing the breakfast and they hope that there will be a large turnout.

The price for the breakfast will be fifty cents a plate. There will be a notice on the bulletin board sometime during the next week on which all women who are going to attend the breakfast may sign.

Prof. Thompson's Health Improved

Professor R. C. Thompson of the department of Philosophy of the University, who is now enjoying a leave of absence of one semester from his work, is reported to be considerably improved in health due to the rest and change in climate. This is the first time in a number of years that Professor Thompson has not conducted his classes during the entire school year. He will return to take charge of them again next semester.

P. A. is a grand little pal
PRINCE ALBERT is the kind of a smoke you get clubby with, right off the bat. You'll be calling each other by your first names after the very first pipe-load. It is so genuinely friendly, in spirit and in fact.
P. A. treats your tongue and throat as gently as a mother handles a new-born baby. Never a bite. Never a parch. These are details, of course. The thing you'll remember longest is that wonderful taste! So cool, so sweet, so soothing.
No matter how hard you hit it up, this long-burning tobacco never hits back. You can go to it before classes, and right through to Lights Out. Get yourself a tidy red tin of Prince Albert today. The School of Experience has never produced a greater smoke than good old P. A.
P. A. is sold everywhere in tidy red tins, pound and half-pound tin humidors, and pound crystal-glass humidors with sponge-moistener top. And always with every bit of bite and parch removed by the Prince Albert process.
PRINCE ALBERT
—no other tobacco is like it!
