## MYSTERY PLAY TO BE STAGED NEXT WEEK BY HILL THESPIANS

SETTING TO REPRESENT  
FIFTEENTH CENTURY  
CATHEDRAL

CAROLS WILL BE SUNG  
BY VARIOUS PEOPLE  
THROUGHOUT

"The Chester Mysteries" which is to be presented December 8th and 9th, will be the most gorgeously staged of any play attempted this semester. The stage setting which is to represent a fifteenth century cathedral having three stained glass gothic windows, is being designed and executed by Carl Smith and Edwin Semenza. Prof. Edwin Duerr made a special trip to the coast in order to secure ten elaborate costumes which are to be sent by Goldstein's.

The plays themselves consist of three mystery plays "The Adoration of the Shepherds," and "The Adoration of the Magi," which were presented in Chester, England in the fifteenth century.

Carols sung. To add to the effectiveness of the already powerful play, the following people, accompanied and directed by T. H. Post, will sing Christmas carols throughout: Genevieve Spencer '28, Thelma Gerber, '30, Alice LeMaire '30, Kathleen Malloy, '29, Charles Carter, '29, Walter Cunningham, '28, Ted Beach '30, William Moscovitz.

In addition Prof. Post will sing Schubert's Ave Maria.

The members of the cast are: First Shepherds—George Vargas '21, Second Shepherds—Alan Bible '30, Thyra Shepherds—

Howard Ballenger '31, Twinkle—Julian Sourwine '31, Angel—Loganell Beamer '30, Mary—Mary McAnally '31, First Kings—Fred Anderson '28, Second Kings—Emerson Wilson '28, Thyra Kings—Frank Sullivan '28.

Reserved seats for this production will go on sale in the Education Building Wednesday, December 7th, from 7:30 to 3:30 and the office will continue to be open at that time the rest of the week.

## NEVADA SCHOOL COUNCIL WILL MEET IN RENO

COMMON EDUCATIONAL  
PROBLEMS WILL  
BE DISCUSSED

President Walter E. Clark, and members of the University of Nevada faculty will take part in a meeting of the Nevada Council of School Administration to be held in Reno for two days, today and tomorrow.

This council is a new department of the Nevada State Educational Association, and the meeting will be the first since its organization. It has as its president, Mr. A. L. Kelly of Oregon, and as its vice president, Mr. George L. Dilworth of Sparks.

**Problems Discussed**  
An address by Governor Fred Balzar on some phases of education will be followed by a discussion of common problems of the state university and the high schools of Nevada. Dean John W. Hall will later speak on "Essentials in the Organization of an Effective Unit for Administration and Supervision."

Others who will speak are V. Townsend, president of the state association and superintendent of schools at McGill; George L. Dilworth, superintendent of the Sparks schools; B. D. Billinghurst, superintendent of the Reno schools; G. E. McCracken, principal of the Churchill county high school at Fallon; Walter W. Anderson, superintendent of public instruction; Charles Priest, superintendent of the Carson schools; and W. J. Huntington, superintendent of schools at Lovelock.

Cooperation on the part of state officials is expected to do much toward improving the Nevada educational system.

Five young men of the University of Kansas are taking a cooking course. Preparedness seems to be their motto.

## Desert Wolf

A fascinating story of love and intrigue on the University of Nevada Campus, clever art work and side-splitting jokes, are some of the attractions which the next issue of the Nevada Desert Wolf will offer, when, according to the editor, Elmer Lyon, it will make its appearance on the campus on December 15.

This will be the last issue of the Wolf this semester and, according to predictions, it will be even better than the previous ones.

## Nevada Students Favor Policies of Pres. Clark

Italic N's Presented  
to Worthy Staff  
Members

The University of Nevada students are heartily in accord with President Clark and his policies as was shown by unanimous approval of the resolutions which were passed in this morning's assembly of the A. S. U. N. The Board of Regents' proposal to cut the salary of the president fifty per cent met with disapproval, and spirited talks by campus leaders met with much applause from the student body members. A committee, consisting of Walter Cox '28, Pete Gignoux '28 and Bud Stevenson '28, was appointed to draft a suitable resolution to be presented before the Board of Regents tomorrow afternoon.

A resolution drawn up by the engineers asking the Board of Regents to reconsider the resignation of Associate-Professor C. H. Kent was endorsed by the student body. Various men, citing Kent's work as instructor in basic engineering courses and as leader of the university band, asked that a committee be appointed to present the facts before the state regents. The committee appointed was headed by Ed Zeigler '28, with Kenneth Knopf '28, and Walter Cox '28, as assistants. The proposal which had previously been accepted by the engineers, 160 strong, passed the A. S. U. N. meeting without a dissenting vote.

**Awards Given**  
Seven Italic N's were awarded by Fred Anderson, Editor and Eva Adams, Women's Editor of the Sagebrush. Those to receive the silver letter were: John Babcock '28, Dan Senseney '30, Allan Crawford '29, Barbara Horton '30, Frances Nelson '28, Anita Beacas '28, and Saralee Clark '30. Those awards are given every semester to those members of the staff who have shown service, ability and willingness to work and are one of the highest honors that can be paid newspaper aspirants.

**Office Needed**  
A need of student body offices for A. S. U. N. officials was mentioned, and a group was appointed to investigate possibilities. The committee appointed in this matter by President Cannon included Lloyd Moon '29, Douglas Ford '29, Ellen Harrington '29, Duane Mack '30, Patricia Harding '29, and Marshal Guisti '30.

Bob Farrar '14, president of the Alumni Association, was appointed to succeed Harold Hughes '24, as the alumni representative for the proposed Union building. Harold Hughes, who has served ably in this capacity, was forced to resign due to his appointment as manager of the San Francisco Junior Chamber of Commerce. The meeting adjourned with the singing of the Nevada hymn.

## FULL SCHEDULE NEXT YEAR FOR SCHOOL ACTORS

HILL STUDENTS ARE TO  
DIRECT LAST PLAYS  
OF SEASON

The Campus Players are planning a full schedule next semester. Their first play will be chosen from "Not Herbert," comedy and mystery play; "The Bad Man" by Porter Emerson Browne, a comedy of Mexican life in which Holbrook Blin appeared, or "You Never Can Tell" by Bernard Shaw, a comedy of the younger generation, who "Saturday's Children," by Maxwell Adams, now finishing a year's stand in New York and considered the best play of the year, is on the list for the second play. If it is secured the students on the Nevada Campus will be the first non-professionals to present it.

"Ice Bound" by Owen Davis, the Pulitzer prize play for 1922, which is a drama of New England life, is also being considered.

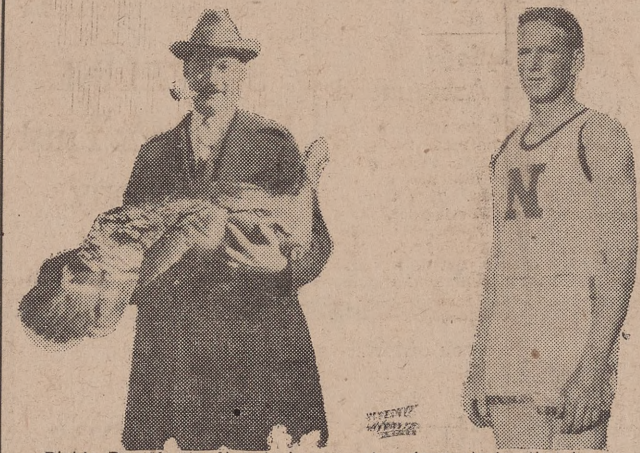

**Students Direct Play**  
The last presentation is to be a series of three one-act plays directed by students. "The Man Who Married a Dumb Wife" by Anatole France is to be directed by Edwin Semenza. The other two one-act plays may be chosen from those entered in the play writing contest or may be "Indian Summer" by Mithael and Halevey, a French play to be directed by Lenard Sledge, '30, or "French Without a Master" by Tristram Bernard, also a French farce.

In addition to this schedule the Senior play is to be presented. New lights and new curtains will be secured and installed by next semester so that the stage effects will be even better than those already procured.

## Senior Memorial Foundation Laid

Due to the Thanksgiving vacation the work on the senior memorial has not been progressing very rapidly. All that has been accomplished is the work done on the foundation. The square cement foundation blocks are placed on each side of the east north-west of Lincoln Hall and soon there will be added to these, the pillars which will form the entrance gates which the Senior class of 1927 presented to the campus.

## "Doc" Martie "Les" Clover

Right: Doc Martie, Nevada hoop mentor, demonstrates that he can win something besides basketball games. The result of a Thanksgiving "Turkey Shoot." Left: from the determined look on Les' face it can be seen that Nevada will have at least one fighter on the squad. This is Clover's third and last year on the varsity.

Nevada is about due to win her second Far Western Conference basketball championship, according to "Doc" Martie. With only two men lost from last year's squad and most of the school drilled in his system of coaching and play he believes that it will not be necessary to recruit any players from the freshman class.

"If we win the first two games nothing will stop us," claims Martie. These two games are against the powerful Olympic Club and the team is composed of former California and Stanford stars and will give the students and the people of Reno a chance to see the type of men Nevada has been playing in the last few years.

"St. Ignatius and St. Mary's are the two hardest teams on the schedule this year and Nevada will have to play good ball to beat them, but we have the material and hope to produce the ability to win," said Martie.

Captain Les Clover also prophesies that Nevada is on the verge of her best year of basketball, and although he will not depict a clean sweep of all games, he figures Nevada to pull through on or near the top.

"With a veteran team and a number of good men coached in Nevada's fast style of play, trying out for the team, the squad should be able to get off to a quick start and play consistently throughout the season," Clover continued.

St. Mary's is the team we are out to beat and if the team plays the game it is capable of Nevada will chalk up the victory. Last year these teams split the series and the games were fast and hard fought throughout and it was no disgrace to lose either game.

Nevada does not meet California or Stanford this year, but nevertheless has a hard, fast schedule to play and it will require a strong team to bring us the Far Western Conference Championship again.

"I hope we have that team and will have another championship added to our belt," Les stated.

## Movement Made to Reduce Wage of Doctor Clark

Board of Regents Plan  
to Cut Deficit  
of School

In an effort to cut, what George F. Talbot claims expenses at the University of Nevada, it was proposed by him to cut the salary of Walter E. Clark, president of the state university in half and also to further cut down expenses by diminishing President Clark's present entertaining fund which has been fixed at \$1,000.

He has been receiving a salary of \$12,000 a year for his work at the institution, and during the last two years several attempts have been made to reduce his salary. In the last session of the state legislature it was introduced to cut Clark's salary, but it never got outside of committee.

President Clark before coming to the university of Nevada was head of the department of Political Science at the college of the City of New York. He is also the author of several books on economics and is considered an authority on this subject in the country. It has been during his presidency that special students at the university have been cut from a large figure to the present one of 7, he has raised the entrance requirement at the school until the University of Nevada now has requirements comparable to the best colleges in the United States.

The Board of Regents at the university seem to be opposed to making any statements at the present time to their stand on the matter with the exception of Talbot. It seems to be their general opinion however, that the expenses are too high at the institution and that they are showing a deficit and that the cut in the president's salary offers the easy way out of cutting down this deficit.

Student opinion at the University of Nevada opposes any such cut of the president's salary and the students are strongly behind President Clark in his present policy and work that he is doing for the school.

## PLAN ADVANCES FOR OBTAINING A. S. U. N. OFFICE

NEED OF HEADQUARTERS  
FELT BY LEADERS IN  
ACTIVITIES

Agitation has recently been started by some of the campus leaders to secure and furnish a regular A. S. U. N. office. Possibilities of acquiring space in the old library, the new library and Stewart Hall have been investigated with the possible elimination of all but Stewart Hall.

The need of an A. S. U. N. office is very much felt, as the A. S. U. N. has no place to keep records and materials; no regular place to receive mail or phone calls, no regular place to hold committee meetings, and it lacks any specified office or official home whatever.

On first thought the most desirable space suggested was in the old library or a room in the new library but space in the old library is being withheld for classrooms and space in the new library would most probably be refused by the Board of Regents. Unless some unthought-of room is found an office will be obtained on the top deck of Stewart Hall, which is desirable except for the three flights of stairs.

In the event space is taken in Stewart Hall the northwest corner, which is partitioned from the remainder, will be thoroughly cleaned, papered and generally made attractive. It is planned to have carpets, a few desks for A. S. U. N. officials, places where valuable records and data might be stored, and telephone facilities.

## STATE REGENTS MAKE CHANGES

The Board of Regents at the regular meeting last Wednesday approved the appointment of Miss Patterson as a temporary instructor to fill the vacancy left by Instructor Truesdell of the chemistry department. At the same time they elected Instructor Lough to be next semester in the place of Truesdell. The resignation of Charles Chatfield, who was forced to give up his position because of poor health, was accepted, effective November 1.

The resignation of Associate-Professor C. H. Kent, effective June 30, 1928, was accepted. Arrangements were made to put new troughs and down spouts in Lincoln Hall. R. M. Oliver was reengaged for another three months to continue in arranging and cataloging the Mackay School of Mines Museum.

## Y. W. SENDS BOX TO CHINA

The Y. W. C. A. cabinet on the campus sent a Christmas box to Maude Russell, secretary of the organization in China, this week. Fruit cake and candy were included in the package.

## GLEE CLUB TO PRESENT NOVEL SONGS BEFORE FALLON PEOPLE

THE FIRST OUT OF TOWN  
CONCERT PLANNED  
FOR TOMORROW

TENTATIVE PLANS MADE  
FOR NEXT SEMESTER'S  
ENTERTAINMENT

The first out-of-town concert of the year to be given by the men's Glee Club will be presented at Fallon tomorrow night. The entertainment will be the first complete program presented under the direction of Prof. T. H. Post, director of music, who came to the university at the beginning of the year.

**Variety Offered**  
The evenings entertainment will consist of four groups of songs by the glee club, four solos, three skits by members of the club, popular numbers by the club's quartet and orchestra, and a reading. The skits will include tragedy and comedy, and promises to be an entertainment alone, according to Professor Post.

Members of the University Glee Club who will go to Fallon tomorrow night are: W. Cunningham, E. Capiti, A. Hexem, H. Bath, R. Geyer, G. Petty-crow, J. Sourwine, C. Carter, D. Senseney, L. Sidwell, H. Rosen, J. Henrichs, L. Scott, L. Carter, N. Lamb, A. Copeland, G. Vargas, A. Chase, M. Humphrey, R. Vogliotti, L. R. Brown, W. Meroux, H. Jacobs, D. Bernstein, R. Conant and E. Wilson.

The program consists of four groups of songs. First: Mackey Song, Swing low, Elfinan. Second: Fireflies, Volga Boatman, Hi Danube, Jolly River, Third: Invictus, Kentucky Babe, Stein Song. Fourth: Goody and Triumph Song. Solos will be sung by Alden Copeland, Charles Carter, Don Bell and Theodore Post. The skits will consist of "So Long Harry," "Deuces Out," and "Alah Ah-Bah." A reading entitled A. B. C.'s of Impersonation will be given by Julien Sourwine. Several popular numbers will be given by the orchestra and quartet.

**Other Trips**  
Plans to have programs in Elko, Ely and Tonopah next semester are now under way, according to Professor Post. The entertainments will be similar to the one held in Fallon tomorrow night. For the first time, try-outs will be held at the beginning of the second semester, and as a result the Glee Club will be larger. Professor Post stated that the club should be larger and that from the several hundred men in school there should be many good voices that he would like to see in the club.

## THREE WRITERS TIED IN WEEK'S BRUSH CONTEST

HANCOCK '30 WINS THIS  
ISSUE'S "BEST STORY"  
CONTEST

The second week in the "Best story" contest for the Nevada Desert Wolf loving cup ended in a triple tie for first place. To date Julien Sourwine '31, Alan Bible '30 and Melville Hancock '30, each have a hundred points toward the prize.

This week's contest was won by Melville Hancock '30, with his story system, and as a result he will receive one hundred points in the competition.

Second place garnered seventy-five points for Helen Reager '30. Miss Reager, covering Vanderbilt's speech, wrote on specialization as the ideal education. Saralee Clark '30, writing on the Faculty Club address, received third place and fifty points. Fourth place, with twenty-five points, was given the story on the Japanese grave by Julien Sourwine '31.

This "best story" contest designed primarily to increase the quality of the Brush articles will continue through the week of January 27th. At this time the winner will be presented with a handsome silver loving cup which is now on display in the exhibit room of the library. Second, third and fourth prizes will also be awarded to the successful contestants who secure places.

Elmer Lyons '29 and Herb Jacobs '29 editor and business manager of the Nevada Desert Wolf and sponsors of the contest are acting as judges reaching their decisions without knowledge as to the writer of the articles.

## ARTICLES ACCUMULATE

Keys, pens, pencils, gloves, books, combs, gloves, hats, purses, pins and buttons comprise the various lost and found articles in the lost and found drawer of Miss Cornelia Williamson, secretary of the school of education, in room 100, Education building, in which she has been accumulating the different materials for the past two years.

## PHI KAPPA PHI REQUIREMENTS ARE DECREASED TO 2 AVERAGE

GRADUATION CLASSES TO  
BE DIVIDED INTO  
TWO SECTIONS

HIGHEST FIFTH OF EACH  
CLASS CHOSEN FOR  
HONOR GROUP

Scholastic requirements for election to Nevada chapter of Phi Kappa Phi, national honor society, have been decreased from an average grade of 1.75 to one of 2, according to a statement given out by Dr. J. R. Young, president of the organization. The action was taken at a meeting held Tuesday, November 22.

Besides the reduction of the scholarship standard, it was decided that in the future the graduating class shall be divided into two sections, one composed of all the candidates for A. E. degrees and the other of all the candidates for B. S. degrees. The graduates composing the highest fifth of each group in scholastic standing will be considered for election into the organization.

**Benefit Engineers**  
The reason assigned for the lowering of the scholarship requirements was that the former high standard militated against engineering students, who, because of the difficult nature of the courses they are required to take, are more apt to fall below a 1.75 average, even though their ability may be as great as arts and science students who make 1.75 or more. This is especially true in the freshman and sophomore years, when preliminary work in engineering is taken.

By dividing the graduating class into two groups and electing from a fifth of each, a more equal proportion of members from each group will be gained.

**Proportion Same**  
The proportion of the graduating class who may be elected, has, however, not been changed, and the chief result of the alterations will be only to get a more representative membership. Even though the highest fifth of a group contains a few graduates falling below a 2 average, such students would not be considered for election, since the organizations is bound not to elect one-fifth, but only to restrict its elections to one-fifth or less of the class.

## SCHOOL ACTORS WILL SPONSOR NEW CONTESTS

HIGH SCHOOL STUDENTS  
WILL PARTICIPATE  
IN PROGRAM

A Shakespearean reading contest for boys, one for girls and a play production contest will be ushered in by campus players during the annual high school forensic tournament to be held next spring. Ten selections from Shakespeare's works will be picked by the players, and those participating in this contest must choose from this group.

A silver loving cup will be awarded to the winner of the boy's contest, and to the girl winner, and a larger one to the school which wins. A cup will also be given to the school which is the winner of the play production contest.

**First Attempt**  
This is the first time any such contests have ever been tried on the Nevada campus, and Professor Edwin Duerr hopes to make it an annual affair. Its purpose is to meet the growing needs of young people to acquaint themselves with the works of Shakespeare.

Reno, Sparks and Las Vegas have already shown interest in this sort of thing, and material is being sent this week to the various high schools in the state, in order to get them interested at once.

## PSYCH GRADES READY

Freshmen! If you are interested in securing your grades from the Psychological Examination, you may have them by application at the office of the Psychology department, the Registrar's office, or at the offices of any of the Deans of the various schools and colleges.

## Your Artemisia

It's about time for all seniors to commence thinking about the record they wish to have in the Annual. We will appreciate the cooperation if all members of '28 will fill out one of the Senior blanks on the bulletin board during the coming week and drop in the Artemisia office box or hand it to Mabel Mariani, class editor.

# ORIENTATION IS TO BE OFFERED FOR FRESHMEN

### PLANS ARE SUBMITTED TO COMMITTEE FOR DECISION

Plans for an orientation course for freshmen have been submitted to the faculty of the College of Arts and Science by a special committee consisting of Prof. Charles Haseman, Dean J. W. Hall, and Prof. A. L. Higginbotham.

The committee states that such courses have been tried with considerable success by other colleges, and strongly recommends their adoption here. The course will be compulsory for all freshmen, and will replace the semester of hygiene which has been dropped.

#### Dual Purpose

The plans call for a dual action. First, lectures will be given on the function of the university, together with information on the use of the library, the ideals of the student body and faculty, and other matters that new students might find useful. Later in the course, short descriptions of different studies, including their essentials, will be given. This is in order that students may be enabled to choose electives later in their college careers; and also that they may know something of those subjects they would not otherwise study.

Thus, as explained by the committee, the engineering student would learn something of the principals of such a subject as economics, while the Arts and Science student would acquire the same amount of science.

The whole purpose of the plan is to enlarge the horizons of new students, and, perhaps, in some cases, aid them in choosing a vocation or a major study in college.

It is hoped that the course may be inaugurated the first semester of next year.

## Turkey Supreme At Dining Hall

Those who remained in the dormitories over the Thanksgiving holidays did not suffer any shortage of turkey and cranberry sauce. An excellent dinner was served in the dining hall last Thanksgiving, and was attended by more than fifty students. Vases of gay flowers at all of the tables lent festivity to the occasion. The meal was begun at two o'clock and lasted for nearly two hours. It was one of the largest Thanksgiving dinners ever given at the dining hall.

## FUMES OF GAS OVERCOME YOUNG WOMAN

There is a charm of bottles and queer mixtures of chemists and of searches for elusive, unknown things that appeals to all of us. That is, until the bottles and compounds begin to smell. Then all interest disappears as though it had never existed. Noses are wrinkled, faces made, and well, while it is undignified to run, still, perhaps, if one hurries—last Tuesday, one of the members of the so-called weaker sex discovered this forcefully, strikingly, when, in the chemistry laboratory her interest began to lag, fresh air was not forthcoming, and she was forced to have recourse to that old time-honored custom—she fainted.

Latest reports have it that she is well on the way to recovery, and there is no longer any doubt as to whether she will live or not. Needless to say, her interest in the course suffered a severe relapse.

## PRE-MEDS HEAR DR. R. M. WALKER

His recent tour to Europe was the subject of a talk given by Dr. R. M. Walker, prominent physician of Reno, when he addressed the Pre-Med Society last week.

Dr. Walker told of interesting comparisons and contrast of our country with European nations. Beginning with Paris, Dr. Walker described the rather unsanitary meat and fruit stand which stood in the street exposed to air and dust.

"This is quite different from what one would expect to find in modern Paris," stated Walker.

"In direct contrast with the Parisian fruit stands, was the extreme cleanliness in Holland. Although everything is kept absolutely sanitary," according to Dr. Walker, "they have some customs that would seem peculiar to Americans. The living room and stable are often adjacent. However if one were blindfolded and led through a stable in Holland, he would not know he had passed through one," stated Walker.

In modern parts of Italian cities it is clean and has good standards of sanitation, but in the older quarters of the cities filth was very much in evidence, concluded Dr. Walker.

## JOURNALISTS TO HAVE CHANCES IN BIG CONTEST

### OPPORTUNITIES OPEN TO WRITE ARTICLES IN BIG PAPERS

Budding literary geniuses of the University of Nevada have a chance to see their efforts in print in the largest newspapers of the country if they adhere to a plan sponsored by the United Feature Syndicate of America.

This company, one of the biggest newspaper syndicates in the world, is sponsoring a plan whereby students may write on topics assigned to them in competition with student writers from all over America. The writings of the successful students will be sold to the different newspapers which the syndicate serves, and the proceeds will be shared with the student writer.

#### Splendid Opportunity

This plan offers a splendid chance for the journalistically inclined student to get practical experience at the same time that he is reaping substantial profit, according to the Syndicate editors.

The students having artistic talent may commercialize their art, for cartoons will be acceptable and valued equally with articles.

The writing of the article is the only thing that the student has to do, all cost of manufacturing, distribution, and exploitation being taken care of by the syndicate.

The possibilities for the right student are almost unlimited, as the articles will be run side by side with the articles of such eminent authors as Sir Philip Gibbs, David Lloyd George, Norman Hapgood, and others, an announcement states.

Further and more explicit information upon the subject may be obtained from Professor A. L. Higginbotham of the Journalism department.

Courses in Negro literature were a feature of the summer school for teachers conducted at the Tuskegee (Alabama) Institute this year.

## SEMESTER CLOSES WITH APPLE SHOW

Only nineteen more shopping days until Christmas, and only thirteen more school days until the end of the semester. Last minute exams and papers are drawing near and preparations for them far overshadow plans for vacation. Classes are unusually well attended, many students seem to feel that last impressions are favorable as well as lasting and grades might be made in a few recitations. Red apples are in evidence in almost every class; several severe cases of "appleitis" have been discovered among profs, who are considered especially hard. But after all, it is the same old story every semester and it's the prof's own fault if he doesn't get next to it in ten or a dozen years.

## Varsity Tennis Team Announced

Announcement of the women's varsity tennis team was made this week by Miss Verrell Webber, assistant director of women's athletics at the University of Nevada. This team is composed of Isabel Loring '28, Mary Weeks, '30; Francis Fuller, '31; Euphemia Clark, '31 and Verde Fant, '30.

## SIMSON'S

SEE OUR WINDOWS, 22 East Second St.

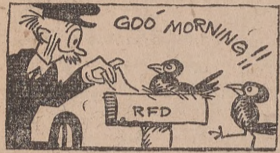

By NOMIAL

WELL, WE NOTICE THAT AT LAST THEY'VE GOTTEN BUSY AND CLEANED OUT THE AGGIE BUILDING.

We were under the impression that last week's vacation was a boon, but since trying to write up this week's column we've found out different. All the dirt we had collected last week we've forgotten, and this week there hasn't been any dirt because everybody went home over the week end. We'd have to travel all over the state to get the necessary ingredients.

However, a few savory items stuck in our memory, so we'll make them fill as much space as possible.

Prof. Jones issued a statement, or a threat, or a promise, or whatever you want to call it, to the effect that he's going to flunk some fresh woman for chucking him under the chin. Whereupon a shout will be heard in some sorority house: BUT, MIGHOSH, GIRLS, IT WAS WORTH IT!

How often must we protest that it isn't necessary for a fraternity to tell us it's going to have a Bowery Dance—or a Hard Times Dance, or anything of that sort? We know good and well, without being told, that the darn thing'll be a dirt-race.

OF COURSE WE DON'T BLAME THE PI PHIS FOR FINDING THEIR HOUSE MOTHER A BIT IRKSOME OVER THE HOLIDAYS BUT NEVERTHELESS AND AT THE SAME TIME IT SEEMS PRETTY MEAN OF THEM TO MAKE THE GAMMA PHIS BE THE GOATS.

And so there were only four Thetas at the Pan-Hell dance. The question is, were they resting on their laurels,

or only becoming conservative again?

Somebody came tearing in to tell us that they had heard that some of the boys were up to the old collegiate trick of swiping sugar tongs in hotels. Now, of course, that wasn't any food to us at all, but when Unguentina, who happened to be standing by, said she bet it was the S. A. E. Hotel—why, then we realized right away that we had something to put in the column.

Artemisia Artless says he wishes they'd hurry up and get that Student Union Building built, so the Artemisia could have a new office. There's hardly any space left on the walls of the present office to draw pictures on.

THE PERFECT U. OF N. NO. 3

The perfect campus will have two barber shops. They will be located at opposite ends of the campus, one stacked with copies of Vogue and the Pictorial Review and the other with copies of Whiz Bang and the Police Gazette. Ladies will not be allowed in the latter shop; and while gentlemen may patronize the former, they probably won't want to.

This will be a particular boon for those shy members of the faculty who

For the benefit of the campus women who did not go home over the holidays a waffle breakfast was given in the Y. W. C. A. rooms downtown by the Social Service Committee.

After breakfast entertainment was furnished by various games, the singing of songs, and several piano solos contributed by Ruth Bart, Margaret Hartman, '29, was in charge of the affair and was helped by Margaret Sullivan, '30, and Norma Gardella, '29. This is one of several projects worked out this year by the Social Service Committee of the campus Y. W. C. A.

are afraid to go near those barber shops down town—at least, we understand what's the matter with them. It will also be greatly appreciated by Dean Leach, and the men who take his courses.

Speaking of "The Port of Missing Men" at the Majestic this week, we hear that the Pi Phis are planning on giving the Tri Delta a good run. At least they're getting rid of one hindrance in the obstacle race.

Choir Sings to Packed Theater

Music lovers of Reno and the vicinity were given a chance to hear a real treat in the way of choral singing when the Florentine Choir filled a one-night engagement at the Granada theatre last week. The choir gave its performance to a packed house, and was most enthusiastically received.

Brilliant costumes lent much to the atmosphere of the occasion, and the songs rendered, both solos and choruses, were highly entertaining.

Its Reno engagement was the only stop made by the choir between Salt Lake and the Pacific Coast, and Reno

## OUR POLICY

In 1918 there was an enrollment of 300 students at Nevada, today it totals approximately 950. Her buildings, then valued at a very few hundred thousand dollars, have been increased to over a million dollars, with the prospects of adding another million dollars in the next few years. Her scholarship standards have increased from among the lowest till they now rank with the best and her position of rating with the best of universities has been firmly established during the past decade.

A major portion of this advancement can be traced to one influence, one man who has worked tirelessly for the good of the University. That man is President Walter E. Clark and it is with regret that the students of the university learned of the proposal of the board of regents to slice his salary. Such an action would deprive Nevada of the one who made this rapid advancement possible and we think it is to be regretted that such a step was deemed necessary by the Board of Regents.

Doctor Clark in 1920 received the offer of a position which offered him over five times the salary he was receiving. The Board of Regents, at that time, realizing the value of a man with character and intelligence sufficient to form policies and will power and determination sufficient to carry them out, induced him to remain by a raise of salary. This raise approached nowhere near the amount of his other offer. Now certain of the Board of Regents suggest cutting that salary till it is less than that which he started with.

An attempt to throw dirt in the eyes of the people has been made in the statement by certain persons that the salary of President Clark is the highest paid to any state or land grant college president. With but little view of statistics this statement can be proven false.

The state of Oregon has both the University of Oregon at Eugene and the Oregon Agricultural College at Corvallis. Paying \$10,000 to the president of each of these the State of Oregon is paying \$20,000 for presidential service and in addition it is paying a fair salary to the head of at least one Normal School separate from either of the two colleges.

The State of Washington pays \$18,000 to the President of the University of Washington at Seattle and \$12,000 to the President of the State College of Washington in Pullman—that is the State of Washington pays \$30,000 per year for presidential services at these two institutions.

Again, Utah pays \$10,000 to the President of the University of Utah at Salt Lake City and \$6,000 to the President of the Agricultural College of Utah at Logan—that is Utah pays \$16,000 per year for presidential services at these two institutions.

The University of Nevada includes its College of Arts and Science, includes its School of Education, its College of Engineering, includes Schools of Civil, Electrical, Mechanical and Mining Engineering and its College of Agricultural, includes the School of Home Economics. Higher educational activities then in Nevada are all on one campus and under one president whereas in over half the states of the Union there are from two to five or six separate higher educational units, each with its own well paid administrative officer.

It should be noted that these are publicly supported institutions. Many privately endowed pay even as high as \$30,000 per year, while at Columbia there are 25 professors who receive \$12,000 per year.

Even if it is granted that a higher salary is paid the President at Nevada than at other institutions, is that a reason for changing it. Through his associations he has brought to Nevada endowments scores of times his salary. That the people of Nevada are heartily behind President Clark and his policies was demonstrated at the last regents election. That the Student Body is also behind the present administration was shown

## Socially Speaking

### SEAS GIVE DINNER DANCE

Sigma Alpha Epsilon entertained with a dinner dance at their house on Evans avenue Wednesday night. Following the dinner the evening was spent in dancing. The patron and patronesses of the occasion were Mrs. George E. Thatcher, Mrs. J. Gray, and Mr. and Mrs. Herbert Foster.

### TRI DELTA GIVES DINNER

Following the Pan-Hellenic dance Tri Delta Delta entertained with an informal dinner at their house on Sierra street.

### PHI SIGS ENTERTAIN

Wednesday evening Phi Sigma Kappa entertained with a dance at the home of Mrs. Haynes Howell on Hill street. The music for the occasion was furnished by Wyman Sexsmith and Deac Adams.

### PI PHI WAFFLE BREAKFAST GIVEN

Pi Beta Phi will hold their annual waffle breakfast Sunday morning this morning. The Sagebrush expresses the opinion of the Student Body by respectfully requesting the Board of Regents to refrain from any action which will in any way influence the resignation of President Walter E. Clark.

## TO OUR TEAM

With the revolving of the sports cycle, football has again faded into the background to make way for the artists of the hoop. Nevada, in the season just ended, did not pile up a particularly impressive series of wins. They did do one thing, however. They proved themselves Nevadans. They upheld that spirit which has made the smallest university on the Pacific Coast one to be reckoned with by the largest. They lived up to their reputation of clean, hard fighters who believe in the spirit of "never die." Playing against jinxes of "fumbles," "injuries," and "ineligibilities" they fought to the last and no man on the team but gave his best. Too much cannot be said of the men who, playing on Nevada's varsity, brought it through to an almost wholly triumphant climax, after beginning the season with a discouraging list of defeats.

But the credit is not due alone to these. A part should go to the men who make this team possible, who get no praise nor material reward for their efforts, their only glory consisting of a halo of bruises and a memory of aching muscles. The "goof team," the second string men, unheralded in picture or story, who struggle through weary hours to put Nevada first. The Sagebrush, for one, feels the debt due both the team who won Nevada's victories and the men who made that team possible and we take this opportunity of expressing our appreciations.

## "THE COLLEGE SCRIBE"

It has been said that the meanest person on earth is the "college scribe." Be that as it may, one thing is certain. He is the lowest representative of college circles. His is the life of hard work, low marks, criticisms and lack of sleep. While others repose in blessed slumbers, he is to be found in a waste paper littered basement hunched over the remnants of a former typewriter, the perspiring slave of his profession.

The hours of toil of the football men are lightened by the cheers of the onlookers while the scribe must extend himself to greater efforts to satisfy the fault seeking readers. For hours each week he pounds away at a typewriter, practically unknown in the midst of the "college whirl" and with his only reward the satisfaction of work well done and the knowledge that he has done his bit.

Once each semester, however, the "college scribe" is allowed to come out of hibernation and, for a brief moment, to be before the eyes of the Student Body, basking in the lime-light of popular approval. That moment came this morning with the presentation of "Italic Ns," the service award of the University of Nevada Sagebrush. This pin represents hours of endeavor and sacrifice, of toil and thankless labor. The editor and business manager receive a share of credit but not so the poor reporter. The students point to him as an object of pity and derision, while the profs make of him an example of shiftlessness and lack of intelligence. But we honor him, probably because we have gone through the same stage.

## PHI KAPPA PHI

Phi Kappa Phi requirements for membership have recently been revised for the purpose of obtaining a fairer representation of work of high quality in the various departments on the Hill. Hitherto the difficult courses necessary for students in the Engineering, Pre-medical, and other departments have led to students of equal intelligence and sincerity of purpose winning no recognition for work which is at least on a par and in many cases superior to that undertaken by the Arts and Science student who wins constant note on the Honor Roll. The discrepancy lies, no doubt, in the fact of a greater choice of electives in the latter school, wherein other courses are definitely marked out for candidates for degrees.

It will be said that the new standards will lower the prestige of Phi Kappa Phi as an honorary scholastic society; but this is a fallacy in view of the flexibility of the rules for election and the sane judgments of those in the society, who will certainly see that all those elected are students winning records meriting distinction.

It is not a lowering of standards—it is rather a recognition of long-apparent differences in requirements in certain departments; and a fair attempt to bestow laurels where they are most deserved. With this aim in mind, Phi Kappa Phi has met changing conditions within the University with measures which will provide for ability in different fields to be recognized proportionately and give equal chances for recognition of attainment to students in more intense fields of study, thus achieving its own goal of ideals in scholarship.

—E.A., '28.

from nine to one o'clock at their house on Elm street. All university students are invited. The charge of 25c a plate will be made.

### PI PHI'S GIVE BUFFET SUPPER

Pi Beta Phi entertained with a buffet supper at their house on Elm street previous to the Pan-Hellenic dance, November 19th.

### GAMMA PHI GIVE SUPPER

The Gamma Phis entertained with a supper at the Pan-Hellenic dance at the chapter house.

### HOMER FOR HOLIDAYS

Gretchen Watson '29, Cecelia Sullivan '29, Idel Anderson '30 and Doris Clover '31, all spent the Thanksgiving holiday season in their respective homes in California.

### HOLIDAY BRIDGE

Ellen Harrington '29, was hostess at an afternoon bridge tea given last Saturday afternoon at the home of her aunt, Mrs. F. B. Patrick.

### MOTHERS FETED

Mothers of Kappa Alpha Teta members, pledges and alumnae were entertained at the chapter house last Tuesday evening. An informal program was presented which consisted of several piano numbers by Doris Conway '31, and two vocal selections sung by Ellen Harrington '29, with Betty Dove '28, accompanying.

The annual convention of the Rocky Mountain Interscholastic Press will meet on the University of Colorado campus in November. Silver loving cups and ribbons will be given to publications who stand first in their respective divisions.

scribe Thomason's style in "Fix Bayonets" for the narration is striking in its matter-of-factness.

"Red Pants," the latest book by the author of "Fix Bayonets," is a collection of short stories of marine life. It also contains illustrations by the author, and is granted a high place among war stories. Critics are of the opinion, however, that this volume is far below "Fix Bayonets" in worth. One critic even goes so far as to say that it seems more like the work of a talented amateur than of an experienced writer. Nevertheless, it is one of the best collections of war stories that has been published in a long time.

## Artemisia Women Will Entertain

Artemisia hall girls will be the hostesses to the Women's Faculty Club this Saturday, Dec. 3rd. The women will hold their regular monthly meeting in the parlor of that dormitory and after the meeting the rooms will be open for inspection by the members.

## When Xerxes wept

THE great Persian ruler gazed from a hill-top upon his vast army of a million men. It was the largest army that had ever existed. And he turned away with tears in his eyes because in a hundred years all trace of it would be gone. That army was a symbol of power, destructive and transient.

Today in one machine, now being built in the General Electric shops, there is combined the muscular energy of two million men. This great machine, a steam turbine, is also a symbol of power—a new power that is constructive and permanent.

Its unprecedented size, a record in construction of such machines, is a pledge to the people that the electrical industry is on the march, ever on the alert to supply plenty of electricity at a low cost to all.

## Jim Bailey Chosen to Lead Wolves Thru Next Year

### NEVADA ELEVEN LOSES TO FAST GONZAGA SQUAD

#### HARDSHIPS EXPERIENCED BY WEARY WOLVES IN SEA OF MUD

Playing on a muddy, rain-soaked field over a thousand miles from home, the 1927 Nevada Wolf Pack went down to defeat before the powerful Bulldog eleven of Gonzaga University in Spokane, Washington, two weeks ago tomorrow.

The one-sided score of 41 to 6 does not tell the story of the game at all, however. The travel-weary Wolves, accustomed to playing in a dry climate, could not get going in the sea of mud. The Washington team found the going plenty hard when they attempted to pierce the Nevada line.

**Punting Game**  
Instead of powerful offensive plays from scrimmage, the Northerners were content to run back punts and kick-offs for touchdowns while the dry-land Nevadans slipped and slid in the mud trying to tackle the man with the ball. Each of the Bulldog players wore heavy mud cleats on his shoes and it was comparatively easy to run away from Wolf tacklers.

On the offensive, Nevada was just as unfortunate. Beautifully executed plays through the Catholic institution's line several times left a runner with a clear field ahead for a score but he would either lose so much traction trying to run that he was overtaken by a Gonzagan or would slip and fall, "downing" himself.

The Gonzagans presented a powerful team in all departments of the game and were on the alert for breaks at all times. The work of the Bulldog back-field was particularly brilliant.

**Seventeen on Trip**  
Coach Shaw took seventeen men on the trip with him and each man but McCullum, who had a broken hand, got to play. Captain Reynold Hansen, Julien Anderson, Mike Lawlor, "Whitey" Lawson and George Gadda played for the last time under Nevada's colors.

The men who made the trip are: End, Gadda, J. Lawlor, Moyes, and Allen; tackles, Captain Hansen and H. Newton; guards, Larsen, Anderson and Walthers; centers, Farnsworth and McCullum; halves, Bailey, M. Lawlor, Connelly, and Elston; fullbacks, Stockton and Parra.

### WOMEN'S RIFLE SCHEDULE FULL

Women's rifle has been a popular sport this semester and over fifty clubs came out for it. This sport, which has been under Sergeant Barber of the Military Department, will continue for two more weeks.

Inter-class matches will be shot off the first of January and it is rumored that a challenge is to be made with the men's team.

Plans of affiliation with the National Rifle Association of America have been rapidly advancing.

**Gym Classes Are Now Reorganized**  
For the rest of the semester the P. E. 1 and 3 classes will be given work in organized games, gymnastics, and dancing. At the end of the semester agility tests will be given to all the women. The highest score is 10. Any women making a mark of 7 or better will be allowed to choose which field she wishes to work in next semester.

Out of 190 women on the campus of the University of Iowa, fifty-nine are married, according to the Y. W. C. A. files.

### FRATERNITY TEAMS BATTLE FOR INTRA-MURAL H O O P CHAMP'SHIP

#### INDEPENDENTS FORM LIST OF CONTENDERS EIGHT GREEK LETTER SQUADS, DORM MEN AND

Much interest has been aroused by the present inter-fraternity basketball tournament which is being held in the university gymnasium. Large crowds have been turning out to see the games played thus far.

There are ten teams entered in the tournament. In addition to eight Greek letter organizations, Lincoln Hall and the Independents are represented. The schedule calls for games to be played every day between the hours of 4 and 10 o'clock P. M. and will last until Friday. Each team will play nine games and the winner will be decided upon according to the percentages.

**Annual Affair**  
Previous to last year, similar tournaments have been held annually with considerable success, but last season it was decided that the games were interfering with the varsity's work, so they were called off before the season had progressed very far. This year, the games are being played before the varsity practice begins so that there will be no difficulties arise again like there was last year. Directly after the interfrat. tourney is out of the way, a call will be made for varsity men to begin their practice.

The remaining schedule of the tournament is:  
**Friday, December 2—**  
Sigma Phi Sigma, vs. A. T. O., 4:00 p. m.; Kappa Lambda vs. Sigma Nu, 5:00 p. m.; Independents vs. Beta Kappa, 7:00 p. m.; S. A. E. vs. Delta Sigma Lambda, 8:00 p. m.; Lincoln Hall vs. Phi Sigma Kappa, 9:00 p. m.

**Saturday, December 3—**  
Sigma Phi Sigma vs. Phi Sigma Kappa, 1:00 p. m.; Kappa Lambda vs. S. A. E., 2:00 p. m.; Independents vs. Lincoln Hall, 3:00 p. m.; A. T. O. vs. Phi Sigma Kappa, 5:30 p. m.; Independents vs. Delta Sigma Lambda, 7:00 p. m.; Kappa Lambda vs. Beta Kappa, 8:00 p. m.; Sigma Phi Sigma vs. S. A. E., 9:00 p. m.

**Tuesday, December 6—**  
Independents vs. Phi Sigma Kappa, 5:30 p. m.; Kappa Lambda vs. Delta Sigma Lambda, 6:30 p. m.; A. T. O. vs. Sigma Nu, 7:30 p. m.; Sigma Phi Sigma vs. Beta Kappa, 8:30 p. m.; S. A. E. vs. Lincoln Hall, 9:30 p. m.

**Wednesday, December 7—**  
Beta Kappa vs. Delta Sigma Lambda, 4:30 p. m.; A. T. O. vs. S. A. E., 5:30 p. m.; Independents vs. Sigma Nu, 7:00 p. m.; Kappa Lambda vs. Phi Sigma Kappa, 8:00 p. m.; Sigma Phi Sigma vs. Lincoln Hall, 9:00 p. m.

**Thursday, Dec. 8—**  
S. A. E. vs. Phi Sigma Kappa, 5:30 p. m.; Sigma Nu vs. Beta Kappa, 6:30

p. m.; A. T. O. vs. Lincoln Hall, 7:30 p. m.; Kappa Lambda vs. Independents, 8:30 p. m.; Sigma Phi Sigma vs. Delta Sigma Lambda, 9:30 p. m.

**Friday, December 9—**  
Sigma Phi Sigma vs. Phi Sigma Kappa, 4:00 p. m.; Kappa Lambda vs. Lincoln Hall, 5:00 p. m.; Independents vs. S. A. E., 7:00 p. m.; A. T. O. vs. Delta Sigma Lambda, 9:00 p. m.

As this issue goes to press the inter-fraternity basketball tournament finds three squads in a triple tie with A. T. O.'s, Phi Sigma Kappa and Lincoln Hall teams with two wins and no defeats marked up for them.

### RIFLE SCHEDULE NOW COMPOSED

With the opening of rifle practice in the barracks a great deal of interest has been shown by the students in this activity as evidenced by the large turn-out to afternoon practice both by men and women. It is too early to forecast any results but some good scores have been made.

The heads of the military department have arranged a good schedule of matches which include such colleges as West Virginia, Oklahoma, Delaware, Montana, North Dakota, Vermont and Kansas. The schedule is not yet complete and many other matches are being planned on. The first match will be with West Virginia University February 21.

Rifle practice for the new freshmen rifles has not started yet, due to the lack of ammunition, but as the new ammunition will arrive this week their practice will begin December 5.

### SOCCER SEASON ENDS WITH '30 AS CHAMPIONS

#### WAA BANQUET FOLLOWS INITIATION FOR NEW MEMBERS

Women's soccer season terminated last Monday night when the champion game was played off between the Juniors and Sophomore teams, the Sophomore eleven emerging victorious by a 4 to 1 score, after a hard-fought and close game.

Following the game, initiation into the Women's Athletic Association was held in the gymnasium for all women who have qualified for membership in the organization during the past seasons, including freshmen. Participation in one sport, the winning of one hundred points in athletics, and interest in W. A. A. activities are the requirements for membership.

Culminating the program for the evening, a "spread" was held at the Campus Inn for all women who were out for soccer. Between courses, each class put on a stunt, the senior class being awarded the prize for presenting the best stunt of the evening. The championship cup for the sophomore team as winners of the class games, was presented to the team captain, Idel Anderson, '31, by Miss Weber, women's coach. Announcements were made concerning the opening of the volleyball season, and the mythical varsity eleven selection was announced. Those making this honorary team were Mary Donohue, '29; Jane Eaton, '30; Precious Nash, '30; Idel Anderson, '30; Mae Bernasconi, '28; Beckey Welda, '31; Lucille Sanford, '29; Eva

### CAL. BEARS WILL OPPOSE QUAKERS

Berkeley, P. I. P. Nils Price, University of California football coach will return Sunday from an excursion east to scout the University of Pennsylvania Quakers, opponents of the Bears in a post-season game on December 31.

This will be the second time that the Bears and Quakers have met, a post-season game having been played by them on January 1, 1925. The two are by this time more or less seasoned rivals and the game on December 31, will be more spirited than the ordinary inter-sectional contest for that reason.

Adams, '28; Nancy Helzer, '31, and Sheila Parker, '29.  
Lucille Sanford, '29, soccer manager, acted as toastmistress for the spread.

# NEVADA WOLVES FINISH SEASON IN GOOD SHAPE

## PACK SHOWED FIGHTING SPIRIT THROUGHOUT ENTIRE SCHEDULE

During the past football season the Nevada Wolf Pack played nine games of which they won two, tied one and lost six. The first game of the season came with the heretofore easily disposed of Grey Fog from St. Ignace. The Fog, however, put the Wolves to route in a fast game in which they overwhelmed the Pack by running up a score of 19 to 0 in their favor.

After a week of hard work in brushing up on the weak points the Nevadans invaded the territory of the Golden Bear, the hereditary enemy of the Wolf. Here Nevada was defeated by a score of 54 to 0, but showed a world of fight by holding the Bears scoreless during most of the first part of the game.

**Battles Stanford**  
Stanford came next on the schedule, and in that game the Nevada squad showed up fine in the first half, holding the Cardinals down to one touchdown in the first quarter.

The greatest setback in football dope that Nevada has seen, perhaps in years, came when the Pack lost their game with the Fresno State Teachers' College, a team which had never put the Pack to the test of their strength before. In a listless 7 to 7 game, until the last few minutes of play, the teachers made a goal and won the game with a score of 10 to 7.

38 to 0 was the score in the St. Mary's game, in favor of the Saints, but the game was not what the score would imply at the first glance. During the first half the two teams battled without a score. Nevada was getting her second wind in this game, as the results of the first half showed, but she could not hold up under the strain of new men being run in to tire them out, so in the second half the wall broke and the Saints scored almost at will.

**Ties Santa Clara**  
With the Santa Clara game on Homecoming Day, came the revival of the old Nevada strength and the breaking of the jinx of a long line of defeats. In a 7 to 7 tie the Wolves outplayed the stronger team in their best game of the season before a spirited crowd of alumni and students, to say nothing of enthusiasts from all over the state.

Pacific was forced to take the small end of a 19 to 14 score in a close game played on their own field. The dope during the season favored Pacific in this game, but after the Santa Clara game the Nevadans were on their guard and played a good game.

**YMI Defeated**  
The final success of the season came when the Pack outplayed and outscored the well-known Jimmy Bradshaw's Y. M. I. football stars in a 13 to 7 game.

In the Gonzaga game the Wolves

# SWANS NOW REMOVED TO NEW WINTER HOME

Even the most casual observer cannot fail to note that something is gone from our campus. Since last Friday the two white swans, who have been gracefully preening their feathers on Manzanita Lake during the warm weather, have been missing. No, this is not a Thanksgiving story for the birds did not go to "grace the festive board." The swans are simply enjoying the aristocratic privilege of wintering in warmer climes.

The actual journey, however, was not without its hardships, for the two big swans seemed reluctant to leave their summer residence. They did not at all appreciate the efforts of their benefactors and their conduct was most unruly, to the great appreciation of the bystanders. But the transference was finally accomplished and Mr. and Mrs. Swan will be at home to their friends at the Agricultural Experiment Station until spring returns again.

# STUDENT TO GET NO EARLY MAIL

Henceforth those cherished letters from—who knows—will not be read during their 8:40 classes by Nevada students. The postmaster has issued an edict which provides for the opening of the campus postoffice at nine A. M. instead of eight A. M. as was previously the case.

Also from this office comes the plea of "do your Christmas Mailing early." This is the surest way to know your Christmas packages reach their destination on time. An early mailing campaign is being conducted by the Postal service, and gay posters will shortly be seen in the campus office, with important points for correct mailing.

Mr. Prescott, the postmaster, urges especially that all packages be addressed correctly and with the address of the sender plainly written in one corner.

were beaten by a score of 41 to 6. The chances for them would have been small had they been twice as strong a team, so their success in scoring on them may be considered a very good showing.

Send the Brush Home.

# "CUT-THROAT" RUSHING WRONG STATES LEACH

## PLEDGING OF FROSH IS SAID TO BREAK UP CLASS UNITY

Abolition of the "cut-throat" method of rushing college freshmen into fraternities was advocated today by Colonel Alexander A. Sharp of Chicago, at the opening session of the interfraternity conference, said the Nevada State Journal, of November 26th.

With the eradication of the "rush" of freshmen into fraternities more democracy within the individual classes would be the result, is the opinion of Dean of Men, Leach. If the new men are unmolested by fraternities until they are sophomores the ties that are made during the first year will form a strong class that will go through the college years with the determination of "our class before anything else," he also stated.

To back his statement Dean Leach cited several incidents when the freshmen classes were strong and possessed cooperation until they were split into several sections because of the various pledge buttons that the men had accepted. It was then that the classes became weak and in spite of special meetings failed to have the cooperation that every class should have.

In several large institutions of the United States large dormitories are being built, and the entire freshman class lives together one year. In many cases several fraternities live in the same dormitory and thus a strong democracy is formed, and the college spirit is much stronger.

# SPRING FESTIVAL PLANS ARRANGED

Plans for the spring festival given annually by the Women's Physical Education Department, are already being made. The story of the festival is being written by Dorothy Crandall, instructor in the music department here last year, who is also composing the music to accompany the story.

The festival, given in the spring semester, is given by the women on the campus, who are interested in dancing and enrolled in the physical education department. The main part of the festival last year was entitled "The Spring Interlude," and was a fanciful story of the coming of Spring, gracefully interpreted by dancers. The plot of the festival this year has as yet not been divulged but it is hoped that Miss Crandall will be here to play the music which she is composing for it, according to Miss Smeth.

Freshmen at Pittsburg State Teachers' college have been denied the right of "wearing them rolled," this applies to both the "eds and the co-eds," since the men are forced to wear garters.

# SENIOR WOMEN

Senior women will have their pictures taken for their panel in the Artemisia this year in afternoon frocks, as has hitherto been the case, they decided at a meeting held the Friday before Thanksgiving vacation, rather than in cap and gown, as was the original plan.
