

VOTE NEXT WEEK FOR STUDENT OFFICERS IN THE MINES BUILDING

The Sagebrush

ATTEND PHILIPPINE DEBATES AT GRANADA THEATER APRIL 9

Founded October 19, 1893
 THE STUDENT NEWSPAPER OF THE UNIVERSITY OF NEVADA
 VOL. XXXV—No. 30 UNIVERSITY OF NEVADA—RENO, NEVADA, THURSDAY, APRIL 5, 1928 PRICE FIVE CENTS

CENTRALIZED TREASURY SYSTEM PASSED

Know Your Campus First

The classroom and laboratory represents only one side of the great group of influences which form college men and women, for a college education includes much more than merely a training in subject matter.

The history of organizations has a very important place in the history of the university. The literary societies, the college papers and other student publications, and the student government, all have their share in developing a student and making him more fit to go out into the world and win his place as a college graduate.

Probably the most important organization, because every student belongs to it, is Associated Students of the University of Nevada. The officers of this body are elected each year by the students, which election will soon be with us here.

Within this general organization are the Associated Women Students, reorganized in 1921 from the Women's League, and including all women students on the campus. This organization is in affiliation with the Nevada Federation of Women's Clubs, at whose conferences it is always represented.

Publications

The A. S. U. N. is responsible for the publication of the weekly Sagebrush, the annual Artemisia, and the quarterly Desert Wolf. The first college publication was known as the Student Record and appeared October 19, 1893. Gradually increasing in size and in frequency of publication from a monthly to a semi-monthly magazine, and then to a semi-weekly college newspaper we find that in 1909 it was a four-page weekly known as the University of Nevada Sagebrush. The Artemisia first was published in 1895 and was a little volume, cloth-bound in the blue of the University, and containing articles, photographs, and bits of history of the institution. The need of a purely literary magazine on the campus was felt for some years and the Desert Wolf was started in 1923 to meet this demand.

Many literary societies were organized and then slowly passed out of existence. On May 1, 1916, the group of women students comprising the class in Shakespearean drama, under the direction of Dr. H. W. Hill, organized Delta Alpha Epsilon, which was to be a dramatic society. For several years, one or more plays were presented by the members of the organization, until in the spring of 1921 the coming of the Campus Players transformed D. A. E. into an English honor society. The Campus Players organized themselves into a secret society including those persons in Clionia and D. A. E. who had actually taken part in plays. A Debating Society was organized in 1914 which later became Clionia.

The Girls' Glee Club was first organized in December of 1904, but after two or three years interest flagged until 1912 under the leadership of Doctor Charles Haseman the activity was renewed.

The Boys' Glee Club was first seen in 1905 but also lapsed after a year or two until the coming of Doctor Charles Haseman in 1911.

Running Trunks Are Latest Fad

A breathless co-ed paused at the threshold of Gray, Reid & Wright Co. She gazed to right and left; then, turned stealthily to the men's department. A gentleman clerk appeared. The young lady leaned over the counter, and with much stammering and halting, whispered "do you have trunks?" The gentleman wrinkled his brow, gazed at her questioningly, then smiled his most engaging smile. "Why certainly, madam. Yes, indeed, madam! Right this way, madam!"

Leading the way, with the young lady at his heels, he climbed a flight of steps, and threw open a door. "Now, madam, what kind would you like to see? We have steamer trunks, wardrobe trunks, and—"

But this was too much. The co-ed blushed painfully, shuffled her feet and hung her head. "Oh, no sir, no!" she breathed. "I mean men's trunks, —er, —uh, men's trunks! Oh don't you know?"

A light dawned. The gentleman suppressed a grin and tried to look solemn, then leaned back and laughed hilariously. The maiden laughed. They both laughed.

"You mean, —er, running trunks?" laughed the man.

"Uh-huh," just that," gurgled the co-ed. They went back to the showcase. She found a riotous pair of orange and blue ones.

Home she came and displayed them triumphantly to the sisterhood. They started forth on similar errands the following day. It's really being done. The fashions are changing.

The Men's Glee Club will not appear at the Majestic Theatre this Sunday, as was planned, but will postpone their concert a week, according to Professor Post, director.

LOCAL SUMMER SESSION IS TO BEGIN JUNE 18, FOR SIX WEEKS

As heretofore the University of Nevada proposes to do all in its power to make the summer session one of inspiration, information, and recreation for all the teachers of this great state who are seeking a vacation which is both profitable and pleasurable.

Admission

No entrance examinations will be required. Instruction is open to any one who is desirous of attending. The summer session is not intended for high school students. However, the policy will be continued of admitting high school juniors and seniors to any course for which they seem to the director and instructors qualified.

Credits and Certification

No university credit is allowed for the various courses except for students who are duly qualified through graduation from an accredited high school or who meet the matriculation requirements in some other way. No one may register for more than six credits without special approval by the director. It is assumed that six credits of work will occupy the full time of the student, and, therefore, the custom of

Hill Players Score Success In 3 Comedies

A set of farces so amusing that one must needs go prepared to laugh as he has never laughed before, might describe, though poorly, the three French plays given in the Education Auditorium Tuesday and Wednesday evenings by Campus Players.

From the moment the curtain opens on the scenes of "The Pic and the Tart," until it closes on the final song of "The Man Who Married a Dumb Wife," the audience is kept in an uproar with the side-splitting humor of the plays. They are all delightfully gay and light, and if one needs amusement he must surely find it in these productions.

"Man Who Married a Dumb Wife" Chris Stockton '30, as Master Leonard Batal, a judge and the man who married the dumb wife, plays a difficult role with all the activeness, comedy, and lightness which it calls for, and Margaret Smith '30, in her portrayal of the wife Catherine, who was at first dumb and then is able to speak, typifies with much skill this poor woman who, when she is given speech uses it to such an extent that everyone finally goes mad. The fountain of speech which has remained closed for so long is finally opened by the skill of Master Simon Collins, a doctor, and the speed

(Continued on page 3)

Snow Squelches Signs of Spring

Yep! All the clean white skirts, blazer, jackets, and gay new hats must retreat to the back of the closet in fact it looks as though those good old red flannels and plaid socks would have to be dug up from the bottom of that trunk where we put them on that day last month, when it was even too warm for tennis. All the Nevadans are grumbling about the hectic weather while the Calites gleefully frolic around in the beautiful, beautiful snow. We native sons are quite sure that the person who wrote that little poem about "Snow, Beautiful Snow," never had to go to a 7-45, or even an 8-45. Anyway, our appreciation of the artistic and poetic, is not in evidence on one of these delightful April mornings.

Mackay Day Is Celebrated by Dance, Clean-up

Clarence H. Mackay Regrets Being Absent

The fifteenth annual Mackay Day, from the clasp of the baseball diamond and the athletic field to the final echoes of the sham battle and candidates ball, has become a matter of history and has been pronounced as equalling or even outstripping, any of its predecessors. Working vigorously at their various tasks of lining the track in preparation for the first meet of the season, constructing a rail along the straightaway, and cleaning the rocks from the baseball field, all were through and ready for the luncheon at 12:30.

The luncheon, which was prepared by the Home Economics department, was featured this year by the singing of their respective songs by each society and fraternity. Attorney Clyde B. Souter in a brief address, sincere despite his humor, expressed the gratification of the University of Nevada toward its greatest benefactor, who, in evincing his gratitude to the state which brought him fortune, has earned its eternal appreciation.

President Walter E. Clark of the University read a message of regret from Clarence H. Mackay upon his inability to be present on Mackay Day, but expressing the hope that he will be able to attend at some future date. The president then gave a brief talk in which he enumerated the various gifts of the Mackay family and expressed the thanks of the university, and of the students. He also stated that Mr. Mackay might be able to come to Nevada in the spring or early summer.

Miss Verrill Weber presented awards, consisting of numerals and letter provided by the Women's Athletic Association to women students making the class teams. Eva Adams and Mary Bernasconi, seniors, received blankets. Mary Donahue '29, Martha Huber '29, Katherine Priest '30, Sheila Parker '29, and Idel Anderson '30 were elected to the Gothic N.

W. E. Bernard, after a short talk in which he praised the basketball team on their successful season, presented the following men with gold basketballs, on which was engraved the name of the player and the year: Clover '28, Morrison '28, Lawlor '30, Watson '28, Whitehead '30, Bailey '29, Gilmartin '30, and Hainor '28.

Emory Branch '28 presented the following varsity basketball team with sweaters: Gilmartin '30, Whitehead '30, Morrison '28, Bailey '29, Martin '29, manager; Lawlor '30, captain-elect;

French Farces Have Appreciative Audiences

At the last meeting of the A. S. U. N. the following amendments to the present constitution were proposed. These amendments will be voted on at the next regular meeting of the student body on April 20, 1928.

Proposed amendment to the A. S. U. N. Constitution:

Whereas, the A. S. U. N. Handbook has at present no responsible group to edit said book, and whereas, a very creditable volume could be compiled, if the editing of the same could be entrusted to a committee, and

Whereas, other colleges on the Pacific coast have very creditable Handbooks,

Be it resolved,

That the A. S. U. N. president be authorized to appoint, during the second semester of the school year, an editor, and an assisting committee of seven members of the A. S. U. N. to compile and publish a volume containing information regarding the University of Nevada.

That this publication shall be designated the A. S. U. N. Handbook.

That this publication be ready for delivery at the beginning of the new school year, on which date it shall be for sale to A. S. U. N. members.

That all Freshmen be compelled to own a copy of this Handbook.

That the financing of this publication shall be by budgeting to Finance Control Committee.

Proposed amendment to A. S. U. N. Constitution:

Historian

Be it resolved,

That the Executive Committee of the A. S. U. N. be authorized to appoint

(Continued on page 6)

CONSTITUTIONAL REVISIONS SET BEFORE AS.U.N.

Work on the revision of the A. S. U. N. Constitution will start very shortly according to Elmer Lyon '29, chairman of the committee. Work has been held up due to the questionable outcome of the centralized treasury system which will necessitate several constitutional changes. It will be necessary to revamp numerous points in the Constitution which are both directly and indirectly related to the treasury system.

The revised Constitution will be finished in time to be voted on at the last A. S. U. N. meeting of the year.

Two new names were added to the committee which now consists of Elmer Lyon '29, chairman, Mae Bernasconi '28, Genevieve Spencer '28, Douglas Ford '29, Jack Gregory '29, and Barbara Horton '30.

ROBINSON '24 PASSES NEV. BAR EXAMINATION

Sidney Robinson, son of Mr. and Mrs. William F. Robinson of Reno successfully passed the bar examinations before the supreme court in Carson City, and will be granted the right to practice. He was the only one of eight candidates to pass this examination. Robinson is a member of the class of '24 who graduated from the University of Nevada, and since that time he has taken the law course at Stanford, and for the last few months he has been employed at the office of William M. Kearney, prominent Reno attorney.

FROM THE PHILIPPINES WE HAVE

Four visiting debaters (left to right they are): Pedro Camus, Theodoro Evangelista, Prof. Carlos P. Romulo (coach), Demogracias Puyat, and Jacinto Borja.

Nevada Debaters Will Meet Univ. of Philippine Team

Members of Clionia will debate against a team from the College of Law of the University of the Philippines at the Granada Theatre on April 9. The question will be "Resolved, That the Philippines should be granted immediate and absolute independence." There will be three speakers and one alternate on each team and the debate will be governed by the same rules that have heretofore been used in the debates. The three Clionia men that will take part in this debate are, Donald Richards '26, who is now teaching at Dayton, Nev., Ernest Brown '26, an attorney in Reno at the present time, and Emerson Wilson '23. This team will stand for the negative side of the question.

The Philippine team are all natives of the Philippine Islands and each man on the team has a good record in this field. They are Teodoro T. Evangelista, Jacinto C. Borja, Pedro Camus and Demogracias Puyat. One of these men is the alternate but it is unknown just which one at the present time. Their coach is Professor Carlos P. Romulo. The Nevada Bar Association is sponsoring this debate. A member of the Nevada Supreme Court will act as judge and Attorney Green, the president of the Nevada Bar Association, will preside.

Tour Under Way

This Philippine team is making a complete tour of the United States. They are to hold fifteen debates with the various universities of this country, two of which have already taken place, one at Stanford on April 4 and one at Washington on April 2. This tour started a little over a week ago and will extend for two months. The team will arrive in Reno Monday morning, April 9, and will leave for the University of Utah on Tuesday, April 10. Their next debate will be with the University of Michigan on April 17. All expenses of the trip are being paid by the team themselves.

In the statement which the team sent preceding their arrival, they state that after crossing the American Continent and debating with fifteen of the leading universities of this country, they hope to return to their native country with a sound understanding of the American viewpoint on the leading question of the Philippines, a question that is of no little importance to the United States. The tour is educational in its purpose, and will give the travelers an insight into American college life and the American mode of thought, especially on this one question. They state that the question is no longer one of nationality or politics but that it is now a moral one. They expect to present it free from all political bias and without any prejudice whatsoever.

ATHLETIC GROUP MAKES AWARDS C. HAWKINS WINS STORY CONTEST

According to custom, the names of the women elected to Gothic N were announced at the Mackay Day luncheon. The president of this honorary athletic association, Genevieve Spencer '28, read the names of the new members who were Sheila Parker '28, Mary Donahue '28, Martha Huber '28, Catherine Priest '30 and Idel Anderson '30.

The qualifications of this society are good sportsmanship, high scholarship, membership of at least one varsity and participation in some other campus activity in addition to V. A. A. This last qualification is added to encourage women interested in athletics to take an interest in other fields.

Constitution to Be Revised Soon

Work on the revision of the A. S. U. N. Constitution will start very shortly according to Elmer Lyon '29, chairman of the committee. Work has been held up due to the questionable outcome of the centralized treasury system which will necessitate several constitutional changes. It will be necessary to revamp numerous points in the Constitution which are both directly and indirectly related to the treasury system.

The revised Constitution will be finished in time to be voted on at the last A. S. U. N. meeting of the year.

Two new names were added to the committee which now consists of Elmer Lyon '29, chairman, Mae Bernasconi '28, Genevieve Spencer '28, Douglas Ford '29, Jack Gregory '29, and Barbara Horton '30.

ARTEMISIA TO APPEAR ON CAMPUS APRIL 23

According to Bob Adams, editor, the 1928 Artemisia will probably be out on the 23rd or 24th of this month. "It is however hard to make a definite estimate," he said, "because the books are in the press room so long."

The new feature of this year of engraving student's names in their annuals is apparently meeting with general student approval, for, according to report received on Tuesday, April 3, about two hundred names have already been turned in for this purpose.

ROBINSON '24 PASSES NEV. BAR EXAMINATION

Sidney Robinson, son of Mr. and Mrs. William F. Robinson of Reno successfully passed the bar examinations before the supreme court in Carson City, and will be granted the right to practice. He was the only one of eight candidates to pass this examination. Robinson is a member of the class of '24 who graduated from the University of Nevada, and since that time he has taken the law course at Stanford, and for the last few months he has been employed at the office of William M. Kearney, prominent Reno attorney.

Kearney, prominent Reno attorney.

Candidates of A.S.U.N. Offices Are Nominated

Lyon, Lemkuhl, Moon Are to Fight for Presidency

The lid is off! Candidates for the various A. S. U. N. offices were nominated at the A. S. U. N. meeting Monday day. Campaigning has begun, and interest among the students is at high pitch. Who will guide them through the 1928-1929 school year?

Elmer "Kelly" Lyon, Claire "Dutch" Lemkuhl and Lloyd "Mullins" Moon have been nominated for president. All three men have been active on the campus, and seem to be equally popular. Qualifications for this office are that at the time of assuming office the nominee must be a member of the senior class and a member of A. S. U. N. for three consecutive semesters, including the semester of election.

Rene Duque and Mary Margaret Thompson are the only nominees for vice-president up to the present time. The qualifications for vice-president are the same as those for the president.

Many Nominated

Alice Halley, Barbara Horton, Gretchen Cardinal and Mabel Conner will race for the office of secretary. This office is one of the most important and the result of the election will be watched with interest. The qualifications for this office are that the person shall be a sophomore or junior at the time of taking office and that she shall have been a member of the A. S. U. N. for two consecutive semesters.

For treasurer, Carl Cross and Russell Garcia have been nominated. It has been rumored that the race between the equally popular candidates will be close. The qualifications for this office are the same as those for the office of secretary.

The candidates nominated for finance control are: Men's Representative, Charles Kitzmeyer and Douglas Ford, and for Women's Representative, Kathryn Robison, Mary O'Neil and Evelyn Turner. Candidates for the Executive Committee are: Sophomore representative, Fred Morrison and Joe MacDonnell, and Junior representative, Dick Hillman and Tip Whitehead.

Nomination Still Opened

Nominations for the publication board are: Homer Raycraft, Carl Feutsch, Herb Jacobs and Warren Monroe.

At present only one candidate has been nominated for yell leader and that is Laddie Miller.

Nominations close at 8:00 a. m. Wednesday, April 11. Election will take place from 9 a. m. to 4 p. m. Friday, April 13, at the Mining Building library.

Definite Plans Are Made For Commencement

The present plan was adopted to fill the need of the student body for more centralized control of the money of the campus organizations. By the plan as adopted there will be an official representative of Finance Control Committee who shall check every gate at which admission is charged for student functions or activities.

This plan does not take the power of expenditure away from the organizations as Section 19 of Article VII provides.

(Continued on page two)

Definite plans for Senior Week were discussed at a meeting of the Senior class, held Wednesday afternoon in the Agricultural building. Measurements for caps and gowns, orders for commencement announcements, and discussion of Senior activities aided in making the meeting an interesting and well attended one.

Feather River Inn was the place chosen for the annual Senior Picnic, with the provision that the Inn will be open at the time the picnic is to take place. Otherwise the class will take a trip around Lake Tahoe, which has been the favorite site for the classes of previous years.

Bud Stevenson '28, chairman of the Senior Memorial Committee offered the decision of the committee, which suggested that the Senior Memorial of the Class of '28 consist of a gift to the Nevada Student Union Building Fund. This suggestion was unanimously accepted by the class.

Announcement that "The Patsy," the play chosen to be presented by the Seniors, will be presented at the Granada Theatre, April 19, was made by Vernon Cantlon '28. The play, a three-act comedy by Barry Conners, will be directed by Edwin Duert, and the business end of it is being taken care of by Joe Garcia '28.

Plans for a Senior Assembly were discussed by the class, and will be definitely decided upon by the Senior Week Committee, when the program for that week is arranged.

A.S.U.N. MEETING HELD TO TELL OF NEW PLANS

At the meeting of the A. S. U. N. held yesterday in the Auditorium building, four amendments which are published elsewhere in this issue and the voting on the proposed treasury plan featured the morning's business.

The song committee, headed by Hoyt Martin '29, reported that due to apparent opposition from old alumnae the group suggested that we keep the old hymn.

An eligibility committee consisting of Les Clover '28, chairman, Jack Corvin '28, Frances Nelson '28 and Frances Westfall '28 was appointed to assist with the work during election day. The following committee was appointed inspectors: Archie Watson '28, Arthur Cox '28 alternate; Ballot distributor, George Gadda '28, Angus Bethune '28 alternate; poll clerk, Bob Adams '29, Alan Crawford '29 alternate; ballot clerks, Grace Bassett '28, Helen Hibbert '28 alternate, Ellen Harrington '29, LaVerne Blundell '28 alternate.

Nevada students went on record as favoring the adoption of a Meyerford seal as the official A. S. U. N. seal. The motion which was introduced by President Cantlon will give Nevada University an official seal, and if the present plans are carried out, the seals will be ready for students by the first of next semester.

In line with the amendment concerning the adoption of an official University of Nevada handbook, President Cantlon appointed the following committee to commence work immediately on the handbook: John Walsh '29, Edwin Semenza '29, Alan Bible '29, Bob Adams '29, Eva Adams '28, Katherine Robison '30, Saralee Clark '30, and Barbara Horton '30.

Arising from the discussion of Honor

(Continued on page 6)

Bold Collegian Still Undaunted

Here's a real case for the upper class committee! Talk about the nerve of some people! Can you imagine a collegian standing all day long in the middle of one of our perfectly good lawns waiting for a chance to queen. Impossible as it may sound, it is nevertheless true. Unfortunately none of the coeds seem to have been interested in this bold young man, and so there he stands all during the day, and gradually shrinks in self-confidence and size. Just how he shall be made to apologize is the puzzling question, for if he should be taken to the auditorium he might melt in the middle of the stage, and that would be most tragic. For see, this super-tantrizer breaker is only a snowman.

HILL STUDENTS PASS PROPOSED TREASURY PLAN BY LARGE VOTE

PROPOSAL ADOPTED BY STUDENT BODY 284 TO 10

TREASURY PLAN WILL BE IN EFFECT NEXT SEMESTER

Nevada students showed their favor of the proposed Centralized Treasury System when they overwhelmingly adopted it by a vote of 284 to 10 at the special meeting of the A. S. U. N. held yesterday morning in the Education building.

The general rules of this plan as adopted will govern the finances of the following organizations:

- Block N Society.
- W. A. A.
- Campus Players.
- Blue Key.
- Clionia.
- Glee Club.
- Publications.
- Classes.

Plan Explained

The present plan was adopted to fill the need of the student body for more centralized control of the money of the campus organizations. By the plan as adopted there will be an official representative of Finance Control Committee who shall check every gate at which admission is charged for student functions or activities.

This plan does not take the power of expenditure away from the organizations as Section 19 of Article VII provides.

LIBERAL IDEAS OF WISCONSIN ARE BETRAYED

FREE SPEECH TABLET IS DRAPED WITH BLACK FUNERAL CREPE

Madison, Wis.—On the front of Bascom Hall, at the University of Wisconsin, is a bronze tablet, the gift of the class of 1910, bearing the following inscription:

"Whatever may be the limitations which trammel inquiry elsewhere we believe that the great state University of Wisconsin should ever encourage that continual and fearless sifting and winnowing by which alone the truth can be found."

The inscription was taken from a report of regents, in 1894, following an historic controversy on academic freedom that resulted from the espousal of economic "heresies" by Dr. Richard T. Ely.

Black Funeral Plaque

During the University's recent imbroglio following the cancellation of Mrs. Bertrand Russell's lecture, a black funeral plaque was found hanging on the famous "free speech" tablet. On it was the legend:

"Mrs. Bertrand Russell—"
 "This was not mere horseplay, or a jest, to judge from undergraduate opinion expressed following the suppression—and still being expressed. The net result of the Madison episode so far as students at Wisconsin and elsewhere are concerned, is the feeling that the University generally credited with being the bulwark of academic freedom in the United States, failed when put to the test. As a student writing in the *Camden* said:

Student Feeling

"I came to this university from a distant state solely because I felt that it was the most liberal institution in this country. When I find liberalism and freedom being carelessly cast aside by our president and dean of men, it seems that I might just as well have gone to Padua Normal, where I could be sure that there would be no liberalism, and so would never expect it."

Student feeling in Madison is that President Frank's "good taste" defense was a betrayal of the Wisconsin Idea—the winnowing and sifting by which alone the truth can be found—and that the university is now merely another state university.

PROBLEM VOTED ON BY STUDENTS

New Haven, Conn.—(By New Student Service)—Seniors in Yale College, according to preferences indicated in the annual class vote, prefer a Phi Beta Kappa Key to the "Y" earned in major studies. Harvard next best to Yale, consider Lindbergh and Mussolini the outstanding world figures of the day, and Lindbergh the man now living they most admire. They also believe that prohibition has harmed college life, that English is the most valuable subject, and psychology the least valuable, and they are opposed to splitting the college into smaller units.

Seniors in the Sheffield Scientific School voted Lindbergh their favorite world figure, a major "Y" more desirable than Sigma Xi, and Princeton their favorite college next to Yale. Their favorite in fiction is *Artagnan*; in history, Napoleon; among novels, Tom Jones; among prose authors, Thomas Hardy; among poems, *IF*; and among poets, Kipling.

These were only a few, a very few, of the matters on which the seniors declared themselves.

TABLE ON MINERALS IS FEATURE OF U. BULLETIN

A table for the identification of Nevada's common minerals with notes on their occurrence and use, which was prepared for the Mackay School of Mines and the State Mining Laboratory by Oliver R. Grawe has just been published in the University of Nevada bulletin, which is issued quarterly.

The table has been prepared to give the public of Nevada a better knowledge of those minerals which occur in workable deposits in the state, or which occur in sufficient amounts to attract attention.

It discusses Nevada's common minerals and describes tests which may be used by prospectors and mining men to identify these. It enables as far as possible, without a complete analysis, what a successful given specimen contains without leaving undue delay.

A charge of fifty cents has been put upon these pamphlets, however the requests for them are being rapidly made and it is believed their publication will be a success.

JUMPING ACES MEET

Los Angeles.—Bob Carr, University of Illinois high jumper, who will appear in the local Coliseum Saturday when the Illini meet the University of Southern California, is a favorite to win this event. Carr is the Big Ten champion, and will oppose Al Bowen, the ace of the Trojan jumpers, whose best record is 6 feet 3 inches.

GAY FLOWER SCENES ADORN NEW DRESSES

The most striking of the new printed designs by Ducharme is a jungle scene in the Cambodian forest like a painting by Rousseau. The entire collection is remarkable for its variety of prints.

We might divide them in several groups, beginning with sports. For sports, then, there are many combinations of two shades of the same color, the pattern small, scattered, and repeating in more intensified form many of the successes of last year.

For afternoon, the prints are simple in design, with many scattered flower patterns, the flowers somewhat more stylized than heretofore. There are carnations, flowers in geometric figures, flowers in stripes, poppies, cherries, cashmere patterns and zigzags. Most of these are small, but some are quite large, and of these the majority are of modern inspiration.

For evening, there is printed Georgette, as Georgette is called here, sometimes with a metal design as well. Chiffon with metal and printed designs and brocades both woven and printed and mixed with metal are also popular. The printed designs are often repeated in materials of lame or broche without printing.

RENO WOMEN TO SPONSOR PLAYS

The Moroni Olsen Players under the auspices of the Business and Professional Women's Club of Reno, will present a lively comedy "Lilies of the Field" by John Hastings Turner on Friday night, April 27. The next night, April 28, an American drama "Detour" by Owen Davis, will be presented. Both productions will be presented in the Granada Theatre.

The Moroni Olsen Players cover a circuit of five states, Utah, Idaho, Oregon, Washington and Wyoming. This will be their first appearance in Nevada. The company is professional and is headed by Moroni Olsen and Janet Young who are known to New York and other audiences through their appearances with Margaret Anglin in "Medea," "Iphigenia" and various bills elsewhere.

These players are making the first American production of "Lilies of the Field" this fall. Mr. Turner, the author, in this, as in other works, displays a keen insight into human nature and an amusing comedy gift. The situations are highly laughable, the lines are bright and lively and the double love story is full of appeal. The whole play forms a keen study of contemporary society and social foibles.

"Detour" is written by Owen Davis who is also the author of "Icebound," the Pulitzer prize play of four years ago, which was presented a short time ago by Campus Players.

HILL STUDENTS

(Continued from page 1)

Votes: The Finance Control Committee shall not have the power to spend money accumulated by surplus from any of the following organizations unless sanctioned by the respective organization through its representative: Publications, Campus Players, Blue Key, Glee Club, Debating Society, and W. A. A. The committee shall be given the power, however to budget the expenses of each organization at the beginning of each semester, and shall have the further authority to check the books of each organization at least twice a month.

Under the adopted plan there will be the same number of voting members to the Finance Control Committee, as the present, but there shall be in addition a number of non-voting members, as follows: a delegate from each of the following: Publication Board, Block X, Campus Players, Blue Key, Clionia, Glee Club, W. A. A. and the athletic manager and treasurer of the A. S. U. N.

Y.W.C.A. HEAD VISITS RENO WAY CONVENTION

Miss Anna Rice, acting Dean of the National School for Professional Work of the Young Women's Christian Association connected with Columbia University, will stop in Reno April 5th, on her way to the National Y. W. C. A. convention at Sacramento.

As Miss Rice very seldom stops at local Y. W. C. A. stations, this opportunity of seeing and talking with her is very unusual.

She will hold conference at the downtown Y. W. C. A. on April 5th from 10 to 11 in the morning, and from 2 to 4 in the afternoon. Her special topic is "Problems of Religious Education."

C. M. T. C. CAMPS GETTING READY FOR 1928 RUSH

NEVADANS NOW SLATED TO ATTEND CALIFORNIA ENCAMPMENTS

That plans are rapidly advancing at the Ninth Corps Area Headquarters for the Annual Citizens' Military Training Camps at Del Monte and Fort Winfield Scott, is the recent announcement by Major General John L. Hines. Heretofore Nevada has been included in the Fort Douglas area and because of the great distance many have not been able to attend. This year the above camps will take care of men desiring to enter.

These camps will be open to young men residing in California and Western Nevada, between the seventeenth and thirty-one years, over a period of thirty days. The camp at Del Monte will open July 1st and the one at Fort Winfield Scott on June 22nd.

Excellent Training Offered

All necessary expenses are paid by the government including transportation to and from camp; board, lodging, laundry, expert medical attention, uniforms, equipment and arms. The courses offer an excellent opportunity for training in citizenship, regular and systematic physical exercises, promptness and neatness, in addition to the fundamentals of military training.

It is expected that, as a result of the rapidly increasing attendance during the past eight years, a greater number will apply this year than ever before. Young men desiring to attend should submit their applications promptly.

Home Ec Contest Plans Completed

Plans for the State Home Economics contests during the third, fourth and fifth of May are well near completion, according to Miss Ruth Talbot, teacher under the Smith Hughes Vocational act.

The high school girls will compete in the following problems for which they have been preparing for months: Meal planning; clothing construction; school outfit; party clothes; demonstrations in health, home nursing, child care, related arts and sciences.

Thus far Miss Talbot has received entry blanks from Verington, Sparks, Smith Valley, Pershing County High School, Humboldt County High School, Virginia City, Churchill County High School, Tonopah, Las Vegas, Wells and Reno Junior High School.

U. C. AT LOS ANGELES GETS FAMOUS LIBRARY

Los Angeles.—One of Europe's most famous and valuable libraries, from the standpoint of the scholar, is to become an adjunct of the University of California at Los Angeles. It is the Friedrich Kluge Library of 11,000 volumes, now reposing at the home of Kluge in Germany, where it was painstakingly throughout his life.

LOCAL SUMMER

(Continued from page 1)

allowing auditors has been discontinued.

A student wishing to secure an elementary or high school teacher's certificate may find it advantageous to meet a few of the requirements by summer school study, according to those in charge.

Teachers From Other States

Progressive teachers from other states are always welcomed by Nevada to positions for which they show superior qualifications if they can present a license from their own state to teach in the same grade of schools in which they seek appointment here. The state board of education is, however, quite insistent that these candidates should show that familiarity with Nevada conditions which is indispensable to their success in this school system. The acquaintance which is thus desired can be most easily established by attendance at the University Summer Session.

Advance Reservations

Each prospective student who desires to have room and board on the University campus is advised to make early reservation by application to Miss Mack, Dean of Women, accompanied by the sum of \$10 room rent for the season. This sum will be returned in full if due notification is received of desire to cancel reservation on or before registration day, June 18.

Recreation

The emphasis of the summer session will be placed upon study, yet there will be ample opportunity provided for excursions and other forms of recreation. Recreation programs for the entire student body will be arranged from time to time. A trip to Pyramid Lake is an annual feature of the summer session. A trip to Virginia City, Carson City, and other points of interest will be arranged on request.

Summer Session Faculty

From the regular University of Nevada, U. of Chicago—Co-eds use baseball catcher's pneumatic chest protectors while learning to drive. Mrs. Katherine Whitney Curtis, instructor, says that most girls are afraid that they will hurt themselves if they drive and that the chest protector does away with fear.

vada staff are: President Walter E. Clark, Dean John W. Hall, Fred W. Trainer, Peter Frandsen, James R. Young, A. E. Hill, Theodore Post, Edith M. Ruebsam, W. R. Blackler, and Mrs. Lucie Mayer.

The special summer session staff are:

Oliver Ferguson, A.B., primary teacher, University Elementary School, Berkeley, Cal.

A. L. Kelly, M.A., superintendent of schools, Overton, Nev.

Lulu Hawkins, B.A., junior high school, Reno.

Georgia MacNair, M.A., junior high school, Reno.

George E. McCracken, B.A., principal Churchill county high school, Fallon, Nev.

E. O. Vaughn, B.S., principal Reno high school.

Courses

The courses offered are: Primary and elementary art; biology, hygiene, nature study; commercial courses, bookkeeping, penmanship, stenography and typewriting; education, principles of teaching, problems in rural education, school managements and school law, observation of practice teaching. The teaching of arithmetic, English, geography, kindergarten methods of primary teachers, the teaching of history and civics, and educational tests and measurements; English, composition and rhetoric; history and political science; music, elements of music, methods, appreciation; psychology, elementary psychology and psychology of childhood.

Summer session catalogues may be obtained from Miss Williamson's office, in the Education building.

CINDER ARTISTS TO BATTLE FOR HONORS MONDAY

MUCH INTEREST AROUSED IN COMING INTRAMURAL MEET

With Nevada's inter-fraternity track meet scheduled for Monday afternoon, providing the weather is favorable, student-dopers are looking over the situation in an effort to pick outstanding contenders.

Alpha Tau Omega, present champions, demonstrated their ability by placing several athletes in the inter-class meet and should win the contest again this year. Sigma Nu, Kappa Lambda, and others show promise of placing several men in the scoring columns and may upset the dope bucket and overcome the Tau aggregation.

Many Stars

Kinnen, Towle, Leavitt, Bailey, Kellogg, Burner and Dumble are among the strong tracksters who will represent A. T. O. in Monday afternoon's meet. Gilmartin, Clover, Watson, Levensaler and others will probably credit Sigma Nu with a goodly number of points.

Lohse, Oliver, Slaughter, Blackum and Morrison promise to score heavily for Kappa Lambda.

Sigma Alpha Epsilon will be represented by such men as Ligon and O'Hara while Ferguson and Goldsworthy will compete for Sigma Phi Sigma. H. Bailey of Delta Sigma Lambda and Frank Bristol of Beta Kappa should score wins in their respective events and Stockton and Dunn look good for Phi Sigma Kappa.

Lincoln Hall, represented by Stodieck in the 440, and with several other cinder artists, should place well up among the finishers. Little is known of the Independent squad but the latter teams usually are the "dark horses" of the inter-fraternity meet and may spring a few surprises Monday afternoon.

MACKAY DAY

(Continued from page 1)

Watson '28, and Hainor '28 received blankets.

Captain Luther Johnson praised the rifle teams, and gave awards of circle N's to Misses Loring '28, Beccas '28, Green '28, Bernasconi '28, Fuller '28, Taylor '28, Adams '28, Shaber '28, Marasca and Anderson '28. Men: Blum '28, Borge '28, Albin '28, Browne '28, Stewart '28, Slaughter '28, Edwards '28, Bailey '28, Carter '28, Towle '28 and Copren '28.

Kara Lucas '29, Betty Burrit '31, Emily Richards '30, Leonard Sledge '30, Melville Hancock '30, Alan Bible '30, Emerson Wilson '28 and Reno Vogliotti '30 were awarded circle N's for debating in varsity debates. Solie Bulasky '28 and Joe Bulasky '29 were also given awards for debating last year.

Cecilia Hawkins '31 was presented with a silver loving cup by Carl Fuetsch '29, business manager of the Artemisia, for winning the best story contest in the Sagebrush, sponsored by the Artemisia. Peggy Smith '31, Rose Mahana '31 and Edwin Semenza '30 placed in the contest, and will receive Artemisias upon which their names will be engraved in gold.

Frosh making their numerals for playing football were: Lang, Kibby, Merritt, Austen, Rosasco, Sidwell, Deitrich, Landigars, Polochamps, Dickson, Hopkins, Baker, Davis, Dayer, Edwards, Mery, Riordon, Felton, King, Perry, Oliver, and Morrison.

The freshmen basketball players receiving their numerals were: Clark, Austen, Morrison, Royden, Londigan, Lombardi, Smith, Randall, Farnsworth, Rosasco, and Freitag.

TRAM IS MADE SAFE FOR HEAVY SPRING PARKING

The campus weather man would like to report still further evidence that spring is really here. For some time the tram has been rather weak in places, but as long as the weather remained cold there was no need for repair. Now, however, since the nights are quite warm, we note that several new boards have reinforced the weak places, and that from now on any number, or rather double numbers, may safely cross from the library at the same time.

STODIECK '29 SELECTED FOR AGGIE PRESIDENT

Wilbur Stodieck '29 was elected to pilot the Aggie Club through the 1928-1929 year at a meeting of that organization held Tuesday, April 3. Mary Margaret Thompson '29 was elected vice-president, Katherine Mergen '30 secretary, Arthur Settlemeyer '30 treasurer, and Al Weger '29 historian.

The annual Aggie picnic is to be given April 15, at Balls Canyon, with box lunches to be served by the club for 50c a couple.

A free subscription to the college newspaper has been offered at the University of Arkansas to the student growing the largest mustache in a designated period of time.

HILL PLAYERS

(Continued from Page 1)

with which she speaks and the ceaselessness of it, keeps the audience gasping as well as the gorgeous comedy. Master Adam Fume, Howard Sheerin '31, adds much to the comedy with his exaggerated manners, and as the lawyer, he is the one who tells Botol of this marvelous doctor who will cure Catharine. The voice of Master Simon Collins, Dick Hillman '29, added many laughs to the plays, and his contemporaries, Master Georges Dulaireur, a surgeon, Claire Lemkuhl '28, and Master Jean Maugier, an apothecary, William Regents '29, gave more action and humor to the plays.

Pie and the Tart

"The Pie and the Tart" a story of two hungry rogues who get a good dinner for themselves by the use of their wits, was a colorful farce, gay with laughter and droll expressions. Byron O'Hara '31, and Dan McKnight '30, were extremely agile in their roles of Winded and Leaface, the rogues.

Neil Lamb '30 and Lucine Sanford '30 played the parts of Gautier de la Bruine and his wife Marion.

"Two Blind Men and a Donkey," the second one-act farce, was the story of two blind men who are sitting begging on a street corner when a donkey enters, and they mistake it for someone who will give them charity. The donkey leaves and its master comes in search of it. There is no particular plot, but much droll comedy. Those cast in this play were: Bernard Moulton '31, as Noel, a footman; Mervin Little '29, as Jean, a blind beggar; Howard Ballinger '31, as Jacques, a blind chickweed man; Thomas Brawley '31, as Francois, a watercross man, and the donkey driver, and Albert Edwards '29, as Persinet, an innkeeper.

Cast Parades Through Audience

The entire cast of all the farces took part in "The Man Who Married a Dumb Wife," and the parts of Giles Boisecourtier, a secretary, Allison, a maid, and Mlle. de la Garandier an orphan, were played by William Dunn '30, Adeline Duque '31, and Bessie Davie '30.

The passing of the cast through the audience lent much to the atmosphere, and they were all received with hearty laughs, provoked by their exaggerated manners and costumes.

The costumes and settings, designed by Carol Smith '28, and Genevieve Leonard '30, were gay and colorful and added greatly to the general effect. They were entirely different from any heretofore seen and showed much talent according to several of the audience.

MANY STUDENTS EARN EXPENSES

It has been found that over half of the men students of the University earn the greater part of their college expenses by outside work.

There are not many freshmen who do outside work during their school year. President Clark feels that it is not advisable for new students to take on extra work besides their regular school activities during the first year. Later on allowance can be made for outside work without so much harm to studies and activities.

There is some work on the campus which men can obtain. At present there are about forty men working in the dining hall, doing janitorial work, or working as readers and assistants.

Several of the men have been able to completely finance themselves by working for the Southern Pacific during the summer, and one man has been able to completely finance himself by selling insurance.

There are many positions downtown for students who are willing to work, and there is always an opportunity for anyone who has determination and grit.

E. Leaver Makes Journey to S. F.

Edmund S. Leaver, superintendent of United States Bureau of Mines, spent several days in Berkeley and San Francisco discussing with chemists the basic chemical phases of the problems now confronting the Reno experiment station.

The Reno station is interested in finding an effective method of eliminating the loss of precious metals in the present milling practice. A study is being made of Cyanide recovery of precious metals associated with minor copper and also of the metallurgy of chromium.

An improved process for the recovery of radium from low grade carnotite ores, which are now being milled for their vanadium content only, is being devised. Oil bleaching clays also present a problem. A more effective method for identifying obscure metals is sought, for the Reno station examines approximately fifty to seventy-five samples each month.

This newly discovered, and very unusual deposit of the mineral was examined by Prof. Carpenter during the Christmas holidays. A petrographical and mineralogical study of the mineral has since been made by Dr. J. Claude Jones, professor of geology, and O. R. Grawe, instructor in geology.

Specimens of this unusual form of the mineral have been placed on display in the museum of the Mackay school of mines.

MOONLIGHT CONCERT

The Men's Glee Club will give their annual Moonlight Concert as usual, according to Professor Post, director. While it is quite probable that a new raft will have to be built, the men are planning on their concert, and will go through with it soon. The concert from Manzanita Lake is always to be remembered as one of the most delightful evenings of the college year, and it promises to be even better than ever this year.

GRAIN RANCHER MAY INCREASE HIS PRODUCTION

CROPS SPECIALIST SAYS WHEAT SHOULD HAVE SPECIAL CARE

Thomas Buckman, '22, corps specialist of the agricultural extension division of the University of Nevada, announces that an increase in production of from five to ten per cent can be gained by the grain rancher in Nevada, who will treat his seed wheat, oats and barley to prevent smut.

"Wheat," says Buckman, "should be subjected to the copper carbonate treatment, which involves dusting the seed grain in a barrel or churn with copper carbonate dust."

Effective Treatment

This method, according to the specialist, is more effective than others, because the seed is not soaked. It may be treated any time before the planting season, because the seed germination is uninjured.

Of the wheat planted in Nevada in 1927, approximately 50 per cent was given the copper carbonate treatment, and the extension service estimates that the acreage treated will be greatly increased this year.

Agricultural agents in the counties of the state are giving detailed information to the ranchers concerning these methods of smut control. Douglas and Humboldt counties reported that all the wheat in each county was given the recommended treatment.

APPLICATIONS MADE FOR ROOMS IN LINCOLN HALL

According to Dean Leach there have already been several applications for accommodations in Lincoln Hall for next fall. Some of those applying are men who have lived on the campus before. For the last four or five years it has always been necessary to turn down between thirty and fifty applications each year, as only ninety men can be accommodated in the hall.

It is hoped that eventually another men's dormitory will be built, in which event it will be arranged so that all the freshmen can live together. This, it is believed, will develop a better college spirit, as well as an organized class spirit.

CRUCIAL SERIES

Los Angeles.—University of Southern California and Stanford baseball teams will meet at Bovard Field here Friday afternoon and Saturday morning in a two-game series that will have an important bearing on the championship of the California Baseball Association.

The Trojans now lead the league with a clean record by virtue of a double win over California recently. Stanford, which has beaten St. Mary's, last year's champion, is conceded to be a strong threat.

Student Turns Back On Honor

Hanover, N. H.—Blaming for his action a faulty marking system that gauges rote learning rather than genuine intellectual ability, Phi Beta Kappa for lending its support to such a measure by electing its members on a basis of grades, Charles Allen Eastman, '28, refused election to the Dartmouth chapter of the honorary scholastic society.

Dartmouth has been taken aback, because for years the senior classes have without exception voted the Phi Beta Kappa key a more desirable prize than the "D" for participation in athletics. Eastman is an athlete, having played on the soccer team for two years. He is a member of a campus scholastic society of high standing. But when the golden key was tendered him he turned his back.

There was nothing spectacular or sensational in Eastman's refusal, which probably accounts for the absence of widespread publicity such as followed a similar act at the University of Kansas two years ago. Eastman, in a letter of explanation to The Dartmouth, suggested that Phi Beta Kappa is not keeping pace with changes within the college. It continues, he said, to lean heavily on grades based on quizzes and examinations, measures which the university itself is discouraging.

Palmer Writes Bulletin

W. S. Palmer, professor of metallurgy has written on ore-dressing tests of the mineral which section gives some valuable information on separating dumortierite from quartz.

This bulletin will be of scientific interest for educational institutions, it will be of economic interest for people in the Porcelain business, and will help the prospector in his methods of handling and his knowledge of the ore, according to J. A. Fulton.

Fulton expresses the hope that this bulletin will cover a broad field. It will be distributed gratis as soon as the work of printing has been completed.

The ore for the tests run on dumortierite was obtained from the Champion Porcelain Company, makers of the Champion Spark Plug. This ore is used extensively for that purpose, and the deposit found in Nevada is one of the largest found and unique in its occurrence.

APPLICATIONS MADE FOR ROOMS IN LINCOLN HALL

According to Dean Leach there have already been several applications for accommodations in Lincoln Hall for next fall. Some of those applying are men who have lived on the campus before. For the last four or five years it has always been necessary to turn down between thirty and fifty applications each year, as only ninety men can be accommodated in the hall.

It is hoped that eventually another men's dormitory will be built, in which event it will be arranged so that all the freshmen can live together. This, it is believed, will develop a better college spirit, as well as an organized class spirit.

MACKAY SCHOOL EDITS BULLETIN

A bulletin of the non-metallic mineral, dumortierite, to be issued by the Mackay school of mines is now in the hands of the printer and will probably be out in three or four weeks at the latest, according to J. A. Fulton, director of the school.

New Bulletin

The bulletin will contain a bibliography written by O. R. Grawe, instructor in geology, and two chapters, also written by Dr. Grawe. The first is the mineralogy of dumortierite and the second deals with the mineralogy of the Humboldt Queen's Canyon dumortierite. A section on the geology of the mineral is written by J. Claude Jones, professor of geology, and the mining of dumortierite is written by Jay A. Carpenter, professor of mining.

Palmer Writes Bulletin

W. S. Palmer, professor of metallurgy has written on ore-dressing tests of the mineral which section gives some valuable information on separating dumortierite from quartz.

This bulletin will be of scientific interest for educational institutions, it will be of economic interest for people in the Porcelain business, and will help the prospector in his methods of handling and his knowledge of the ore, according to J. A. Fulton.

A. S. U. N. OFFICE

The A. S. U. N. offices in the Mining building are proving their worth. Not only do the officers of A. S. U. N. use them but the committees appointed by the Student Body president and also the trustees and officers of the Union building work are making it their headquarters thus making it a place of centralized student work.

Successful Grad Back After Lengthy Absence

D. W. Hayes, who graduated in 1909 from the School of Mines, has just returned on a visit after an absence of fifteen years. Hayes went to Canada twenty years ago and has recently been connected with the Fallon project. Hayes also is the general commander of the Canadian land and livestock company situated at Medicine Hat, Alberta. This company is a large concern owning from 200,000 to 300,000 acres of land and is colonizing and selling the produced raised on the land.

PICK THE BEST

Election laws in forty-two states practically disfranchise 150,000 college students from national voting, because they cannot register unless they return to their homes. If they are registered they may, in most states, vote by mail but few are able to leave classes for that. At Nevada, however, and in our own elections, we have no such excuse. The polls are open to everyone of us and we have but a few yards to walk to file our choices. Last year a record of 576 votes was cast. This year, let everyone of the 856 students go after that record and set a new one of 856.

Last year in the midst of the intra-mural basketball tournament, one of the strongest teams suddenly withdrew, giving as their reason the fact that fraternity prejudices were overcoming school spirit. It would be well if politics followed the example set by athletics. As clean sportsmanship is the ideal of the athlete, so should it be with the politician. An unfair voting section is far worse than an sportsmanlike team because its work is done under cover.

Vote for the man best fitted for the job, not the fraternity brother or the one who is a "good fellow." Look them over and decide which is best, then forget politics long enough to vote for that one. On those we elect rests the responsibility of directing the policies and welfare of the A. S. U. N. during the coming year. On us, then, rests the responsibility of choosing those most competent for that trust.

284 TO 10

Yes, it passed. And not only did it pass but a vote of two hundred and eighty-four to ten put it across. Our new centralized treasury plan will be incorporated into the revised constitution at an early date and will go into effect with the beginning of the next school year. That it will be backed to the limit was indicated by the vote. Let's hope that this vote will not be forgotten when those who passed it are called on to cooperate with it.

It probably won't be found perfect. In fact, working under it will probably bring plenty of flaws to light. But it has passed, and in passing signified another milestone in the path of cooperation among student organizations. It is not the product of a day nor will it have reached its entirety for many months, perhaps years, to come. The plans were brought up by the committee, changed, discussed, altered, hashed and reshaped till as near perfect as possible was attained. Out of a rumor it was developed into a definite and well organized reality. Now, by vote of the student body, it has become a part of their constitution.

It did not pass in a day. When proposed it met with opposition aplenty. That opposition is to be thanked, however, for not being satisfied with any but the best plan obtainable, causing the revision of the old plan into something really workable. This opposition, finally admitting it the best plan to be had, and wishing to cooperate only for the good of the university as a whole, showed their loyalty in their support. The amendment passed yesterday was undoubtedly the most far-sighted and useful bit of legislation passed by the student body this year.

YES—BUT IT AIN'T THE WOMEN'S ISSUE ANY LONGER, AND DON'T YOU FORGET THAT!

OUR WEATHER MAN

This issue finds us feeling pretty dog-eared low. For the last two weeks we've been see-sawing between spring fever one day and a cold the next. Just now, as may readily be surmised, it's a cold. By the time this sees the light of day it'll probably be spring fever again.

And as for last week's effusion which occupied this space—and did you notice the BULL-etin: "Hope You Don't Feel Hurt?" Yes, like so much bread-pudding, they did—we really enjoyed it, because it just went to prove one of our favorite theories: that most women's idea of humor is chiefly venom. Now, if we really wanted to use last week's issue as a model, what H blank L we could raise!

Oscar says that last week looked to him like nothing more nor less than an especially mean hangover from the Scandal Show, but let's get off D.A.E. and get to more important things.

NOT THAT THE WOMEN'S ISSUE WAS AT ALL BAD. WE THOUGHT THAT IT WAS A PRETTY DARN GOOD NEWSPAPER—BUT WHAT WOULD YOU? THEY'D BEEN WORKING ON IT SINCE LAST SEPTEMBER.

And oh, yes—we wouldn't call the column sour—only slightly BITTER. These young cynics! Tut-ut.

Now that that's that, we'll pass on to the next subject, viz., namely, and i.e., Mackay Day. Mackay Day can be said to be the most paradoxical of the year—all the men appear in sweat shirts, cords, and overalls, while the women arrive dicked out in the latest of new Spring dresses.

The chief feature of Mackay Day is, of course, the Big Guessing Contest: "I'm going to nominate a man who has been a member of the committee to promote bigger and better winds on the campus, president of the Freshman class for the last five years, and prominent in athletics, especially in digging ditches . . ." You are then supposed to try to guess who is meant before you are told. It's great fun, especially as you're nearly always right in your guess.

The fellow that was going to get that thing out on Mackay Day took a girl out riding this week, and my word! They both walked home.

We hear one prominent Theta and author of Campus Angles last week turned in such a list of campus activities for the year book that the editor was forced to run them over in the joke section.

EASTER GREETINGS

Well, well, well, if we must tell, it is the Easter vacation now. After many moons of patient waiting, we are now pleasantly confronted with the problem of getting home. As in all gold-rushes, etc., some will have to walk, others will have the fun of bumming their way and still others have fathers who still believe in them and will send them the cash moneys for the trip.

Any way those that are sufficiently up in their work may take this vacation with a look toward the pleasure side but the majority of us would be better off staying in town and getting those term papers somewhere on the road to completion.

AND THE TEN DAYS AFTER MACKAY DAY ARE PROBABLY THE SWEETEST TEN DAYS OF ALL THE YEAR. EVERYBODY IS SO DEAR TO EVERYBODY ELSE! PEOPLE YOU NEVER SAW BEFORE IN ALL YOUR LIFE COME UP AND GIVE YOU NOSEGAYS! AND CHANCE ACQUAINTANCES BECOME SO CHUMMY YOU HAVE TO JUST FIGHT THEM OFF WITH TEN-FOOT POLES.

Don't forget though, candidates, that election day is on FRIDAY THE THIRTEENTH.

We still can't figure out how a machine gun nest that has been wiped out can keep on firing at a completely exposed "one-pounder" and nobody get killed.—Boy, page Mr. Washington.

And speaking of the "War," that's the kind we're going to take part in some day—a war in which all the casualties and corpses get up and walk out at the end of the activities.

THE GAMMA PHIS WANT US TO ANNOUNCE THAT THEY SUCCEEDED IN CLEANING UP THEIR FRONT YARD—TAKING ALL THE OLD BRANCHES ETCETRAETCE-TRA OFF. WE WERE GOING TO COMPLY GRACIOUSLY UNTIL WE HAPPENED TO LOOK OVER THE HEDGE INTO THE "BACK" YARD.

After seeing "Two Blind Men and a Donkey" we marvel at what asses people can be persuaded to make of themselves without half trying.

You may take that precisely as you please. We've lost interest in the matter already.

PERCHED UPON A BUSH WAS A FAT GENTLEMAN WHO WORE A RED VEST

Cracked Ice is suffering from shock because there actually was a paddling the other day. Can it possibly be that the Sophs are contemplating a little discipline?

April Fool's Day came one day too late, but the girls wore those galoshes anyway. Sagebrush Salome tells us that the hooks on one galosh caught on the catches of the other galosh Tuesday morning, and she graced the gutter with her jaw. Wimmin—take warning. This modern dress has put more than one female in the gutter.

THE SOCIAL SIDE

Y. W. C. A. GIVES EASTER PARTY

The University Y. W. C. A., under the auspices of the social service group, gave an Easter party to the children at the Orphan Asylum at Carson City on Wednesday, March 28. The girls entertained the children with songs, stories, and stunts, and afterwards refreshments were served. The following girls made the trip: Ellen Prince Hawkins '30, Julia Baldini '31, Bessie McDonald '31, Lillian Browne '28, Sheila Parker '28, Idel Anderson '30, Dora Clover '31, Mae Bernasconi '28, Margaret Hartman '29, Helen Smith '29, Nevada Coll '30, Ruth Tobin '31, Eva Adams '28, Margaret Ernst '28, Thelma Pedrolli '29, Mary Donahue '29, Margaret Sullivan '30, Clara Tomlin '31, Ellen Harrington '28, and Mrs. Preston.

TRI DELT ENTERTAINS DINNER GUESTS

Delta Delta Delta entertained Jack Gregory '29 and Ed Cupit '30 at dinner Friday evening.

DELTA SIGMA LAMBDA HOLDS INITIATION

Delta Sigma Lambda initiated seven men into the fraternity on Saturday evening. The new members are: Andrew Hexam '31, Albert Davis '31, Albert Randolph '31, Gene Hoover '30, William Keig '31, Sherbert Tinn '31, and Raymond Evans '31.

DELTA SIGMA LAMBDA HONORS INITIATES

Delta Sigma Lambda held a banquet in honor of the initiates at the Riverside Hotel on Sunday. Speeches were given by old and new members.

CAMPUS PLAYERS MEET

On Wednesday night, March 28, Campus Players held a meeting at the Pi Beta house. Plans were made for the coming Wampus ball.

BETA KAPPA ANNOUNCES PLEDGING

Iota of Beta Kappa announces the pledging of Everett Appleton '31 of San Francisco.

EXCHANGE GUEST

Florence Handy '31 was a guest of Delta Delta Delta at dinner Thursday evening at the chapter house on Sierra street.

LINCOLN HALL FORMAL GIVEN AT RIVERSIDE

The Lincoln Hall formal dance was held at the Riverside Hotel Friday evening. Favors of silver pendants with the mounted crest were presented to the guests. The patrons and patronesses of the occasion were Dean and Mrs. Leach, Mr. and Mrs. Robert Farrar, President and Mrs. Walter E.

Clark, Misses Louisa M. Sissa, Margaret E. Mack and Kate Reigelhuth. A buffet supper was served. Ray Hackett's orchestra furnished the music for the affair.

EASTER PARTY GIVEN BY TRI DELTS

Delta Delta Delta entertained with an Easter party at their house on Sierra street Friday evening. The guest of honor was Miss Viola Russ of Davis. Mrs. M. Stoddard was patroness of the affair. Refreshments were served in colorful Easter baskets. Dick Hillman's orchestra furnished the music for the occasion.

MACKAY DANCE STAGED IN GYM

The Mackay Day dance was held in the Gym Saturday evening. Chris Stockton '29 and Hal Thompson '31 put on a stunt entitled "The Great American Tragedy." The patronesses of the occasion were Misses Margaret E. Mack and Louisa M. Sissa. Deak Adams' orchestra furnished the music for the affair.

MISS RUSS DINNER GUEST

Miss Viola Russ was the dinner guest of Florence Handy at the Kappa Alpha Theta House Friday, March 29.

A. T. O.'s HAVE DINNER GUESTS

Mr. and Mrs. I. O. Walther and Mr. and Mrs. Edler were dinner guests at the Alpha Tau Omega house last Thursday, March 28.

DELTA SIGMA LAMBDA HOLDS INITIATION DINNER

Saturday, March 31st, Delta Sigma Lambda held initiation ceremonies at the chapter house on Lake street for the following men: Will Kieg '31, Sherburn Tinn '31, Eugene Hoover '29, Albert Davis '31, Raymond Evans '31, Albert Randolph '31, Andy Hexem '31. Following initiation a banquet was held at the Riverside on Sunday, April 1, at 3:30, in honor of the new initiates.

FROM ONE SWAN TO ANOTHER

Ye Gods, Minerva—I thought it was spring. I thought that the bluebirds had started to sing; I thought my long underwear soon could come off— But now that's unthought of with this dreadful cough. I know I saw couples not long ago. One night, on the tram—but now look at this snow! Hey there, Miranda, what's the matter with you? You say it's Spring fever? Now—it must be the flu. —Art Less.

Book Reviews

There have recently been several new types of books published as party books and as successors to the crossword puzzle. One of these, published quite a while ago, was "I've Got Your Number!" by Doris Webster and Mary A. Hopkins. This was a "parlor psychoanalysis" book, and by the question and answer method determined a person's character and just what sections would be best for him. The latest release is "Marriage Made Easy," and is written by the same authors of "I've Got Your Number!"

The publishers state that "Marriage Made Easy" will employ the same method of personal inquisition made famous by "I've Got Your Number!" but in this case the questions will all tend to determine the natural aptitude of the answer for matrimony. The ladies are told "How to Choose a Husband" and the gentlemen are told "How to Choose a Wife." The book threatens to become even a greater success than "I've Got Your Number!" and the publishers are already announcing large advance sales.

"George Sand, the Search for Love" is the title of a recently published biography of George Sand by Marie Jonny Howe. The author in writing this book has violated all rules concerning the writing of biography because the precedent established referring to the writing of biography did not suit her. The author treats her subject as if she were American instead of French, more twentieth century than nineteenth, and more innately romantic instead of the product of a cult. As a biography, the book is unique in its different style.

ME AND I

I've fallen for several fast women
But none of them satisfy.
I've stepped with a dream from the
high school
And she fell for another guy.
So I think the surest bet of all
Is to fall in love with just I.
Then I can hold my own hands,
Or pat my cheek, and maybe heave
an honest sigh
And say! I can even sit on my own lap,
And if I wish I'll cry,
Or hug me up tight and steal a kiss,
And softly close each sleepy eye.
I'll take myself to a picture show,
And feed ice cream to I,
And sit with me in the moonlight,
And dream through the beautiful sky.
Oh! What a wonderful life to try,
We loving—just me and I.
—Ed d'Gato.

SKILL

THE twist of the wrist, the "throw" of the arm, the shifting of the weight—these are among the many little points which make the skill that you admire in the javelin thrower as he hurls the shaft two hundred feet or more.

of an inch here—a minute variation in a curve there—slight changes foreseen by engineers and carried out by skilled workmen.

As on the track or the football field, in the gymnasium or on the water, so in industry progress is the result of fine improvements—a thousandth

It is this attention to detail that is constantly improving General Electric apparatus and contributing to the electrical industry, which, though still young, is already a dominant force, increasing profit and promoting success in every walk of life.

Whether you find this monogram on an electric refrigerator for the home or on a 200,000-horsepower turbine-generator for a power station, you can be sure that it stands for skilled engineering and high manufacturing quality.

CLASS OF 1930 WREST CROWN FROM JUNIORS IN CLOSE MEET

LOHSE SURPRISES CROWD BY BEATING CLOVER IN HALF MILE

SOPHOMORES GATHER 56 UNITS TO WIN MEET FROM CHAMPS

In the first track meet of the year, the Interclass meet, held on the afternoon of Mackay Day the Sophomore class won the meet with a total of 56 points but only after a close and very hotly contested time with the Junior class who finished second with 42 points. The Senior class was third with 25 points while the Fresh trailed with 7 points.

The Sophomore class presented a well balanced team both in the track and field events and wrestled the honors away with the Junior class who previously had won the Interclass meet for two consecutive years. Several very good times were turned in but on a whole the times and distances turned in were lower than usual due in a great degree to the heaviness of the track, and to a stiff wind that was blowing. Clover, Nevada's stellar track star was high point man of the meet with two first places and a second for a total of 13 points. Gilmartin, one of the surprises of the meet, this being his first year in track competition, and Bristol were tied for second honors with a total of 11 points each.

Towle Scores
To start the meet Captain Towle ran a pretty race to win the high hurdles for the Juniors in the time of 18.6. He was followed to the tape by Bristol and Leavitt, both Seniors. Kellogg, Jr., won the 100 yard dash in 10.2 and second and third places went to Voight and Gilmartin, Sophs. In a sensational last lap rally in the mile, Clover, Sr., passed H. Bailey, Jr., and won this event; Levensaler, Soph., took the third place. The time for this event 4:58.

Shotput to Seniors
Clover took his second first place of the day in the shotput with a distance of 40 feet, 4 inches. Brewster and Kinnon, both Sophomores, took second and third place. In the pole vault, Leavitt, Sr., won with a vault of 11 feet 4 inches with Voight and Thompson, Sophs., tied for second. This event was marred by an injury to Voight's arm when he was vaulting nicely. The 440 yard dash, one of the hard fought races of the day, was won by Ferguson, Soph., who ran a pretty race to win in the time of 1:10.5. Studwick, Jr., was second, and Ligon, Soph., third.

Bristol Surprises
In the low hurdles, Bristol, Sr., pulled quite a surprise by leading Towle, Jr., to the tape in the time of 27.2; Blacknum, Jr., was third. In the high jump Gilmartin, Soph., won with a jump of 5 feet 6 inches; J. Bailey, Jr., finished second and Buck, Soph., took the third place. In the discus, Kinnon, Soph., finished first with a throw of 110 feet and was followed by Timm, Frosh., second and Towle, Jr., third. In the half mile Lohse, Soph., ran a nice race and finished with a great burst of speed to win from Clover, Sr., who finished second and Schnoor, Frosh., who finished third.

220 Yard Dash Close
The 220 yard dash was one of the most thrilling races of the day with Kellogg, Jr., and Voight, Soph., finishing in a dead heat after they had matched stride for stride the entire race. Dumble, Frosh., showed a good burst of speed to take the third place. This was one of the most exciting races of the day and brought the crowd in the bleachers to their feet. J. Bailey, Jr., won the javelin throw with a heave of 144 feet followed by Kinnon, Soph., and Oliver, Frosh., Gilmartin, Soph., won his second first place on the day when he jumped 20 feet 3-4 inches to win the broad jump. Bristol, Soph., took second place while Burner, Frosh., was third. In the two mile, H. Bailey, Jr., pulled a sensational sprint in the home stretch to take the victory from Lohse, Soph., who had lead all of the way. Slaughter, Soph., finished third. In the relay the Sophomores showed the best team winning easily while the Junior took second place with the Frosh third. The Seniors did not enter a team in this race.

All told the results of this meet was very satisfactory and several new men were discovered that may make future varsity material and it looks as if Nevada should have a very profitable season this year.

Seattle.—The University of Washington has expelled two students and suspended seven for ducking and "padding" Marion Zioncheck, student body president of the university. Five varsity football men were in the condemned group.

KAPPA LAMBDA DEFEATS HALL TEAM 13 TO 2

FIRST GAME FOR BOTH TEAMS NOT VERY SPIRITED

Scoring four runs in the first inning of their ball game, the Kappa Lambda nine defeated the Lincoln Hall aggregation by the largest score of the tournament this season, scoring 13 runs to 3 scored for the dorm men. The four runs scored in the first inning seemed to break the spirit of the hall men and they did not play the ball that they usually do.

Pelton of the Greeks started the fireworks when he drew a base on balls. A sacrifice bunt advanced him to second and he scored on Roikind's long fly to center field. Another walk and a single filled the bases and these men were brought in before the Kappa Lambda men were sent to the field.

Outcome a Surprise
The outcome of this game was a surprise for a much closer contested game was expected. Last season these two teams played some of the best games of the season. The first time that they met last year resulted in a 2 to 2 tie in nine innings, the game having to be called because of darkness. The same score resulted in the next meeting of these teams and they were scheduled to meet twice more to decide the series between them. The third game resulted in the dorm men winning by one run. However the fraternity men hit their stride in the next game and trounced their opponents 7 to 4.

Woods, pitching for the Kappa Lambda team, did excellent work for his side. He allowed only one earned run and seven scattered hits during the entire contest. He retired eleven of the men that faced him by the strike-out route.

Brown Outstanding
Brown was the outstanding man for the Lincoln Hall men. Besides pitching a good game he was the star with the stick for his men gathering two of the seven hits that his team had to their credit.

On April 9 the Lincoln Hall men will meet as their next opponents the Beta Kappa fraternity while the following day the Kappa Lambda team will meet the fast aggregation from the Delta Sigma Lambda house.

Collegians Said To Be Speed Mad

A newspaper clipping sent to the Daily by Francis W. Mosher, a former student and now engaged in newspaper work in Australia, gives a colorful picture of certain Australian opinion regarding this country. A returned bicyclist found that "the white people in America are slowly but surely descending to the level of negroes, and the blacks are climbing to the level of the whites."

"College boys and girls," he said, "are mad with a craze for speed, jazz parties, ball games, and illicit drinking. The most terrible aspect of the country is the enormous amount of crime. Many hold-ups are attributed to youths less than twenty-one, and many young people die after drinking bad liquor."

BICYCLES AND SKATES NOW USED AT STANFORD

Stanford University—(PIP)—If the nineties were gay, the second decade of the twentieth century promises to be absolutely hilarious at Stanford. Bicycles and skates are threatening the popularity of flivvers and other means of conveyance. Thanks goes to the "five hundred" for the revival of the old Stanford vehicular fads, for the coeds are now riding bicycles and skates to class.

TALK TO CHANGE NAME

Middleton, Conn.—(IP)—Agitation which subsided sometime ago has been renewed by the students and alumni of Wesleyan university, to have the name of the institution changed. The reason for the desired change is the general mix-up caused by the fact that there are a score of Wesleyans scattered throughout the United States.

Easter Greetings.

C. O. P. AVIATION COURSE PLANNED

Stockton, Calif.—The new flying field of the College of Pacific was dedicated on Thursday, March 21, with five aircraft utilizing the landing place on the first day.

The aviation field is more than thirteen hundred feet long and provided with two diagonal runways each one quarter of a mile long and one hundred and fifty feet wide. Improvements are still in progress and a hangar is planned as soon as finances enable it to be installed. The field was built entirely by the engineering students of the college.

A course in aeronautics, including full training in theoretical and ground work as well as actual flight practice is to be installed in connection with the college engineering department with the opening of the fall semester. Although it is not planned to make the field a commercial airport, the location is so excellent that one airline, the Inland Mutual Airlines, has signified its intention of using it as its official point of contact with the San Joaquin metropolis if it may legally do so.

Offer of Award Made For Cruise

An award of \$5,000 has been offered to three students of the "Floating University" who accomplish the greatest services in furthering international friendships on the trip. The students may be either men or women.

The idea of this offer is to impress students with the feeling of responsibility in furthering international relations with foreign students and associations with whom they come in contact, and at the same time interpret to them what the United States stands for.

Ball Games May Be Seen By Wire

Columbus, Ohio—(IP)—"An out-of-town game may be seen as well as heard over radio or telephone in the near future," said Russell A. Dellar, in an address on "Television" delivered here recently.

Mr. Dellar, a prominent graduate of Purdue university in the class of 1921, now represents the personnel department of the Bell Telephone laboratories. He expressed the belief that popularity will eventually reduce the cost of television instruments so that they will be every-day affairs.

Maroon coats have been selected by the Juniors at the University of Montana as their official class garb.

COLLEGE TRACK ATHLETES TURN TO BIG RELAYS

RELAY CARNIVALS DRAW ATTENTION OF STAR SPRINTERS

Lawrence, Kansas, March 22.—Track athletes of the middle west and south are now turning their attention to the big relay carnivals of the section, having finished indoor season with the conference meets. From now until the end of April, outstanding athletes of each school will be competing for honors at one of the major relay meets.

March 17, the annual Illinois indoor relay was held at Urbana, and this week the athletes will compete in the Texas and Rye relays, April 12, the sixth annual Kansas Relay will be held here in Memorial Stadium of the U. of K., and on the same date in the east the annual Ohio Relays will be held at Columbus, Ohio. On April 27 and 28 the Drake Relays will be held at Des Moines, and the Penn Relays at Philadelphia.

Iowa Shows Up Well
It is evidenced by the class of performances shown in indoor meets that the coming Olympic games of this summer are an incentive to American athletes to get busy and do their best. In the Western Conference meet Iowa showed promise of another great mile relay team by setting a new indoor record for the meet of 3:42.2. Iowa holds the Kansas Relays meet record for the mile relay at 3:20 made in 1926, and has won this event in the Kansas games four out of the five times it has been run.

Western Conference Records
Other Western Conference records are: Droege Mueller of Northwestern, who pole vaulted 13 feet 2 1-2 inches; Martin of Purdue in the half mile, and Baird of Iowa in the 440 yards run. Missouri Valley Conference record makers are: Lud Grady, of U. of K., who equalled the American 50-yard dash mark of 5.2 seconds; English of Missouri who vaulted 12 feet 8 inches, and Carmen of Oklahoma who did 5.9 seconds in the 50-yard low hurdles.

Philippine versus Clifton at Granada Theater Tuesday night.

Aerial Invented By Kansas Prof

Lawrence, Kans.—(IP)—A vertical type radio aerial, involving a new principle, has been invented by Dinsmore Alter, professor in the department of astronomy at the University of Kansas, and are now being manufactured in the professor's private workshop.

The new aerial consists of six insulated wires and a seventh wire enclosed within a small cable which serves as a central receiving member. The seven wires are strung vertically and parallel on wooden separators and the complete unit may be attached to a board protruding from the eaves of a house, or to a pole. The standard aerial of this kind is 30 feet long, although it may be made of greater length.

OREGON STUDENTS USE WHISTLES FOR SIGNALS

OREGON STATE COLLEGE—(PIP)—Whistling popular tunes to call a friend has gained wide popularity on the campus among the co-eds. Each group of girls has its particular whistle considered "private property" of that group. Some of the whistles used by the co-eds are the tunes, "Sweet Child, You're Driving Me Wild," "Bob White," and "Remember the Night." Whistling is used to the largest extent on the campus or in the halls where friends may live the length of the hall from each other.

TRADITION VIOLATORS PLACED ON PROBATION

Oregon State College, Corvallis.—(PIP)—Oregon State's student council has recommended to the administration that a freshman be suspended from school until next term for consistently violating campus traditions. Three other freshmen also found guilty and placed on probation must report to the student council every week. A fifth rook was warned against wearing a tuxedo. It is a violation of the traditions for a freshman to wear a tuxedo.

U. C. Athletics To Yield Profit

Berkeley, Calif.—Athletics at the University of California will make a profit of approximately \$55,000 during 1928, according to the budget of the Associated Students of the school, made public yesterday. The various sports will earn \$265,600, it is estimated, while the cost of athletics will total \$210,481.52. Expenditures in other departments of the Associated Students will cut this profit to approximately \$38,000.

W.A.C.C. OPENS CAMPAIGN FOR 'CLEAN HUMOR'

"COLLEGE HUMOR" GIVES PEOPLE WRONG IDEA OF CAMPUS LIFE

Opening a campaign against the sensational misrepresentations made by various magazines and motion picture companies of college life, The Western Association of College Comics voted unanimously in convention in Seattle last week to break off all relations and contracts with "College Humor," to censor recent so-called "college pictures," and to investigate the plagiarizing of material from college publications by other magazines.

The Western Association of College Comics includes magazines from nearly every college west of the Rocky Mountains, as well as the Nevada Desert Wolf. The unanimous decision reached in convention at the University of Washington last week calls for the breaking of contracts with "College Humor," who has had the exclusive reprint rights of the publications in question. Letters explaining the situation have been sent by the association to universities in the east and middle west and to "College Humor."

Albert Salisbury, president of the organization, gave the following statement to the press: "Our reason for breaking the contract is that we feel that 'College Humor' is painting a picture of flaming youth which is not real, and which gives to the average reader a false idea of college life. The magazine takes all the gin and sex jokes and plays them as representative college humor, with no mention of any other type. College magazines bury the gin and sex jokes with a greater proportion of clean humor, just as representative of college life."

The movement was sponsored by Melvin Starke and Wilson Cosby, editor and business manager respectively of the "California Pelican," and Winston Norman, editor of the "Stanford Chapparral."

Faculty Opposes Suggested Plan

Nevada will not have a Freshman week. This was definitely decided, according to Dean Adams, at a meeting of the General Faculty on last Thursday. Due to the fact that the Engineering Faculty was not in session, the plan of having a freshman adviser, to be chosen from among the members of the faculty, was also voted down.

The General Faculty also passed a recommendation whereby graduates with a degree in one school may receive a degree in another, provided that they take 30 or more additional units of work. This would, of necessity, mean that such a graduate would attend the university for at least one additional year.

NEV. ALUMNI BULLETIN WILL NOT BE PUBLISHED

The University of Nevada Alumni Bulletin will not be published this semester, because the alumni believe that they can put their money to better advantage and use it to arrange their files and look up all old grads of whom their whereabouts has been lost. The association has been so disorganized that they have been handicapped in finances and in getting together to plan any definite work. After the plans for organization have been completed the Bulletin will be published regularly and will be larger and more interesting.

WAMPUS BALL HAS BEEN POSTPONED UNTIL MAY 5

Because of a conflict in dates with the Spring Festival the Wampus Ball has been postponed from April 14 to May 5. As this will be the last campus dance of the semester it is expected that a large crowd will be in attendance, and every effort is being made by the committee in charge to make the costume ball the most successful of the year.

MINING GRAD RETURNS

Roy Misner, who graduated in '27 from the School of Mines, is now back on a visit. During the past year he has done some underground mining work at Butte, Montana and Ely, Nevada, and is now employed at Midas, Nevada, where a new mill has just been completed.

MACKAY DAY HAS CROWDED COURSE

Work-shirts and jeans—collars opened in careful disarray—and how they loved it! Not a necktie dared show its face; A campus clean-up? Indeed, yes! The morning's labors ended; the gym was taken by storm. Wobly tables, paper plates, tin cups, and cardboard spoons! Buns, and spaghetti, and coffee, and cake! After dinner speeches with plenty of "punch"—silver cups, and sweaters, and happy faces; fraternity songs and sorority songs sung with a bang—and finally a lull.

Whispered speculation, enthusiastic speeches; nominees carefully studying the ceiling, the walls, the floor, or what-have-you. A rush for the door—all aboard for the stadium! Howls of glee, as class favorites circled the turf, determined faces emerging from the sawdust pile, and jubilant classmates slapping each other on the back. A short truce. Then—bang, rat-tat-tat-a-tat, bang! Machine guns, and shells, with the enemy in the offing. Bombs bursting through the darkness, and flares lighting up the figures of the dead and wounded. The flag aloft—victory!

Dancing in the Gym, and sweet pink punch. Mackay Day, with a bang!

A.S.U.N. MEETING

(Continued from page 1) systems and Honor codes at the P. S. P. A. convention and in as much as Nevada has none, the following committee was appointed to look into the proposition: Pete Gignoux '28, Walter Cox '28, Forest Holdcamper '28, Marshall Guisti '30, La Verne Blundell '28, Mabel Mariani '28, Margaret Ernst '28, and Mae Bernasconi '28.

The following were announced as members of the constitution revision committee of which Elmer Lyon is the head: Mae Bernasconi '28, Genevieve Spencer '28, Douglas Ford '29 and Jack Gregory '29.

The meeting adjourned with the singing of "Hail, Proud Nevada."

Classes to Edit Local Newspapers

The Journalism classes, under the direction of Prof. A. L. Higginbotham are to edit two of the state newspapers before the end of the semester. The first will be the Sparks Tribune on April 13th, and the other the Nevada State Journal on May 4th. This is the third time E. C. Mulcahey has invited the class to edit the Sparks paper for one day and the sixth consecutive year that the class has taken over the complete responsibility of the Journal.

Sheila Parker '29 is to be editor-in-chief while Carol Cross, '30, will be the city editor of the Sparks paper. Homer Rycraft '29 has been appointed to act as the managing editor, Allan Crawford '29, telegraph editor, Clarence Newman '29 as city editor and Elmer Lyon '29 the head of the copy desk for the Journal work.

COMMITTEE SETS DATE FOR WHITEWASHING 'N'

The Men's Upperclass Committee met Monday and decided that the date for the painting of the "N" by the Freshmen would take place Saturday, April 14. Harry Liparelli '30 was placed in charge of the frosh and will take roll call. "Buck" Farnsworth '29 as upperclassmen representative, will oversee the work. No excuses except death will be accepted for freshmen being absent on that day.

HILLMAN '29 APPOINTED

Dick Hillman '29 was appointed chairman of the "University of Nevada Night Entertainment" committee at a regular meeting of the Blue Key fraternity at a bi-monthly regular meeting at the Monarch Cafe Wednesday night. This entertainment will be composed of local campus talent. Red McIlwaine will assist Hillman in the coaching of the acts which will be given some time within the next month at the Wigwam theatre.

SINGERS ARE RECORDED

Stanford University—(PIP)—The Stanford Glee Club of thirty-nine members had six songs recorded on a double-faced record last week by the Victor Talking Machine Company. The Glee Club will leave the campus March 23 for a tour in California.

FIRST WEEK OF INTRA-MURAL GAMES PLAYED

BAD WEATHER, MUDDY GROUNDS HALT PLAY DURING WEEK

Bad weather interrupted the opening game of the present inter-fraternity baseball tournament between the A. T. O.'s and the S. A. E.'s a week ago last Monday, and the game had to be called in the third inning. The Tau's were leading at the time by the score of 1 to 0. The game was postponed to a later date.

On Tuesday, March 27, the Sigma Nu team defeated the Sigma Phi Sigmas in a slugfest by the score of 11 to 9. Because of the wet field, many errors were made by both teams and the outcome was always in doubt until the final out was made.

Independents vs. Beta Kappa
The Independents met the Beta Kappa nine in the third game of the tournament on Wednesday, March 28, the Beta Kappas winning by the score of 5 to 5. The Independents were leading until the last inning, when the fraternity men suddenly began hitting the apple to push over sufficient runs for a win.

Two Games
Two games were played on March 29. In the first encounter, the A. T. O.'s and the S. A. E.'s played off their game that had been postponed earlier in the week. Behind the consistent pitching of Barnum, the S. A. E.'s easily won by the score of 9 to 1. In the second encounter, the Phi Sigma Kappas won from Delta Sigma Lambda by a 2 to 0 score. The game featured a pitchers' battle between "Stubby" Dubévac of the Phi Sigs and Lester Spinney of the Delta Sigs. Few hits were made by either team but the Phi Sigs bunched their few hits in the opportune times to put over a win.

Weather Halts Games
Due to the snow and storms the past week, games that had been scheduled were called off and will be played at a later date. All of these postponed games will be played on the University diamond and will be governed by the same rules that govern the games played at the regularly scheduled time.

Quite a bit of interest has been worked up as a result of the few games that had been played, and all teams have been putting forth their best efforts in the race for the cup that is offered to the league winners.

Prof. F. W. Taussig of Harvard university suggested that by making the freshman year more interesting and less elementary the college course could be shortened from four years to three.

Y.M.C.A. PLANS TO HELP FRESHMEN

The Y. M. C. A. are making arrangements to have one more speaker this semester. Two have been suggested, the most outstanding one being Mr. Wilson, the mayor of Berkeley and college lecturer. The organization has not made any plans for this year but next year its members are planning to help the Freshmen become interested in college and assist them in registration.

No officials have been elected so far but Bob Scott is leading the organization. The other seven student members belonging to it are: J. D. Adams '29, Everett Appleton '31, Jose Cavan '29, Bill Crawford '28, Andres Denana '29, Santos Murillo '28 and Alex Pratt '29. Dean Leach, Dean Adams, Professor Thompson and Professor Murgott also belong to it.

The head of the Y. M.'s organization is located at New York and called the Student Council of Young Men's Christian Association. Nevada is a member of the Pacific Southwest Division with headquarters at Los Angeles.

Four Coeds Are In Auto Mishap

Margaret Hartman '29, Clara Tomlin '31, Margaret Donahue '29, and Margaret Sullivan '30, were victims of an automobile accident on the Carson highway Sunday when the car driven by Miss Hartman skidded and turned over. The girls escaped with minor injuries. The accident occurred near the old Winters home.

The party was on its way to Carson City to surprise the orphans at the state home, with an Easter party being sponsored by the social service committee of Y. W. C. A. of which Margaret Hartman is chairman.

ARTEMISIA NAMES
It's not too late yet to get your name embossed in gold on your Artemisia, and anyone wishing his name and numerals engraved on the front of his book can hand the above facts to anyone connected with the year book and have them placed on it.

CONSTITUTIONAL

(Continued from page 1)
point a member of the A. S. U. N. to assume the office of A. S. U. N. Historian.
The A. S. U. N. Historian, shall at the time of his appointment be a member of the Junior or Senior class, and shall have been a member of this association for at least two consecutive semesters.

It shall be the duty of the Historian to keep an accurate, chronological record in a volume provided for that purpose, of all the events that occur during his term of office, of interest to the University of Nevada.

It shall further be the duty of the Historian to keep a file, in the A. S. U. N. office, of all Campus Publications.
The Historian shall be under the direct supervision of the Executive Committee, which shall further outline his duties.

A. S. U. N. Secretaries
Proposed amendment to A. S. U. N. Constitution:
Be it resolved:
That the Executive Committee be authorized to appoint two members of the A. S. U. N., capable of secretarial work, to act as assistants to the A. S. U. N. secretary.
That the appointment be made not earlier than the completion of the second month of the first semester, nor later than December 1st of the first semester.
That all members of the A. S. U. N. who have attained at least Sophomore standing be eligible for appointment.
That tries for such work make their

intentions known to the A. S. U. N. Secretary at the beginning of the fall semester.

These offices shall be designated Assistant A. S. U. N. Secretaries.
Yell Leader
Proposed amendment to Constitution:
To replace article V, section 1:
I. The Yell Leader shall conduct a course in yell leading tactics, during the first semester of the school year. All Sophomores will be eligible for this course.

II. These Sophomores shall be given the opportunity to try out at various events throughout the school year, until one month before the general elections, at which time the group shall be cut to four, by the Yell Leader, his two assistants, and the President of the Whelps organization.

III. After approval of the Executive Committee, these four names shall automatically appear on the ballot at the General Election. The two receiving the plurality of votes shall be the assistant yell leaders for the ensuing

year. The third highest shall act as alternate.

IV. The names of the two assistants shall automatically appear on the ballot at the general election. One of these two shall be elected Yell Leader. If the incumbent Yell Leader is to be in college for the whole of the following year, he may petition the Executive Committee for the right to have his name placed on the ballot.

V. At the end of the football season the Yell Leader shall be presented with an award.

VI. The award shall be a white V neck sweater bearing a six-inch megaphone with a three-inch blue Block N superimposed.
