THE STUDENT NEWSPAPER OF THE UNIVERSITY OF NEVADA

VOL. XXXV—No. 34

UNIVERSITY OF NEVADA—RENO, NEVADA, FRIDAY, MAY 4, 1928

PRICE FIVE CENTS

LARGEST CLASS WILL GRADUATE AT COMMENCEMENT ON MAY 14

APPROXIMATELY ONE HUNDRED FORTY NEVADA MEN AND WOMEN WILL RECEIVE DIPLOMAS

At the commencement exercises to be held Monday, May 14, the largest class ever to graduate from the University of Nevada will receive their degrees.

Saturday, May 5, will be the last day which the graduating students will be required to attend classes, as the whole of the next week the seniors will be allowed to enjoy the annual "Senior Week," in a general round of social events.

It is planned for them to take a trip to Lake Tahoe, including a tour of the lake, which will end up at the Tavern, where a dinner is to be enjoyed, followed by dancing.

On Tuesday Prof. Raymond H. Leach will give a dinner to all graduating men, while the women will be similarly entertained on Wednesday by Miss Margaret E. Mack, Dean of Women.

Friday morning a pilgrimage about the campus will be conducted, which will end up with the dedication of the senior memorial.

The baccalaureate sermon, Sunday morning, May 13, will be delivered by Rev. John Stephens of the First Episcopal church of Palo Alto, Cal., who will take as his subject, "The Meaning of Life." Dean Allen Jacobs of the local Trinity church will pronounce the invocation, and the benediction will be rendered by Professor R. C. Thompson.

The musical part of the program will be furnished by the combined Episcopal, Federated and Methodist church choirs, in conjunction with the University Community Orchestra, under the direction of Prof. Theodore H. Post.

The commencement address on Monday is to be given on the subject, "The Challenge of a Changing World," by Dean Paul F. Cadman of the University of California. The invocation by Rev. A. J. Case and the benediction by Rev. E. C. Sloan.

The College of Arts and Science will confer the degree of Bachelor of Arts upon:

Eva Bertrand Adams, Hameey C. Archias, Lloyd L. Barrington (Dec. 21, 1927); Grace Witter Bassett, Anita Marie Becaas, *Mae Isabel Bernasconi, *Margaret Lucile Beverly, Rudolph A. Blum, *La Verne Blundell, *Lois Bona, *Lillian Browne, *Beverly Grey Bulmer, *Alice Jane Carney, Charles V. Carter, William Ennes Clawson, Jr., *Elizabeth Coleman, John (Continued to page 2)

WILL GIVE PRIZE FOR BEST ESSAY

DORIS CLOVER WILL BE AWARDED WITH \$25 STATE PRIZE

First prize of twenty-five dollars in gold for the best essay submitted in the 1928 W. C. T. U. Prohibition contest for this university has been awarded to Doris Clover '31, it was announced today.

The prize-winning essay, representing this state, will be immediately forwarded to Washington where it will be entered in the national finals of the college division of the contest. Miss Clover will be awarded her state prize of \$25 on Commencement Day. The local award has been donated by the Reno W. C. T. U., Mrs. S. B. Dulmer in charge.

Additional Prize The winner in the final contest will be awarded an additional prize of \$75. Those receiving honorable mention in the contest held at Nevada are: Juanita Lowe '28, Lois Carmen '29, Faralee Smithson '31, and Charles Drake '31.

With the exception of several upper-class competitors, all of the work in the contest was accomplished as part of the regular classwork in Instructor Edwin Duerr's English 2 class. The subject was: "The Significance of the World Wide Movement Against Alcoholism."

Last year, Ellen Prince Hawkins '30, then a member of the class, was awarded the local prize; her essay was later given the national prize of \$100. She will read her essay at a W. C. T. U. convention to be held early in May at Fallon.

LAKING IS HELD FOR BAD FROSH

Three disobedient frosh opened the Manzanita Lake bathing season when they were tossed into its waters last Friday afternoon. The lake evidently still possessed the cold chill of winter for the wet victims, in no leisurely manner, sought dry clothing. The bathers who received the punishment were "Toots" Felton, C. King and Sam Imelli.

According to Harry Lipparelli, head of the vigilance committee, the soaking of the frosh will be a more frequent procedure in the future and those persons "ditching" laking would be dealt with severely.

Six Plays Are Chosen for '29 Dramatic Work

Wide Variety Offered In Productions Selected

Six of the latest contemporary plays of the highest merit will comprise the repertory of productions to be offered next year at the University by Campus Players, according to an announcement released this week by Edwin Duerr, director of dramatics.

The tentative program for the 1928-29 season is more ambitious in scope and quality than was this year's schedule, including as it does a full length play by Eugene O'Neill, two new comedies, a famous old morality play, a thrilling melodramatic mystery, and a startling and original English drama.

The season will open with a light comedy, "Mary, Mary, Quite Contrary," by St. John Ervine, one of the younger English playwrights. He is noted as the author of "Jane Clegg" and "John Ferguson," plays which have been produced by the Theatre Guild in New York.

Recently released, "Mary, Mary, Quite Contrary," is claimed to be one of the brightest comedies of the past few years. It was produced just last season by The Playhouse at Berkeley, California.

For the second, and most notable production "The Emperor Jones," by Eugene O'Neill, will be presented. The University of Nevada will be one of the first universities in the country to produce the play, which is commonly conceded by all critics to be the leading American dramatist's greatest contribution to the stage, exceeding in importance even the recent "Strange Interlude."

On the same bill with the O'Neill play will be presented a one-act version of "In Abraham's Bosom," by Paul Green. The play won the 1927 Pulitzer prize.

"Everyman" will be offered as the third play of the year at Christmas time. It is the most celebrated and oldest of the English morality plays, its earliest version dating from about 1520.

"Everyman" has often been revived in modern times, recently by the Ben Greet Players and by Edith Wynne Mattheson, and in Austria and Germany.

Every woman in this age, according to Dr. Fulstone, must have some vital interest in life. She may seek this development of her personality either in her home and in caring for her family, or in a career—sometimes both.

But whatever she does she must be proficient. And in order to have this efficiency, it is first essential to maintain good health.

Dr. Fulstone then gave a few, simple rules for proper living which, if followed, would bring about the desired result, and as Dr. Fulstone said, "Life for us will still be an adventure at an age where our grandmothers were sitting by the fire."

Good Orchestra The most important feature of the dance, however, is the music. A high class jazz orchestra has been engaged and will favor the dancers with their most appealing numbers.

This is the first Campus Player dance that has been open to the campus and consequently promises to be the very best that has ever been given.

Before the dance the members of Campus Players will attend a banquet at the Golden Hotel to be given in honor of the new initiates. Skits by the new members and toasts by the outgoing members will be part of the entertainment. All those attending will be in costume.

The new players to be taken into the organization will be initiated Saturday afternoon.

Don't forget the Wampus Ball tomorrow night in the Gym!

Squirrel Seeks Food on Campus

Well, we have always thought that there were enough "nuts" on the Nevada Campus and guess we were right and almost as smart as we believed we were, because one day last week a little creature came to help us decrease the number.

The little animal was hovering and crouching about the Artemisia office. Unobtrusively the poor little grey squirrel was attracted by the nuts hanging around the Artemisia office, actually believing that the year book would be out or was really here.

After finding the nuts there too hard to crack, he ventured to other regions of the campus and tried his best to cause some excitement. He succeeded, as most men, in getting some brilliant coeds to pursue him, they not realizing the chance they took.

In their attempt to catch him one young woman almost fell in the ditch. Unlike most men, he failed to be attracted by the most alluring coeds, and crawling under a pile of lumber managed to escape. Women-like, the coeds declared that they would give their time to those more appreciative of their charm.

Annual W.A.A. May Day Will Be Saturday 5th

Over a Hundred High School Girls Will Attend Festival

W. A. A. will give its annual May Day on Saturday, May 5, on the university campus for the purpose of interesting state high school girls in athletics and encouraging them to attend the university.

A hundred and one girls from Reno, Sparks, Elko, and Goldfield have signified their intention to attend.

Definite arrangements for the entertainment of the girls for the entire day have been made. The program is as follows:

- 9:30 a. m.—Pentathlon events and games for those not contesting in the Pentathlon events.
10:30—Demonstration by university girls in hit pin baseball.
11:30—Relay contest.
12:00—Exhibition of hockey and soccer by university teams.
12:30—Picnic luncheon on the quad.
1:30—Mass meeting in the Education auditorium.
2:00—May Day festival on the quad.
2:30—University faculty and women's varsity baseball game.
Interclass archery contest.
4:30—Informal games and contests on the quad for guests.
6:00—Banquet. Awards for individuals and schools.

University stunts and songs. The committee in charge is composed of: Lucile Sanford '29, chairman of the day; Mae Bernasconi '28, chairman of the high school sports; Jane Eaton '30, chairman of the luncheon committee; Eva Adams '28, chairman of the awards; Edna Ericson '29, chairman of the May baskets; Isabel Loring '28 and Florence Mitchell '29, chairman of the banquet, and Ivel Anderson '30, chairman of the invitations.

NEVADA R.O.T.C. UNIT APPROVED

Considerable favorable comment concerning the R. O. T. C. unit at the University of Nevada has just been received by President Walter E. Clark in a letter from S. G. Jones, Colonel, Adjutant General's department, Presidio, San Francisco.

The approval expressed of the Nevada R. O. T. C. is a result of the report of Major Edmund C. Wadill, Infantry Corps Area R.O.T.C. officer who inspected the unit on April 16, 1928. In his report Major Wadill declared, "The unit is proficient in military training and it is therefore recommended that the president be notified that he is authorized to designate as honor graduates for the present academic year, 5 per cent of the total number of students who on March 1, 1928 were enrolled in the second year of the advanced course of R.O.T.C."

STEVENSON WILL LEAD BLUE KEY

Officers elected to lead Blue Key Fraternity during the coming year are Budd Stevenson '28, President; Douglas Ford '29, Vice-President; Russell Garcia '29, Secretary; Lloyd Moon '29, Treasurer.

The meeting was held at the Lincoln Hotel in Sparks. The newly elected members initiated were: Laddie Miller, Don Budge, Phil Weber, Marshall Guisti, Carol Cross, Milton Taylor, Hal Overlin, Elmer Lyon, Claire Lenkuhl, and Carl Fuetsch.

Campus Actors Take In \$2500 On Hill Plays

Many Improvements Made During Two Terms

Conducting an annual activity business which "turned over" approximately \$2,500 has been the financial record established by Campus Players for the current college year. This outstanding fact was revealed in the managerial report now being drawn up by Edwin Duerr, dramatics director.

According to that tentative report, a total of \$2157.45 was derived in revenue from the six productions given, and \$212.72 was taken in on organization accounts. The grand income total is \$2,370.17, a figure about six times higher than that of any previous year.

Table with 2 columns: INCOME and EXPENSES. Rows include Social Fund, Royalties, Improvements, etc.

Total on hand \$35.24. In this summary it is to be noted that a number of old debts were paid off, and that over five hundred dollars was used in permanent improvements, such as the curtain, \$250; the cyclorama, \$130, and lights, equipment and settings.

The summary of the Campus Players' organization fund is as follows:

Table with 2 columns: INCOME and EXPENSES. Rows include August 1927 balance, August 1927 balance, Dues and fees, etc.

Total on hand \$63.64. This statement is final in that all production and organization bills have (Continued to page 6)

FROSH BIBLE TO BE OUT IN FALL

The Frosh bible will come out at the beginning of the fall semester, and John Walsh '29, who is in charge of the work, guarantees that it will contain all material necessary in a bible.

The book will be temporary at first until the revision of the constitution is voted upon. The bible will have leather binding, and contain one hundred pages and will probably have a few "cuts."

The committee is endeavoring to get ads to help defray the costs of publishing the book. This will lower the price of the bible.

Work will be carried on during the summer, and the committee predicts a prize-winning bible.

Practically all annuals have different editorial interpretations built around the same or related subject matter, the main opening for originality lying in the arrangement and makeup of the pages themselves.

WOLF TRACKSTERS HOPE TO WIN THIRD FAR WEST CHAMPIONSHIP

FRESNO LOOMS STRONGEST COMPETITOR OF MEET SATURDAY; RELAY, DASH RECORDS THREATENED

Honorary Group Has Initiation

Phi Kappa Phi, national honor fraternity, held initiation for thirteen seniors and three professors Tuesday, May 1, in the Agricultural building.

This was one of the largest initiations Phi Kappa Phi has held on this campus. The requirements of this fraternity underwent a change during the last semester, thus allowing for five seniors from both those working for an A.B. and an A.S. degree, making it possible for ten seniors to attain this honor.

The candidates chosen must have made better than a "two" average throughout their college career. Dr. J. R. Young was master of ceremonies and after the serving of refreshments, he delivered an address on "Control of Fear." The professors initiated were: Prof. R. H. McCarthy of the mechanical engineering department; Mrs. Mary E. Buol, assistant director of Agricultural Extension Bureau, and Mrs. E. F. Chappelle, of the psychology department.

The following members of the senior class were initiated: Theodor Olmstead, Eva Adams, Beverly Bulmer, Frances Westfall, Ruth Streeter, Betty Sue Shaw, Grace Bassett, Kathleen Griffin, Frances Nelson, Margaret Beverly, Arnold Benson, Leslie Clover, and Arthur Gay.

ADVENTURES OF DR. CHURCH IN ALUMNUS BOOK

U. OF MICHIGAN ALUMNI MAGAZINE TELLS OF NORTHERN TRIP

In a recent issue of "The Michigan Alumnus Magazine" an account of Dr. J. E. Church Jr., '22, Ph. D., graduate of that college, and his comrade's expedition to Greenland for scientific research is given.

The primary object of the expedition is the meteorological and aerological investigation necessary for a better knowledge of the air circulation above the great inland-ice of the interior of Greenland—the northern pole of our atmosphere.

Several different companies and institutions have donated materials for the expedition. Nevada has loaned an exceptionally fine circuit camera with Zeiss Protar lens. All equipment is very modern and very valuable, among that loaned by other institutions are Radio equipment, 2,000 square feet of balsam wool for institution, two Tycois aneroid barometers, color plates, geophones and accessories No. 322 millivoltmeter, new Leica cameras and high grade watches for longitude determination.

Fred Herz Among Crew Fred Herz, Nevada photographer and expert mechanic is among the crew. Other members include a botanist, geologist, surveyor, meteorologist, radio operator and director and aerologist.

The company has made many daring explorations and much was learned in the scientific line.

Cap and Scroll Hold Initiation

Cap and Scroll held initiation last Friday evening at the Methodist church. Following this a banquet was held. The women who were initiated are Sheila Parker '29, Ellen Baldwin '29, Anita Becaas '28, Ellen Harrington '29, Mae Bernasconi '28 and Carol Smith '28.

At the A. I. E. E. elections held Tuesday, Alden McCallum '29 was elected vice-chairman and Alden Chase '29, secretary-treasurer.

The patrons and patronesses were: Governor and Mrs. Fred Baker, President and Mrs. Walter E. Clark, Vice-President and Mrs. Maxwell Adams, Dean and Mrs. Raymond Leach, Dean Margaret E. Mack and Miss Louise M. Sissa.

With hopes of taking the Far Western championship for the third consecutive time, sixteen fighting Wolf tracksters left last night for Fresno, California, where the annual Far Western track meet will be held on May 5.

The sixteen men making the trip are J. Bailey, H. Bailey, Bristol, Clover, Ferguson, Gilmartin, Kellogg, Kimon, Kline, O'Hara, Lohse, Schuur, Stodick, Towle, and Voight. Accompanying these men is their coach and trainer J. E. "Doc" Martie. "Prof" Charlie Haseman, Homer Raycraft, track manager, and Emory Branch, general athletic manager.

The teams in the Far Western Conference that will vie for honors are Nevada, St. Mary's, Cal Aggies, Fresno State Teachers, St. Ignatius, and College of Pacific. For the past two years Nevada has had a walkaway in the track and field events. This year is going to be the hardest year or any that she has had, due to the fact that she has some of the best star performers and that the other colleges have increased their strength in this sport.

It is possible that Fresno will give Nevada the closest run for the title as they have the greatest array of stars. The star of the Fresno elder artists is Kaster. Last year at the Far Western meet held on the local track, his work was outstanding and he has improved with another year of training. His speciality is the hurdles, both low and high. Last year he, and Towle, captain of the Wolf Pack, tied for honors as he was defeated by Kaster in the high hurdles and won over him in the high sticks. Kaster was also a point getter in the high jump and gives promise of going better in this event than last year.

Dashes Cloze The dashes, especially the century dash, gives promise of being a thriller. Welson of Fresno does 9.4 in this race and Pacific is also reputed to have a man of the same calibre in this dash. Kellogg, who ran the century dash in ten flat in the San Jose-Nevada meet may be able to lower his mark some during the Far Western meet.

This is going to be the hardest year we have ever had in the meet," said "Doc" Martie. "And we will be lucky if we take fifty points." But in the face of such odds that are piled up against them, these men will go fighting for the title that they have had for the past two years.

Relay Record Breakers

The one event that they are especially strong in is the mile relay. Two weeks ago the relay team took four seconds off of the University record that has stood since 1916. The personnel of this team consists of Voight, J. Bailey, Kellogg and Ferguson. These men have been working on this event with intentions of again breaking the record that they set a few weeks ago.

ANNUAL SENIOR BALL FINISHES FORMAL SEASON

PROGRAMS AND DANCES ARE FEATURES OF ANNUAL AFFAIR

The Senior Ball, annual formal dance given by the Juniors for the Seniors, was held at the Century Club building last Saturday night at 9 o'clock. The grand march was led by Miss Grace Costello and Hal Overlin, president of the class of '29, at the close of which the programs were handed out by Miss Margaret E. Mack, dean of women and Miss Louise M. Sissa, registrar at the university. The programs were of two color leather, silver and blue and were one of the main features of the dance.

The added attractions of special attention were a chorus of small dancing girls and a jig by a couple of the grown up people. "Red" McIlwaine also entertained with songs that were composed by Nevada men in the last few years.

The patrons and patronesses were: Governor and Mrs. Fred Baker, President and Mrs. Walter E. Clark, Vice-President and Mrs. Maxwell Adams, Dean and Mrs. Raymond Leach, Dean Margaret E. Mack and Miss Louise M. Sissa.

The committee in charge was composed of Hoyt Martin, chairman; Milton Taylor, Dick Hillman, Lloyd Moon, Constance Holland, Mildred Hughes and Kara Lucas, all of the class of '29. The music was furnished by Milt Long's orchestra.

CODDINGTON SELECTED FOR JUNIOR PRESIDENT

The class of '30 held its last meeting of the year Thursday afternoon to clear away all old business and to elect new officers for the first semester of their Junior year.

Officers elected were: Francis Coddington, president; Maryemina Taylor, vice-president; Mazie Ryan, secretary, and Alan Bible, treasurer.

Sigma Alpha Epsilon were hosts at a smoker at their house on Evans avenue last Friday evening.

ENGINEER DEPT. GIVES SUMMER SURVEY COURSE

CLASS TO BE CONDUCTED NORTH OF UNIVERSITY FOR FOUR WEEKS

This summer as usual the Civil Engineering Department will offer their Summer Surveying Course to all students interested, and especially to Mining and Civil Engineers of whom this course is required for graduation.

The course will last four weeks and will begin Tuesday after commencement. The class lasts all days from 8 in the morning until 5 in the afternoon.

Work will be done north of the university and also in the Standard Metals and Fravel mines. The work will include topographic work by the plane table method, triangulation, and baseline experiments. Both field work and underground work will be done.

So far the men who have signed up for this course have been: Leland Hinkley '28, L. Zaruba '28, Lamont Brown '30, Cyrus Dam '29, Serge Glyachenkoff '29, Erwin Morrison '28, Laurence Fish '29, Weaver Solomon '29, Herbert Faulkner '29, Frank Bristol '29, Carol Westfall '29, and Ralph Gignoux '28.

In previous years the class went to some mining camp and spent the entire period there. Now as there is transportation equipment this is not done. The class went to Virginia City in 1908, Nevada City, Calif., in 1909, Goldfield in 1910, Bluestone in 1911, the Ludwig mines in 1912, Olinghouse in 1913, Bluestone in 1914, Rochester in 1916, Packard in 1917, to the Standard Metals mines in 1920, and every year since then the trips have been made by automobile out into the country. In the years 1915, 1918, 1919 and 1921 there was no class held.

These classes are conducted by Prof. H. P. Boardman and Prof. F. L. Bixby of the Civil Engineering department.

Men Ride Cows On Junior Day

With lunches packed and cars ready to go the Juniors gathered at the "gates" last Friday to celebrate the Annual "Cut" day with a picnic. The party left about 9 o'clock for Galena Creek. They were unable, however, to reach Galena because of blasting, and stopped at a meadow a few miles below Galena. Amusement was provided by an impromptu rodeo until time for "eats." Seeing some cows peacefully grazing about, the men decided it would be good fun to try their art of riding. The cows were rounded up into a small corral and the cowboys set forth. "Buck" Farnsworth swept away all prizes and kept his seat on a cow for quite a distance—the cow being a very gentle animal and no amount of kicking seemed to disturb her in the least. "Hal" Overlin won the booby prize. His best was to hang on to one's tail for a few seconds. Lunches were then unpacked and a surprise in the way of ice cream and cake was served to everyone.

The picnic then proceeded to Bowers Mansion where swimming and dancing became the diversion for the afternoon. Some were so anxious for the swim that they went in clothes and all. A tired but happy Junior class returned to Reno in time for dinner and everyone declared they had "one good time."

STUDENTS PUZZLED WHERE THEMES GO

English themes, psych themes, history themes and music themes! Reams of paper, and bottles of ink consumed in printing these plagued term themes! What happens to them after the little, but mighty red mark is placed upon them? Can it be these children of our brains find a crowned grave in the waste basket which ultimately leads into the campus furnace? Or is it true that the profs take them home to build their fires with, or perhaps use them when they pack the family dishes and pictures.

It has been suggested that maybe some of them keep scrap books for all these themes in the hopes that some student will become a famous novelist. Just imagine the pride of your English prof at seeing one of his very own students before the eyes of the world! He would be able to display the celebrity's first college themes, and say that he had always predicted a glorious future for the lad. (He would of course forget the time he flunked you.)

Yes, it's a deep, dark secret, but like all wise college students we have our suspicions. Some day we shall learn the fate of all our masterpieces in the realms of literature, science, and psychology.

Scattered Talent

"The Emperor Jones" and "Outward Bound" will be presented by the students in the class of Play Production, English 72-73. "Everyman" will be given by D. A. E. The remaining three plays will be offered by Campus Players.

"The Poor Nut," a new college comedy by J. C. and Elliott Nugent, will in all probability be selected for the

SIX PLAYS ARE

(Continued from page 1)

many in a version by the Austrian poet and playwright, Hugo von Hofmannsthal. This year the play was presented in New York by Max Reinhardt, creator of "The Miracle."

An hilarious comedy, "Rollo's Wild Cat," will be the fourth play of the season, opening the second semester. The author, Clare Kummer, has to her credit such successes as: "Good Gracious Annabelle!" "Pomeroy's Past," "A Successful Calamity," and "Be Calm, Camilla."

"Rollo's Wild Cat" was produced this season in San Francisco by the Players' Guild.

One of the most dramatic and original plays seen on the recent stage, "Outward Bound" will serve as the fifth offering of the year. The play, by Sutton Vane, an English author, will be the acting highlight of the season.

Special Rights

The drama is still playing throughout the country; production rights for the Nevada presentation were made by special arrangement with the publishers.

A mystery melodrama entitled, "In the Next Room" will bring the program to a close. Burns Mantle, New York critic, has pronounced it "... a first-class mystery play, comprising all the elements of suspense, curiosity, comedy, and drama."

The play, written by Eleanor Robson and Harriet Ford, was one of the recent successes of the Pasadena Community Players.

Senior Play for the class of 1929. It is a very recent New York success.

A one-act comedy, "Evening Dress Indispensable," by Roland Parfvee, has been chosen for the Campus Players' presentation in the Wolves' Frolic.

The retiring officers are: Mary Moore '28, president, and Saralee Clark '30, secretary-treasurer.

The new officers are: Elizabeth Johnstone '31, secretary-manager and Dorothy Johns '31, treasurer.

S. Clark Leads 1929 Glee Club

Elections were held at the Women's Glee Club meeting last Wednesday after the regular practice took place. It was decided that two offices should be made out of the present secretary-treasurer position, to be known as the secretary-manager and the treasurer, as the position was too much work for one student to handle.

Those elected were Saralee Clark, president; Elizabeth Johnstone '31, secretary-manager and Dorothy Johns '31, treasurer.

The retiring officers are: Mary Moore '28, president, and Saralee Clark '30, secretary-treasurer.

CO-EDS SERENADE ON FIRST OF MAY

"For we're to be queens of the May, mother," must have been the thoughts of the normal students on the first of May, when they trimmed their little baskets and filled them with fruit blossoms, plucked from the orchards of conveniently close neighbors.

At the unbelievable hour of five-thirty these ambitious souls set out upon their pilgrimage to the homes of their profs and friends. Singing lovely songs of May and Spring they strolled from house to house and hung their dainty baskets upon the doors. This must be a new form of red-appleing, for just see how soon the final grades will be sent in?

It is to be hoped that said profs had been warned the night before of the coming event, so that they might have rethed an hour or two earlier in order to be in a cheerful frame of mind when they were awakened at such an early hour in the morning. Something similar to this must have happened for at one home the serenaders were rewarded with candy and nice hot hamburgers. Evidently it pays to celebrate the coming of the May.

"The National Joy Smoke" is no mere catch-phrase

YOU can prove it. Prince Albert is the Nation's largest-selling brand of pipe-tobacco. It brings joy to more smokers than any other brand. Q.E.D.! Your first fragrant whiff will set your mouth a-watering.
And your first taste of good old P.A. in a pipe will satisfy your pipe-hunger as nothing else ever has. Cool as the first period. Welcome as the last. Mellow and mild and long-burning, right to the bottom of the bowl. Try P.A., Fellows, on my say-so.
PRINCE ALBERT
—the national joy smoke!
A snappy roadster, a wonderful girl, and a pipeful of good old P.A.

NEIL LAMB '30 SELECTED BEST R.O.T.C. SOLDIER

COMPANY B IS JUDGED WINNING UNIT OF GROUP

Neil Lamb was selected as the Best Soldier of the entire R. O. T. C. unit at the University of Nevada as a result of the competitive drill held on April 20th and 27th. At the same time B company, under the command of Capt. Leavitt and lieutenants Lombardi and Towle, was judged to be the best company of the unit. Judges of the inspection were: Col. J. P. Ryan, Major K. S. Gregory and Lt. Mm. Griffin. Appearance, proficiency in drill and general military excellence was the basis on which the awards were made. Neil Lamb was presented with a trophy cup by the cadet officers of the R. O. T. C., which is a permanent award. B company was likewise awarded a cup for their proficiency by the cadet officers; this cup will be awarded to the best company each year and will remain their property until the next competitive drill.

Few Selected
The competitive drill on April 20th eliminated all R. O. T. C. men but 18. Six men were selected from each of the three companies. The second stage of competition on April 27 resulted in the selection of Lamb as the best man in this group. This is the first competitive drill that has been held for several years at the university. The military department is intending to make this competition an annual event. The cadet officers also plan to award marksmanship badges to the members of the R. O. T. C. rifle team; this award will be made before the close of the present school year.

Musical Concert Decided Success

The Chamber Music Concert given Thursday evening, May 3, at the Granada Theater was received enthusiastically by a large audience.

David Crocov and Ilya Bronson, first violinist and cellist of the Los Angeles Symphony, are both musicians of the first water. Olga Steeb, a great favorite with all Reno music-lovers in light of former concerts here, was accorded an especially warm welcome.

The concert was a beautiful exhibition of finished artistry.

Opus 99 of Schubert was perhaps the most appealing of the trios. Miss Steeb's rendition of Mendelssohn's "On the Wings of Song" was beautifully melodious. The violin and cello duet "Passacaglia of Handel's," rounded the program out with soft range of melody and artistry of technique.

Marriage plus a career, rather than a plain marriage is the ideal of most college girls, according to a survey of the Illinois Women's college.

LARGEST CLASS

(Continued from Page 1)

Bruce Connelly, Jr., *Arthur R. Cox, Walter J. Cox, *Catherine Adelle Curieux, Andres S. Denava, Donna E. Dove, *Elsbeth A. Dove, William Holm Downey, *Margaret Ernst, Helen Clare Fox, *Maude Lillian Fulstone, Milton A. Gooding, Margaret Amy Goodman (July 30, 1927); *Hazel Greninger, *Kathleen Anne Griffin, Bernard C. Hartung (Dec. 21, 1927); *Ruth Geraldine Harvey, *Helen May Hibbert, Marie Taylor Higginbotham, Alfred Dufresne Hill, *Forrest R. Holdeman, *Eleanor Jackson, *Jean Jackson (Dec. 21, 1927); *Margaret Mary Jones, *Bernice Johnson, Mabel Louise Jones, *Dorothy Rutledge Kaiser (Dec. 21, 1927); Frank Karlovsky (Dec. 21, 1927); *Granville Irving Leavitt, *Isabel T. Loring, *Juanita Lucile Lowe, Ainsley Holland Mabson (Dec. 21, 1927); *Mabel T. Mariani, *Adele Anne Martin, Ethyl Cecilia McManus, *Grace C. McNeil (Dec. 21, 1927); *Helen Shirley Medigovich (July 30, 1927); Ian Mensinger, Wayne G. Meroux (Dec. 21, 1927); Mary Esther Moore, Frances Marie Nelson, *Henry C. Nelson, Leonard W. Noblitt, *Theodora Olmsted, *Altha Pierson, Ellis R. Randall, *Gertrude A. Reilly, Charles Renwick Jr. (July 30, 1927); Virgil W. Ross, *Lionel R. Wilson, Norton Earl Worden (Dec. 21, 1927).

The following graduates will receive the degree of Bachelor of Science in the College of Arts and Science:

Gregory R. Adams, Frederick M. Anderson, Vernon Cantlon, John J. Carlsson (Dec. 21, 1927); Leo F. Corvino, Edith M. Dowd, *Olive Dorothy Dunn, George Frank Gaddis, Herman F. Kaiser (Dec. 21, 1927); Frank Yearsley Leaver (Dec. 21, 1927); Fawn S. Louie, Martin H. Melendy, *Alice Mae Molini, James W. Rice (Dec. 21, 1927); *William Stoddard Sawle, *Genevieve Spencer, Wallace Erroll Taber, Harold F. Whalman (as of the Class of 1922).

In the College of Engineering, the

following graduates will receive the degree of Bachelor of Science in Mining Engineering: Mildred Louyne Anderson, Evelyn Faye Boudette, Gladys Irene Brooner, Opal Curieux, Evelyn M. Faylin, Thelma Gerber, Bethel Adelaide Goering, Mary E. Guthrie, Dorothy Marguerite Haviland, Martha Emilie Met-scher, Louise Barbara Reil, Evelyn Mae Rogers, Maud Rothrock Williams (July 30, 1927).

The College of Engineering will confer degrees of Bachelor of Science in Electrical Engineering upon:

Harold Clarks Amens, Arnold Benson, Emory C. Branch, Frank A. Burkham, Leslie E. Clover, Arthur W. Gay, Cecil H. Gay, Andrew N. Hanson, Walter J. Herz (Dec. 21, 1927); Gordon O. Johnson, George K. Kallenbach, Kenneth Kermit Knopf, Lawrence S. Niswander, Lynn R. Olson, Walter Ede Sellman, William J. Tavelle, Charles J. Watkins, Edward Norton Ziegler.

The following graduates will receive the degree of Bachelor of Science in Mechanical Engineering:

F. Maxwell Ball, Florie Braghetta, Wayne Buerer, George Corliss Lotz.

The degree of Bachelor of Science in Civil Engineering will be conferred upon:

John Walter Corvin, Joe Garcia, Jr., Raymond Lloyd Huffman, Erwin F. Morrison, Victor J. Pimentel, Charles E. Wood.

The College of Agriculture will graduate the following seniors with the degree of Bachelor of Science:

Lem L. Allen, *Raiston L. Crew (Dec. 21, 1927); Thomas W. Rayercraft (Dec. 21, 1927); *Otto R. Schulz, Shafter C. Wilder.

*Katherine Mary Davidson will receive the degree of Bachelor of Science in Home Economics.

The College of Education will give

two-year normal diplomas to the following students:

Mildred Louyne Anderson, Evelyn Faye Boudette, Gladys Irene Brooner, Opal Curieux, Evelyn M. Faylin, Thelma Gerber, Bethel Adelaide Goering, Mary E. Guthrie, Dorothy Marguerite Haviland, Martha Emilie Met-scher, Louise Barbara Reil, Evelyn Mae Rogers, Maud Rothrock Williams (July 30, 1927).

Higher degrees will be conferred upon: Louis S. Leavitt, Electrical Engineer; Donald C. Cameron, Engineer of Mines; Clarence Hammond Kent, Master of Science in Mechanical Engineering; McKean Carter, Master of Science in Chemistry; Lisle Rey Nolds Messer, Master of Science in Mining Engineering; *Ruth V. Foster, Lawton B. Kline, *Ida Mary Robinson, Chester M. Scranton, and Ellen Evaline Stitt, Master of Arts in History. An asterisk before a name indicates a teacher's diploma of High School grade.

When Dad was a "Modern Youth"

Bicycles, stereopticon lectures, their horses and cats; at night the midnight oil burning in student lamps while the gas lights glared and flickered across the campus—the gay nineties when Dad was in college seem primitive to us to-day.

Now it's sport roadsters, the movies, and radios. At night the MAZDA lamp replaces the midnight oil in dormitory rooms, while modern

street lighting sheds its friendly glow over the campus.

Without electricity we would have none of these improvements. To-day's marvel of electrical invention becomes to-morrow's accepted utility. In the coming years, by taking advantage of new uses of electricity you will be able to go so much farther that the "tearing twenties," will seem just as primitive as the "gay nineties".

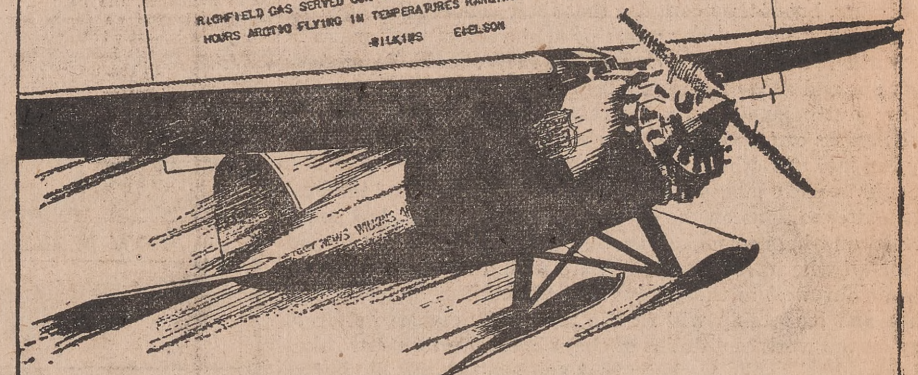

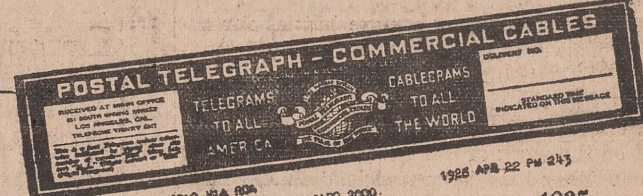

Scientists in the research laboratories of the General Electric Company keep G.E. a leader in the field of electrical progress. Skilled G-E engineers develop each latest invention. The G-E factories carry out the engineers' designs with high-quality material and expert workmanship.

A New Arctic Record with RICHFIELD

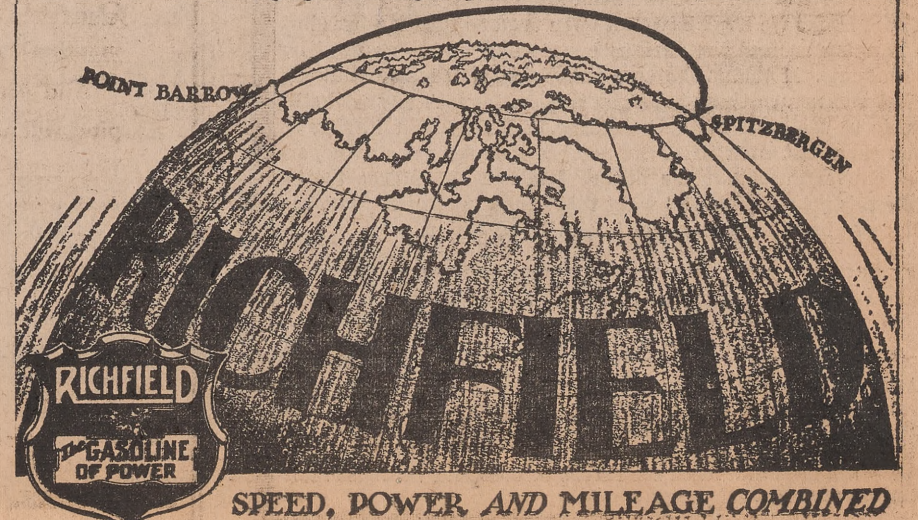

First to pilot an airplane across the top of the world!

FLYING from Point Barrow, Alaska, to Spitzbergen—2300 perilous miles of icy, uncharted wastes, Captain George H. Wilkins and Lieutenant Carl B. Eielson have written a thrilling new chapter in Arctic and aviation history—a feat of which Roald Amundsen said, "No flight has been made any where at any time which could be compared with it!"

Captain Wilkins used Richfield exclusively! He pinned his faith in this thrilling flight on a single,

Wright Whirlwind motored, Lockheed Vega monoplane powered with Richfield aviation gasoline, the third successive year of his Arctic explorations with California's famous "gasoline of power."

Use Richfield products in your own car—recommend them to your friends. Richfield actually does give you greater speed and power without sacrifice of mileage. Its anti-knock qualities make it the perfect gasoline for the newer high compression motors.

GOODBYE SENIORS

The class of 1928 is about to enter into the alumni stage of their education. After four years of brilliant work and with many records chalked up to their credit in the book of Nevada's activities, they are leaving ideals and duties for the coming class to strive for and perform.

Winning all their freshmen and sophomore battles for supremacy they early became recognized as one of the outstanding classes on the Hill. Continuing their good work in their senior and junior years in the fields of leadership, athletics, scholarship and activities the class as a whole started many projects and carried on the work of the University in the most commendable manner. They have been real leaders and have left inspiration and records for the remaining classes to strive for.

We are just as sorry to see the Seniors go as they are sorry to be going, but if they consider that their work is just starting for the University and any name or achievement they make in the world reflects on the University, they should be anxious to get out and strive for themselves and the future of Nevada. We are just beginning to realize the value of our alumni, and these Seniors can go out into this state and other states and if they run into any other graduates of the University of Nevada, it should be their pleasure and duty to inform them of the projects and conditions on the campus, that they might too be interested and help to make our University always a joy and joy for all who have passed, and are within its walls.

Again farewell to the graduates and the best of luck, your advice and leadership will fit the remaining classes better to carry on the work and duties of the school. And for our sakes and the school's sake we hope that you are as good alumni as you have been Seniors.

HAVE YOU SEEN THEM

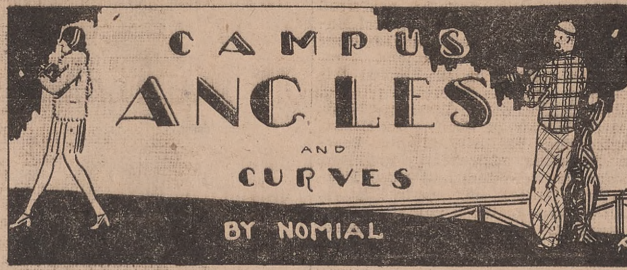

The library is making a final appeal for students with books out to get them in before the close of this semester; if these books don't come in, next year will find no shelves of books open to the public, but every book will have to be checked so someone can be held responsible for the blame.

It usually works out that people placed on their honor will strive to do better and adhere more to rules than when they are charged with things. But in the case of our own library books, were every student is on his honor to return the books after they use them, a surprising number of books are listed among the missing. Anyone taking a book and not returning it is not only hurting the school, but is also making it impossible for students that will need the book later to use it.

These books we hope have not been used as fuel for fires but are hanging around the various houses and buildings used by the students. If this is the case it should be easy for students to find and return these books so that next year they will still be able to use most of the reference books without having to check them out each time. Remember it is for your own personal convenience that the library had the books free to the public this year, and if you want this to continue next year, the books will have to be brought back this semester.

CONGRATULATIONS

After many weeks of waiting, the students have finally been rewarded with the 1928 Artemisia, and after one look at the book, the general opinion seems to be that the book was worth waiting for. The illustrations and general planning of the book make it the goal and ideal for future editors and business managers to strive for.

Gather round folks, this is the new editor of this here colym speaking. Come on now, all together, let's give him the birdie! And wadda ya think I thot when the editor of the paper for next year pops up to me the other day and says: "Say bo, I needs a new guy for Campus Ancles, one with lots of intestinal fortitude and a mind lower than rolled socks on a coed and your him, that's all."

Now you know who I am let's get on something else. According to Campus Players the Wampus Ball is really an exclusive affair. So far only 250 bids have been given out.

Well, well, well, the Tri Deltas must have a corner on Phi Kappa Phi or something. There senior girls were only elected one hundred per cent. Again we repeat the scholarship requirements have certainly gone down in this institution.

Which reminds me of the dumb Gamma Phi who thought the varsity drag was some kind of fish net.

It seems like a new American game has been started in the library between Daddy Layman and a certain little Sparks girl. Daddy caught her playing leap frog in the library and the first thing the poor little girl knew she was on the outside of the door looking it. Pappy is getting pretty old for these games but he must have his fun.

And it was just like the Sigma Nu catcher said the day that Phi Sig slid home safe—@!b&Z(?;:!;b@

BULL-etin: Feemster conquers Manzanita Lake in record-breaking swim.

Aggie Point, May 5.—Silas C. (Cant-leak) Feemster, the human fish, this morning landed on the sandy beach here after a hectic battle with the waters of Manzanita Lake. Feemster was in the water 22 hrs. and 3 sec. thereby breaking the W. A. A. record. Little difficulty was experienced in the swim outside of the fact that a few crabs

ta girls win the fraternity pin derby. Only three girls living in the house are without pins. It is rumored that they intend to pawn the pins and buy more furniture.

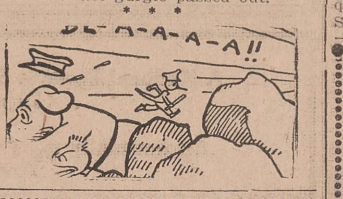

BY THE WAY, WHAT IS THE MATTER WITH THAT SIGMA NU WITH THE BUNGED-UP FACE? DID HE TRY TO HANG HIS PEN TOO?

OUR WEATHER MAN

Ya ought to hear John Edward Martie the other day when one of the Frosh let out a swear word at track. "Say you," thunders John Edward, "?!*!*!*(-?&lb@, if I catch You saying a word like that again I'm goin' to come out and get you and kick your &lb@!\$@!b&)(?!*!\$)(?!*!\$)

"She has refused my pin," uttered the fraternity man in agonized tones. "There is nothing left for me—I must pass out of this cruel world world." He looked—only one shot was left. He mustn't miss. So taking the jug with unsteady hand he closed his eyes and with the last gurgel passed out.

Notice those cute little low life insects, the polly ticks, that came around this year with class elections?

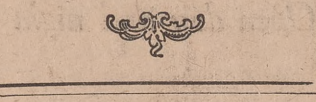

As the last words about the end of school, etc., etc., we can only say what the little bird said to the little worm as the little bird pulled the little worm from a hole—"You've got to have an end some place."

By the way—Have you Senior Weak End? or would it be nice to look?

At any rate it's sure terrible to have Commencement Week during Spring, the time when young men's fancies tra-la-le-ah-la—especially when no guarantee is made as to what will commence!

From all standpoints it looks like the Theta Theta Theta of Delta Delta Del-

For the business man at his desk, "long distance" opens the doors to widely scattered markets.

There are doors to open, still

Trade followed Commodore Perry's flag into Japan. Today, as Bell System pioneers develop their service, trade follows the telephone. In advancing the art of telephony, there are still plenty of doors to open, plenty of new steps to take. What apparatus will meet some newly-arisen condition in serving the sub-

scriber? What are the machines and methods to make it? How can the value of long distance telephony be best presented to industry, and the great potentialities of this service developed? These questions and many like them point the way to fields which still leave ample room for the explorer.

BELL SYSTEM

A nation-wide system of 18,500,000 inter-connecting telephones

FROSH DEFEAT PREP SCHOOLS SATURDAY ON MACKAY FIELD

RENO HIGH WINS SECOND WHILE SUSANVILLE PLACES THIRD

FROSH DISQUALIFIED IN RELAY BY RUNNING OUT OF BOUNDS

The frosh track squad romped to an easy victory in a four-cornered track meet with three high schools last Saturday, by a score of 54 to the nearest competitor's 38. Reno high pushed the frosh in several of the events, but they were bested by 16 points, while Susanville took third in the meet, with 25 points and Sparks fourth with 18 counters. The day was ideal for a meet and it gave these four teams a fine chance to work out and show their real strength.

Oliver started the ball rolling for the frosh by taking the high hurdle event, with Shipley, Sparks, and Jensen, Susanville, finishing in order mentioned. Time 17.4. The fifty yard dash went to McClure of Susanville, with J. Horton, frosh, second and Wilson, Reno, third. Time 5.7. Reed of Reno ran a nice hundred, with Shipley of Sparks a close second and Burner, frosh, third. Time 10.5.

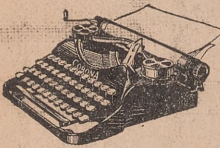

Dumble came through according to the dope for the frosh by taking the 220, with Reed of Reno and Shipley of Sparks taking second and third. Reed pushed Dumble hard on the finish, but he could not make up the lead that was against him. The time was 24 flat. In the 440, Wilson of Reno was pushed hard at the finish to take a first by Schnoor, running for the frosh. Blundell, running for Sparks, took a close third. Time 54 flat.

Rossiter of Reno ran an easy mile, taking the event without any trouble, coming within a second of the state record. Vargas, frosh, beat Patrick of Reno for a second place by putting on a nice sprint at the finish. The mile was run in 4:46.8.

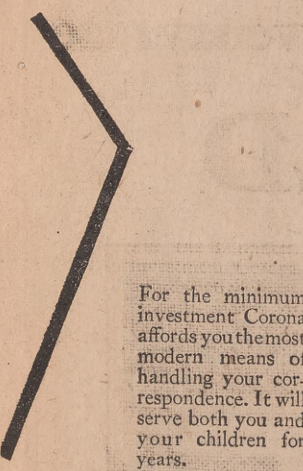

In the half, Atkinson of Reno took the lead from Schnoor in the last lap, after Schnoor had been led at a fast pace by another Reno man, which he held until the finish, running the event in 2.6. Millsap of Susanville took third.

In the low hurdles, Horton, running them for the first time in his life, for the frosh, pushed Jensen of Susanville hard at the finish to take a second to him, while Mariani of Sparks took third. Time 28.7.

Huntington, Reno, heaved the shot 40

Women Will Play Faculty's Squad

Friday afternoon after practice the captains of the class teams will choose the mythical varsity baseball team which will play the faculty men's team on Mackay Field Saturday morning. Good material is evident in I. Anderson '30, F. Mitchell '29, E. Clark '31, M. Bernasconi '28, Sheila Parker '29, Mary Donahue '29, Verdi Fant '30, P. Nash '30, D. Grover '31, J. Baldini '31, E. Gault '30, M. Weeks '30, H. Mann '29, and M. Huber '29. The varsity team will probably be chosen from these women.

The joint baseball and archery spread will be held at Bowers Mansion on the 8th of May. The interclass games will be played the last week. The class winning the highest number of games will have its class name engraved on the Sports' plaque.

In the joint baseball and archery spread will be held at Bowers Mansion on the 8th of May. The interclass games will be played the last week. The class winning the highest number of games will have its class name engraved on the Sports' plaque.

In the javelin, Oliver took first for the frosh, with a heave of 146 feet 4.5 inches, with Spencer, Sparks, second and Dinke, Susanville third.

Three Tie In Jump
Riordan, Randall and Doyle tied for first in the high jump. This gave the frosh six counters, while Doyle took three for Susanville. Height 5 feet 4 inches. Burner and Riordan took first and second for the frosh in the broad jump with Blundell of Sparks third. Distance 21 feet 2.5 inches. Smith and Thompson tied for first for the frosh in the pole vault, and Doyle took the remaining point for Susanville. Height 10 feet.

In the relay the frosh disqualified by passing outside the lines, but they ran it through. Susanville took first, Reno second and Sparks third, in the good time of 1 minute 36.5 seconds.

Oliver, frosh, was high man of the meet with 11 points.

Some very good showings are being made by high school teams throughout the state, and from appearances at least three records will fall in the state meet to be held on Mackay Field on May 12. These are the mile, the half mile, the quarter and the javelin, with the shotput also a possibility.

At the University of Wisconsin, the women's dormitories have devised the plan of exchanging fifty guests for Sunday dinner with the men's dormitories.

NEVADA TAKES THIRD AT MEET LAST SATURDAY

WORLD RECORD BROKEN WHEN KUCK PUTS SHOT 51 FT.

In the second annual West Coast Relay meet held at Fresno last Saturday, Nevada's mile relay team took third place in the class B event. Nine teams were entered in this race, the best that the smaller colleges of the west had to offer. The first three teams finished within two yards of each other, with the majority of the field about twenty yards behind. The time of the race was 3 minutes 25 2/5 seconds, which shows that the Nevada team ran a faster race than their record-breaking performance in the San Jose meet.

Trained Longer
The two teams defeating Nevada, Occidental and San Diego, are both southern teams, who have had the advantage of a long, warm training season. Doc Martie believes that with the same climatic conditions to train in, his team could defeat either of these schools.

None of the teams of the Far Western Conference of which there were several entered, made much of a showing, so the prospects of a win in this event next Saturday are bright.

Kellogg, Nevada sprinter, took fifth place in the finals of the class B 100 yard event. Off to a poor start, Kellogg was making up lost ground at a great rate at the finish, but the handicap was too great to be overcome.

From the spectators point of view,

ARCHERY TEAMS STAGE TOURNEY

The archery season is nearly closed. The interclass tournament will be held Saturday morning as a part of the W. A. A. Sports' day program. High scores for last week were held by A. Adams '31 beginner, and E. Olson '30 advanced. Greatest improvement by G. Wittenburgh '31 beginner and E. Olson '30 advanced. Greatest number of bull's eyes G. Wittenburgh '31 beginner and E. Olson '30.

A team will be composed of four members and the shooting will be done from a distance of 30 yards. The teams from each class will be chosen by the high score percentage made by each individual and will be taken from the score sheets.

In having the archery tournament on Saturday the visiting high school girls will be given an opportunity to see what archery is like and may become interested enough to try to get it at their school. The same is true of the exhibition games of soccer, hockey and volley ball that will be played.

The meet was one of the most interesting ever held on the western coast. One world record was broken by Kuck, of the L. A. A. C., who put the shot 51 ft. 1-2 inch. Another was tied by Barber in the class A 100 yard dash, and another was broken by Lee Barnes who vaulted 14 ft. 1 3/4 inches. Fifteen of the 32 existing West Coast Relay records were also broken in the course of the meet.

SIGMA NUS WIN FROM TAU TEAM

In a rather ragged game Wednesday, the Sigma Nu nine defeated the A. T. O. team by a score of 9 to 4. Both teams showed fine form at times, but there were also periods when the playing on both sides was ragged.

The winners talked seven of their nine counters in the second inning. The Tau sluggers seemed unable to connect with Jake Lawlor's curves, and displayed none of their usual hitting

ability. In the eighth, with three men on and no outs, it looked as if they would rally, but only one run was scored. Lawlor and Hammond pitched for the Inter-fraternity League, would rally, but only one run was scored. This game decided the team which will meet the Kappa Lambda nine in a McCollum twirled for the Taus.

FINE CHANCE IS GIVEN TO MEN IN U.S. SERVICE

SALARY VERY SMALL AT START BUT CHANCE FOR ADVANCE

It occasionally happens that a young man has acquired, partially or fully, a college education along general lines and has not decided definitely the life work he wishes to follow. Employment in the U. S. Forest Service work may incidentally appeal to a man of this character, especially if he is inclined naturally to general business enthusiasm among elements of trees, livestock, recreation, game, and dealing with the public in general.

With these interests and good business ability for administrative work the educated man of today is highly desirable in the civil service work. He is given every opportunity in the Forest Service to learn the business from the ground up, if he is willing to start with low salary and progress materially as his working knowledge of the job increases.

Applicants wishing to enter the Forest Service as fire guards with the idea of later taking the civil service examination must be physically well qualified, about twenty-one years of age, of good integrity and with some fire fighting experience and ability to command the respect of a small number of fire fighters.

The entrance salary of a fire guard ranges from \$90 to \$105 per month and with this he must furnish his own board and clothes, including bedding.

Examinations Taken

After a summer's experience as a fire guard, the applicant with a high school education or better is well qualified to take the civil service ranger examination. Forest rangers are very often promoted to assistant supervisor and supervisor positions.

Any men desiring more first hand information relative to Forest Service work should personally see District Ranger H. L. Shilder, stationed at Truckee, California.

Festival Music Is Copyrighted

The music and dances which formed the features of the 1927 and 1928 Spring Festivals are being copyrighted by the authors, Miss Elsie Sameth and Miss Dorothy Crandall respectively. Both women have spent much time and energy on their work and it is pleasing to note that they will be able to receive a copyright, as a reward for their labors.

Miss Dorothy Crandall was a graduate of the University of Nevada and spent one year as instructor in the music department here. This past year she has been in Berkeley and is well known here for her musical talent. Miss Sameth is also has been Women's Physical Education instructor at the University of Nevada for several years.

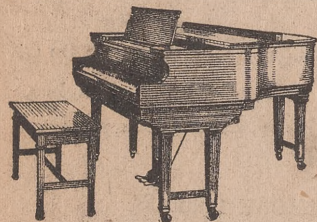

Prior Is Named Frosh President

Jake Prior '31 was chosen to take command of the next year's sophomore class at a meeting held Wednesday in the Agricultural building. Prior was elected by a large vote. Geraldine Blattner was elected vice president unanimously as there was no other candidate. Oma Harney was unanimously chosen secretary having had no competition for the office. Albert Davis was elected treasurer.

President Prior was placed in charge of the meeting after a short address by ex-President Jack Walthers. President Prior brought up the subject of the necessity of a class yell leader. Byron O'Hara was elected to this office, and will lead organized yells for '31 at future A. S. U. N. meetings.

At Ames four out of every ten men now in college are affiliated with Greek letter fraternities.

HORSE FEATHERS

Campus Joe is in a bad way. Here it is almost fly time and the persons who stole his tail early in the spring have not returned it yet. And the Aggies, always interested in the humane—are almost as much worked up over it as Joe himself.

Campus Joe has had almost as varied and checkered career as that of his legendary grandsire—the famous wooden Trojan horse. Joe traces his lineage back in a straight line to the Greek equine. Almost as many attempts have been made to kidnap him as there have been at the wooden Indian downtown on Second street. He has attended every Aggie function with out fail since his birth and has a star attendance record in all animal husbandry classes.

So Joe now finds a very pressing need for that tail—a real horsehair one at that—and the Campus has been asked to be on the lookout for it. Up to date he has been a model horse—never bucking and always docile. Even his upkeep has been, according to Prof. Wilson, low for he eats "next to nothing." But Joe has another side to his personality, and if his tail is not forthcoming by "fly time"—he will not be responsible.

JOKESTERS FOOL GALLANT KNIGHTS

A wild ringing of the telephone, and some love-lorn lad flew to answer it. At the other end of the line a feminine voice was frantically asking for something which was entirely unintelligible to the interested man. At last from the jumble of words he managed to gather the fact that a man was trying to break into Manzanita basement, and the night watchman was not to be found. Would a few brave men from Lincoln Hall please come to the rescue?

Of course they would! They were only too glad to prove to the fair maidens that knighthood still exists even in this twentieth century. Several willing hearts and mighty arms set forth on this worthy venture. What could be more splendid than to save the Mazies from this unknown terror? Arriving at the Hall they were greeted with a deep silence. Not a single frightened scream did they hear. Many of the lights were out, and this surely would not be the case if anyone were attempting to break into the happy home.

At last a light! But not a light in a window. They had been duped! Tricked by some fun-loving coed! To think of their noble efforts and offerings were thus spurned, and make a joke of it! It was heart-rending, and they did not at all appreciate the humor that those men who had remained at home found in the situation.

Is it any wonder that our men be-

EIGHTY SENIORS SIGN FOR PICNIC

Eighty members of the senior and junior classes have already signified their intention to attend the annual senior picnic on Tuesday, May 8, according to Tony Blum '28, chairman of the committee. Reservations may still be made with Frances Nelson '28, Katherine Curieux '28, Les Clover '28, "Dutch" Lemkuhl '28, Ervie Ferris '28, Reynold Hanson '28, Buck Farnsworth '29, or Ed Zeigler '28.

It is planned to leave Reno about 8 o'clock Tuesday morning in a special train which will arrive at Tahoe Tavern about 10 o'clock. The picnics will then take a boat to circle the lake. An orchestra will be engaged to play on board and about one o'clock a buffet lunch will be served.

Returning to the Tavern at 5 o'clock, the classes will have a five-course dinner, after which dancing will be the order of the evening. They will probably return to Reno around midnight.

come women-haters? But isn't it a greater wonder that they will continue to be such trusting fools?

been paid, and practically all money has been collected. The remaining outstanding item is the "Wampus Ball" of tomorrow night. It is expected to cost about \$125, and will just pay for itself without showing any profit.

The report shows that approximately only \$250 will have been spent by the organization for social purposes. The figure includes the annual banquet which will be held tomorrow night at the Hotel Golden.

When all accounts of this week are settled, and if there is any sum remaining on hand, the organization plans to utilize it in publishing its planned "First Annual Campus Players Notebook," a survey of next year, and a summary of this year's work.

The financial management of the organization for this college year has been in the hands of Russell Garcia '29, general manager; Don Bernstein '29, treasurer, and Mr. Duerr, director. They have announced that their books are open to inspection by anyone.

DUCKER ELECTED HEAD OF 1929 SENIOR CLASS

Thursday afternoon the Junior class held elections for next year. The final count showed the following results: Edward Ducker, president; Kara Lucas, vice-president; Thelma Pedroll, secretary, and Alden Macullum, treasurer.

Blindfolded . . . in scientific test of leading Cigarettes, Princess Paul Chavchavadze selects OLD GOLD

"I was much intrigued by the invitation to make a blindfold test of your leading brands of American cigarettes, to see how they compared with each other and with those I had smoked abroad. Could one really taste the difference? I wondered.

"But when I was handed these cigarettes, one by one, I realized at once that there was a difference and that the test was conclusive. One cigarette was so much more appealing, so much more delicate in flavor. Oh, and so much smoother!

"When the test was over and I was told that the cigarette of my choice was OLD GOLD I understood at once why this cigarette is so popular among my American friends."

Nina Chavchavadze

PRINCESS PAUL CHAVCHAVADZE, Sister of Mrs. Wm. B. Leeds

How Test Was Made

Subject was blindfolded, and, in the presence of two responsible witnesses, was given one each of the four leading cigarettes to smoke. To clear the taste, coffee was served before each cigarette. The Princess was entirely unaware of the identity of these cigarettes during test. After smoking the four cigarettes, the Princess was asked to designate by number her choice. Without hesitation she replied, "No. 3" . . . which was OLD GOLD.
