

Student Opinion Deems Registration Changes Necessary

**Committee Of Registration
Willing To Consider
Revisions**

SUGGESTIONS OFFERED

**Juniors and Seniors Unanimous
That Existing System
Is Too Long**

By NEVA SHAW

Unanimous opinion that alterations could be made in the registration machinery on the University of Nevada campus which would be more satisfactory both to students and professors, was given by representatives of the student body who were interviewed this week.

Too Much Waiting

Each person interviewed felt that there is too much waiting in line, both in the getting of the registration cards and again in the registrar's and controller's offices. Several suggestions were given as to how this congestion could be overcome to some extent.

The committee on registration, which is composed of the dean of each college and the registrar, is willing to consider any suggestions which are made that will help to shorten and make less difficult the process of registration.

Epperson Advocates Fresh Week

A suggestion was made by Julian Epperson that the University of Nevada have a freshman week, during which time the freshmen will be instructed in which courses are required, and also which electives they may have. During this week, the freshmen will be able to acquaint themselves with the campus, and by the time registration begins, the other students will know what they are to do, and the professors will have less to do on the day of registration due to the fact that the freshmen are already registered.

Johnstone suggests two paying lines. Another suggestion was made by Elizabeth Johnstone, a senior, to the effect that as the most congestion is in the registrar's office, a division be made so that students can pay in either of two places. For example, if the freshmen and sophomores pay their fees in one office, and the juniors and seniors pay theirs in another, the adding of fees could be taken care of by one person in each place, and payment could be made at the same time, thus doing away with the long lines found in the registrar's office.

Waltz, Jackson Favor Pre-Payment

Margaret Waltz, a junior, and secretary of the student body, presented an idea that if pre-registration was fully enforced, it would be possible to have the students pay as they handed their pre-registration cards in and then, if they should fail to return, their money could be returned to them. This method would do away with the congestion in the various buildings during the first two days of school.

Another representative of the junior class who gave suggestions was Joe Jackson. His idea also concerned the benefit of enforcing pre-registration, and then having the registration cards mailed to the students about two weeks before their return to school. He suggested also that in order to abandon the long wait the students have in getting their registration cards, if the stenographers would merely fill in the first card and trust to the students to copy the information on to the other two cards correctly, the time wait for the students would be avoided.

Walters Agrees with Johnstone

Jack Walters, president of the student body, proposed that two windows be used in the controller's office, so that there would not be so many people crowded in the office waiting to pay their fees after they have already stood in line to get their fees added.

Engineers Have Separate Place

Edmund Muth, chairman of the College of Engineering, suggested that the engineering students be allowed to register on their side of the campus, and thus eliminate many of the students in the lines for registration cards.

"After the engineers get their cards, they have to get their signatures from that side of the campus anyway, and it would be much easier for them and the students in the other colleges if the engineers could get their cards from one of the engineering buildings," he said.

Other Changes Suggested

Among other suggestions made by various students were to have more help in the pay offices, to have more adding machines and workers in the registrar's office, to have the students applying for registration cards divided into alphabetical groups, to make it easier for the women who have to look up the names and write out the cards, to use the first floor of the library building as an annex to the registrar's office, where some students could pay their fees, and to find some method to substitute for the class cards in sending out the class rolls to the professors.

Wesley Martin Is Out Of Hospital

Wesley Martin, senior student at the University of Nevada and a member of the Beta Kappa fraternity, was dismissed last Monday from the University hospital, where he had been confined for over a week with pneumonia. Although he is still unable to attend his classes, his condition is very much improved.

"CINCH" BUG CAUSES PANIC ON CAMPUS

The "cinch bug" has bitten 233 students this semester, compared with 245 who succumbed to the malady last semester, according to final reports of Miss Louise M. Sissa, registrar.

Two hundred eighty-three delinquent students received 432 poor reports, of which number 186 students received only one "cinch." The rest of the bad news was distributed among 97 star students who are to visit the dean or the committee. And that's something!

Men Get More Than Women

Two hundred thirteen men received 343 strike-outs, for an average of 1.4 "cinches" per man reported, while 70 women received 89 "cinches" for a 1.2 percentage.

Engineers Finish Plans To Entertain Well Known Visitor

**Roy Wright To Be Honored By
Local Students During
Next Week**

Concluding their final plans for the reception and banquet to be given in the honor of Roy W. Wright, president of the American Society of Mechanical Engineers, the Associated Engineers of the University met last night for the second time this semester. Mr. Wright is one of the most prominent engineers in the United States. He has edited and managed several leading engineering magazines in the past decade.

The local engineers consider him as the most successful of their profession ever to visit the Nevada campus. In preparation of his visit they have arranged the following schedule to entertain him:

7:15 A.M.—Reception committee will meet Mr. Wright at the train.

10 to 12 A.M.—Committee will show him around the campus.

12:30 P.M.—He is to be the luncheon guest of President Clark and Dean Sibley.

Mr. Wright will be taken for a drive through Reno and to historic Virginia City in the afternoon.

At 4 P.M. he will address the local chapter of the American Society of Mechanical Engineers.

6 P.M.—An informal banquet will be given by the Associated Engineers.

7:30 P.M.—Main address will be given after the dinner.

Graduate Tells Experience As Divorcee Escort

Charging that University of Nevada men are the preferred escorts of visiting Reno divorcees, the San Francisco Chronicle last Sunday published an article in the magazine section entitled "Next to Riding in Rodios, I Like Escorting Divorcees Best; Take it from Me Both Jobs Are Dangerous." The authority for this statement is given as Norton "Hank" Worden, graduate of Nevada with the class of '28.

Jack of All Trades

Worden is described in the article as being an "ex-taxi driver, barrow pusher, messenger boy, real estate salesman, singer, polo player, waiter, and college student."

Throughout the article Worden's observations on Reno are quoted. "It's a queer thing," he is said to have told the author of the article, "but nearly all the prettiest divorcees prefer college boys as escorts."

Divorcees Good Side Line

"Divorcees," continued Worden, "make a pretty good side line for students at the University of Nevada. Several of my classmates were just like myself—filling in spare time by driving automobiles for delightful young women, enjoying first class meals without a dime's expense, and generally killing off the high cost of living by bringing happiness into a sad woman's life."

Various Voices Doubts

Various murmurings of incredulity were heard about the campus during the past week by readers of the article.

Tradition Breakers Receive Paddlings For Bad Behavior

Freshmen men who have been queuing in the library, appearing on the campus without their dinks, cutting classes, and breaking other traditions, were requested to meet behind the Aggie building at 1 o'clock this Thursday to take their punishment—a paddling.

Those listed were Fred Kolb, Spud Harris, Aubrey Cupples, Jack Burns, Jesse Christensen, Phil Smith, Chas. Koerner, Chas. Leach, Eugene Salet, Howard Wasden, Leslie Upson, Leo Namini and Jim Tonkin.

Fresh Will Be Closely Watched
Chris Gansburg, chairman of the Soph Vigilance Committee, declares that freshmen will be carefully watched in the future, and warns them to obey all traditions.

Graduate Accepts Position

Thomas Jackson, a graduate of the University with the class of 1929, has accepted a position with the Tybo Mining Company.

Constitution Draft To Be Presented To A.S.U.N. Soon

**Committee Completes Work of
Revising, Rewording
Code**

The committee for revising the constitution of the Associated Students of the University of Nevada has completed the first revised draft and expect to have all revisions made by the middle of April, according to Professor P. A. Harwood, who is supervising this work.

Constitution Outgrown

The efforts of the committee have been directed at revision, since in many ways the University of Nevada has outgrown its constitution. In its new form, the committee hopes to avoid ambiguity and wordiness. For example, according to the constitution as now worded, no student body officer has been qualified to hold office. The new constitution will remedy this section and others similar to it. Changes involving certain committees and boards have not been made without referring to the boards and committees in question. Also changes are made necessary since several of the duties of the treasurer of the student body have been taken over by the graduate manager.

Will Be Published

The members of the committee for revising the constitution are Jack Walther, Bill Ligon, and Francis Smith, with Professor Harwood advising. The revised constitution will probably be published in the Sagebrush when it is completed and then will be presented to the student body. It will not go into effect this year.

Illness Causes Class Absences

**Flu Epidemic Necessitates
Forty-five Leaves
Of Absence**

Forty-five leaves of absence from the University of Nevada for illness have been taken out since last Monday, according to reports from the registrar's office. A large number of absences are for town students, but there are also several out of town people being treated at the University Hospital.

Flu Causes Epidemic

The flu epidemic is the main cause of illness, and there is no decrease in the number of students who have been taken ill with this malady during the last few weeks. The campus hospital has been taking care of from eight to twenty students every day, and in order to handle the large number of patients coming in for treatment another nurse was added to the hospital staff the early part of the week.

Many In Hospital

Those students confined to the hospital with the flu are Hazel Davis, a freshman; Edward Monaghan, a sophomore; Jack Wardle, a senior, and Martha Huber, a graduate with the class of 1929.

Thomas Landrum, a sophomore student, is still confined to the hospital following an appendicitis operation he underwent about two weeks ago. His condition is much improved, and he will be able to leave the hospital by tomorrow.

Some of the other students who are ill with the flu are Joe Jackson, junior, who is confined to his home in Sparks; Vera Zedov, a sophomore, has been ill for several days at her home in Reno, and Morgan Huntington, a sophomore, who was taken sick last Sunday and is still confined to his home.

There are also several students who are confined to their rooms in the dormitories or in the various fraternities and sororities, but who are not ill enough to be taken to the hospital.

Pan-Hellenic Adopts Informal Socials For Campus Women

At a Pan Hellenic meeting this week several new policies were adopted. Among them were plans to bring the Nevada women into more friendly relationships. The idea of giving "cosies" was suggested by the council. These "cosies" will be informal get-togethers on Friday afternoons between the hours of 4 and 6, and all women on the campus are invited to attend them.

Sororities Will Entertain

Since the close of the semester is so near, only three gatherings will be held. During the remaining weeks of school, Delta Delta Delta, Beta Delta and Gamma Phi Beta will entertain.

Several minor changes were made in the constitution making it conform with the constitution suggested by national Pan Hellenic. Some of the by-laws were also revised.

S.A.E. Celebrates 75th Founders Day

Members of the local chapter of Sigma Alpha Epsilon observed the seventy-fifth anniversary of the founding of their fraternity by visiting the cemetery last Monday, March 9, and placing flowers upon the grave of two deceased members, Daniel McKnight, '30, and Donald Nelson, '30.

Chapters of the fraternity throughout the country observed the memorial.

Spring Assured With Return of Manzanita Swans

"The swans are back!" asserted Miss Reigelhuth in an English class a few days ago.

Rather a startling statement to be mixed in with a lecture on English grammar, coming in the middle of a sentence warning students against the use of dangling participles—but true, nevertheless.

After a winter vacation at the University farm, the swans are back on the lake, much to the relief of anxious students who wondered last fall if they would be left there all winter. It did begin to appear as if they would be, but one day they were taken out to the farm.

Now that they can be seen gracefully floating on Manzanita Lake, it is a positive sign that spring is here! Not only laboratory students enjoying gazing at them from the laboratory windows, but children, dogs, and everyone who loves nature, or rather, everyone afflicted with spring fever. And how about the strong fascination that they have for students on a moonlight night?—Ask somebody who knows!

Oregon Adopts Mt. Rose Snow Survey Method

**Survey Originated By Dr. J. E.
Church Used By Five
Western States**

After experimenting for three years with the Mount Rose system of conducting snow surveys, which was originated by Dr. J. E. Church, the Oregon engineering department has adopted that plan for the further use of predicting the low water flow of streams before the annual spring runoff has started.

Method Used in Several States

This method, which is the result of many years study of snow and snow conditions on the top of Mount Rose by Dr. Church, is also being used by California, Utah, Nevada, and Idaho. It is also used on the Snake River and in Yellowstone National Park. Although it was introduced in Canada, it was not carried out successfully by those who were conducting the survey.

At the present time Dr. Church is conducting the survey for the Humboldt River in Nevada and is gathering data for the forecasting of the water flow of that stream from March 15.

Church and Boardman Work Together

Dr. Church is also acting in the capacity of advisor for the Mount Rose survey, which is under the direction of Professor H. P. Boardman, who is gathering data for the forecasting of the run off of the streams on the western side of the Sierra Nevada mountains from April 1st.

Blue Key Begins Play Ticket Sale

Tickets for "Go Easy Mabel," to be given March 19 and 20, are being handled by the Blue Key fraternity. They were put on sale this week.

Tickets are seventy-five cents—no student rates having been arranged as yet. The play is to be given in the Education auditorium. The cast is composed of Hoppie Rigby, Bryce Kincaid, Bing Crosby, Carmen Rogers, Hannah Peterson, Florence Frohman, Mae Vulch, and Blythe Bulmer.

Sets Are Feature

The sets are the main features of the play and will be designed by Miriam Severinghaus, Betty Anderson and Oscar Robinson. They will be in modernistic style.

The staff assisting Bill Colloman, director, is composed of Lee Sidwell, technical and assistant director; Fred Trevitt, under the direction of Stan Sundeen, is managing the production. Don MacKay, who has had experience as sound technician for United Artists, is stage manager.

The play, which is an adaptation of a French farce, is light and humorous, and contains some local color.

Independents Meet To Organize Group

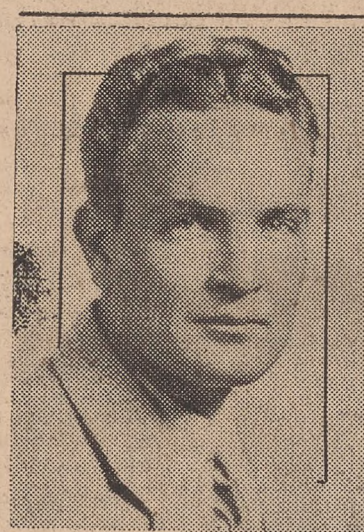

Independent students of the University of Nevada are holding a mass meeting this afternoon for the purpose of organization for political reasons. Walter Clark, senior student, will act as temporary chairman. According to students who are backing the movement, the following reasons are given for the meeting:

1. To fill out an independent ticket;
2. To decide whether or not they will stand alone or with a fraternal group in the coming elections; and
3. To organize themselves into a voting body.

Debaters Speak Tonight

Bill Woodburn and Vincent Casey will debate Simons College from Abilene, Texas, on the question of free trade tonight, at 7:45 in the auditorium of the Education building. This is a preliminary to the debates on their trip into Southern California.

"GO EASY MABEL - AND BRUCE"

"BING" CROSBY

FLORENCE FROHMAN

New talent in a new type makes its bow when Florence Frohman, as Mabel Montmorency, and Bing Crosby as Bruce Edwards, appear together Thursday and Friday of this week in the laugh riot "Go Easy Mabel," Campus Players' latest production.

"Go Easy Mabel" To Appear Next Week As Campus Players' Latest Laugh Riot

Campus Players will present their first play of the semester on Thursday and Friday evenings of next week, when "Go Easy Mabel," uproarious comedy dealing with the trials of married life, will be staged in the Education auditorium under the direction of William Kelly Colloman.

"Go Easy Mabel" deals with one young wife and one young husband who feel the ardor of their marriage beginning to cool, and each in turn determine to do something to revive that spice. Each chooses the same method, and a brunette stenographer and a fiance of the wife's girl friend are in evidence. Then comes the bride's family, and little brother runs off with the stenographer, friend fiance almost gets the gate, but it all turns out well, with a funny climax and a happy ending.

The play will bring to Nevada audiences old favorites, and several comparatively new players. Carmen Rogers, who played in "The Racket," takes the part of the bride's father and a hen pecked husband. Hoppie Rigby looks good in the part of Ted Sparks, the young husband, who is incidentally a playwright. Hannah Peterson is Mabel Sparks, the wife.

Blythe Bulmer takes another character part as Mrs. Edwards, the bride's mother, and wife of the henpecked Mr. Edwards. Mae Vulch will appear as Tessie, the wife's girl friend, who so kindly loans her fiance for the cause of true love. The fiance in question is Nevada's newest find among funny men, Bryce Kincaid, who as George, takes quite a beating, but manages to furnish many laughs. Florence Frohman is Mabel the stenographer, while the boy who takes her out is Bruce, played by "Bing" Crosby.

Campus Players are exchanging reserved seat tickets in the Education auditorium from 1:30 to 4 o'clock beginning next Tuesday.

Nevada Debaters Leave For Trip

**Woodburn, Casey, Represent
Nevada in Forensics
In California**

Bill Woodburn and Vincent Casey, accompanied by Coach Bob Griffin, will leave tomorrow night for a trip into Southern California where they will engage in four debates. On March 16 they will meet the University of California at Berkeley on the question: "Resolved, That the Twentieth Century Emancipation of Women is Detrimental to the Best Interests of Our Nation."

On March 17 they will meet the College of the Pacific at Stockton on the subject: "Resolved, That the Nations of the World Should Adopt a Policy of Free Trade."

On March 18 the Nevada speakers will encounter Fresno State College on the question of the emancipation of women. On March 20 Nevada will enter a contest with the University of Southern California on the subject of free trade.

Return Debates Will Be Good
All contests with these schools are return debates. The one with U.S.C. is of special importance since it is the return debate for the debate with that college on the Nevada campus last year when Dallas Blankenship and Alan Bible defeated one of the strongest debate teams ever to appear on our campus.

It is expected that U.S.C. will be seeking revenge for last year's defeat since both of her representatives are still in college.

Cosmopolitan Club Holds Initiation For New Members

**Ten New Members to be Taken
Into Scholarship Group
Tonight**

With ten students desiring membership in the Cosmopolitan Club, initiation ceremonies were held Wednesday night at the Tri Delt house. Requirements for membership in the organization are that a student either be born in a foreign country or have traveled extensively.

Elias Bumatai, Adams Peak Murgotten, vice president, acted as president in place of Ethel Hanson and welcomed the group. Professor F. C. Murgotten spoke about foreign countries and their characteristics, and Dean Maxwell Adams talked on the Cosmopolitan Club and its purpose.

Students initiated Wednesday night are: Elias Bumatai, Alfred Nion, Betty Sexton, Florence Hamlin, Frederika Lippman, Mrs. Wainwright, Angela Denevi, Helen Steinmiller, Ann Gregory, and E. Legentoli.

Professor A. L. Higginbotham of the English department at the University of Nevada, who has been confined to his home for the past two weeks with the flu and malaria, returned to his classes last Monday.

Beta Sigma Omicron To Be Installed On Campus This Week

**Sigma Alpha Omega Becomes
Member of Eighth Oldest
Sorority**

PIN APPEARS MONDAY

**Reception To Be Held For
National Officers
Tomorrow**

Sigma Alpha Omega, one of the two remaining locals on the campus, is being installed this week as the Alpha Upsilon chapter of Beta Sigma Omicron, eighth oldest national women's fraternity. Beta Sigma Omicron is a prominent sorority in the East, and was founded at the University of Missouri on December 12, 1888. It now has 21 active chapters and 25 alumni chapters, and its membership numbers over 3500.

Five Nationals At U. of N.

With the advent of Beta Sigma Omicron on the campus there will be five national sororities and one local. The first national sorority installed on the University of Nevada campus was the Theta Theta chapter of Delta Delta Delta, which was established in 1913.

The next national was Pi Eta Phi in 1915, which was formerly the local chapter at Nevada of Delta Rho, Gamma Phi Beta was installed in 1921, and the last sorority was the Beta Nu chapter of Kappa Alpha Theta, which was installed here the following year.

Sigma Alpha Omega has been a leader in scholarship for some time, and this group placed first in recent scholarship ratings during the fall semester. It was founded nine years ago at the University of Nevada on March 7, 1922, and has been one of two locals on the campus since that time.

High in Scholarship

Beta Sigma Omicron is one of the oldest national sororities in existence. Its expansion program was mainly centered on private girls' schools until in later years when chapters have been established in co-educational institutions. Beta Sigma Omicron has always maintained a high scholarship average among the nationals, and ranked first in last year's scholarship ratings.

Reception Is to Be Given at the Century Club tomorrow evening at 8 o'clock to present Mrs. Robert Fitzpatrick Orth, president of the grand council of Beta Sigma Omicron, of St. Louis, Missouri; Mrs. Miller Clary Burnau, secretary of the grand council, of Chicago, Illinois; Miss Bernice McCarty, also from Chicago, Illinois, and other representatives from neighboring chapters of Beta Sigma Omicron, to the campus and faculty.

Pin Appears Monday

The Beta Sigma Omicron pin, which will make its appearance on the campus next Monday, is a monogram of the letters Beta, Sigma, and Omicron, with the Sigma superimposed. The pledge pin is of red enamel with a gold star in each corner and a Grecian lamp in the center.

The officers of the new Nevada chapter of Beta Sigma Omicron are: President, Margaret Purdy, of Sparks; vice president, Margaret Shedd, of Reno; secretary, Mildred DeWitt, of Reno, and treasurer, Melva Fowler, of Reno.

An alumni chapter and a mothers' club will also be established.

Members Named

The active members who were initiated into Beta Sigma Omicron were: Margaret Purdy, Florence Shedd, Marlon Jones, Dorothy Grover, Anna Jensen, Pauline Bertram, Blanche Cosby, Mildred DeWitt, Melva Fowler, Armena Fritz, Mildred Gobel, Martha Hansen, Wilma Kennedy, Velva Trulove, Margaret Sullivan, Camille Cerreta, Marthine Solares, Dorothy Pope, and Charlotte Pope. Pledges are Ruth Jones, Alyce Matson, and Pearl Romwall.

The alumni members are: Mary Hancock, Mabel Conner, Lavene Blackler, Mabel Flournoy, Elliott Baldwin, Ellen Russell, Ida Mary Robinson, Mary Norris, Jessie Gibson, Ailene Daniels, Louise Jones, and Merle Kirchner.

The installation ceremonies are being held at the home of Dr. and Mrs. Grover on Elm street.

Senior Student Is Granted Fellowship At Syracuse, N. Y.

Fred Smith, a senior at the University of Nevada, has received a fellowship at Syracuse University, New York. He intends to teach part time and to continue his studies there.

Smith will take up this work next fall and expects his Ph.D. in four years.

Bristol To Work In South Africa

Frank Bristol, '29, son of a first graduate of Nevada, will leave March 19 for employment as engineer in the Rhodesian copper fields of South Africa. He will leave San Francisco on the S.S. Ventura for Australia, where he will change ships for his ultimate destination. At Johannesburg, South Africa he will visit his parents for several months before going on to the copper fields.

Since his graduation here Bristol has been connected with the engineering staff of the Consolidated Copper Co. at Kimberley, Nevada.

Students Speak To Engineering Group

Chester Elliot and Eugene Tucker, junior students of Electrical Engineering, gave talks Wednesday morning to the student branch of the American Institute of Electrical Engineers.

Elliot talked on "Electricity Applied to the Lumber Industry," using lantern pictures for illustration. Tucker's talk was on "The Photovoltaic Cell," which was mainly a discussion on the characteristics in relation to the uses of the many types of these cells.

Student Has Tonsils Removed

Elizabeth Carpenter, a sophomore student at the University of Nevada, had her tonsils removed last Wednesday. She is in the St. Mary's hospital.

Prof. R. C. Thompson On Campus for 22-Years

By MARIE PINNEY
Twenty-two years ago last November, Reuben Cyril Thompson came to the University of Nevada to become an instructor in Latin and Greek.

Prof. R. C. Thompson

He was born in Wasco County in Oregon, April 30, 1878. In 1899 he graduated from MacLinnville College in Oregon and in 1902 he received his master of arts degree from Harvard University.

Professor Thompson's first position was in the high school at Boise, Idaho, where he taught Latin and history. He also coached the high school team there for seven seasons, coupling his playing experience at college with successful leadership.

Teacher of Latin
In 1905 Professor Thompson accepted the position of teacher of Latin in Albin State Normal School in Idaho, where he remained for three years, and then came to the University of Nevada.

Interested in Socials
He has always taken an active interest in social matters. During the war, he wrote several articles of local importance which were published in the newspapers. In 1917 he was chairman of the committee on publicity of the war council at the University of Nevada. He was also speaker for the American Red Cross and for Liberty loans.

Chinese Graduate Is Successful In Business in China
Fawn S. Louie, Chinese graduate of the University of Nevada with the class of 1928, and very popular among Nevada students, has written recently to Dean Maxwell Adams from Canton, China. He reported that he is now the general manager of the Bay-Ning Enamel Works at Mukden, China.

Watched Nevada's Growth
Prof. Thompson has seen the University of Nevada grow from a common-places university to a first-rank institution and he believes the improvement in students is due to the improvement of the school. He is a believer in university education as is evidenced by the fact that he has two daughters and a son in the University of Nevada.

Professor Thompson is a favorite speaker before church gatherings and various organizations and is a member of Phi Kappa Phi, a national honorary society. He is also listed in "Who's Who in America" and is a Mason and an Odd Fellow.

Music Organizations To Present Concert

**Century Club Will Sponsor
Orchestra, Glee Club
Program**

The annual spring concert given by the University of Nevada music organizations will be sponsored by the Reno Twentieth Century Club this year. The concert will be presented during senior week by the two glee clubs and the University-Community orchestra.

Glee Clubs Will Sing
The program will consist of separate groups of songs by each glee club, numbers by the orchestra, and some old songs as well as college ones done by the glee clubs and orchestra together. George Gottschalk will present a solo, accompanied by the orchestra.

Carmen Will Be Feature
The feature of the evening will be the presentation of an abridged version of "Carmen," in concert form, with a chorus, orchestra, and soloist. Mrs. S. T. Spann, president of the Century Club, is responsible for the cooperation between the University of Nevada and that organization.

New D.A.E. Members To Give Scandal Show

**Performance To Be Given On
March 21 In Education
Auditorium**

The "Scandal Show" will be presented March 27 in the auditorium of the Education building by the member of D.A.E. Tickets will be on sale at 10 cent each.

This performance will be put on by fifteen new members who were pledged at the last D.A.E. meeting. The "Scandal Show" will be preceded by the customary Shakespearean burlesque.

The FAVORITE tobacco of the Dartmouth man is . . .

IF you want to know the Dartmouth man's favorite tobacco, watch him as he loads his pipe between classes in front of Dartmouth Row. Watch him as he strolls along Wheelock Street and pulls the familiar blue tin of Edgeworth out of his pocket.

A pipe and Edgeworth—this is the smoking combination that has won the college man. Harvard, Cornell, Michigan, Stanford, Illinois . . . all agree with Dartmouth. Natural merit has made Edgeworth the favorite smoking tobacco in America's leading colleges and universities.

College men everywhere respond to the appeal of pipes packed with cool, slow-burning Edgeworth. Be guided by their choice; try Edgeworth yourself. Taste its rich natural savor that is enhanced immeasurably by Edgeworth's distinctive "eleventh process." You will find Edgeworth at your nearest tobacco shop—15¢ the tin. Or, for generous free sample, address: Larus & Bro. Co., 105 S. 22d St., Richmond, Va.

EDGEWORTH SMOKING TOBACCO

Chaplain Resigns From St. Stephen's To Return To Ohio

Howard Harper, who was chaplain of St. Stephen's chapel, and active in the religious and social life of the campus, has resigned and returned to his home in Marion, Ohio.

Will Visit Berenice Wilson
Larry Winship, a former student at the University, accompanied Mr. Harper to Ohio, the trip being made by car. On their way to Ohio they plan to stop in Tribune, Kansas, to see Berenice Wilson, 31, who recently withdrew from school on account of illness.

Senior Picnic To Be Cancelled This Year

Due to the fact that no enthusiasm for the annual senior picnic to Lake Tahoe has been shown so far, it was decided last week that the picnic would not be held this year. However, some other form of entertainment for the day that this picnic has taken in senior week will be provided by the senior week committee.

Hilborn Replaces Ligon
Frances Hilborn was elected vice president to complete the term of office left vacant by Marjorie Ligon. A committee composed of Lucie King, Frances Hilborn, Stan Sandeen, and Howard Sheerin was appointed to choose the senior announcements and also to look after the ordering of caps and gowns for commencement.

Frosh Glee To Be Decorative Affair At State Building

No one should fail to mark on their social calendar March 21, as this is the date of the Frosh Glee. On this night elaborate decorations will transform the State building into a reproduction of a beautiful scene.

This will be one of the most artistic affairs ever given and the committee, composed of Gene Salet, chairman; Ermyne Goodin, Margaret Martin, Jean McIntyle, Margaret McClymont, Holyce Scruggs, Hazel Davis, Ina Johnson, Clara Galvin, Dorothy Rose, Oscar Robinson, George Hunter, Leo Furman, George Ziegler, Bruce Goul, Harold West, Jessie Christenson, and John Stock, have been working hard for a month to make this dance outstanding.

Unusual Programs
The programs are the most uncommon, yet appropriate, ever given out on the hill. This event will not only show the painstaking work of a great number of students, but will also exemplify the spirit of the class of '34.

Burkham-Heizer Marriage Occurs In Carson Sunday

**Former Nevada Graduate and
Fallon Girl Wed Over
Week-End**

Bert Burkham, a graduate with the class of 1930 of the University of Nevada and a member of the Sigma Phi Sigma fraternity, was married to Virginia Heizer of Fallon, Nevada, last Sunday morning at 8:30. The marriage took place in Carson City, and the couple were attended by Mr. and Mrs. John W. Hutchinson of Bishop. The couple will make their home in Fallon, where Burkham is employed by the Consolidated Warehouse.

Professor Speaks To Campus Club

At the second talk to be given by a University of Nevada faculty member before the Campus Club of the Federated Church, Dr. F. W. Tramer last Sunday presented informally his beliefs and information on the question of "The Financing of Education in the State of Nevada."

He compared the financing management of the county protective departments, such as first and police, with that of the schools.
"Education, then," he asserted, "is not a local affair, but a state."
So interested were University students at the Campus Club on the subject of a possible tuition, such as is before the State Legislature at the present, that Dr. Tramer has been asked to talk again next Sunday. Reverend William Moll Case stated that all collegians interested were invited to attend.

Gavel Awarded By Federation To Women's Group

Old and New A.W.S. Presidents May Attend Spring Convention

Presentation of a rosewood gavel won by the Associated Women Students at the convention of the Nevada Federation of Women's Clubs, held last October in Sparks, was made by Mrs. J. P. Perazzo at the A.W.S. meeting this morning. The gavel was awarded to A.W.S. for doing more in its community than any other junior member. Mrs. Perazzo expressed her appreciation of the cooperation and interest of A.W.S. in the work of the Federation and discussed the service work which the organization is conducting. Sagebrush clippings, pictures, and other items of interest will be included in the Nevada section of the national federation scrapbook.

Mack Introduces Problems

Dean Margaret E. Mack introduced a problem relating to the custom of sending the incoming president of A.W.S. to the national and district conventions, which take place shortly after the A.S.U.N. elections. After some discussion a motion was passed to the effect that if possible both the incoming president and the outgoing president will attend, and that if the necessary funds are not available, the incoming president only will be sent to the convention.

Elizabeth Johnstone, Chairman of the Constitution Revision Committee, Read Two Changes Concerning Appointments by the President, and Finances.

Elizabeth Johnstone, chairman of the constitution revision committee, read two changes concerning appointments by the president, and finances. **Sagen Work Told** Louis Carmen, president of the Sagens gave a short talk on this year's work of the organization. Money earned by the Sagens will be turned into the A.W.S. scholarship fund. **Lucie King, Chairman of the A.W.S. Point System, Reported on the Progress of the Revision.** Announcement was made of the first "cozy corner" get-together tea for all college women which will take place at the Gamma Phi Beta house on a Friday afternoon.

Nominations Made For W.A.A. Offices

The regular meeting of W.A.A. was held in the Education auditorium yesterday. Nominations for next year's officers were made. Those nominated were: President—Ruth Stewart, Dorothy Ernest; vice president—Helen Peterson, Cora Hendricksen; secretary—Kathryn Martin, Shirley Johnson; treasurer—Mary Trudelle, Della Renfro.

Conference Delegates

It was decided that the incoming president and the candidate running against her would be the official delegates to the conference. The unofficial delegates would be the other three newly elected officers of W.A.A. Clara Tomlin will represent the senior class at the conference.

It was also decided that May 2 will be the high school sports day.

Y.W.-Sagens Room Nears Completion

Progress is being made by Gwen Pierson and her committee in the realization of their plans for a Y.W.C.A.-Sagens room. The large sunny basement room of Artemisia Hall has been turned over to the "Y" for use and has already been replastered. The tinting will probably be done early next week and the drapes put up. The first meeting in the new room will probably be the supper party next Wednesday evening at 6 o'clock at which election of officers for next year will take place. The slate as presented to the Y.W.C.A. membership two weeks ago at a general meeting was as follows: President, Marion Nichols; vice president, Helen Peterson; treasurer, Mary Trudelle; secretary, Helen Olmsted. All Y.W.C.A. members are urged to attend this meeting. The charge for the supper will be 35 cents.

J. A. Woolf Returns

J. A. Woolf, assistant metallurgist of the local station of the United States Bureau of Mines, has returned from Yonpe, Arizona, where he was called because of the death of his father.

Theta's Have Give Dance

Alpha Tau Omega Fraternity will entertain with an informal house party this week-end. Dick Hillman's orchestra will furnish music for the dance.

Clover Visits In Woodland

Dora Clover left last night for her home in Woodland, where she will spend the week-end, celebrating the golden wedding anniversary of her parents.

Dr. Sears Entertains

On Friday, February 28, Dr. and Mrs. G. W. Sears entertained the members of Sigma Sigma Kappa, national chemistry society, and the faculty of the chemistry department at their home on Virginia street. Those present were: Professor and Mrs. S. A. Lough, Dr. and Mrs. M. W. Deming, Edward Dyer, Fred M. Smith, Jack T. Thurston, Edward Randall, and Claude Winder.

Beta Delta Initiates Four

Initiation ceremonies were held by the Beta Delta sorority last Friday evening at the home of Norma Gardella Spina. Following the ceremony, supper was served in honor of the new members.

Food Preparation New Home Ec Class

Planning of Easy Guest Meals To Be Subject Of Course

A class in food preparation is being offered to the women of Reno by the Home Economics Department under the supervision of Mrs. Louise Springer. The class will meet on Monday and Wednesday mornings for five weeks. The subject of instruction will be the planning of easy guest meals. A large number of women have shown their interest in this class, and it is hoped that the enrollment will be large. A slight fee will be charged to take care of the expenses of the class.

Women's Baseball Starts This Week

Baseball swung into practice this week under the management of Ruth Stewart, a member of last year's varsity. About thirty women have reported to the field for practice already and many more are expected to do so within the next week, stated the manager. The freshman class has shown the largest representation so far.

Varsity Players Out

A number of varsity players from previous years have shown up for the sport, and are going to cause much competition for the varsity team, the manager asserted. Among these are Judy Cummings, Ruth Stewart, Dorothy Ernst, and Dorothy Kallenbach.

Mrs. Mary E. Buol Speaks Over Radio

Mrs. Mary S. Buol, assistant director of the Agricultural Extension Service, gave a talk today as part of the Western Farm and Home Hour of the National Broadcasting Company at the headquarters of the broadcasting company in San Francisco.

Mrs. Buol Spoke of the Nutrition Work Carried on by the Extension Service in Nevada among 2500 School Children. The Network over which she spoke consists of stations in seven western states.

"THRIFT" under the expert tutelage of the J. C. Penney store, is a practical course in Economics. It will show you how you can make your allowance go much farther than even your Dad thinks it should!

Summing up the course: you'll find that you can dress better for every occasion, if you shop here!

J. C. PENNEY Company, Inc.

bers, Mary Fay, Isabel Baker, and Blanche Radcliffe.

Helen Webb Visits Campus

Helen Webb, senior student at the University and president of Phi Beta Kappa, is visiting her friends on the campus this week. On account of severe illness Helen was forced to withdraw from school early in the semester.

S.A.O.s Hold Open House For Campus

Honoring Mrs. Robert Fitzpatrick Orth, president of the Grand Council of Beta Sigma Omicron from St. Louis, Missouri, Mrs. Miller Clara Burnaugh, secretary of the Grand Council from Chicago, Illinois, and Miss Bernice McCarthy, also from Chicago, the Sigma Alpha Omega sorority will entertain with a reception to be held at the Century Club, tomorrow evening between 8 and 11 o'clock. The faculty and the campus are invited to attend and meet the honored guests. Dancing and a program will be the features of entertainment for the evening.

Junior Jump Gala Affair

Last Saturday evening the old Odd Fellows Hall was the scene of the Junior Jump. This dance is an annual affair and is sponsored by the Junior class. The honored guests were the high school students from the various cities in Nevada. Ray Hackett's orchestra furnished the music. The chaperones were Professor C. Jones and Sergeant Hustus.

S.A.O.s Celebrate Founders Day

The founding of Sigma Alpha Omega was celebrated last Saturday evening by the active and alumnae members of the sorority, when a founders day banquet was held at the Century Club. A color scheme of black and silver was carried out in the decoration of the tables and place cards. This is the last banquet for the S.A.O.s as their group will become members of the National Beta Sigma Omicron this week-end.

Among those present were Mesdames Wayne T. Wilson, G. W. Robinson, Vincent Gianella, W. R. Blackler, Misses Mabel Flournoy, Mabel Connor, Helen Dunseath, Merle Kirchner, Ida Mary Robinson, Ellen Russell and the actives.

Record Tri Delt Dinner Guest

Marjorie Record was a dinner guest at the Tri-Delta house last Wednesday evening.

Gamma Phi Alumnae Hold Meeting

An enjoyable meeting of the Reno alumnae of the Gamma Phi Beta sorority was held at the home of Mr. Robert Farrar on Ralston street last Monday evening. After the meeting delicious refreshments were served by the hostesses. Those present were Mesdames Thomas Doherty, Robert Farrar, Velma Hawley, John Prenderville, Harlan Johnson, Jack Cunningham, and Bayard Jones; Misses Laverne Blundell, Loretta Miller, Mercer Gregory and Barbara Schmit.

Floating University Entertains

The "Floating University," a travel group of the campus Y.W.C.A., entertained Maude Russell at a breakfast at the Golden Hotel Wednesday morning. Ships were used as place cards. A book, "Elly Orrum," by Swift Paine,

was presented to Miss Russell as a remembrance of her visit to Nevada.

Those attending the breakfast were: Mrs. H. B. Wilcox, Misses Betty Allen, Mary Trudelle, Dortha Robertson, Elizabeth Wallace, Marjorie Myles, Margaret Kormmeyer, Catherine Slavin, Helen Hteinmiller, Cora Hendricksen, Della Renfro, Clara Tomlin, Pearl Romwall, and the honored guest.

Bible, Newman Visit Campus

Alan Bible '30 and Gun Newman '29 were house guests at the Lambda Chi Alpha house last week-end.

Alumnae Attend Installation

Nevada alumni who are in town this week-end for the Beta Sigma Omicron installation are: Mrs. Mary Norris of Junco, Nevada; Louise Jones of Mina, Nevada; Jessie Gibson of Quincy, California; and Eileen Baldwin of Alturas, California.

Reception Planned For B.S.O. Mothers

This evening a reception and dinner will be given by the Beta Sigma Omicron Mothers' Club for the visiting installing officers at the home of Mrs. V. P. Gianella on Nixon avenue.

Miss Maud Russell Honored At Tea

A tea was held Wednesday afternoon at the home of Mrs. S. K. Morrison in honor of Miss Maud Russell who was on the campus as a guest of the student Y.W.C.A. on Wednesday and Thursday. Mrs. Morrison poured and was assisted in serving by Misses Elizabeth Wallace, Sheila Lee Roberts, Marjorie Myles, and Helen Olmsted. Those receiving were: Misses Marion Nichols, Elizabeth Johnstone, Helen Steinmiller, Clara Tomlin and Mrs. Esther Lough. During the afternoon George Gottschalk and Clara Tomlin rendered vocal selections and Mary Adeline Thompson and Denise Denson favored the guests.

Among those attending the tea were: Mesdames Fannie B. Patrick, L. W. Hartman, Wm. Moll Case, W. G. Boudwin, T. H. Sibley, Brewster Adams, John Fulton, May Sanborn, Esther B. Lough, C. K. Bath, R. L. Morris, W. A. Clark, Herbert Wilcox, Wayne T. Wilson, Fred Tranor, C. C. Taylor, W. E. Robinson, M. E. Talbot, J. Walthespiel, Joe McDonald, S. K. Morrison, Frank Humphrey, Harry Gosse, Stanley Palmer, Ralph Shearer, George W. Sears, S. T. Spann, B. D. Billingshurst, Sam Belford, H. E. Nichols, Chester Patter-

son, Thomas Jenkins; and Misses Doris Thompson, Mary A. Thompson, Marion Nichols, Clara Tomlin, Elsie Seaborn, Helen Steinmiller, Denise Denson, Ida Mary Robinson, Sheila Lee Roberts, Elizabeth Wallace, Marjorie Blewett, Helen Olmsted, Gwen Pierson, Betty Allen, Gladys Compston, Louise Rawson, Ruth Jenkins, and Marguerite Savage.

What the NEW HUMIDOR PACK

means to Camel Smokers*

COMPARE a package of Camels with any other cigarette and note the difference in the technique of packing. Note that Camels are completely enclosed in an outer transparent cover of moisture-proof cellophane and sealed air-tight at every point.

We call this outer shell the Humidor Pack. It differs from the ordinary cellophane pack and while it is egg-shell thin, it means a lot in terms of cigarette enjoyment.

It means, for instance, that evaporation is checkmated and that Salt Lake City can now have as good Camels as Winston-Salem.

While Camels are made of a blend of the choicest Turkish and mellowest domestic tobaccos, it is highly important, if you are to get full benefit of this quality, that these cigarettes come to you with their natural moisture content still intact.

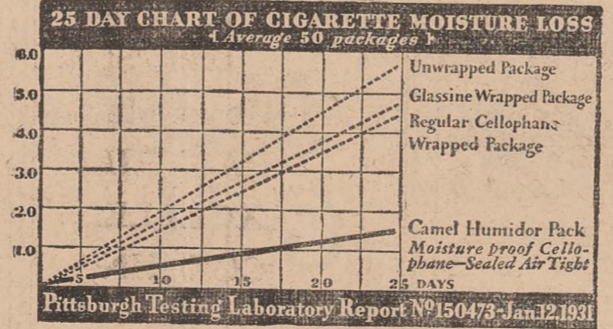

The Humidor Pack insures that. It prevents the fine tobaccos of Camels from drying out and losing any of their delightful flavor.

Aside from cheap tobacco, two factors in a cigarette can mar the smoker's pleasure:

Fine particles of peppery dust if left in the tobacco by inefficient cleaning methods sting and irritate delicate throat membrane.

Dry tobacco, robbed of its natural moisture by scorching or by evaporation gives off a hot smoke that burns the throat with every inhalation.

We take every precaution against these factors here at Winston-Salem. A special vacuum cleaning apparatus removes dust and now the new Humidor Pack prevents dryness.

The Pittsburgh Testing Laboratory chart above graphically shows you that only the Camel Humidor Pack delivers cigarettes to you in prime condition.

Check the difference yourself. It is a very simple matter to check the difference between Humidor Packed

Camels and other ordinary dry cigarettes.

First of all you can feel the difference as you roll the cigarettes between your fingers. Camels are full-bodied and pliable. A dry cigarette crumbles under pressure and sheds tobacco.

If you will hold a cigarette to each ear and roll them with your fingers you can actually hear the difference.

The real test of course is to smoke them. And here's where the new Humidor Pack proves a real blessing to the smoker.

As you inhale the cool, fragrant smoke from a Camel you get all the mildness and magic of the fine tobaccos of which it is blended.

But when you draw in the hot smoke from a dried cigarette see how flat and brackish it is by comparison and how harsh it is to your throat.

If you are a regular Camel smoker you have already noticed what proper condition of the cigarette means.

But if you haven't tried Camels in the new Humidor Pack you have a new adventure with Lady Nicotine in store.

Switch your affections for just one day, then go back to your old love tomorrow if you can.

* smoke a Fresh cigarette!

ENCOURAGE PRIVATE VOTING BOOTHS

Students at the University of Nevada will within the next month be faced again with the privilege of electing a new set of officers for the coming year. However, in all these elections there has always been one distasteful element, that of open voting. It has been possible during previous elections for strong members of one combine to rush undecided students to the polls, help them secure their ballots, shove them over to a vacant corner and do everything in the voting process except marking the cross.

The unfairness and undemocratic aspect of this practice condemns it immediately. Fair minded and square thinking students have not been able to designate their choices without high pressure, and the watchful eye of some one who insists they vote a certain way. It has always been a practice of electioneers to gather many fold around the polls, transport apparently disinterested students to the Mining building, high pressure them into voting for certain candidates, and turn them lose.

Thus the time is ripe for a change in order to discourage this pernicious practice and to allow every student a right to voice his opinion in his own manner. The only solution then is to install private balloting booths in the Mining library, allowing those who wish to cast their ballots the utmost secrecy from prying eyes, and influencing combine bosses. Booths will be a simple matter to install, and the little work attached to the movement will be far superseded by the benefits to be derived by both the individual voter, and the candidate.

ORGANIZING INDEPENDENTS

Independent students will for the first time in many years attempt organization into a voting body for political purposes this spring. Independent students, who outnumber those belonging to social organizations by a great majority, have never before been organized into a strong combine, and their efforts this year, should they prove successful, should lay a foundation for partial control of student offices by independent students who are as much a part of Nevada life as are fraternity and sorority members.

Student offices and campus activities to some extent have been hogged year after year by carefully organized fraternity combines. Due to the fact that no organization among the independents has existed to date they have been forced to take a back seat in student control.

Should their meeting this afternoon result in strong organization and perfect cooperation, independent students on the campus will for the first time in many elections have the power of coming into their own, and earning a representation in campus government. Every student who attends the University of Nevada becomes an intimate part of its activities, and its government. The unfairness, then, of certain groups controlling affairs year after year is evident, and it is becoming time for a strong independent organization to assume partial control.

STUDENT BUILDING HOPES FADE

The possibility of the student body of the University of Nevada securing the old Nevada Historical Society building for a Student Union center was almost blasted this week in the Legislature. Introducing a bill which would provide a bureau of mines in the old building, one assemblyman disregarded the desire of the student body for the old building to house campus activities. However, the issue has not been definitely settled and it is not known at present just what trend the legislation will take in regard to the disposal of the building.

CONGRATULATIONS

The campus this week welcomes into its list of social groups another popular national sorority, Beta Sigma Omicron. After several years of sincere endeavor the local Sigma Alpha Omega has succeeded in having installed at the University of Nevada a chapter of a sorority of national repute.

On behalf of the student body, the Sagebrush takes this opportunity of extending congratulations to the new group, and offering it a hearty welcome.

Sageless Brush

We thought it would snow this week we'd have something to write about besides spring. Well, winter came! So, for a change, we'll expatulate on the beauties of winter. "What is so rare as a day in March!" Anyways these windy days are a sight for sore eyes. Ho-Hum. Last week we couldn't study on account of the four-cinches, or so we told the profs; and this week it's because of too much dissipation at the Junior Jump; and next week let's all get together and blame it on the weather. How about it? And the rest of you think up some excuse for the following week. Oh yes, Mackay Day, and nominations for elections; that would detract anyone's attention from the minor details of delving in booklore and such and such; and then if someone would please suggest to Coffin and Keys that they have their ruming the next week; and then, well, we'll find a few more things to take up the few weeks that are left and no one will have to study forever and forever. Of course, that doesn't say how many courses we'll be repeating next semester but then drink, eat, and be merry for final exams will probably be instituted the end of the semester and you won't have anything to do but cram.

In the libe this morning I heard a heated discussion on college memories. Says one of our fairer and more popular coeds: "Some of them good, and some, and well, er—some not so good." She should know, if anyone does.

Did you ever hear of group of "remember whens" get together for a heated discussion of the good old days at N. U.? Well, if you haven't you've something to look forward to. I heard a good one the other day:

"Why back in '24 when I was a junior his course was a pipe."
"A pipe? Say it was, only if you were fortunate enough to wear skirts. All you had to do then was to sit in the front row and cross your legs—er—often, and you were a cinch for a '1'."
"Yeh, well when I took his course it was far from easy. Terrible, I call it, terrible. He flanked Red and Pete, and Bill, and Mike, etc. etc. etc., and out of our fifty seven cinches at mid term, thirty were from him. And you call him a pipe."
"Say, remember that Mamie dame? What was her last name? Oh, yeh, Figglesworth. God, what a date!"
"Yeh, well I went out with her one night; took her to our frat dance and, well, since you've taken her our you know what she's like."
"And so forth far into the night. I'm afraid the censors wouldn't let me print the rest, but it was er—not so good."

Feel sorry for the poor swans on the lake in weather like this. A few of the more sophisticated members of the male sex, namely Sigma Nus, blossom out in gorgeous rain coats. Nice little tin whistles used by Gamma Leahigh and Howie Arthur to escort cars to parking places at the tournament. I had lots of fun blowing one, and think when I grow up I'll be a policeman.

Fights tonite—hurray! Safe on betting your shirt on this. Like to see him stage another knockout.

Two members of the sophomore class walk in libe carrying dolls the other nite. Much commotion when one of them tipped over and started crying Ma—a ma. Thought the coeds were past such things. Never can tell.

Irwin gives psych class a break Wednesday and doesn't come to class.

Alphy Tau and S. E. dance tonite. Hope the S.A.E.'s don't copy the stunt their Berkeley brothers pulled at the hard times dance there last fall at the Call-Nevada game. Much amusement at expense of poor femmes. Track and spring football starting. Hopes for next year? Ask Mr. Philbrook... Student Affairs Committee... number of students slowly decreasing—lots of cinches... four out of five got them. I was one of the fifth... Fate... I guess.

Dr. H. W. McCastline, medical officer of Columbia University, states that the typical Columbia freshman does not smoke; drinks two or more glasses of milk daily; regularly eats his spinach and lettuce, and prefers swimming as a sport.

Violent anti-Semitic demonstrations at Pees University last Tuesday resulted in eight Jewish students being so severely injured that they had to be taken to a hospital.

Only 16 per cent of the teachers employed in North Carolina schools during the 1928-29 year were men.

MUD BALLS

Familiar campus scenes: Bill Herbert free-wheeling down Virginia street to save gas.

Lucie King has all the members of the Latin 6 class baffled. She beat them all to it and got the only translation of Horace in the library, thereby causing her classmates to get "fives." I guess Elizabeth Johnstone will again be able to make the honor role, however, as she is a Gamma Phi and in intimate relations with Miss King.

"Test case" Griffin along with his pals Gawk Bankofer, and the incorrigible Englishman Limey Tomley were seen in a down town soft drink parlor early in the week, making a case for the new student fraternity court.

Rose Mahana has to advertise the fact that she is a good girl, if recent announcements in the Sagebrush office may be taken as any indication. "You can't say anything about me," declared Rose, "I'm a good girl." It is possible that she is getting alarmed about her reputation.

And old John Silver in the guise of our well known and much advertised friend, Gladys Morris, made his appearance on the campus this week. Perhaps Gladys should get a funnel next time she has the urge to peak into key holes.

The big blue Chrysler is back in circulation again. This is undoubtedly a lucky break for some enterprising member of either sex who is not averse to grabbing opportunity when it knocks: A chance for free rides in the country under the warm spring sun for the men, and for the women, the handsome junior class president again at the mercy of their wives.

I wonder what office Vlou Stewart Trevitt is planning to run for in the coming elections. Surely such enterprise cannot all be for the advancement of the poor independents. Wouldn't it be fine if Eddie Duerr were back to lose the election for his favorite combine?

Don't you think the student court should take special interest in the activities of the debaters on their coming trip into Southern California? Surely the advertisement they are liable to give our fair University can do nothing but harm, not in the actual debates, for both are excellent speakers, but their propensities for social life are liable to be over emphasized. But perhaps Bob Griffin will be a suitable chaperone.

Believe it if you will—but the age of miracles is not yet past. Mas Vaich, a confirmed non-smoker, is looking for an easy two weeks course in the art of lighting and smoking cigarettes with that nonchalant sophisticated air. Reason—"Go Easy Mabel."

Notice To Seniors

All information concerning your caps and gowns for commencement must be complete by April 1st, in order that the company may give us better service than last year. If we expect uniformity in quality, style, price, etc. of gowns, we must have the desired information sent in at the earliest possible date.

You are requested to see the person in charge of the loan desk upstairs for cards which you will fill in with the necessary information, consisting of:

Your name, with full initials, and Miss, Mrs. or Mr.
Class or bust.
Height (feet and inches).
Cap size (use scale below. Do not state in inches):

Cir.	Hat	Cir.	Hat
Inch	Size	Inch	Size

Students from India, Syria, Lithuania, Japan, and France are enrolled in the University of Wichita this semester, according to Worth A. Fletcher, registrar.

A royal decree has closed all universities in Spain for a period of 30 days. All other means of pacifying the striking students were exhausted. "Revolutionary tendencies of the students" was one of the reasons given.

A course called "The Art of Making Love" has been instigated at Rollins College and gives credit for five hours a week. There is no laboratory work.

Jean Hughes reports that the Women's Upperclass Committee had no tradition breakers this week.

HERE AND THERE

The average coed at the University of Cincinnati spends \$25 annually on cosmetics, it was revealed recently. When quizzed, each confessed that she was in the habit of spending more than \$2 every month for the enhancing of her beauty.

Disapproving of Theodore Roosevelt's counsel, in which he advised young people that if they couldn't get through college in any other way to work their way through, a professor in an Eastern college says that business will not mix with studies and that no one should combine the two.

Reporters on the Daily Tar Heel, University of North Carolina paper, are awarded free theatre passes for excellent reporting.

Senator Grady Woodruff announced that he will shortly introduce a resolution in the Texas legislature which will suggest that intercollegiate athletics be restricted at state supported schools. College athletics is costing the state money. According to Senator Woodruff, every day a student misses school it costs the state more than \$4.

Playing faculty laziness, the students of the University of Minnesota recently filed a petition requesting the university to place on file in the library copies of all the final exams given in the university, in an effort to curb the weakness of the faculty to give the same exams more than once.

In a recent survey of small colleges and universities, two professors at La Fayette College found that students in small colleges have a better chance of getting their names in "Who's Who" than graduates of the larger universities.

Boxing is a gentleman's pastime in the eyes of Harvard University authorities. The rules for the meet are that there will be no cheering, applause only at the end of each bout—the referee may disqualify any boxer whose followers cheer or applaud him while in action. Spectators occupying ringside seats shall wear tuxedos. The referee shall wear a tuxedo coat and white flannels.

Selection of the cast for "The Tempest," ninth annual Shakespearean production of the University of Wichita Players, which will be given March 19 and 20, was completed this week. Since Professor Winter came to the University of Wichita in 1925, he has produced a Shakespearean play each year.

Lauding the wonderful advances of applied science, but deploring the fact that he have not yet learned to make a sensible use of it, Professor Albert Einstein made an address in his native tongue before the student body of the California Institute of Technology.

A clearing house committee whose function is to coordinate the extra-curricular work being done through the colleges in the field of international relations has been appointed this week by E. R. Murrow, president of the National Student Federation.

Because of the splendid proportions to which American college and university poetry has grown, Henry Harison, the New York publisher, will issue an anthology called American College Verse.

In education lies the greatest hope for the future of Mexico, according to Senor Enrique C. Aguirre, former member of the faculty of the National University of Mexico, and director of recreation of the Federal District of Mexico, who recently addressed the student body of American University.

The newest "rocket" on the campus of Harvard is a literary lottery. Stu-

Out of Bounds

MUCH TO THE disappointment of the rest of us, the Sagers, one time boon to the A.S.U.N., seems to be falling into oblivion. While it is true that the spring semester isn't quite as peppy as the fall, so far as Nevada spirit is concerned, there still remains the same amount of work to be done. After all, they started to do unpleasant jobs, but they haven't continued the same.

Braving chances of being taken from school should her mother discover she is taking the course, a coed registered in the department of aeronautical engineering for a full four-year course at the University of Minnesota.

Examination books with brilliantly colored covers greeted students at Colgate University during the second week of the examination period. The innovation was made as a result of experiments which proved that the startling covers took the students' minds off the impending tests and thus assured better results. Some were deep blue; others red and orange.

Fraternities at the University of Wisconsin are facing serious difficulties as a result of the raising of the scholarship standards.

It will only cost England \$600 for each athlete she sends to the 1932 Olympic games at Los Angeles, owing to special rates offered by railroad and steamship lines.

A senior at Washington State has attended 14,500 classes in the past 16 years without being absent or late once.

"Objectionable material" will be deleted from the 3,500 copies of the fraternity number of the Longhorn-Ranger before its distribution.

Students in the school of Journalism at Marquette University, although they spend the least time in outside work, have the greatest average earning capacity as compared to students in other departments.

Green caps will be seen no more and sophomores will no longer torment their first year rivals at Ohio University by virtue of new laws passed by the junior-senior governing board this week.

Parents representing forty nationalities sent their sons and daughters to the University of Wisconsin in the fall of 1930.

AS USUAL, staffs at the publications plug away with might and main on their typewriters, trying the drawn out the shoutings and general hell-raising activities of a few of the loafers who insist on hanging around the offices. While the publications hall is the ideal place for meetings people who know what's what on the campus, it must be appreciated that work has to be done. Flying chairs and gang fights sort of slow the work down. A little more work wouldn't be a bit bad for all concerned, as any of the publications heads will say.

IT'S MORE OR LESS of a cheer to watch some of these underclassmen strut around the campus with some old time athletic sweater draped about them—either a relic of their own high school hey-day, or someone else's. As often as not this latter case is true. At least they relish the thought that they are making a favorable impression upon other underclassmen. The older members of the school greet it with hardened feelings and consider it as being something to be expected.

AND THEN THERE'S the one about the Upperclass Committee. Still they rest, basking in the doubtful light of the bravness of about three of their harder members, who insisted on tubing three good-natured violators of traditions. After all, a picture in the year book is a mighty nice thing to have, and you can get a very important look upon your face with little or no effort.

Jose Padin, commissioner of education of Porto Rico, has planned a graduate school of tropical agriculture for the University of Porto Rico, and negotiations are already being carried on toward this end with Cornell University.

California Aggies Make Annual Raid On Wolf Ringmen

Farmers Seek Revenge for Past Beatings in Gymnasium This Evening

BANTAMWEIGHTS THRILL Sluggers Have Pointed For Pack For More Than Seven Months

Bringing up the strongest array of mitt slingers that they have had on the farm for several years, the California Aggies arrived here this morning to engage Nevada tonight in what promises to be the outstanding meet of the season. Coach Sevier's boys have been pointing toward Nevada ever since the double beating the Wolf Pack gave them last year and it appears as though tonight's meeting might afford them an opportunity to make a partial retaliation.

Thompson Fights Falkner
In the bantamweight class, Warren Falkner of the Aggies, will meet Nevada's new-found pride, Little Max Thompson. Both of these boys are fast and aggressive fighters and this bout should prove to be as thrilling as the match in which Max fought St. Mary's champion, Joe Lang.

In the 125 pound class fans will see Bat Devine clash with Clinton Jewett. According to reports received from Davis, Jewett is one of the coming featherweights of the Coast and has dropped only two very close decisions, to the California and Stanford men. He will make Devine step to take a decision or a nod over him.

Hawkins Will Make Good Show
Elmer Hawkins, one of the best prospects that Coach Wallace has developed this year, will go three, or maybe four, rounds with Lindsay Jewett, Clint's brother, in the lightweight division. Lindsay Jewett is one of Coach Sevier's favorites and local fans should see a good deal of action in this bout.

Harris May Fight Waterweight
It is very possible that Coach Wallace will move "Spud" Harris down to the waterweight class this evening to meet Captain Leslie Waight of the Aggies in what should prove one of the most exciting battles of the matches.

Eugene Crump will represent the California team in the middleweight division. He is tall and rangy, and although he is a first year man, he has shown a good deal of ability in all of his bouts to date. Coach Wallace has not yet decided whom he will use against this man.

Light-heavyweights are somewhat scarce at Nevada this year and several changes may have to be made before a man is selected to meet the Aggie entry, Bob Mayfair. At present, the only man in line for this battle is Ken Austin, who will put up a good fight under any conditions.

Will Ole This Repeat Good Action?
In the heavyweight division Ole Theis will be seen in action once again. Ole proved a sensation in the St. Mary's bouts and many are looking forward to see him repeat his performance against one of the big boys from down on the farm.

The exhibition bouts this evening will probably be as spectacular as the regular contests. Jimmy Olyvas, Harry Whitehead or Paul Fontana, and Nick Ures lining up for the Wolves.

Sport Sallies

BY SPEC-TATER
With the tournament engrossing everyone's interest all last week, and nothing coming up during the next five days, sheer boredom leads Spec-Tater to pick an All-State Basketball team, not that his opinion would be better than that of anyone else's, but somebody has to select one. Anyhow two other gentlemen had fingers in the pie, so they can take three-fourths of the blame.

Here is the way an all-state team gotten together by the above mentioned persons would look:

- | | | | |
|--|-------|---------|--|
| First Team | | | |
| Armstrong, Sparks | | Forward | |
| Pinter, Ely | | Forward | |
| Sbragia, Sparks | | Center | |
| Secoy, Reno | | Guard | |
| George, Stewart | | Guard | |
| Second Team | | | |
| Gallagher, Virginia | | Forward | |
| Hansen, Lovelock | | Forward | |
| MacArthur, Hawthorne | | Center | |
| Thompson, Ely | | Guard | |
| Lansdon, Reno | | Guard | |
| Honorable mention: Phillips, Reno; Marston, Yerington; Oleata, Lovelock; Hill, Fallon; Rosa, Tonopah; Questa, Sparks; Felton, Gardnerville; Bell, Winnemucca; Gingery, Winnemucca. | | | |

Italic N's Awarded At Mackay Luncheon

At the luncheon to be held on Mackay Day, Italic N's will be awarded to eight or nine members of the business and editorial staffs of the Sagebrush. These awards are earned by students of upper class standing and who have done faithful and conscientious work on the newspaper.

Previously it has been a custom to award these N's to the worthy candidates at the last student body meeting of the year or at the Mardi Gras.

Annual Basketball Tournney Won By Reno Cage Stars

Consolation Cup Taken By Stewart Indians Who Beat Overton

TWENTY-THREE ENTERED Winnemucca Man Wins Free Throw Contest From Eighteen

Displaying a class of basketball seldom witnessed in Pacific Coast high school circles, Coach Herb Foster's Reno High School basketball team won the Nevada State basketball championship last Saturday night from a fighting Sparks team to the tune of 20-13.
Leading from the opening whistle and never headed until the last 40 seconds of play, the Railroaders lost a truly heart-breaking game. The Sparks quintet demonstrated fighting spirit and a perfected five-man defense which was coupled with an inability to make foul shots count. These fouls spelled defeat for the Husmen and victory for the Renites.

Reno Beats Sparks
Reno's fast stepping, smooth working combination could not penetrate the Sparks defense, and after the first quarter relied on the shooting of Lansdon, Phillips, and Secoy from the center of the floor for scores. Doyle of Reno scored the only two close-in basket shots for the Huskies.

Coach Hug of the railroad city played the same five men throughout the contest and these men let loose a fighting brand of basketball that kept the crowd on its feet all the time. Out of ten free throws, Sparks made good only three, thereby tossing away the contest as Reno made good six out of eight attempts.

Sparks Held Lead Until Near End
Sparks led at half time 11-8 and kept this lead until the closing minutes of the fray. With the score 19-18 in favor of Sparks, and 40 seconds to play, Captain Spot Ayers of Reno sank a beautiful shot from the side to win the game, for on the next play from center a Sparks man advanced the ball down the side of the court and passed into Captain Sbragia of the Railroaders for a set-up, only to be called back for taking too many steps before passing the ball.

The gun ended the game before another play could get under way, with Reno on the long end of a 20-19 score and the new state champions were crowned.

Sparks earned the right to play in the finals by first defeating Wells, Panaca, Virginia City and Lovelock; during the course of this elimination process, the railroaders were hard pressed to defeat Virginia City by the score of 17-16.

Ely Gives Battle
Reno went into the final game with victories over Metropolis, Overton, Fallon and Ely. Reno played a tough fight with the Overton quintet, winning by the score of 28-25. Ely also gave the Renites a battle, but were considerably handicapped by the loss of Pinter, star center, who was removed in the second quarter because of excessive fouling.

Stewart Wins Consolation
In the consolation tournament, the Stewart Indians defeated the fast Overton aggregation to the tune of 23-21 in a thrilling contest which was featured by the play of Lowry and George for the Indians, and Lyon of the Moapa Valley five.

Coach Proctor Hug Is Father Of Son

A son, weighing eleven and a half pounds, was born to Coach and Mrs. Proctor Hug last Wednesday. Hug is the coach of the Sparks high school basketball team which gained high honors as the runner up in the state tournament. He attended the University of Nevada and was affiliated with the Alpha Tau Omega fraternity. He was also very prominent in athletics.

Mother is U. of N. Grad
Mrs. Hug is the former Miss Margaret Beverly of Ely, University of Nevada graduate, and a member of the Delta Delta Delta sorority.

Captains To Draw For Date Schedule Of Baseball Games

The ensuing baseball tournament was discussed at the regular meeting of the interfraternity Council Monday. The use of corsages and favors at dances was also brought up during the meeting. It was decided that independents may enter a team in the baseball tournament. However they must pay their share of the expenses. Lincoln Hall men play on this team.

Captains Will Meet
There will be a meeting of the captains of the teams Wednesday at 4 o'clock to draw, schedule, and select umpires for the games. If there are any preferences as to umpires the captains must make arrangements at this time.

Field To Be Improved
Among other things taken up at the meeting was the improvement of the playing field. Each fraternity agreed to have five freshmen and their baseball manager on hand Saturday afternoon to clear and mark off the field. Wally White will have charge of running the base lines and setting up flags on the foul lines.

The umpires selected for the first weeks' play were: Lee, Parsons, Sierupp, and Freitag. These men will have complete control over the playing field. It was decided that umpires for the games would be selected and their names turned into Doc Martie on Monday of each week. All games will be scored in a regular score book, and the book turned into the office after each game. Five games a week will be played, all games to start promptly at 4 o'clock, any team failing to be on the field at that time will forfeit the game. Games will be postponed only when the weather is so disagreeable that it makes playing impossible. When games are postponed they must be played off Saturday and Sunday of the same week.

Sagens Continue Sale Of Ice Cream

Sagens are again selling ice cream at the boxing matches tonight, the proceeds of the sale to go either to defray expenses of the W.A.A. athletic convention, or the Y.W.-Sagens rest room in Artemisia Hall.

Elections To Be Soon
Three new members will be elected to Sagens soon. At present tyces include Holyce Seriges, Marie Pinney, Fern Witwer, Josephine Barnard, Mary Trudelle, Hazel Davis, and Lena Perri. Freshmen now trying out are not eligible until next year, when they are sophomores; but at that time they may be elected without another period of trying out.

Officers To Be Elected
A report of the proceeds of candy and ice cream sales carried on by Sagens was given at A.W.S. meeting this morning. Election of officers for next year will take place March 31.

Free Throw Contest Won By Winnemucca Entrant, Bob Gingery

Sinking 43 out of 50 shots at the hoop, Robert Gingery, center of the Winnemucca five, won the annual free throw contest held in connection with the Nevada state high school basketball tournament last week. He was awarded a cup donated by Reno merchants.

Alfred Thompson of Tawthorne was second with 38 out of 50 chances. Jack Leach of Wells and Sam King of Battle Mountain each dropped in 37 to tie for third.

About twenty men were entered in the contest.

Camel Advertisement Travels By Air Mail

An advertisement cut for Camel Cigarettes received last week by the Sagebrush from the Collegiate Special Advertising Agency in New York City, was sent by air mail at a cost of \$16.50 in order that it might reach here in time for publication.

Making up the sum of postage were three five dollar stamps which were eagerly grabbed by curiosity seekers, since such stamps are rare.

The advertisement, telling of the virtues of Camel cigarettes, was published in last week's Sagebrush.

Mines Chemist Ill On Coast

C. W. Davis, assistant chemist of the Reno station of the Bureau of Mines, who has been ill in San Francisco, is reported as improving. Mr. Davis expects to return to Reno within the next two weeks.

Baseball League Schedule Is Set

First Game Will Be Held On Monday, February Sixteenth

At a meeting of fraternity baseball managers in Doc Martie's office Wednesday afternoon the new league playing schedule was adopted. The independents were also represented at the meeting and gave assurance that a team would enter the league, which makes a total of nine teams in the league.

Field To Be Improved
Among other things taken up at the meeting was the improvement of the playing field. Each fraternity agreed to have five freshmen and their baseball manager on hand Saturday afternoon to clear and mark off the field. Wally White will have charge of running the base lines and setting up flags on the foul lines.

League Starts Monday
The league gets under way Monday afternoon, March 16th, when the independents take on the Phi Sigma Kappa ball tossers. The Phi Sigs should win this game. In fact, from pre-season games, they seem to be the team of the league, having beaten the Sigma Nu's, S.A.E., and the Taus by big scores. Just what the independents will have is rather indefinite, but Mike Scherupp, their manager, says he'll show a few of the fraternities a few things before the season is over.

It is understood that Powers will do the pitching for the independents and in all likelihood they will have a pretty classy team before the season is over.

Tumbling Class Has Exhibition In Gym

Lefebvre Thrills Crowd With Many Hair-Raising Stunts

Al Lefebvre and his tumbling class of Bannigan, Clark, Hart and Forte, gave the public an exhibition of tumbling at the gymnasium Saturday afternoon. The exhibition took place just before the high school basketball free throw contest and was greatly enjoyed by every one present.

This class was started by Lefebvre just two months ago.

Lefebvre Thrills Crowd
Lefebvre himself thrill the crowd time and again with double flips, reverse flips, and stunts of various natures. He received a great ovation, and was called back by general applause to perform again.

Fresno Paper Gives Six Nevadans Places On Far West Teams

Bledsoe, Griffin Are Placed On First, Second Teams

The Collegian, Fresno State Teachers' College student paper, this week picked the first Far Western all-conference 1931 basketball team by a vote of twenty-one outstanding basketball players and coaches in the conference.

This mythical team places Dan Bledsoe, sensational Wolf Pack forward, on the first team, and John Griffin, husky guard, on the second squad. Stan Johnson, Speed Weaver, Joe DeReemer, and John Fulmris, Nevada regulars, received honorable mention.

All-Conference Team Named
The Collegian all-conference team is as follows:
First Team Second Team
Goodeel, San Jose.....F.....Moore Fresno
Bledsoe, Nevada.....F.....Vargas, San Jose
O'Dale, Pacific.....C.....Fowler, San Jose
Kerchan, San Jose.....G.....Welfand, Fresno
Farmer, Chico.....G.....Griffin, Nevada

R.O.T.C. Enters Shooting Team

Members of First Team To Receive Gold Medals And Cup

University of Nevada has entered two teams of five men each in the national and sectional R.O.T.C. rifle matches for the William Randolph Hearst trophies and medals. Firing will be done next Wednesday on the indoor range in the barracks building.

Gold Medals Awarded
Members of the team placing first in the national contest will receive a gold medal each and the team will receive a cup. First, second and third places in each sectional championship match, of which there are four, will be awarded place shields for the team and the members of the placing teams will receive place medals.

The team as announced by Sergeant Hustis, who is instructing the men, consists of:
William J. Wright, James T. Hoffman, Arvin E. Boerlin, Grant Rice, Ned Morehouse, Harland Stuart, Hilmer Caudel, John E. White, Robert P. Marne, Wendell DuPlantis. Alternates are: Paul Fontana, Carmen Rogers, and John J. Hill.

Reno Team Receives Silver Basketballs

Each member of Reno's undefeated basketball team received a silver trophy suitably engraved to show that he was on the championship squad of 1931. These individual trophies are miniature basketballs, and were presented by the Ginsburg Jewelry Company.

The members of the Red and Blue championship team are Clayton Phillips, Al Lansdon, Denny Hill, Don Doyle, Jim Secoy, Fran Hart, Ed Goldman, Spot Ayer, Rudy Semenza and William Devincenzi.

30 Men Reporting For Track Practice

Philbrook Optimistic About Prospects For Season's Showing

Faced with the loss of five point-winners in last year's Far Western conference meet due to scholastic difficulties and combined with the loss of such men as Ken Robinson, Jack Gilmartin, and Fred Lohse by graduation, the outlook on track seems pretty low to the followers of Nevada, but no so with Coach George W. Philbrook. "A fair team this year with good prospects for next year," is his outlook on the situation.

Thirty Men Out
There are 30 men reporting for track every night, and out of these there are a number of good prospects. Many have good high school records, while others are as yet untried. Nevada is very much in need of a sprinter, but if one can not be found Captain Neil Scott will be shifted from the quarter to the hundred and two-twenty dashes.

Wilson, Salsbury Will Run
Fred Wilson, letter man from last year, will run the half miles, while Roy Salsbury will run the mile. So far no two-miler has shown up, but with the number now training for this race it is expected that one will be developed for the first meet in April.

Al Lefebvre Good Any Place
Al Lefebvre, a one-man track team in himself, will be called on to enter most any event. He is at his best in the javelin and broad jump, but can also be used as a pole vaulter, high jumper, and sprinter.

Arthur Brewster, Morgan Huntington, John Griffin, and Elwood Rose are expected to garner points in the shot and discus events.

Ten High Players Included
The ten ranking tennis players of Nevada, whose standings were determined through the tournaments last year, have been signed up for this year's squad. They are, in the order of their rank: W. Clark, F. Stuart, R. Elliot, D. Clark, F. Smith, J. Chism, H. Robinson, A. Lombardi, E. Rae, and T. Brown. Besides these, ten other tennis players have signed up for squad and others are expected soon.

After a few weeks of practice Prof. Martie plans to cut down the squad to ten or twelve men whose standing will be determined by the usual "ladder" tournament. Those at the top of the "ladder" will be the ones to play in the meets and tournaments.

Tennis Practice To Start; Many Entries

Another meet has been planned with the Reno Tennis Club, in which the University team will match as many men as the city club wishes to put forth.

The Nevada varsity will probably be entered in a tournament at the College of the Pacific, which will be a straight elimination tournament rather than a regular tennis meet. Other colleges of the conference are expected to compete in this tournament.

Aside from these meets four other dual meets are to be scheduled with conference schools.

Mining Lawyer To Address Crucibles

Grant Smith, Comstock Man Visits University Of Nevada

Grant H. Smith, mining lawyer of San Francisco, will be the speaker at a joint meeting of the Crucible Club and the A. I. M. & M. E. to be held next Wednesday night, March 18, at 7:15 in the geology lecture room of the Mackay School of Mines. All outsiders interested are cordially invited. Mr. Smith was born and raised in the Comstock lode and in the years of 1867 to 1875, lived through the bonanza days of the Consolidated Virginia and other rich mines in that region. His subject will be on Virginia City and the mining development of that region, and will be accompanied by two large wall maps. The speaker is of national fame in mining circles and this will be one of the series of worthwhile lectures to be held by the Crucible Club this year. All members and interested students, faculty, and towns people are urged to be present.

Aero Scholarships Offered By Boeing To U. of N. Students

Flying, Ground School Courses At Aviation School Open To Men

The University of Nevada is one of the accredited colleges whose students are eligible for the W. E. Boeing Aviation Scholarships, according to a notice received this week by President Clark.

Four comprehensive flying or ground school courses, totaling \$7200 in tuition value, are offered to qualified college men who have determined upon aviation as a vocation and will be awarded to the winning candidates in a nationwide competition closing May 1, 1931. Eligibility requirements and further details may be obtained from President Clark or from the Boeing School of Aeronautics, Oakland Airport, Oakland, California.

The scholarships offered last year were won by students from Stanford University, Mt. Union College, University of Nebraska, and University of Washington.

Song, Dance Artist Leaves For South

Mayden Decides College Is No Place For Stage Education

"I have found that colleges are no place for 'song and dance' men," said Elmer Mayden who, until last Tuesday afternoon, was a regularly enrolled student in the University of Nevada.

Aided in "Wolves' Frolic" Mayden, who lives in Los Angeles, is the possessor of no mean reputation as a clog and soft-shoe dancer, having taken part in many cinematic musical productions filmed in Hollywood. He was the dance director in last semester's "Wolves' Frolic" and turned out one of the best choruses ever to pirouette upon a Nevada stage, according to observers.

Mayden is also noted about the campus as a drummer in Ray Hackett's orchestra. On reaching the south he hopes to take part in one of the new musical comedies now being filmed there.

President Clark Confined Home

President Walter E. Clark has been confined to his home for several days on account of an attack of flu.

Mr. and Mrs. John Hutchinson visited friends in Reno during last week-end. Their home is at Bishop, California.

Announcements

ATTENTION—There will be a senior class meeting Tuesday at 4 o'clock for the purpose of choosing announcements and deciding other important business which cannot wait until a later date.

Swimming lessons are being given at Moana Springs every Wednesday and Friday at 4:15. Eight women have signed up for the sport.

Next Wednesday at 6 o'clock the student Y.W.C.A. will hold election and installation of officers at a supper meeting. Unless further notified the meeting will be held in the Y.W.C.A. room in the basement of Artemisia Hall.

Military Inoculation Is Now Completed

Members of the Military 42 class in the University received the last stage of their inoculation against typhoid fever last Tuesday afternoon, when Dr. Hood of the University Hospital, injected the anti-toxin in the arms of the ten men in the class.

Ten Men Attend Camp These men will go to summer R.O. T.C. camp at Monterey, California, some time in June for six weeks advanced instruction in their military course. The government pays all expenses and a monthly salary to those attending the camp, and three hours' credit is allowed toward their minor in military, making up the 13 units required, ten of which are granted at the University.

The government furnished the vaccine both for the typhoid inoculation and the smallpox vaccination which took place several weeks ago.

Scabbard and Blade Hold Regular Meeting

Scabbard and Blade held a business meeting Thursday, February 5, at 4 o'clock. Committees on local constitution and by-laws and on the forthcoming picnic reported during the meeting. Distribution of the national Scabbard and Blade Journals was also discussed. Definite arrangements for the picnic were not made, but plans are well under way.

The committee on constitution and by-laws is composed of Walter Mitchell, chairman; Willard Douglass, and Calvin Dodson. The picnic committee includes Arvin Boerlin, chairman; Carl Elges and Orvis Reil.

Glee Clubs To Give Easter Pageant

Men's and women's glee clubs and the University-Community orchestra, under the direction of Professor Theodore H. Post, will take part in the annual Easter pageant presented under auspices of the Girls' Reserve and the Y.W.C.A. It will take place on the quad in front of the Mackay Science Hall at 9 a.m., March 29. Besides the orchestra and clubs there will be on the program a brass horn quartet and a voice soloist.

Supervision for the pageant is provided by Joan Southworth of Reno. The musical program is as follows:

Program Given
Choral, "Now Let Every Tongue Adore Thee," Bach—four horns, arranged by Prof. T. H. Post. March music, "By the Sea," Schubert—University-Community orchestra. Solo, "Ave Maria," Bach-Gounod; response arranged by Prof. Post—Glee Club chorus. "Prayer of Thanksgiving," Netherland folk song—Glee Club chorus and University-Community orchestra.

Chemical Society Initiates Three

Initiation ceremonies for Sigma Sigma Kappa, honorary chemical society, were held last week. Jack Thurston, president of the Chemistry Club, presented Ed Randall, Fred Smith, and Ed Dyer their certificates of membership in the society.

Dr. G. W. Sears outlined the requirements for initiation to the society and gave a history of its organization and name, after which refreshments were served.

Picture Show To Be Given
At the next meeting a picture show will be featured, and all Chemistry Club members are asked to attend and to bring their friends.

Sagers Offer Invites To Prospective Tryees

Because of the withdrawal of three of its members, one from school and two from the organization, the Sagers, men's underclass service group, is holding tryouts for prospective members. After a sufficient period of work these tryees will be taken into the organization.

The privilege of trying out for the organization is not open to everyone who so desires, but only those who are given invitations. The reason for the adoption of this method is because some of the men who are granted membership were not suited to the work that is required of the organization.

The Sagers have been given a trial at ushering the patrons of the boxing matches, and will be on duty at the matches between the California Aggies

"ART" GRAHAM STARTS ON WORLD TOUR

Taking a leave from college because of a chance to go around the world on the Dollar liner "Johnson," Arthur Graham, junior student, said goodbye to his friends last Monday night and went to San Francisco where he will start his trip.

Graham, known locally for his piano playing, will be a member of the orchestra on the boat. On his return, he plans to enter Hastings' Law School in San Francisco. He is a member of Blue Key and the Sigma Alpha Epsilon fraternity.

and Nevada tonight. During the past week they have been distributing placards advertising the meet in the downtown section.
