

First Day Registration Figures Indicate Large Enrollment for 1932-33 University School Year

Students Throng Halls of Campus To Be Registered

Late Reports from Registrar's Office Indicate Large Student Body

Many Graduates Return Here to Take Advanced Courses

Crowds of students thronged the University of Nevada campus this morning to begin registration proceedings and instructors of various departments were besieged with applicants for the right to attend their classes.

Late reports from the office of Louise M. Sissa, registrar indicated that the enrollment would be at least equal that of last year.

Professors of the College of Arts and Science were kept active throughout the morning assigning students to classes.

Freshmen students who thronged the assembly hall of the Education building were many. Numbers indicated that this year's class would be at least as large as the one of last year.

Professor Jay Carpenter with a staff of assistants was hard at work this morning getting the programs of the large number of freshmen engineering students who filled the library to capacity, arranged.

Students rushed about as though in a daze, meeting old friends, acquaintances and classmates and hunting for elusive professors. Gay summer clothing on the men rivaled in splendor the new chic fall dresses and hats of the women.

Evidences of freshman rushing were already notable as upperclass students were seen piloting wide-eyed freshmen about the campus.

Many graduates of last year and the years before are returning to the campus at this time to join the student body for post-graduate work.

Block N men sported their letters before the eyes of the curious and many freshmen of husky physique were among those who thronged the campus.

Bernard Hartung, graduate manager, proudly opened the new student union building, recently made over from the old Nevada historical building.

The large room of the university library again resounded with the faint murmuring of student conversation after being silent all summer.

Students with faintly puzzled expressions on their faces worried over conflicting courses, hard-hearted professors and major and minor requirements.

University Co-Ed Dies After Operation

Blanche Alexander '34 Stricken on August 18 With Appendicitis

Complications which set in after an appendicitis operation caused the death, two weeks ago, of Miss Blanche Alexander, popular University of Nevada co-ed.

Miss Alexander was a junior student and had planned on re-entering school this fall. She had been always active in university affairs and was prominent in women's athletic circles.

Funeral services for the deceased girl were held by the Ross-Burke company, and a profusion of floral offerings from her many friends surrounded the casket.

The University of Minnesota is another one tightening down on co-ed smoking. Why be so hard on the poor girls—they deserve some enjoyment out of life.

Dean R. C. Thompson

Nevada's Dean of Men

Alvin Lombardi Killed in Early Summer Accident

Very Active in College Circles Through Four Years of Service

Alvin S. Lombardi, prominent student and athlete of the University of Nevada died on June 27 following an automobile accident which occurred at the foot of Washoe hill on the Reno-Carson City highway in which he was fatally injured.

The accident occurred when the car which he was driving collided with a car containing three Mexicans and two Indians.

Lombardi is well known to the students of the University of Nevada as a leader in athletics and student government. He graduated with the class of 1930. He was a member of the Sigma Alpha Epsilon fraternity, Block N Society, Coffin and Keys and Blue Key.

Lombardi promoted the annual state high school basketball tournament last year when it was organized for the first time without the help of the Block N Society of the university.

Lombardi was a star forward on the university basketball squad during his stay in college. He was a member of the first string varsity team where he played brilliantly.

SCOTT SCORES IN FAR WEST TRACK MEET

Led by Neil Scott, star Wolf Pack sprinter, Nevada scored 8 6-10 points in the annual Far Western Track and Field Meet held in Sacramento May 7.

Scott won the 220 yard dash in the fast time of 21.4 seconds to easily lead the field and placed second to Salvatore in a 9.8 second 100 yard dash after getting off to a bad start.

In the high jump event Walter Marty of Fresno State jumped 6 feet 6 1/2 inches to break the conference record. Bledsoe of Nevada tied for third in this event, going out at 6 feet one inch.

Get-Together Dance Will Be Tomorrow Eve

The official get-together dance, which has the sanction of University authorities, will be given tomorrow night in Tony's Spanish Ballroom, and is being sponsored by the Blue Key Fraternity, service organization.

The committee in charge of the affair, consisting of Bill Beemer, Elbert Walker and Howard Umber, has been working during the summer to make this dance the outstanding one of the year.

The proceeds of the dance will be turned over to the student body if they exceed the amount which Blue Key will set aside to use in promoting their rallies and other functions which they undertake throughout the year.

Professor and Mrs. R. C. Thompson, newly selected dean of men, will be the chaperones, and the committee in charge assures every-one attending that they will have a time long to be remembered.

Y.W.C.A. Publishes University Booklet

Campus Second-Hand Book Store in Aggie Building

Y. W. Candy Booth To Be Located by the Post Office

As part of an extensive membership drive, the student Y. W. C. A. is publishing a pamphlet which is the only venture of its kind in the history of the association. The booklet, which is under the direction of Helen Steinmiller and Florine Frank, includes a statement of what each committee has to offer to its members together with announcements of general interest. It will be available to all women students during registration.

Elaborate plans are being made for the annual Freshman Y. W. tea which will take place Thursday afternoon in Artemesia Hall with Florence Diskin and Mary Juregui as hostesses. A new feature has been added this year in a student book shop. Dortha Robertson, who, with the assistance of Camille Cerita, is in charge, announces that the book shop has to offer a miscellaneous assortment of second hand books totaling several hundred which will be sold at the prices the owners of the texts indicate.

The Y. W. has been active during the summer months, reports from the president, Helen Steinmiller, indicate. In its efforts to serve the camps, a new feature has been added this year in a student book shop.

The Y. W. candy booth which was opened last semester, will continue to function under the management of Marjory Miles and Denise Denson at its former location by the post office.

Three new faculty members take over posts at U. of N.

Dr. F. Wood is appointed New Head of Math Department

Branch Receives Manager Position

Three new members joined the University of Nevada faculty when school opened today, it was announced by college executives.

Dr. Frederick Wood has been appointed professor of mathematics of the university. Mrs. Lehman Ferris has been given a teaching fellowship in English to replace Barbara Svihmitt.

Dr. Wood comes here from Hamline University, Minnesota. He received his A.B., M.A. and Ph.D. degrees at the University of Wisconsin. He was an instructor of engineering mathematics at Wisconsin until 1917. In 1923 he was appointed head of the department of mathematics at the State Normal school in Indiana.

Mrs. Lehman Ferris is a graduate of the University of Nevada in 1916. She received the gold medal award for being the best scholar in her class. She was a member of Phi Kappa Phi, national honorary scholarship fraternity.

William Miller is a graduate of the University of California at Los Angeles. He received an M.A. degree and taught classes there.

W. R. Blackler, master of Lincoln Hall, and M. J. Webster are still on leave of absence. Gordon Robertson and Fred Collins will take over their positions as assistants in the economics department. Paul A. Harwood will act as master of Lincoln Hall in Blackler's absence.

Carl Stoddard was appointed instructor of geology; Clark Amens, engineering instructor; and Francis Oakberg, instructor of chemistry at the meeting of the board of regents last spring. They will begin their duties today.

Six graduate students of the University of Minnesota toured Florida this summer on a field expedition to obtain algae, green plants which grow in water. For variation of schedule they went deep sea fishing and caught big fish. Their proudest catch was several sword fish.

Only All-American Nevada Grid Star Visiting Here Now

Sagebrush Reporter Interviews "Rabbit" Bradshaw, Star Nevada Athlete

Tells of 134 to 0 Victory on Gridiron Over College of Pacific

BY BILL M'MENAMIN

One of the greatest little figures in national football history and the only all-American gridiron star ever produced at the University of Nevada, Jimmie "Rabbit" Bradshaw, has spent the entire summer in Reno for the first time since 1922.

Small, wiry and still every inch an athlete, Bradshaw came here to make a bid for the state tennis championship which he won in the year state tournament play was inaugurated.

Showing a flash and speed on the court that is reminiscent of his brilliant work on the gridiron, Bradshaw had won his way to the finals at a late report.

When approached by a 'Brush reporter for an interview, he was reluctant to talk of himself. The interview follows:

Q What years did you attend the University of Nevada? A I went to school here from 1919 to 1922.

Q Who were some of your teammates on that famous old outfit? A Tiny Fairchild, Bill Martin, Ed Reed, Windy Johnson, George Hobbs, Tom Grant, Pierson and Fisher were the outstanding men. They made real Nevada football history.

Q Who were some of the colleges you played during your last year of competition and how did you make out? A We played and defeated the Utah State and Utah Aggie teams, tied Stanford, lost to California and defeated Santa Clara and St. Mary's in two of three games each.

Q What sports did you make letters in while you were in college here? A In football, track and basketball. We did not have varsity tennis.

Q How did Nevada rate in coast football circles when you attended college? A Right at the top. We defeated the Mare Island Marines, 137 to 0 in 1921, the highest score that was run up anywhere in the United States that year. We downed the College of Pacific, 134 to 0.

Q What was the game of football from which you took the biggest thrill in your entire career? A Getting back to the old conceit, it was the last game on the home field of my college career. We were playing Utah State. I ran the opening kickoff ninety-eight yards to a touchdown through a broken field. With a college boy's dream it was just the thing I had hoped for.

Q Have you ever played professional ball? A Yes, I played professional in 1926. I played with and against Red Grange.

Q Have you always wanted to coach football? A Yes, I took a course in education for that purpose at the University of Nevada.

Q Where are you coaching now? A I am an assistant to "Pop" Warner at Stanford University. I coach the backfield of the varsity.

Q What appears to you to be the case of football trouble at Nevada? A Nevada has simply stood still while the other schools have gone ahead. It has the same size and larger student body than the other schools in the Far Western conference and should be able to clean up big.

Q What do you think of "Brick" Mitchell as a coach at Nevada? A I think that he has the best chance of producing a winning team of any coach of the Wolves since Courtright, the man who coached Nevada when I played there.

Q What do you know of Coltrin, Mitchell's assistant? A He was captain of the 1926 California varsity and one of the line coaches ever produced there. He played the tackle position.

Q Is a football player made or born? A Both. A man has to have the physical abilities and stamina to play football and he has to be developed. All of the great football men of the United States have had natural ability. Every coach has to have material to be successful.

Freshman Bible Ready Wednesday

Due to an unavoidable delay in getting the new 1932-33 Freshman Bible off the press, this very essential part of every new Nevada's college regalia will not be available until Wednesday noon. The new bibles are similar in content as in former years but is redesigned in size to the very essential information that every freshman must know or suffer the consequences.

The new book will be on sale at the A.S.U.N. office in the new student union headquarters and the sale of books will be under the direction of Graduate Manager Hartung.

A change over precedent was inaugurated by Editor Kenneth Johnson who was assisted by Charles Koerner when the cover color was changed to a deep pearl gray with blue instead of a light blue with gray inscriptions.

A.S.U.N. Student Headquarters Located in Historical Building

President Walter E. Clark

New Administration Building Is Ready For Student Use

Old Nevada Historical Society Building Is Remodeled For Student Offices

For the first time in the history of the University, the Associated Students have acquired a satisfactory headquarters for all of their activities. The building, which has been properly termed the Student Administration Building, now houses all of the student offices and also provides an acceptable meeting and gathering place for the entire campus.

The idea that the students might make some use of the Nevada Historical Building, was conceived of by Kelly Lyon, back in 1923. The structure was not in use at that time and Lyon, who was Student Body president, urged the State Legislature to give it to the University, for the exclusive use of the students. The proposal was killed by that particular group of law makers and it was not until Jack Walther again brought up the matter in 1931 that it was given favorable consideration.

Although the building was officially given to the University last year, a definite program of remodeling, under the supervision of Graduate Manager Hartung, was not started until this summer. With only limited Student Body funds available, an appeal was made to the Class of '32 to donate their memorial fund for the purpose of adding permanent improvements to the structure. The response was practically unanimous and it was through the generosity of the Senior Class that a great number of the improvements were effected.

Among the many features that were added to the building this summer were a new insulated ceiling, partitions providing separate offices for all of the publications, a completely new lighting system, a thorough overhauling of the heating plant, including the installation of new radiators, remodeling of the Graduate manager's and Student Body president's office on the lower floor, and the addition of several rugs, tables and chairs in the main meeting room. The inside walls were completely tinted and a new coat of varnish added to the woodwork.

As was the prime consideration of the student officials who first originated the idea, the building will be for the exclusive use of the entire student body. The lower floor will provide adequate space for any type of gathering and can be used, at any time, as a convenient meeting room for individual groups. In fact, the primary purpose will be to encourage as much use of the building, by students, as possible. It will be open at all times during the day and special dispensation for night use can be obtained through the office of the graduate manager. Hartung will act as general supervisor of the property and will handle the upkeep and general maintenance through his office.

To old students, a cordial welcome back to the campus. To new students, an equally cordial welcome for your first year with us.

Our campus traditionally mingles hard work with a reasonable proportion of joyous play. Work and play, alike, help to develop intelligent, democratic, unselfish leaders.

Our campus ideals summarize in these terms: Friendship, Scholarship, Service-Spirit. Old and new students, cooperating in accord with these traditional aims will assure another year of growth for each individual student, another year of achievement for the whole University.

Welcome, Students all, to this blessed opportunity to grow in power through and for service. WALTER E. CLARK, President.

WELCOME! NEVADANS! WELCOME!

Today marks the beginning of another school term, as well as the renewing and the beginning of new associations and acquaintances for all of us. The old students I know are all returning with bright hopes and plans for the future, and so to the new students in particular I send the greetings of the A. S. U. N.

Every facility enjoyed by the Associated Students is open to you, and we want you to take advantage of the man privileges which are available. The new Student Administration Building affords you not only the opportunity of meeting with the Student Officials and Publication Heads but also serves as a gathering place for the entire campus.

We again welcome you to participate in Student Life. KEITH L. LEE.

As Dean of Women I am happy to welcome the members of the class of 1936 to the campus.

You already realize the importance of high standards and good habits. The University expects each of you to assume his full responsibility for so conducting himself as to bring credit to the University as well as to himself and his family. There are many agencies in the University to help you find success in your work and play. You are urged to make use of and work with these agencies to the fullest extent.

Only by cooperation with each other and with the faculty can you find the real joy and satisfaction that we wish for you in your college life. MARGARET E. MACK.

Graduate Manager.

Again the time has come for us to be back on the Campus. I am not only glad to see familiar faces, but also to see many new ones. As Time flies, so must we keep pace with it. For some it is the starting point, others are on the wing, as it were, and still others are nearing one more destination. To the Freshmen I wish a successful take-off; to the Sophomores and Juniors, I wish a pleasant flight. To the Seniors, I wish a happy landing. KATHRYN LIGON, Vice-President Associated Students, President Associated Women Students.

Greetings

To all students returning to, or just entering the University we extend a cordial invitation to visit the new student administration building. It is in this building that the activities of the Associated Students will be concentrated, and we want all of the students to familiarize themselves with the effort that is being made in this respect. The building is open to everyone on the Campus, and it is urged that you make the use of it that you are entitled to. B. C. HARTUNG.

Nevada Teachers Secure Positions

A total of twenty members of the 1932 graduating class of the normal school of the University of Nevada will leave soon for various towns in Nevada and California to take over teaching positions.

Graduates of the school of education appear to have experienced the most success of any of the recent alumni in securing positions after their graduation.

Clark Seares Fellow Walter V. T. Clark, son of Walter F. Clark, president of the University of Nevada, secured a teaching fellowship at Syracuse university at Syracuse, N. Y. He received his master's degree here this year. He was an assistant in English here last year.

Miss Helene Turner will go to Syracuse university, where she will fulfill the position of assistant dean of women. The other graduates who will take over new positions are as follows:

Betty Allen, home economics, Carson; Mary Baird, commercial, Wells; August Bernes, grammar school principal at Hawthorne; Mercedes Gerald, grade schools, Sparks; Julia Cummings, Arden; Dorothy Ernst, commercial, Fallon; Margaret Fuller, music, Dayton; Ethel Hansen, McGill; Earl Holmes, high school, Wells; Leland Laity, rural, Dunphy; Art Lucas, high school, Gerlach; Berry McAnally, grades, Susanville, Cal.; Dwight Nelson, Minden; Constance Phillips, Goldfield; Nell Scott, Pioche; Betty Seeds, Pioche; Lucile Stone, grades, Sparks; Mae Vaid, Hawthorne; Inez Walker, Sparks; Fern Witwer, Anderson; Mrs. F. Argoni, Tybo.

Miss Mary Ruth Seamon will teach at Fernley, replacing Miss Lucille Sanford, who will teach in Reno this year.

Thirteen out of 565 students at the University of Idaho are eligible for English 2. Twenty-two were originally eligible but nine failed to take the second examination given to obtain this rating.

### Nevada Wolves to Face Tough Season Under New Coach

#### Veterans Return to Build Hard Fighting Team for Nevada

#### Plenty of Material Expected To Make Successful Gridiron Outfit

The Nevada varsity football team, under the tutelage of Head Coach "Brock" Mitchell and assistant, Fritz Coltrin, faces perhaps the toughest assignment of games that has ever confronted the Wolf Pack. Not only is the schedule a particularly difficult one, but the squad will be coming back with a rather disastrous '31 season behind them and only a fair number of veterans to bolster the team for the coming season ahead. But it is to these men and to the others who will make up the varsity and freshmen squads that Coach Mitchell is looking to aid him in the building up of a real sound organization.

On the wing positions we hear of the probable return of Bankofier, Salet, Austin and Dellannoy. These men have all had a fair amount of experience and, with the exception of Dellannoy, were "under fire" in several of the games last fall. A limited amount of material appears available for the tackle berths, including the veterans, Thies and Rampoldi. Bob Madariaga, who plans on entering college this fall, has also been mentioned for this position. And from the Freshman squad come two good possibilities in Carroll and MacLean. Guards will be plentiful this year, with Beemer, Turner, Linehan and possibly Haynes in the spot light. Also, there will be such men as Scherrup and Adams from last year's squad and Stock from the 1930 yearling aggregation. At the pivot position there are the veterans Mohovich and Caldwell and the promising newcomer, Cashill.

**Many Backs**  
Mitchell has a number of men to pick from for his halfback berths, among which are J. Hill, Backer, H. Hill, Beasley and Priest, from last season's Pack, and Guffrey from the 1930 varsity. Any one of these men can be used as signal callers and there are also such letter men as Young and Ambrose and the fresh Carney to be considered for that position. Parsons is the lone fullback hope to return, although Mitchell has several other aspirants in mind.

The men mentioned above represent practically all of the veterans who will return, but it can not be said that Mitchell will place them in the positions indicated. In fact, his system might call for an entirely different type of organization, with men placed accordingly.

With the application of the new system, Coach Mitchell will need the wholehearted cooperation of the entire Student Body. He will want to see a display of enthusiastic support at every game.

Virginia Garside, 'ex 32, has resumed her studies at the University of Nevada after a semester's absence. She has been associated with her father in his newspaper enterprises in southern Nevada.

Fred Wilson, a graduate with the class of '32, has secured a position on the staff of the Susanville Daily Reminder in Susanville, Calif.

Joseph Jackson, '32 and last year's editor of the Brush, is employed by the Reno Evening Gazette in Reno, Nev.

### 'Old Man of Campus' Visits Last Week

Lorean Pease, a member of the class of 1931, has been visiting on the Campus during the past week, and has again returned to San Francisco, his home.

Since leaving the University of Nevada, Pease has been actively engaged in musical work, having sung with the Hotel Mark Hopkins dance orchestra in San Francisco, and gone around the world as a musician on the President Garfield, a Dollar steamship. He returned from his latest sailing on July 19.

### Many New Students Expected to Sign For Fall Semester

#### Enrollment Figures Expected to Surpass Former Years

#### Depression Seemingly Causes More Grads and Undergrads to Continue

As large a registration as that of last year or larger is predicted for the University of Nevada for the fall semester as preparations are being made to provide educational facilities for the one thousand or more students who began registration proceedings this morning.

This was the surprising prediction made by close observers of national educational trends, in spite of the depression. It is believed that the university registration will exceed the 1052 mark set last year.

The swelling of enrollment has already been noticed in many of the large colleges throughout the country. It is believed to be due to the fact that many students who are without employment have decided to return to college.

Many students who have already completed their undergraduate work are returning to apply for entrance to the university with advanced standing. This is especially true in the engineering colleges. Young men who are unable to find business positions but who have financial support, will attend college.

Louise M. Sissa, registrar, stated yesterday that she had no way in which she could predict the University of Nevada enrollment for the term. Many students who intend to attend the university do not make application for admission during the summer months while others who do so sometimes do not enter.

Registration which began this morning at 8 o'clock will continue through this afternoon and tomorrow. Regular class work will begin Wednesday.

New students should report to the committee on Admission and Advanced Standing in the auditorium of the Education building. All new students should report to room 208 of the Mackay science hall for identification photographs.

### Manager Reports on Condition of Latest Year Book

#### Harold Taber Tells of Finances and Cost of Producing 1932's Edition

Finishing the executive duties of the 1932 edition of the Artemisia, Harold Taber, business manager, issued a summary of the business affairs of the last year's book in which he said that the issue was a financial success, and all bills have been wiped clean. The annual report of the condition of the Artemisia will be given the Finance Control Committee within the next few weeks.

The approximate cost of the book was \$7000. Approximately \$200 is still owed the 1932 business manager by local merchants, and when this sum is paid it will go toward the 1933 edition. Taber expresses the hope that these accounts will be cleared up in the near future so that they may have a clear record for the incoming Artemisia heads.

Due to the pressure in business the \$300 salary which is provided for in the A. S. U. N. constitution for the editor and business manager, was unable to be paid this year. However, several worthwhile discounts were taken advantage of in the prompt paying of bills, and this netted the Artemisia a saving of \$300, and from this saving \$100 was given the editor and business manager for their work.

Several uncalled for copies of last year's book are still in the Artemisia office, and these may be obtained by their respective owners by seeing either William Gilmarin or Sessions Wheeler, 1933 editor and business manager.

Registration for identification photographs. This must be done before registration can be approved.

Coupons for registration will be issued to former Engineering students in the museum of the Mackay school of mines.

All other former students will report to the following places:

Those whose names begin with A through C to 103 of the Education building; D through G to 105 of the Education building; H through L to 100 Agriculture building; M through O to 11 Agriculture building; R through S to 103 Hall of English, and T through

### Dickerson Chosen by College Humor

College Humor, the monthly humor magazine devoted to college life, and published by an eastern publishing house, has selected Denver Dickerson, a member of the Desert Wolf staff, as its representative on the Nevada Campus. Dickerson succeeds Harold Taber, 1932 business manager of the Artemisia.

The duties of the position consist of the gathering and writing any such news that might be of value to that magazine. Dickerson has asked that anyone wishing any material to be sent in to this publication to please get in touch with him at the Desert Wolf office in the Student Union Building.

Z to 106 Hall of English.

Junior and Senior Arts and Science students must register in room 201 of the Mackay science hall; Sophomore A and S students to room 227, Mackay science hall, and Freshman A. and S. students to room 215, Mackay science hall.

Engineering students are registered in the Mackay school of mines. Agricultural students must register in the dean's office in the Agriculture building. Education students register in the dean's office of the Education building.

The heads of the University departments may be found in rooms 221 to 222 of the Mackay science hall. Dean of Women Margaret E. Mack is to be found in room 201 of the Agriculture building, and Dean of Men R. C. Thompson in room 223, Mackay hall of science.

Students must go to the registrar in Morrill hall and then to the comptroller's office to pay fees after the deans have signed the registration coupons.

### Bob Merriman Has Fellowship at U. C.

Robert Hale Merriman, former business manager of the Sagebrush, and prominent student at the University of California, is now at the University of California, where he has secured a teaching fellowship in the department of business administration and economics.

Before leaving Merriman signified his intentions of trying for the Traveling Scholarship offered by the department of economics, which includes a trip around the world and work which is essential to a master's degree. In addition to teaching six hours of elementary economics Merriman will carry five hours of advanced economics and five hours of advanced accounting.

Mrs. Merriman, who will be remembered as the former Miss Marian Stone, also active on the campus, plans to join her husband about the first of

September. She also contemplates enrolling in graduate work in English and literature. The young couple were married on graduation day of this year.

Norman Blundell, '32, is associated with his father in the men's clothing business in Sparks, Nev.

# Freshman Teams Helped by New Far West Rule

### Yearling Football Team Expected To Be Best Yet

### Coach Chet Scranton Again Head Coach of Nevada Frosh

Expecting to produce the best freshman football aggregation which the University of Nevada has ever put on the gridiron, Chet Scranton, freshman mentor, will take over control of his men on September 10, it was announced yesterday.

The new ruling of the Far Western Athletic Conference which forbids freshmen playing on the varsity eleven is expected to be the reason for the big improvement in freshman athletics. All prospective varsity material will have to put in a year on the freshman team before entering intercollegiate competition.

An ambitious and difficult schedule is being worked up for the frosh. They are expected to hold the center of the stage when the varsity is engaged in games away from home with the coast colleges.

Feature game of the yearlings' season will be a tussle with the College of Pacific's young gridgers on Mackay field on October 17, the week before Homecoming day.

Las Vegas high school, state champions of last year, will play the freshmen here on November 5. Negotiations are being made with Ely for a game with that eleven at the eastern city. It is planned to make these games yearly home-and-home events.

Games will probably also be scheduled with Reno, Fallon and Lovelock high schools and Stewart Indian school. The date for the Western Nevada high school coaches' convention, which decides the dates of these games, has not been set.

Scranton will compose the entire coaching staff of the freshman aggregation again this year. He plans to use a system of play identical to that of "Buck" Mitchell's varsity. This is a new backfield formation invented by Mitchell which resembles those of "Pop" Warner of Stanford and the late Knute Rockne of Notre Dame.

Busey was a former member of the University of Nevada tennis team, as is "Sub" Green. Busey holds the state title at the present time.

## Sagebrush Tryouts Will Be Next Week

Staff tryouts for the Sagebrush, on both the editorial and business end of the publication, will be open to any member of the student body who desires to undertake the tryout period. A meeting of all those interested will be called during the early part of next week, when Kenneth Johnson and Charles Koerner, editor and business manager, will be able to meet with all newcomers. Secretaries will also be in demand, and a call from all publications, as well as the graduate manager's office, is expected to be made within the next week.

## Reno Garage Ball Team Bolstered by Former Grid Stars

### Beasley, Hill, Cashill and Ambrose All Figure in Every Win

Jack Threlkel, owner and manager of the Reno Garage Ball team, seems highly pleased with his team and their record for this season. They surpassed his wildest hopes.

The manager gives as one of the most important reasons for the success of his club the fact that the University of Nevada has supplied him with some of the best athletes he has ever coached.

Jack "Bowser" Hill, star University of Nevada halfback, has proven to be one of the best catchers that Threlkel has ever found. He has a good head and a strong throwing arm, the most important qualifications of a good catcher.

Bud Beasley, another Nevada backfield man, has been holding down the first sack on the Garage team with complete success. His speed and sureness is phenomenal. He is also on the top in hitting.

Playing his second year on the club, Tony Tesone, university student here, has been leading the hitters of the team with the highest batting average. He has startled the fans with sensational catches all season. Fern Ambrose is also playing the outfield for Threlkel, as has Tom Cashill. Both are University of Nevada men. Cashill

## State Tennis Meet Featured by Play of Former Students

### Busey, Bradshaw, Green and Sam Pay in Good Form

### Busey Favored to Retain Tennis Crown Won Last Year

With University of Nevada graduates, students and former students taking a leading part, the Nevada state tennis tournament is being held on the local tennis courts this week.

Flashing rallies and close matches featured the play in the early rounds held last week. Of the four highest seeded players, Douglas Busey, Jimmie "Rabbit" Bradshaw and George "Sub" Green are former members of the University of Nevada student body. They continued to play in top form during all of the early matches.

Frank Sam, University of Nevada

does the pinch hitting for the club and has come through in the tight places nearly every time.

Oscar Freitag and Harvey Reynolds are two former University of Nevada men who are on the team.

### Washoe County Title Guaranty Co.

Title Insurance Building

singles champion and member of the varsity tennis team, failed to get in form in time for the tourney and was dropped out in both the singles and doubles competition in the early rounds.

Irving J. Sandorf, assistant professor of electrical engineering, was eliminated with his partner in the early rounds of the doubles competition in a hard fought match. M. W. Deming, assistant professor of chemistry, and his partner were eliminated in a close match in the third round of play.

### Busey and Bradshaw Favored

Bradshaw and Busey appear to be the favorites to take the men's singles title this year, with Hoyt Martin a possible "dark horse."

Bradshaw, former all-American athlete from the University of Nevada, is here on a vacation from his duties as assistant coach to "Pop" Warner at Stanford University. He recently won the city championship when he easily defeated Hoyt Martin in the championship match.

Other men students of the university who competed are: Jess Brooks, F. Holdcamper, Monte Brown, Orison Miller, Jack Lukey, George Hunter and Bill McMenamin.

Freshmen who will enter the University this fall who competed in the

tourney are: Frank Goodner, seeded fifth, Morris Nelligan, L. Penido and Irvin Wanke.

The freshman football aspirants will take to the field at the same time as the varsity material. Suits will be issued to them by football manager, Rocco Fuhrman. Until September 10, training will consist of calisthenics and getting into shape for the hard grind of competition. The freshmen will practice on Mackay field again this year at the same time as the varsity men.

### TODAY'S 'BRUSH

With the help of a few hard workers on both the editorial and business staff, the Sagebrush is able to be published today in order to give the old and new students alike an opportunity to get the real swing of college life and show all that we are inter-dependent upon our college.

This four-page paper is absolutely a campus sheet and is a forerunner to the regular Friday afternoon edition which will, with the good grace of all concerned be distributed every week of the new university year.

Regular staff tryouts, both editorially and business, will commence Wednesday when a general staff meeting will be held at four o'clock in the new student union headquarters.

### HELLO

With a warm welcome from our university heads appearing in this issue, there is little room for any comment through these columns save the usual greeting that has made Nevada famous.

With a big year ahead and a united student body to work with, our deans, presidents and other active leaders have expressed their desire for cooperation and a willingness to help all students for the betterment of their individual needs.

### POLICY

Though no set policy will be inaugurated or followed through the first editions of the Sagebrush, the same trend of editorial policy will continue from last year and the general makeup of the 'Brush will remain as in former years.

It is the belief of the editor that the context and coverage of campus events will be more thoroughly handled than in former years, not because of any particular genius on the part of junior editors and staff members, but because the preparation and experience that most of the regular reporters and other staff members have had in conjunction with their work in the beginning and advanced journalism classes which have cooperated to the fullest extent with the Sagebrush for the past two years. Even a closer contact is hoped for between these two bodies this coming year.

### A NEW COLLEGE YEAR

With changes in faculty already noted today at registration, the returning of familiar faces and that every famous Nevada "hello" sounding throughout the campus, the 1932-33 college year begins with a fresh start and gives every promise of being a banner year.

Due to the generosity of our state legislature and work of many who are deeply interested in the best interests of Nevada, the A.S.U.N. has at its disposal a fine student headquarters in which are located offices of all the publications and lounging rooms, a long felt need that has been gratified and which is bound to be appreciated by the entire student body.

Other material improvements are noticeable about the campus with its beautiful surroundings and the entire university setting gives a feeling of contentment and a desire for self betterment when combined with the true spirit of Nevada is absolutely conducive to true loyalty to college, self, and country.

### ACTIVITIES

Through graduation a majority of Nevada's "activity" men were lost last May and these campus leaders' loss will be felt in most every student and school function. With the passing of these workers men and women of the class of '33, '34 and '35 are now called upon to take charge and to build up the class of '36 in order to provide for a continuation of that old-time Nevada maxim "Back the Pack" not only in athletics, but in every line of student endeavor.

### SOCIETY

**College Marriages Held This Year**  
 A number of unusually lovely summer weddings took place during the university vacation. Commencement Day was the date of the first college wedding of the summer, when Miss Marion Stone became the bride of Mr. Robert H. Merriman at an elaborate ceremony held at St. Stephen's Chapel. Mrs. Merriman is a member of the Gamma Phi Beta sorority, and Mr. Merriman is affiliated with the Sigma Nu fraternity. Both are graduates of the university with the class of 1932.

Another surprise wedding occurring this summer was announced when Raymond Poncia '33 and Lola Franklin of Orlando, Florida, were joined together in matrimony. Poncia is president of Sigma Alpha Epsilon. The couple spent their honeymoon in Los Angeles and attended the Olympic games.

Miss Dorothy Johns, popular graduate and member of the Delta Delta Delta sorority, and Mr. Julian Epperson, '32, Sigma Phi Sigma, were united in marriage at the Federated church during the summer. A reception was held at the Sigma Phi Sigma fraternity house following the ceremony. Mr. and Mrs. Epperson are now living in Reno.

Shortly after the close of the school year, Miss Betty Will became the bride of Mr. James Scragham, Jr., at a wedding held at the Scragham home on University Terrace. Mrs. Scragham belongs to the Delta Delta Delta sorority and Mr. Scragham is well known in Reno. The young couple reside on West Second Street in Reno.

Miss Partipilio and Mr. Dan Bledsoe, '33, were married in Reno. Bledsoe is one of the outstanding university athletes, having been a member of the Wolf Pack basketball team for several seasons. He is a member of Alpha Tau Omega. They are now making their home in Reno.

At an attractive home wedding in Berkeley, California, Miss Blanche Blair, '31, was married to Mr. Marcelle Tweet. Mrs. Tweet taught in the Ely schools last year, and during her university years was interested in campus activities. She is a Delta Delta Delta member. The couple will reside in Colorado.

Miss Mabel Mariani became the bride of Mr. Harold N. Brown at a church ceremony held August 15 in Reno. Their honeymoon was spent at Carmel, California. Mrs. Brown is a Nevada graduate and is affiliated with Phi Beta Phi. Mr. Brown is a member of the faculty of the department of education at the university.

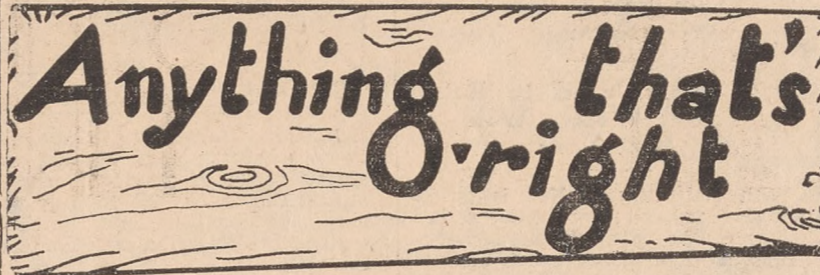

Carson City was the scene of the recent marriage of Miss Billie Burke, to Mr. Elliott Cann. Mrs. Cann completed her first year at the university this spring and is a Gamma Phi Beta. Mr. Cann is now in business in Virginia City but the couple plan to make their home in Reno in the fall.

Many friends attended the wedding of Miss Enid Porter to Mr. Chester Newell. After the ceremony a reception was held in the garden of the Porter home on Fifth street. The bride and bridegroom left on their honeymoon immediately afterward. They will live in Reno. Mrs. Newell belongs to the Delta Delta Delta sorority.

Chestley Hart '34 and Miss Lois Hansen of Reno also were married this summer.

Doris Delong, popular Reno girl, became the bride of Lowell Black, '34, at a recent ceremony.

**Autumn Nuptials Are Scheduled**  
 Among the coming weddings of in-

Bewildered frosh and dyed-in-the-wool Nevadans alike stop to wonder at the brilliant black and gold sign adorning the front of the Student Union building. It looks like a church sign-board—but all is not sacred that goes on within.

From the appearance of things on the campus there seems to be plenty of talent available for the first freshman women's skit for some seem to think that they are still on the farm from the way they romp about on the campus lawns. Moral: DO NOT CUT CAMPUS.

From all reports there were some very fine weddings this summer and

terest will be the marriage of Miss Lucie King of Milford, Cal., to Mr. Marvin Humphrey of Reno. The ceremony will take place at the home of the bride-elect's aunt in San Francisco September 19. The young couple will make their home at Mr. Humphrey's Sierra Valley ranch near Chilcoot. Miss King is a member of the Gamma Phi Beta sorority, and following her graduation from the university in May, 1931, she taught in the Fernley high school. Mr. Humphrey is the son of Mr. and Mrs. Frank Humphrey of Reno, and is affiliated with Sigma Alpha Epsilon.

The engagement of Miss Marchand Newman of Elko to Mr. Miles Nelson Pike of Reno was announced several days ago. Their marriage will take place at the Hotel Mark Hopkins in San Francisco on September 12. Mrs. Richard Kirman, Jr., will be matron of honor, and a classmate of Miss Newman. Miss Virginia Cousins of Hanford, will be bridesmaid. Miss Newman is a Delta Delta Delta member. Her fiancé attended the university, and is now practicing law in Reno.

### A. S. U. N. Social Hour to Continue

Prompted by popular demand of the students, it is planned to continue the A. S. U. N. social hours during the first part of the fall semester. The dances will be conducted much the same as last year, with a 10 cent admission fee for both men and women. In order to properly typify the idea connected with the social hours, they will be known during the coming collegiate year as Campus Digs. This term is popular in all of the larger Pacific Coast colleges and it is felt that its application here will lead to a thoroughly popular tradition. The first "Dig" will probably be held in the second week of school and will be featured by the best band obtainable on the Campus. Each dance will be entirely a school affair and any suggestions or ideas, that will lend interest to the affairs, will be given every consideration.

### Artemisia Hall Closed This Year

With present indications of a light enrollment of women students in evidence, Miss Margaret Mack, dean of women, has announced that Artemisia Hall will not be opened during the coming semester. "It is very improbable that Manzanita Hall will be crowded to the extent that opening of the newer dormitory for women will be necessary," said Miss Mack in commenting on the housing facilities for non-org women.

A Founders' Gate is to be built at the University of Hawaii. It has been proposed that the names of those persons who played an important role in the founding and building of the university and normal school be inscribed in the structure.

### Withers, Attorney Will Speak Here

Ted Withers, prominent Reno attorney and graduate of the University of Nevada, will give a short talk to the men who appear for the initial football sign-up for the 1932 season on September 1 at 4 p. m., it was announced yesterday by Fritz Coultrin, assistant coach. Coultrin, in behalf of Brick Mitchell, head coach, urges that every man interested in football report for the first sign-up. This year special cards have been printed which will allow the coaches to keep an accurate record of every man on the varsity and freshman teams.

**Announcements**

The Y. W. C. A. is entertaining the Freshman women students at their annual tea Thursday afternoon from four to six o'clock in Artemesia Hall. Entertainment, including a fashion show. Admission to students other than Freshmen is ten cents.

Students wishing to purchase second-hand books come to the Y. W. C. A. book shop in room 111 of the Agriculture building. A large assortment of used texts can be bought reasonably.

The Y. W. C. A. candy booth is open during class hours in the post office. Candy, Eskimo pies, and stationery are on sale.

There will be no Sagebrush sent through the mail for the next three weeks.
